Qualifications/Background

for Advisory Council on Aging and Disability Services

As a senior I am aware of the perception of seniors being “over the hill”, “out of the loop” or “not valuable”. I formed the company Silver Planet, Inc. in 2006 with my ideas for the needs of seniors, including reliable resources, the publication of “scam alerts”, and coverage of many diverse issues. This was at the time when everyone said “seniors do not use the internet”.

Silver Planet, Inc is a Washington State corporation with over 20,000 pages of proprietary information relating to the needs of older adults. As President, I am guiding the Company to change perceptions, introduce new technology and provide opportunities for this growing demographic.

I believe my experience in Silver Planet and my background in the financial and real estate industries can add to the many avenues the Advisory Council addresses throughout the year. I appreciate the opportunity to be involved.
