Lish Whitson Select Committee on the Comprehensive Plan September 24, 2025 D#1a

Amendment 68 Version 1 to CB 120993 OPCD Permanent State Zoning Compliance ORD

Sponsor: Councilmember Hollingsworth

Co-Sponsor: Councilmember Saka

Development Standard Waivers for Conversions

Effect: This amendment would authorize the SDCI Director to waive certain development standards for residential conversions in NR zones.

Amend Section 30 of Council Bill 120993, to amend Section 23.44.040 of the Seattle Municipal Code (SMC), as follows:

Section 30. A new Chapter 23.44 is added to the Seattle Municipal Code as follows:

Chapter 23.44 NEIGHBORHOOD RESIDENTIAL

* * *

23.44.040 General provisions

A. An exception from one specific standard does not relieve the applicant from compliance with any other standard.

B. Any structure occupied by a permitted principal use other than residential use may be converted to residential use even if the structure does not conform to the development standards for residential uses in the Neighborhood Residential zone.

C. Assisted living facilities, congregate residences, and structures containing ground floor commercial uses shall meet the development standards for stacked dwelling units unless otherwise specified.

- D. If more than one category of residential use is located on a lot, and if different development standards apply to the different categories of use, then each category's percentage of the total limit imposed by the development standard shall be calculated based on each category's percentage of total structure footprint area as follows:
- 1. Calculate the footprint, in square feet, for each category of residential use. For purposes of this calculation, "footprint" is defined as the horizontal area enclosed by the exterior walls of the structure.
- 2. Calculate the total square feet of the footprint of all categories of residential uses on the lot.
- 3. Divide the square footage of the footprint for each category of residential structure in subsection 23.44.040.D.1 by the total square feet of the footprint of all residential uses in subsection 23.44.040.D.2.
- 4. Multiply the percentage calculated in subsection 23.44.040.D.3 for each housing category by the area of the lot. The result is the area of the lot devoted to each housing category.
- 5. The total limit for each category of residential use is the applicable limit for that use multiplied by the percentage calculated in subsection 23.44.040.D.4.

E. As a Type I decision, the Director may waive or modify the standards of Sections 23.44.110, 23.44.130, 23.44.140, and 23.44.160 for the conversion of a residential structure within a development from one dwelling unit to two or more dwelling units. For the purposes of this subsection 23.44.040.E, conversion means keeping an existing residential structure intact without the addition of interior floor area.
