1. BILL SUMMARY

Legislation Title: A RESOLUTION approving interest rates set by the Seattle City Employees' Retirement System (SCERS) Board of Administration for 2023.

Summary and background of the Legislation:

Per Seattle Municipal Code 4.36.505.F, this resolution provides City Council approval of the 2023 interest rates on member contributions set by the SCERS Board of Administration.

Under the policy enacted by the SCERS Board, in 2023, contributions received on or before December 31, 2011 will earn 5.75% annual interest, compounded annually. Contributions received after that date will earn 2.20% interest, also compounded annually. The Board reviews and adjusts the post-2011 interest rates annually, based on a policy target of the average yield on 30-year U.S. Treasury Bonds for the immediately preceding June 1 to May 31 period.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ___ Yes ___ X No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ___ Yes ___ X No

Does the legislation have other financial impacts to the City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?

This legislation has no direct financial implications for City appropriations, revenues, or positions. Interest rates for 2023 will grow member contribution balances. Resulting impacts get estimated along with other factors in the retirement system's periodic actuarial valuations.

Is there financial cost or other impacts of *not* implementing the legislation?

The proposed change reflects an increase in market interest rates in the last year. Not implementing the legislation would not recognize the action taken by the SCERS Board of Administration or the practice of the last several years. Inaction would leave the rate at the 2022 level.
