### 1. Legislation Summary

**Department:** Mayor's Office

**Title:** An ordinance relating to closing public streets to maintain or enhance public safety; authorizing the Director of Transportation to close streets; and amending Section 11.16.125 of the Seattle Municipal Code.

**Background:** Section 11.16.125 of the Seattle Municipal Code currently allows the Director of Transportation to close public streets and alleys for specific reasons, including street maintenance, utility access, adjacent property construction, hazards or obstructions, and, for alleys, after consultation with the Chief of Police, to enhance public safety by preventing criminal activity.

The same rationale that allows the City to close alleys for public safety purposes may potentially apply to portions of City streets. This bill simply expands the authority in the SMC that applies to City alleys to also apply to City streets.
