** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title: A RESOLUTION granting conceptual approval to construct, maintain, and operate a permanent generator at Beach Drive Southwest, south of Benton Place Southwest, as proposed by King County, as part of the Alki Wet Weather Treatment Station Facility in the West Seattle neighborhood.

Summary and background of the Legislation: The legislation provides conceptual approval to King County to construct, maintain, and operate a permanent generator at Beach Drive Southwest, south of Benton Place Southwest.

The generator will function as a higher-capacity standby generator for both the Alki Wet Weather Treatment Station Facility and the 63rd Avenue Pump Station at 3535 Beach Drive Southwest. These facilities currently do not have full-time permanent back up power. The wet weather treatment station is a combined sewer overflow (CSO) facility that operates only after heavy rainfall, and the pump station sends flows to the Alki CSO in the event of heavy runoff.

After this resolution is adopted, a draft term permit ordinance specifying all of the permit conditions will be submitted to the City Council by SDOT.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ___ Yes X No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ___ Yes X No

Does the legislation have other financial impacts to The City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?
No.

Is there financial cost or other impacts of *not* implementing the legislation?

If the resolution is not adopted, the City would not receive an annual fee as a condition of the term permit ordinance.

4. OTHER IMPLICATIONS

- a. **Does this legislation affect any departments besides the originating department?**
No.
- b. **Is a public hearing required for this legislation?**
No.
- c. **Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?**
No.
- d. **Does this legislation affect a piece of property?**
Yes; the King County owned property at 3350 Beach Drive Southwest..
- e. **Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?**
There are no perceived implications on the principles of the Race and Social Justice Initiative.
- f. **Climate Change Implications**
- 1. Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?**
No.
 - 2. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.**
Yes, this project will provide standby power for the wastewater treatment plant and the pump station to be running within a minute of any utility power outage, allowing high flows to be pumped and avoiding uncontrolled combined sewer overflows. Climate change is increasing the intensity and frequency of storms, and the storm season appears to be getting longer. King County anticipates that their facilities will see higher flows more often as the years progress. Standby power will greatly reduce uncontrolled combined sewer overflows due to power outages.
- g. **If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s)?**
N/A
