  - Six of nine housing types (duplex, triplex, fourplex, fiveplex, sixplex, courtyard apartments, cottage housing, townhouses, stacked flats)
  - At least four units per lot
  - At least six units per lot if within 1/4-mile walking distance of a major transit stop **or** at if at least two units are affordable
- Design review for middle housing may only be administrative
- Middle housing development standards and permit review may not be more restrictive than those for single-family homes
- Parking may not be required within a half mile of a major transit stop
- **If changes are not adopted by June 30, 2025, state's Model Ordinance will go into effect**

# Neighborhood Residential Zones

- Residential Small Lot (RSL)
- Neighborhood Residential 3 (NR3)
- Neighborhood Residential 2 (NR2)

# General Approach

- Interim legislation only modifies those standards that:
  - Are addressed in the HB 1110 model ordinance; or
  - Are otherwise needed to comply with state law
- Where the State's Model Ordinance and proposed permanent legislation are generally similar, we use the specific standards proposed in the draft permanent legislation.
- Interim legislation is required to include:
  - Context and rationale for interim legislation
  - Length of time interim legislation would be in effect
  - Workplan to prepare permanent legislation
