

**IN THE MATTER OF THE REQUEST OF SWEDISH HEALTH SERVICES TO
FURTHER MODIFY THE GRANT OF APPROVAL FOR THE PETITION OF THE
VACATION OF THE ALLEY IN BLOCK 95, TERRY'S SECOND ADDITION, WITHIN
CITY COUNCIL DISTRICT 3, IN THE BLOCK BOUNDED BY COLUMBIA STREET,
MINOR AVENUE, CHERRY STREET, AND BOREN AVENUE**

**CLERK FILE 314304
CLERK FILE 314477
CLERK FILE 314550**

The City Council modifies its grant of approval of the Swedish Health Services petition contained in Clerk File 314304 approved August 8, 2016, and the extended approval as described in Clerk File 314477, so as to authorize vacation of:

**The alley lying within Block 95, Terry's Second Addition to the
City of Seattle, according to the Plat thereof recorded in Volume
1 of Plats, Page 87, Records of King County, Washington;
Containing an area of 3,841 square feet or 0.0882 Acres, more or
less; Situate in the City of Seattle, King County, Washington**

Clerk File 314550 is granted subject to the following:

The vacation is granted to allow the Petitioner to redevelop Block 95 substantially in conformance with the medical and support uses identified for the site in the Major Institution Master Plan for Swedish Medical Center First Hill Campus adopted by Ordinance 121965, such as the project presented to the City Council in August of 2016, and for no other purpose.

The vacation is granted upon the Petitioner meeting the following conditions, which are modified versions of the conditions contained in Clerk Files 314304 and 314477. The Petitioner shall demonstrate that all conditions imposed on the vacation by the City Council have been satisfied: all utility work relating to the vacation including easements or other agreements is completed; all public benefit elements have been provided; any other agreements or easements have been completed and recorded as necessary; the appraised value of the alley lands and all fees are paid, prior to the passage of the street vacation ordinance.

1. All street improvements shall be designed to City standards, as modified by these conditions to implement the Public Benefit requirements, and be reviewed and approved by the Seattle Department of Transportation; elements of the street improvement plan and required street improvements to be reviewed include:

Street improvement plan showing sidewalks, street trees, bike racks, street furniture, lighting, art or artist-made elements, and landscaping around the site and the off-site public benefit features, including but not limited to these specific elements:

- Marion to Madison sidewalk and plantings;
- Minor & Seneca curb bulbs, sidewalks, furnishings & plantings;
- University & Summit traffic circle;
- Boylston & Seneca curbs bulbs, sidewalk, furnishings, & plantings;
- Boylston & Marion curb bulbs & sidewalk;
- Broadway Avenue plantings;
- Wayfinding signs and street tree replacement;
- Public art in the ROW along the First Hill Mile;
- Columbia & Cherry expanded and enhanced pedestrian streetscape;
- Pedestrian controlled signal at Boren & Cherry; and
- Pedestrian controlled signal at Minor & James.

It is expected that construction of the street improvements listed in this section will occur pursuant to an SDOT-approved Street Improvement Permit and be completed in two years.

2. Any remaining utility issues shall be resolved to the full satisfaction of the affected utility prior to the approval of the final vacation ordinance. This may include easements, restrictive covenants, relocation agreements, or acquisition of the utilities, which shall be at the sole expense of the Petitioner. Utilities impacted may include:

- Seattle City Light;
- Seattle Public Utilities;
- Puget Sound Energy; and
- CenturyLink Communications.

Prior to the commencement of any development activity on the site, the Petitioner shall work with the affected utilities and provide for the protection of the utility facilities.

3. It is expected that development of the improvements listed in Condition 1 will commence within approximately 2 years after this approval and will be completed before the expiration of this conditional approval in 2029. The petitioner shall provide SDOT with quarterly reports, following Council approval of the vacation, providing updates on the redevelopment within the

Major Institution Master Plan, schedule, and progress on meeting the conditions of approval.

4. Completion of a development project on Block 95 is not a precondition to granting the Alley Vacation. The petitioner may seek a final ordinance granting the vacation after a Property Use Development Agreement, as described in condition 8, has been negotiated.
5. The Petitioner shall work with the City to develop an appropriate interim condition at the site, (e.g., graded, erosion controlled, and secured), and the Petitioner will install those interim improvements on the same timeframe as the construction of the street improvements listed in Condition 1. This interim condition shall be maintained by the Petitioner until redevelopment of the property occurs.
6. Access to the Block 95 property may include three access points, unless otherwise approved by SDCI or SDOT: two driveways on Cherry Street and one exit-only driveway on Columbia Street. Curb cuts associated with these access points will be constructed together with any development activity on the site, and their presence described in the Property Use and Development Agreement required by condition 8.
7. The Petitioner is a health care facility, for which maintaining a healing environment is paramount. In the context of maintaining the healing environment, free speech activities such as hand billing, signature gathering, and holding signs, all without obstructing access to the space, the building, or other adjacent amenity features, and without unreasonably interfering with the enjoyment of the space by others, shall be allowed within the vacation public benefit features; however, the Petitioner shall retain the right to preclude any such activities in the event they interfere with the provision of healthcare services in a healing environment. Members of the public may be asked to leave for conduct that unreasonably interferes with the enjoyment of the space by others or unreasonably interferes with the provision of healthcare services in a healing environment that includes but is not limited to, activities that create noise that interferes with patients' rest and recovery, and interfere with access to care including emergency care and physician services. Signage clearly identifying public access and allowed free speech activities is required at the public open space elements and shall require the review and approval of SDOT Street Vacations. Signage shall be consistent with signage provided for public amenity space, if any, on the site. Any violation of these conditions will be enforced through Chapter 15.90 of the Seattle Municipal Code.
8. The Petitioner shall develop and maintain the public benefit elements as defined by the City Council. A Property Use and Development Agreement (PUDA) shall be required to ensure that the public benefit elements remain open and accessible to the public 24 hours per day, with temporary closures permitted for reasons such as maintenance, safety, or private functions and to outline future maintenance obligations of the improvements. Signage shall be

provided as described in Condition 7. The final design of the public benefit elements shall require the review and approval of SDOT Street Vacations. SDOT may request additional review by the Design Commission of the implementation of the public benefit elements or the pedestrian enhancements, as necessary. Public benefit elements in the right-of-way require additional SIP review, street use permits and indemnification; public and private areas must be clearly distinguished and markers in the sidewalk shall be required. The public benefit requirements include the following features as well as corresponding development standards, including approximate square footage dimensions:

Block 95 Alley Vacation Proposal

Public Benefit Component	Description	Quantity	Estimated Cost¹
1 First Hill Mile	Sidewalk & pedestrian crossing improvements		\$1,300,000
	• Marion to Madison sidewalk and plantings	4,800 SF
