

Strengthening American Indian and Alaska Native Data with SPD and Resolution 31900

Christina Diego (Nimiipuu/Diné), MPA, MSW

Policy Program Director

christinad@sihb.org

Shannen Keene, MS

Research Manager, Urban Indian Health Institute

shannenk@sihb.org

Progress & the work ahead

- Public awareness and consultation
- Best practices for data collection, analysis, and sharing
- Training and technical assistance

Recommendations

- Ensure race and ethnicity are being captured accurately.
- Collect self-identified race(s) and ethnicity of Indigenous people.
- Collect tribal affiliation when appropriate and in Tribal Consultation and Urban Confer.
- Conduct a forensic review of MMIP cases.
- Develop a codebook to support data elements.
- Train law enforcement on best practices for data collection and cultural humility.

Thank you!
