Amendment #5 to Council Bill 118402

**Sponsor: CM Burgess** 

**Select Committee on Transportation Funding** 

Spending Breakdown - Insert a new Attachment A: Spending Breakdown with Local, Levy, Leverage

and Total planned spending

Section 1. Definitions. As used in this ordinance, the following words when capitalized

have the following meanings:

"City" means The City of Seattle.

"Director" means the Director of Finance.

"Levy Proceeds" means that portion of regular property taxes levied and collected as

authorized by voter approval pursuant to this ordinance that are above the growth limit on levies

in RCW 84.55.010, and all interest and other earnings thereon, and, if the City issues bonds,

notes, interfund loans, or other evidences of indebtedness payable wholly or in part from the

additional taxes authorized under this ordinance, as permitted by Section 4 of this ordinance,

then Levy Proceeds also includes the proceeds of those bonds, notes, interfund loans, or other

evidences of indebtedness.

"Spending Breakdown" means the categories and elements included as Attachment A to

this ordinance.

"Transportation Improvements" means the categories and program areas referred to in

Section 6, with such modifications as the City may from time to time authorize by ordinance.

Section 6. Transportation Improvements. Transportation improvements will occur in

four categories: safety, interconnectivity, affordability, and vibrancy. The projects and program

Page 1 of 7

areas listed under the categories below are representative of the activities that will be undertaken within each.

## 1. Safety

- a. Bridges & Structures
  - i. Bridge and Structures Maintenance
  - ii. Bridge Seismic Improvements
  - iii. Bridge Replacement
- b. Vision Zero
  - i. Safety Corridors
  - ii. Safe Routes to School
  - iii. Signs and Markings
  - iv. Transportation Operations
- c. Pedestrian and Bicycle Safety
  - i. Sidewalk Repair
  - ii. Protected Bicycle Facilities & Neighborhood Greenways

#### 2. Affordability

- a. Street Maintenance
  - i. Arterial Roadway Maintenance
  - ii. Paving Spot Improvements

# 3. Interconnectivity

- a. Pedestrian and Bicycle Infrastructure Improvements
  - i. Curb Ramps and Crossing Improvements
  - ii. New Sidewalks
- b. Light Rail Partnership Improvements
- c. Corridor Mobility Improvements
  - i. Multimodal Improvements
    - ii. Transit—Speed and Reliability Improvements & Bus Rapid Transit
    - iii. Signal Maintenance & Optimization
    - iv. Intelligent Transportation Systems (ITS)

#### 4. Vibrancy

- a. Neighborhood Projects
- b. Tree Trimming and Planting
- c. Drainage Partnerships
- d. Freight Mobility Improvements
  - i. Spot Improvements
  - ii. Partnership Improvements Lander Street Overpass
  - iii. Heavy Haul Network E Marginal Way

The Spending Breakdown (Attachment A) provides additional information about the anticipated deliverables, anticipated spending amounts, and the anticipated revenue sources.

Both the Spending Breakdown and the program elements described in this section These programs are illustrative examples. In the annual City budget or by separate ordinance, the City shall from year-to-year determine the Transportation Improvements and funding allocations that will most effectively achieve the Levy goals and outcomes. Within a budget year the City is authorized to reallocate unexpended and unencumbered funds from one core strategy to another by making operating budget transfers consistent with Seattle Municipal Code 5.08.020.

## **Attachment A: Spending Breakdown**

# Transportation Levy to Move Seattle

Revised Levy Proposal Spending Breakdown – Additional Detail Updated May 12, 2015

The Seattle Department of Transportation anticipates spending the following cumulative amounts in the following project and program areas over the 9 years of the levy, with annual appropriations to be set through the City budget every year. The Local category is estimated based on City of Seattle appropriations in the 2015 budget. Local includes General Subfund, gas tax, Real Estate Excise Tax, and other City revenues. Leverage is estimated and includes other non-levy funding expected to be secured to complete the deliverable under each project or program area. Leverage includes a mix of state and federal grants, public and private partner contributions, and other revenues. Deliverables noted below are based on Total planned spending; and for each element, Total is the sum of the three categories: Local, Levy Investment, and Leverage.

|   | Levy         |            |          |               |
|---|--------------|------------|----------|---------------|
| Category  | Local        | Investment | Leverage | Total         |
| Safe City   |              |            |          |               |
| Eliminate serious and fatal crashes and reduce the                  |              |            |          |               |
| risk of people being injured through failing                        |              |            |          |               |
| infrastructure  | \$153M       | \$321M     | \$108M   | \$582M        |
| Vision Zero – Implement program to eliminate                        |              |            |          |               |
| serious and fatal crashes   | \$113M       | \$71M      | \$17M    | \$201M        |
| Safety Corridors: Complete 12 – 15 corridor                         |              |            |          |               |
| safety projects, improving safety for all                           |              |            |          |               |
| travelers on our highest-crash streets                              | <u>\$6M</u>  | \$23M      | \$3M     | <u>\$31M</u>  |
| <ul> <li>Safe Routes to School: Complete 9 – 12 Safe</li> </ul>     |              |            |          |               |
| Routes to School projects each year along with                      |              |            |          |               |
| safety education, improving walking and biking                      |              |            |          |               |
| safety at every public school in Seattle                            | <u>\$34</u>  | \$7M       | \$7M     | <u>\$48M</u>  |
