

CITY OF SEATTLE
ORDINANCE _____

COUNCIL BILL _____

1
2
3
4 AN ORDINANCE relating to the Seattle Shoreline Master Program; amending the Seattle
5 Comprehensive Plan provisions in the Shoreline District; amending Sections 23.60A.020,
6 23.60A.066, 23.60A.090, 23.60A.152, 23.60A.154, 23.60A.156, 23.60A.157,
7 23.60A.164, 23.60A.167, 23.60A.172, 23.60A.187, 23.60A.190, 23.60A.193,
8 23.60A.200, 23.60A.202, 23.60A.204, 23.60A.206, 23.60A.214, 23.60A.215,
9 23.60A.217, 23.60A.224, 23.60A.240, 23.60A.252, 23.60A.282, 23.60A.294,
10 23.60A.310, 23.60A.382, 23.60A.384, 23.60A.386, 23.60A.388, 23.60A.390,
11 23.60A.392, 23.60A.394, 23.60A.402, 23.60A.410, 23.60A.442, 23.60A.446,
12 23.60A.450, 23.60A.460, 23.60A.482, 23.60A.484, 23.60A.486, 23.60A.490,
13 23.60A.502, 23.60A.504, 23.60A.506, 23.60A.508, 23.60A.510, 23.60A.512,
14 23.60A.540, 23.60A.575, 23.60A.578, 23.60A.902, 23.60A.906, 23.60A.908,
15 23.60A.912, 23.60A.914, 23.60A.916, 23.60A.918, 23.60A.924, 23.60A.926,
16 23.60A.928, 23.60A.930, 23.60A.934, 23.60A.936, 23.60A.938, 23.60A.942,
17 23.60A.944, 23.60A.958, 23.60A.970, 23.72.006, 23.91.002 of the Shoreline Master
18 Program Regulations of the SMC, adding new Sections 23.60A.155, 23.60A.159,
19 23.60A.203, 23.60A.383, 23.60A.483, 23.60A.503 and repealing Sections 23.60A.092 of
20 the Shoreline Master Program Regulations; amending Section 25.09.020 of the
21 environmentally critical areas regulations, and adding a new Section 25.09.016 to the
22 environmentally critical areas regulations of the Seattle Municipal Code.

23 WHEREAS the State of Washington has mandated that all local jurisdictions update their
24 Shoreline Master Programs pursuant to the Shoreline Management Act; and

25 WHEREAS the City Council adopted Ordinance 124105 to comply with the State mandate,
26 subject to approval by the Washington State Department of Ecology (DOE); and

27 WHEREAS, on June 5, 2014, DOE identified recommended and required changes to the
28 Shoreline Master Program as adopted in Ordinance 124105; and

WHEREAS, this ordinance includes all of the changes identified by DOE and additional changes
proposed by the City; and

WHEREAS, in designating critical areas in the Shoreline District the City has considered the
science and technical information described in Washington Administrative Code Section
173-26-201(2)(a); and

1 WHEREAS the proposed amendments further the City's interest in protecting the public health,
2 safety, and welfare; NOW, THEREFORE,

3 **BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:**

4 Section 1. The Seattle Comprehensive Plan, last amended by Ordinance 124458, is
5 amended as follows:

6 **C-4 Shorelines**

7 * * *

8 **shoreline protection and restoration**

9 * * *

10 **LU255** Avoid development in areas identified as special wildlife or priority saltwater or fresh
11 water habitat unless no feasible alternative locations exist except for a water-dependent use or
12 water-related use that has a functional requirement for a location over water and is located in
13 saltwater habitat that is priority habitat solely due to its use by anadromous fish for migration,
14 if the((and the new)) development((is designed to)) mitigates impacts to achieve no net loss of
15 ecological function.

16 * * *

17 **LU258** Consider the Lower Duwamish Watershed Habitat Restoration Plan (Weiner, K.S. and
18 Clark, J.A. 1996),~~(;)~~ the Port of Seattle Lower Duwamish River Habitat Restoration Plan, the
19 Final Lower Duwamish River NRDA Restoration Plan and Programmatic Environmental
20 Impact Statement, ((and))the WRIA 8 Chinook Salmon Conservation Plan and
21 implementation documents, and WRIA 9 Salmon Habitat Plan and implementation documents
22 when conducting planning, permitting, mitigation, and restoration activities within the
23 Duwamish/Green River and Cedar River watersheds.

24 * * *

25 **shoreline economic development**

26 * * *

1 **LU270** Identify and designate appropriate land for water-dependent business and industrial
2 uses as follows:

3 1. Cargo Handling Facilities:

4 a. Reserve space in deep water areas with adequate vessel maneuvering areas to
5 permit the Port of Seattle and other marine industries to remain competitive with other ports.

6 b. Work with the Port of Seattle to develop a long-range port plan in order to
7 provide predictability for property owners and private industry in the Duwamish and in Elliott
8 Bay.

9 2. Tug ~~((&))~~and Barge Facilities: Retain Seattle’s role as the Gateway to Alaska and
10 ensure ample area is designated for uses that serve Puget Sound and Pacific trade.

11 3. Shipbuilding, Boat Building, ~~and((&))~~ Repairs: Maintain a critical mass of facilities
12 in Seattle in order to meet the needs of the diverse fleets that visit or have a home port in
13 Seattle, including fishing, transport, recreation, and military vessels.

14 4. Moorage: Meet the long-term and transient needs of ships and boats, including
15 fishing, transport, recreation, and military. Support long-term moorage in sheltered areas close
16 to services, and short-term moorage in more open areas. Support the efficient use of
17 Fishermen’s Terminal, Shilshole Bay Marina, and other public moorage facilities. Protect
18 commercial and recreational moorage from displacement by encouraging the full use of
19 submerged lands for recreational moorage in areas less suited for commercial moorage and less
20 sensitive to environmental degradation. Require large recreational marinas to provide some
21 commercial transient moorage as part of their facilities.

22 * * *

23 **height in the shoreline district**

24 **LU319** The 35-foot height limit provided in the Shoreline Management Act shall be the
25 standard for maximum height in the Seattle Shoreline District. Exceptions in the development
26
27

1 standards of a shoreline environment may be made consistent with the Act and with underlying
2 zoning and special districts where:

3 1. a greater height will decrease the impact of the development on the ecological
4 condition;

5 2. a greater height will not obstruct views from public trails and viewpoints;

6 3. a greater height will not obstruct shoreline views from a substantial number of
7 residences(;) on areas adjoining the “shorelines of the state” as defined in RCW
8 90.58.030(1)(g) that are in Seattle and will serve a beneficial public interest; or

9 4. greater height is necessary for bridges, or equipment of water-dependent or water-
10 related uses, or manufacturing uses.

11 **LU320** Heights lower than 35 feet:

12 1. shall be the standard for structures over water; and

13 2. where a reduced height is warranted because of the underlying residential zone; or

14 3. where a reduced height is warranted because public views or the views of a substantial
15 number of residences on areas adjoining the “shorelines of the state” as defined in RCW
16 90.58.030(1)(g) that are in Seattle could be blocked.

17 * * *

18 Section 2. Section 23.60A.020 of the Seattle Municipal Code, as enacted by Ordinance
19 124105, is amended as follows:

20 **23.60A.020 Permits and exemptions**

21 * * *

22 C. Exemptions. The following substantial developments are exempt from obtaining a
23 shoreline substantial development permit from the Director:

24 * * *

25 2. Construction of a “normal protective bulkhead” common to single-family
26 residences. A "normal protective bulkhead" means those structural and nonstructural

1 developments installed at or near, and parallel to, the ~~((ordinary high water))~~ OHW mark for the
2 sole purpose of protecting an existing single-family residence and appurtenant structures from
3 loss or damage by erosion. Construction of a normal protective bulkhead or repair is exempt if:

4 * * *

5 ~~((17. Temporary development of four weeks or fewer if the development:~~

6 a. ~~Does not remove any native vegetation;~~

7 b. ~~Does not remove any trees greater than 6 inches DBH;~~

8 c. ~~Does not include the erection of a permanent structure; and~~

9 d. ~~Does not cause or contribute to permanent adverse impacts to~~

10 ~~ecological functions and mitigates any temporary adverse impacts to ecological function~~
11 ~~including impacts caused by overwater structures.))~~

12 ~~((18))~~17. Development on that portion of land that is brought under shoreline
13 jurisdiction due to a lawful shoreline restoration project creating a landward shift in the OHW
14 mark, except when substantial development is proposed that would be partly on such land and
15 partly on other land within the Shoreline District.

16 * * *

17 E. If a use is allowed, allowed as a special use, or allowed as a conditional use and either
18 the use is limited to a maximum percentage of development or the use is required to be on a site
19 containing a minimum percentage of another use, the permit issued shall identify the specific
20 uses and gross floor areas of each use that is relied upon to meet the applicable use percentage
21 requirements.

22 Section 3. Section 23.60A.066 of the Seattle Municipal Code, as enacted by Ordinance
23 124105, is amended as follows:

24 **23.60A.066 Procedure and criteria for ~~((Optional Plan Shoreline Permits))~~determining**
25 **feasible alternative locations**

26 A. Optional Plan Shoreline Permits

1 1. If a utility service use, utility line, or sewage treatment plant is allowed in the
2 Shoreline District after a determination that no ((reasonable))feasible alternative location exists,
3 the applicant may request the determination whether such alternative exists be made as part of
4 the project-specific permit application or as an independent shoreline permit decision prior to
5 submission of an application for a project-specific shoreline permit for the development. This
6 latter determination is called a "Plan Shoreline Permit" decision.

7 * * *

8 D. Criteria for Decision. The decision whether no feasible alternative location exists((as
9 ~~to the reasonableness of alternatives~~)) shall be based upon the Shoreline Policies in the Seattle
10 Comprehensive Plan and upon the Shoreline Management Act, as amended, and a full
11 consideration ((~~of the~~))shall be given to balancing environmental, social, and economic impacts
12 on the community.

13 * * *

14 F. Project-specific shoreline substantial development permits relying on a Plan Shoreline
15 Permit. An application for substantial development that is allowed in the Shoreline District after
16 a determination that no ((reasonable))feasible alternative location ((~~alternative~~))exists and that
17 relies upon a Plan Shoreline Permit may be approved if it complies with the provisions of this
18 Chapter 23.60A, including mitigation sequencing, and is in substantial conformance with the
19 Plan Shoreline Permit. Substantial conformance includes, but is not limited to, a determination
20 that all of the following standards have been met:

21 * * *

22 Section 4. Section 23.60A.090 of the Seattle Municipal Code, as enacted by Ordinance
23 124105, is amended as follows:

24 **Subchapter III: General Provisions**

25 **Part 1 Use Standards**

26 **23.60A.090 Identification of principal and accessory uses**

1 A. In all shoreline environments all uses on waterfront lots are prohibited over water as a
2 principal or accessory use unless the use is allowed or allowed as a special use, a shoreline
3 conditional use, or a Council conditional use in the shoreline environment where the use is
4 proposed and the use is:

5 1. Boat moorage, off-loading goods from boats, dry((-))docks, swimming
6 platforms, uses on vessels authorized under Sections 23.60A.214 and 23.60A.215, or other use
7 components that by their nature require an over water location to operate;

8 2. Railroad, rail transit, streets, bridges, and tunnels that reasonably need to cross
9 water that is regulated in this Chapter 23.60A; ((ø))

10 3. Floating home moorages, floating homes, and floating on-water residences
11 authorized under Section 23.60A.202 and 23.60A.203; or

12 4. Allowed, allowed as a special use, allowed as a shoreline conditional use, or
13 allowed as a Council conditional use as a use ((overwater))over water in the specific regulations
14 for the type of use or for the shoreline environment.

15 * * *

16 Section 5. Section 23.60A.092 of the Seattle Municipal Code, as enacted by Ordinance
17 124105 and that currently reads as follows, is repealed:

18 ~~((23.60A.092 Temporary development, shoreline modifications and uses~~

19 ~~A. Development, shoreline modification limited to floats, and uses that will occur for~~
20 ~~four weeks or less may be exempt from obtaining a shoreline substantial development permit as~~
21 ~~provided in Section 23.60A.020; developments that are exempt shall comply with the Shoreline~~
22 ~~Management Act and the standards and provisions of this Chapter 23.60A.~~

23 ~~B. Development or Uses for Up to Six Months~~

24 ~~1. The Director may approve a permit for a development, shoreline modification~~
25 ~~or use for a time period of up to six months if the development, shoreline modification, or use~~

1 ~~complies with the standards and provisions of this Chapter 23.60A, except as provided in~~
2 ~~subsection 23.60A.092.B.2, and the following standards:~~

- 3 ~~a. Does not include the erection of a permanent structure;~~
- 4 ~~b. Does not cause or contribute to permanent adverse impacts to~~
5 ~~ecological functions and mitigates any temporary adverse impacts to ecological function;~~
- 6 ~~c. Does not remove or harm native vegetation; and~~
- 7 ~~d. If new impervious surface is created, this surface is removed and~~
8 ~~planted with native vegetation at the end of the temporary use.~~

9 ~~2. If no reasonable alternative exists, in approving a temporary development or~~
10 ~~use the Director may allow:~~

- 11 ~~a. Views to be blocked;~~
- 12 ~~b. Public access to be blocked for a period of up to three months; and~~
- 13 ~~c. Development within the shoreline setback but farther than 15 feet from~~
14 ~~the OHW mark.~~

15 ~~C. Temporary development, floats, or uses shall not interrupt any legally established~~
16 ~~permanent use of a property.))~~

17 Section 6. Section 23.60A.152 of the Seattle Municipal Code, as enacted by Ordinance
18 124105, is amended as follows:

19 **23.60A.152 General development**

20 * * *

21 I. All shoreline developments, shoreline modifications, and uses shall be located,
22 designed, constructed, operated, and managed to: protect the quality and quantity of surface and
23 ground water on and adjacent to the development lot by using best management practices as
24 follows:

1 report to affected tribes and the Washington State Department of Archaeology and Historic
2 Preservation. After consultation with these tribes and agencies, the archaeologist shall provide a
3 final report that includes any recommendations from affected tribes and the Washington State
4 Department of Archaeology and Historic Preservation on avoidance or mitigation of the
5 proposed project's impacts. The Director shall condition project approval based on the final
6 report from the archaeologist to avoid, minimize, and mitigate impacts to the site consistent with
7 federal and state law.

8 C. If any archaeological resources are uncovered during the proposed
9 work((~~excavation~~)), work shall be stopped immediately, and the applicant shall notify the City,
10 affected tribes, and the Washington State Department of Archeology and Historic Preservation.
11 The applicant shall submit a site inspection and evaluation report by a qualified professional
12 archaeologist, approved by the City, that identifies all possible valuable archaeological data and
13 makes recommendations on how to handle the data properly. When the report is prepared, the
14 applicant shall notify affected tribes and the Washington State Department of Archaeology and
15 Historic Preservation and provide them with copies of the report.

16 * * *

17 Section 8. A new Section 23.60A.155 is added to the Seattle Municipal Code as follows:

18 **23.60A.155 Best management practices for over-water uses and structures**

19 A. In addition to the provisions in Section 23.60A.152 and the standards set out in
20 Subchapter III of this Chapter 23.60A, owners, operators, and tenants of floating homes, floating
21 on-water residences, house barges, and vessels shall use best management practices to minimize
22 impacts on the aquatic environment. The best management practices include, but are not limited
23 to, the following:

24 1. If lawfully not connected to the City's waste-water disposal system, eliminate
25 sewage discharge by:

1 a. holding sewage and conveying sewage discharge to an approved
2 disposal facility using a pump out station, a pump out service, or other appropriate method, such
3 as a port-a-potty or similar device and disposing the sewage at a facility that is connected to the
4 City's waste-water disposal system; or

5 b. directly connecting and discharging sewage to the City's waste-water
6 disposal system;

7 2. Limit the amount of gray water produced by minimizing water use and by
8 using on shore facilities to the fullest extent reasonable;

9 3. Dispose of garbage, food scraps, and other compostable material, waste
10 material, and recyclables into the appropriate on-land receptacles;

11 4. Use non-toxic, phosphate-free, and biodegradable cleaners and other
12 household products if they drain into the water from the interior of a vessel, house barge, floating
13 on-water residence, floating home, or other structure;

14 5. Use non-hazardous and non-toxic products and material for outside areas and
15 on the exterior of a vessel, house barge, floating on-water residence, floating home, or other
16 structure to the fullest extent reasonable;

17 6. Use a double containment system or other method to collect any spills of
18 hazardous and/or toxic products when using these products to prevent them from entering the
19 water;

20 7. Do not leave hazardous or toxic material in open containers unattended in
21 areas that can drain into the water;

22 8. Do not use herbicides, pesticides, or fertilizers, except as allowed in subsection
23 23.60A.190.J.2;

24 9. Use non-toxic building material for exterior areas to the fullest extent
25 reasonable; see subsection 23.60A.152.K; and

1 10. Store all outside materials, such as chairs, barbeque grills, and potted plants,
2 in a secure manner so that they do not enter the water because of wind or wave action.

3 B. The Director by Director's Rule may establish alternative best management practices
4 to implement the requirements of Section 23.60A.155 or may add or clarify best management
5 practices to minimize impacts on the aquatic environment based on the science and technical
6 information described in WAC 173-26-201(2)(a) and consistent with RCW 90.58.270(5) and
7 90.58.270(6). The Director shall consult with the Floating Homes Association, Lake Union
8 Liveaboard Association, and affected stakeholders concerning interpretation and enforcement of
9 best management practices when adopting a rule.

10 Section 9. Section 23.60A.156 of the Seattle Municipal Code, was enacted by Ordinance
11 124447, is amended as follows:

12 **23.60A.156 Standards for environmentally critical areas in the Shoreline District**

13 A. All development, shoreline modifications, and uses shall protect environmentally
14 critical areas located in the Shoreline District by complying with the standards and procedures in
15 this Section 23.60A.156, in addition to the provisions of this Chapter 23.60A.

16 B. Applicable regulations((:))

17 1. Environmentally critical areas within the Shoreline District. Chapter 25.09, as
18 set out in Ordinance 122050 and amended by Ordinances 122370, 122738, 124105, 124447, and
19 by this ordinance introduced as C.B. ((117913)) _____, is incorporated by reference into this
20 Chapter 23.60A ~~((with respect to the shorelines))~~ and applies to environmentally critical areas
21 within the Shoreline District. The designations, standards, and procedures in Chapter 25.09 are
22 modified as set out in subsections 23.60A.156.C and 23.60A.156.E through
23 23.60A.156.Q((N)) for environmentally critical areas in the Shoreline District. If there are any
24 conflicts between the standards and procedures in Chapter 25.09 incorporated into this Chapter
25 23.60A and other provisions of the Shoreline Master Program, the requirements most protective
26
27
28

1 of ecological functions apply, except when preempted by federal or state law or where this
2 Shoreline Master Program expressly states that these regulations do not apply.

3 2. Environmentally critical areas that are outside the Shoreline District are
4 regulated in Chapter 25.09.

5 C. ~~((Critical Areas are designated as set out in Section 25.09.020, as amended by this~~
6 ~~Ordinances and are located as set out in Section 25.09.030.))~~Environmentally critical areas
7 designation and location

8 1. Environmentally critical areas within the Shoreline District are geologic hazard
9 areas, steep slope areas, flood-prone areas, wetlands, fish and wildlife habitat areas, and
10 abandoned landfills, all as designated in Section 25.09.020.

11 2. Environmentally critical areas are located as follows:

12 a. Areas designated in Section 25.09.020 are geographically located
13 pursuant to Section 25.09.030, except for priority habitat areas and shoreline setbacks, which are
14 geographically located pursuant to subsection 25.09.020.D.6 and Sections 23.60A.160 and
15 23.60A.167.

16 b. ~~((Identification of w))~~Wetlands and delineation of their boundaries
17 pursuant to this Chapter 25.09 shall be done in accordance with the approved federal wetland
18 delineation manual and applicable regional supplements in lieu of the "Washington State
19 Wetlands Identification and Delineation Manual" as adopted by Ecology (Publication #96-94).

20 * * *

21 G. In applying the designation of flood-prone areas in subsection 25.09.020.B, areas of
22 special flood hazard in Section 25.06.030 shall be determined using the Flood Insurance Rate
23 Maps that accompany the Flood Insurance Study for King County, Washington and incorporated
24 areas, dated May 16, 1995. ~~((Development standards for flood-prone areas. Development in~~
25 flood-prone areas shall comply with the standards set out in Section 25.09.100.))

26 * * *

1 J. Development standards for fish and wildlife habitat areas

2 1. ~~((P))~~Riparian corridors. If access is allowed within the Shoreline District over a
3 watercourse in a riparian corridor under subsection 25.09.200.A.2.a, the Director shall require
4 mitigation of impacts to ecological function, including the associated hyporheic zone, pursuant to
5 Section 23.60A.158.

6 2. Priority habitat areas and shoreline setbacks that are designated critical areas in
7 subsection 25.09.020.D.6 are regulated as set out in Sections 23.60A.160 and 23.60A.167 and
8 this Chapter 23.60A, the Shoreline Master Program, and not by Chapter 25.09, Environmentally
9 Critical Areas. Other types of environmentally critical areas, such as geologic hazard areas and
10 wetlands, that are located within priority habitat areas or within a shoreline setback that is
11 designated a critical area are regulated by the standards applicable to that type of critical area
12 under this Section 23.60A.156.

13 * * *

14 N. Vegetation management within environmentally critical areas shall comply with
15 Section 23.60A.190, and Section 25.09.320 and subsection 25.090.060.L do((es)) not apply in
16 the Shoreline District. In the Shoreline District critical area standards that require compliance
17 with Section 25.09.320 or subsection 25.090.060.L shall be construed to require compliance with
18 Section 23.60A.190.

19 * * *

20 Section 10. Section 23.60A.157 of the Seattle Municipal Code, as enacted by Ordinance
21 124105, is amended as follows:

22 **23.60A.157 Essential ~~((P))~~public ~~((F))~~facilities**

23 A. Uses, accessory uses, temporary uses, and shoreline modifications comprising
24 essential public facilities defined in Section 23.84A.010 may be located in the Shoreline District
25 in compliance with this Chapter 23.60A.

1 B. If a proposed essential public facility includes a use or shoreline modification that is
2 prohibited in the shoreline environment where it is proposed, that use or shoreline modification
3 is allowed if it is infeasible to locate it outside the Shoreline District. The use or shoreline
4 modification shall comply with all applicable use and shoreline modification standards and with
5 the development standards in this Chapter 23.60A, including standards in Section 23.60A.158 for
6 mitigation sequencing, and shall mitigate all adverse impacts to water-dependent and water-
7 related uses. If shoreline modification or use is nonwater-oriented, ecological restoration
8 equivalent to the gross floor area of the new nonwater-oriented use shall be provided pursuant to
9 Section 23.60A.159((within the same geographic area as the project)).

10 * * *

11 Section 11. A new Section 23.60A.159 is added to the Seattle Municipal Code as follows:

12 **23.60A.159 Standards for ecological restoration location and ecological mitigation location**

13 A. Priority for the location of ecological restoration in relation to the action that is
14 requiring the ecological restoration shall be in the following order:

- 15 1. Within the same geographic area as the action;
- 16 2. Within the same type of water (i.e. fresh water or marine water);
- 17 3. Within the City of Seattle;
- 18 4. Within the same watershed;
- 19 5. Within a different watershed.

20 B. Priority for the location of ecological mitigation in relation to the action that requires
21 ecological mitigation for Step E of Mitigation Sequencing pursuant to Section 23.60A.158 shall
22 be in the following order and the lower priority restoration location shall be allowed only if it
23 benefits the same population of aquatic species that is negatively impacted and the higher
24 priority location is infeasible:

- 25 1. At the development site;
- 26 2. Within the same geographic area as the action;

3. Within the same type of water (i.e. fresh water or marine water as the action);
4. Within the City of Seattle.
5. Within the same watershed.

Section 12. Section 23.60A.164 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.164 Standards for regulated public access

* * *

H. All regulated public access points shall be provided through an easement, covenant, or similar legal agreement recorded with the King County Recorder's Office except for public access on publicly controlled land.

* * *

Section 13. Section 23.60A.167 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.167 Standards for shoreline setbacks

* * *

E. All development, shoreline modifications, and uses allowed in the shoreline setback shall address the following when applying mitigation sequencing, to the greatest extent applicable and reasonable for the allowed use:

* * *

6. When native vegetation is proposed to meet the requirements of subsection 23.60A.158.B.1.e (Step E), prioritize planting this vegetation as close to OHW as possible, and secondly adjacent to existing vegetation where possible without altering existing structures or established uses.

* * *

Section 14. Section 23.60A.172 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 4 Standards Applicable to Shoreline Modifications

23.60A.172 Applicable standards for shoreline modifications

A. All shoreline modifications are subject to the standards set out in Subchapter III of this Chapter 23.60A.

B. Any proposed shoreline modification located on state-owned aquatic lands must provide evidence of notification to DNR prior to obtaining authorization from the Director.

C. All shoreline modifications are prohibited except as allowed, allowed as a special use, or allowed as a shoreline conditional use in this Section 23.60A.172 and Table A for 23.60A.172. If Table A for 23.60A.172 lists a shoreline modification in association with a specific use or other shoreline modification, that use or shoreline modification must be allowed, allowed as a special use, or allowed as a shoreline conditional use in the shoreline environment for which the shoreline modification is proposed.

Section 15. Section 23.60A.187 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.187 Standards for piers and floats and overwater structures

* * *

B. Owners of piers and floats shall require moorage users at residential or non-residential moorage to use best management practices set out in Section 23.60A.155 to minimize impacts on the aquatic environment. The Director may establish appropriate best management practices to implement the requirements of this subsection 23.60A.187.B by Director’s Rule. ~~(The best management practices include the following:~~

- ~~1. Using on vessels non-toxic cleaners and other products that drain into the water;~~

- ~~2. Limiting the amount of gray water produced by minimizing water use;~~
- ~~3. Disposing of sewage at pump-out stations or through a pump-out service;~~
- ~~4. Disposing of garbage, food scraps, waste material and recyclables into the appropriate on-land receptacles;~~
- ~~5. Storing all outside materials in a secure manner so that they do not enter the water because of wind or wave action;~~
- ~~6. Not using herbicides, pesticides or fertilizers; and~~
- ~~7. Using a double containment system when using products on the vessel to contain any spills in the second receptacle and prevent the products from entering the water.))~~

C. Piers and floats for residential development

* * *

9. Size and number of overwater structures

* * *

d. Over((-)water projections, boat lifts, and areas used for boat moorage shall be located no closer than 30 feet from the OHW mark unless located in an area where the water depth is at least 8 feet deep at the ordinary low water level~~((OHW mark))~~ in freshwater or mean lower low water (MLLW) in marine water~~((or ordinary low water))~~.

e. Length of ((P))piers. Piers shall meet the following standards:

1) No pier shall extend waterward from the OHW mark more than to a point where the depth of the water at the end of the pier reaches 8 feet below the elevation of the ordinary low water level~~((OHW))~~ in freshwater or below MLLW in marine waters and no greater than 100 feet from the OHW mark in either fresh or salt water.

~~((2) If the water depth at 100 feet waterward from the OHW mark is less than 6 feet below the elevation of OHW in freshwater or below MLLW in marine water, then the maximum pier length shall be to a point where the water depth at the end of the pier is 6~~

1 feet below the elevation of OHW in freshwater or MLLW in marine water or 150 feet, whichever
2 length is least.))

3 ((3))2) No pier shall extend beyond the Outer Harbor or Pierhead
4 Line, except in Lake Union where piers are not allowed to extend beyond the Construction Limit
5 Line as shown upon the Official Land Use Map, Chapter 23.32, or except where authorized by
6 this Chapter 23.60A and by DNR and the U.S. Army Corps of Engineers.

7 * * *

8 Section 16. Section 23.60A.190 of the Seattle Municipal Code, as enacted by Ordinance
9 124105, is amended as follows:

10 **23.60A.190 Standards for vegetation and impervious surface management**

11 * * *

12 D. Shoreline District landward of the OHW mark. Vegetation and impervious surface
13 management activities are prohibited within the portion of the Shoreline District that is landward
14 of the OHW mark, both within and outside the shoreline setback, except as follows or as
15 otherwise provided in this Section 23.60A.190:

16 * * *

17 4. Permits authorizing development, shoreline modifications and uses may
18 authorize disturbance areas and land clearing using mitigation sequencing set forth in Section
19 23.60A.158 and complying with the following standards:

20 a. Any surface disturbed or cleared of vegetation and not to be used for
21 development shall be planted with native vegetation, except that pre-disturbance landscaped
22 areas containing non-native vegetation located farther than 100 feet from the OHW((outside the
23 shoreline setback)) may be re-landscaped using non-native, noninvasive vegetation;

24 * * *

25 H. Mitigation for vegetation alteration and increase in impervious surface. If vegetation
26 is lawfully altered or removed other than as allowed in subsections 23.60A.190.D.1,

1 23.60A.190.E.1, and 23.60A.190.F.1 or if there is an increase in impervious surface that is
2 required for work authorized pursuant to this Chapter 23.60A, adverse impacts to ecological
3 functions shall be addressed as follows:

4 * * *

5 3. In applying mitigation sequencing the following actions are required to offset
6 impacts of vegetation and impervious surface management, unless the applicant demonstrates the
7 action is inapplicable, infeasible, or a different approach will be more effective in mitigating
8 impacts.

9 * * *

10 f. Maintenance is required to ensure 80 percent survival of the new
11 vegetation planted at the end of five years.

12 I. Vegetation monitoring is required for ~~((any))~~vegetation planted~~((ing))~~ within the
13 Shoreline District that requires submittal of an application under this Section 23.60A.190 and for
14 projects that required a shoreline substantial development permit or a building permit. If
15 vegetation monitoring is required, a monitoring plan shall be submitted to the Department for
16 approval, and the plan~~((The monitoring plans))~~ shall include:

17 1. Five years of monitoring that ensures ~~((eighty))~~ 80 percent survival of the new
18 vegetation planted at the end of five years;

19 2. Annual inspections of the plants;

20 3. Replacement of failed plants;

21 4. Removal of exotic invasive species that may have become established; and

22 5. Photographic documentation of planting success.

23 J. Application of pesticides, herbicides and fertilizers in the Shoreline District

24 1. Application of pesticides~~((,))~~ and herbicides is prohibited within the Shoreline
25 District, ~~((and fertilizers farther than 50 feet from the OHW mark is allowed without submitting~~
26 an application if best management practices, are followed,)) except as provided in subsection

1 ~~((23.60A.190.J.2))~~23.60A.190.J.2. The Director shall adopt a rule identifying best management
2 practices including identifying pesticides, herbicides, and fertilizers that are prohibited due to
3 impacts on ecological functions, using appropriate scientific and technical information as
4 described in WAC 173-26-201(2)(a).

5 2. Application of pesticides and herbicides~~((fertilizers))~~ is prohibited in and over
6 wetlands, riparian watercourses, and other water bodies and within ~~((50))~~200 feet of wetlands,
7 riparian watercourses, and other water bodies and waterward of the OHW mark of riparian
8 watercourses and other water bodies, except as provided in subsection 23.60A.190.C.2.b.4 or as
9 allowed by the Director for the following circumstances and if the allowed pesticide or herbicide
10 application is done by a licensed applicator:

11 a. The state or local Health Department recommends or directs their use
12 to address a threat to public health;

13 b. A county, state, or federal agency with jurisdiction directs their use for
14 control of a state listed noxious weed or plant pests covered by the Washington State Department
15 of Agriculture plant pest program, and non-chemical alternatives have been evaluated;

16 c. If the Director determines the applicant has demonstrated that the use
17 of pesticides will have no adverse impact to fish and wildlife. Such a determination may be in the
18 form of concurring that the applicant has developed best management practices or an integrated
19 pest management plan consistent with standards developed by the Director;

20 d. If the Director has determined that use of a pesticide to control invasive
21 plants would have less overall adverse environmental impact than other control strategies; or

22 e. If the Director determines there is a serious threat to public safety,
23 health, or the environment.

24 3. Application of synthetic fertilizers is prohibited within the Shoreline District.

25 Application of organic fertilizers shall follow best management practices for use of fertilizers
26 within 200 feet of water bodies, including limiting the use of fertilizers, hand mixing the
27

1 fertilizer with ingredients that do not dissolve quickly, and using composted dry grass clippings,
2 leaves, and saw dust as fertilizer.

3 Section 17. Section 23.60A.193 of the Seattle Municipal Code, as enacted by Ordinance
4 124105, is amended as follows:

5 **23.60A.193 Standards for agriculture**

6 A. In shoreline environments where agriculture is allowed or allowed as a special use or
7 a shoreline conditional use it shall comply with the standards for agriculture in this Section
8 23.60A.193.

9 B. Agricultural uses proposed on land not currently in agricultural use shall not remove
10 native vegetation; and

11 C. Agricultural uses shall be sited in areas that result in the least disturbance to
12 ecological functions.

13 Section 18. Section 23.60A.200 of the Seattle Municipal Code, as enacted by Ordinance
14 124105, is amended as follows:

15 **23.60A.200 Standards for marinas, commercial and recreational**

16 * * *

17 B. General standards. When new marinas are established or when substantial
18 development occurs at an existing marina the following development standards apply:

19 1. Marina operators shall develop a best management practices (BMPs) document
20 for marina tenants. This document shall, at a minimum, address the requirements of Section
21 23.60A.155 and subsection((s)) 23.60A.200.B.((2))3((through B.5 of Section 23.60A.200)).

22 Moorage agreements shall include the BMPs document and a section in the document that states
23 that by signing the moorage agreement the tenant has read and agrees to comply with the BMPs.

24 2. ~~((Marina owners shall require owners and operators of vessels moored in~~
25 ~~recreational marinas or commercial marinas shall use BMPs to minimize impacts on the aquatic~~
26 ~~environment. The BMPs include the following:~~

- 1 a. ~~Using non-toxic cleaners and other products used on vessels that drain~~
2 ~~into the water;~~
3 b. ~~Limiting the amount of gray water produced by minimizing water use;~~
4 c. ~~Disposing of sewage at pump-out stations or through a pump-out~~
5 ~~service;~~
6 d. ~~Disposing of garbage, food scraps, waste material and recyclables into~~
7 ~~the appropriate on-land receptacles;~~
8 e. ~~Storing all outside materials in a secure manner so that they do not~~
9 ~~enter the water because of wind or wave action;~~
10 f. ~~Not using herbicides, pesticides or fertilizers; and~~
11 g. ~~Using a double containment system when using products on the vessel~~
12 ~~to contain any spills in the second receptacle and prevent the products from entering the water.~~

13 3--))Marinas shall be operated and managed in a manner to preserve water quality
14 pursuant to Title 22, subchapter VIII, Stormwater Code, and to protect the public health. The
15 Director shall adopt a rule establishing model BMPs based on Department of Ecology's
16 Resource Manual for Pollution Prevention in Marinas May 1998, Revised 2009 Publication
17 #9811 as a minimum standard.

18 3((4)). Non-commercial slip-side vessel and floating on-water residence
19 maintenance is limited to:

20 a. Interior vessel and floating on-water residence repair and cleaning,
21 replacement of running gear, and other cleaning and repair activities excluding hull scraping and
22 painting, which is prohibited.

23 b. Twenty-five percent of the exterior of the vessel and floating on-water
24 residence above the deck at any one time; exterior work involving paint, varnish, and other toxic
25 substances below the deck is prohibited. The Director may establish appropriate BMPs based on
26
27
28

1 Department of Ecology's Resource Manual for Pollution Prevention in Marinas May 1998,
2 Revised 2009 Publication #9811 in a Director's Rule.

3 4((5)). Marinas shall provide restrooms connected to the sewer system for use by
4 any patron of the marina facility. At a minimum, the facilities are required to include one toilet
5 and one washbasin. The Director shall determine the need for additional facilities to provide
6 reasonable hygiene based on the number of slips, percentage of live-aboard and floating on-water
7 residences slips, and the number of transient moorage slips within the marina.

8 5((6)). Marinas having either more than 3,500 linear feet of moorage or slips
9 large enough to accommodate vessels and floating on-water residences larger than 20 feet in
10 length shall provide a sewage pump-out facility or the best available method of disposing of
11 sewage wastes.

12 6((7)). In Lake Washington and the Puget Sound overwater projections, boat lifts,
13 and areas used for vessel and floating on-water residence moorage shall be located a minimum
14 distance of 30 feet waterward from the OHW mark or in a minimum water depth of 8 feet,
15 whichever is less to the extent reasonable. In Lake Union and Portage Bay overwater projections,
16 boat lifts, and areas used for vessel and floating on-water residence moorage shall be located a
17 minimum distance of 15 feet waterward from the OHW mark or in a minimum water depth of 8
18 feet, whichever is less to the extent reasonable.

19 7((8)). Marinas shall be designed to prevent water stagnation and the need for
20 dredging by creating two openings at the opposite ends so that water and sediment moves
21 through the marina to the extent reasonable.

22 8((9)). Piers shall be oriented with currents or prevailing winds to prevent
23 trapping surface debris and oily residue to the extent reasonable.

24 9((10)). Standards for piers and floats are provided in Section 23.60A.187.

25 * * *

26 D. Additional general development standards for new recreational marinas
27
28

1 1. Public access for new recreational marinas is required as follows:

2 * * *

3 e. Public access is required at publicly owned marinas but no
4 ~~((E))~~ easement~~((s are not))~~ is required for publicly owned marinas.

5 * * *

6 F. Commercial and recreational marinas may provide moorage for vessels used as live-
7 aboard vessels and floating on-water residences if the marina meets the following standards, in
8 addition to the general development standards in subsections 23.60A.200.A through
9 23.60A.200.D:

10 1. The live-aboard ~~((vessel))~~ is the type of vessel or floating on-water residence
11 allowed to be moored at the commercial or recreational marina; and

12 2. The marina provides shower facilities connected to a sanitary sewer that are
13 adequate to provide good hygiene for the live-aboard residents and floating on-water residents
14 based on~~((to serve))~~ the number of live-aboard vessels and floating on-water residences moored
15 at the marina.

16 Section 19. Section 23.60A.202 of the Seattle Municipal Code, as enacted by Ordinance
17 124105, is amended as follows:

18 **23.60A.202 Standards for ~~((F))~~ floating homes and floating home moorages**

19 A. Floating homes allowed and prohibited

20 1. Floating homes are allowed if they meet the standards ~~((either))~~ in subsections
21 23.60A.202.A.1.a and 23.60A.202.A.1.b ~~((or in subsection 23.60.202.A.1.e))~~:

22 a. The floating home is:

23 1) Legally established or has a building permit on the effective
24 date of this ordinance; or

1 2) Replaces a floating home legally established on the effective
2 date of this ordinance and in compliance with subsection 23.60A.202.D.5 and the standards of
3 this Section 23.60A.202; and

4 b. Occupies a floating home moorage that is legally established on the
5 effective date of this ordinance, except as allowed under subsection 23.60A.202.B.2; ((or

6 ~~e. The floating home complies with the standards of subsection~~
7 ~~23.60A.202.D and occupies a floating home moorage that was established prior to January 1,~~
8 ~~2011, and was not fully occupied on the effective date of this ordinance.)~~)

9 2. Floating homes that do not meet the standards of subsection 23.60A.202.A.1
10 are prohibited.

11 B. Standards for floating home moorages and sites

12 1. Moorage Location

13 a. Every floating home moorage shall be located on privately owned or
14 privately controlled premises. Floating home moorages are prohibited from being located in any
15 waterway or fairway or in the public waters of any street or street end, except as provided in
16 subsections 23.60A.202.B.1.b(~~, 23.60A.202.B.1.e, 23.60A.202.B.1.d and~~) through
17 23.60A.202.B.1.e.

18 b. Floating home moorages that were located in public waters or any
19 street or street end on January 1, 1974, or on property later dedicated to the City for street
20 purposes are allowed if they:

- 21 1) Have continuously existed in such locations;
 - 22 2) Comply with all the provisions of this Chapter 23.60A;
 - 23 3) Are authorized by a use and occupancy permit approved by the
24 Director of Transportation; and
 - 25 4) Are not moved from its existing ((~~site~~))location.
- 26
27
28

1 c. Floating homes may not relocate to that portion of a floating home
2 moorage occupying waters owned or controlled by the City or occupying any street or street ends
3 existing on the effective date of this ordinance, or on property later dedicated to the City for
4 street purposes, but floating homes that legally protrude into a submerged street right-of-way as
5 of the effective date of this ordinance may relocate within the floating home moorage portion of
6 that right-of-way or exchange places with another floating home within the floating home
7 moorage portion of that right-of-way if:

8 1) The amount of protrusion into the right-of-way is not increased;

9 and

10 2) The new location does not cause an increase in impairment of
11 public access or navigation.

12 d. Floating home moorages are allowed to be located in Portage Bay in a
13 submerged street segment lying generally parallel to the shoreline that terminates on the north
14 and on the south in a submerged street area if the same person owns or leases the property
15 abutting on both sides.

16 e. Floating home moorages existing as of January 1, 1974, are allowed to
17 be located partially on private property and partially in submerged portions of Fairview Avenue
18 East lying generally parallel to the shoreline, if the occupant of the floating home owns or leases
19 the private portion of the floating home site and has obtained a long-term permit from the City to
20 occupy the abutting street area.

21 2. New floating home moorages and sites

22 a. A new floating home moorage or a new floating home site at an
23 existing floating home moorage is allowed in the UR Environment if:

24 1) The floating home moorage or site will be used to
25 accommodate a floating home moored in a floating home moorage lawfully existing on the
26 effective date of this ordinance;

1 2) It is located in Lake Union or Portage Bay; and

2 3) It complies with the standards in this Section 23.60A.202.

3 b. A new floating home moorage or a new floating home site at an
4 existing floating home moorage is allowed in the UC Environment if:

5 1) The floating home moorage or site is necessary to
6 accommodate a floating home moored in a floating home moorage lawfully existing on the
7 effective date of this ordinance that is unable to continue to moor in that floating home moorage
8 for the reasons set out in subsections 7.20.040.E((, F, G)) through 7.20.040.H((of Section
9 7.20.040)));

10 2) It is located in Lake Union or Portage Bay;

11 3) The floating home moorage ~~((or site-))~~ is added to a recreational
12 marina~~((,))~~ or a commercial marina, or a new floating home site is added to a floating home
13 moorage existing as of ((December 31, 1987))the effective date of this ordinance;

14 4) If the floating home moorage is to be located within a
15 recreational marina or commercial marina, the marina has no more than ~~((two))~~ five existing
16 floating home sites at the marina;

17 5) No more than ~~((two such))~~ five floating home moorages or sites
18 may be added to any marina or floating home moorage in the UC Environment after April 1,
19 1987; and

20 6) ~~((It))~~ The new floating home moorage or site complies with the
21 standards in this Section 23.60A.202~~((,))~~, except that there are no parking or minimum floating
22 home site area requirements, and modifications to the setback and float separation requirements
23 are allowed throughout the moorage to the minimum extent necessary and consistent with
24 Residential and Fire Code requirements.

25 c. Total water coverage, including all floating home moorage walkways,
26 in the new floating home moorage or in the expanded portion of the existing floating home
27
28

1 moorage shall not occupy more than 45 percent of the submerged area, including the floating
2 home.

3 d. Each new floating home site in a new or expanded floating home
4 moorage shall meet the following standards:

5 1) The area for a floating home site is a minimum of 2,000 square
6 feet;

7 2) Floating home sites shall have sufficient dimensions to
8 accommodate a floating home meeting the standards of subsection 23.60A.202.D;

9 3) Floating home sites shall be configured so that a floating home
10 cannot extend beyond the waterward end of the pier;

11 4) Floating home sites shall not be located within 15 feet of the
12 OHW mark;

13 5) Floating home sites shall have direct access to a pier of not less
14 than 5 feet of unobstructed width that is accessible from a street; and

15 6) Floating home sites shall have at least 20 feet of frontage on
16 water continuously open to navigation.

17 e. A new floating home moorage or site established for a floating home
18 that is unable to continue mooring in a floating home moorage lawfully existing as of the
19 effective date of this ordinance for the reasons set out in subsections 7.20.040.E, 7.20.040.F,
20 7.20.040.G, or 7.20.010.H~~((of Section 7.20.040))~~ “Safe Harbor”, is not required to comply with
21 parking or minimum floating home site area requirements, and modifications to the setback and
22 float separation requirements are allowed throughout the moorage, to the minimum extent
23 necessary to accommodate relocated floating homes, and consistent with Residential and Fire
24 Code requirements.

25 3. Existing floating home moorages and sites
26
27
28

1 a. Total water coverage of floating home moorages, including all piers,
2 shall not be increased above 45 percent of the submerged area or the currently existing coverage,
3 whichever is greater, including the floating home, except as provided in subsection
4 23.60A.202.B.3.e;

5 b. The area of an existing floating home site shall not be reduced below
6 2,000 square feet or the currently existing area, whichever is less, except as provided in
7 subsection 23.60A.B.3.e;

8 c. Existing floating home sites shall not be expanded in a manner that will
9 result in the blockage of the view from the waterward end of a pier; and

10 d. Existing floating home moorages shall not be reconfigured and existing
11 floating homes shall not be relocated within a floating home moorage site unless the standards of
12 this Section 23.60A.202 are met, ~~((or the Director determines that the standards cannot be met at~~
13 ~~the site and the reconfiguration or relocation will result in improved ecological functions))~~ except
14 as provided in subsection 23.60A.202.B.3.e.

15 e. If a legally established floating home is displaced for any of the reasons
16 set out in subsection 7.20.040.E, 7.20.040.F, 7.20.040.G, or 7.20.010.H “Safe Harbor”, an
17 existing floating home moorage and its sites may be reconfigured to accommodate up to five
18 displaced floating homes as follows:

19 1) New parking is not required;

20 2) The area of reconfigured floating home sites shall not be
21 reduced below 2,000 square feet or the currently existing area, whichever is less, to the extent
22 practicable;

23 3) Modifications to the limits on total water coverage are allowed,
24 to the minimum extent necessary, to accommodate the displaced floating homes;

25 4) All reconfigured floating home sites shall meet the standards
26 for new floating home sites set forth in subsections 23.60A.202.B.2.d.2 through
27

1 23.60A.202.B.2.d.6, except that modifications to the setback and float separation requirements
2 are allowed throughout the moorage, to the minimum extent necessary, and consistent with
3 Residential and Fire Code requirements; and

4 5) The reconfiguration shall not result in the blockage of the view
5 from the waterward end of a pier.

6 4. Floating home moorages shall not provide moorage to floating homes that do
7 not display a registration number issued under subsection 23.60A.202.G.

8 * * *

9 D. Standards for floating homes

10 * * *

11 5. A floating home may be rebuilt, replaced, repaired, or remodeled consistent
12 with the following standards and subsection 23.60A.202.D.6, if applicable:

13 a. The float area or over((-)water coverage of the floating home is not
14 increased, including cantilevered portions that extend beyond the edge of the float.

15 b. No portion of any addition to a floating home exceeds:

16 1) 18 feet in height, as measured from the main deck or 3 feet
17 above the surface of the water, whichever is lower, or

18 2) if current height as measured from the main deck or 3 feet
19 above the surface of the water, whichever is lower, ((#))is above 18 feet, does not exceed its
20 current height, but the height cannot exceed 21 feet as measured from the main deck or 3 feet
21 above the surface of the water, whichever is lower, except to the minimum extent necessary to
22 satisfy the provisions of the Building Code for open railings, chimneys, and mechanical vents.
23 Open railings are limited to 36 inches in height.

24 * * *

1 h. Unenclosed Styrofoam or similar material that has the potential to
2 break apart is prohibited for use in new floats or for repairing or replacing all or parts of existing
3 floats or for other purposes that would allow the broken pieces to enter the water.

4 * * *

5 E. Owners and tenants of floating homes shall use best management practices pursuant
6 to Section 23.60A.155.~~((to minimize impacts on the aquatic environment. Best management~~
7 ~~practices include, but are not limited to, the following:~~

8 1. ~~Disposing of garbage, food scraps, waste material and recyclables into the~~
9 ~~appropriate on-land receptacles;~~

10 2. ~~Securing all outside furniture, barbecue grills, plant containers and other~~
11 ~~material to ensure these items do not enter the water because of wind or wave action;~~

12 3. ~~Using non-toxic building material in exterior areas;~~

13 4. ~~Using non-toxic cleaning and other household products in outside areas and on~~
14 ~~exterior structures;~~

15 5. ~~Not using herbicides, pesticides or fertilizers in outside areas or on the exterior~~
16 ~~of the structure; and~~

17 6. ~~Using a double containment system when using toxic liquid products on decks~~
18 ~~and other areas exposed to the outside to contain any spills in the second receptacle to prevent~~
19 ~~these products from entering the water.))~~

20 * * *

21 G. Registration numbers for floating homes((-))

22 1. The owner of each floating home that is allowed under subsection
23 23.60A.202.A is required to obtain from the Director a registration number within six months of
24 the effective date of this ordinance and to pay a one-time fee established by the Director to
25 recover the reasonable costs of the program for issuing registration numbers. The Director shall
26 determine whether a floating home meets the standard in subsection 23.60A.202.A before
27

1 issuing a registration number. The owner shall display the registration number on the landward
2 side of the floating home in numbers at least 3 inches high in a location legible from the pier, or
3 if public access to the pier is not available then on a side visible from the water.

4 * * *

5 3. If an owner disputes the Director's denial of registration of a floating home,
6 the owner may appeal the Director's determination to the hearing examiner, in conformance with
7 the hearing examiner rules, within 30 days of date the Director's determination was mailed. The
8 appeal shall be conducted de novo, and the City shall have the burden of showing by a
9 preponderance of the evidence that the decision of the Director was correct. Nothing in this
10 Section 23.60A.202 precludes the City from enforcing this code under Chapter 23.90 if there is
11 no timely appeal to the hearing examiner or following a decision of the hearing examiner
12 upholding the City's denial of floating home registration.

13 * * *

14 H. A determination by the City that a use or structure is legally established or lawfully
15 existing does not mean that a use or structure is or was in compliance with other state or federal
16 requirements or that a use or structure on waters managed by the Washington State Department
17 of Natural Resources is "legally established" or "lawfully existing" with respect to DNR.

18 Section 20. A new Section 23.60A.203 is added to the Seattle Municipal Code as follows:

19 **23.60A.203 Standards for floating on-water residences**

20 A. Uses

21 1. Floating structures that contain dwelling units and vessels that contain
22 dwelling units shall be regulated as floating homes pursuant to Section 23.60A.202, with the
23 exception of floating on-water residences that comply with this Section 23.60A.203, house
24 barges that comply with Section 23.60A.204, residences allowed under Section 23.60A.206, and
25 vessels that comply with Section 23.60A.214.

1 2. Locating other uses on floating on-water residences authorized pursuant to this
2 Section 23.60A.203 is prohibited.

3 B. For purposes of this Chapter 23.60A, a floating on-water residence is allowed only if
4 it:

5 1. Was legally established as a floating on-water residence prior to July 1, 2014;
6 to be legally established it must have been used as a dwelling unit within the City prior to July 1,
7 2014.

8 2. Was moored pursuant to a lease or ownership interest at a marina, as defined
9 by Section 23.60A.926, within the City prior to July 1, 2014.

10 C. Maintenance and repair, remodeling, relocation, expansion, rebuilding, and
11 replacement

12 1. Floating on-water residences legally established pursuant to subsection
13 23.60A.203.D are regulated as a conforming use, and relocation, repair and maintenance,
14 remodeling, expansion, and replacement are allowed subject to the following standards:

15 a. Normal maintenance and repair, as defined in subsection
16 23.60A.020.C.1, is allowed, and replacement is not considered the common method of repair for
17 this type of structure.

18 b. Remodeling is limited to the interior and to changing the siding or
19 architectural features on the exterior of the existing structure, except that exterior open railings
20 may be added as part of a remodel as allowed in subsection 23.60A.203.C.1.c.

21 c. Open railings may be added around existing exterior spaces and stairs
22 to access these spaces, but if the top of the railing exceeds the height limits in subsection
23 23.60A.203.C.1.e, the maximum height of the railing is 36 inches.

24 d. Relocation is allowed, and owners should update the floating on-water
25 residence verification within 60 days.

26 e. Expansion is allowed provided that:

1 1) The height of the structure including any addition shall not
2 exceed 18 feet if the current height of a floating on-water residence is 18 feet or lower, measured
3 from the main deck or 3 feet above the surface of the water, whichever is lower;

4 2) The height of the structure including any addition shall not
5 exceed the current height if the current height of a floating on-water residence is more than 18
6 feet but less than 21 feet, measured from the main deck or 3 feet above the surface of the water,
7 whichever is lower;

8 3) The height of the structure including any addition shall not
9 exceed 21 feet if the current height of a floating on-water residence is 21 feet or more, measured
10 from the main deck or 3 feet above the surface of the water, whichever is lower; and

11 4) No expansion of overwater coverage is allowed, except a single
12 expansion at or below the surface of the water may occur as follows:

13 a) The applicant provides documentation demonstrating
14 that the expansion is the minimum necessary to provide stability as certified by a naval architect
15 to correct stability problems for the structural size and configuration that existed before July 1,
16 2014, and the area of such expansion shall not be used for any purpose other than to provide
17 stability; and

18 b) If an expansion is allowed under subsection
19 23.60A.203.C.1.e.4.a, no other expansion is allowed below, at, or above the waterline for any
20 purpose.

21 5) If the total expansion over the life of the structure exceeds 120
22 square feet, gray-water containment or a waste-water hookup that disposes the gray water to the
23 City's waste-water disposal system is required.

24 f. Replacement to the same size and configuration as established in the
25 verification issued pursuant to subsection 23.60A.203.D, as it may be updated, is allowed, and a
26
27
28

1 verified structure is not considered nonconforming even though it may exceed the height limits
2 for additions in subsection 23.60A.203.C.1.e.

3 g. Replacement with expansion shall comply with the standards in
4 subsection 23.60A.203.C.1.e, including the requirement that expansions greater than 120 square
5 feet shall provide gray-water containment or a waste-water hookup that disposes the gray water
6 to the City's waste-water disposal system.

7 2. When an owner of a floating on-water residence intends to expand, rebuild, or
8 replace the structure, prior to beginning any work:

9 a. The owner/applicant shall have or obtain the verification required in
10 23.60A.203.D;

11 b. The owner/applicant shall present information to the Director
12 demonstrating that the floating on-water residence will comply with subsections
13 23.60A.203.C.1.e, 23.60A.203.C.1.f, and 23.60A.203.C.1.g, as applicable;

14 c. The owner/applicant shall demonstrate any expansion will not create
15 future stability problems for the floating on-water residence; and

16 d. The owner/applicant shall update the verification records under
17 subsection 23.60A.203.D based on changes made to the floating on-water residence.

18 D. Verification of a floating on-water residence

19 1. Each floating on-water residence shall be verified by the Director, and the
20 owner shall pay a one-time fee to receive a verification number plate. The fee shall be
21 established by the Director to recover the reasonable costs of the program for issuing verification
22 number plates. Owners of a floating on-water residence allowed pursuant to subsection
23 23.60A.203.B may apply to the Director for verification or may wait until the Director asks for
24 verification information. If a floating on-water residence is not verified, the Director may require
25 the owner to submit verification information and pay the required fee.

1 2. Verification shall constitute legal establishment of a floating on-water
2 residence pursuant to the requirements of subsection 23.60A.203.B and the definition of floating
3 on-water residence in Section 23.60A.912.

4 3. A house barge authorized under Section 23.60A.204 may submit verification
5 and be regulated as a floating on-water residence rather than a house barge.

6 4. If an owner disputes the Director's denial of verification as a floating on-water
7 residence, the owner may appeal the Director's determination to the hearing examiner, in
8 conformance with the hearing examiner rules, within 30 days of date the Director's
9 determination was mailed. The appeal shall be conducted de novo, and the City shall have the
10 burden of showing by a preponderance of the evidence that the decision of the Director was
11 correct. Nothing in this Section 23.60A.203 precludes the City from enforcing this code under
12 Chapter 23.90 if there is no timely appeal to the hearing examiner or following a decision of the
13 hearing examiner upholding the City's denial of floating on-water residence verification.

14 5. The owner shall display the verification number plate issued by the DPD on
15 the pier and landward side of the floating on-water residence, or on the side most commonly
16 used for access from the pier, or if public access to the pier is not available then on a side visible
17 from the water.

18 6. Failure to verify a floating on-water residence or to correctly display a
19 verification number plate is a violation of this Chapter 23.60A that is subject to the enforcement
20 process in Chapter 23.90 and does not forfeit the owner's right to maintain a floating on-water
21 residence.

22 7. Verification is transferable between owners but is not transferable to another
23 floating on-water residence, except for a replaced floating on-water residence as provided in
24 subsections 23.60A.203.C.1.f and 23.60A.203.C.1.g.

25 E. Owners and tenants of floating on-water residences shall use best management
26 practices pursuant to Section 23.60A.155 to minimize impacts on the aquatic environment
27
28

1 Section 21. Section 23.60A.204 of the Seattle Municipal Code, as enacted by Ordinance
2 124105, is amended as follows:

3 **23.60A.204 Floating structures and ~~((S))~~standards for house barges**

4 A. Floating structures

5 1. Floating structures, including vessels that do not have a means of self-
6 propulsion and steering equipment and that are designed or used as a place of residence, with the
7 exception of house barges (~~(moored within The City of Seattle in June 1990 and licensed by The~~
8 ~~City of Seattle))~~authorized under subsection 23.60A.204.B and floating on-water residences
9 authorized under Section 23.60A.203, shall be regulated as floating homes pursuant to this
10 Chapter 23.60A.

11 2. Locating other (~~(nonwater dependent))~~uses over water on house barges
12 authorized under subsection 23.60A.204.B(~~(on floating structures, including vessels that do not~~
13 ~~have a means of self-propulsion or steering equipment,))~~ is prohibited(~~(unless specifically~~
14 ~~permitted on house barges or historic ships by other sections of this Chapter 23.60A)).~~

15 B. For purposes of this Chapter 23.60A, house barges are only (~~(permitted))~~allowed
16 under the following conditions:

17 1. The ~~((H))~~house barge ~~((permits))~~was moored at a recreational marina in the
18 City before July 1990.

19 2. ~~((—a.))~~ A permit for the house barge~~(, which is transferable between owners~~
20 ~~but not transferable to another house barge, has been))~~ was secured from the (~~(Department of~~
21 ~~Planning and Development))~~DPD verifying that the house barge existed and was used for
22 residential purposes within the City before July 1990(~~(in June 1990))~~ and has been continuously
23 used since that time(~~(thereafter as provided in subsection 23.60A.204.C.2)).~~

24 (~~(b. House barges not within the City and moored at a recreational marina~~
25 ~~before July 1990 are prohibited.~~

1 2. ~~The house barge permit applicant must demonstrate compliance with state~~
2 ~~water quality standards for discharge by toilet as a condition of initial permit issuance.))~~

3 3. Verification

4 a. Each house barge must be verified by the Director, and owners shall
5 pay a one-time fee to receive a verification number plate. The fee shall be established by the
6 Director to recover the reasonable costs of the program for issuing verification number plates.
7 Owners of house barges authorized by this Section 23.60A.204 may apply to the Director for
8 verification or may wait until the Director asks for verification information. If a house barge is
9 not verified pursuant to this subsection 23.60A.204.C, the Director may require the owner to
10 submit verification information and pay the required fee.

11 b. If an owner disputes the Director's denial of verification as a house
12 barge under this Section 23.60A.204, the owner may appeal the Director's determination to the
13 hearing examiner, in conformance with the hearing examiner rules, within 30 days of date the
14 Director's determination was mailed. The appeal shall be conducted de novo, and the City shall
15 have the burden of showing by a preponderance of the evidence that the decision of the Director
16 was correct. Nothing in this Section 23.60A.204 precludes the City from enforcing this code
17 under Chapter 23.90 if there is no timely appeal to the hearing examiner or following a decision
18 of the hearing examiner upholding the City's denial of house barge verification.

19 c. The owner of a house barge that complies with the requirements of
20 subsections 23.60A.204.B.1 and 23.60A.204.B.2 may choose to have the house barge verified
21 and regulated as a floating on-water residence under Section 23.60A.203 instead of under this
22 Section 23.60A.204.

23 d. The owner shall display the verification number plate issued by the
24 DPD on the pier and landward side of the vessel, or on the side most commonly used for access
25 from the pier, or if public access to the pier is not available then on a side visible from the water.

1 e. Failure to verify an authorized house barge or correctly display a
2 verification number plate is a violation of this Chapter 23.60A that is subject to the enforcement
3 process in Chapter 23.90 and does not forfeit the owner's right to maintain an authorized house
4 barge.

5 4. A house barge verification number is transferable between owners but is not
6 transferable to another house barge, except to a house barge that has been replaced as provided in
7 subsection 23.60A.204.C.

8 ~~((3. Permits~~

9 ~~a. The initial permit is effective for three years. At the expiration of three~~
10 ~~years, the permit may be renewed at the request of the owner, provided it is demonstrated,~~
11 ~~consistent with state water quality standards, that all overboard discharges have been sealed and~~
12 ~~that satisfactory means of conveying wastewater to an approved disposal facility has been~~
13 ~~provided.~~

14 ~~b. The Director, after consultation with Ecology (Northwest Regional~~
15 ~~Office) water quality staff, may grant an exception to the requirement in subsection~~
16 ~~23.60A.204.3.a based upon approval of a detailed plan that considers all feasible measures to~~
17 ~~control and minimize overboard discharge of wastewater. In such cases, the Director at the time~~
18 ~~of permit renewal, shall implement the plan by attaching conditions to the permit that limit~~
19 ~~overboard discharge of wastewater or the adverse environmental consequences thereof to the~~
20 ~~maximum extent practicable. Permit conditions may require implementation of best management~~
21 ~~practices for minimizing wastewater discharges, or the use of alternative treatment and disposal~~
22 ~~methods.~~

23 ~~e. Compliance with conditions~~

24 ~~1) Within 120 days of the effective date of this ordinance holders~~
25 ~~of initial permits issued under subsection 23.60A.204.B.1.a shall demonstrate to the Director that~~
26
27
28

1 ~~a renewal permit has been issued under either subsection 23.60A.204.B.3.a or b or shall apply to~~
2 ~~the Department for a renewal permit under those subsections.~~

3 ~~2) The absence of a record of a permit renewal in the~~
4 ~~Department's permit archives is prima facie evidence that a renewal permit was not issued.~~

5 ~~3) In determining the feasibility of measures to control and~~
6 ~~minimize overboard discharge of wastewater under subsection 23.60A.204.B.3.b, the Director~~
7 ~~shall consider the factors set out in conditions 1 and 2 of the definition of "feasible" in Section~~
8 ~~23.60A.912 and in addition shall consider the value of the house barge, the cost of implementing~~
9 ~~measures to control and minimize overboard discharge of wastewater, and the value of the house~~
10 ~~barge with wastewater controls.~~

11 ~~4) The permit establishing the house barge use shall be rescinded,~~
12 ~~and the house barge shall be prohibited from relocating in Seattle waters if:~~

13 ~~a) The permit holder does not timely comply with~~
14 ~~subsection 23.60A.204.B.3.c.1; or~~

15 ~~b) The Department determines that a house barge is not in~~
16 ~~compliance with subsection 23.60A.204.B.2 or the conditions of a renewal permit issued under~~
17 ~~subsection 23.60A.204.B.3.a or b and the deficiency is not cured within 30 days.~~

18 ~~5) Permit holders shall pay a fee to the Department~~
19 ~~commensurate with the cost to the Department of reviewing the submissions to comply with this~~
20 ~~subsection 23.60A.204.B.3.c.~~

21 ~~d. In addition to any requirements or permit conditions under subsections~~
22 ~~23.60A.204.B.2 and 23.60A.204.B.3, owners and tenants of house barges shall use best~~
23 ~~management practices to minimize impacts on the aquatic environment. The best management~~
24 ~~practices include, but are not limited to, the following:~~

1 ~~1) Eliminating wastewater and sewage discharge by sealing~~
2 ~~overboard discharge and conveying them to an approved disposal facility using a pump out~~
3 ~~station or a pump out service;~~

4 ~~2) Disposing of garbage, food scraps, waste material and~~
5 ~~recyclables into the appropriate on-land receptacles;~~

6 ~~3) Securing all outside furniture, barbeque grills, plant containers~~
7 ~~and other material to ensure that they do not enter the water because of wind or wave action;~~

8 ~~4) Using non-toxic building material in exterior area;~~

9 ~~5) Using non-toxic cleaning and other household products in~~
10 ~~outside areas and on exterior structures;~~

11 ~~6) Not using herbicides, pesticides or fertilizers in outside areas or~~
12 ~~on the exterior of the structure; and~~

13 ~~7) Using a double containment system when using liquid products~~
14 ~~outside to contain any spills in the second receptacle to prevent these products from entering the~~
15 ~~water.~~

16 ~~e. The Director may establish appropriate best management practices to~~
17 ~~implement the requirements of subsection 23.60A.204.B by Director's Rule.))~~

18 ~~((4))~~5. House barges must be moored at a recreational marina, as defined by
19 Section 23.60A.926.

20 C. Maintenance and repair, remodeling, relocation, expansion, rebuilding, and
21 replacement

22 1. House barges authorized under subsection 23.60A.204.B are regulated as a
23 conforming use, and maintenance, repair, remodeling, relocation, expansion, rebuilding, and
24 replacement are allowed subject to the following standards:

1 a. Normal maintenance and repair, as defined in subsection
2 23.60A.020.C.1, is allowed, and replacement is not considered the common method of repair for
3 this type of structure.

4 b. Remodeling is limited to the interior and to changing the siding or
5 architectural features on the exterior of the existing house barge, but no portion of the house
6 barge is expanded, except that exterior open railings may be added as part of a remodel as
7 allowed in subsection 23.60A.204.C.1.c.

8 c. Open railings may be added around existing exterior spaces and stairs
9 to access these spaces, but if the top of the railing exceeds the height limits in subsection
10 23.60A.204.C.1.e, the maximum height of the railing is 36 inches.

11 d. Relocation is allowed, and owners should update the floating on-water
12 residence verification within 60 days.

13 e. Expansion is allowed provided that:

14 1) The height of the structure including any addition shall not
15 exceed 18 feet if the current height of a house barge is 18 feet or lower, measured from the main
16 deck or 3 feet above the surface of the water, whichever is lower;

17 2) The height of the structure including any addition shall not
18 exceed the current height if the current height of the house barge is more than 18 feet but less
19 than 21 feet, measured from the main deck or 3 feet above the surface of the water, whichever is
20 lower;

21 3) The height of the structure including any addition shall not
22 exceed 21 feet if the current height of a house barge is 21 feet or more, measured from the main
23 deck or 3 feet above the surface of the water, whichever is lower; and

24 4) No expansion of overwater coverage is allowed, except a single
25 expansion at or below the surface of the water may occur as follows:

26
27
28

1 a) The applicant provides documentation demonstrating
2 that the expansion is the minimum necessary to provide stability as certified by a naval architect
3 to correct stability problems for the structural size and configuration that existed before July
4 1990, and the area of such expansion shall not be used for any purpose other than to provide
5 stability; and

6 b) If an expansion is allowed under subsection
7 23.60A.204.C.1.e.4.a, no other expansion is allowed below, at, or above the waterline for any
8 purpose.

9 5) If the total expansion over the life of the structure exceeds 120
10 square feet, gray water containment or a waste-water hookup that disposes the gray water to the
11 City's waste-water disposal system is required.

12 f. Replacement to the same size and configuration as established in the
13 verification issued pursuant to subsection 23.60A.204.B, as it may be updated, is allowed and a
14 verified house barge structure is not considered nonconforming even though it may exceed the
15 height limits for additions in subsection 23.60A.204.C.1.e.

16 g. Replacement with expansion shall comply with the standards in
17 23.60A.204.C.1.e, including the requirement that expansions greater than 120 square feet shall
18 provide gray water containment or a waste-water hookup that disposes the gray water to the
19 City's waste-water disposal system.

20 2. When an owner of a house barge intends to expand, rebuild, or replace the
21 house barge, prior to beginning any work:

22 a. The owner/applicant shall have or obtain the verification required in
23 23.60A.204.B.3;

24 b. The owner/applicant shall present information to the Director
25 demonstrating that the house barge will comply with subsection 23.60A.204.C.1.e,
26 23.60A.204.C.1.f, and 23.60A.204.C.1.g, as applicable;

1 c. The owner/applicant shall demonstrate any expansion will not create
2 future stability problems for the house barge; and

3 d. The owner/applicant shall update the verification records under
4 subsection 23.60A.204.B.3 based on changes made to the house barge.

5 ~~((C. Nonconforming uses, relocation, expansion and rescission.~~

6 ~~1. House barges permitted under this Section 23.60A.204 shall be regulated as a~~
7 ~~nonconforming use and shall be subject to the standards of Section 23.60A.122, except that:~~

8 ~~a. relocation of an established house barge to a different moorage within~~
9 ~~Seattle shall be permitted; and~~

10 ~~b. House barges cannot expand or extend beyond existing external~~
11 ~~dimensions above or below water, notwithstanding the provisions of Section 23.60A.122.~~

12 ~~2. When a house barge is removed from Seattle waters for more than six months,~~
13 ~~the permit establishing its use shall be rescinded and the house barge shall be prohibited from~~
14 ~~relocating in Seattle waters.))~~

15 D. Owners and tenants of house barges shall use best management practices pursuant to
16 Section 23.60A.155 to minimize impacts on the aquatic environment.

17 Section 22. Section 23.60A.206 of the Seattle Municipal Code, as enacted by Ordinance
18 124105, is amended as follows:

19 **23.60A.206 Standards for residences other than floating homes, floating on-water**
20 **residences, house barges, and vessels ((used as))containing dwelling units**

21 A. Floating homes, floating on-water residences, house barges, and vessels ((used
22 as))containing dwelling units that comply with the standards of Sections 23.60A.202,
23 23.60A.203, 23.60A.204, and 23.60A.214, respectively, are not subject to the standards of this
24 Section 23.60A.206.

25 * * *

1 Section 23. Section 23.60A.214 of the Seattle Municipal Code, as enacted by Ordinance
2 124105, is amended as follows:

3 **23.60A.214 Standards for ~~((using-))~~vessels ~~((as))~~containing dwelling units**

4 A. Structures ~~((designed primarily as))~~containing dwelling units shall comply with the
5 standards in subsection 23.60A.206.B, or Sections 23.60A.202, 23.60A.203, and 23.60A.204,
6 and otherwise are prohibited over water.

7 B. As of the effective date of this ordinance, in addition to the structures allowed in
8 subsection 23.60~~((;-))~~A.214.A, a vessel that meets the definition for vessel in Section 23.60A.942
9 may contain~~((be used as))~~ a dwelling unit if the vessel meets~~((according to))~~ the following
10 standards and is prohibited otherwise, except as allowed in subsection 23.60A.214.D:

11 1. Design. A vessel may be custom made or manufactured, and may be mono-
12 hulled or multiple-hulled, and shall:

13 a. Be designed ~~((primarily))~~ as a conventional recreational vessel
14 exclusively of the types~~((as))~~ set out in this subsection 23.60A.214.B.1.a.1 through
15 23.60A.214.B.1.a.7 as follows:

16 1) A sail boat, such as those manufactured by Catalina, Pacific
17 Seacraft, Hunter, or Hinckley;~~((;-))~~

18 2) A cabin cruiser, such as those manufactured by Bayliner or
19 Chris-Craft;

20 3) A trawler yacht, such as those manufactured by Grand Banks,
21 Nordic, or Choy Lee;

22 4) A tug, such as those manufactured by Nordic Tug or Ranger
23 Tugs;

24 5) A motor yacht cruiser, such as those manufactured by Bayliner,
25 Sea Ray, and Carver;

1 6) A multi-hulled power boat, such as those manufactured by
2 World Cat; and

3 7) A sport fishing boat, such as those manufactured by Glacier
4 Bay, Grady White, and Boston Whaler; (~~and~~

5 8) ~~Not including shanty boats and houseboats, such as those~~
6 ~~manufactured by Destiny Yachts, Harbormaster, Adventure Craft, Harbormaster, Fantasy or~~
7 ~~Gibson, Atkin and Company and East Coast Houseboats;))~~or

8 b. Be designed (~~(primarily))~~and used as a commercial vessel and (~~(is))~~be
9 a United States Coast Guard certified working tugboat;~~((or))~~

10 c. Be designed as a fishing vessel and have current fishing license issued
11 by a federal or state commercial fishing regulatory agency; or

12 d. Be a registered military vessel used as a dwelling unit for the crew of a
13 military vessel being repaired at the same location, if the military requires the crew to remain
14 with the vessel.

15 2. The vessel is safely operable and operates under self-propulsion integrated into
16 the hull and (~~(steerage))~~steering that is sufficient to reasonably move the vessel.

17 3. The vessel is moored at a recreational or commercial marina that complies
18 with the standards set out in Section 23.60A.200.

19 C. Determination and appeal(~~(Standards))~~ for conventional recreational vessels (~~(used~~
20 ~~as))~~containing dwelling units(~~(:))~~)

21 1. In considering whether a vessel meets the design standards in subsection
22 23.60A.214.B.1.a, the following configuration and features shall be considered:

23 a.(~~(1:))~~ Hull shape: clearly defined bow, hull shaped to reduce resistance;

24 b.(~~(2:))~~ Deck gear: cleats, chocks, anchors, scuppers, and bulwarks;

25 c.(~~(3:))~~ Propulsion (~~(&))~~and steering system: inboard engine (~~(&))~~and
26 transmission with propeller (~~(&))~~and rudder or inboard/outboard drive system; and(~~(:))~~

1 d.((4-)) Helm station: layout of control ((&))and monitoring systems, and
2 visibility for safe navigation.

3 2. If the Director determines a vessel containing a dwelling unit does not qualify
4 as a conventional recreational vessel under subsections 23.60A.214.B.1.a, 23.60A.214.B.2 and
5 23.60A.214.B.3 and an owner disputes the Director's determination, the owner may appeal the
6 Director's determination to the hearing examiner, in conformance with the hearing examiner
7 rules, within 30 days of the date the Director's determination was mailed. The appeal shall be
8 conducted de novo, and the City shall have the burden of showing by a preponderance of the
9 evidence that the decision of the Director was correct. Nothing in this Section 23.60A.214
10 precludes the City from enforcing this code under Chapter 23.90 if there is no timely appeal to
11 the hearing examiner or following a decision of the hearing examiner upholding the City's
12 determination regarding whether a vessel qualifies as a conventional recreational vessel.

13 D. Other vessels containing((used as)) dwelling units

14 1. A vessel containing a dwelling unit that does not meet the standards of
15 subsection 23.60A.214.B is allowed if it:

- 16 a. Complies with the definition of vessel in Section 23.60A.942; and
17 b. Was lawfully moored in the City and used as a dwelling unit prior to
18 the effective date of this ordinance.

19 ~~((If a vessel was moored in the City and used as a dwelling unit prior to the~~
20 ~~effective date of this ordinance, it may continue to be used as a dwelling unit if it is moored at a~~
21 ~~lawful location and complies with subsection 23.60A.214.D.2.~~

22 ~~2. To be a vessel it shall be designed and used for navigation and not interfere~~
23 ~~with the normal public use of the water.))~~

24 2((3)). A ((dwelling unit on a))vessel, including the dwelling unit portion of the
25 vessel, that meets the standards of subsection 23.60A.214.D.1 but that does not meet the
26 standards of subsection 23.60A.214.((C is a nonconforming use.))B may be:

1 a. Maintained and repaired within the vessel overwater coverage existing
2 as the date of this ordinance.

3 b. Remodeled and structurally altered within the vessel's existing
4 envelope, including height, width, depth, and overwater coverage, as of the date of this
5 ordinance, except new open railings up to 36 inches in height around existing spaces and stairs to
6 access these spaces are allowed, if the vessel as remodeled or structurally altered will comply
7 with the definition of vessel in Section 23.60A.942.

8 c. Relocated to a different moorage within Seattle if the new moorage is
9 in compliance with the marina standards in Section 23.60A.200 and the verification required
10 under subsection 23.60A.214.D.4 to legally establish the vessel is updated with its new marina
11 location.

12 d. Replaced with a vessel that complies with subsection 23.60A.214.B.

13 e. Rebuilt if destroyed by fire, act of nature, or other causes beyond the
14 control of the owner, excluding normal deterioration of vessels constructed in or over the water,
15 and if:

16 1) Action toward replacement is commenced within 12 months
17 after destruction;

18 2) The vessel or portion of the vessel is rebuilt to the same or
19 smaller configuration existing immediately prior to the destruction; and

20 3) The vessel as rebuilt will comply with the definition of vessel
21 in Section 23.60A.942.

22 3. When an owner of a vessel verified according to subsection 23.60A.214.D.4
23 containing a dwelling unit intends to remodel, structurally alter, or rebuild the vessel, prior to
24 beginning any work the owner shall present information to the Director demonstrating that the
25 vessel as remodeled, structurally altered, or rebuilt will comply with subsections

1 23.60A.214.D.2.a through 23.60A.214.D.2.e, as applicable, and the verification records for the
2 vessel shall be updated as part of this process.

3 4. Verification to legally establish a vessel containing a dwelling unit

4 a. The owner of each vessel allowed under subsection 23.60A.214.D.1
5 that does not qualify for verification under Section 23.60A.203 is required to apply to the
6 Director for a verification number legally establishing the use within six months of the effective
7 date of this ordinance and pay the hourly rate for land use review established by subsection
8 22.900B.010.B for the DPD review time spent to establish the use.

9 b. If the Director denies verification as a vessel containing a dwelling unit
10 under this subsection 23.60A.214.D and an owner disputes the Director's denial of verification,
11 the owner may appeal the Director's determination to the hearing examiner, in conformance with
12 the hearing examiner rules, within 30 days of the date the Director's determination was mailed.
13 The appeal shall be conducted de novo, and the City shall have the burden of showing by a
14 preponderance of the evidence that the decision of the Director was correct. Nothing in this
15 Section 23.60A.214 precludes the City from enforcing this code under Chapter 23.90 if there is
16 no timely appeal to the hearing examiner or following a decision of the hearing examiner
17 upholding the City's denial of verification under this subsection 23.60A.214.D.

18 c. The owner shall display the verification number plate issued by the
19 DPD on the pier and landward side of the vessel, or on the side most commonly used for access
20 from the pier, or if public access to the pier is not available then on a side visible from the water.

21 d. Failure to apply within six months for verification legally establishing
22 the use as a vessel containing a dwelling unit or correctly display a verification number is a
23 violation of this Chapter 23.60A that is subject to the enforcement process in Chapter 23.90 but
24 does not forfeit the owner's right to maintain a vessel containing a dwelling unit.

25 e. Verification is transferable between owners but is not transferable to
26 another vessel, except to a rebuilt vessel as provided in subsection 23.60A.214.D.2.e.

Part 1 Uses

23.60A.224 Uses in the CM Environment

A. Use regulations

1. All uses are allowed, allowed as a special use, allowed as a shoreline conditional use, or prohibited pursuant to Section 23.60A.090, this Section 23.60A.224, and Table A for 23.60A.224. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.224.

2. If Table A for 23.60A.224 or the text of Section 23.60A.224 states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

3. Regulations for specific shoreline modifications are set out in Sections 23.60A.172 through 23.60A.190.

B. Eating and drinking establishments and general sales and services are prohibited, except as provided in this subsection 23.60A.224.B and subsection 23.60A.224.C. Eating and drinking establishments and general retail sales and services, limited to health and fitness sales and services, and retail sales that are consistent with and complementary to allowed recreation

1 activities or directly support the general public's use of park, park amenities, or shoreline
2 recreation are allowed as a shoreline conditional use if located:

3 1. In a public park, and if the use is not water-oriented, ecological restoration
4 equivalent to the gross floor area of any new nonwater-oriented use is provided pursuant to
5 Section 23.60A.159; or

6 2. On an historic ship if:

7 * * *

8 f. Ecological restoration equivalent to the gross floor area of any new
9 nonwater-oriented use is provided pursuant to Section 23.60A.159~~((within the same geographic~~
10 ~~area as the proposed project))~~; or

11 * * *

12 C. Certain commercial uses

13 * * *

14 2. The uses in subsection 23.60A.224.C.1 are allowed in existing buildings
15 within designated historic districts if:

16 a. The use is water-oriented; or

17 b. The use is nonwater-oriented, a water-dependent use occupying a
18 minimum of 25 percent of the gross floor area of the building in the Shoreline District is
19 operated on the site and ecological restoration equivalent to the area occupied by any nonwater-
20 oriented use is provided in the Shoreline District pursuant to Section 23.60A.159~~((within the~~
21 ~~same geographic area of the site))~~.

22 D. Meeting rooms, offices and storage are prohibited, except these uses are allowed in
23 existing buildings within designated historic districts if:

24 1. Located on the second floor; access may be provided on the ground floor; and

25 2. A water-dependent use occupying a minimum of 25 percent of the gross floor
26 area of the building in the Shoreline District is operated on the site, and ecological restoration
27

1 equivalent to the gross floor area of any nonwater-oriented use is provided within the Shoreline
2 District pursuant to Section 23.60A.159~~((within the same geographic areas of the site))~~.

3 E. Sale or rental of boats, boat parts and accessories, and dry boat storage

4 1. Sale or rental of small boats, boat parts and accessories, sale and rental of large
5 boats, and dry boat storage are allowed if:

- 6 a. They are in an existing building within designated historic districts;
7 b. Shoreline restoration that removes impervious surface and that plants
8 native vegetation in an area equivalent to the area occupied by any outdoor storage and any
9 increase in impervious surface is provided pursuant to Section 23.60A.159~~((within the same
10 geographic area as the proposed project))~~; and

11 c. Outdoor storage of boats is located to minimize interference with the
12 public's use of the shoreline.

13 * * *

14 K. Sewage treatment plants

- 15 1. New sewage treatment plants are prohibited.
16 2. Existing sewage treatment plants are allowed subject to the following
17 standards:
18 a. Expansion of an existing sewage treatment plant that does not add
19 capacity or a new treatment level is allowed as a special use.
20 b. Expansion of an existing sewage treatment plant that adds capacity or a
21 new treatment level is allowed as a Council conditional use if:

22 1) A determination has been made that an alternative design is
23 infeasible, ~~((and))~~ that no feasible alternative location for expanding the sewage treatment plant
24 outside the shoreline exists as determined under Section 23.60A.066, and Plan Shoreline Permit
25 is obtained~~((an alternative location for expanding the sewage treatment plant is infeasible))~~;

26 * * *

Section 27. Section 23.60A.240 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 1 Uses

23.60A.240 Uses in the CN Environment

A. Use regulations

1. All uses are allowed, allowed as a special use, allowed as a shoreline conditional use, or prohibited pursuant to Section 23.60A.090, this Section 23.60A.240, and Table A for 23.60A.240. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.240.

2. If Table A for 23.60A.240 or the text of Section 23.60A.240 states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

3. Regulations for specific shoreline modifications are set out in Sections 23.60A.172 through 23.60A.190.

B. Certain commercial uses

1. The following uses are allowed if they meet the conditions of subsections 23.60A.282.B.2 or 23.60A.282.B.3 and are otherwise prohibited:

a. Eating and drinking establishments;

* * *

1 e. Community centers, limited to small-craft centers, are allowed as a
2 shoreline conditional use if located in a public park(~~(;)~~) and are prohibited otherwise(~~(-eating and~~
3 ~~drinking establishments)~~)).

4 * * *

5 3. If the use in subsection 23.60A.282.B.1 is nonwater-oriented, it is allowed as a
6 shoreline conditional use if a water-dependent use(~~(s must occupy)~~) occupies an area equal to 50
7 percent of the surface area of the site, and ecological restoration equivalent to the gross floor area
8 of the nonwater-oriented use(~~(s)~~) is provided within the Shoreline District pursuant to Section
9 23.60A.159(~~(within the same geographic area as the site)~~)).

10 * * *

11 Section 30. Section 23.60A.294 of the Seattle Municipal Code, as enacted by Ordinance
12 124105, is amended as follows:

13 **23.60A.294 Regulated public access in the CR Environment**

14 A. Private property. Public access shall be provided and maintained on privately owned
15 waterfront lots for the following developments:

16 1. Existing multifamily residential development containing more than four units
17 with more than 75(~~(100)~~) feet of shoreline(~~(, except if located on saltwater shorelines where~~
18 ~~public access from a street is available within 600 feet of the lot line of the proposed~~
19 ~~development)~~); and

20 2. Development and uses that are:

21 a. Not residential and not water-dependent; or

22 b. Not water-related as defined in Section 23.60A.944, “Water-related
23 use” (~~(#)~~)number 1.

24 * * *

25 Section 31. Section 23.60A.310 of the Seattle Municipal Code, as enacted by Ordinance
26 124105, is amended as follows:

Part 1 Uses

23.60A.310 Uses in the CW Environment

A. Use regulations

1. All uses are allowed, allowed as a special use, allowed as a shoreline conditional use, or prohibited pursuant to Section 23.60A.090, this Section 23.60A.310, and Table A for 23.60A.310. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.310.

2. If Table A for 23.60A.310 or the text of Section 23.60A.310 states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

3. Regulations for specific shoreline modifications are set out in Sections 23.60A.172 through 23.60A.190.

B. In addition to the use standards for the CW Environment, uses shall also meet the use standards of abutting shoreline environments.

C. On dry land, uses are allowed if accessory to conforming uses on abutting lots.

D. Uses may also need separate approval from DNR and/or Seattle Department of Transportation.

6 Section 32. Section 23.60A.382 of the Seattle Municipal Code, as enacted by Ordinance
7 124105, is amended as follows:

8 **Part 1 Uses**

9 **23.60A.382 Uses in the UC Environment**

10 A. Use regulations on waterfront lots and over water in the UC Environment

11 1. All uses are allowed, allowed as a special use, allowed as a shoreline
12 conditional use, or prohibited on waterfront lots and over water pursuant to Section 23.60A.090,
13 this Section 23.60A.382, and Table A for 23.60A.382, and Section 23.60A.384. Use categories
14 and subcategories cover all uses in that category and subcategory except when a subcategory of
15 that use is specifically shown in Table A for 23.60A.382.

16 2. Waterfront lots, overwater uses,(~~Table A~~) and water-dependent and water-
17 related uses,

18 a. Table A for 23.60A.382 and subsections 23.60A.382.C through
19 23.60A.382.H apply to waterfront lots.

20 b. Uses over water on waterfront lots are regulated in Section 23.60A.384.

21 c. If Table A for 23.60A.382 or the text of Section 23.60A.382(~~(~~or~~~~
22 ~~Section 23.60A.384~~)) states that a use is required to be water-dependent or water-related, a use
23 that does not have the required attribute is prohibited.

24 3. Regulations for specific shoreline modifications are set out in Sections
25 23.60A.172 through 23.60A.190.

26 B. Uses on upland lots are regulated in Section 23.60A.383.

1 ~~((1. All uses allowed, allowed as a special use, or allowed as a shoreline~~
 2 ~~conditional use on waterfront lots are allowed on upland lots.~~

3 ~~2. Uses prohibited on waterfront lots are regulated on upland lots by the~~
 4 ~~underlying zones and are allowed, allowed as a shoreline conditional use, or prohibited as~~
 5 ~~provided in the underlying zones, except for the following uses; these uses are prohibited on~~
 6 ~~upland lots:~~

- 7 ~~a. Transportation uses that are prohibited on waterfront lots;~~
- 8 ~~b. Utility uses that are prohibited on waterfront lots;~~
- 9 ~~c. Heavy manufacturing uses; and~~
- 10 ~~d. High impact uses.))~~

* * *

4. Development that includes any of the uses listed in subsection 23.60A.382.C.1 that ~~((is))~~are not water-oriented shall be ~~((it))~~part of a development or on a site that includes a water-dependent use that occupies ~~((an area equal to))~~a minimum of 50 percent of the dry land area of the~~((surface of the))~~ site and complies with one of the following conditions or a combination of conditions if the Director determines the combination would achieve a similar offset for siting a use that is not water-oriented:

* * *

1 b. Ecological restoration equivalent to the gross floor area of the new
 2 nonwater-oriented use is provided pursuant to Section 23.60A.159~~((within the same geographic~~
 3 ~~area as the proposed nonwater-oriented use))~~; or

4 * * *

5 6. Permits issued pursuant to ~~((this))~~ subsection 23.60A.382.C.1 shall identify the
 6 specific uses and gross floor areas of each use that is authorized by the permit under ~~((this))~~
 7 subsection 23.60A.382.C.1 and the water-dependent uses that satisfy the requirement for a water-
 8 dependent use on a minimum of 50 percent of the dry land~~((lot))~~ area of the development
 9 site~~((requirement))~~.

10 * * *

11 Section 33. A new Section 23.60A.383 is added to the Seattle Municipal Code as follows:

12 **23.60A.383 Uses allowed on upland lots in the UC Environment**

13 A. Use regulations

14 1. All uses are allowed, allowed as a special use, allowed as a shoreline
 15 conditional use, or prohibited on upland lots pursuant to Section 23.60A.090, this Section
 16 23.60A.383, and Table A for 23.60A.383. Use categories and subcategories cover all uses in that
 17 category and subcategory except when a subcategory of that use is specifically shown in Table A
 18 for 23.60A.383.

19 2. If Table A for 23.60A.383 or the text of Section 23.60A.383 states that a use is
 20 required to be water-oriented, a use that is not water-oriented is prohibited.

B. Uses accessory to floating homes, including storage, are allowed if located 35 feet or more waterward from the OHW mark.

C. Minor communication utilities are allowed, except for freestanding transmission towers, which are prohibited.

D. Utility service uses are allowed if they reasonably require a shoreline location to operate.

Section 34. Section 23.60A.384 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.384 Uses allowed over water in the UC Environment

1 A. In addition to the uses allowed over water in Section 23.60A.090 and subsection
2 23.60A.384.C, the following uses are allowed over water on waterfront lots if the standards of
3 subsection 23.60A.384.B are met, and are otherwise prohibited:

- 4 1. Commercial uses;
- 5 2. Entertainment uses;
- 6 3. Light and general manufacturing;
- 7 4. Colleges, vocational schools and institutes for advanced studies;
- 8 5. Passenger terminals;
- 9 6. Office uses, if accessory to a water-dependent or water-related use located on
10 the same lot; and
- 11 7. Storage uses, if accessory to a water-dependent use and located on the same
12 development site as such water-dependent use.

13 B. Standards required for the uses listed in subsection 23.60A.384.A are as follows:

- 14 1. The depth of dry land on all the waterfront lot area~~((depth))~~ is less than 35 feet;
- 15 2. The location of the use on dry land is not reasonable;
- 16 3. The use is on or in an existing structure;
- 17 ~~((3))~~4. There is no increase in overwater coverage; and
- 18 ~~((4))~~5. The uses allowed under subsections 23.60A.384.A.1 through
19 23.60A.384.A.4 shall be:
 - 20 a. Water-dependent;
 - 21 b. Water-related and accessory to a water-dependent use on or in the
22 structure; or
 - 23 c. Water-related that meets the definition of “Water-related use”
24 ~~((#))~~number 1 in Section 23.60A.944.

1 C. In addition to the uses allowed over water in Section 23.60A.090 and subsection
2 23.60A.384.A, if the following uses are not water-dependent or water-related, they are allowed
3 as provided in subsection 23.60A.384.D, and are otherwise prohibited:

- 4 1. Eating and drinking establishments;
- 5 2. General sales and services;
- 6 3. Office uses;
- 7 4. Entertainment uses; and
- 8 5. Custom and craft work.

9 D. Standards for uses over water

10 1. The uses in subsection 23.60A.384.C are allowed as follows:

11 a. Over water on or in existing structures in the UC Environment if the
12 depth of dry land on all the waterfront lot area~~((depth))~~ is less than 35 feet, there is no increase in
13 overwater coverage and floor area, and if the requirements of subsections 23.60A.384.D.2 and
14 23.60A.384.D.3~~((of this Section 23.60A.384))~~ are met; or

15 b. As a shoreline conditional use over water on or in existing structures in
16 the UC Environment if the depth of dry land on all the waterfront lot area~~((depth))~~ is less than 35
17 feet, there is no increase in overwater coverage and floor area, and if the requirements of
18 subsection 23.60A.384.D.3 are met~~((;))~~.

19 2. A water-dependent or water-related use occupies the lowest floor level of the
20 existing building or structure.

21 3. Ecological restoration equivalent to the gross floor area of any new
22 ~~((nonwater-dependent))~~ use that is not water-dependent is required pursuant to Section
23 23.60A.159~~((within the same Geographic Area as the project))~~.

24 Section 35. Section 23.60A.386 of the Seattle Municipal Code, as enacted by Ordinance
25 124105, is amended as follows:

26 **Part 2 Development Standards**

1 **23.60A.386 Height in the UC Environment**

2 A. Maximum height. The maximum heights in the UC Environment are as follows, as
3 modified in subsections 23.60A.386.B through 23.60A.386.E:

4 * * *

5 3. The maximum height on upland lots along Harbor Avenue Southwest between
6 California Way Southwest and Southwest Bronson Way, which is 665 feet south of the southern
7 edge of Fairmont Avenue Southwest and is an unimproved right-of-way, see quarter section map
8 or DPD GIS for location, is 65 feet.

9 * * *

10 Section 36. Section 23.60A.388 of the Seattle Municipal Code, as enacted by Ordinance
11 124105, is amended as follows:

12 **23.60A.388 Lot coverage in the UC Environment**

13 * * *

14 C. Lot coverage exceptions

15 1. On waterfront lots with less than an average of 50 feet of dry land between the
16 OHW mark and the street right-of-way, a maximum lot coverage of 65 percent is allowed for
17 structures on the dry land portion of the lot.

18 * * *

19 Section 37. Section 23.60A.390 of the Seattle Municipal Code, as enacted by Ordinance
20 124105, is amended as follows:

21 **23.60A.390 Shoreline setbacks in the UC Environment**

22 A. A shoreline setback of 35 feet from the OHW mark is required except for upland lots
23 abutting the water, in which case the setback is measured from the most waterward side of the
24 waterfront lot.

25 * * *

1 D. Existing structures and uses that would be considered nonconforming because they
2 are located in the required shoreline setback in the UC Environment are not regulated as ~~((a))~~
3 nonconforming structures based on setback standards. Such structures may not be expanded in
4 any manner in the setback but may be replaced if an area of ecological restoration equivalent to
5 the footprint of the structure located in the shoreline setback is provided pursuant to Section
6 23.60A.159~~((within the Shoreline District within the same geographic area as the site is~~
7 ~~provided))~~.

8 Section 38. Section 23.60A.392 of the Seattle Municipal Code, as enacted by Ordinance
9 124105, is amended as follows:

10 **23.60A.392 Regulated public access in the UC Environment**

11 A. Private property~~((r))~~

12 1. Public access shall be provided and maintained on privately owned waterfront
13 lots for the following developments:

14 a. Residential developments containing more than four units with more
15 than 75~~((400))~~ feet of shoreline~~((, except if located on saltwater shorelines where public access~~
16 ~~from a street is available within 600 feet of the lot line of the proposed development))~~;

17 * * *

18 Section 39. Section 23.60A.394 of the Seattle Municipal Code, as enacted by Ordinance
19 124105, is amended as follows:

20 **23.60A.394 View corridors in the UC Environment**

21 * * *

22 D. The required view corridor width shall be reduced to 25 percent of the width of the lot
23 if water-dependent or water-related uses that meet the definition of “Water-related use”
24 ~~((#))~~number 1 in Section 23.60A.944 occupy ~~((more than))~~a minimum of 40 percent of the dry
25 land area of the development site~~((lot))~~.

1 Section 40. Section 23.60A.402 of the Seattle Municipal Code, as enacted by Ordinance
2 124105, is amended as follows:

3 **Part 1 Uses**

4 **23.60A.402 Uses in the UG Environment**

5 A. Use regulations

6 1. All uses are allowed, allowed as a special use, allowed as a shoreline
7 conditional use, or prohibited pursuant to Section 23.60A.090, this Section 23.60A.402, and
8 Table A for 23.60A.402. Use categories and subcategories cover all uses in that category and
9 subcategory except when a subcategory of that use is specifically shown in Table A for
10 23.60A.402.

11 2. ~~((Table A and))~~ Waterfront and upland lots and water-dependent, ~~((and))~~ water-
12 related uses, and water-oriented uses

13 a. Table A for 23.60A.402 and subsections 23.60A.402.~~((C))~~B through
14 ~~((F))~~23.60A.402.E apply to waterfront lots and to upland lots as indicated in the table.

15 b. If Table A for 23.60A.402 or the text of Section 23.60A.402 ~~((or~~
16 ~~23.60A.404))~~ states that a use is required to be water-dependent, ~~((or))~~ water-related, or water-
17 oriented, a use that does not have the required attribute is prohibited.

18 3. Regulations for specific shoreline modifications are set out in Sections
19 23.60A.172 through 23.60A.190.

20 4. A commercial, institutional, or manufacturing use, other than a use required to
21 be water-dependent or water-related, shall be water-oriented unless:

22 a. Either

23 1) The applicant demonstrates the development site is unsuited for
24 water-oriented uses because it has limited or no water access; or

25 2) The use is ~~((it))~~ part of a development or on a site that includes
26 a water-dependent use occupying a minimum of 50 percent of the site; and

b. Ecological restoration occurs within the Shoreline District equivalent to the gross floor area of the proposed nonwater-oriented uses pursuant to Section 23.60A.159((within the same geographic area as the proposed use)).

~~((B. Uses on upland lots~~

~~1. All uses allowed, allowed as a special use or allowed as a shoreline conditional use on waterfront lots are allowed on upland lots.~~

~~2. Uses prohibited on waterfront lots are regulated on upland lots by the underlying zones and are allowed, allowed as a shoreline conditional use, or prohibited as provided in the underlying zones, except for the following uses; these uses are prohibited on upland lots:~~

- ~~a. Transportation uses that are prohibited on waterfront lots~~
- ~~b. Utility uses that are prohibited on waterfront lots;~~
- ~~c. Residential uses that are prohibited on waterfront lots;~~
- ~~d. Lodging;~~
- ~~e. Live work units; and~~
- ~~f. High impact uses that are not water dependent or water related.-))~~

**Table A for 23.60A.442
 Uses in the UH Environment**

Uses	Waterfront Lots	Upland Lots
<p><u>Key to Table A for 23.60A.442</u> <u>CU = Shoreline Conditional Use</u> <u>P = Allowed by permit</u> <u>SU = Special Use</u> <u>WD = Allowed for water-dependent uses; prohibited otherwise</u> <u>WD/WR = Allowed for water-dependent or water-related uses; prohibited otherwise</u> <u>WR = Allowed for water-related uses; prohibited otherwise</u> <u>X = Prohibited</u></p>		

((~~KEY~~

~~CU = Shoreline Conditional Use~~

~~P = Allowed by permit~~

~~SU = Special Use~~

~~WD = Allowed for water-dependent uses; prohibited otherwise~~

~~WR = Allowed for water-related uses; prohibited otherwise~~

~~X = Prohibited))~~

B. Water-oriented and nonwater-oriented uses

1. Water-oriented uses

a. The following uses are allowed on the dry land portion of waterfront lots if the use is water-oriented:

- 1) Eating and drinking establishments;
- 2) Entertainment uses, except adult cabaret, adult motion picture theaters, and adult panorams, which are prohibited;
- 3) Parks and open space uses;
- 4) Custom and craft work;
- 5) Museums; and
- 6) Sales and services, general.

b. The uses in subsection 23.60A.442.B.1.a that are nonwater-oriented are allowed on the dry land portion of waterfront lots if the use is part of a mixed use project that includes:

1 1) A water-dependent use occupying a minimum of 25 percent of
2 the gross floor area of the existing structures on the~~((project or on the))~~ development site and
3 located on the level that is closest to the water; and

4 2) Ecological restoration equivalent to the gross floor area of the
5 new nonwater-oriented use and that is provided pursuant to Section 23.60A.159~~((within the same~~
6 ~~geographic area as the project))~~.

7 2. The uses in subsection 23.60A.442.B.1.a are permitted over water, if they
8 comply with the standards in subsection 23.60A.442.B.2.a and either subsection
9 23.60A.442.B.2.b or 23.60A.442.B.2.c; otherwise, they are prohibited over water, except as
10 provided in subsection 23.60A.442.C.

11 a. If the use is nonwater-oriented, it is allowed if it is part of a mixed use
12 project that includes:

13 1) A water-dependent use occupying a minimum of 25 percent of
14 the gross floor area of the existing structures on the development site ~~((building))~~ and located on
15 the level that is closest to the water; and

16 2) Ecological restoration equivalent to the gross floor area of any
17 new nonwater-oriented use and that is provided pursuant to Section 23.60A.159~~((within the same~~
18 ~~geographic area as the project))~~.

19 * * *

20 c. The uses are allowed as a shoreline conditional use if the following
21 requirements are met:

22 1) The use is on existing or lawfully replaced structures;
23 2) The depth of dry land of all the waterfront lot area~~((depth))~~ is
24 less than 35 feet measured from the OHW mark to the landward waterfront lot line;

25 3) An unenclosed water-enjoyment use is provided in the area
26 between the building and 15 feet from the seaward end of the pier;

1 * * *

2 C. Commercial uses on historic ships

3 * * *

4 2. Development on historic ships that includes uses listed in subsection
5 23.60A.442.C.1 must comply with the following standards in addition to the criteria for shoreline
6 conditional uses in Section 23.60A.034:

7 * * *

8 f. If the new use is not water-oriented, ecological restoration equivalent to
9 the gross floor area of the new nonwater-oriented use is provided pursuant to Section
10 23.60A.159~~((within the same geographic area as the proposed project))~~.

11 D. Food processing uses, nonwater-oriented community centers, and wholesale
12 showrooms are allowed or allowed as a shoreline conditional use as follows:

13 1. Food processing uses are allowed if water-oriented. Food processing uses that
14 are nonwater-oriented are allowed if the standards in subsection 23.60A.442.D.4 are met;

15 2. Nonwater-oriented community centers are allowed if the standards in
16 subsection 23.60A.440.D.4 are met; ~~((and))~~

17 3. Wholesale showrooms are allowed as a conditional use if the standards in
18 subsection 23.60A.440.D.4 are met~~((:)); and~~

19 4. Uses identified in subsections 23.60A.442.D.1, 23.60A.442.D.2, and
20 23.60A.442.D.3 ~~((of Section 23.60.442))~~ are required to:

21 a. Be located on a development site where a new or existing water-
22 dependent use occupies a minimum of 25 percent of the developed portion of the development
23 site and located on the level that is closest to the water; and

24 b. Provide ecological restoration in an amount equivalent to the gross
25 floor area of the use that is nonwater-oriented and that is provided pursuant to Section
26 23.60A.159~~((within the same geographic area as the project))~~.

* * *

F. Offices and child care facilities on waterfront lots are allowed if they comply with the following standards:

1. The use is part of a development that includes:

a. New or existing water-dependent uses that occupy a minimum of 25 percent of the developed portion of the ~~((lot))~~development site; and

b. Ecological restoration in an amount equivalent in square footage to the gross floor area of the office or childcare facility and that is provided pursuant to Section 23.60A.159~~((within the same geographic area as the project))~~; and

2. If the use is over water, in addition to subsection 23.60A.442.F.1:

a. It is located on ~~((a))~~an existing or lawfully replaced wharf; and

b. Any offices are at least one story above wharf level.

* * *

H. Colleges, institutes for advanced studies, and vocational or fine art schools are:

1. Allowed if they are water-dependent or water-related;

2. Allowed as a shoreline conditional use if they are not water-dependent or water-related and the use is part of a development that includes:

a. New or existing water-dependent uses that occupy a minimum of 25 percent of the developed portion of the ~~development site~~~~((lot))~~; and

b. Ecological restoration in an amount equivalent to the gross floor area of any use that is nonwater-oriented and that is provided pursuant to Section 23.60A.159~~((within the same geographic area as the project))~~.

I. Light manufacturing

1. Light manufacturing is allowed if it is water-dependent or water-related.

2. Light manufacturing that is not water-dependent or water-related is allowed as a shoreline conditional use if:

1 a. Light manufacturing uses occupy no more than 25 percent of the
2 developed portion of the development site~~((~~lot~~))~~;

3 b. The use is part of a development that includes:

4 1) New or existing water-dependent uses that occupy a minimum
5 of 25 percent of the developed portion of the development site~~((~~lot~~))~~; and

6 2) Ecological restoration in an amount equivalent to the gross
7 floor area of any nonwater-oriented use is provided pursuant to Section 23.60A.159~~((within the~~
8 ~~same geographic area as the project))~~;

9 c. The use contributes to the maritime or tourist character of the area; and

10 d. The use on the development site~~((~~lot~~))~~ does not block the access to the
11 water or interfere with the ~~((use of the site by))~~ water-dependent or water-related uses on-site or
12 on adjacent properties.

13 * * *

14 Section 43. Section 23.60A.446 of the Seattle Municipal Code, as enacted by Ordinance
15 124105, is amended as follows:

16 **Part 2 Development Standards**

17 **23.60A.446 Height in the UH Environment**

18 A. Maximum height. The maximum heights in the UH Environment are as follows, as
19 modified in subsections 23.60A.446.B through 23.60A.446.~~((D))~~F:

20 * * *

21 F. Maximum height for rooftop features on upland lots between Bay St. and Yesler Way
22 that require view corridor setbacks pursuant to Section 23.49.024 is determined by the
23 underlying zone or special district, if height does not obstruct the view of the shoreline from a
24 substantial number of residences within or adjoining the Shoreline District, in which case the
25 Director may reduce the height allowed.

1 Section 44. Section 23.60A.450 of the Seattle Municipal Code, as enacted by Ordinance
2 124105, is amended as follows:

3 **23.60A.450 Shoreline and side setbacks in the UH Environment**

4 * * *

5 C. Existing structures and uses that would be considered nonconforming because they
6 are located in the required shoreline setback in the UH Environment are not regulated as ~~((a))~~
7 nonconforming structures based on setback standards. Such structures may not expand in any
8 manner in the setback but may be replaced if an area of ecological restoration, equivalent to the
9 footprint of the structure located in the shoreline setback, is provided pursuant to Section
10 23.60A.159 ~~((within the Shoreline District within the same geographic area as the site is~~
11 ~~provided))~~.

12 Section 45. Section 23.60A.460 of the Seattle Municipal Code, as enacted by Ordinance
13 124105, is amended as follows:

14 **23.60A.460 Incentive for public open space and viewing areas at Colman Dock**

15 * * *

16 B. Allowed departures

17 1. View corridor requirements. To create a unique viewing environment for
18 observing harbor activity, Elliott Bay, and the City and surrounding natural features, departures
19 from the standards of Section 23.60A.170, View corridors, and Section 23.60A.452, View
20 corridors in the UH Environment, may be permitted to consolidate required view corridors into a
21 large public view observation area meeting the following conditions:

22 a. The view observation area is a public open space that, at a minimum, is
23 open along its perimeter to views beyond pier development to the open water of Elliott Bay and
24 the Olympic Mountains; and

1 b. The view observation area substituting for required view corridors may
2 be located above street level, if the area meets the conditions for regulated public access above
3 street level in subsection 23.~~((4))~~60A.460.B.2.b.

4 * * *

5 Section 46. Section 23.60A.482 of the Seattle Municipal Code, as enacted by Ordinance
6 124105, is amended as follows:

7 **Part 1 Uses**

8 **23.60A.482 Uses in the UI Environment**

9 A. Use regulations

10 1. All uses on waterfront lots and over water are allowed, allowed as a special
11 use, allowed as a shoreline conditional use, or prohibited pursuant to Section 23.60A.090, this
12 Section 23.60A.482, ~~((and))~~Table A for 23.60A.482, and Section 23.60A.484. Use categories
13 and subcategories cover all uses in that category and subcategory except when a subcategory of
14 that use is specifically shown in Table A for 23.60A.482.

15 2. ~~((Table A))~~Waterfront lots, uses over water and water-dependent,~~((and))~~
16 water-related, and water-oriented uses

17 a. Table A for 23.60A.482 and subsections 23.60A.482.C through
18 23.60A.482.J apply to waterfront lots.

19 b. Uses over water are regulated in Section 23.60A.484.

20 c. If Table A for 23.60A.482 or the text of Section 23.60A.482 states that
21 a use is required to be water-dependent or water-related, a use that does not have the required
22 attribute is prohibited.

23 3. Regulations for specific shoreline modifications are set out in Sections
24 23.60A.172 through 23.60A.190.

25 B. Uses on upland lots are regulated in Section 23.60A.483.

~~((1. All uses allowed, allowed as a special use or allowed as a shoreline conditional use on waterfront lots are allowed on upland lots.~~

~~2. Uses prohibited on waterfront lots are regulated on upland lots by the underlying zones and are allowed, allowed as a shoreline conditional use, or prohibited as provided in the underlying zones, except for the following uses; these uses are prohibited on upland lots:~~

~~a. Transportation uses that are prohibited on waterfront lots; except for cargo terminals and passenger terminals;~~

~~b. Utility uses that are prohibited on waterfront lots except for:~~

~~1) Solid waste management that are not water dependent or water related excluding solid waste transfer stations; and~~

~~2) Recycling uses that are not water dependent or water related.~~

~~c. High Impact uses that are water related; and~~

~~d. Heavy manufacturing uses, including the extraction and mining of raw materials.))~~

~~X = Prohibited))~~

C. Limited commercial, storage and manufacturing uses

1. The following uses are allowed if they are water-dependent or water-related or if they are nonwater-oriented and meet the standards of subsections 23.60A.482.C.2, 23.60A.482.D, or 23.60A.482.G(;) and are prohibited otherwise:

1 a. Eating and drinking establishments, limited to an area equal to no more
2 than 2,500 ~~((sq ft))~~ square feet and not located within the Duwamish Manufacturing/Industrial
3 Center~~((:))~~;

4 b. Food processing and craft work, limited to material suppliers and repair
5 services;

6 c. Sales and services, general, limited to grocery suppliers and hardware
7 stores;

8 d. Sales and services, heavy, limited to material suppliers, repair services,
9 fuel suppliers, and crane operators;

10 e. Storage uses, limited to cold storage; and

11 f. Manufacturing limited to material suppliers and repair services.

12 2. To be allowed as a nonwater-oriented use the uses listed in subsection
13 23.60A.482.C.1 shall:

14 a. Provide a service used by a water-dependent or water-related use
15 located in the same sub-geographic area; and

16 b. The uses that are not water-dependent or water-related allowed in this
17 subsection 23.60A.482.C and subsections 23.60A.482.D and 23.60A.482.E.1 occupy~~((are limited~~
18 ~~to an area equal to))~~ no more than 20 percent of the dry land area of the development site~~((lot))~~.

19 3. Permits issued pursuant to ~~((this))~~ subsection 23.60A.482.C.2.b shall identify
20 the specific uses and gross floor areas of each use that is authorized by the permit under this
21 subsection 23.60A.482.C and the other uses that ~~((satisfy))~~ occupy the 80 percent dry ~~((lot))~~ land
22 area on the site~~((requirement))~~.

23 D. General commercial, storage and manufacturing uses

24 1. The following uses are allowed if they are water-dependent or water-related or
25 if the use is water-oriented and meet the standards of subsections 23.60A.482.C or

1 23.60A.482.G, or the standards of subsections 23.60A.482.D.2 through 23.60A.482.D.8;

2 otherwise, these uses are prohibited:

- 3 a. Food processing and craft work;
- 4 b. Laboratories, research and development;
- 5 c. Offices, limited to office((s)) uses that facilitate water-dependent and
6 water-related uses, such as yacht brokers, finance and insurance, and government agencies;
- 7 d. Sales and service, heavy, limited to heavy commercial sales,
8 construction services, and building maintenance services. Commercial laundry is prohibited;
- 9 e. Storage uses, except that mini-warehouse uses shall not be located in
10 the Duwamish Manufacturing/Industrial Center; and
- 11 f. Light, general and heavy manufacturing, except the heavy
12 manufacturing use extraction and mining of raw material, which is prohibited.

13 2. The ~~((total of the allowed))~~uses that are not water-dependent or water-related
14 as allowed in subsection 23.60A.482.C, this subsection 23.60A.482.D₂ and subsection
15 23.60A.482.E.1 occupy ~~((an))~~a total area equal to no more than 20 percent of the dry land area of
16 the ~~((lot))~~site.

17 3. The uses are located on the site to prevent conflicts with water-dependent or
18 water-related uses on-site and on abutting~~((adjacent sites))~~ properties.

19 4. Eating and drinking establishment and mini-warehouse uses shall not be
20 located in the Duwamish Manufacturing/Industrial Center.

21 5. If the site contains a structure meeting the standards of subsection
22 23.60A.486.B.2, the use is located in the structure that contains accessory uses for the water-
23 dependent and water-related use.

24 6. The use is part of a development or on a site that includes a water-dependent
25 use; ~~((and))~~

1 7. Ecological restoration in an amount equivalent to the gross floor area of the
2 nonwater-oriented use is provided pursuant to Section 23.60A.159~~((within the same geographic
3 area as the proposed project.))~~; and

4 8. Permits issued pursuant to this subsection 23.60A.482.D shall identify the
5 specific uses and gross floor areas of each use that is authorized by the permit under this
6 subsection 23.60A.482.D and the other uses that ~~((satisfy))~~ occupy the 80 percent dry ~~((lot))~~ land
7 area on the site~~((requirement))~~.

8 E. Entertainment uses

9 1. The entertainment use of indoor sports and recreation is allowed as a special
10 use if:

- 11 a. Located outside the Duwamish Manufacturing/Industrial Center;
- 12 b. Located in an existing building;
- 13 c. The use is located on site to prevent~~((does not))~~ conflict with the
14 operation of any water-dependent or water-related use ~~on-~~~~((the-))~~ site or on abutting properties,
15 ~~or ((create a))~~ jeopardize the safety ~~((issue-))~~ for users of the indoor sports and recreation use;
- 16 d. Parking is available to accommodate the use;
- 17 e. The ~~((total of the allowed-))~~ uses that are not water-dependent or water-
18 related as allowed in subsections 23.60A.482.C, 23.60A.482.D, and this subsection
19 23.60A.482.E.1 occupy ~~((an))~~ a total area equal to no more than 20 percent of the dry land area of
20 the development site~~((lot))~~.

21 f. Ecological restoration in an amount equivalent in square footage to the
22 gross floor area of the nonwater-oriented use is provided pursuant to Section
23 23.60A.159~~((within the same geographic area as the proposed project.))~~ and~~((:-))~~

24 g. Permits issued pursuant to this subsection 23.60A.482.E shall identify
25 the specific uses and gross floor areas of each use that is authorized by the permit under this
26
27
28

1 subsection 23.60A.482.E and the other uses that ~~((satisfy))~~ occupy the 80 percent dry ~~((lot))~~ land
2 area on the site~~((requirement))~~.

3 2. Entertainment uses are allowed in existing buildings at passenger terminals for
4 cruise ships if all of the following standards are met:

5 a. The use does not increase conflicts with water-dependent and water-
6 related uses on the site beyond that created by the passenger terminal use;

7 b. Ecological restoration is provided as a onetime condition as follows,
8 except as set out in subsection 23.60A.482.E.2.b.4:

9 1) In an amount equivalent in square footage to the gross floor
10 area of the entertainment use pursuant to Section 23.60A.159~~((within the same geographic area
11 as the proposed project.))~~;

12 2) If the entertainment use occurs fewer than 365 days per year,
13 the amount of ecological restoration shall be prorated by the number of days per year the
14 entertainment use occurs~~((-))~~;

15 3) The area used to calculate the ecological restoration shall be the
16 maximum area used for any one event; and

17 4) If the number of days used for the entertainment use increases
18 from the original permit, the ~~((-))~~ additional number of days shall be subject to an additional
19 permit, and ecological restoration shall be provided based on the additional days the site is used
20 per year; and

21 c. The entertainment use does not include adult cabaret, adult motion
22 picture theaters, and adult panorams.

23 * * *

24 I. Sewage treatment plants are allowed as a Council conditional use if:

25 1. Located in the Duwamish area;

2. A Plan Shoreline Permit is obtained pursuant to Section 23.60A.066 and a determination has been made for expansion of an existing sewage treatment plant that an alternative design and locating the expanded portion of the sewage treatment plant is infeasible and for a new sewage treatment plant that no feasible alternative location for the sewage treatment plant outside the shoreline exist as determined under Section 23.60A.066((an alternative location for expanding the sewage treatment plant is infeasible)));

* * *

Section 47. A new Section 23.60A.483 is added to the Seattle Municipal Code as follows:

23.60A.483 Uses allowed on upland lots in the UI Environment

A. Use regulations

1. All uses are allowed, allowed as a special use, allowed as a shoreline conditional use, or prohibited on upland lots pursuant to Section 23.60A.090, this Section 23.60A.483, and Table A for 23.60A.483. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.483.

2. If Table A for 23.60A.483 or the text of Section 23.60A.483 states that a use is required to be water-dependent or water related, a use that does not have the required attribute is prohibited.

Key to Table A for 23.60A.483 CU = Shoreline Conditional Use P = Allowed by permit SU = Special Use WD = Allowed for water-dependent uses; prohibited otherwise WD/WR = Allowed for water-dependent or water-related uses; prohibited otherwise WR = Allowed for water-related uses; prohibited otherwise X = Prohibited	

B. In the Duwamish area, yacht, boat and beach clubs, and recreational marinas are allowed as a shoreline conditional use and in Lake Union and the Ship Canal yacht boat and beach clubs and recreational marinas are allowed if:

1. The use does not include an eating and drinking establishment;
2. The use is located to not conflict with manufacturing uses because of dust or noise or other environmental factors, or parking and loading access needs or other safety factors; and
3. The use is located on lots that are not suited for a water-dependent or water-related manufacturing use or for other allowed water-dependent commercial uses because of an inadequate amount of dry land.

C. Minor communication utilities are allowed, except for freestanding transmission towers, which are prohibited.

D. Sewage treatment plants are allowed as a Council conditional use if:

1. Located in the Duwamish area;
2. A Plan Shoreline Permit is obtained pursuant to Section 23.60A.066 and a determination has been made for expansion of an existing sewage treatment plant that an alternative design and locating the expanded portion of the sewage treatment plant is infeasible

1 and for a new sewage treatment plant that no feasible alternative location for the sewage
2 treatment plant outside the shoreline exist as determined under Section 23.60A.066;

3 3. The plant is set back 60 feet from the line of the OHW mark;

4 4. Public access is provided along the entire length of the shoreline that is part of
5 the sewage treatment facility, except for any portion occupied by barge loading and unloading
6 facilities to serve the sewage treatment plant; and

7 5. All reasonable mitigation measures to protect views and to control odors,
8 noise, traffic and other adverse impacts on the human and natural environment are required.

9 E. Utility service uses are allowed if they reasonably require a shoreline location to
10 operate.

11 Section 48. Section 23.60A.484 of the Seattle Municipal Code, as enacted by Ordinance
12 124105, is amended as follows:

13 **23.60A.484 Uses allowed overwater in the UI Environment**

14 ~~((A--))~~In addition to uses allowed overwater in Section 23.60A.090, the following uses
15 are allowed in the UI Environment overwater in existing buildings or on existing structures, if
16 they are water-dependent and are otherwise prohibited;

17 ~~((1--))~~A. Commercial uses;

18 ~~((2--))~~B. Light and general manufacturing uses;

19 ~~((3--))~~C. Cargo and passenger terminals; and

20 ~~((4--))~~D. Uses specifically allowed at existing passenger terminals pursuant to
21 subsection 23.60A.482.E.

22 Section 49. Section 23.60A.486 of the Seattle Municipal Code, as enacted by Ordinance
23 124105, is amended as follows:

24 **Part 2 Development Standards**

25 **23.60A.486 Height in the UI Environment**

1 A. Maximum height. The maximum height is 35 feet, except as provided in subsections
2 23.60A.486.B through 23.60A.486.D.

3 B. Height exceptions

4 1. Cranes, mobile conveyers, light standards, and similar equipment necessary for
5 the function of water-dependent uses or the servicing of vessels may extend above the maximum
6 height limit;

7 2. The Director may authorize up to 55 feet in the Ballard/Interbay Northend
8 Manufacturing and Industrial Center and up to 80 feet for buildings and other structures in the
9 Duwamish Manufacturing/Industrial Center for the following structures:

10 a. Structures for water-dependent and water-related uses, for uses
11 accessory to a water-dependent or water-related uses, and for manufacturing if:

12 ~~((i))~~1) The structure requires additional height because of its
13 intended use; and

14 ~~((ii))~~2) The views from a substantial number of upland residences
15 would not be substantially blocked by the increased height;

16 b. An accessory structure to a water-dependent or water-related use if:

17 ~~((i))~~1) Allowing the additional height would result in a significant
18 amount of additional usable area for the principal water-dependent or water-related use and/or
19 additional area for ecological restoration and enhancement; and

20 ~~((ii))~~2) No more than 20 percent of the ~~((lot))~~site area is covered
21 by portions of the structure that exceed the maximum height established in ~~((subs))~~Section
22 23.60A.486; and

23 ~~((iii))~~3) Eighty percent of the ~~((lot))~~site is preserved through a
24 covenant for water-dependent and/or water-related uses if uses that are not water-dependent or
25 water-related occupy the structure; and

1 a. Table A for 23.60A.502 and subsections 23.60A.502.C through
2 23.60A.502.H apply to waterfront lots.

3 b. Uses over water on waterfront lots are regulated in Section 23.60A.504.

4 c. If Table A for 23.60A.502 or the text of Section 23.60A.502~~((or~~
5 ~~Section 23.60A.504))~~ states that a use is required to be water-dependent or water-related, a use
6 that does not have the required attribute is prohibited.

7 3. Regulations for specific shoreline modifications are set out in Sections
8 23.60A.172 through 23.60A.190.

9 B. ~~U~~~~((ses on u))~~pland lots are regulated in Section 23.60A.503.

10 ~~((1. All uses allowed, allowed as a special use or allowed as a shoreline~~
11 ~~conditional use on waterfront lots, are allowed on upland lots.~~

12 ~~2. Uses prohibited on waterfront lots are regulated on upland lots by the~~
13 ~~underlying zone and are allowed, allowed as a conditional use, or prohibited as provided in the~~
14 ~~underlying zones, except for the following uses; these uses are prohibited on upland lots:~~

15 a. ~~Transportation uses that are prohibited on waterfront lots except for:~~

16 1) ~~Vehicle storage and maintenance; and~~

17 2) ~~Heliports and helistops, which may be allowed as a Council~~
18 ~~conditional use if:~~

19 a) ~~The use is for takeoff and landing of helicopters that~~
20 ~~serve a public safety, news gathering or emergency medical care function, is part of an approved~~
21 ~~transportation plan and is:~~

22 i. ~~A public facility; or~~

23 ii. ~~Located at least 2,000 feet from a residential~~
24 ~~zone;~~

b) ~~The use is located to minimize adverse environmental impacts on lots in the surrounding area, and on public parks and other areas where substantial public gatherings may be held;~~

c) ~~The lot is of sufficient size that operations of the use and flight paths of helicopters can be buffered from the surrounding area;~~

d) ~~Open areas and landing pads shall be hard surfaced; and~~

e) ~~The use meets all federal requirements, including those for safety, glide angles and approach lanes.~~

b. Utility uses that are prohibited on waterfront lots, except for recycling uses that are not water dependent or water related;

c. High impact uses; and

d. Heavy manufacturing, including the extraction and mining of raw materials.))

~~X = Prohibited))~~

C. Limited commercial, storage and manufacturing uses

1. The following uses are allowed if they are water-dependent or water-related or if they are nonwater-oriented and meet the standards of subsection 23.60A.502((482)).C.2 or subsection ((23.60.A.482.D))23.60A.502.D, and are otherwise prohibited:

- a. Eating and drinking establishments, limited to 2,500 square feet in size;
- b. Food processing and craft work, limited to material suppliers and repair services;
- c. Sales and services, general; limited to grocery suppliers and hardware stores;
- d. Sales and services, heavy; limited to material suppliers, repair services, fuel suppliers, and crane operators;

1 e. Storage uses, limited to cold storage; and

2 f. Manufacturing, limited to material suppliers and repair services.

3 2. To be allowed as a nonwater-oriented use the uses listed in subsection

4 23.60A.502.C.1 shall:

5 a. Provide a service used by a water-dependent or water-related use
6 located in the same sub-geographic area; and

7 b. The uses that are not water-dependent or water-related allowed in this
8 subsection 23.60A.502.C and subsections 23.60A.502.D and 23.60A.502.E (~~are limited to~~
9 ~~an~~) must occupy a total area equal to no more than 20 percent of the dry land area of the
10 (~~lot~~) site, except as provided in subsection 23.60A.502.D.7.

11 3. Permits issued pursuant to this subsection 23.60A.502.C shall identify the
12 specific uses and gross floor areas of each use that is authorized by the permit under this
13 subsection 23.60A.502.C and the other uses that (~~satisfy~~) occupy the 80 percent dry (~~lot~~) land
14 area on the site (~~requirement~~).

15 D. General commercial, storage and manufacturing uses

16 1. The following uses are allowed if water-dependent or water-related, or if the
17 standards of subsections 23.60A.502.C(~~(-)~~) are met, or if the standards of subsections
18 23.60A.502.D.2 through 23.60A.502.D.8(~~(7)~~) are met; these uses are otherwise prohibited:

19 a. Food processing and craft work;

20 b. Laboratories, research and development;

21 c. Offices, limited to office(~~(s)~~) uses that facilitate water-dependent and
22 water-related uses, such as yacht brokers, finance and insurance, and government agencies;

23 d. Sales and service, heavy, limited to heavy commercial sales,
24 construction services, and building maintenance services; commercial laundry is prohibited;

25 e. Storage uses; and

1 f. Manufacturing, except that heavy manufacturing use, extraction and
2 mining of raw materials, is prohibited.

3 2. The ~~((total of the allowed))~~uses that are not water-dependent or water-related
4 as allowed in subsection 23.60A.502.C and this subsection 23.60A.502.D must occupy ((~~an~~))a
5 total area equal to no more than 20 percent of the dry land area of the ((~~the~~))site except as
6 provided in subsection 23.60A.502.D.7.

7 3. The uses ~~((are-))~~must be located on the site to prevent conflicts with water-
8 dependent or water-related uses on-site or on abutting ((~~adjacent sites~~))properties.

9 4. The use ~~((is-))~~must be located in the structure that contains accessory uses for
10 the water-dependent and water-related use if the site contains a structure meeting the standards of
11 subsection 23.60A.506.B.2.

12 5. The use ~~((is))~~must be part of a development or on a site that includes a water-
13 dependent use;

14 6. Ecological restoration in an amount equivalent in square footage to the gross
15 floor area of the nonwater-oriented use ~~((is))~~must be provided pursuant to Section
16 23.60A.159((within the same geographic area as the proposed project)); and

17 ~~((7. Permits issued pursuant to this subsection 23.60A.502.D shall identify the~~
18 ~~specific uses and gross floor area of each use that is authorized by the permit under this~~
19 ~~subsection and the other uses that satisfy the 80 percent dry lot area requirement.))~~

20 ~~((8))~~7. ~~((In addition to the offices allowed in subsection 23.60A.502.D.1.e,))~~
21 ~~((~~h~~))~~Nonwater-oriented office uses are allowed in a building existing on January 1, 2013, if:

22 a. An office use, whether principal or accessory, is established as of
23 January 1, 2013, for an area of the building equal to the area of the proposed office use;

24 b. The office use is limited to an area equal to 35~~((%))~~percent of the dry
25 land area of the site;

1 c. The office use is part of a development that includes a water-dependent
2 use that occupies ~~75((%))~~ percent of the site and is located on the same legal lot as the water-
3 dependent use; and

4 d. Ecological restoration in an amount equivalent in square footage to the
5 gross floor area of the nonwater-oriented use is provided pursuant to Section 23.60A.159~~((within~~
6 ~~the same geographic area as the proposed project))~~.

7 8. Permits issued pursuant to subsections 23.60A.502.D.2 and 23.60A.502.D.7
8 shall identify the specific uses and gross floor area of each use that is authorized by the permit
9 under this subsection 23.60A.502.D and the other uses that occupy the 80 percent dry land area
10 on the site, including the 75 percent water-dependent use requirement, if applicable.

11 E. Entertainment uses. The entertainment use of indoor sports and recreation is allowed
12 as a special use if:

- 13 1. Located outside the Duwamish Manufacturing/Industrial Center;
- 14 2. Located in an existing building;
- 15 3. The use is located on site to prevent~~((does not))~~ conflict with the operation of
16 any water-dependent or water-related use on ~~((the-))~~ site or on abutting properties, or ~~((create~~
17 ~~a))~~ jeopardize the safety ~~((issue-))~~ for users of the indoor sports and recreation use;
- 18 4. Parking is available to accommodate the use;
- 19 5. The ~~((total of the allowed-))~~ uses that are not water-dependent or water-related
20 as allowed in subsections 23.60A.502.C, 2360A.502.D, and this subsection 23.60A.502.E~~((-))~~
21 occupy ~~((an))~~ a total area equal to no more than 20 percent of the dry land area of the ~~((lot))~~ site,
22 except as provided in subsection 23.60A.502.D.7;

23 6. Ecological restoration in an amount equivalent to the gross floor area of the
24 nonwater-oriented use is provided pursuant to Section 23.60A.159~~((within the same geographic~~
25 ~~area as the proposed project))~~; and

7. Permits issued pursuant to this subsection 23.60A.502.E shall identify the specific uses and gross floor areas of each use that is authorized by the permit under this subsection 23.60A.502.E and the other uses that ~~((satisfy))~~ occupy the ~~((20))~~80 percent dry ~~((lot))~~land area on the site~~((requirement))~~.

F. Recreational marinas are allowed and yacht, boat and beach clubs are allowed as a shoreline conditional use, if:

1. The use does not include an eating and drinking establishment, except as allowed pursuant to subsection 23.60A.482.C;

* * *

Section 52. A new Section 23.60A.503 is added to the Seattle Municipal Code as follows:

23.60A.503 Uses allowed on upland lots in the UM Environment

A. Use regulations

1. All uses on upland lots are allowed, allowed as a special use, allowed as a shoreline conditional use or prohibited on upland lots pursuant to Section 23.60A.090, this Section 23.60A.503, and Table A for 23.60A.503. Use categories and subcategories cover all uses in that category and subcategory except when a subcategory of that use is specifically shown in Table A for 23.60A.503.

2. If Table A for 23.60A.503 or the text of Section 23.60A.503 states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

B. Certain commercial uses and institutional and residential uses

1. Office uses within the Lake Union area are allowed as a shoreline conditional use; and

2. Institutional uses that are not water-dependent or water-related and residential uses are allowed as a shoreline conditional use, if located in structures designated as Landmarks, pursuant to Chapter 25.12, Landmark Preservation.

C. Recreational marinas are allowed and yacht, boat and beach clubs are allowed as a shoreline conditional use, if:

1 1. Located so as to not conflict with manufacturing uses due to dust or noise or
2 other environmental factors, or parking and loading access needs or other safety factors; and

3 2. Located on lots that are not suited for a water-dependent or water-related
4 manufacturing use or for other allowed water-dependent or water-related commercial uses
5 because of an inadequate amount of dry land.

6 D. Heliports and helistops, which may be allowed as a Council conditional use if:

7 1. The use is for takeoff and landing of helicopters that serve a public safety,
8 news gathering or emergency medical care function, is part of an approved transportation plan
9 and is:

10 a. A public facility; or

11 b. Located at least 2,000 feet from a residential zone;

12 2. The use is located to minimize adverse environmental impacts on lots in the
13 surrounding area, and on public parks and other areas where substantial public gatherings may be
14 held;

15 3. The lot is of sufficient size that operations of the use and flight paths of
16 helicopters can be buffered from the surrounding area;

17 4. Open areas and landing pads shall be hard-surfaced; and

18 5. The use meets all federal requirements, including those for safety, glide angles
19 and approach lanes.

20 E. Minor communication utilities are allowed, except freestanding transmission towers,
21 which are prohibited.

22 F. Utility service uses are allowed if they reasonably require a shoreline location to
23 operate.

24 Section 53. Section 23.60A.504 of the Seattle Municipal Code, as enacted by Ordinance
25 124105, is amended as follows:

26 **23.60A.504 Uses allowed over water in the UM Environment**

1 A. In addition to uses allowed over water in Section 23.60A.090 and subsection
2 23.60A.504.C, the following uses are allowed over water on waterfront lots if the standards of
3 subsection 23.60A.504.B are met and are otherwise prohibited:

- 4 1. Commercial uses;
- 5 2. Light and general manufacturing;
- 6 3. Colleges, vocational schools and institutes for advanced study;
- 7 4. Passenger terminals;
- 8 5. Office uses accessory to a water-dependent or water-related use located on the
9 same lot; and
- 10 6. Storage uses accessory to a water-dependent use located on the same lot.

11 B. Standards required for uses listed in subsection 23.60A.504.A are as follows:

12 1. The depth of ~~((the))~~ dry land of all the waterfront lot area ((of the lot)) is less
13 than 50 feet measured from the OHW mark to the landward waterfront lot line;

14 * * *

15 C. In addition to the uses allowed over water in Section 23.60A.090 and subsection
16 23.60A.504.A, the following uses are allowed over water if they are not water-dependent or
17 water-related and if the requirements of subsection 23.60A.504.D are met and are otherwise
18 prohibited;

- 19 1. Custom and craft work;
- 20 2((3)). Storage uses, except as allowed in subsection 23.60A.504.A;
- 21 3((5)). Food processing; and
- 22 4((6)). Light, general and heavy manufacturing, except the extraction and mining
23 of raw materials, which is prohibited.

24 D. Standards required for uses listed in subsection 23.60A.504.C are as follows:

25 1. The depth of dry land of all the waterfront lot area((depth)) is less than 50 feet
26 measured from the OHW mark to the landward waterfront lot line;

2. The location of the use on dry land is not reasonable;
3. The use is on or in an existing structure;
4. There is no increase in overwater coverage;
5. The total of all ~~((non-water-dependent))~~ uses that are not water-dependant

~~((uses-))~~ does not exceed 10 percent of the lot including submerged land; and

6. Ecological restoration in an amount equivalent in square footage to the gross floor area of any use that is not water-dependent or water-related is required pursuant to Section 23.60A.159 ~~((within the same geographic area as the proposed project))~~.

Section 54. Section 23.60A.506 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

Part 2 Development Standards

23.60A.506 Height in the UM Environment

* * *

B. Height exceptions for water-dependent uses. The following height exceptions apply to water-dependent uses in the UM Environment:

1. Cranes, mobile conveyers, light standards, and similar equipment necessary for the function of water-dependent uses or the servicing of vessels may extend above the maximum height limit; and

2. Other structures required for uses that are accessory to a water-dependent or water-related use, including but not limited to accessory office, accessory warehouse, and accessory manufacturing facilities may be authorized up to 55 feet in the Ballard/Interbay Northend Manufacturing and Industrial Center by the Director if:

a. The accessory structure requires additional height because of its intended use; or

1
2
3
4
5
6
7
8
9
10
11
12
13
14
15
16
17
18
19
20
21
22
23
24
25
26
27
28

b. Granting additional height for the accessory structure would result in a significant amount of additional usable area for the principal water-dependent use, water-related use, and/or additional area for ecological restoration and enhancement; and

c. No more than 20 percent of the lot area is covered by portions of the structure that exceed the maximum height limit established in subsection 23.60A.506.B;

d. Eighty percent of the lot is preserved by covenant for water-dependent and/or water-related uses if uses that are not water-dependent or water-related occupy the structure; (~~and~~)

e. The views of the shorelines from a substantial number of residences on areas within and adjoining the Shoreline District would not be obstructed by the increased height; and

f. Permits issued pursuant to this subsection 23.60A.506.B shall identify the specific uses and gross floor areas of each use on the site.

* * *

Section 55. Section 23.60A.508 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.508 Lot coverage in the UM Environment

* * *

C. Lot coverage exceptions

1. Structures, including floats and piers, may occupy up to 65 percent of the submerged portion of a waterfront lot where the depth of the dry land of all the waterfront lot area is (~~that has a depth of~~) less than 50 feet measured from the OHW mark to the landward waterfront lot line (~~of dry land~~).

2. Dry docks may cover up to an additional 25 percent of submerged land for a maximum lot coverage of 75 percent of all uses combined.

1 Section 56. Section 23.60A.510 of the Seattle Municipal Code, as enacted by Ordinance
2 124105, is amended as follows:

3 **23.60A.510 Shoreline setbacks in the UM Environment**

4 A. A shoreline setback of 35 feet from the OHW mark is required for uses that are not
5 water-dependent or water-related except for upland lots abutting the water, in which case the
6 setback is measured from the most waterward side of the waterfront lot. No development, use, or
7 shoreline modification is allowed within this shoreline setback except as provided in Section
8 23.60A.167 and subsection 23.60A.510.C.

9 * * *

10 C. Structures for uses accessory to a water-dependent use on site are allowed if the
11 applicant demonstrates the conditions in subsection 23.60A.510.C.1 or 23.60A.510.C.2 exist and
12 the applicant complies with subsection 23.60A.510.C.3:

13 1. The structure is used for a facility that is ~~75((%))~~ percent a water-dependent
14 use and larger than ~~((5))~~ five acres and:

15 a. The applicant demonstrates that the placement of the proposed structure
16 outside the setback would interfere with the overall functionality of the water-dependent function
17 of the facility; and

18 b. An existing building on the development site of equal to overall size
19 within the setback is removed.

20 2. The new structure is located on a portion of the development site where water
21 access is not possible for the water-dependent use.

22 3. The applicant provides ecological restoration in an amount equivalent in
23 square footage to the gross floor area of the structure pursuant to Section 23.60A.159~~((within the~~
24 ~~same geographic area as the proposed project))~~.

25 D. Existing structures that would be considered nonconforming because they are located
26 in the required shoreline setback in the UM Environment are not regulated as ~~((a))~~

1 nonconforming structures based on setback standards. Such structures may not be expanded in
2 any manner in the setback but may be replaced if an area of ecological restoration equivalent to
3 the footprint of the structure located in the shoreline setback within the Shoreline District is
4 provided pursuant to Section 23.60A.159~~((within the same geographic area as the site is~~
5 ~~provided))~~ or if the applicant can demonstrate that the replacement structure would meet
6 sustainable development requirements, established by Director's Rule.

7 Section 57. Section 23.60A.512 of the Seattle Municipal Code, as enacted by Ordinance
8 124105, is amended as follows:

9 **23.60A.512 View corridors in the UM Environment**

10 * * *

11 B. The required view corridor width shall be reduced to 15 percent of the width of the lot
12 if water-dependent uses occupy more than 40 percent of the dry land area of the development
13 site~~((lot))~~.

14 * * *

15 Section 58. Section 23.60A.540 of the Seattle Municipal Code, as enacted by Ordinance
16 124105, is amended as follows:

17 **Part 1 Uses**

18 **23.60A.540 Uses in the UR Environment**

19 A. Use regulations

20 1. All uses are allowed, allowed as a special use, allowed as a shoreline
21 conditional use or prohibited pursuant to Section 23.60A.090, this Section 23.60A.540, and
22 Table A for 23.60A.540. Use categories and subcategories cover all uses in that category and
23 subcategory except when a subcategory of that use is specifically shown in Table A for
24 23.60A.540.

2. If Table A for 23.60A.540 or the text of Section 23.60A.540 states that a use is required to be water-dependent or water-related, a use that does not have the required attribute is prohibited.

3. Regulations for specific shoreline modifications are set out in Sections 23.60A.172 through 23.60A.190.

6 * * *

7 Section 59. Section 23.60A.575 of the Seattle Municipal Code, as enacted by Ordinance
8 124105, is amended as follows:

9 **23.60A.575 Shoreline setbacks in the UR Environment**

10 A. A shoreline setback of 35 feet from the OHW mark is required. No development, use,
11 or shoreline modification is allowed within this shoreline setback except as provided in Section
12 23.60A.167 and as follows:

13 1. The minimum necessary for:

14 a. Single-family dwelling units allowed pursuant to subsection
15 23.60A.282.E; and

16 b. One pedestrian pathway per single-family dwelling unit or for each 10
17 multifamily dwelling units, limited to 3 feet wide and constructed of pervious surface.

18 2. More than 15 feet landward of the OHW mark for one on-grade patio per
19 single-family dwelling unit or for each 10 dwelling units, limited to 45 square feet.

20 3. On smaller lots as follows:

21 a. If the dry land portion of the lot from OHW to the street is less than 70
22 feet but more than 35 feet, an existing single family residence may be replaced if the replacement
23 structure:

24 1) Is no closer to the OHW than the existing single family
25 residence;

1 2) Does not increase in size (height and footprint) within the
2 shoreline setback; and

3 3) Is located as far as possible from the OHW mark to
4 accommodate the size of the existing single family residence footprint; or

5 b. If the dry land portion of the lot from OHW to the street is 35 feet or
6 less, the replacement structure may be rebuilt within the shoreline setback if the replacement is
7 no larger in size (height and footprint) of the existing single family; and

8 c. Under subsection 23.60A.575.A.3.a or 23.60A.575.A.3.b if an area of
9 ecological restoration equivalent to the footprint of the structure located in the shoreline setback
10 within the Shoreline District is provided pursuant to Section 23.60A.159.

11 ~~B. ((Existing structures and uses that would be considered nonconforming~~
12 ~~because they are located in the required shoreline setback in the UR Environment are not~~
13 ~~regulated as a nonconforming structures based on setback standards. Such structures may not be~~
14 ~~expanded in any manner in the setback but may be replaced if an area of ecological restoration~~
15 ~~equivalent to the footprint of the structure located in the shoreline setback within the Shoreline~~
16 ~~District within the same geographic area as the site is provided))~~In addition to shoreline setback
17 required in subsection 23.60A.575.A, residences on waterfront lots shall not be located further
18 waterward than adjacent residences as measured in subsection 23.60A.206.B.2.

19 Section 60. Section 23.60A.578 of the Seattle Municipal Code, as enacted by Ordinance
20 124105, is amended as follows:

21 **23.60A.578 Regulated public access in the UR Environment**

22 A. Private property. Public access shall be provided and maintained on privately owned
23 waterfront lots for the following developments(~~(, except as modified by subsection this~~
24 ~~23.60A.578.A))~~ and uses:

* * *

1
2 (~~"Dry land" means land at an elevation above the line of ordinary high water in~~
3 ~~freshwater or mean higher high water in marine water.~~)

4 "Dry boat storage" means a "parking and moorage" use, in which space on a lot on dry
5 land, either open or inside a structure, is rented or sold to the public or to members of a yacht,
6 boat or beach club for the purpose of storing boats.

7 "Dry dock" means any method or mechanism by which a vessel can be removed from the
8 water for the purpose of viewing, working on, or painting the underwater portions of the vessel.

9 Dry docks include:

10 "Floating dry dock" means a strong decked barge that is submerged by filling it
11 with water over which a vessel is floated and which is then pumped out to lift the barge deck
12 clear of the water with the vessel sitting high and dry. It includes the wing walls needed to
13 provide enough flotation to prevent sinking all the way to the bottom.

14 "Marine railway dry dock" means a place where a vessel is tied to a carriage
15 which is then pulled out of the water on an inclined railway usually with winches. The rails are
16 spaced far enough apart to provide stability of the carriage with a vessel on it.

17 (~~"Floating dry dock" means a strong decked barge that is submerged by filling it~~
18 ~~with water. A vessel is floated over the submerged barge which is then pumped out to lift the~~
19 ~~barge deck clear of the water with the vessel sitting high and dry. The wing walls provide enough~~
20 ~~flotation to prevent sinking all the way to the bottom.~~)

21 "Synchrony-lift dry dock" means a stiffened deck or barge like structure that is
22 lifted out of water by lifting mechanisms such as winches or jacks operating synchronously.

23 "Travel-lift" means a motorized device like a lumber carrier (~~(which-))~~that drives
24 over water on two adjacent docks straddling the water to raise(~~(-A))~~ a boat in the water between
25 the two docks (~~(is raised out of the water by))~~using straps attached to winches. The travel_lift
26 then drives to an area on land(~~(upland site))~~ to set the boat (~~(down-))~~on blocks(~~(on land))~~).

1 "Dry land" means land at an elevation above the line of ordinary high water in freshwater
2 or mean higher high water in marine water.

3 "Duwamish" means the area of the Duwamish River from the south city limits north to
4 South Massachusetts Street on the east side and Southwest Florida Street on the west side, and
5 including Harbor Island and the East and West Duwamish Waterways.

6 " Dwelling unit" means a room or rooms, located within a structure or vessel, designed,
7 arranged, occupied, or intended to be occupied as living accommodations independent from any
8 other household. The existence of a food preparation area within the room or rooms shall be
9 evidence of the existence of a dwelling unit.

10 Section 64. Section 23.60A.912 of the Seattle Municipal Code, as enacted by Ordinance
11 124105, is amended as follows:

12 **23.60A.912 Definitions -- "F"**

13 * * *

14 "Feasible," except when used in the phrase "no feasible alternative location exists,"
15 means that an action, such as a development project, mitigation, or preservation requirement,
16 meets all of the following conditions:

- 17 1. The action can be accomplished with technologies and methods that have been
18 used in the past in similar circumstances, or studies or tests have demonstrated in similar
19 circumstances that such approaches are currently available and likely to achieve the intended
20 results;
- 21 2. The action provides a reasonable likelihood of achieving its intended purpose;
22 and
- 23 3. The action does not physically preclude achieving the project's primary
24 intended legal use.

25 In cases where this Chapter 23.60A requires certain actions unless they are infeasible, the
26 burden of proving infeasibility is on the applicant. In determining an action's infeasibility, the
27

1 reviewing agency may weigh the action's relative public costs and public benefits, considered in
2 the short- and long-term time frames.

3 “Feasible” when used in the phrase “no feasible alternative location exists” for a utility
4 service use, utility line, or sewage treatment plant means feasible as determined under
5 23.60A.066.

6 * * *

7 “Float” means a floating platform similar to a pier that is anchored or attached to pilings.
8 A float attached to a pier shall be considered part of the pier.

9 “Float” when it is used in connection with a vessel repair use includes a floating
10 platform used as a work platform to work on a vessel dock or pier.

11 “Float” when it is used in connection with a floating home means those elements
12 that provide the buoyancy necessary to keep the floating home above the water.

13 “Floating dry dock.” See “Dry dock.”

14 * * *

15 "Floating home site" means that part of a floating home moorage located over water
16 designated to accommodate one floating home.

17 “Floating on-water residence” means any floating structure, other than a floating home,
18 that is designed or used primarily as a residence, has detachable utilities, and is the subject of a
19 lease or sublease at a marina, or whose owner has an ownership interest in a marina, as of July 1,
20 2014. See RCW 90.58.270. For the purpose of this definition, a structure will be considered
21 “designed primarily as a residence” if it contains a dwelling unit.

22 ~~((“Freeboard” means the height of the main deck above the water line. Where the~~
23 ~~threshold of the main entrance to the structure is above the main deck, the freeboard is measured~~
24 ~~to the threshold of the main entrance.))~~

25 * * *

1 Section 65. Section 23.60A.914 of the Seattle Municipal Code, as enacted by Ordinance
2 124105, is amended as follows:

3 **23.60A.914 Definitions -- "G"**

4 "Geographic area" means one of seven defined geographic areas within Seattle as
5 follows: Lake Washington North, Lake Washington South, Lake Union and the Ship Canal,
6 Elliott Bay, the Duwamish River, Puget Sound North, and Puget Sound South. Sub-geographic
7 area means an area that is a maximum distance of 3 miles from a point within one of the above
8 geographic areas.

9 * * *

10 Section 66. Section 23.60A.916 of the Seattle Municipal Code, as enacted by Ordinance
11 124105, is amended as follows:

12 **23.60A.916 Definitions -- "H"**

13 * * *

14 "House barge" means a vessel that is designed or used as a place of residence without a
15 means of self-propulsion and steering equipment or capability.

16 (~~"House height" means the distance from the main deck to the top of the roof.~~)

17 * * *

18 Section 67. Section 23.60A.918 of the Seattle Municipal Code, as enacted by Ordinance
19 124105, is amended as follows:

20 **23.60A.918 Definitions -- "I"**

21 * * *

22 "Interpretive signs." See "Sign, interpretive."~~((means on-premise signs describing a~~
23 ~~natural or historic feature on the same site as the sign or seen from the site.))~~

24 Section 68. Section 23.60A.924 of the Seattle Municipal Code, as enacted by Ordinance
25 124105, is amended as follows:

26 **23.60A.924 Definitions -- "L"**

1 * * *

2 "Landfill" means sand, soil, gravel, or other material deposited landward of the OHW
3 mark and not in riparian corridors or in wetlands; see "Fill".

4 * * *

5 "Live-aboard vessel" means a vessel that is used as a single-family dwelling unit for
6 more than a total of 30 days in any 45 day period or more than a total of 90 days in any 365 day
7 period; or the occupant or occupants identify the vessel or the facility where it is moored as the
8 residence for voting, mail, tax, or similar purposes. Marinas may define "live-aboard((-)) use"
9 more narrowly than the above definition, but not more broadly.

10 "Lot coverage" means that portion of a lot occupied by the principal building, accessory
11 buildings and development including impervious surface, piers, floats, and dry((-))docks,
12 expressed as a percentage of the total lot area.

13 * * *

14 Section 69. Section 23.60A.926 of the Seattle Municipal Code, as enacted by Ordinance
15 124105, is amended as follows:

16 **23.60A.926 Definitions -- "M"**

17 * * *

18 "Mean higher high water (MHHW)" means a tidal datum. The average of the higher of
19 the high water heights, each tidal day, observed over the National Tidal Datum Epoch. For
20 stations with shorter series, simultaneous observational comparisons are made with a control tide
21 station in order to derive the equivalent or accepted values of the National Tidal Datum Epoch.
22 The elevation of this datum on the shore is the MHHW line.~~((the tidal elevation determined by~~
23 ~~averaging the higher of each day's two high tides at a particular location over recorded history.))~~

24 "Mean lower low water (MLLW)" means a tidal datum. The average of the lower of the
25 low water heights, each tidal day, observed over the National Tidal Datum Epoch. For stations
26 with shorter series, simultaneous observational comparisons are made with a control tide station

1 in order to derive the equivalent or accepted values of the National Tidal Datum Epoch. The
2 elevation of this datum on the shore is the MLLW line.~~((the 0.0 tidal elevation determined by~~
3 ~~averaging the lower of each day's two low tides at a particular location over recorded history.))~~

4 * * *

5 Section 70. Section 23.60A.928 of the Seattle Municipal Code, as enacted by Ordinance
6 124105, is amended as follows:

7 **23.60A.928 Definitions -- "N"**

8 * * *

9 "No net loss of ecological functions" means no degradation to habitat, including the
10 habitat forming processes, after project impacts and mitigation for the project impacts occur.

11 ~~((“Non-native aquatic species” means species for which Seattle is not within their natural~~
12 ~~range or within their natural dispersion area or species that have been brought to Seattle from~~
13 ~~another region, state or country.))~~

14 "Non-motorized boat landing area" means an area designed to allow vessels without
15 motors to land on dry land and is not designed to include a launching area~~((site))~~ for non-
16 motorized vessels.

17 “Non-native aquatic species” means species for which Seattle is not within their natural
18 range or within their natural dispersion area or species that have been brought to Seattle from
19 another region, state, or country.

20 * * *

21 Section 71. Section 23.60A.930 of the Seattle Municipal Code, as enacted by Ordinance
22 124105, is amended as follows:

23 **23.60A.930 Definitions -- "O"**

24 "OHW." See "Ordinary high water mark."

25 "Ordinary high water mark,"~~((;))~~ abbreviated "OHW mark," means, on all lakes, streams,
26 and tidal water, that mark that will be found by examining the bed and banks and ascertaining

1 where the presence and action of waters are so common and usual, and so long continued in all
2 ordinary years, as to mark upon the soil a character distinct from that of the abutting upland, with
3 respect to vegetation as that condition exists on June 1, 1971, or as it may naturally change
4 thereafter, or as it may change thereafter in accordance with permits issued by the Director or
5 Ecology: provided, that in any area where the ordinary high water mark cannot be found, the
6 ordinary high water mark adjoining saltwater shall be the line of mean higher high ~~water~~water((tide))
7 and the ordinary high water mark adjoining freshwater shall be the line of mean high water.

8 "Ordinary low water" means, in fresh water, the elevation of water at ordinary stages of
9 low water unaffected by drought and the low water level of Lake Washington, Lake Union, and
10 the Ship Canal as controlled by the Army Corps of Engineers.

11 ~~((“Overall length” is the length of the hull structure. It does not include elements such as~~
12 ~~bow sprits or figureheads.))~~

13 * * *

14 Section 72. Section 23.60A.934 of the Seattle Municipal Code, as enacted by Ordinance
15 124105, is amended as follows:

16 **23.60A.934 Definitions -- "R"**

17 * * *

18 “Reasonable use of property” means the use of property to which its owner is entitled
19 under the Constitution of the United States of America and the Washington State Constitution, as
20 interpreted by the highest courts of those jurisdictions.

21 “Remodel” means to rebuild the interior of existing structures without expanding any
22 portion of the structure and/or to change the siding material or architectural features on the
23 exterior of structures without expanding any portion of the structure.

24 “Remodel” for nonconforming structures and uses means renovations or
25 alterations the cost of which from the date of this ordinance does not equal or exceed 60 percent

1 of the market value of the development or of the portion of the development that is structurally
2 nonconforming or contains the nonconforming use prior to undertaking the work.

3 “Research use” means a use that conducts scientific investigation through survey,
4 collection of data, and/or experimental planting in wetlands.

5 "Residential use,"(;) except for vessels containing dwelling units (“~~live-aboard use~~”) as
6 defined in Section 23.60A.908,((924)) means the following uses:

7 * * *

8 Section 73. Section 23.60A.936 of the Seattle Municipal Code, as enacted by Ordinance
9 124105, is amended as follows:

10 **23.60A.936 Definitions -- "S"**

11 * * *

12 (~~“Sea state” means the general condition of the free surface on a large body of water,~~
13 ~~with respect to wind waves and swell, at a certain location and moment. A sea state is~~
14 ~~characterized by statistics, including the wave height, period, and power spectrum. Sea state~~
15 ~~varies with time as wind and/or swell conditions change. The sea state can either be assessed by~~
16 ~~an experienced observer, like a trained mariner, or through instruments like weather buoys, wave~~
17 ~~radar or remote sensing satellites.))~~

18 * * *

19 “Sign, raceboat sponsor” means an on-premises sign, located on a vessel that is in a race
20 sanctioned by an established and incorporated boat racing association or group that identifies the
21 persons sponsoring the vessel in the race, or noncommercial messages replacing this information.

22 “Site” means development site, except when (1) applying use standards that require
23 additional water-dependent and/or water-related uses to be part of the development or on a site,
24 such as in subsection 23.60A.382.C, it means contiguous parcels operated by the same
25 business/in the same ownership (under the same ownership), or (2) there is an adjective
26 describing the meaning of site, such as “floating home site.”

1 * * *

2 "Structure" means a permanent or temporary edifice or building, or any piece of work
3 artificially built or composed of parts artificially joined together in some definite manner,
4 whether installed on, above, or below the surface of the ground or water, including fences, walls,
5 signs, piers, floats and drydocks, but not including poles, flower-bed frames and other minor
6 incidental improvements, or vessels.

7 "Sub-geographic area" See "Geographic area."

8 "Submerged land" means all lands waterward of the ordinary high water mark or mean
9 higher high water, whichever is higher.

10 * * *

11 "Substantial improvement" and "substantially improved" means maintenance,
12 renovations, repairs, or alterations the cost of which in any five year period starting from the date
13 of this ordinance equals or exceeds 60 percent of the market value of the development, or for
14 alteration of nonconforming uses or development exceeds 60 percent of the market value of the
15 portion of the development that is structurally ((non-conforming))nonconforming or contains the
16 nonconforming use prior to undertaking the work.

17 (~~"Submerged land" means all lands waterward of the ordinary high water mark or mean~~
18 ~~higher high water, whichever is higher.))~~

19 "Synchrony-lift dry dock." See "Dry dock."

20 Section 74. Section 23.60A.938 of the Seattle Municipal Code, as enacted by Ordinance
21 124105, is amended as follows:

22 **23.60A.938 Definitions -- "T"**

23 "Transportation facilities" means the following uses:

- 24 -- Bridges and tunnels;
- 25 -- Cargo terminal;
- 26 -- Moorage;

- 1 -- Parking;
- 2 -- Passenger terminal;
- 3 -- Rail transit facilities;
- 4 -- Railroads;
- 5 -- Streets;
- 6 -- Transportation facilities, air;
- 7 -- Tugboat services; and
- 8 -- Vehicle storage and maintenance.

9 "Travel-lift" See "Dry dock."

10 * * *

11 Section 75. Section 23.60A.942 of the Seattle Municipal Code, as enacted by Ordinance
12 124105, is amended as follows:

13 **23.60A.942 Definitions -- "V"**

14 * * *

15 "Vehicle storage" vehicle storage does not include movable equipment used on-site that
16 is not routinely driven on a public right-of-way.

17 "Vessel" means ships, boats, barges, or any other floating craft that are designed and used
18 for navigation and do not interfere with the normal public use of the water, including historic
19 ships that do not have means of self-propulsion and steering equipment and house barges.

20 * * *

21 Section 76. Section 23.60A.944 of the Seattle Municipal Code, as enacted by Ordinance
22 124105, is amended as follows:

23 **23.60A.944 Definitions -- "W"**

24 * * *

1 "Water-dependent use" means a use that cannot exist in other than a waterfront location
2 and is dependent on the water by reason of the intrinsic nature of its operations. The following
3 uses are included:

4 Ferry and passenger terminals, marine construction and repair, aquaculture, cargo
5 terminal for marine commerce or industry, boat launch facilities, moorage, sale or rental of large
6 boats, tour boats, cruise ships, tug and barge operations, recreation that provides physical access
7 to the water, limnological or oceanographic research facilities that require the use of the adjacent
8 water for its operation. Water-dependent use includes businesses that receive or transport 50
9 percent or more product or material used in the business via the water adjacent to such business.

10 The following uses and similar uses are not water-dependent: offices, eating and drinking
11 establishments, catering services, non-marine sales and service, lodging, adult care centers, child
12 care centers, religious facilities, hospitals, and residential uses.

13 * * *

14 Section 77. Section 23.60A.958 of the Seattle Municipal Code, as enacted by Ordinance
15 124105, is amended as follows:

16 **23.60A.958 Calculation of percent of a development site~~((lot))~~ occupied by a specific**
17 **use**

18 The following measurement techniques shall be used to calculate the percentage of a
19 development site~~((lot))~~ occupied by a use for developments.

20 A. For purpose of this Section 23.60A.958, the development site~~((lot))~~ includes all
21 the~~((lot))~~ area within the Shoreline District including vacant lands, submerged and dry lands, and
22 lands ~~((available for))~~ currently and proposed to be leased from DNR for the development~~((and~~
23 ~~developed or proposed to be developed))~~, but excluding any area required for public access.
24 Submerged lands shall not be counted in calculating lot area for purposes of minimum lot area
25 requirements of single-family zones or density standards of other zones.

26 B. All lot area occupied by a specific use shall include:
27
28

* * *

2. The area outside of any structure, occupied by the use or its accessory uses, including the following:

a. Areas devoted to parking or access shall be as counted water-dependent and water-related uses to the extent that the parking or access is required by code for the water-dependent or water-related use on the development site~~((The area of any parking provided for the use in excess of required accessory parking spaces including aisles and turning areas))~~;

b. The area of any moorage occupied by the use including piers, floats, dockage areas, channels, and turning basins;

c. The area occupied by any storage accessory to the use.

C. The percent of the development site~~((lot))~~ occupied by a specific use shall be calculated by dividing the use area calculated in subsection 23.60A.958.B by the development site~~((lot))~~ area given in subsection 23.60A.958.A ~~((times))~~multiplied by 100.

D. To calculate the percent of dry land or percent of submerged lands occupied by a specific use or category of use, the dry lands and submerged lands shall each be calculated separately.

E. To calculate the percent of area occupied by a category of use such as nonwater-oriented~~((dependent))~~ commercial, the area occupied by all such uses as calculated above shall be summed and divided by the development site~~((lot))~~ area.

Section 78. Section 23.60A.970 of the Seattle Municipal Code, as enacted by Ordinance 124105, is amended as follows:

23.60A.970 General abbreviations and acronyms

BMPs — Best management practices

Ecology — Department of Ecology

DBH — Diameter at breast height

DNR — Washington State Department of Natural Resources

1 DPD — Department of Planning and Development

2 * * *

3 Section 79. Section 23.72.006 of the Seattle Municipal Code, last amended by Ordinance
4 124105, is amended as follows:

5 ~~((SMC))~~ **23.72.006 Application of regulations**

6 * * *

7 Section 80. Section 23.91.002 of the Seattle Municipal Code, last amended by Ordinance
8 124105, is amended as follows:

9 **23.91.002 Scope of Chapter 23.91**

10 A. Violations of the following provisions of Title 23 shall be enforced under the citation
11 or criminal provisions set forth in this Chapter 23.91:

12 * * *

13 6. The following violations of the Shoreline district((-)), Chapter 23.60A:

14 a. Discharging, leaking, or releasing solid or liquid waste and untreated
15 effluent, oil, chemicals, or hazardous materials into the water (subsection 23.60A.152.R);

16 b. Releasing debris and other waste materials from construction,
17 maintenance, repair, or in operation, or management of a property, into any water body
18 (subsections 23.60A.152.H, 23.60A.152.I, 23.60A.152.T, and 23.60A.152.U).

19 * * *

20 Section 81. A new Section 25.09.016 is added to the Seattle Municipal Code as follows:

21 **25.09.016 Environmentally critical areas in the Shoreline District**

22 Environmentally critical areas, as defined in subsection 23.60A.156.C, located within the
23 Shoreline District, as defined in Chapter 23.60A, are regulated pursuant to Section 23.60A.156.

24 Section 82. Section 25.09.020 of the Seattle Municipal Code, last amended by Ordinance
25 124447, is amended as follows:

1 **25.09.020 ((-)) Environmentally critical areas definitions**

2 The following are environmentally critical areas designated by this Chapter 25.09:
3 geologic hazard areas, steep slope areas, flood-prone areas, wetlands, fish and wildlife habitat
4 conservation areas, and abandoned landfills.

5 * * *

6 D. Fish and ~~((W))~~wildlife ~~((H))~~habitat ~~((C))~~conservation ~~((A))~~areas. The following are
7 fish and wildlife habitat conservation areas:

8 * * *

9 6. Priority habitat areas as regulated in Sections 23.60A.156 and 23.60A.160 and
10 setbacks as regulated in Sections 23.60A.156 and 23.60A.167, except that in the UI and UM
11 shoreline environments the portion of the setback that is an environmental critical area, as
12 regulated in Sections 23.60A.156 and 23.60A.167, is the setback measured from the ordinary
13 high water mark landward 15 feet.

14 * * *

15 Section 83. This ordinance shall take effect and be in force on whichever is the later of:
16 the effective date of approval and adoption by Ecology; or thirty (30) days from and after its
17 approval by the Mayor, but if not approved and returned by the Mayor within ten (10) days
18 after presentation, it shall take effect as provided by Municipal Code Section 1.04.020. The
19 Council intends the provisions of Ordinance 124105 to take effect as amended by the following
20 ordinances in the numerical sequence of their enactment: Ordinance 124447, Sections 1, 9, 13,
21 19, 20, and 22 amending Ordinance 124105, Sections 3, 38, 39, 40, 42, and 43, respectively; this
22 ordinance, Sections 9 and 82 further amending Sections 1 and 9 of Ordinance 124447,
23 respectively; and Section 1 of this ordinance amending Section 1 of Ordinance 124105; Sections
24 2-7, 10, 12-19, 21-32, 34-46, 49, 50, 51 and 53-78 of this ordinance amending Section 3 of
25 Ordinance 124105; and Sections 79 and 80 of this ordinance amending Sections 29 and 36 of
26 Ordinance 124105, respectively.
