1 WHEREAS, in February 2022, the City withdrew its SEPA decision to address the issues raised

3 permanent Floodplain Development Regulations; and

4 WHEREAS, in August 2024, the City published its State Environmental Policy Act (SEPA)

9 NOW, THEREFORE,

10 **BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:**

11 Section 1. The City Council makes the following legislative findings of fact and declares  
12 as follows:

13 A. The Council incorporates by reference the findings of fact contained in Ordinance  
14 126113.

15 B. In July 2020, the City Council passed, and the Mayor signed Ordinance 126113,  
16 establishing interim floodplain development regulations to maintain the City's standing in the  
17 Federal Emergency Management Agency's National Flood Insurance Program, enabling  
18 residents to continue to be eligible for flood insurance while preventing development  
19 incompatible with City goals related to development in the floodplains.

20 C. Since that time, the City has proposed permanent floodplain development regulations  
21 that included the amendments proposed in the interim regulations and additional code  
22 amendments and published a new State Environmental Policy Act (SEPA) decision on this  
23 proposal; however, due to factors detailed below, the work necessary to complete the permanent

1 regulations will not be completed before the expiration of the interim regulations on February 7,  
2 2025.

3 D. The City’s initial SEPA decision, published in July 2021, was appealed to the Hearing  
4 Examiner by the Port of Seattle (“Port”) and Port and City staff subsequently worked to resolve  
5 the issues raised by the Port with code amendments, Director’s Rules, Tips, and a variance  
6 guidance document.

7 E. The City withdrew its SEPA decision in February 2022 in order to reissue an updated  
8 SEPA analysis on the amended proposed permanent Floodplain Development Regulations that  
9 address some or all issues raised by the Port of Seattle.

10 F. The City issued a new SEPA decision in August 2024 and this decision was not  
11 appealed. However, the Port of Seattle continues to request additional amendments, and  
12 additional constituents have requested additional engagement with the City and FEMA.

13 G. Revised Code of Washington (RCW) 36.70A.390 authorizes the City to renew interim  
14 regulations by ordinance for a six-month period.

15 Section 2. Pursuant to RCW 36.70A.390, the interim regulations first set forth in  
16 Ordinance 126113, and as amended by Ordinance 126536, shall be renewed for a period of six  
17 months from the date this ordinance becomes effective, and shall automatically expire after the  
18 six-month period unless the same is extended as provided by statute, or unless terminated sooner  
19 by the City Council.

Section 3. This ordinance, which is not subject to referendum, shall take effect:  
immediately after its approval by the Mayor; immediately after its unsigned return by the Mayor;  
if the Mayor disapproves it and the Council upon reconsideration passes it again, immediately  
after that passage; or, if not returned by the Mayor within ten days after presentation, 15 days  
after its passage by the City Council.

Passed by the City Council the 4th day of August, 2025,  
and signed by me in open session in authentication of its passage this 4th day of  
August, 2025.

President \_\_\_\_\_ of the City Council
