**1. BILL SUMMARY**

**Legislation Title:** AN ORDINANCE relating to acceptance of funding from non-City sources; authorizing the Mayor or the Mayor’s designee to accept and authorize the expenditure of specified grants, private funding, and subsidized loans and to execute, deliver, and perform corresponding agreements; amending Ordinance 127362, which adopted the 2026 Budget, including the 2026-2031 Capital Improvement Program (CIP); changing appropriations to various departments and budget control levels, and from various funds in the Budget; revising project allocations for certain projects in the 2026-2031 CIP; and ratifying and confirming certain prior acts.

**Summary and Background of the Legislation:** This ordinance proposes the acceptance of grants and/or private funds or donations from various agencies and organizations and authorizes the expenditure of funding backed by their respective revenue sources.

During the year, City departments receive grant awards or opportunities for other funding resources that are not anticipated in the Adopted Budget. The City Budget Office formally accepts these funds by compiling departmental grants acceptances and similar agreements in separate ordinances throughout the year.

The attached ordinance contains requests related to grants, donations, or other private funding agreements, modifying the Adopted Budget for the first quarter of 2026. This ordinance includes language that automatically abandons automatic carryforward items between \$0.00 and \$1.00 without returning to Council. This provision assists departments in cleaning up small remaining appropriation authority before carryforward processes run. Remaining grant balances \$1.00 and over will continue to come to Council for abandonment.
