Fund	2025 Increase (Decrease)	2026 Increase (Decrease)
General Fund	\$0	\$0
Other Funds	\$0	\$0
Total Budget Balance Effect	\$0	\$0

DESCRIPTION

This Council Budget Action (CBA) would increase appropriations to the Office of Arts and Culture (ARTS) by \$224,000 Arts and Culture Fund in 2025 and \$224,000 Arts and Culture Fund in 2026, decrease proposed appropriations to Seattle Parks and Recreation (SPR) by \$224,000 Arts and Culture Fund in 2025 and \$224,000 in 2026, and increase both appropriations and revenues to SPR by \$224,000 Park and Recreation Fund in 2025 and \$224,000 Park and Recreation Fund in 2026 for Downtown Buskers. This CBA would reflect the existing requirement that admissions tax revenues are appropriated to the Arts and Culture Fund and to ARTS and ARTS' commitment to further allocate admission tax revenues to SPR through reimbursement to the Park and Recreation Fund. This CBA would not change the amount of support for this program from the allocation included in the 2025-2026 Proposed Budget. It would reflect the Council's decision not to pass the admissions tax legislation transmitted as part of the 2025-2026 Proposed Budget that would have allowed direct appropriations of admissions tax in the Arts and Culture Fund to departments other than ARTS.

DESCRIPTION

This Council Budget Action (CBA) would increase appropriations to the Office of Arts and Culture (ARTS) by \$436,000 Arts and Culture Fund in 2025 and \$444,000 Arts and Culture Fund in 2026, decrease proposed appropriations to Seattle Parks and Recreation (SPR) by \$436,000 Arts and Culture Fund in 2025 and \$444,000 Arts and Culture Fund in 2026, and increase both expenditures and revenues by \$157,000 Park and Recreation Fund in 2025 and \$165,000 Park and Recreation Fund in 2026 to SPR for Arts in Parks. Previously, the Arts in Parks program reimbursed ARTS for its grant-related expenditures for the program and this CBA would keep those funds in ARTS but leave the position supporting the program in SPR to be reimbursed by ARTS. These changes reflect the existing requirement that admissions tax revenues are appropriated to the Arts and Culture Fund and to ARTS as well as ARTS' commitment to further allocate revenues to SPR through reimbursement to the Park and Recreation Fund. DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Office of Arts and Culture (ARTS) by \$100,000 JumpStart Fund in 2025 (one-time) to support murals in and around the Ballard brewery district through the HopeCorps program. The Ballard Brewery district is a concentration of breweries located in the Ballard neighborhood with over a dozen breweries within an approximate one-mile radius between NW Market Street, 17th Ave. NW, NW 46th St., and 8th Ave. NW.

HopeCorps is an ARTS program started in 2021 to support economic recovery for Seattle's creative workforce by connecting under- and unemployed artists, creative workers, and culture keepers with career opportunities that contribute to the well-being of Seattle. Since 2021, the City has invested \$3.75 million in HopeCorps through more than 60 projects such as free workshops, murals, community meals, and media campaigns. The 2025-2026 Proposed Budget would add \$356,000 for HopeCorps in Chinatown International District, Little Saigon, King Street Station, Union Street Plaza, and Pioneer Square. CBA ARTS-009-A would add an additional \$250,000 for HopeCorps in Capitol Hill.

This one-time spending will not impact the long-term sustainability of the JumpStart fund in the future, but will reduce the near-term JumpStart Fund balance.

DESCRIPTION

This Council Budget Action (CBA) would correct errors in appropriations and revenues for the 2025-2026 Proposed Budget. Also, this CBA would correct several project pages in the 2025 – 2030 Proposed Capital Improvement Program (CIP). The City Budget Office (CBO) and Central Staff identified these errata after transmittal to the City Council.

Only transactions that correct appropriations or revenues that were included in the 2025-2026 Proposed Budget are included in the Summary of Dollar Effect tables above. Discrete corrections to appropriations and revenues are shown in separate transactions in the Transaction table below.

The corrections included in this CBA by department include:

Seattle Department of Transportation (SDOT) 1: Restore \$1,000,000 Transportation Fund to Arborist Services in 2025 and 2026. The baseline budget was inadvertently reduced by \$1,000,000 in 2025 and 2026. This action would restore baseline level funding for Arborist Services while reducing reserves in the Transportation Fund.

SDOT 2: Correct the Budget Summary Level (BSL) description in Attachment A (Appropriations by Budget Control Level) to the 2025 Budget Adoption Ordinance (CB 120905) for the SDOT Capital General Expense BSL to correctly reference the title of the BSL to read "The purpose of the Capital General Expense Budget Summary Level is to meet debt service obligations on funds borrowed to meet the Seattle Department of Transportation's capital expenditure requirements."

SDOT 3: Reduce Transportation Fund appropriations and revenues to zero for the Waterfront and Civic Projects BSL (BO-TR-16000) in the 2026 Proposed Budget. This reimbursable budget authority will not be required in 2026 as the project nears completion. The budget adjustment should have been included in the development of the Proposed Budget as part of the baseline.

DESCRIPTION

This Council Budget Action (CBA) would make the following changes:

(1) Increase proposed appropriations in the Seattle Department of Construction and Inspections (SDCI) by \$1.24 million Construction and Inspections Fund in 2025 (one-time) and increase position authority by 11.0 FTE for the six-month restoration of 14 positions (including three unfunded positions with sustained position authority) subject to layoff;

(2) Increase proposed appropriations in Seattle Information Technology (Seattle IT) by \$1.0 million JumpStart Fund in 2025 (one-time) and increase position authority by 12.0 FTE for the six-month restoration of 12 positions subject to layoff;

(3) Increase proposed appropriations in Finance and Administrative Services (FAS) by \$891,000 Finance and Administrative Services Fund in 2025 (one-time) and increase position authority by 12.5 FTE for the six-month restoration of 13 positions subject to layoff;

(4) Increase proposed appropriations in the Department of Neighborhoods (DON), FAS, and Seattle Department of Human Resources (SDHR) by a total of \$706,000 GF in 2025 (one-time) and increase position authority by a total of 8.0 FTE for the six-month restoration of eight positions subject to layoff; and

(5) Impose a proviso on each of the department's 2025 budget to restrict use of the funds to retaining these positions.

2025-2026 COUNCIL BUDGET ACTION

This version of the CBA reflects removal of 5.0 FTE (total of seven positions) that are now vacant:

- SDCI, 1.0 FTE Permit Specialist Supervisor (#10005942) and two unfunded positions Land Use Planner II (#10004368) and Land Use Planner III (#10005730);
- FAS, 1.0 FTE Senior Accountant (#10007149);
- SDHR, 1.0 FTE Management Systems Analyst (#10005785); and
- Seattle Parks and Recreation, 1.0 FTE Administrative Specialist II-BU (#00019936) and 1.0 FTE Senior Recreation Program Specialist (#10007716)

The provisos on a portion of each of the six department's 2025 Proposed Budget would restrict use of the increased appropriations.

This CBA would impose the following provisos:

"Of the appropriation in the 2025 Budget for the Seattle Department of Construction and Inspection's Land Use & Engineering Services Budget Summary Level (SDCI-BO-CI-U2000), \$1,236,822 is appropriated solely for retaining any combination of the following positions: Land Use Planner II (#10003705), Land Use Planner III (#10005732, #10005733, #10005936, #10005937, #10006798, #10006800, #10006801, #10006802, #10006803, #10006804, #10006806, #10006807), and Land Use Planner IV (#10006808) and may be spent for no other purpose."

"Of the appropriation in the 2025 Budget for Seattle Information Technology's Frontline Services and Workplace Budget Summary Level (ITD-BO-IT-D0400), \$920,624 is appropriated solely for retaining any combination of the following positions: Information Technology Professional C-BU (#00015680, #00023001, #00024970, #00025133, #00025973, #10002225, #10002700, #10006190, #10006948) and Information Technology Systems Analyst (#00017293, #00019233) and may be spent for no other purpose."

"Of the appropriation in the 2025 Budget for Seattle Information Technology's Applications Budget Summary Level (ITD-BO-IT-D0600), \$92,353 is appropriated solely for retaining the following position: Strategic Advisor 1, Information Technology (#10006743) and may be spent for no other purpose."

"Of the appropriation in the 2025 Budget for the Finance and Administrative Services' Citywide Operational Services Budget Summary Level (FAS-BO-FA-0001), \$63,582 is appropriated solely for retaining the following position: Administrative Staff Analyst (#10002511) and may be spent for no other purpose."

The financial plans for the Construction and Inspections Fund, JumpStart Fund, and Finance and Administrative Services Fund included in the 2025-2026 Proposed Budget show a positive unrestricted fund balance in 2026 and beyond. The one-time spending in this CBA would not impact the sustainability of these funds in the future.

The one-time spending in this CBA would not impact the projected ongoing operating GF deficit in the 2027-2028 biennium.

2025 STATEMENT OF LEGISLATIVE INTENT

V1

CBO-002S-A

Request that CBO collaborate with SDHR to report on developing or enhancing programs for City employees subject to layoff

SPONSORS

Budget Committee

DESCRIPTION

This Statement of Legislative Intent (SLI) would request that the City Budget Office (CBO) collaborate with the Seattle Department of Human Resources (SDHR) to report on developing or enhancing programs related to employment or other opportunities for City employees subject to layoff. This SLI relates to CBO-002-A-2, which would provide a six-month restoration of City positions subject to layoff in the Department of Neighborhoods, Finance and Administrative Services, Seattle Department of Construction and Inspections, SDHR, and Seattle Information Technology.

SDHR currently administers the following programs for employees subject to layoff:

- Project Hire job referral program for civil service employees,
- Reinstatement list for civil service employees,
- Learning and skill building opportunities,
- Employee Assistance Program services, and
- Continued healthcare coverage under the Consolidated Omnibus Budget Reconciliation Act (COBRA).

This SLI requests CBO to work with SDHR to (1) further develop or enhance programs for City employees subject to layoff, (2) propose a timeline and implementation plan, and (3) provide accompanying policies or legislation, as appropriate.

CBO and SDHR are encouraged to consider a wide variety of enhancements, including but not limited to clearly describing the Project Hire program criteria and nomination process; expanding coverage of the Project Hire and reinstatement list to exempt employees; broadening the scope of job referrals in the Project Hire program; and increasing visibility and notice of layoff programs and career transition resources.

2025 STATEMENT OF LEGISLATIVE INTENT

V2

CBO-003S-A

Request that CBO report on past budget underspend and grants

SPONSORS

Sara Nelson

DESCRIPTION

This Statement of Legislative Intent (SLI) would request that the City Budget Office (CBO) provide a report on historical underspend from 2018 through 2023, organized by fund and department. The report should analyze and identify the specific reasons for the underspend, and where appropriate (e.g. affordable housing), identify reforms and process improvements to expend appropriations more expeditiously.

This SLI would also request that CBO and Central Staff collaborate on a process that uses information from the twice-yearly budget-to-actual reports requested of CBO and the Office of City Finance in Resolution 32116, and other budget monitoring systems used by the Executive, to demonstrate the need for additional appropriations in comprehensive supplemental budget requests, including the annual carryforward legislation, the mid-year supplemental budget legislation, and the year-end supplemental budget legislation. This process should analyze budget savings during the year as a way to streamline requests for additional appropriations.

Finally, this SLI would request that CBO develop a searchable and sortable database of outstanding City contracts and grants (exclusive of EDI awards) as of December 31, 2024, encompassing the three departments with the largest portfolio of grants to non-profit providers. At a minimum, this database must include: (1) the contracting/granting City agency; (2) the date the item was originated; (3) the amount of the item; (4) the name of the receiving organization; (5) the contract/grant deliverables; and (6) any performance measures listed in the contract/grant.

2025 STATEMENT OF LEGISLATIVE INTENT

V1

CBO-004S-A

Request that CBO and SCERS analyze an early retirement incentive for City employees

SPONSORS

Budget Committee

DESCRIPTION

This Statement of Legislative Intent requests that the City Budget Office (CBO) work with the Seattle City Employees Retirement System (SCERS) to evaluate the financial and operational impacts of providing an early retirement incentive to City employees. As the City enters a period of slower growth, such an incentive could be a useful tool for managing transitions in the City's workforce.

This project improves pedestrian and bicycle safety around schools. The work typically includes school zone signing and 20mph flashing beacons; new crosswalks; curb bulbs; crossing beacons and pedestrian signals; new sidewalks and maintenance; traffic calming; changes to traffic circulation around schools; installation of school zone cameras; and school walking route maps. The base level of transportation funding provides improvements at approximately three to four schools per year. The project also funds safe biking and walking education and traffic safety outreach campaigns. Operation of school zone cameras is directly funded from the Seattle Police Department budget.

O&M Impacts: SDOT has individual project budgets for the maintenance of painted markings, signage, signals, bridges and roadway structures, urban forestry, and sidewalks and pavement; these budgets are constrained by the availability of transportation specific and general funds. The SDOT Asset Management website (<https://www.seattle.gov/transportation/about-sdot/asset-management>) provides unconstrained operational cost forecasting by asset type, typical lifecycle and average maintenance cost ranges.

This ongoing project provides funding for asset renewal in parks and recreation facilities citywide, including athletic fields, play areas, swimming pools, trails, buildings, accessibility elements, outdoor infrastructure, and related work. This project also funds integrated asset management to track and forecast long-term asset and maintenance needs. Typical major maintenance improvements may include, but are not limited to renovating buildings, Americans with Disabilities (ADA) access improvements, replacing play area structures, forest, landscape, trail maintenance and improvements, swimming pool repairs, athletic field refurbishment, and installation of energy efficient lighting, and related major maintenance work. These projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, reclaim Parks property, and improve the overall park experience for the public.

This project provides for investment in more energy efficient building systems and other facility efficiency improvements. By making these investments the City expects future savings in utility costs, and significant progress toward carbon neutrality. This program is intended to fund facility retrofit projects identified by energy audits. These projects are identified and worked on in collaboration with the Office for Sustainability and Environment (OSE) and funding varies by year.

Energy Efficiency for Municipal Buildings

Project Category:	Improved Facility	Location:	Multiple City facilities
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This project funds energy efficiency work across City facilities, managed by the Office of Sustainability and Environment (OSE), in support of the City's goal to achieve a 20% reduction in building energy use by the year 2020. OSE will implement a package of energy efficiency projects, as well as continue a suite of O&M improvements, program management, measurement and tracking, and building assessments. The energy efficiency upgrades are expected to generate utility rebates paid by Seattle City Light and Puget Sound Energy, to be deposited into the General Subfund. Work may include but is not limited to, building tune-ups, facility improvements, building energy upgrades, and energy efficiency measures.

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Seattle Center (CEN) by \$250,000 JumpStart Fund in 2025 and \$250,000 JumpStart Fund in 2026 for the Bumbershoot Workforce Development Program (BWDP) in conjunction with the annual Bumbershoot Arts and Music Festival held at the Seattle Center.

The 2025-2026 Proposed Budget would not continue the 2024 one-time support of \$150,000 JumpStart Fund and \$100,000 Arts and Culture Fund for the BWDP. Ending City support would not necessarily end the program. The program without sufficient support would reduce or eliminate stipends or even institute tuition fees, but could continue.

The total annual budget of BWDP is approximately \$480,000. Costs for administration, instructional wages and other costs of approximately \$230k in 2024 are static, whereas \$250k in program expenses (stipend payments, internship wages and other participant support costs) are scalable. Third Stone, the City's non-profit Bumbershoot partner, is actively seeking grants and private donations. Third Stone successfully garnered state funding in the past and hope to achieve that again in 2025.

The financial plan for the JumpStart Fund included in the 2025-2026 Proposed Budget shows a positive unrestricted fund balance in 2027 and beyond. This CBA would reduce the unrestricted fund balance but based on the current financial plan, this ongoing appropriation can be supported without creating a deficit in this fund in the future.

This CBA would reverse the proposal in the 2025-2026 Proposed Budget to use admissions tax rather than GF to support cultural administration staff, reflecting the October revenue forecast that decreased admissions tax projections, but maintaining the overall amount of support proposed in the 2025-2026 Proposed Budget.

This CBA worsens the projected ongoing operating deficit in the GF beginning in the 2027-2028 biennium by \$442,000.

CIV-001-A

Increase CIV by \$312,000 GF (2025) and \$331,000 GF (2026) and 1.0 FTE Senior Personnel Analyst for an annual firefighter exam process

SPONSORS

Budget Committee

FINANCIAL SUMMARY

Fund	2025 Increase (Decrease)	2026 Increase (Decrease)
General Fund	\$(311,708)	\$(331,484)
Total Budget Balance Effect	\$(311,708)	\$(331,484)

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to Civil Service Commissions (CIV) by \$312,000 GF in 2025 and \$331,000 GF in 2026 and increase position authority by 1.0 FTE Senior Personnel Analyst for an annual firefighter exam process. The increased appropriations would cover necessary labor and non-labor expenses.

Currently, CIV conducts an entry-level firefighter exam every two years. CIV is responsible for organizing pre-application workshops, managing the application process, and responding to applicant inquiries, many of which require individualized assistance. The entry-level firefighter exam is the City’s largest hiring process, attracting between 3,700 and 7,500 applicants. In 2022, the exam resulted in an eligible roster of 1,624 candidates who were subject to further evaluation by the Seattle Fire Department (SFD). Ultimately, SFD aims to hire and train 60-80 recruits per year.

This CBA would provide CIV with the necessary resources to conduct an entry-level firefighter exam on a yearly basis. The proposed appropriations would fund the addition of one position to support the exam process and resources to cover space rental in a conference center and hiring a consultant/exam vendor.

The goal of an annual firefighter exam is for SFD to have a refreshed list of eligible candidates every year to increase candidate response rates and result in a greater volume of recruits hired on a permanent basis. Under the current cadence of entry-level testing every two years, SFD observes a lower response and interest from candidates during the second year of the eligibility register’s use. On average, SFD permanently hires about 73 percent of each recruitment class (i.e., about 57 firefighters).

SFD vacancies are higher than normal. SFD has position authority for 1,111 uniformed members. The current vacancy rate is 11.1 percent (i.e., 123 vacancies), partially due to the recent addition of 24 FTE to maintain operations at Fire Stations 26 and 37 in West Seattle. On average, the vacancy rate is about 7.7 percent. In 2023, SFD experienced 96 firefighter separations, including SFD recruits who did not

2025-2026 COUNCIL BUDGET ACTION

graduate from recruit school and SFD firefighters who separate from service, typically due to retirement. This shortfall means that firefighters must work additional shifts on an overtime basis to meet minimum staffing levels. This CBA aims to restore SFD's firefighter staffing level to its historic norm.

This CBA would worsen the projected ongoing operating deficit in the GF beginning in the 2027-2028 biennium by \$331,000.

Increase DEEL by \$500,000 Families and Education Levy (2025) for Child Care Assistance Program

General Fund	\$0	\$0
Other Funds	\$(500,000)	\$0
Total Budget Balance Effect	\$(500,000)	\$0

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Department of Education and Early Learning (DEEL) by \$500,000 Families and Education Levy (FEL) Fund in 2025 (one-time) for the Child Care Assistance Program (CCAP).

CCAP helps families living within Seattle city limits pay for the cost of child care for children one month to 12 years of age, for households below 94 percent of the State Median Income.

Since mid-2023, CCAP has had a waitlist. As of September 2024, the waitlist consisted of 386 families. The 2025 Proposed Budget would slightly increase CCAP's subsidies for families not participating in the Seattle Preschool Program to \$4.5 million, and does not propose additional funding to address the waitlist. This CBA would reduce the estimated 2025 waitlist by approximately 25 percent.

The Families and Education Levy (FEL) was approved by voters in 2011 and was replaced by the Families, Education, Preschool and Promise (FEPP) Levy in 2018. At the end of 2025, the FEL Fund is anticipated to have an unreserved fund balance of \$847,000. DEEL intends to retire the FEL Fund and transfer all remaining FEL fund balance to the FEPP Levy Fund by the end of 2025. This CBA combined with the FEL fund balance usage in CBA-002-A-2 would result in a remaining FEL fund balance of \$204,000.

Consistent with this CBA, the Families and Education Levy (FEL) has a stated purpose to contribute to the academic success of Seattle's children, and identifies access for low-income families to high quality childcare among its core strategies. By adopting this CBA, Council is authorizing the appropriation of unreserved FEL fund balance to a program that qualifies as an Education Support Service according to Section 6 of Ordinance 123567.

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Department of Education and Early Learning (DEEL) by \$143,000 GF in 2025 (one-time), and impose a proviso on that funding, to contract with an organization that provides after-school and summer learning programs grounded in ethnic studies for middle school students, such as El Centro de la Raza's Roberto Maestas After School Program.

The funding is intended to support programs that emphasize activities that allow students to understand and embrace their own cultural backgrounds and learning needs, develop cultural confidence as learners, provide services to family members supporting students in their academic success, and provide academic support for maintaining appropriate grade level skillsets.

In order to balance this General Fund appropriation, this CBA would also shift \$143,000 in funding for the Parent-Child Plus Program from General Fund to the Families and Education Levy (FEL). The Families and Education Levy (FEL) was approved by voters in 2011 and was replaced by the Families, Education, Preschool and Promise (FEPP) Levy in 2018. At the end of 2025, the FEL Fund is anticipated to have an unreserved fund balance of \$847,000. DEEL intends to retire the FEL Fund and transfer all remaining FEL fund balance to the FEPP Levy Fund by the end of 2025. This CBA combined with the FEL fund balance usage in CBA-001-A-1 would result in a remaining FEL fund balance of \$204,000.

This CBA would impose the following proviso:

"Of the appropriations in the Department of Education and Early Learning's 2025 budget for the K-12 Programs Budget Summary Level (DEEL-BO-EE-IL200), \$143,000 is appropriated solely for after-school and summer learning programs grounded in ethnic studies for middle school students, and may be spent for no other purpose."

DESCRIPTION

This Council Budget Action would increase appropriations to the Department of Neighborhoods (DON) by \$208,000 GF in 2025 and \$228,000 GF in 2026 for the Neighborhood Matching Fund (NMF). It would restore the reduction proposed in the 2025-2026 Proposed Budget. As stated by DON, the NMF was created to provide matching dollars for neighborhood improvement, organizing, or projects developed and implemented by community members. Central to NMF is the community match which requires awardees to match their award with contributions from the community whether as volunteer time, donated materials, donated professional services, or cash. Neighborhood groups, community organizations, informal groups, and business groups who want to do a project to build stronger community connections are encouraged to apply. All applicant groups must be open and inclusive, actively engage diverse community members, and be significantly composed of people who live and/or work in Seattle. The CBA would make a total of \$2.3 million available for these purposes each year.

This CBA worsens the projected ongoing operating deficit in the GF beginning in the 2027-2028 biennium by \$228,000.

This Council Budget Action (CBA) would increase appropriations to the Department of Neighborhoods (DON) by \$125,000 GF in 2025 and \$125,000 GF in 2026 to support a community safety coordinator for Capitol Hill. Community safety coordinators fulfill a variety of roles related to community safety in neighborhoods. DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Department of Finance and Administrative Service (FAS) by \$495,000 FAS Fund (2025) and \$495,000 FAS Fund (2026) for Priority Hire to restore funding proposed to be cut in the 2025-2026 Proposed Budget. Priority Hire is program that provides job training, skill development, and apprenticeship utilization for construction careers on City capital projects or women, people of color, and other residents with social or economic disadvantages.

The financial plan for the Finance and Administrative Services Fund included in the 2025-2026 Proposed Budget shows a positive unrestricted fund balance in 2026 and beyond. This CBA will reduce the unrestricted fund balance but based on the current financial plan, this ongoing appropriation can be supported without creating a deficit in this fund in the future.

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Department of Finance and Administrative Services (FAS) by \$50,000 REET I in 2025 (one-time) for an engineering study of options for replacement of a deteriorating waterproof membrane roofing system below the Garden of Remembrance (MC-FA-GARDENREM) Capital improvement Program (CIP) project at Benaroya Hall.

The City owns Benaroya Hall, which is operated pursuant to an agreement with the Benaroya Hall Music Center, a non-profit organization associated with the Seattle Symphony.

The financial plan for the REET I Capital Projects Fund included in the 2025-2026 Proposed Budget shows a positive unrestricted fund balance in 2026 and beyond. This one-time spending will not impact the sustainability of this fund in the future.

2025 STATEMENT OF LEGISLATIVE INTENT

FAS-004S-A

Request that FAS report on implementing a comprehensive responsible contractor policy for City contracts

SPONSORS

Dan Strauss

DESCRIPTION

This Statement of Legislative Intent (SLI) requests that the Department of Finance and Administrative Services (FAS) report on implementing a comprehensive responsible contractor policy for City contracts.

The City has legislated a variety of requirements in the Seattle Municipal Code for City contracts, including but not limited to equality in contracting (Chapter 20.42); nondiscriminatory provision of benefits (Chapter 20.45); and commitment to engaging in fair and responsible business practices (Chapter 20.46). In Chapter 20.46, contractors are prohibited from engaging in “unfair business practices,” which are limited to criminal or systematic deceptive, fraudulent, or abusive acts under state and federal consumer laws.

This SLI requests FAS to work in consultation with the City Attorney’s Office, stakeholders, and other jurisdictions to (1) develop contract requirements that expand upon existing legal obligations and require a comprehensive commitment to responsible business practices, (2) provide an implementation plan for adopting such requirements, and (3) provide accompanying legislation, as appropriate.

When developing additional contract requirements, FAS should consider model policies, such as the Sound Transit Responsible Contractor Policy, and the following criteria:

- Demonstrated compliance with local, state, and federal labor standards;
- Employee compensation that supports workforce equity and is at or above the prevailing or living wage;
- Provision of workforce benefits, such as health insurance and compensated days off;
- Prioritization of worker safety and promotion of training opportunities to improve the quality of the workforce;
- Provision of a worker complaint and grievance procedure;
- Respect for the right of employees to bargain collectively and commitment to remaining neutral in labor organizing drives;
- Established labor harmony agreement; and
- Support for environmental and energy efficiency policies.

2025 STATEMENT OF LEGISLATIVE INTENT

FAS may consider whether certain criteria are appropriate for specific types of contracts, such as those for projects valued above \$373,000 and requiring a request for proposal or request for qualification process.

DESCRIPTION

This Council Budget Action (CBA) recognizes the impacts to the General Fund (GF) and other non-transportation funds from the Office of Economic and Revenue Forecasts (OERF)/City Budget Office (CBO) October 2024 forecast update. In August of each year, the City receives a revenue forecast that is used for the Mayor's budget proposal, followed by a fall update during Council's budget deliberations. Details on the 2025 and 2026 impacts from the October revenue forecast update are listed below by fund:

- General Fund (00100): This change decreases GF revenues by \$16.9 million in 2025 and by \$25.2 million in 2026 due to decreases in property tax, retail sales tax, business and occupation tax, private utility taxes and parking fees.
- JumpStart Fund (14500): This change increases JumpStart Fund revenues by \$10.5 million in 2025 and \$14.6 million in 2026 due to increases in payroll expense tax revenues.
- Real Estate Excise Tax I and II Funds (30010/30020): This change increases combined Real Estate Excise Tax Fund I/II revenues by \$2.6 million in 2025 and \$5.5 million in 2026 due to increases in taxable property sales.
- Arts & Culture Fund (12400): This change decreases Arts & Culture Fund revenues by \$530,000 in 2025 and \$550,000 in 2026 due to decreases in admissions tax revenues.
- Short Term Rental Tax Fund (12200): This change increases Short Term Rental Tax Fund revenues by \$618,000 in 2025 and \$771,000 in 2026 due to increases in short term rental tax revenues.

FINANCIAL SUMMARY

DESCRIPTION

This Council Budget Action (CBA) would increase appropriations to the Human Services Department (HSD) by \$1.9 million in 2025 and \$1.9 million in 2026 from the Low-Income Housing Fund investment earnings to be used for homelessness prevention services, which include rent payments and rent arrears.

The Seattle Housing Levy Administrative and Financial Plan for Program Years 2024-2026, adopted by City Council in 2024, requires that investment earnings from the Rental Preservation and Production Program be used to fund the Homelessness Prevention and Housing Stability Program. Eligible uses include rent payments, rent or utility arrears, security and utility deposits, other move-in costs and transportation assistance. Households must be at or below 50% AMI to qualify and must be at risk of homelessness and have been determined to have a housing crisis. In addition to the funds added through this CBA, the 2025-2026 Proposed Budget provides \$2.4 in 2023 Housing Levy funding and \$2.4 million GF for homelessness prevention.

This CBA is one-time for 2025 and 2026, as investment earnings fluctuate by year and future amounts are not known. This CBA does not impact the projected ongoing operating GF deficit in the 2027-2028 biennium.

General Fund	\$(3,200,000)	\$(2,678,000)

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Human Services Department (HSD) by \$3.2 million in 2025 (one-time) and \$2.7 million in 2026 (ongoing) to fund the start-up and operational costs for up to two new non-congregate shelters, such as tiny house villages (THVs), or net new beds at existing non-congregate shelters. Council's intent is to reserve a portion of the new units created through this CBA for unsheltered people in high impact areas.

Funding would include:

- \$1.9 million for start-up costs in 2025.
- \$650,000 of one-time funding in 2025; this assumes that new shelters or new beds will become operational in July 2025, so that only a half year of operating costs will be incurred.
- \$2.7 million in ongoing funding in 2026; this assumes a full year of operating costs and incorporates a 3% increase over what a full year of 2025 costs would have been, consistent with the projected 3% inflationary adjustment for HSD administered contracts in 2026.

The CBA assumes that it will take six months for non-congregate shelters or new units to become operational. The funding in this CBA can be used for any type of non-congregate shelter. Non-congregate shelter operational costs for THVs range from a low of \$22,000 to a high of \$56,000, per unit, with an average per unit cost of \$35,000. Operational costs depend on a number of factors, including the type of project, lease costs, needs and acuity of population being served and on-site services offered. Master leasing an apartment building for shelter could cost around \$45,000 a unit, including all services. As such, the number of units possible with this funding ranges from 48-122, with 77 using the average cost of \$35,000 per unit for THVs. There are other longer-term cost considerations as well. For example, THVs are sometimes located on sites that are only temporarily available - such as vacant land that will eventually be developed - and need their relocation costs to be covered in order to continue operations at another site.

2025-2026 COUNCIL BUDGET ACTION

The City of Seattle currently provides an estimated \$29 million in funding for at least 19 non-congregate shelters, including 17 THVs. This Council Budget Action would provide funding for two additional non-congregate shelters.

This CBA worsens the projected ongoing operating deficit in the GF beginning in the 2027-2028 biennium by \$2.7 million

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Human Services Department (HSD) by \$129,000 GF in 2025 and \$129,000 GF in 2026 for legal services for homeless youth. Council has identified the organization Legal Counsel for Youth and Children for this funding and requests that the HSD Director waive the requirements of subsection 3.20.050.B, as authorized by subsection 3.20.050.C.

The 2025-2026 Proposed Budget eliminated \$124,000 in funding to Legal Counsel for Youth and Children to provide legal services for homeless youth. This CBA fully restores that amount and provides a 4.4 percent inflationary adjustment over the 2024 contract amount that would have been applied had this funding remained in HSD's proposed 2025-2026 base budget.

This CBA worsens the projected ongoing operating deficit in the GF beginning in the 2027-2028 biennium by \$129,000.

DESCRIPTION

This Council Budget Action (CBA) adds \$1 million GF (ongoing) and \$250,000 GF (one-time) in 2025 and \$1 million GF (ongoing) and \$250,000 GF (one-time) in 2026 to the Human Services Department (HSD) for one or more of the following purposes: 1) food, staffing, and operational expenses for food banks; 2) meal provider programs, including in-person, to-go, and delivery; and 3) the Culturally Nourishing Foods Program.

There were three one-time allocations in the 2024 Adopted Budget for food and nutrition programs, totaling \$992,000, that were not part of the 2025-2026 Proposed Budget. Those were: \$650,000 for food banks; \$300,000 for meal providers; and \$42,000 for senior meal programs. Additionally, the 2025-2026 Proposed Budget reduced funding for the Culturally Nourishing Foods Program by \$350,000. In addition to this CBA, HSD-011-A provides \$250,000 for capital needs for the Rainier Valley Food Bank and HSD-010-A-B provides \$250,000 for equipment, supplies and capital facilities improvements to increase meal provider service capacity. If all three CBAs were to pass, total food and nutrition investments in HSD's 2025-2026 Proposed Budget would increase from \$24.1 million to \$25.9 million in 2025 and from \$24.4 million to \$25.9 million in 2026.

Council requests that HSD submit a report, after awards are made, that details what organizations received the funding in this CBA and the amounts received.

This CBA worsens the projected ongoing operating deficit in the GF beginning in the 2027-2028 biennium by \$1 million.

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Human Services Department (HSD) by \$100,000 GF in 2025 (one-time) and \$100,000 GF in 2026 (one-time) for free tax preparation services. Council has identified the United Way of King County (UWKC) for this funding and requests that the HSD Director waive the requirements of subsection 3.20.050.B, as authorized by subsection 3.20.050.C. The 2024 Adopted Budget contained a one-time appropriation of \$100,000 for UWKC’s tax preparation program, which was not renewed in the 2025-2026 Proposed Budget.

DESCRIPTION

This Council Budget Action (CBA) would increase appropriations to the Human Services Department (HSD) by \$168,000 GF in 2025 and \$168,000 GF in 2026 for a transitional housing program. Council has identified Uplift Northwest for this funding and requests that the HSD Director waive the requirements of Seattle Municipal Code subsection 3.20.050.B, as authorized by subsection 3.20.050.C.

Uplift Northwest's Transitional Housing Program operates out of the Kasota building located in Belltown and currently leases 47 units in the building from a private landlord. This funding would support Uplift Northwest's operating costs, which include the cost of leasing these units along with providing the supportive services necessary to transition the residents into long-term and permanent housing solutions. Council also requests that the Human Services Department work with Uplift Northwest to explore options for acquiring the Kasota building.

HSD-007S-A

Request that HSD and OH provide a report on Good Neighbor Agreements

SPONSORS

Robert Kettle, Sara Nelson

DESCRIPTION

This Statement of Legislative Intent (SLI) requests that the Human Services Department (HSD) and the Office of Housing (OH), working with the King County Regional Homelessness Authority (KCRHA), provide a report on Good Neighbor Agreements (GNA). For the purpose of this SLI, GNAs are agreements that are designed to proactively manage relationships with neighboring community stakeholders, including residents and businesses, related to a physical location that 1) provides affordable housing to any population, including Permanent Supportive Housing or 2) provides services to people experiencing homelessness, such as but not limited to, day centers and shelters.

The report should include the following information:

- 1) Describe HSD, OH and KCRHA's current practices regarding GNAs for City-funded projects, including:
 - a) the specific types of city-funded projects for which a GNA is required; b) what, if any, minimum standards are required for all GNAs; c) the length of time that a GNA is required for a project (for example, one year versus on-going)
- 2) Describe the types of issues that existing GNAs are designed to address
- 3) Describe any relevant legal limitations to requiring providers to address illegal or disruptive behavior happening both internally and externally to the building, for example on the sidewalk or right of way.
- 4) Describe how those limitations can be overcome based on best practices. For example, does proactive outreach for medication management or other types of substance abuse treatment reduce GNA-related issues?
- 5) Describe best practices for GNAs based on local, state and national research, including recommended best practices for regularly reaching out to neighborhood residents to understand and pro-actively address concerns (for example via community meetings, a survey, etc.).
- 6) Assess the option of requiring GNA longer than one year for OH-funded projects (the current standard) and describe any cost or other impacts to consider in doing so
- 7) Recommend a consistent set of standards that the City should incorporate into all GNAs and specify what types of projects should be subject to a GNA.
- 8) Provide a plan and timeline for incorporating the recommended set of standards into existing and new provider contracts for implementation no earlier than January 1, 2026. The report should detail any challenges, and how to address them, related to amending existing contracts in order to integrate this recommended set of standards.
- 9) Recommend a plan for monitoring and enforcing provider compliance with GNA standards as incorporated into their contracts.

2025 STATEMENT OF LEGISLATIVE INTENT

Background on Current GNA practices

The Human Services Department (HSD) requires that providers who operate services such as shelters, day centers and transitional housing to use good neighbor agreements. HSD contracts for these services, which transferred to KCRHA in 2022, include such agreements as a required performance standard. Agreements vary by project and are informed by local community input.

The Office of Housing (OH) requires a good neighborhood agreement for the first year of operations of all affordable housing projects, including but not limited to Permanent Supportive Housing. In addition, OH loan documents require each project's management plan to describe their community relations plans and processes for resolving neighborhood complaints. OH Asset management staff reviews management plans as the project is becoming operational to make sure the plan addresses all the provisions required in their loan agreement. Organizations are required to provide OH with any changes to their management plans on an annual basis.

HSD should submit the reports to the Chair of the Housing and Human Services Committee by July 30, 2025.

DESCRIPTION

This Council Budget Action would increase proposed appropriations to the Human Services Department (HSD) by \$4,000,000 GF in 2025 (one-time) for capital needs related to providing services for homeless youth and young adults. Council has identified YouthCare for this funding and requests that the HSD Director waive the requirements of subsection 3.20.050.B, as authorized by subsection 3.20.050.C.

YouthCare intends to use this funding for its Constellation Center project. The Constellation Center is being developed in partnership with Community Roots Housing. It will have 84 units of affordable housing, along with an 18,000 square foot space for workforce development programs and other social services, including classrooms, office, meeting rooms, a computer lab, and a café. In 2021, the Office of Housing provided a \$9 million award to Community Roots Housing for the affordable housing portion of the project. In 2020 and 2021, the Human Services Department provided \$1.5 million in funding for the workforce development space through its capital facilities program. YouthCare has identified a remaining \$10 million gap related to tenant improvements for the workforce development space, which this CBA would partially address. The project is anticipated to break ground in 2025.

This CBA does not impact the projected ongoing operating GF deficit in the 2027-2028 biennium.

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Human Services Department (HSD) by \$250,000 JumpStart Fund in 2025 and \$250,000 Jump Start Fund in 2026 for increased support for participants in the Seattle Youth Employment Program (SYEP).

The Seattle Youth Employment Program (SYEP) supports young people (ages 16 to 24) from qualifying-income households and communities that experience racial, social, and economic disparities. The program’s goal is to increase youth and young adults’ ability to pursue careers that pay well and are meaningful to them.

The 2024 Adopted Budget included \$250,000 for the Office of Economic Development (OED) to provide wraparound support and curriculum/content development for the “Learn and Earn” programming. The funding through OED paid for a portion of two temporary HSD staff, a Content and Curriculum Specialist and an Admin Specialist position.

The 2025-2026 Proposed Budget would retain HSD’s funding for SYEP at \$2.4 million, but reduce the funding from OED’s budget. The proposed reduction would result in the Admin Specialist position transitioning back into a seasonal position, and the Content and Curriculum Specialist being let go. This CBA would restore the \$250,000 in HSD directly to continue staffing at the 2024 level.

The financial plan for the JumpStart Fund included in the 2025-2026 Proposed Budget shows a positive unrestricted fund balance in 2026 and beyond. This CBA will reduce the unrestricted fund balance but based on the current financial plan, this ongoing appropriation can be supported without creating a deficit in this fund in the future.

Total Budget Balance Effect	\$(110,000)	\$(110,000)

DESCRIPTION

This Council Budget Action (CBA) would increase appropriations to the Human Services Department (HSD) by \$110,000 GF in 2025 and \$110,000 GF in 2026 for technical assistance to community organizations that support immigrants, refugees, communities of color, low-income, and other marginalized people. Council has identified the organization Communities Rise for this funding and requests that the HSD Director waive the requirements of subsection 3.20.050.B, as authorized by subsection 3.20.050.C.

The 2025-2026 Proposed Budget eliminated \$215,000 in funding to Communities Rise for this purpose. This CBA fully partially restores that amount. This CBA worsens the projected ongoing operating deficit in the GF beginning in the 2027-2028 biennium by \$110,000.

DESCRIPTION

This Council Budget Action (CBA) would increase appropriations to the Human Services Department (HSD) by \$52,000 GF in 2025 and \$52,000 GF in 2026 to provide direct legal representation, advice and counsel to single adults and families who have received an adverse decision regarding denial, termination, reduction or overpayment of state public assistance. Council has identified Solid Ground for this funding and requests that the HSD Director waive the requirements of subsection 3.20.050.B, as authorized by subsection 3.20.050.C.

The 2025-2026 Proposed Budget eliminated \$50,000 in funding to Solid Ground for legal services for adults receiving an adverse benefit decision. This CBA fully restores that amount, and provides a 4.4 percent inflationary adjustment over the 2024 contract amount that would have been applied had this funding remained in HSD's proposed 2025-2026 base budget.

This CBA worsens the projected ongoing operating deficit in the GF beginning in the 2027-2028 biennium by \$52,000, as it uses one-time resources to fund an ongoing investment.

DESCRIPTION

This Council Budget Action (CBA) would increase appropriations in the Human Services Department (HSD) by \$470,000 GF in 2025 and \$470,000 GF in 2026 to support recovery support services by one or more providers for individuals with severe opioid use disorder. The services could include, but are not limited to, contingency management, access to on-demand Medication for Opioid Use Disorder (MOUD) treatment, such as mobile telehealth consultations for Sublocade, and peer navigation training. This CBA would replace HSD-026-A that was in the Chair's Balancing Package.

Contingency management is an evidence-based treatment method administered by substance use disorder (SUD) professionals that incentivizes sobriety through small rewards. One step in the recovery process could be for participants to utilize medication assisted treatment, which could include methadone, buprenorphine, or Sublocade, long-acting form of buprenorphine. Peer navigators, people who have been successful in the recovery process, can help others experiencing similar situations and can effectively extend the reach of treatment beyond the clinical setting into the everyday environment. The 2025-2026 Proposed Budget also funds a variety of opioid-related activities with approximately \$1.9 million annually in opioid lawsuit settlement funds.

This CBA worsens the projected ongoing operating deficit in the GF beginning in the 2027-2028 biennium by \$470,000.

DESCRIPTION

This Council Budget Action (CBA) would impose a proviso on \$2,000,000 GF in the Human Services Department (HSD) for:

- 1) 1.0 FTE commercial sexual exploitation (CSE) Victim Advocate in HSD to partner with the Seattle Police Department (SPD) on diversion to direct services and supports and coordinate CSE work between SPD and community-based CSE service providers contracting to partner with SPD on diversion to direct services and supports for persons being commercially sexually exploited;
- 2) appropriate emergency assistance funds for CSE work by HSD CSE victim advocates and community-based service providers who are working in partnership with SPD on diversion to direct services and supports;
- 3) contract(s) with community-based advocates to provide supports for persons being commercially sexually exploited, to include collaboration with SPD on diversion supports and services;
- 4) contract(s) to provide immediate bed expansion with existing 'receiving center'(s) for persons who are being commercially sexually exploited;
- 5) contract(s) to establish a new 'receiving center' for persons who are being commercially sexually exploited.

It is the intent of the Council that, to the greatest extent possible:

- 1) procurement of funding subject to this proviso shall be conducted on an expedited basis to provide additional CSE supports as soon as is reasonably possible within existing HSD procurement policies;
- 2) contracts with community-based CSE advocates will ensure that they are available around the clock to provide survivor supports and collaborate with SPD, and organizations awarded funding for this purpose have experience working with law enforcement on diversion services and provision of CSE supports; and,
- 3) receiving centers funded through this source will be accessible around the clock.

2025-2026 COUNCIL BUDGET ACTION

This Council Budget Action would impose the following proviso:

"Of the appropriations in the Human Services Department's (HSD's) 2025 general fund budget, \$2.0 million is appropriated solely for the following purposes:

- 1) 1.0 FTE commercial sexual exploitation (CSE) Victim Advocate in HSD to partner with the Seattle Police Department (SPD) on diversion to direct services and supports and coordinate CSE work between SPD and community-based CSE service providers contracting to partner with SPD on diversion to direct services and supports for persons being commercially sexually exploited;

The Council has identified Consejo Counseling and Referral Services for this funding and requests that the HSD Director waive the requirements of Seattle Municipal Code subsection 3.20.050.B, as authorized by subsection 3.20.050.C. This CBA imposes a proviso on \$250,000 GF in 2025 for contracted services with Consejo Counseling and Referral Services for culturally and linguistically-appropriate services to address gender-based violence in the Latinx community.

This Council Budget Action would impose the following proviso:

"Of the appropriations in the Human Services Department's (HSD's) 2025 budget for the Gender-Based Violence Services Budget Summary Level (PO-HAS-H4500), \$250,000 is appropriated solely for contracted culturally-specific services to address gender-based violence in Latinx and/or Spanish-speaking communities to be provided by Consejo Counseling and Referral Services. Request that HSD report on sobering center needs

SPONSORS

Maritza Rivera, Sara Nelson

DESCRIPTION

This Statement of Legislative Intent (SLI) would request that the Human Services Department (HSD) report on various dimensions of a potential future sobering center in Seattle. The report shall include:

- A data-informed recommendation about best-practices for the design and operation of a sobering center;
- Analysis of the feasibility of such a sobering center being used to address individuals arrested under Seattle’s drug possession laws; this analysis should include an evaluation of the number of individuals who would need to be sent to a sobering facility, and the feasibility for such a facility to be secure; that evaluation should include collaboration with Seattle Police Department where appropriate;
- Discussion of HSD’s involvement in the Seattle-based sobering center being planned by King County; and,
- Analysis of any opportunity to use the King County sobering center to meet Seattle’s needs.

Sobering centers serve people experiencing homelessness or housing precarity by providing them an indoor place to rest, typically overnight. Many shelters will not accept individuals who are or who seem intoxicated, who may be incontinent due to intoxication, or who may become argumentative or aggressive when they become sober. Individuals may also have other behavioral-health issues with symptoms that shelter operators mistakenly associate with intoxication or substance use disorder (SUD). Sobering centers can be a last-resort indoor place of refuge for individuals facing a complex set of challenges.

Individuals who are severely intoxicated cannot give informed consent to connection with SUD treatment resources, which could include assignment to a case manager, medication-assisted treatment (MAT) such as buprenorphine administration, and entry into inpatient treatment. When an individual regains sufficient sobriety to give informed consent while at a sobering center, an opportunity is created to connect that individual not only with needed treatment but with additional assistive resources.

The Dutch Shisler Sobering Center (“KC Sobering Center”), which was funded by King County and operated through a contract with Pioneer Human Services, left its longtime rented Boren Avenue location in 2019 when the building was sold. At that time, the KC Sobering Center served over 1,500 per year, providing health-supervised shelter for up to 80 individuals per night. Following the Center’s closure at that location, King County briefly secured sequential temporary locations for its operation, but at this time there is no permanent sobering center operating in Seattle. Without a sobering center, first responders sometimes transport individuals to hospital Emergency Departments to rest and recover overnight. In 2021 King County expressed intent to direct \$3.8 million in COVID-19 federal

2025 STATEMENT OF LEGISLATIVE INTENT

funding to establish a new sobering center in Seattle. King County Department of Community and Human Services (DCHS) has indicated that as of late October, 2024 they are in final stages of review of a proposal to site a new sobering center in Seattle. DCHS has stated that they are coordinating with HSD and the Mayor's office on these plans and anticipate the center opening in 2025.

The report should be submitted to the Housing and Human Services Committee and the Central Staff Director by June 30, 2025.

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Human Services Department (HSD) budget by \$1.0 million GF in 2025 (one-time) to support public safety improvement efforts in the Chinatown International District (CID) neighborhood as follows:

- 1) The Council has identified We Deliver Care for \$500,000 of this funding and requests that the HSD Director waive the requirements of Seattle Municipal Code subsection 3.20.050.B, as authorized by subsection 3.20.050.C. The Council intends funding to be provided to We Deliver Care to support contracted public safety improvement services in the Little Saigon areas of the CID including de-escalation and incident stabilization, overdose reversal interventions, services referrals, and supports to local businesses with public safety concerns; and,
- 2) The Council intends, to the greatest extent possible, for \$500,000 to be procured to one or more community-based organization(s) for public safety engagement efforts in the CID, with a focus on de-escalation and other public safety enhancement efforts to mitigate safety concerns for CID seniors commuting, and youth and travelling to school in the CID, to be provided by organizations such as the International District Emergency Center and/or We Deliver Care.

DESCRIPTION

This Council Budget Action (CBA) would increase appropriations to Seattle Information Technology (Seattle IT) by \$1.6 million GF in 2025 and \$1.6 million GF in 2026, and add 6.0 FTE positions to restore operations and non-governmental programming for the Seattle Channel. This CBA would also increase \$100,000 GF in 2025 and \$100,000 GF in 2026 for the Seattle Channel Maintenance and Upgrade (MC-IT-C4400) Capital Improvement Program (CIP) project which is used to maintain, replace, and upgrade technical and production systems.

The operations and activities of the Seattle Channel are funded by revenues raised from franchise fees assessed on cable providers' gross revenues. In recent years, cable franchise fee revenues have been declining, and they are projected to continue declining in future years. In recognition of this decline, the 2025-2026 Proposed Budget would make reductions to the Seattle Channel's staffing and budget. The proposed budget would reduce the operating budget from approximately \$3.2 million in 2024 to about \$1.7 million in 2025, and it would reduce staffing from 13.0 FTE in 2024 to 7.0 FTE in 2025. Although this is a reduction of 6.0 FTE, the proposal would impact seven City employees due to a job-sharing arrangement for one of the positions. The proposed budget would also zero out funding for the Seattle Channel Maintenance and Upgrade CIP project, which was projected to have a budget of around \$400,000 annually.

This CBA would fully restore the operating budget and staffing for the Seattle Channel in 2025 and 2026 to allow for the continuation of the station's full array of governmental and non-governmental programming. The CBA would also partially restore funding for the Seattle Channel's CIP project.

The one-time spending in this CBA does not impact the projected ongoing operating GF deficit in the 2027-2028 biennium.

This Council Budget Action would increase appropriations in the City Attorney’s Office (LAW) by \$182,000 GF in 2025 and \$192,000 GF in 2026 to fund one Prosecutor in the Specialty Court Unit of the Criminal Division. The Specialty Court Unit handles cases in Mental Health Court, Veteran’s Treatment Court, and the Legal Intervention and Network of Care, as well as various non-criminal infractions and other violations. LAW has stated that staff reductions to Prosecutors in this section of the Criminal Division will reduce timely response to criminal referrals and may reduce the ability to implement recently passed criminal justice legislation to the extent that it involves potential diversion opportunities in a Specialty Court.

This CBA worsens the projected ongoing operating deficit in the GF beginning in the 2027-2028 biennium by \$192,000.

This Council Budget Action (CBA) would increase appropriations in the City Attorney’s Office (LAW) by \$434,000 GF in 2025 and \$458,000 GF in 2026 to fund two Assistant City Attorneys in the Employment and Contract/Utilities Sections of the Civil Division. This CBA would reduce GF appropriations to the Judgement and Claims Fund by \$434,000 in 2025 and \$458,000 in 2026. Funding for these positions would otherwise have been eliminated in the 2025-2026 Proposed Budget. These positions provide guidance and legal advice to departments and elected officials on matters related to employment and labor issues, and contracting and utilities, respectively. Though there would be immediate cost savings generated by staffing reductions in the Civil Division in the 2025-2026 Proposed Budget, LAW believes that continued demand for the legal services these positions currently provide may necessitate the retention of private outside counsel by the City to provide advice and/or representation normally undertaken by Civil Division attorneys, at a higher cost to the City than funding these positions.

This Council Budget Action (CBA) would decrease revenue in the City Attorney’s Office (LAW) by \$500,000 GF in 2025 and \$528,000 GF in 2026, and decrease appropriations from the Human Services Department (HSD) by \$500,000 GF in 2025 and \$528,000 GF in 2026 for contracted diversion services. This CBA would impose a proviso on \$500,000 GF in 2025 in LAW to pay the cost of 2.0 FTE Prosecutors and 0.5 FTE Paralegal exclusively to provide coordination for the Law Enforcement Assisted Diversion (LEAD) program. These positions in LAW are currently funded through an arrangement where HSD contracts funding to an outside organization doing diversion services, then that organization contracts with LAW to pay for the positions. This CBA would streamline the funding path for these positions in LAW by removing the appropriate funds from HSD’s budget and allowing LAW to fund them directly with existing expense authority.

This Council Budget Action would impose the following proviso:

DESCRIPTION

This Statement of Legislative Intent (SLI) requests that the Mayor's Office (MO) provide quarterly reports regarding activities and performance of the Unified Care Team (UCT), and any collaborating departments that manage the City's response to unsanctioned encampments.

This request is seeking information similar to what was provided by the Human Services Department (HSD) in response to the UCT Reporting SLI included in Resolution 32129, which adopted the Statements of Legislative Intent for the 2024 Adopted Budget. After the first quarterly report is submitted, the Mayor's Office and the Chair of the Housing and Human Services Committee will work together on any revisions needed to better meet City Council's reporting needs.

The reported metrics should convey the performance in the following areas:

- 1) By region, the number of requests related to encampments in public spaces received through the City's Customer Service Bureau.
- 2) By region, the number of:
 - a. Active encampment sites (snapshot of the last Friday of the quarter)
 - b. Number of resolutions where offers of shelter were made by resolution categories:
 - Advanced Notice
 - Immediate Hazard/Obstruction
 - Outreach Led (baseline data for 2024)
 - Recreational Vehicle (RV) Remediations
 - c. Unique sites where at least one encampment resolution or RV Remediation occurred during the reporting period
 - d. A list of sites with the most UCT actions (in order to show repopulation activity).
- 3) By region:
 - a. The number of offers of shelter extended.
 - b. The number of offers accepted, resulting in a referral to shelter.
 - c. Demographics of those referred to shelter.
 - d. The number of confirmed shelter enrollments, representing the minimum number of people enrolled in shelter following a referral due to HMIS-related challenges.
 - e. The number of offers of shelter that were declined, out of all offers extended.
 - f. If possible, the stated reason why offers of shelter were declined.

2025 STATEMENT OF LEGISLATIVE INTENT

- 4) Information on hazardous conditions and responses taken to mitigate harm, including:
 - a. Number of active encampment sites where hazardous and unsafe conditions are identified, such as hazardous materials, large amounts of debris, mobility impacts, and proximity to waterways (snapshot of the last Friday of the quarter)
 - b. A summary of actions taken to mitigate harm, including trash mitigation and hygiene stations, sharps disposal containers.
 - c. Data on fire & public safety incidents with a confirmed nexus with encampments or homelessness.
- 5) Breakdown of UCT actions (trash mitigation, immediate hazard/obstructions, RV Remediations, Advanced Notice) by weekend versus weekday and region.
- 6) Update on:
 - a. Status update on hiring of the 14 Counselor positions
 - b. Overview of the challenges & successes each neighborhood team is seeing.
- 7) Clear definition of all terms used in the report.

The MO should submit the reports to the Chair of the Housing and Human Services Committee. Reports should be submitted by February 14, 2025, May 16, 2025, August 15, and Nov 14, 2025. The report due February 14, 2025 should cover activities conducted from October 1 through December 31, 2024.

OED-001-A

Increase OED by \$800,000 JumpStart Fund (2025) and \$800,000 JumpStart Fund (2026) for the Storefront Repair Fund

SPONSORS

Sara Nelson

FINANCIAL SUMMARY

Fund	2025 Increase (Decrease)	2026 Increase (Decrease)
General Fund	\$0	\$0
Other Funds	\$(800,000)	\$(800,000)
Total Budget Balance Effect	\$(800,000)	\$(800,000)

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Office of Economic Development (OED) by \$800,000 JumpStart Fund in 2025 and \$800,000 Jump Start Fund in 2026 to restore the Storefront Repair Fund.

OED's Storefront Repair Fund was created in 2022 in response to the increasing incidents of broken windows, doors, and other property damage faced by Seattle's small businesses. The program was one of seven public safety recommendations provided to City leadership in 2022 and drew inspiration from the pilot program launched by the City of San Francisco. Leveraging the framework from the COVID-19 Small Business Stabilization Fund, the program utilized one-time American Rescue Plan (ARP) funding.

This CBA would restore ongoing funding for the program, and is intended to relieve the financial burden on small business owners while promoting a better public realm experience for communities, connecting small businesses with their respective SPD Crime Prevention Coordinators and providing other public safety guidance to businesses.

Council expects that any grants awarded to businesses for storefront repair would be provided in exchange for an appropriate public benefit.

The financial plan for the JumpStart Fund included in the 2025-2026 Proposed Budget shows a positive unrestricted fund balance in 2026 and beyond. This CBA will reduce the unrestricted fund balance but based on the current financial plan, this ongoing appropriation can be supported without creating a deficit in this fund in the future.

FINANCIAL SUMMARY

Fund	2025 Increase (Decrease)	2026 Increase (Decrease)

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Office of Economic Development (OED) by \$150,000 GF in 2026 to provide support for the Capitol Hill neighborhood business district. Funding would be provided to one or more organizations with ties to the Capitol Hill business community to assist with a variety of tasks, including but not limited to capacity building for the establishment or expansion of a business improvement area, engaging with businesses and property owners, visitor assistance, or outreach with unhoused neighbors.

In 2024, OED's Adopted Budget included \$4.9 million in non-labor costs for neighborhood business districts. This funding was used for neighborhood retail analyses, public space activations, grants for neighborhood-based non-profit organizations for post-pandemic recovery, and for exploring business improvement areas in equity districts. The 2025 Proposed Budget includes \$2 million in non-labor expenditures, and OED has stated that the focus of ongoing investments in neighborhood capacity building will be on supporting existing and potential business improvement areas (BIAs).

This CBA worsens the projected ongoing operating deficit in the GF beginning in the 2027-2028 biennium by \$150,000.

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Office of Economic Development (OED) by \$100,000 JumpStart Fund in 2025 (one-time) to support a community-based organization that offers workforce training, career counseling, and job placement services focused on developing technological skills for low-income individuals, such as the Filipino Community of Seattle's Innovation Learning Center (ILC).

The ILC opened in late 2021 as part of the Filipino Community Village project, which was partially funded by the City's Equitable Development Initiative, to provide access and classes related to computers and other technology for youth, seniors, and low-income individuals. OED funded the ILC in 2024 at \$150,000.

DESCRIPTION

This Council Budget Action (CBA) would impose a proviso on \$100,000 JumpStart Fund in the Office of Economic Development (OED) to support marketing, planning and activation for the Ballard Brewery District, an area with over a dozen breweries within a one-mile radius.

In 2024, OED's Adopted Budget included \$4.9 million in non-labor costs for neighborhood business districts. This funding was used for neighborhood retail analyses, public space activations, grants for neighborhood-based non-profit organizations for post-pandemic recovery, and for exploring business improvement areas in equity districts. The 2025 Proposed Budget includes \$2 million in non-labor expenditures, and OED has stated that the focus of ongoing investments in neighborhood capacity building will be on supporting existing and potential business improvement areas (BIAs). The Ballard Brewery District is not within the boundaries of the Ballard BIA.

This Council Budget Action would impose the following proviso:

“Of the appropriations in the 2025 budget for the Office of Economic Development, \$100,000 JumpStart Fund is appropriated solely for marketing, planning and activation supports for the Ballard Brewery District, and may be spent for no other purpose.”

OED-006S-A

Request that OED report on an inventory and assessment of all business outreach and technical assistance the City provides across departments

SPONSORS

Tammy Morales

DESCRIPTION

This Statement of Legislative Intent (SLI) would request that the Office of Economic Development (OED) report on an inventory and assessment of all business outreach or technical assistance the City provides, across departments.

The City currently funds business outreach in a number of departments across the City, including but not limited to: OED, Department of Neighborhoods (DON), the Office of Sustainability and Environment (OSE), Seattle Department of Transportation (SDOT), Seattle City Light (SCL), Seattle Public Utilities (SPU), and the Office of Labor Standards (OLS), among many others. Council requests that OED, in collaboration with the Mayor's Office and the City Budget Office (CBO), survey every City department to understand our investments in business technical assistance and outreach. For each department's investments in business outreach or technical assistance, the report should include, but not be limited to, the following information:

- Description of programs, services and staffing providing business outreach or assistance in 2024 and proposed to be funded in 2025;
- Actual or anticipated program costs, including staffing, for 2024 and 2025;
- List of funded organizations with level of funding in 2024 and 2025, and descriptions of how those organizations work with businesses;
- Number of businesses assisted in 2024, and anticipated to be assisted in 2025;
- Number and percentage of BIPOC-owned businesses assisted in 2024, and anticipated to be assisted in 2025;
- Number and percentage of women-owned businesses assisted in 2024, and anticipated to be assisted in 2025;
- Geographic distribution of businesses assisted in 2024, and anticipated to be assisted in 2025, by Council District and specific neighborhoods where available; and
- Description of impact on businesses served (e.g. measurements of success, qualitative feedback).

This SLI would provide Council with information on the full array of assistance and outreach that the City provides to businesses from all departments, and the impacts of this outreach and assistance on different neighborhoods and businesses. Such information is intended to inform future decision-making and investments in business outreach and technical assistance, to encourage collaboration between departments, and to understand if there are neighborhoods that are underserved in this area.

Request that OEM report on city-wide emergency preparedness training, and recognize OEM's key role among Seattle's public safety departments

SPONSORS

DESCRIPTION

This Statement of Legislative Intent (SLI) would: (1) request that the Office of Emergency Management (OEM) collect information and produce a report on the emergency preparedness trainings offered by City of Seattle departments, the Seattle Public School District (SPS) and the Port of Seattle (Port); and (2) state the Council's intent that OEM be recognized as a key part of Seattle's public safety infrastructure, and should be reflected as such in its administration and oversight.

The Council recognizes OEM's unique role in coordinating the training and emergency preparedness efforts of City of Seattle departments, as well as outside partners like SPS and the Port. The Council requests that OEM: (1) survey City departments and outside partners to determine how emergency preparedness curriculum is developed and training is executed within each organization, and (2) prepare a report that compares current practices with the best national and international practices, including how OEM interacts with its partners, and makes recommendations for systemic improvements.

The Council supports the proposed add of \$30,000 to the City Budget Office (CBO) to conduct an Emergency Management Assessment, including the review of OEM's funding, multijurisdictional framework, and organizational structure in comparison to peer cities. The Council recognizes OEM as a critical facilitator with City departments and other organizations, developing cross jurisdiction emergency preparedness plans, disaster mitigation measures, and response protocols, as well as operating the Emergency Operations Center during planned and unplanned events and incidents. The Council requests that the Executive consider these factors, and that the CBO study contemplates changes that would ensure that OEM is provided with adequate budget resources, sufficient independence and appropriate Mayoral oversight needed to complete its mission.

OEM should submit the report to the Chair of the Public Safety Committee and the Central Staff Director.

OH-001S-A

Request that OH produce a Seattle Housing Investment Plan that takes a comprehensive look at all affordable housing investments by the City for 2025-2030

SPONSORS

Budget Committee

DESCRIPTION

This Statement of Legislative Intent (SLI) would request that the Office of Housing (OH) produce a Seattle Housing Investment Plan that takes a comprehensive look at all affordable housing investments by the City, updates the production targets, and reviews the underlying funding models for the main sources of funding used to develop affordable housing for the years 2025-2030. These funding sources include the 2023 Housing Levy, Payroll Expense Tax (PET)/JumpStart, and Mandatory Housing Affordability (MHA) funds. The time period for this modeling coincides with the length of the 2023 Housing Levy which runs through 2030.

The result of this work will be a housing strategy that establishes clear targets for the next five years (2025-2030) for each of the programs supported by the Office of Housing, including: the Rental Production and Preservation Program, and the Homeownership and Sustainability Program. The targets for each program should include: number of units, and household Area Median Income (AMI) level to be served by the units, broken down by 30-50 percent AMI, 50-80 percent AMI, 80-100 percent AMI, and so forth. It is the intent that the targets related to AMI served will be achieved over the five-year period. In addition, it is the intent that efforts be made to increase the number of family-sized units (i.e. two- and three-bedroom units) over the five-year period.

Annual progress toward achieving the established targets will be included in OH's annual Investment Report, which is submitted to the City Council by June 30th of each year. Information to be provided in the annual report includes but is not limited to: number of units, income level served, unit size and geographic location of units. This information will be provided along with the 20-year housing growth targets for the City that are included in the Housing Appendix of the City's Comprehensive Plan, which include the amount of housing needed by income levels. Pairing these two pieces of information together will allow the City to monitor its progress towards achieving its targets and meeting overall housing needs.

The City's policies and priorities for all of the City's affordable housing funding will continue to reside in the Housing Levy Administration and Financial Plan and the Housing Funding Policies, approved by Council in 2024. The Proposed Comprehensive Plan also includes broader strategies related to the production and preservation of housing to meet not only the needs of low-income households where the need is greatest, but households across the income spectrum in an effort to ensure that everyone in Seattle has "housing that meets their needs."

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Office of Housing (OH) by \$3.4 million JumpStart Fund in 2026 for the Homeownership Capital Production Program. There is a total of \$13 million annually in the Proposed 2025 and 2026 Budgets for the Homeownership Capital Production Program, including \$5 million annually of JumpStart funding. The Executive reduced the annual JumpStart funding for this program by \$1.7 million in the Proposed 2025 and 2026 Budgets because the projects in the homeownership program pipeline are not anticipated to need this funding until 2027. This CBA provides \$3.4 million of funding in 2026 that would be available to fund homeownership projects either in 2026 or more likely in 2027. Funds that are not used in 2026 will automatically carry forward to 2027.

DESCRIPTION

This Statement of Legislative Intent would request that the Office of Housing (OH) explore the use of excess bonding capacity and master leasing for the development of affordable housing. OH should examine how King County has recently proposed such strategies to support the development of affordable housing through King County Council Motion 2024-0279.

Among other things, this should include a review of the Regional Workforce Housing Initiative Implementation Plan called for in Motion 2024-0279, expected to be published by March 31, 2025, and an analysis of any barriers, legal or otherwise, to the City of Seattle implementing similar policy choices.

This analysis should include an analysis of how the City can leverage its credit and debt capacity to secure affordable housing, including whether it is able to utilize a master lease structure whereby the City would execute a master lease, effectively guaranteeing debt service on whatever debt instrument works best (e.g., bonds, agency loan, bank loan, etc.). While the City would be obliged to meet the monthly master lease payments, such payments could be partially or completely offset by rental revenue from subleasing. This should be done with the goal of understanding if the City of Seattle is able to utilize the credit of the City through a master lease that would enable the city to obtain permanent financing at rates that lock in affordable rents.

This Council Budget Action would increase proposed appropriations to the Office of Intergovernmental Relations (OIR) by \$190,000 GF in 2025 and \$201,000 GF in 2026 to restore funding for the International Affairs Portfolio.

In the 2024 Adopted Budget, OIR was funded for 2.0 FTE Strategic Advisor 2 to support two Director positions in the International Affairs Portfolio. The 2025-2026 Proposed Budget would remove funding for one of these positions.

This CBA would restore funding for the second Director position to maintain OIR’s capacity for special projects, curation of international engagement opportunities based on City priorities, and travel with the Mayor on international trips. Since the unfunded position is currently filled, OIR’s work in this area would continue without interruption.

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Office of Labor Standards (OLS) by \$100,000 OLS Fund in 2025 and \$600,000 OLS Fund in 2026 for the Business Outreach and Education Fund (BOEF) and Community Outreach and Education Fund (COEF). Of this amount, \$100,000 in both 2025 and 2026 is for the BOEF. In 2026, the COEF would receive \$500,000. This CBA would fully restore reductions to these funds included in the 2025-2026 Proposed Budget.

The BOEF facilitates assistance and outreach to small businesses owned by low-income and historically disenfranchised communities, who typically are not served by traditional outreach methods, to increase awareness and compliance with Seattle's labor standards by contracting with community-based organizations. In 2024, the BOEF was budgeted for \$600,000. The 2025-2026 Proposed Budget would have cut \$100,000 annually from the BOEF. With this CBA, the 2024 funding level of \$600,000 would be restored for both 2025 and 2026.

The COEF builds capacity among, and partnership with, community-based organizations (CBOs) who are contracted to increase workers' knowledge of Seattle labor standards rights through methods that are community centered, culturally relevant and accessible, and language specific. Contracted CBOs also provide intake, counseling, complaint resolution, and referral services to workers. In 2024, the COEF was budgeted for \$1.5 million. Contracting for the COEF takes place every other year, with the most recent contracts covering the 2024 and 2025 biennium. To avoid impacting the 2024-2025 contracts, the 2025-2026 Proposed Budget does not make changes to the COEF budget in 2025. In 2026, the 2025-2026 Proposed Budget would cut \$250,000 of ongoing funding for the COEF, and \$250,000 of one-time funding for the COEF, which would represent a deferred cut to the 2025 COEF budget. With this CBA, the 2024 and 2025 funding levels of \$1.5 million would be restored for 2026.

This CBA worsens the projected ongoing operating deficit in the GF beginning in the 2027-2028 biennium by \$600,000.

DESCRIPTION

This Council Budget Action (CBA) would increase position authority in the Office of Labor Standards (OLS) by 1.0 FTE Planning & Development Specialist II (Labor Standards Engagement Specialist), 1.0 FTE Strategic Advisor I (Data Analyst), and 1.0 FTE Civil Rights Analyst (Investigator). These positions were proposed to be abrogated in the 2025-2026 Proposed Budget. No additional funding is allocated for these positions, which are currently vacant.

As of the end of 2024, OLS has position authority for 43.0 FTE and funding for 36.0 FTE. The 2025-2026 Proposed Budget provides funding to support 32.0 FTE after the 1st Quarter 2025. OLS has position authority for 7.0 unfunded FTE that were added in the 2024 budget in anticipation of revenues from the Network Company Fee. That fee will go into effect in 2025, and first payments will be due at the end of the first quarter of 2026. With this CBA, OLS would retain position authority for 43.0 FTE, with funding for 32.0 FTE after the end of the 1st Quarter 2025.

The Planning & Development Specialist II position, if funded, would be responsible for direct outreach and education on the City’s 19 labor standards, as well as oversight of some of OLS’s outreach fund contracts. Four Labor Standards Engagement Specialists are currently doing this work for OLS. Costs for this position in 2025, if funded, would be \$156,000.

The Strategic Advisor I position, if funded, would be responsible for providing a variety of data collection, cleaning and analysis functions for app-based worker regulations. Costs for this position in 2025, if funded, would be \$185,000.

The Civil Rights Analyst position, if funded, would be responsible for investigating and resolving complaints of violations of labor standards. By the end of 2025, there will be nine investigators in OLS doing this work. Costs for this position in 2025, if funded, would be \$159,000.

General Fund	\$0	\$0
Other Funds	\$(300,000)	\$0
Total Budget Balance Effect	\$(300,000)	\$0

DESCRIPTION

This Council Budget Action would increase proposed appropriations to the Office of Planning and Community Development (OPCD) by \$300,000 JumpStart Fund in 2025 (one-time) to support the development of a Regional Growth Center Plan for the new Ballard Regional Center. OPCD's budget includes funding for the development of regional plans for the six existing Regional Growth Centers in the city. This funding would allow for the development of a plan for Ballard, which is proposed to become a Regional Growth Center under the One Seattle Comprehensive Plan. Total budget for the project is estimated to be \$400,000, with work continuing through 2027.

This one-time spending will not impact the long-term sustainability of the JumpStart fund in the future, but will reduce the near-term JumpStart Fund balance.

DESCRIPTION

This Council Budget Action (CBA) would increase appropriations to the Office of Planning and Community Development (OPCD) by \$384,000 GF in 2025 and \$403,000 GF in 2026 and add 2.0 FTE Planning and Development Specialist, Senior and 0.5 FTE Admin Staff Assistant to restore staffing for the Seattle Planning Commission, Seattle Design Commission, and Land Use Policy and Strategic Initiatives division. These positions were proposed to be abrogated in the 2025-2026 Proposed Budget.

The Planning and Development Specialist, Senior position (1.0 FTE) within the Land Use Policy and Strategic Initiatives division is currently vacant. With the restoration of this position, there would be 7.0 FTE in the Land Use Policy and Strategic Initiatives division.

The second Planning and Development Specialist, Senior position (1.0 FTE) supports the work of the Seattle Planning Commission. That position is currently filled, and the incumbent would remain to support the Commission's review of major planning projects, including the One Seattle Plan update to the Comprehensive Plan. With the restoration of this position, the Seattle Planning Commission would have 3.5 FTE to support its work.

The final position is an Administrative Staff Assistant (0.5 FTE) to the Seattle Design Commission. That position is also currently filled. The incumbent provides administrative support to the Seattle Design Commission. With the restoration of this position, the Seattle Design Commission would have 3.0 FTE to support its work.

With the restoration of these 2.5 FTE, OPCD would have a total of 50.5 FTE.

This CBA worsens the projected ongoing operating deficit in the GF beginning in the 2027-2028 biennium by \$403,000.

DESCRIPTION

This Statement of Legislative Intent (SLI) would request that the Office of Planning and Community Development (OPCD) work with the Office of Economic Development (OED) and the Office of Sustainability and Environment (OSE) report on best practices and strategies for attracting food retailers to food deserts.

The report should include information on siting and size requirements for different categories of grocery stores. The report should also include information about how the City's zoning supports or precludes new grocery stores from opening in different parts of the city, and particularly the food deserts in Council District 1's Duwamish Valley and Delridge, and changes that could be made to better attract food retailers to food deserts.

DESCRIPTION

This Council Budget Action (CBA) would increase appropriations to the Office of Sustainability and Environment (OSE) by \$400,000 JumpStart Fund in 2025 and \$400,000 JumpStart Fund in 2026 to restore funding for Duwamish Valley green workforce development efforts and small business support that would be eliminated in the 2025-2026 Proposed Budget. Of this amount, \$200,000 is to support ongoing partnerships and initiatives that align with the Citywide Clean Energy Workforce Development Strategy (Executive Order 2022-07) and the Office of Economic Development’s Economic Revitalization Strategy. The remaining \$200,000 is to support small and industrial businesses in South Park and Georgetown with technical assistance, marketing support, and financial advice to address impacts of current strains on businesses in these two communities. Funding for these purposes was originally included in the 2022 Adopted Budget.

The financial plan for the JumpStart Fund included in the 2025-2026 Proposed Budget shows a positive unrestricted fund balance in 2027 and beyond. This CBA will reduce the unrestricted fund balance but based on the current financial plan, this ongoing appropriation can be supported without creating a deficit in this fund in the future.

Request that SDCI, in consultation with HSD, report on utilization of RRIO for proactive eviction prevention

SPONSORS

Cathy Moore

DESCRIPTION

This Statement of Legislative Intent (SLI) would request that the Seattle Department of Construction and Inspections (SDCI), in consultation with the Human Services Department (HSD), report to the Council on options for using the Rental Registration and Inspection Ordinance (RRIO) registry process to allow registrants to opt-in to early assistance for tenants who are at risk of eviction. The report should (1) identify opportunities to leverage RRIO to serve as a resource for rental property owners to access City-funded tenant services, including mediation, and dispute resolution, case management, and rental assistance for tenants who are in arrears on rent or utility payments; and (2) estimate technology, staffing, and overhead costs for effectuating those opportunities.

The RRIO program was established in 2012 to help ensure that rental properties meet basic standards for maintenance and habitability. Owners must register residential rental properties within the city. Registered properties are subject to inspection by the City or by a privately commissioned and certified RRIO inspector every five to ten years. In 2023 the RRIO program was reviewed by the City Auditor who published "Understanding Seattle's Housing Market Shift from Small to Large Rental Properties: A Rental Registration and Inspection Ordinance Program Audit," which made several recommendations for program improvements.

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to the Seattle Department of Human Resources (SDHR) by \$371,000 GF in 2025 and \$389,000 GF in 2026 and increase position authority by 1.0 FTE Executive 2 and 0.5 FTE Strategic Advisor 1 to restore the Workforce Equity Division. This division is proposed for elimination in the 2025-2026 Proposed Budget.

The City established the Workforce Equity Division in 2016 to manage the Workforce Equity Initiative: the City's commitment to eliminating racial disparities and achieving equity for City employees. The division oversees the 2024-2029 Workforce Equity Strategic Plan, implements the Office of City Auditor recommendations for improving internal promotion practices; co-leads the Workforce Equity and Advisory Committee (WEPAC) with the Office of Civil Rights; and engages in other efforts to support the City's broader Race and Social Initiative.

The 2025-2026 Proposed Budget would eliminate the Workforce Equity Division by abrogating two positions and funding for non-labor expenses; and moving the two remaining positions to the HR Business Operations Division. SDHR's administration of the Workforce Equity Initiative would shift to an advisory role and the Workforce Equity Strategic Plan would be administered at the department level.

This CBA would restore the positions proposed for abrogation, 1.0 FTE Executive 2 for the Director position and 0.5 FTE Strategic Advisor 1 for the Program Advisor position, and \$24,000 for non-labor expenses (e.g., training, conferences, supplies, and equipment). SDHR would maintain centralized oversight of the Workforce equity initiatives, establishing strategic direction and working with senior City leaders to ensure that departments are making meaningful progress toward equity goals.

This CBA worsens the projected ongoing operating deficit in the GF beginning in the 2027-2028 biennium by \$389,000 per year.

DESCRIPTION

This Council Budget Action (CBA) provides appropriations and position authority to implement the Transportation Levy (approved by voters on November 5, 2024). This CBA would increase appropriations to the Seattle Department of Transportation (SDOT) by \$177 million Transportation Levy Fund in 2025 and \$192 million Transportation Levy Fund in 2026 to implement levy programs, and it would identify six-year capital spending in the Capital Improvement Program (CIP). This CBA would also reduce appropriations by \$7 million Transportation Fund in 2025 and \$7 million Transportation Fund in 2026 for SDOT programs that would be backfilled by the Transportation Levy. This CBA adds 72.0 FTE in SDOT in 2025, and it endorses an additional 44.0 FTE in 2026.

This CBA is consistent with the Executive's presentation on levy implementation to the Select Budget Committee on October 22, 2024. The \$7 million reduction in Transportation Fund in 2025 and 2026 is the net result of reversing two proposals in the 2025-2026 Proposed Budget, listed as "Street Surface Maintenance Reductions" and "Protected Bike Lanes and Transit Corridor Improvement Investments." These programs would receive funding from the Transportation Levy Fund instead of the Transportation Fund.

This CBA establishes 28 new CIP projects. A summary table of the new CIP projects, including the project descriptions and Budget Summary Levels, is included in Attachment A.

A summary of the 2025-2030 spending adjustments to CIP projects, by fund, is included in Attachment B.

A summary of the 2025 and 2026 positions included in this CBA is included in Attachment C.

2025-2026 COUNCIL BUDGET ACTION

This CBA also reflects revenue from the Transportation Levy, anticipated to be \$187 million in 2025 and \$189 million in 2026. Levy funds will be deposited and appropriated out of the Transportation Levy Fund. Levy funds not expended in 2025-2026 will remain in fund balance and used to support levy projects and programs in future years.

Summary of New CIP Projects in CBA SDOT-001-A-1

Attachment A

Project ID	Project Name	Description	Budget Summary Level
MO-TR-C144	Good Governance & Equitable Implementation	This project will provide auditing and professional services support for the Levy Oversight Committee, support public outreach on property tax relief programs, and investigate and propose comprehensive and long-range strategies to invest in Seattle's bridge, pavement and sidewalk infrastructure, including the establishment of a Transportation Funding Task Force per Resolution 32145.	Mobility Operations
MO-TR-C139	Expanded Tree Program	This project will help to support Urban Forestry with such activities as planting, maintaining and expanding tree species diversity.	Maintenance Operations
MO-TR-C138	Electrification	This project will support transportation electrification including Seattle City Light's expansion of electric vehicle charging stations to libraries, community centers and parks; and support partnerships and pursue grants that help electrify the transportation system.	Mobility Operations
MO-TR-C136	Bridge Planning	This project will advance planning and design in preparation to seek funding partnerships for future replacement of the 1st Ave S Bridge over Argo Railyard, 4th Ave S Bridge over Argo Railyard, West Dravus Street over Railyard, NE 45th Street Viaduct Central Span, Magnolia Bridge Replacement Alternatives Cost Estimate updates.	Mobility Operations
MO-TR-C128	Bike Lane Maintenance	This project will maintain existing protected bike lanes with regular sweeping and barrier repair.	Mobility Operations
MO-TR-C127	Better Bike Barriers	This project will amend existing bike lanes with stronger safety treatments such as hardened barriers or buffer areas.	Mobility-Capital
MC-TR-C154	Neighborhood-Initiated Safety Partnership Program	This project will construct neighborhood-initiated and co-created projects, focusing on community priorities across all districts with an emphasis on equity . This could include safety and mobility enhancements like new sidewalks, crossings and transit access, all developed through engagement with communities.	Mobility-Capital
MC-TR-C153	Neighborhood Scale Traffic Safety Programs	This project will address community priorities for neighborhood scale traffic safety improvements. This could include safety and mobility enhancements like traffic calming, new sidewalks, crossings, and transit access.	Mobility-Capital
MC-TR-C152	Transit Passenger Safety	This project will invest in strategies that increase transit rider safety and security , including physical improvements and transit and public safety personnel services in coordination with King County Metro, Sound Transit, and/or other transit agencies.	Mobility-Capital
MC-TR-C151	Transit Improvements & Access to Light Rail	This project will make transit improvements on streets with high-ridership bus routes with a focus in equity priority areas, build access projects to Link light rail stations, advance key connections to future Link light rail stations in coordination with partner agencies, and make access improvements to ST3 light rail stations and future Sound Transit system expansion.	Mobility-Capital
MC-TR-C150	RapidRide R Line	This project will support and enhance King County Metro's RapidRide R Line project, including projects and programs that support connections in and around Rainier Valley, mitigation and engagement.	Mobility-Capital
MC-TR-C149	N 130th St - Bitter Lake to Haller Lake	This project will repave N 130th St between 1st Ave NW and I-5 with a safety redesign to better connect people to the future 130th Street Link Station. The project could include protected bike lanes, crossing improvements, trees, sidewalk reconstruction, and transit priority.	Mobility-Capital

Project ID	Project Name	Description	Budget Summary Level
MC-TR-C148	People Streets and Wayfinding Maintenance	This project will provide maintenance for existing activation projects and the citywide wayfinding system.	Mobility-Capital
MC-TR-C147	People Streets and Public Spaces Capital	This project will design, implement and co-create People Street Projects to activate business districts and community spaces, with a focus on high equity priority areas. Improvements could include redesigned streets, seating, wayfinding, lighting, and activation.	Mobility-Capital
MC-TR-C146	Pedestrian Lighting	This project will support the installation of pedestrian lighting leading to transit stops, including through partnership with other projects.	Mobility-Capital
MC-TR-C145	3rd Ave Revitalization, Long-Term Vision and Coordination	This project will invest in Downtown with near-term maintenance and placemaking improvements, construction coordination, and advancement of a longer-term vision for 3rd Ave.	Mobility-Capital
MC-TR-C143	Port Connection to I-90/I-5	This project will implement spot or corridor improvements connecting Port of Seattle facilities through SODO to Interstate 90 and/or Interstate 5.	Mobility-Capital
MC-TR-C142	Leary Way Industrial Zone Safety Improvements	This project will implement spot or corridor improvements connecting Maritime, Manufacturing and Logistics (MML) Zones within the Ballard Interbay Northend Manufacturing and Industrial Center (BINMIC) to Interstate 5 and/or State Route 99.	Mobility-Capital
MC-TR-C141	Heavy Haul Network Program	This project will work in partnership with the Port of Seattle to update the Heavy Haul Network agreement, and identify and pave streets that carry the heaviest truck traffic.	Mobility-Capital
MC-TR-C140	Freight Program	This project will make transportation improvements that support freight movement including supporting trucks delivering goods and providing services.	Mobility-Capital
MC-TR-C137	Low Pollution Neighborhoods	This project will advance low pollution neighborhood projects including developing a toolbox focused at reducing air pollution, especially in areas most impacted by climate change. Tools will include creation of Healthy Streets, improvements to getting around neighborhoods without a vehicle, electrification, low-emissions goods delivery and micro-mobility programs.	Mobility-Capital
MC-TR-C135	Structural Preservation	This project will implement preventative maintenance for the City's bridges, making timely preservation-focused treatments and repairs.	Major Maintenance/ Replacement
MC-TR-C134	Ship Canal Electrical/Mechanical - University	This project will upgrade electrical and mechanical systems on the University Bridge.	Major Maintenance/ Replacement
MC-TR-C133	Ship Canal Electrical/Mechanical - Fremont	This project will upgrade electrical and mechanical systems on the Fremont Bridge.	Major Maintenance/ Replacement
MC-TR-C132	Ship Canal Electrical/Mechanical - Ballard	This project will upgrade electrical and mechanical systems on the Ballard Bridge.	Major Maintenance/ Replacement
MC-TR-C131	Seawall Phase II	This project will advance planning and design in preparation to seek funding partnerships for future replacement of the Elliot Bay Seawall, Phase II.	Major Maintenance/ Replacement
MC-TR-C130	Bridge Structural Repairs - Magnolia	This project will make structural repairs on the Magnolia Bridge, including potential type/size/location studies for replacement, seismic improvements, and/or improving emergency access to Magnolia.	Major Maintenance/ Replacement
MC-TR-C129	Bridge Structural Repairs - Ballard	This project will make structural repairs on the Ballard Bridge, including potential pedestrian improvements.	Major Maintenance/ Replacement

2025 COUNCIL BUDGET ACTION

V1

SDOT-002-A

Proviso \$89 million Transportation Levy Fund in SDOT until authorized by future Council action

SPONSORS

Rob Saka, Dan Strauss

DESCRIPTION

This Council Budget Action (CBA) would impose a proviso on half (\$89 million) of the Transportation Levy Fund appropriations in the Seattle Department of Transportation's (SDOT's) budget contemplated in CBA SDOT-001-A. The proviso would prohibit spending until authorized by future Council action. The intent of this proviso is to have SDOT proactively engage the Council in the development of detailed spending plans for Transportation Levy programs.

Council anticipates that the Transportation Levy spending plans will consider: Rainier Ave S traffic safety improvements, priority delivery of new sidewalks, Graham and Chinatown International District engagement on light rail stations, neighborhood greenway projects, and pedestrian connection projects.

This CBA would impose the following proviso:

"No more than \$89,000,000 of the Transportation Levy Fund (10399) appropriations in the 2025 budget for the Seattle Department of Transportation (SDOT) may be spent until authorized by future Council action. Council anticipates that such authorization would be granted after SDOT has proactively engaged the Council in the development of detailed spending plans for Transportation Levy programs."

2025-2026 COUNCIL BUDGET ACTION

V1

SDOT-003-A

Increase SDOT by \$5 million (2025 and 2026) Transportation Fund and by \$2 million (2025 and 2026) Transportation Levy Fund for a new Council District Fund; create a new Council District Fund (MC-TR-C155) CIP project; replace \$2 million (2025 and 2026) Transportation Levy Fund with Transportation Fund in the SDOT ADA Program CIP project; and impose a proviso

FINANCIAL SUMMARY

Fund	2025 Increase (Decrease)	2026 Increase (Decrease)
General Fund	\$0	\$0
Other Funds	\$(6,979,328)	\$(7,008,203)
Total Budget Balance Effect	\$(6,979,328)	\$(7,008,203)

DESCRIPTION

This Council Budget Action (CBA) would result in a net increase of appropriations to the Seattle Department of Transportation (SDOT) of \$7 million Transportation Fund in 2025 and \$7 million Transportation Fund in 2026 to create a new Council District Fund Capital Improvement Program (CIP) project. This funding would be made available by CBA SDOT-001-A.

To address spending restrictions on a portion of these funds, this CBA would replace \$2 million of Transportation Levy Fund in 2025 and in 2026 (included in CBA SDOT-001-A) with \$2 million of Transportation Fund in the SDOT ADA Program (MC-TR-C057) CIP project. This \$2 million represents block-the-box and transit-lane camera enforcement revenue that is restricted to disability access programs and improvements, such as the SDOT ADA Program. This transfer makes \$2 million available for the Council District Fund. As a result, the Council District Fund CIP project would consist of \$5 million Transportation Fund and \$2 million Transportation Levy Fund in 2025, with the same amounts in 2026.

The intent of the Council District Fund is to fund neighborhood-scale traffic safety improvements and other district transportation priorities at the direction of the Council. This CBA would impose a proviso prohibiting spending of the Council District Fund until authorized by future Council action. Depending on the specific project proposals, future Council action may authorize spending within the Council District Fund CIP project or may consider transferring appropriations to other programs for implementation if warranted.

This CBA identifies funding for 2025 and 2026 only, and future budget actions would be required to continue the program beyond 2026. The Council District Fund CIP Page reflects unsecured funding of \$7 million per year for the program in 2027-2030.

2025-2026 COUNCIL BUDGET ACTION

The CIP page for the new Council District Fund is shown in Attachment A. A summary of the cumulative impacts of CBA SDOT-001-A and CBA SDOT-003-A to the SDOT ADA Program CIP project is shown in Attachment B.

This CBA would impose the following proviso:

"In addition to the restrictions imposed in Section 4(c) of the ordinance adopting a 2025 budget and any other restrictions imposed by law, none of the money appropriated in the 2025 budget for the Seattle Department of Transportation for the Council District Fund project, Project ID MC-TR-C155, in the 2025-2030 Capital Improvement Program may be spent until authorized by future Council action."

SDOT-004-A

Proviso \$2 million in SDOT for transit and roadway improvements on Delridge Ave SW

SPONSORS

Rob Saka

DESCRIPTION

This Council Budget Action (CBA) would impose a proviso on \$2 million of appropriations in the Seattle Department of Transportation's (SDOT's) budget to make improvements to Delridge Way SW near the SW Holly St right-of-way to allow for left-turn ingress and egress from adjoining properties, including the Refugee and Immigrant Family Center Bilingual Preschool. These improvements would resolve access conflicts with the operation of the Delridge RapidRide service. It is the Council's expectation that SDOT shall deliver these improvements, and that SDOT will begin project development and implementation no later than August 1, 2025.

This CBA would impose the following proviso:

"Of the appropriations in the 2025 budget for the Seattle Department of Transportation's Transit Corridor Improvements (MC-TR-C029) CIP project, \$2 million is appropriated solely for improvements to Delridge Way SW near the SW Holly St right-of-way to allow for left-turn ingress and egress from adjoining properties, including the Refugee and Immigrant Family Center Bilingual Preschool, and may be spent for no other purpose."

DESCRIPTION

This Council Budget Action (CBA) would impose a proviso on \$175,000 of appropriations in the Seattle Department of Transportation's (SDOT's) budget to convert angled on-street parking on Harbor Ave SW at Duwamish Head to parallel-only parking, and to restore parallel-only parking to Alki Ave SW adjacent to this location.

This CBA would impose the following proviso:

"Of the appropriations in the 2025 budget for the Seattle Department of Transportation's Mobility Operations Budget Summary Level (BO-TR-17003), \$175,000 is appropriated solely for conversion of angled on-street parking on Harbor Ave SW at Duwamish Head to parallel-only parking and restoration of parallel-only parking to Alki Ave SW at Duwamish Head, and may be spent for no other purpose."

SDOT-006-A

Increase SDOT by \$1.18 million GF (2025) and decrease School Safety Traffic and Pedestrian Improvement Fund by \$1.18 million GF (2025) for speed enforcement cameras, and impose a proviso

SPONSORS

Rob Saka, Dan Strauss

FINANCIAL SUMMARY

Fund	2025 Increase (Decrease)	2026 Increase (Decrease)
General Fund	\$0	\$0
Other Funds	\$(1,181,000)	\$0
Total Budget Balance Effect	\$(1,181,000)	\$0

DESCRIPTION

This Council Budget Action (CBA) would increase appropriations in the Seattle Department of Transportation (SDOT) by \$1.18 million GF in 2025 to support deployment of automated traffic enforcement cameras for non-school zone speed enforcement. This CBA would impose a proviso to prohibit spending until authorized by future Council action.

Council anticipates that the Executive will engage the Council in developing a deployment plan for non-school zone speed enforcement cameras, identify any budgetary transfer of the identified \$1.18 million GF to impacted departments (including the Seattle Police Department and Seattle Municipal Court) that may be required to implement this program, and transmit any necessary legislation for the Council's consideration and future authorization of spending. The Council anticipates that the deployment of speed enforcement cameras will prioritize installation on Alki Ave SW and Harbor Ave SW.

Notwithstanding Seattle Municipal Code Section 5.82.010 and Section 1 of Ordinance 125206, this CBA would reduce the GF contribution of red-light camera revenue to the School Safety Traffic and Pedestrian Improvement (SSTPI) Fund by \$1.18 million in 2025. The SSTPI Fund has sufficient fund balance to account for the reduced revenue.

This CBA would impose the following proviso:

"Notwithstanding Seattle Municipal Code Section 5.82.010 and Section 1 of Ordinance 125206, of the General Fund appropriations in the 2025 budget for the Seattle Department of Transportation's Mobility Operations Budget Summary Level (BO-TR-17003), \$1,180,000 is appropriated solely for deployment of automated traffic enforcement cameras and may be spent for no other purpose. Furthermore, none of the money so appropriated may be spent until authorized by future Council action."

DESCRIPTION

This Council Budget Action (CBA) would impose a proviso on \$1 million of Seattle Transit Measure appropriations in the Seattle Department of Transportation's (SDOT's) budget to support King County Metro's Transit Center Ambassador Program. Funding will support ambassadors on King County bus routes in Seattle and Seattle Streetcar service. The ambassadors will provide customer support, information, and assistance to transit riders. Seattle Transit Measure funding is eligible to support this purpose under the transit measure's Emerging Mobility Needs spending category.

This CBA imposes the following proviso:

"Of the Seattle Transit Measure appropriations in the 2025 budget for the Seattle Department of Transportation's Mobility Operations Budget Summary Level (BO-TR-17003), \$1,000,000 is appropriated solely for King County Metro's Transit Center Ambassador Program, and may be spent for no other purpose."

DESCRIPTION

This Council Budget Action (CBA) would impose a proviso on \$500,000 of Seattle Transit Measure appropriations in the Seattle Department of Transportation's (SDOT's) budget to support Waterfront Shuttle transit service. Waterfront Shuttle transit service would fall under the emerging mobility needs category of spending authorized by the Seattle Transit Measure.

This CBA would impose the following proviso:

"Of the Seattle Transit Measure (Seattle Transportation Benefit District Fund) appropriations in the 2025 budget for the Seattle Department of Transportation's Mobility Operations Budget Summary Level (BO-TR-17003), \$500,000 is appropriated solely for Waterfront Shuttle transit service as an emerging mobility need funded by the Seattle Transit Measure and may be spent for no other purpose."

DESCRIPTION

This Council Budget Action (CBA) would decrease revenues to the Seattle Department of Transportation (SDOT) by \$248,000 in 2025 and \$752,000 in 2026 to recognize the impacts to transportation funds from the Office of Economic and Revenue Forecasts (Forecast Office)/City Budget Office (CBO) October 2024 forecast update. The forecast update's implications for the General Fund and other City funds are included in FG-901-A. In August of each year, the City receives a revenue forecast that is used for the Mayor's budget proposal, followed by a fall update during Council's budget deliberations. Details on the 2025 and 2026 impacts from the October revenue forecast update for transportation related revenues are listed below by fund:

1) Transportation Benefit District Fund (19900): This change decreases Transportation Benefit District Fund revenues by \$652,000 in 2025 and \$1.16 million in 2026 due to projected decreases in Seattle Transit Measure sales taxes; and

2) School Safety Traffic and Pedestrian Improvement (SSTPI) Fund (18500): This change increases SSTPI Fund revenues by \$405,000 in 2025 and \$415,000 in 2026, due to projected increases in school zone camera revenues.

SPD-101-A

Proviso SPD sworn salary, benefits, and overtime

SPONSORS

Robert Kettle

DESCRIPTION

This Council Budget Action (CBA) would impose a proviso on the Seattle Police Department (SPD) that restricts sworn salary and benefit funding so that it may only be used to pay SPD's recruits and sworn officers, and overtime for the same, until the Council passes a future ordinance.

For the purposes of this proviso, "salary and benefit" purposes include use of funds for benefits such as separation pay, workers' compensation payouts or any other salary-related expenditure. This proviso specifically authorizes expenditure of sworn salary savings on sworn officer overtime.

This CBA imposes the following proviso:

"Of the appropriation in the 2025 budget for the Seattle Police Department, none of the money that is necessary to support sworn salary, benefits, and overtime for 1,041 recruit and sworn officer FTE on an average annual basis may be spent for any other purpose unless authorized by a future ordinance."

FINANCIAL SUMMARY

DESCRIPTION

This Council Budget Action (CBA) would increase position authority in the Seattle Police Department (SPD) by 1.0 FTE Strategic Advisor 3 to oversee department investments and programs that align with the national 30x30 Initiative. The position would be funded in 2025 and 2026 with salary savings that accrue from vacant, funded civilian positions within the department. Therefore, no additional appropriation authority is provided to support the position.

The Council intends for this position to support and align with the SPD Chief's ongoing efforts. The position is intended to maximize efficiencies across various functionalities in furtherance of the 30x30 Initiative's* goals, and to strengthen public safety by increasing representation of women in policing. Specific duties should include, but not be limited to:

- Reporting directly to the Chief of Police or command staff;
 - Serve as a member of any steering committee or board related to the 30x30 Initiative;
 - Partner and coordinate with the Seattle Police Women's Alliance, a nonprofit affinity group, to ensure that SPD's implementation of the 30x30 Initiative supports the identified needs and priorities of women officers and command staff;
 - Assist in the development of recruiting efforts targeted to women;
 - Assist in the development and coordination of women-only training classes for sworn SPD officers, with topics to include shooting, defensive tactics, the Incident Command System (ICS) approach, leadership, and more;
 - Participate in the development of policies that are anticipated to have particular or discrete impact on women officers, such as those concerning parental leave, uniforms, and equipment;
 - Establish an SPD Women's Peer Support Team, which is intended to be a venue for women officers at SPD to candidly and confidentially discuss their specific experiences;
 - Coordinate surveys of women officers at SPD to understand the issues they face and their satisfaction with SPD's ongoing actions and investments consistent with the 30x30 Initiative;
 - Coordinate and submit to the Council the information requested in ORD 127026 on a bi-annual basis;
- and

2025-2026 COUNCIL BUDGET ACTION

- Present to the Council, within four months of hiring the position in this CBA, a high-level workplan for the next 18 months, including a request for additional programmatic resources for funding in a supplemental budget or as part of the annual budget.

*Background: The 30x30 Initiative is a national initiative to advance the representation and experiences of women in policing in agencies across the United States. The initiative, which was launched in 2021, is a national coalition of police leaders, researchers, and professional organizations that share the common goals of: (1) increasing the representation of women in police recruit classes to 30 percent by 2030; and (2) ensuring that police policies and culture intentionally support the success of qualified women officers throughout their careers.

Budget Committee

FINANCIAL SUMMARY

Total Budget Balance Effect	\$0	\$0

DESCRIPTION

This Council Budget Action (CBA) would increase position authority in the Seattle Police Department (SPD) by 2.0 FTE Parking Enforcement Officer (PEO) Supervisor positions to serve as dedicated training positions for the PEO Unit. The positions would be funded in 2025 and 2026 with salary savings that accrue from vacant, funded civilian positions in the department. Therefore, no additional appropriation authority is provided to support the positions.

SPD staff have indicated that: (1) the PEO unit’s capacity to train new PEOs is currently limiting the number of candidates that can complete SPD’s hiring process; and (2) two dedicated PEO training positions would allow SPD to admit into the backgrounding process more candidates, as the department would have confidence that it has the back-end capacity to handle more frequent training classes.

New, dedicated training positions would need to be negotiated as part of the collective bargaining process with both the PEO and PEO Supervisor unions. PEOs currently provide the department’s basic PEO training while serving in an out-of-class PEO Supervisor role. Therefore, this CBA adds two PEO Supervisor positions to serve as dedicated trainers. Although ultimately, the exact position type would be determined through the collective bargaining process, and it is possible that the department may reclassify the positions through the city’s Classification and Compensations process.

Background: In recent years, the City has had difficulty staffing the PEO Unit. Since 2020, the PEO Unit has carried approximately 20 vacant positions among its 104 PEO positions, 12 PEO Supervisor positions and two Manager positions.

DESCRIPTION

This Statement of Legislative Intent (SLI) would request that the Seattle Police Department (SPD) report on how it will address ongoing vacancy issues in the Parking Enforcement unit by streamlining its current step-heavy, process-intensive hiring process, and providing recommendations on changes that could be made to attract and retain Parking Enforcement Officers (PEOs).

SPD staff have created a hiring group consisting of PEO Field Training Officers (FTOs), PEO managers, and Human Resources personnel, to identify potential changes to the hiring process, which currently requires candidates to complete seven steps over a six-month period. This SLI would ensure that the department's current reform process is reviewed by the Council.

Background: In recent years, the City has had difficulty staffing the PEO Unit. Since 2020, the PEO Unit has carried approximately 20 vacant positions among its 104 PEO positions, 12 PEO Supervisor positions, and two Manager positions.

SPD should submit the report to the Chair of the relevant committee and the Central Staff Director.

DESCRIPTION

This Council Budget Action (CBA) would increase appropriations in the Seattle Police Department (SPD) by \$10 million GF in 2026 to make ongoing a proposed one-time increase of \$10 million for overtime in 2025. The 2025-2026 Proposed Budget would add \$10 million in 2025 only for overtime to fund emphasis patrols, sick leave backfill, and established minimum staffing levels at SPD. The \$10 million proposed increase in 2025 was made to sync the 2025 budget with expected spending levels, which are projected to mirror spending levels in 2024. Without continuing the \$10 million increase into 2026, SPD would have to severely curtail its overtime spending, or the Executive and Council would need to add more funding in 2026.

This CBA is offset by CBA SPD-904-A-2, which reduces \$6.5 million in 2025 and \$6.5 million in 2026 for sworn salary savings that would accrue because SPD's salary budget is funded at a greater level than is necessary to support SPD's current and projected number of recruits, sworn officers and the addition of 30 net new officers through 2026.

DESCRIPTION

This Statement of Legislative Intent (SLI) requests that the Seattle Police Department (SPD) provide quarterly reports to the Public Safety Committee on police staffing, overtime and performance metrics, including:

- (1) Staffing data including: (a) the "SPD Sworn Staffing Model"; (b) the "Precinct Staffing Report"; and (c) demographic data on hires and separations;
- (2) Overtime data including two years of actual and planned expenditures at the bureau and program level and accounting for both dollars spent and hours worked; and
- (3) Performance data including: (a) 911 call response time metrics; (b) Z-Disposition call handling metrics; and (c) an explanation of how changes to patrol and department staffing have affected SPD's ability to meet its response time and call handling goals.

All data should be submitted consistent with the format used in SPD-801S-A-2-2023. Department budget staff should assume that the Chair of the Public Safety Committee will request their presence at a hearing in the second week of the month following submittal of the data.

SPD should submit the reports to the Public Safety Committee and Central Staff Director as follows: By February 21, the report should include the 2024 year-end staffing data requested in the first item (1) above. By April 25 and July 25, the reports should address all items (1-3) above. DESCRIPTION

This Council Budget Action (CBA) would decrease appropriations to the Seattle Police Department (SPD) by \$6.5 million GF in 2025 and \$6.5 million GF in 2026 to adjust sworn salary funding so that it does not exceed the funding needed to support all recruits, student officers, fully trained officers, and the addition of 30 net new officers by 2026. The \$6.5 million in unnecessary funding in each year is repurposed to fund the \$10 million add in 2026 to the overtime budget that is reflected in SPD-105-A-2, and for other public safety purposes.

Background: City Budget Office (CBO) and SPD staff have indicated that SPD will need 1,041 funded FTE to support all of its recruit and sworn positions in 2025, and to hire an additional 15 officers above attrition. The difference between what is funded (1,076 FTE), and what is needed for existing staff and 15 net new hires (1,041 FTE) is a total of 35 FTE or approximately \$6.5 million in salary savings. This salary savings is currently unprogrammed in SPD's budget and is available for other uses. The 2026 Staffing Plan is overbudgeted by \$6.5 million for the same underlying reason.

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to Seattle Parks and Recreation (SPR) by \$1.5 million Real Estate Excise Tax I (REET I) Capital Fund in 2025 to convert a 60-foot ballfield's infield at Garfield Playfield to turf in the Major Maintenance and Asset Management (MC-PR-41001) Capital Improvement Program (CIP) project.

This CBA would fund conversion of a 60-foot ballfield's infield at Garfield Playfield to synthetic turf, and may include but not be limited to, lighting and additional updates to the dugouts and backstop, and any accessibility improvements. This CBA is intended to increase playing options for youth softball, supporting safe, accessible, and quality play for users on a year-round basis including during inclement weather. Limiting the conversion to the infield is intended to expedite the timeline of this project at a lower cost than converting the entire field. Other examples of infield conversions include Rainier Playfield and Garfield Baseball field #1.

Converting the entire softball field is estimated to cost over \$10 million. While the overall cost of an infield conversion is lower, the cost per square foot is slightly higher than a full conversion due to additional efforts to ensure appropriate functioning of the entire field and improvements that do not benefit from the economy of scale inherent to a large field conversion. Converting the infield to turf commits the City to replacing the synthetic turf every 10-12 years, a capital investment estimated to cost between \$300,000-\$500,000 or more depending on the size and condition of the field.

The financial plan for the Real Estate Excise Tax (REET) I Capital Projects Fund included in the 2025-2026 Proposed Budget shows a positive unrestricted fund balance in 2025 and beyond. This CBA may reduce the unrestricted fund balance but based on the current financial plan, this one-time appropriation can be supported without creating a deficit in this fund in 2025 and beyond.

The impact of this Council Budget Action on the Major Maintenance and Asset Management CIP page is shown in Attachment A.

This ongoing project provides funding for asset renewal in parks and recreation facilities citywide, including athletic fields, play areas, swimming pools, trails, buildings, accessibility elements, outdoor infrastructure, and related work. This project also funds integrated asset management to track and forecast long-term asset and maintenance needs. Typical major maintenance improvements may include, but are not limited to renovating buildings, Americans with Disabilities (ADA) access improvements, replacing play area structures, forest, landscape, trail maintenance and improvements, swimming pool repairs, athletic field refurbishment, and installation of energy efficient lighting, and related major maintenance work. These projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, reclaim Parks property, and improve the overall park experience for the public.

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to Seattle Parks and Recreation (SPR) by \$775,000 Metropolitan Park District Fund in 2025, \$75,000 for community staffing costs and \$700,000 for capital costs for the Garfield Super Block Park Project in the Major Maintenance and Asset Management (MC-PR-41001) Capital Improvement Program (CIP) project.

The Garfield Super Block Project is a full renovation project that will address the unfinished portion of the 2005 Garfield Super Block Master Plan. City and grant funding from multiple sources will cover \$9.4 million of the planned project. The \$700,000 in additional funding could be used to support a redesigned “front porch” plaza with picnic shelter(s), a new ramp in the southeast corner, site furnishings throughout the park along the renovated walkway, a decorative and sensory water feature, and a parkour course.

The \$75,000 for community staffing will be used to support planning and design and related outreach and coordination between the community group, the City, and the Park Foundation. Funding has been provided in the past for community staffing. The intent was that the need to fund staffing would lessen as the project moved closer to construction. The project is expected to begin construction in Quarter 1 2025.

The financial plan for the Seattle Metropolitan District Fund included in the 2025-2026 Proposed Budget shows a positive unrestricted fund balance in 2025 and beyond. This CBA will reduce the unrestricted fund balance but based on the current financial plan, this one-time appropriation can be supported without creating a deficit in this fund in 2025.

This ongoing project provides funding for asset renewal in parks and recreation facilities citywide, including athletic fields, play areas, swimming pools, trails, buildings, accessibility elements, outdoor infrastructure, and related work. This project also funds integrated asset management to track and forecast long-term asset and maintenance needs. Typical major maintenance improvements may include, but are not limited to renovating buildings, Americans with Disabilities (ADA) access improvements, replacing play area structures, forest, landscape, trail maintenance and improvements, swimming pool repairs, athletic field refurbishment, and installation of energy efficient lighting, and related major maintenance work. These projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, reclaim Parks property, and improve the overall park experience for the public.

Increase SPR by \$1.5 million REET I Capital Projects Fund (2025) for a turf conversion of the softball field at Fairmount Park

SPONSORS

Rob Saka

FINANCIAL SUMMARY

Fund	2025 Increase (Decrease)	2026 Increase (Decrease)
General Fund	\$0	\$0
Other Funds	\$(1,500,000)	\$0
Total Budget Balance Effect	\$(1,500,000)	\$0

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to Seattle Parks and Recreation (SPR) by \$1.5 million Real Estate Excise Tax I (REET I) Capital Fund in 2025 for the turf conversion of the softball infield at Fairmont Park in the Major Maintenance and Asset Management (MC-PR-41001) Capital Improvement Project (CIP).

Fairmount Park in West Seattle has two youth playfields: a grass/dirt softball field and grass soccer field. This CBA would fund conversion of the softball infield from dirt to synthetic turf, including lighting and additional updates to the dugouts and backstop, and accessibility improvements. This CBA is intended to increase playing options for youth softball and baseball; and support safe, accessible, and quality play for users on a year-round basis, including during inclement weather.

Converting the infield is intended to expedite the timeline of this project and incur a lower cost than converting the entire field. Other infield conversions include Rainier playfield, Garfield baseball field #1, and Lower Woodland #1; an infield conversion at Ballard Playground is currently under construction. Converting the entire softball field at Fairmount Park would cost \$8 to \$10 million. While the overall cost of an infield conversion is lower, the cost per square foot is slightly higher than a full conversion due to additional efforts to ensure appropriate functioning of the entire field and improvements that do not benefit from the economies of scale of a larger field conversion. As with any field conversion, SPR would be committed to replacing the infield's synthetic turf every 10 to 12 years, a capital investment estimated to cost between \$300,000 to \$500,000 or more depending on the size and condition of the field. SPR renovates grass fields on a longer cycle, every 30-50 years.

The financial plan for the Real Estate Excise Tax (REET) I Capital Projects Fund included in the 2025-2026 Proposed Budget shows a positive unrestricted fund balance in 2026 and beyond. This CBA may reduce the unrestricted fund balance but based on the current financial plan, this one-time appropriation can be supported without creating a deficit in this fund in 2025.

The impact of this CBA on the Major Maintenance and Asset Management CIP is shown in Attachment A.

SPR-005-A

Increase SPR by \$150,000 Unrestricted Cumulative Reserve Subfund (2025) to fund studies and analyses necessary to develop a future Portal Park

FINANCIAL SUMMARY

Fund	2025 Increase (Decrease)	2026 Increase (Decrease)
General Fund	\$0	\$0
Other Funds	\$(150,000)	\$0
Total Budget Balance Effect	\$(150,000)	\$0

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to Seattle Parks and Recreation (SPR) by \$150,000 Unrestricted Cumulative Reserve Fund in 2025 (one-time) to fund studies and analyses necessary for developing properties at 1st Avenue and Battery Street for a future Portal Park.

The properties comprising a potential Portal Park could include a 60,000 square foot parcel owned by the Seattle Department of Transportation (SDOT) that is the site of the former opening for the Battery Street Tunnel; a 7,200 square foot parcel owned by Seattle City Light (SCL) that is currently being used as a parking lot; and a multifamily parcel owned by a community organization.

The City has already developed a section of the SDOT parcel as “Portal Porch,” an 1,800 square foot public plaza space located at the northern corner of the wider Battery Street Tunnel portal site. The remainder of the SDOT parcel to the southwest of Portal Porch is fenced off and maintained as a grassed slope for the interim.

This CBA is intended to fund initial evaluation of the site’s opportunities and constraints (e.g., exploration of the slope and access to views, possible pathways through the park) along with due diligence activities (e.g., soil boring to test quality and stability of soil), property appraisals for sale or transfer to SPR, and other studies, planning or design work to inform plans for park acquisition and development.

The financial plan for the Unrestricted Cumulative Reserve Subfund included in the 2025-2026 Proposed Budget shows a positive unrestricted fund balance in 2026 and beyond. This one-time spending would not impact the sustainability of this fund in the future.

DESCRIPTION

This Council Budget Action (CBA) would increase proposed appropriations to Seattle Parks and Recreation (SPR) in 2026 by \$700,000 Parks and Recreation Fund for graffiti abatement services that will be provided under contract with a community organization such as Uplift Northwest. The City has contracted with Uplift Northwest since 2023 to provide additional capacity to address graffiti in the city that supplements the work performed by City graffiti abatement staff. Funding for this contracted work is included in the 2025 Proposed Budget but was not included in the 2026 Proposed Budget due to the need to reduce GF expenditures.

The financial plan for the Parks and Recreation Fund included in the 2025-2026 Proposed Budget shows a positive unrestricted fund balance in 2026 but a negative fund balance in 2027 and beyond. This CBA will reduce the unrestricted fund balance and, based on the current financial plan, this ongoing appropriation would create a deficit in this fund in 2027 and beyond.

This Council Budget Action (CBA) would impose a proviso on \$25,000 of Public Restroom Renovations (MC-PR-41036) CIP project funds in Seattle Parks and Recreation (SPR) to fund the painting of a mural on the bathroom at Cal Anderson Park to discourage the defacing of this bathroom. It is the Council's intent that the mural would reflect the cultural history of the neighborhood.

This Council Budget Action would impose the following proviso:

"Of the appropriations in Seattle Parks and Recreation's 2025 budget for the Public Restroom Renovations (MC-PR-41036) CIP project in the 2025-2030 Capital Improvement Program, \$25,000 is appropriated solely for painting the bathroom at Cal Anderson Park and may be spent for no other purpose."

2025 COUNCIL BUDGET ACTION

V1

SPR-012-A

Proviso \$75,000 in SPR's Major Maintenance and Asset Management (MC-PR-41001) CIP project to fund improvements at Marvin's Garden Park and Bergen Place

SPONSORS

Dan Strauss

DESCRIPTION

This Council Budget Action would impose a proviso on \$75,000 of Major Maintenance and Asset Management (MC-PR-41001) Capital Improvement Program (CIP) project funds in Seattle Parks and Recreation (SPR) to fund improvements at Marvin's Garden Park and Bergen Place, including: updated public art and beautification, and a revamp of the current kiosk in Bergen Place. These improvements will address deferred maintenance in both Marvin's Garden and Bergen Place.

This Council Budget Action would impose the following proviso:

"Of the appropriations in Seattle Parks and Recreation's 2025 budget for the Major Maintenance and Asset Management (MC-PR-41001) project in the 2025-2030 Capital Improvement Program, \$75,000 is appropriated solely for improvements at Marvin's Garden and Bergen Place Park and may be spent for no other purpose."

SPU-005-A

Increase SPU by \$150,000 Solid Waste Fund (SWF) (2025) and \$150,000 SWF (2026) for textile waste prevention by organizations supporting refugee and immigrant women

SPONSORS

Tanya Woo

FINANCIAL SUMMARY

Fund	2025 Increase (Decrease)	2026 Increase (Decrease)
General Fund	\$0	\$0
Other Funds	\$(150,000)	\$(150,000)
Total Budget Balance Effect	\$(150,000)	\$(150,000)

DESCRIPTION

This Council Budget Action (CBA) would increase appropriations in Seattle Public Utilities (SPU) by \$150,000 Solid Waste Fund (SWF) in 2025 and \$150,000 SWF in 2026 to fund programming that prevents textile waste and offers opportunities to refugee and immigrant women.

The funding should be used to support an organization that supports refugee and immigrant women in overcoming barriers to employment and diverts waste from Seattle's waste disposal system, such as the Refugee Artisan Initiative.

The Refugee Artisan Initiative has received funding from SPU in the past through SPU's Waste-Free Communities Matching Grant program that supports community-initiated and led waste prevention projects. The grant program's next two-year funding cycle is scheduled to open in January 2025 and the department has \$200,000 to award.

The financial plan for the Solid Waste Fund included in the 2025-2026 Proposed Budget shows a positive unrestricted fund balance in 2026 and beyond. This one-time spending will not impact the sustainability of this fund in the future.
