## 1. BILL SUMMARY

**Legislation Title:** A RESOLUTION approving interest rates set by the Seattle City Employees' Retirement System (SCERS) Board of Administration for 2026.

**Summary and Background of the Legislation:** Per Seattle Municipal Code 4.36.505.F, this resolution provides City Council approval of the 2026 interest rates on member contributions set by the SCERS Board of Administration.

Under the policy enacted by the SCERS Board, in 2026, contributions received on or before December 31, 2011 will earn 5.75% annual interest, compounded annually. Contributions received after that date will earn 4.53% interest, also compounded annually. The Board reviews and adjusts the post-2011 interest rates annually, based on a policy target of the average daily yield on 30-year U.S. Treasury Bonds for the immediately preceding June 1 to May 31 period.

2. CAPITAL IMPROVEMENT PROGRAM	
Does this legislation create, fund, or amend a CIP Project?	☐ Yes ⊠ No
3. SUMMARY OF FINANCIAL IMPLICATIONS	
Does this legislation have financial impacts to the City?	☐ Yes ⊠ No
3.d. Other Impacts	

Does the legislation have other financial impacts to The City of Seattle, including direct or indirect, one-time or ongoing costs, that are not included in Sections 3.a through 3.c? If so, please describe these financial impacts.

This legislation has no direct financial implications for City appropriations, revenues, or positions. Interest rates for 2026 will grow member contribution balances. Resulting impacts are estimated along with other factors in the retirement system's periodic actuarial valuations.

N/A

If the legislation has costs, but they can be absorbed within existing operations, please describe how those costs can be absorbed. The description should clearly describe if the absorbed costs are achievable because the department had excess resources within their existing budget or if by absorbing these costs the department is deprioritizing other work that would have used these resources.

Please describe any financial costs or other impacts of *not* implementing the legislation.

The proposed change reflects an increase in market interest rates in the last year. Not implementing the legislation would not recognize the action taken by the SCERS Board of Administration or the practice of the last several years. Inaction would leave the rate at the 2025 level.
