| Residential Neighborhood: Belltown | Zip Code: 98121 | Contact Phone No.: N/A (Business phone # is not available) |

While obtaining her B.A. in Public Health and B.S. in Spanish at UNC Charlotte, she consequently grew connected with a local immigrant and refugee-serving afterschool program: ourBRIDGE for KIDS. There, she supported the facilitation of a culturally-relevant science, technology, engineering, art, and math curriculum that was grounded in creating a learning environment that promoted the innate resilience of the children. Afra recognizes the crucial importance of one’s community in acting as a protective factor that promotes the health and wellbeing of families. Upon relocating to Seattle in 2020, she learned of the gap in culturally-relevant resources for Muslims with disabilities in Washington. Currently, she is an intern with ‘MUHSEN,’ where she works to ensure gathering spaces are accommodating to individuals with special needs, many of whom are immigrants and refugees. In addition, she is working as a shelter counselor at New Horizons, a homeless shelter that partners with young adults on their journey towards housing. She is also obtaining her M.A. with the Islamic Seminary of America with a goal of deepening the well that guides her efforts to walk with and learn from communities. | | |

| Background: I am a third-year student at the University of Washington, where I direct the Queer Student Commission. I am also a board member and Student Organizing Committee Chair at GLSEN Washington, where I work to develop and lead programs for LGBTQ+ youth across Washington. I also work with the Washington Office of the Superintendent of Public Instruction and the Health Care Authority on school safety, student well-being, and youth behavioral health care policy. As a commission member, I hope to represent the interests and needs of LGBTQ+ youth in Seattle. My work within the LGBTQ+ community has led me to gain a comprehensive understanding of the needs of LGBTQ+ young people in this city, and I will bring that to the commission. One of the greatest needs I see in the community surround health care. While the Seattle LGBTQ commission has already done admirable work in this area by securing funds for LGBTQ+ health care organizations, there is still so much to be done to ensure that all LGBTQ+ people have access to safe, affirming, and accessible healthcare. I also hope to focus my work in the areas of housing instability, social equity, and community engagement. | | |

Laura received her Bachelor of Science in Landscape Architecture at the University of Washington where she focused on researching how ecological, geographic, and cultural narratives shape the natural and built environments for resilient futures. While interning with the Seattle Department of Transportation Urban Forestry Division, Laura conducted field research quantifying the impact of Seattle’s urban forest on quality of life. Green infrastructure (urban tree canopy being a key example) plays an important role in revising the current rhetoric of the built environment. Laura intends to continue working to illuminate how systems of privilege can be shifted for a more equitable and sustainable world, and make these changes tangible through physical design interventions. She currently practices the art of balancing science and design through interdisciplinary collaboration as a Landscape/Mitigation Designer at Talasaea Consultants. Laura looks forward to participating in public dialogue as a member of the Urban Forestry Commission. When communities are engaged meaningfully, green spaces become drivers of increased social equity.</i> | | |

| Background: Originally from San Francisco and relatively new to Seattle, I have spent much of my life navigating and noticing what it means to live in a city. To me, city life means being forced to think about the lives of the people all around you. I graduated from the University of Puget Sound in 2019 with a degree in politics and decided to turn my interest in the wellbeing of others into my career. First as an intern for then-senator Kamala Harris, then as an AmeriCorps service member for a non-profit cooking (my other passion!) school. I am now the executive administrator of Path with Art, an organization that seeks to heal individuals from the effects of trauma through the arts. Going for walks, listening to podcasts, cooking, and new clothes make me happy. I hope to bring a sense of curiosity and willingness to learn to my role on the planning commission. I care deeply about equity and creating opportunity for others, but I also recognize that often that having the humility to get out of others' way and truly listening. I hope to learn how the planning commission seeks to strike this balance and how a bureaucratic body can work for its community. I love learning from others and I am excited to meet my fellow commissioners, hear their paths to the commission, and what motivates them. | | |

After graduating with a bachelor’s in computer science and political science minor, I decided to move to Seattle, having fallen for the gorgeous summers and familiar rainy seasons. Since my arrival, I have been continually fascinated by Seattle’s storied history, which lives on through its citizens and the built environment we all use daily. As someone who recently moved to the city, I recognize the impact recent growth is having on historic neighborhoods and local communities. I want to help preserve what makes Seattle special and ensure its citizens—longtime residents and newcomers alike—are given a chance to protect the irreplaceable. As a commissioner, I will strive to make citizens’ voices heard and increase the involvement of everyday citizens in the landmark preservation process. | | |

Molly has had the opportunity to apply her Transit Oriented Development Masters research from the University of Texas to her work at Mithun and then at ZGF in Seattle. In her urban design work at ZGF, Molly has a passion for leveraging policy, architecture, landscape architecture, and community engagement to support the development of vibrant, affordable communities near transit stations. Work Experience

Google, *Software Engineer*, People Directory

March 2021 – Present

- Extending our corporate directory index to handle customers with extremely large directories and directory profile sharing between customers.

Google, *Junior Software Engineer*, Social Graph Backend

February 2019 – March 2021

- Developed and launched a system of fault-tolerant and efficiently scalable microservices to generate social graph data from Google's contacts and profiles and serve that data to internal clients. The system is designed to minimize write-time and read-time latency, and is implemented in C++ for speed and resource efficiency.
- Implemented extensive integration tests of the above system which caught several bugs in our implementation and in our dependencies. Created an extensible integration testing library in Java for our clients to use in their tests.
- Fulfilled regulatory compliance requirements by creating offline batch jobs to perform automated data cleanups.
- Implemented and launched a system to keep cached contact names fresh, fixing a flaw in our data model that exposed the previous names of users who had changed their profile names.

Facebook, *Software Engineering Intern*, Location-Aware Distribution

June 2018 – September 2018

- Contributed to the development of a reliable, low-latency peer-to-peer system that is responsible for config file distribution across Facebook's server fleet.
- Implemented C++ memory optimizations the system, reducing memory usage by 5%.
- Added the ability to inline small files in metadata messages, reducing distribution latency.
- Improved crash recovery by adding functionality to resume interrupted downloads. Partially-completed downloads of large files are cached on disk. When the service is started, cached downloads are either resumed or garbage-collected based on stored state.
- Wrote comprehensive unit tests and routinely tested performance on several thousand hosts.

Tyvak NanoSatellite Systems, *Software Engineering Intern*, Ground Software

January 2018 - December 2018

- Conducted novel research on applications of Bayesian Networks to traffic route prediction.
- Designed an algorithm to efficiently count the number of traffic routes in a state space defined by a hierarchical route distribution, and implemented the algorithm in Python.
- Built a web-based UI to tune parameters of Testing Bayesian Networks and visualize the behavior of the resulting models.

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE modifying Ordinance 126081 concerning repayment plans for rental arrears accrued during or within six months after the termination of the civil emergency declared on March 3, 2020.

WHEREAS, on February 29, 2020, Washington Governor Jay Inslee declared a state of emergency in response to new cases of COVID-19, directing state agencies to use all resources necessary to prepare for and respond to the outbreak; and

WHEREAS, on March 3, 2020 the Mayor proclaimed a civil emergency related to the spread of COVID-19, authorizing the Mayor to exercise the emergency powers necessary for the protection of the public peace, safety, and welfare; and

WHEREAS, on March 5, 2020 the Council adopted Resolution 31937 affirming the civil emergency, modifying orders transmitted by the Mayor related to the emergency, and establishing Council's expectations related to future orders and reporting by the Mayor during the civil emergency; and

WHEREAS, on July 22, 2020, the Local Health Officer for King County issued a directive and order requiring quarantine or isolation to stem the spread of COVID-19 in the community; and

WHEREAS, on March 14, 2020 the Mayor issued a civil emergency order related to residential evictions; and

WHEREAS, on March 16, 2020 the Council adopted Resolution 31938 affirming and modifying the civil emergency order related to residential evictions and establishing Council's expectations related to future orders during the civil emergency; and

WHEREAS, subsequent emergency orders extended the moratorium on evictions through February 28, 2022;

and

WHEREAS, the COVID-19 crisis has had a significant impact on the local economy, and the improvements in economic conditions since the start of the pandemic were put at risk by the Omicron variant, with corollary impacts on income for many households; and

WHEREAS, the Center for Disease Control and Prevention guidelines state that those who develop symptoms or who test positive for COVID-19 without symptoms stay isolated for at least five days and those exposed to COVID-19 and not up to date on vaccinations stay home for five days, assuming no symptoms arise; and

WHEREAS, meeting requirements to self-isolate due to illness, a positive test, or exposure to COVID-19, the need to care for household members with illness or exposure, or the loss of child care arrangements due to outbreaks could have substantial impacts on household income and the ability to stay current on rent, and these risks are compounded for workers without paid sick or safe time, those who work in the “gig economy,” and historically disadvantaged populations that are already at greater risk of eviction; and

WHEREAS, the combined economic repercussions of COVID-19 on household income, including the ability to pay rent, is expected to continue for the duration of the public civil emergency, and for a notable period afterward for many households; and

WHEREAS, the Census Bureau’s Household Pulse Survey released on February 16, 2022 estimates that more than 77,000 households in the Seattle area with incomes below \$50,000 remain behind on rent; and

WHEREAS, the September 2018 Seattle Women’s Commission and the King County Bar Association’s report *Losing Home: The Human Cost of Eviction in Seattle* (“Losing Home Report”) found that the most disadvantaged groups face the highest likelihood of eviction; and

WHEREAS, the Losing Home report found that most evicted respondents became homeless, with 37.5 percent completely unsheltered, 25.0 percent living in a shelter or transitional housing, and 25.0 percent staying with family or friends. Only 12.5 percent of evicted respondents found another apartment or home to

move into; and

WHEREAS, a 2018 investigation by the King County Medical Examiner’s Office found that over half of 107 presumed homeless deaths investigated occurred outside and attributed approximately 121, or 62 percent, of presumed homeless deaths investigated to non-natural causes (drug overdose, accidents (including hypothermia), suicide, homicide, and undetermined), making it clear that people experiencing homelessness have a much higher risk than the general population of developing exposure-related conditions; and

WHEREAS, persons with underlying health conditions are at greater risk of fatality if they catch COVID-19, and preventing individuals from becoming higher-risk patients will protect the public health, safety, and welfare of the region; and

WHEREAS, *The Negative Effects of Instability on Child Development*, published in 2013 by the Urban Institute, found that “[c]hildren experiencing residential instability demonstrate worse academic and social outcomes than their residentially-stable peers, such as lower vocabulary skills, problem behaviors, grade retention, increased high school drop-out rates, and lower adult educational attainment”; and

WHEREAS, as of January 2022, The City of Seattle has allocated over \$55 million to provide rental assistance to individuals and households whose ability to pay rent has and continues to be impacted by the public health emergency and to date over 6,300 individuals and households have received rental assistance payments, with about \$25 million of funds still remaining to be distributed, in addition to funding available through King County’s rental assistance program; and

WHEREAS, it is unlikely that all households that are behind on their rent due to the effects of the pandemic will receive rental assistance, and rental assistance funding may not be sufficient to assist all impacted households; and

WHEREAS, as of March 29, 2022, the state and City COVID-19 public health emergencies continue; and

WHEREAS, on May 11, 2020, the Council passed Ordinance 126081, which allows a tenant who fails to pay rent when due during or within six months after the termination of the civil emergency proclaimed by Mayor Durkan on March 3, 2020 to elect to pay such overdue rent in installments; and

WHEREAS, the repayment schedule envisioned by Ordinance 126081 was based on certain assumptions as to the amount of past due rent that was likely to accumulate, assuming a relatively prompt end to the pandemic; and

WHEREAS, the civil emergency proclaimed by Mayor Durkan on March 3, 2020 has continued for an additional twenty-two months since the Council passed Ordinance 126081, meaning that repayment plans conforming with the City's ordinance may in many cases not be sufficient to address tenants' needs; and

WHEREAS, the Washington State Legislature established requirements for the repayment of rental arrears accrued during and within six months after the COVID-19 public health emergency declared by Governor Inslee that limits monthly repayment to one-third of the monthly rental charges during the period the debt was accrued, among other requirements (RCW 59.18.630); and

WHEREAS, the provisions of RCW 59.18.630 regarding repayment plans are an appropriate way of addressing tenants' needs for additional time to make past due rental payments given the duration of the pandemic, but the City Council finds that it is necessary to ensure that, within the City of Seattle, those provisions apply to unpaid rent that accrued between March 3, 2020 and six months after the termination of the civil emergency proclaimed by Mayor Durkan on March 3, 2020; and

WHEREAS, providing households reasonable opportunity to repay rental arrears is expected to decrease the likelihood that individuals and families will fall into homelessness and enable tenants in the City whose income and ability to work is affected due to COVID-19 to remain in their homes; NOW,
THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Section 2 of Ordinance 126081 is amended as follows:

Section 2.

A. ~~((A tenant who fails to pay rent when due during, or within six months after the termination of, the civil emergency proclaimed by Mayor Durkan on March 3, 2020, may elect to pay such overdue rent in installments. The tenant shall pay one month or less of overdue rent in three consecutive, equal monthly installments. The tenant shall pay over one month and up to two months of overdue rent in five consecutive, equal monthly payments. The tenant shall pay over two months of overdue rent in six consecutive, equal monthly payments. Any remainder from an uneven division of payments will be part of the last payment. The tenant may propose an alternative payment schedule, which, if the landlord agrees to it, shall be described in writing and signed by the tenant and landlord and deemed an amendment to any existing rental agreement.))~~

A landlord must offer a repayment plan in conformity with subsections (2), (3), and (5) of RCW 59.18.630, except that, notwithstanding any contrary language in RCW 59.18.630(2), the requirement of this subsection 2.A applies if a tenant has remaining unpaid rent that accrued between March 3, 2020 and six months following the termination of the civil emergency proclaimed by Mayor Durkan on March 3, 2020.

B. No late fee, interest, or other charge due to late payment of rent shall accrue during, or within one year after the termination of, the civil emergency proclaimed by Mayor Durkan on March 3, 2020.

C. If a landlord issues a notice to terminate tenancy for nonpayment of rent that was due during, or within six months after the termination of, the civil emergency proclaimed by Mayor Durkan on March 3, 2020, the notice must contain the following statement: “City law ((entitles you to pay overdue rent in installments)) requires a landlord to offer a reasonable schedule for repayment of unpaid rent that accrued between March 3, 2020, and six months following the termination of the civil emergency proclaimed by Mayor Durkan on March 3, 2020. If your landlord does not ((accept payment according

~~to the installment schedule))~~ offer such a repayment plan or give you 14 days to accept a reasonable repayment plan before proceeding with an unlawful detainer action, you may raise this as a defense to eviction in court.” It is a defense to eviction if the notice does not contain the required information.

D. An award of attorneys’ fees and statutory court costs to a landlord arising from an eviction proceeding raising defenses authorized by this ordinance is prohibited unless otherwise allowed by law.

E. Failure of the ~~((owner to accept payment under the installment schedule))~~ landlord to offer a repayment plan as provided in subsection 2.A of this ordinance, or to give a tenant 14 days to accept a reasonable repayment plan before proceeding with an unlawful detainer action, is a defense to eviction.

Section 2. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title: AN ORDINANCE modifying Ordinance 126081 concerning repayment plans for rental arrears accrued during or within six months after the termination of the civil emergency declared on March 3, 2020.

Summary and Background of the Legislation: This bill would amend Ordinance 126081, which, among other actions, set the requirements for the repayment of rental arrears accrued during or within six months after the termination of the COVID civil emergency. The bill amends the requirements for the repayment plan and establishes a defense to eviction if a repayment plan that conforms with the new requirements is not offered. The new requirements proposed by the bill align with the requirements laid out in RCW 59.18.630 except tying to the City’s COVID civil emergency, not the state’s.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? Yes No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? Yes No

If there are no changes to appropriations, revenues, or positions, please delete the table below.

Does the legislation have other financial impacts to The City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs? No

Are there financial costs or other impacts of *not* implementing the legislation? The revisions to the repayment plan to conform with the state’s requirements will ensure that households have the ability to repay rental arrears in a way that does not increase the risk of eviction. As a result, the bill will protect public health and support stable housing, decrease the likelihood that individuals and families will fall into homelessness, enable tenants in the City whose income and ability to work is affected due to COVID-19 to remain in their homes; and increase the ability of some tenants to repay rental arrears.

4. OTHER IMPLICATIONS

a. Does this legislation affect any departments besides the originating department? The ordinance revises a defense to eviction.

- b. Is a public hearing required for this legislation?** No
- c. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?** No
- d. Does this legislation affect a piece of property?** No
- e. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?**
This bill will benefit tenants whose income and ability to pay rent have been impacted by COVID, which had disparate racial impacts. In addition, the September 2018 Seattle Women’s Commission and the King County Bar Association’s report *Losing Home: The Human Cost of Eviction in Seattle* found that the most disadvantaged groups face the highest likelihood of eviction. As a result, it is likely that historically disadvantaged communities will disproportionately benefit from reasonable options for repaying rental arrears.
- f. Climate Change Implications**

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to grant funds from the United States Department of Transportation and other non-City sources; authorizing the Director of the Seattle Department of Transportation to accept specified grants and execute related agreements for and on behalf of the City; amending Ordinance 126490, which adopted the 2022 Budget, including the 2022-2027 Capital Improvement Program (CIP); changing appropriations for the Seattle Department of Transportation; and revising allocations and spending plans for certain projects in the 2022-2027 CIP.

Summary and Background of the Legislation: This legislation would authorize SDOT to execute agreements for, and accept, a \$20 million RAISE grant and a \$5.5 million Port of Seattle contribution toward construction of the E Marginal Way Corridor Improvement Project, along with a \$247,000 award from the state Transportation Improvement Board (TIB) toward construction of a new sidewalk on the west side of 4th Ave S between Royal Brougham and the I-90 off-ramp. SDOT expects to obligate these funds beginning 2nd quarter 2022, with construction commencing on both projects later this year. This ordinance would also appropriate all of the accepted grant funds.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? Yes No

Does the legislation have other financial impacts to The City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?

No.

Are there financial costs or other impacts of *not* implementing the legislation?

The City will, at most, be able to complete the protected bike lane facility, without completing any pavement reconstruction or other improvements on East Marginal Wy without accepting the RAISE and Port of Seattle funds. SDOT will not be able to complete the 4th Ave S sidewalk without accepting the TIB funds.

3.a. Appropriations

4. OTHER IMPLICATIONS

a. Does this legislation affect any departments besides the originating department?

Seattle Public Utilities plans to upgrade infrastructure as part of the East Marginal Wy project

b. Is a public hearing required for this legislation?

No.

c. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?

No.

d. Does this legislation affect a piece of property?

No.

e. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?

Nearer term, the East Marginal project will facilitate job growth within the construction trades and, longer term, in the maritime and industrial sector. Targeted hiring and apprenticeship opportunities could ensure that local communities of color benefit from that job growth. Building a protected bike facility between Spokane St and downtown also

improves access to jobs and educational opportunities, as well as access to health care and other services.

f. Climate Change Implications

1. Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?

Both the East Marginal and 4th Ave S projects will facilitate safer, carbon free travel (walking and biking) through key north-south corridors south of downtown Seattle

2. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.

No direct positive or negative impact on resiliency related to this legislation.

g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s)?

WHEREAS, the Seattle City Council granted approval of the vacation petition subject to conditions on November 25, 2019; and

WHEREAS, Grantor is executing this Property Use and Development Agreement (the "Agreement" or "PUDA") to ensure compliance with any on-going conditions of the vacation approval subsequent to passage of the vacation ordinance; and

NOW, THEREFORE, Grantor hereby covenants, bargains, and agrees on behalf of itself and its successors and assigns as follows:

Section 1. The conditions passed by the City Council on November 25, 2019, specified the following conditions of vacation approval:

1. The vacation is granted to allow Grantor to build a project substantially in conformity with the project presented to the City Council and for no other purpose. The project must be substantially in conformity with the proposal reviewed by the Sustainability and Transportation Committee in November of 2019.
2. All street improvements shall be designed to City standards, as modified by these conditions to implement the public benefit requirements, and be reviewed and approved

by the Seattle Department of Transportation (“SDOT”) through a Street Improvement Permit; elements of the street improvement plan and required street improvements to be reviewed include:

- Establishing curb lines, sidewalk dimensions and garage entry;
- Location of utility facilities, including SCL poles and SPU solid waste bins,
- Landscaping, and
- Material use, signage, art elements and other public benefit features in the right-of-way.

3. The utility issues shall be resolved to the full satisfaction of the affected utility prior to the approval of the final vacation ordinance. Prior to the commencement of any development activity on the site, Grantor shall work with the affected utilities and provide protection for the utility facilities. This may include easements, restrictive covenants, relocation agreements, or acquisition of the utilities, which shall be at the sole expense of Grantor. Utilities impacted include:

SPU:

- Fire hydrant: relocate or provide an easement;
- Review landscaping with SPU; and
- Complete permitting work on solid waste and recycling staging and pick up services provided on S Willow Street.

SCL:

- Complete work on location of new poles on both MLK and S Willow Street.

4. It is expected that development activity will commence within approximately 18 months of City Council’s approval on November 25, 2019, and that development activity will be completed within 5 years. To ensure timely compliance with the conditions imposed by the City Council, Grantor shall provide SDOT with regular reports providing an update on the development activity, schedule, and progress on meeting the conditions and anticipated date of project completion and opening. Grantor shall not request or be issued a Final Certificate of Occupancy until SDOT determines that all conditions have been satisfied and all fees have been paid as applicable.
5. In addition to the conditions imposed through the vacation process, the project as it proceeds through the permitting process is subject to SEPA review and to conditioning pursuant to City codes through the regulatory review processes.
6. Free speech activities such as hand billing, signature gathering, and holding signs, all without obstructing access to the space, the building, or other adjacent amenity features, and without unreasonably interfering with the enjoyment of the space by others, shall be allowed within the on-site vacation public benefit features. While engaged in allowed activities, members of the public shall not be asked to leave for any reason other than conduct that unreasonably interferes with the enjoyment of the space by others. Signage clearly identifying public access and allowed free speech activities shall be required at

the public open space elements and shall require the review and approval of SDOT Street Vacations. Signage shall be consistent with signage provided for public amenity spaces, if any, on the site. Any violation of these conditions will be enforced through Chapter 15.90 of the Seattle Municipal Code.

7. Signage clearly identifying public access shall be required at the public open space elements and shall require the review of SDOT Street Vacations. The final design of the public benefit elements shall require the review and approval of SDOT Street Vacations. SDOT Street Vacations may require additional review by the Design Commission as needed. Changes to the proposed public benefits require SDOT review and may necessitate additional Design Commission review. The value column in the matrix below reflects the estimated value of the public benefit features and obligations, the off-site contribution reflects the actual value of the payment obligation.
8. Grantor shall develop and maintain the public benefit elements as approved by the City Council. The public benefit requirements include the following features:

Grantor may adopt reasonable rules and regulations regarding the use of and access to the public benefits. The rules and regulations shall be consistent with this Agreement. A summary of the current rules and regulations, if rules are adopted, shall be posted in several visible locations at the public benefits areas.

Section 5. Nothing in this Agreement shall constitute a public dedication of any portion of the Property or impose any restriction on any part of the Property other than the areas designated for the public benefits.

Section 6. This Agreement is made for the benefit of the City and the public. Grantor is responsible for the obligations of this Agreement. The City may institute and prosecute any proceeding at law or in equity to enforce this Agreement.

Section 7. It is further expressly agreed that if any covenant or condition or restriction in this instrument or any portion thereof is invalid or void, such invalidity or voidness shall in no way affect any other covenant, condition or restriction.

Section 8. Upon the effective date of the vacation ordinance, Grantor shall provide and thereafter maintain in full force and effect, commercial general liability insurance providing for a limit of not less than \$1,000,000 per occurrence for damages arising out of bodily injuries or death. The insurance policies obtained shall be issued by companies authorized to conduct business in Washington State and shall name the City as an additional insured. Grantor shall

provide evidence of insurance to the City Risk Manager at the City's reasonable request.

Section 9. Grantor covenants and agrees to defend, indemnify, and hold harmless the City of Seattle, its officials, officers, employees, and agents from all liabilities, claims, causes of action, judgments, or expenses, including reasonable attorney fees and necessary litigation expenses, resulting from any actual or alleged bodily injury including death or actual or alleged damage to property arising out of or in connection with the use or occupation of the public benefits described herein during the term of its ownership of the Property. Upon any transfer of ownership of the Property, this obligation shall be binding on all successors and assigns. The indemnification obligations under this Agreement do not apply to any liabilities, claims, causes of action, judgments or expenses resulting from bodily injury or property damage caused by the negligence or intentional acts of the public or the City, or the City's officers, employees, elected officials, agents, or subcontractors.

Section 10. This Agreement shall be binding on Grantor's successors and assigns. Grantor and each future owner of the Property shall be bound to this Agreement only during the period of its ownership.

Section 11. This Agreement may be amended or modified by agreement between Grantor and the City; provided any such amendment, per Council rules, shall be subject to approval by the City Council by ordinance. CITY OF SEATTLE

RESOLUTION _____

A RESOLUTION to stop privatizing the United States Medicare system.

WHEREAS, since 1965 Medicare has been the national health care system for seniors and the disabled in the United States; and

WHEREAS, Medicare beneficiaries are among the most vulnerable populations served in health care, and need more, not fewer, benefits and protections; and

WHEREAS, traditional Medicare holds sacred the relationship between Medicare beneficiaries and their chosen health care provider; and

WHEREAS, traditional Medicare, is a public good and should not be privatized; and

WHEREAS, Wall Street has for decades tried and failed to privatize the Social Security system; and

WHEREAS, the prospect of Wall Street getting a piece of what is projected to be \$1.6 trillion of annual Medicare spending by 2028 has led to a rush to buy-up Accountable Care Organizations for managing Medicare services; and

WHEREAS, the Trump administration opened the door to the complete privatization of Medicare through a Direct Contracting pilot program allowing private equity firms, insurance companies, and corporate health businesses to directly contract to provide Medicare services; and

WHEREAS, the Biden administration ended the Direct Contracting pilot and rebranded it as the ACO REACH (Accountable Care Organization Realizing Equity, Access, and Community Health) pilot to begin in January of 2023; and

WHEREAS, public health advocates across the country see little difference between ACO REACH and the Direct Contracting pilot, since both pilot programs allow third party private entities to wedge themselves between patients and their healthcare providers and to draw down the Medicare Trust Fund by making huge profits in several ways, including weakening services for Medicare beneficiaries; and WHEREAS, nothing in the ACO REACH pilot spells out a systemic way to address the real inequities suffered by BIPOC individuals and BIPOC communities due to historic under-resourcing; and WHEREAS, addressing real equity issues can be done within the traditional Medicare system; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SEATTLE THAT:

Section 1. The City Council opposes the privatization of the Medicare system, favors terminating the Accountable Care Organization Realizing Equity, Access, and Community Health (ACO REACH) pilot program, and favors closing the door on third party entities in the Medicare system.

Section 2. The Office of Intergovernmental Relations is requested to transmit a copy of this position to Washington State congressional delegation, to President Joe Biden, and to Secretary of Health and Human Services Xavier Becerra.

Adopted by the City Council the _____ day of _____, 2022, and signed by me in open session in authentication of its adoption this _____ day of _____, 2022.

President _____ of the City Council

Filed by me this _____ day of _____, 2022.
