

Amendment C Version 1 to RES 32187 - 2026 State Legislative Agenda

Sponsor: Councilmember Strauss

Affordability, Public Safety, and Climate & Environment Priorities

Effect: This amendment would add language to the City of Seattle’s 2026 State Legislative Agenda to state the City’s commitment to the following legislative priorities:

Affordability

- Providing local municipalities with more revenue options.

Public Safety

- Strengthening metal recycling regulations.

Climate & Environment

- Supporting policies and investments to fight climate change, assist climate adaptation, and assist local government removal of fish passage barriers.

Amend the language under the heading “Affordability” in Exhibit 1 of RES 32187 as follows:

Affordability

* * *

- Support revenue options that help safeguard access to essential services.
- Provide local municipalities with more revenue options.

Amend the language under the heading “Public Safety” in Exhibit 1 of RES 32187 as follows:

Public Safety

* * *

- Expand the scope of the crime of endangerment with a controlled substance to include fentanyl or synthetic opioids.

- Strengthen metal recycling regulations to prevent the sale of stolen public and private property.

Add a new section with the heading “Climate & Environment” after the “Transportation” section in Exhibit 1 of RES 32187 as follows:

Climate & Environment

- Support policies and investments to fight climate change, assist climate adaptation, and assist local government removal of fish passage barriers.
