AN ACT to levy an excess compensation payroll expense tax to fund the Seattle Social Housing Developer.

BE IT ENACTED BY THE PEOPLE OF THE CITY OF SEATTLE:

Section 1. A new Chapter 5.37 is added to Title 5 of the Seattle Municipal Code as follows:

Chapter 5.37 SOCIAL HOUSING TAX

5.37.000 Purpose

On February 14, 2023, Seattle voters approved Initiative 135 by a 14-point margin. I-135 created the Seattle Social Housing Developer to develop, own, and maintain social housing developments in the City of Seattle and for all related lawful purposes or public functions within the limits of the City of Seattle and outside of the City to the extent provided by state law. Social housing is available to all, permanently affordable, and publicly owned in perpetuity. Social housing will increase the supply of permanent, truly affordable housing for Seattle residents. Social housing is an internationally proven model that spans multiple countries and continents, including but not limited to: Maryland’s Montgomery County, Toronto, Finland, Singapore, France, Vienna, and New Zealand to name a few. The social housing tax levied through this initiative provides a progressive revenue source that will support the Seattle Social Housing Developer’s efforts to expand access to affordable social housing in Seattle by funding the construction and acquisition of social housing, operation costs, maintenance costs, rehabilitation of acquisitions, making control investments in housing developments, and other functions that advance its mission. The housing developed under this ordinance will be permanently protected for public use, dedicated to workforce and community housing, and will thereby increase the supply of permanent, truly affordable housing. The social housing payroll tax will provide a critical, ongoing revenue stream for the Seattle Social Housing Developer to fulfill its mission as outlined in Initiative 135. This revenue stream should eventually complement other sources of funding as the Seattle Social Housing Developer looks to federal grants, State of Washington revenue streams, and other sources to accelerate its ability to build and acquire social housing.

5.37.010 Administrative provisions

The provisions contained in Chapter 5.55 shall apply to the taxes imposed in this Chapter except as expressly stated to the contrary herein.

Every person's business premises shall be open for inspection or examination by the Director or a duly authorized agent. For the purposes of this Section 5.55.060, for the tax imposed by Chapter 5.53, "business premises" means wherever the person's business records and tax documents are maintained and does not mean every site owned or operated by the person.

1. BILL SUMMARY

Legislation Title: A RESOLUTION regarding Initiative 137 concerning a payroll expense tax to fund the Social Housing Developer; authorizing the City Clerk and the Executive Director of the Ethics and Elections Commission to take those actions necessary to enable the proposed Initiative Measure to appear on the November 5, 2024, ballot and the local voters' pamphlet; requesting the King County Elections Director to place the proposed Initiative Measure on the November 5, 2024, ballot; and providing for the publication of such proposed Initiative Measure.

Summary and Background of the Legislation:

Proposed Initiative Petition No. 137 (I-137) was filed with the Office of the City Clerk on February 13, 2024 (Clerk File 322950). On July 26, 2024 King County elections provided a Certificate of Sufficiency verifying that there were sufficient signatures to place the petition on the ballot. I-137 would impose a tax on payroll expenses for employers doing business in Seattle.¹ The new tax would apply a five percent rate on compensation above \$1,000,000 a year paid to Seattle-based employee.

Under I-137, at least 95% of the tax revenue shall be allocated and promptly transferred to Seattle's Social Housing Developer Public Development Authority (Social Housing PDA) for development and acquisition of social housing, operation costs, maintenance costs, rehabilitation of acquisitions, making control investments in housing developments, and other functions that advance its mission. The Social Housing PDA was established under Initiative 135, which was approved by voters in February 2023; its purpose is to develop, own, and maintain publicly financed mixed-income social housing developments². Up to 5% of the tax revenue may be allocated to administer the tax, but the amount to administer the tax cannot exceed \$2,000,000 per year.

¹ The proposed tax is like the Payroll Expense Tax in that it is a tax on business payroll expense, and as such relies on a generally similar tax base and most of the definitions in the current payroll expenses tax. It is different in that it imposes a 5% tax on every dollar of individual compensation above \$1,000,000, irrespective to size of business. In contrast, the Payroll Expense Tax applies to individual compensation of \$182,385 or higher, paid to any employees at a business with total payroll of \$8,511,281 or higher¹ and has both progressive tiers for both total business payroll and employee compensation level. Also, the current Payroll Expense Tax exempts some compensation at non-profit healthcare providers, whereas the proposed tax does not.

² As defined in I-135, social housing must 1) be owned by the PDA 2) Be mixed income, with units affordable to households earning 0% to 120% of Area Median Income 3) Allow tenants to remain in housing even if household income changes 4) Establish rental rates based on operations, maintenance, and loan payments 5) Allow residents opportunities for restorative justice conflict resolution prior to eviction proceedings 6) Not be sold or transferred to a private entity or public-private partnership 6) Allow residents have opportunities to participate in decision-making, and 7) Meet passive housing standards for new developments.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project?

Yes No

If yes, please fill out the table below and attach a new (if creating a project) or marked-up (if amending) CIP Page to the Council Bill. Please include the spending plan as part of the attached CIP Page. If no, please delete the table.

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation have financial impacts to the City?

Yes No

The resolution submits Initiative I-137 to the Seattle voters for their approval in the November 2024 General Election. Because the resolution only sends Initiative I-137 to voters, and does not actually implement the proposed tax, there are no financial impacts associated with the resolution.

3.d. Other Impacts

If approved, proponents of I-137 estimate that the tax would generate about \$50 million each year over the next ten years.

The Seattle Office of Economic and Revenue Forecasts (Forecast Office) reviewed the methodology used to develop these projections and found that it seemed generally sound and on the conservative side. The Forecast Office also noted that there are several data limitations which make projecting this type of tax revenue difficult: 1) compensation data does not exist at the City of Seattle level, so assumptions must be made to extrapolate from data provided for a larger geographic area and 2) payroll data from the Employment Security Department does not include some corporate officer positions, which are more likely to be high income earners.

The Forecast Office also indicated other challenges with projecting the tax revenue associated with I-137. Like the current Payroll Expense Tax, tax revenue collections associated with I-137 would be potentially volatile. According to the Forecast Office, a large share of annual revenue from the existing payroll expense tax comes from a small subset of businesses in the technology sector. Further, a not insignificant amount of compensation paid by employers in the technology sector comes in the form of grants of company stock. For that reason, recent forecasts of the existing payroll expense tax by the Forecast Office have shown a positive correlation between tax collections and trends in technology stock values. As such, volatility in value of technology stocks can reasonably be expected to translate into volatility in tax collections.

Additionally, the increase to the payroll expense tax proposed by I-137 could cause businesses to change their hiring behavior to avoid taxation— such as moving existing employees to locations outside of the city of Seattle and/or shifting new hires to locations outside the city. As noted by the Forecast Office, these types of behavioral shifts could impact not only the potential revenue from the proposed new tax, but also revenues from the existing payroll expense tax and other tax revenue sources, including the sales tax, real estate taxes, and the business and occupation tax.

Overall, according to the Forecast Office the proponent’s estimate of annual proceeds around \$50 million per year seems conservative and could be significantly higher. But given the volatility of the tax revenue and its potential to impact business decisions about employee locations, it could also be lower.

The Office of City Finance (OFC) has indicated that, should I-137 be approved by voters, they would request an additional 1.0 FTE Senior Customer Service Representative (Sr. CSR) and 1.0 FTE Tax Auditor to assist with the additional work resulting from the new tax. The fully loaded costs for these positions, assuming a 2026 start date, is \$119,057 for the Sr. CSR and \$151,725 for the Tax Auditor. Based on the cost of previous projects, OFC estimates that the cost of developing the technology system to administer this tax could be around \$1.5 million and that the ongoing maintenance fees for the system would be about \$10,000 per year.

4. OTHER IMPLICATIONS

a. Please describe how this legislation may affect any departments besides the originating department.

Office of City Finance would administer the tax.

b. Does this legislation affect a piece of property? If yes, please attach a map and explain any impacts on the property. Please attach any Environmental Impact Statements, Determinations of Non-Significance, or other reports generated for this property.

No

c. Please describe any perceived implication for the principles of the Race and Social Justice Initiative.

i. How does this legislation impact vulnerable or historically disadvantaged communities? How did you arrive at this conclusion? In your response please consider impacts within City government (employees, internal programs) as well as in the broader community.

In Seattle low-income households are disproportionately black, indigenous, or people of color (BIPOC) households and black households are most likely to be low-income³. BIPOC renter households are also disproportionately rent-burdened. Over half (57%) of all Black renter households in Seattle are cost-burdened, and over a quarter (27%) are severely cost burdened, meaning they spend over half of their incomes on housing costs.⁴ Provision of income and rent restricted housing for low-income households can provide housing stability and reduce rent burden.

Amendment 1 to RES 32142 – Initiative No. 137

Sponsor: CP Nelson

Amendment to place Initiative No. 137 on the February 11, 2025 Special Election Ballot.

Effect: Resolution 32142 would have placed the City of Seattle Initiative No. 137 (I-137) on the November 5, 2024 General Election Ballot. In order to place I-137 on the November 5, 2024 General Election Ballot, Council would have needed to pass the Resolution 32142 by August 6, 2024. Because that did not occur, this amendment instead places I-137 on the next available Special Election ballot, which is February 11, 2025.

Attachment 2 to Action 2 of CB 120812

Attachment 1 to Action 1 of Council Bill 120812

Amendment A Version 1 to CB 120812 – 2024 Mid-Year Supplemental

Sponsor: Councilmember Morales

Increase the proviso authority to \$20 million to allow the entire amount of appropriated funds in the 2024 budget to be used for expanded education supports, including mental health and student safety, restorative practices, and investments in safe spaces and activities

Effect: This amendment would increase the proviso amount to \$20 million, thereby allowing the Department of Education and Early Learning (DEEL) to deploy the entire amount of JumpStart Payroll Expense Tax Fund funds appropriated in the 2024 budget for mental health and student safety interventions, restorative practices, and safe spaces and activities. The amendment also requests that DEEL collaborate with other City departments and focus investments on existing programs and partnerships with community-based organizations. Lastly, the amendment requests that DEEL provide a report to Council by October 25, 2024, describing the spending plan for the entire \$20 million.

Amend Section 13 of CB 120812 as follows:

Section 13. This ordinance imposes a proviso as follows:

“Notwithstanding the provisions of Seattle Municipal Code Section 5.38.050, of the appropriations in the 2024 budget for the Department of Education and Early Learning’s K-12 Programs Budget Summary Level (BO-EE-IL200), ~~(\$10,000,000)~~ \$20,000,000 of JumpStart Payroll Expense Tax Fund funds are appropriated solely to expand educational supports for Seattle students, including: (a) to provide and raise awareness of critical mental health services and student safety interventions, such as proactive mental health screening, telehealth therapy, and in-person therapy ~~for Seattle students~~, (b) to provide restorative practices through community-based partners, and (c) to invest in safe community spaces and enriching activities. and may not be used for any other purpose.”

The Council requests the Department of Education and Early Learning to collaborate with other City of Seattle departments, including, but not limited to, the Human Services

Department and Seattle Parks and Recreation, to find investment opportunities that can be deployed quickly and efficiently. The departments should focus on expanding successful current investments that can benefit from additional funding and leveraging community-based organizations that possess connections to Seattle youth and that are equipped to provide services to address the youth mental health and violence crisis.

The Council further requests that the Department of Education and Early Learning provide a report to the Chair of the Libraries, Education, and Neighborhoods Committee by October 25, 2024, describing the spending plan for the full \$20,000,000 of appropriation authority.

Attachment 2 to Action 2 of Council Bill 120812

Amendment B Version 1 to CB 120812 – 2024 Mid-Year Supplemental

Sponsor: Councilmembers Strauss and Morales

Add a \$2.25 million proviso for providing restorative practices through community-based partners and investing in safe community spaces and enriching activities

Effect: This amendment would revise the proviso in Section 13 of the bill to specify that \$2.25 million of the Department of Education and Early Learning’s (DEEL’s) JumpStart Payroll Expense Tax Fund (JumpStart Fund) appropriations are to be used for providing restorative practices through community-based partners and investing in safe community spaces and enriching activities.

The \$2.25 million addressed in proviso are a portion of the \$20 million in total JumpStart Fund appropriations provided to DEEL in the 2024 Adopted Budget. Section 13 of the bill also includes a proviso on \$10 million of that amount to fund violence prevention and youth mental health activities.

Lastly, the amendment specifies that the \$2.25 million is intended to be used as a one-time investment in violence prevention and requests that DEEL collaborate with other City departments and focus investments on existing programs and partnerships with community-based organizations.

Amend Section 13 of CB 120812 as follows:

Section 13. This ordinance imposes a proviso as follows:

“Notwithstanding the provisions of Seattle Municipal Code Section 5.38.050, of the appropriations in the 2024 budget for the Department of Education and Early Learning’s K-12 Programs Budget Summary Level (BO-EE-IL200), \$10,000,000 of JumpStart Payroll Expense Tax Fund funds are appropriated solely to provide and raise awareness of critical mental health services and student safety interventions, such as proactive mental health screening, telehealth therapy, and in-person therapy for Seattle students, and may not be used for any other purpose.((?))

Notwithstanding the provisions of Seattle Municipal Code Section 5.38.050, of the appropriations in the 2024 budget for the Department of Education and Early Learning’s K-12 Programs Budget Summary Level (BO-EE-IL200), \$2,250,000 of JumpStart Payroll Expense Tax Fund funds are appropriated solely to expand educational supports for Seattle students, including providing restorative practices through community-based partners and investing in safe community spaces and enriching activities, and may not be used for any other purpose.”

The Council intends the \$2.25 million to be used on a one-time basis for violence prevention activities. Further, the Council requests the Department of Education and Early Learning to collaborate with other City of Seattle departments, including, but not limited to, the Human Services Department and Seattle Parks and Recreation, to find investment opportunities that can be deployed quickly and efficiently. The departments should focus on expanding successful current investments that can benefit from additional funding and leveraging community-based organizations that possess connections to Seattle youth and that are equipped to provide services to address the youth mental health and violence crisis.

1. BILL SUMMARY

Legislation Title:

An ordinance appropriating money to pay certain claims for the week of August 26, 2024, through August 30, 2024, and ordering the payment thereof; and ratifying and confirming certain prior acts. Claims include all financial payment obligations for bills and payroll paid out of PeopleSoft for the covered.

Summary and Background of the Legislation:

RCW 42.24.180 requires that payment of certain claims be authorized by the City Council. This bill, prepared each week by the City Treasury, authorizes the payments of funds that were previously appropriated by the City Council, so the passage of this bill does not have a direct result on the City's budget.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? Yes No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation have financial impacts to the City? Yes No

This bill authorizes the payments of funds that were previously appropriated by the City Council, so the passage of this bill does not have a direct result on the City's budget.

If the legislation has costs, but they can be absorbed within existing operations, please describe how those costs can be absorbed. The description should clearly describe if the absorbed costs are achievable because the department had excess resources within their existing budget or if by absorbing these costs the department is deprioritizing other work that would have used these resources.

Please describe any financial costs or other impacts of *not* implementing the legislation.

The legislation authorizes the payment of valid claims. If the City does not pay its legal obligations it could face greater legal and financial liability.

4. OTHER IMPLICATIONS

This type of legislation authorizes payment of bill and payroll expenses for all City departments.

- b. **Does this legislation affect a piece of property? If yes, please attach a map and explain any impacts on the property. Please attach any Environmental Impact Statements, Determinations of Non-Significance, or other reports generated for this property.**

No.

- c. **Please describe any perceived implication for the principles of the Race and Social Justice Initiative.**

- i. **How does this legislation impact vulnerable or historically disadvantaged communities? How did you arrive at this conclusion? In your response please consider impacts within City government (employees, internal programs) as well as in the broader community.**

N/A

- ii. **Please attach any Racial Equity Toolkits or other racial equity analyses in the development and/or assessment of the legislation.**

N/A

- iii. **What is the Language Access Plan for any communications to the public?**

If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.**

N/A

- e. **If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s)? What mechanisms will be used to measure progress towards meeting those goals?**

N/A

5. CHECKLIST

- Is a public hearing required?**
- Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required?**
- If this legislation changes spending and/or revenues for a fund, have you reviewed the relevant fund policies and determined that this legislation complies?**

SELECTED ENDORSEMENTS

“Within two weeks of being on my campaign team, Kyler had to represent me in a candidate forum because I had Covid. I was so impressed with his preparation and presentation. He did a great job outlining and clearly communicating our policy positions. Over the ensuing months, he brought that same policy knowledge, clear communication style, and organization to every component of the campaign. Everyone on my team loved working with Kyler. He’s a natural leader, organizer, and catalyst for action. He is friendly, approachable, collaborative, and sharp as a tack. And finally, he is a hard worker who needed very little oversight. I would work with Kyler again in a heartbeat.” -**Maren Costa, Seattle City Council Candidate (Employer)**

“Kyler’s passion for policy was obvious as we discussed the role and candidate. While his role was campaign manager, he played an integral role in shaping the policy for the candidate. He is an excellent researcher and is able to craft summaries and overviews easily and quickly. He is bright, articulate, organized, dedicated, a great communicator and possesses instincts of a much older person... I highly recommend Kyler, particularly for communication and strategy work.” -**Carla S. Rogers, Experienced Democratic Leader (Colleague, Top Volunteer)**

Career Highlights

- ✓ Launched a CIF podcast in early 2020, taking full ownership for researching logistics, program planning and production, equipment, operations, and staffing.

Produce an average of 15 episodes each year for a growing audience, with each segment enjoying 500 to 700 downloads within 30 days of release.

The podcast remains an affordable tactic to attract new partners, share best practices, and maintain year-round relevance and visibility.

- ✓ Quickly pivoted planning in March 2020 to accommodate a shift to make CIF's sole in-person summit—scheduled for May 2020—100% virtual.

After championing the shift to remote programming, led communications efforts to onboard new attendees and launched five weekly webinars between March and April. In addition to addressing audience concerns about logistics for remote work operations, the webinar series attracted hundreds of participants each week and functioned as soft advertising for the pending summit.

The event's 35+ sessions included keynotes, speakers, and panelists to attract 1,500+ attendees—50% more than anticipated—to become CIF's biggest event in its history for more revenue than an on-site program.

Chris Grgich, PE, PTOE

Associate Traffic Engineer

about

Chris has 15 years of experience specializing in traffic engineering and design, traffic operations, and ITS. An accomplished designer and seasoned project manager, Chris has led numerous traffic studies and design projects involving highway reconfiguration; signal, signing, and illumination improvements; intersection and roundabout improvements; and pedestrian safety and mobility.

Chris' recent work includes leading the traffic operations analysis and modeling aspects of WSDOT's I-90/Front Street IJR; designing intersection improvements for two state routes in Lake Forest Park; managing Fehr & Peers' Traffic Engineering On-Call with the City of Shoreline; and leading the signal design work for two traffic signals in Liberty Lake, which involved ITS components such as a radio interconnect to provide signal communication and radar vehicle detection for oncoming traffic.

Outside of his role at Fehr & Peers, Chris served as President for ITS Washington (ITS WA) and continues to play a key role in the organization. Since 2019, he has also been involved with WSDOT's legislative subcommittee for Connected and Automated Transportation (CAT) Systems and Infrastructure. Serving in a volunteer capacity, Chris has helped review and gather information on policy best practices and strategies related to CAT. Since joining Fehr & Peers in 2017, Chris has served as the project manager or transportation lead on nearly 30 studies. A small sample of his work is provided on the following pages.

OREGON METRO TRANSPORTATION SYSTEMS MANAGEMENT & OPERATIONS (TSMO) STRATEGY, PORTLAND, OR

Chris is the Project Manager for the 2021 Oregon Metro Transportation System Management and Operations Plan (TSMO) Strategy Update for the greater Portland Metro region. Fehr & Peers is working with the Project Management Team consisting of Oregon Department of Transportation and Metro staff to evaluate the outcomes of the 2010-2020 TSMO Plan and frame the forthcoming plan in the context of state and federal policy. The project considers TSMO planning with a focus on transportation equity.

A key element of the work being conducted by Fehr & Peers is the development of an Equity Decision Tree early in the process. The purpose of the equity decision tree is to help root the Strategy Update in equity, to foster a culture of defining transportation needs through an equity lens. The guiding ideas in the equity tree build off of Metro's Strategic Plan to Advance Racial Equity, Diversion and Inclusion adopted in 2016.

Through a series of stakeholder workshops, Fehr & Peers will lead a multi-agency team through the creation of vision & goals, policies & objections, and finally strategies.

Chris Grgich, PE, PTOE

Associate Traffic Engineer

& actions Each of the actions within the plan will be assigned to responsible individuals within the region, have timelines and dates for completion and follow-up, identify any barriers to completion, and help to build TSMO leaders in partner agencies to help further the plan's vision & goals The group will explore new technological innovations and consider the cost of adopting them versus keeping current systems in place The stakeholder group will work to determine plan objectives and will propose and assess potential investments considering these objectives

Lastly, Fehr & Peers will identify key performance metrics that will allow for ongoing monitoring of the progress of the TSMO, with follow-up from the project team to ensure strategies and actions are being completed as planned Fehr & Peers has created an Equity Decision Tree to ensure that equity is a focus at all levels of decisions throughout the project The project is planned to be complete by the end of 2021

I-90/FRONT STREET INTERCHANGE JUSTIFICATION REPORT

Chris led the travel demand modeling and traffic operations analysis for WSDOT's I-90/Front Street IJR The I-90/Front Street interchange was identified as a candidate for reconfiguration, owing to public frustration with delays, and required an IJR to justify and select a preferred improvement alternative Fehr & Peers' work involved using the PSRC model and EMME to develop travel demand forecasts, Dynameq to complete Dynamic Travel Assignment (DTA) for design year alternatives analysis, and a VISSIM operational model for traffic operations analysis of the preferred alternatives impact on interchange and mainline highway operations

This project demonstrated WSDOT's commitment to Practical Solutions, by clearly identifying the needs and understanding the background causes of existing and forecasted congestion in the area It became clear to the project team and stakeholders that while a major community concern was back-ups on Front Street south of the interchange, the congestion at the interchange was created by demand traveling to the north The DTA modeling helped the team understand how adding

capacity at the interchange would impact nearby interchanges and arterials, by considering the induced demand from the added capacity The preferred alternative was not the alternative that created the most capacity (a direct overpass), rather one that managed the peak hour flows while serving more demand on the local streets

COMMUNITY TRANSIT SWIFT BRT BLUE LINE EXPANSION SCOPING & DESIGN

Fehr & Peers led the ridership, traffic operations, and speed/reliability analysis of an extension of Community Transit's Swift Blue Line Bus Rapid Transit Extension that is planned to begin operations in 2024 The impetus of the extension is to connect the Blue Line with Sound Transit's new light rail extension to Shoreline, Washington A key part of the analysis was a comprehensive review of the entire Blue Line corridor to identify a set of infrastructure investments to improve speed and reliability (bus lane extensions, queue jump lanes, in-lane stops, etc) Additionally, we performed an analysis of station locations (both existing and planned) to improve non-motorized transit access and better align with planned growth These infrastructure investment options were then incorporated into an alternatives analysis to identify an alignment and a full suite of improvements, costs, benefits, and impacts We also supported Community Transit's technical and public outreach efforts along the corridor to develop jurisdictional partner buy-in and to ensure a fully integrated, high-capacity transit network to link Snohomish County with Puget Sound's regional transit system We are currently leading the transportation discipline report for the extension's Environmental Impact Study

Chris supported the design of the Swift Blue Line Expansion to the 185th Link light rail station, as well as speed and reliability improvements along the existing route His work included traffic operations and safety analysis for the proposed design compared to no build to inform conversations with WSDOT and local agency stakeholders He led the design process, coordinating Transit Signal Priority (TSP) improvements with the Cities of Shoreline and Everett, and WSDOT, and providing signal improvements throughout the corridor

2024 Citywide Position List

The 2024 Citywide Position List consists of regular full-time and regular part-time positions in various City departments or offices of the City of Seattle.

Adopted by City Council for 2024, the Citywide Position List also provides the following by City departments or offices:

- Total number of regular positions by title,
- Positions identified as regular full-time or part-time by title,
- Total full-time equivalents (FTE) by title.

Relevant Position Terms:

Full-Time Equivalent (FTE):

A term that expresses the amount of time a position has been budgeted for in relation to the amount of time a regular, full-time employee normally works in a year.

For budget and planning purposes, a year of full-time employment is defined as 2,088 hours.

A position that has been budgeted to work half-time for a full year, or full-time for only six months, is 0.50 FTE.

Position Type:

There are two types of positions authorized through the Citywide Position List. They are identified by one of the following characters: “F” for full-time or “P” for part-time.

- **Regular Full-Time** is defined as a position budgeted for 2,088 compensated hours per year, 40 hours per week, 80 hours per pay period, and is also known as one full-time equivalent (FTE).
- **Regular Part-Time** is defined as a position that has been designated as part-time, and that requires an average of 20 hours or more, but less than 40 hours of work per week during the year. This equates to an FTE value of at least 0.50 and no more than 0.99. In addition, regular part-time includes Firefighter Pre-Recruit positions, which is budgeted at 0.29 FTE due to the limited time an employee typically occupies the job title while attending recruit school.

MEMORANDUM

To: Seattle City Council
From: Karina Bull, Analyst
Subject: Council Bill 120847 – 2024 Position List

On September 10, the City Council (Council) will discuss and may vote on [Council Bill \(CB\) 120847](#), that would establish a “2024 Position List” with authorized officer and employee positions in each department or office. This memo provides a summary of the legislation.

Summary

The 2024 Position List would reflect a total of 12,855 positions (12,710 full-time equivalents) across all City departments and offices as of January 1, 2024, or later for positions established by administrative (e.g., emergency positions) or legislative action. For reference, the 2023 Position List ([Ordinance 126883](#)) reflected 12,663 positions (12,508 full-time equivalents).

Impacts

The Council’s consideration of the 2024 Position List is an administrative exercise anticipated by [Resolution 28885](#) and [Ordinance 126955](#):

- Resolution 28885 adopted protocols for Citywide biennial budgeting, including the expectation that the City would adopt department-wide position lists.
- Ordinance 126955 adopted the 2024 budget and established an expectation that SDHR would submit a proposed list of the City’s regular positions for each department or office as of January 1, 2024, for possible Council action in 2024.

Passing this legislation would not have a substantive impact to City operations, employees, funds, or present other implications to the City. The legislation would not create new positions or abrogate existing positions.

Please contact me if you have any questions.
