parents in overcoming barriers that would prevent them from reclaiming their children from Child Protective Services. Passage of this green sheet will rescind Green Sheet 274-10-B-1.

Specifically, advocates would:

- identify barriers and equip parent(s) to remove barriers that would prevent them from meeting the court's legal requirements;
- provide services that would reduce reliance on state aid;
- help parents to navigate the administrative and legal system to decrease back child support;
- provide outreach, community engagement and interagency collaboration; and
- provide information, support, training and consultation to parents, family members, community members and professionals supporting parents.

This budget action is funded with General Subfund made available by a cash transfer of \$105,000 from the Planning and Development Fund to the General Subfund in 2017 through the Third Quarter supplemental budget to support this appropriation in 2018. The cash transfer is supported by prior year General Fund contributions that have been unspent to date and remain in the Planning and Development Fund's unappropriated fund balance. The remaining \$45,000 is funded by a reduction of the appropriation in the Third Quarter supplemental budget ordinance for Surveillance Ordinance implementation.
