CITY OF SEATTLE
ORDINANCE 124765
COUNCIL BILL 118369

AN ORDINANCE relating to rates and charges for water services of Seattle Public Utilities; authorizing withdrawals from the Water Fund Revenue Stabilization Subfund; revising water rates and charges, and credits to low income customers; and amending the Seattle Municipal Code Sections 21.04.430, 21.04.440, and 21.76.040.

WHEREAS, Seattle City Council Resolution 31534, passed August 11, 2014, adopted a six-year Strategic Business Plan for Seattle Public Utilities (SPU) which guides utility investments, service levels, and rate paths through 2020; and

WHEREAS, the Strategic Business Plan included increases in the capital and operating requirements of the Water Fund in response to security, environmental, and infrastructure concerns, with a resulting increase in revenue requirements; and

WHEREAS, Ordinance 121761, passed March 28, 2005, established a minimum balance for the Water Fund Revenue Stabilization Subfund of \$9,000,000, and permits funds in excess of this amount to be used to meet operating expenses, pay Capital Improvement Program expenditures, or to comply with financial policies; and

WHEREAS, the current balance in the Water Fund Revenue Stabilization Subfund exceeds the minimum balance, and the Strategic Business Plan directs that a portion of the excess funds be withdrawn to reduce the Water Fund revenue requirement and thereby reduce otherwise necessary increases in water rates; and

WHEREAS, SPU has recently completed a rate study incorporating the guidance of the Strategic Business Plan; and

1 WHEREAS, the water rates authorized by this ordinance are consistent with the general
2 ratemaking policies set forth in Resolution 30742, adopted March 28, 2005; and

3 WHEREAS, credits for qualified low-income customers should be revised when water rates
4 change; NOW, THEREFORE,

5
6 **BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:**

7 Section 1. In order to lessen the increases in water rates necessary to meet the revenue
8 requirements of the Water Fund, the Director of Seattle Public Utilities (Director) is authorized,
9 while the rates authorized by this ordinance are in effect, to make one or more withdrawals of
10 funds up to a cumulative maximum of \$8,300,000 from the Revenue Stabilization Subfund to
11 Operating Cash. The Director may withdraw funds in order to meet operating expenses, pay
12 Capital Improvement Program expenditures, or comply with the Water Fund financial policies
13 adopted by the City Council, so long as the balance of the Revenue Stabilization Subfund never
14 falls below \$17,900,000.

15
16 Section 2. Section 21.04.430 of the Seattle Municipal Code, last amended by Ordinance
17 123742, is amended as follows:

18
19 **21.04.430 Rates inside ((~~the~~))The City of Seattle**

20 All water used inside the City for domestic and commercial purposes shall be supplied by
21 meter only at the following rates and charges. Seasonal rates shall be prorated. For usage
22 representing fractional parts of a month, the base service charge and all components of the
23 commodity charge shall be prorated using a 30-day month. The additional cost of funding the
24 Revenue Stabilization SubFund shall be specifically indicated in the billings. Seattle Public

1 Utilities shall continue to incorporate arts funding into its capital projects constructed within the
2 municipal boundaries of the City at the one percent level, however the department shall not be
3 permitted to fund any such program from the Water Fund on any capital project outside the City
4 limits.

5 A. Residential. The rates for metered water supplied to single-family and duplex residences
6 within the City in one month, or fractional part thereof, shall be based on a commodity
7 charge and a base service charge, in accordance with the following schedules:
