Budget Action description:

This green sheet recommends passage of Council Bill 119124 that (a) establishes a list of approved projects for which SDOT may seek grant funding and (b) prohibits SDOT from applying for any other grants of \$5 million or more in 2018 without a future ordinance.

This legislation is part of Council's oversight of the City's Capital Improvement Program. In 2017, Council approved [Ordinance 125205](#), which established the 2017 list of approved projects for which SDOT may seek grant funding.

The ordinance is permissive: SDOT may seek grants for any of the listed projects, but SDOT is not required to seek grants for any or all of the listed projects. The ordinance can be amended during the course of the year through a separate future ordinance in the event that SDOT determines that there are new projects or new grant opportunities.
