A grievance is defined as any dispute between the parties and/or any employee concerning the interpretation, application, claim of breach or violations of the terms and conditions addressed in this Agreement.

Arbitration awards or grievance settlements shall not be made retroactive beyond the date of the occurrence or nonoccurrence upon which the grievance is based, that date being thirty (30) calendar days or less prior to the initial filing of the grievance.

4.1.2 Step 1. As the initial step, the grievance shall be submitted in writing by the Union (steward, member, or business representative) to the immediate supervisor of the employee within 30 calendar days of the occurrence or non-occurrence upon which the grievance is based. The grievance may also be discussed by the Union Steward and the immediate supervisor of the employee.

- B. The requested remedy or correction.
- C. The section or sections of the Agreement, if any, relied upon as being applicable thereto.

4.2 Step 3. If no settlement is arrived at in Step 2, the grievance shall be submitted in writing at Step 3 within ten (10) working days after the Step 2 answer to the Director of Labor Relations, with a copy to the appropriate appointing authority. The Director of Labor Relations, or their designee, shall investigate the grievance and, they shall convene a meeting between the appropriate parties within ten (10) working days or on a date mutually agreed to by the parties. They shall thereafter make a confidential recommendation to the affected appointing authority who shall in turn give the Union a detailed answer in writing ten (10) working days after receipt of the grievance or the meeting between the parties.

4.3        Step 4. If no settlement is arrived at in Step 3, either of the signatory parties to this Agreement may submit the grievance to binding arbitration. A demand for arbitration by the Union will be filed with the City's Director of Labor Relations and will be made within thirty (30) calendar days of the expiration of the City's timeframe for responding at Step 3 and will be accompanied by the following information:

In connection with any arbitration proceeding held pursuant to this agreement, it is understood as follows:

- A. The arbitrator shall have no power to render a decision that will add to, subtract from or alter, change or modify the terms of this Agreement, and the arbitrator's power shall be limited to interpretation or application of the express terms of this Agreement, and all other matters shall be excluded from arbitration.
- B. The cost of the arbitrator shall be borne equally by the City and the Union, and each party shall bear the cost of presenting its own case.
- C. The arbitrator's decision shall be made in writing and shall be issued to the parties within thirty (30) calendar days after the case is submitted to the arbitrator.
- D. Nothing herein shall be construed as preventing the City and the Union from settling by mutual agreement, prior to final award, any grievance submitted to arbitration herein.

4.3.1        By mutual agreement, the parties to this agreement, the Union and the City, may: 1) submit the grievance for mediation in lieu of arbitration; or 2) may request the arbitrator selected for arbitration, or another arbitrator, mediate the dispute which shall then be subject to arbitration if mediation should fail to result in a settlement.

4.4        Any time limits stipulated in the grievance procedure may be extended for stated periods of time by the appropriate parties by mutual agreement in writing.

4.5 When a grievance is of a general nature, it will not be necessary that the Union list the names of the aggrieved employees.

- B. Where an appointing authority or their designee imposes or intends to impose property-level discipline a preliminary notice of discipline shall be given to the employee. A copy of the preliminary notice of the discipline shall be concurrently provided to the local Union office. Upon request of the Union, the City shall provide a complete copy of the investigation files in advance of any Loudermill hearing requested in advance of issuing the formal discipline. The Union may also request a meeting to review the investigation file with the City's investigator and Labor Relations. Both requests must be made timely and may not unduly delay the City's disciplinary processes.

## **ARTICLE 5. JOINT LABOR MANAGEMENT**

The parties recognize that the JLMC may not be able to resolve every issue.

23.1.1 The base wage rates **effective January 23, 2023**, will be increased by five percent (5%).

23.1.2 The base wage rates **effective on January 23, 2024**, will be increased by four and one half percent (4.5%).

23.1.3 The base wage rates **effective on January 23, 2025**, are:

	Step 1	Step 2	Step 3	Step 4	Step 5
Signal Electrician	58.65	61.00	63.26	65.68	68.14
Signal Electrician (Assigned in Charge of 3-Member Crew)	62.02	64.43	66.82	69.36	71.99

23.1.4 The base wage rates effective on **January 23, 2026**, shall be computed to reflect a percentage increase equivalent to one hundred percent (100%) of the percentage increase in the Seattle-Tacoma-Bellevue area Consumer Price Index for June 2024 over the same index for June 2025; provided, however, said percentage increase shall not be less than two percent (2%) nor shall it exceed four percent (4%) The index used shall be the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W), All Items, Revised Series (1982-84=100), covering the period June 2024 – June 2025 as published by the Bureau of Labor Statistics. The resulting percentage increase shall be rounded to the nearest tenth (10<sup>th</sup>) of a percent.

23.1.5 The base wage rates effective on **January 23, 2027** shall be increased by one percent (1%). After applying the one percent (1%) increase to the base wage rate, the base wage rate shall be further computed to reflect a percentage increase equivalent to one hundred percent (100%) of the percentage increase in the Seattle-Tacoma-Bellevue area Consumer Price Index for June 2025 over the same index for June 2026; provided, however, said percentage increase shall not be less than one and a half percent (1.5%) nor shall it exceed three percent (3%). The index used shall be the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W), All Items, Revised Series (1982-84=100), covering the period June 2025 – June 2026 as published by the Bureau of Labor Statistics. The resulting percentage increase shall be rounded to the nearest tenth (10<sup>th</sup>) of a percent.

23.2 In the event the "Consumer Price Index" becomes unavailable for purposes of computing any one of the afore-referenced increases, the parties shall jointly request the Bureau of Labor Statistics to provide a comparable index for purposes of computing such increase and if that is not satisfactory, the parties shall promptly undertake negotiations solely with respect to agreeing upon a substitute formula for determining a comparable adjustment.

23.3 Shift Differential - An employee who is scheduled pursuant to Art. 13.2 to work at least four (4) hours of any regular shift outside the Signal Shop's core business hours of 7:00am to 3:30pm Monday through Friday-will be paid a shift premium of \$1.25 per hour for all hours worked during the regular shift. In a qualifying shift, shift differential will be paid for hours worked as opposed to time-off with pay other than sick leave. Shift differential is not payable during call-outs and will not be included in the base pay for purposes of calculating the overtime pay rate.

## **ARTICLE 25. DISCIPLINE**

25.1 The City/Department may suspend, demote or discharge an employee for just cause.

25.2 The parties agree that in their respective roles primary emphasis shall be placed on preventing situations requiring disciplinary actions through effective employee-management relations. The primary objective of discipline shall be to correct and rehabilitate, not to punish or penalize. To this end, in order of increasing severity, the disciplinary actions which the City/Department may take against an employee include:

- A. Verbal warning
- B. Written reprimand
- C. Suspension
- D. Demotion
- E. Termination

Which disciplinary action is taken depends upon the seriousness of the affected employee's conduct.

25.3 In cases of suspension, demotion or discharge, the specified charges shall be furnished to the Union and the employee in writing.

25.4 The Union/employee covered by this Agreement must, upon initiating an appeal relating to disciplinary action, use either the grievance procedure contained herein or pertinent procedures regarding disciplinary appeals to the Civil Service Commission. Under no circumstances may the Union/employee use both the contract grievance procedure and Civil Service Commission procedures relative to the same disciplinary action.

25.5 Provided an employee has received no further or additional discipline in the intervening period, a verbal warning or written reprimand may not be used for progressive discipline after two (2) years other than to show notice of any rule or policy at issue.

25.6 Discipline that arises as a result of a violation of workplace policies of City Personnel Rules regarding harassment, discrimination, retaliation, or workplace violence, shall not be subject to Section 25.5 of this agreement.

25.7 The appointing authority may suspend, demote or discharge a probationary employee without just cause.

## ARTICLE 26. VEBA

26.1 VEBA Benefit - Each bargaining unit will conduct a vote to determine whether to participate in a Health Reimbursement Account (HRA) Voluntary Employee Benefits Association (VEBA) to provide post-retirement medical expense benefits to members who retire from City service.

Contributions from Unused Paid Time off at Retirement:

A. Eligibility-to-Retire Requirements:

1. 5-9 years of service and are age 62 or older,
2. 10-19 years of service and are age 57 or older,
3. 20-29 years of service and are age 52 or older, or
4. 30 years of service and are any age

B. The city will provide each bargaining unit with a list of its members who are expected to meet any of the criteria in paragraph A above as of 12/31/2027.

C. If the members of the bargaining unit who have met the criteria described in paragraph A above vote to require VEBA contributions from unused paid time off, then all members of the bargaining unit who are deemed eligible to retire and those who will become eligible during the life cycle of this contract shall, as elected by the voting members of the bargaining unit:

1. Contribute 35% of their unused sick leave balance into the VEBA upon retirement; or
2. Contribute 50% of their unused vacation leave balance into the VEBA upon retirement; or
3. Contribute both 35% of their unused sick leave balance and 50% of their unused vacation leave balance upon retirement.

Following any required VEBA contribution from a member's unused sick leave, the remaining balance will be forfeited; members may not contribute any portion of their unused sick leave balance to the City of Seattle Voluntary Deferred Compensation Plan or receive cash.

D. If the members of the bargaining unit who have satisfied the eligibility-to-retire requirements described in paragraph A above do not vote to require VEBA contributions from unused sick leave, members may either:

1. Transfer 35% of their unused sick leave balance to the City of Seattle Voluntary Deferred Compensation Plan, subject to the terms of the Plan and applicable law; or
2. Cash out their unused sick leave balance at 25% to be paid on their final paycheck.

In either case, the remaining balance of the member's unused sick leave will be forfeited.

Contributions from Employee Wages:

If the bargaining unit votes to require VEBA contributions from employee wages, then all members of the bargaining unit shall, as elected by the bargaining unit as to all of its members, make a mandatory employee contribution of one of the amounts listed below into the VEBA while employed by the City:

1. \$25 per month
2. \$50 per month

The City assumes no responsibility for the tax consequences of any VEBA contributions made by or on behalf of any member. Each union that elects to require VEBA contributions for the benefit of its members assumes sole responsibility for insuring that the VEBA complies with all applicable laws, including, without limitation, the Internal Revenue Code, and agrees to indemnify and hold the City harmless for any taxes, penalties and any other costs and expenses resulting from such contributions. Members are not eligible to deposit their sick leave cash out into their deferred compensation account or receive cash.

If the eligible-to-retain members of the bargaining unit vote to reject the VEBA, all members of the bargaining unit who retire from City service shall be ineligible to place their sick leave balance into a VEBA account. Instead, these members shall have two choices:

1. Members can transfer their sick leave balance at 35% and deposit those dollars into their deferred compensation account. The annual limits for the deferred compensation contributions as set by the IRS would apply; or
2. Members can cash out their sick leave balance at 25% and receive the dollars as cash on their final paycheck.

26.2 Sabbatical Leave and VEBA - Members of a bargaining unit that votes to accept the VEBA and who meet the eligible-to-retain criteria are not eligible to cash out their sick leave at 25% as a part of their sabbatical benefit. Members who do not meet the eligible-to-retain criteria may cash out their sick leave at 25% in accordance with the sabbatical benefit.

## **APPENDIX B. CALL-OUTS**

### **Call-out Procedures**

Effective following full ratification of this agreement by the Seattle City Council, the Seattle Department of Transportation (SDOT) and IBEW Local 77 have negotiated and agreed to the following call-out procedure that replaces and supersedes all existing agreements, past practices, processes and procedures regarding call-outs:

#### **B.1 Objectives:**

Remedy or mitigate hazards in or affecting the Right of Way in a timely fashion outside of standard weekday shift hours.

Distribute call-outs in an agreed upon manner.

Address each call-out safely and efficiently.

#### **B.2 Definitions:**

Call-out: A call-out is when it is necessary for the on-call crew to provide required maintenance to an electrical asset to remedy or mitigate hazards in or affecting the right of way outside of regularly scheduled weekday shift hours. Pay for call-outs is pursuant to Section 6, below. Pursuant to Section 6C, below, a call-out begins upon the employee's arrival at the Signal Shop and ends when the employee leaves the Signal Shop. A call-out is not scheduled overtime as defined by the Art. 13.11.

On-call shift: Management may schedule on-call shifts any time outside the regularly scheduled weekday shift hours. Each employee assigned to the on-call shift must remain contactable through an employer-provided mobile phone and be in a state of readiness to receive communications from Charles St. Dispatch ("Dispatch") and/or management. If an employee who is on-call misses a call from Dispatch and/or management during the on-call shift, the employee must respond via phone within fifteen (15) minutes of the time the voicemail is left. If called out, the employee is expected to arrive at the Signal Shop within seventy-five (75) minutes of ending the call with Dispatch or management. Pay for the on-call shift shall be pursuant to Art. 13.6 and Section 6, below.

On-call crew: Two (2) employees will be scheduled for every on-call shift and shall co-respond to each call-out during the on-call shift. Signal Electricians and Crew Chiefs are eligible to be assigned to the on-call crew.

#### **B.3 Responsibilities of the On-Call Crew:**

Dispatch will call-out the on-call crew members based on a list of hazards in or affecting the right of way that require maintenance outside standard weekday shift hours. This list of hazards will be agreed to by the union and contain recommended staffing levels and will be provided by management to Dispatch, with a copy to the union. The list of hazards is subject to modification

Att 1 – Agreement by and between The City and Local 77 SDOT  
V1a

by the Appointing Authority and/or Executive Order. The parties agree that the list of hazards is specific to the SDOT Signal Shop and does not include declared emergencies or legislative changes affecting declared emergencies.

The on-call crew shall notify Dispatch and management via TEAMS messages when the required maintenance has been completed. If the issue cannot be remedied by the on-call crew, they will notify Dispatch via phone call. No further calls will be dispatched to the location during that on-call shift. Employees will be trained in the proper use of TEAMS messaging for purposes of call-outs.

**B.4 Scheduling the on-call crew:**

All non-probationary and non-trial service Signal Electricians and Crew Chiefs may sign up to be scheduled for on-call shifts. Probationary and trial service Signal Electricians and Crew Chiefs shall be allowed to sign up after thirty (30) days of employment within the classification subject to management approval. The sign-up period is the first full two (2) weeks of February, May, August, and November. After the sign-up period, management shall assign the on-call crew in one-week intervals concurrent with the City's workweek (Wednesday through Tuesday). The on-call schedule shall be posted quarterly, with a copy to Dispatch. Management will provide phones, which will be passed from the previous week's on-call crew to the next week's on-call crew by 2:00PM on Wednesdays except City Holidays (excluding Personal Holidays) as defined by Art. 11.1.

While signing up for the on-call crew is voluntary, once on-call shifts are assigned, it is expected that the employee works the scheduled shifts. Trading shifts is permitted with management approval. Employees must notify Dispatch of the trade before the end of the regular shift. Failure by the employee to notify Dispatch of an on-call shift trade may result in an unauthorized absence. Employees may not be assigned an on-call shift and a scheduled overtime shift on the same day. Journey-in-Charge compensation is not payable for call-outs.

If insufficient volunteers sign up for the on-call crew, it will be addressed first through emergency JLMC. Management reserves the right to contract out work when staffing levels are insufficient to cover the work.

**B.5 Responsibilities of Charles St. Radio Dispatchers:**

The role of the Charles St. Radio Dispatcher ("Dispatcher") is to call-out the on-call crew as described in Section 3, above.

Additionally, the Dispatchers will follow the procedures set forth below:

1. In the case of a dark intersection, the Dispatcher will:
  - i. Have Seattle Response Team ("SRT") verify that the intersection is dark.

- ii. Contact City Light Dispatch to check for known power outage, either scheduled or emergency.
- iii. If City Light cannot verify a known power outage, the Dispatcher will then contact the appropriate on-call crew member.
- iv. SRT will instruct other workers to not to touch any signal equipment or wires unless it is a life or limb situation.

2. In case of equipment damage, the Dispatcher will:

- a. Have SRT, as accurately as possible, identify the type of equipment damaged. This helps the on-call crew members know whether to request assistance from additional crew member(s).
- b. Have SRT protect the area with barricades or cones until the on-call crew arrive. Under no circumstances should SRT come into contact with any wiring or cables or equipment.
- c. When the area is secure, the Dispatcher will then notify the responding on-call crew member(s) and the crew will proceed with the response. If there is a safety concern, the on-call crew may ask Dispatch to request SRT, SPD or private security for additional safety watch. If the safety issue cannot be addressed the crew will leave the area.

**B.6 Pay for call-outs:**

A. On-call premium:

Each on-call crew member shall be paid an on-call shift premium in the total amount of \$100.00 for each weekday on-call shift they work and \$150.00 for each scheduled weekend and City Holiday on-call shift they work. If the employee works the on-call shift, the on-call premium is payable regardless of whether they are called out during the on-call shift. The on-call premium is in lieu of standby pay pursuant to the Personnel Rules and SMC 4.21. On-Call premiums are payable for eligible shifts worked after full ratification of this Agreement by Seattle City Council. On-Call premiums will be increased proportionate to the wage increases in, Art. 23.1.4 and 23.1.5 and rounded to the nearest dollar.

B. Overtime Rate of Pay:

Pursuant to Art. 13.6, overtime shall be paid at a rate of two (2) times the employee's regular, straight-time hourly pay.

C. Overtime Pay when called out:

When called out, each on-call crew member shall be paid at the overtime rate described in Art. 13.6. Each time an employee is called-out during an on-call shift, hourly pay at the employee's overtime rate begins upon arrival at the Signal Shop and ends when the employee leaves the Signal Shop. If an employee is called out during an on-call shift, they will be paid for a minimum of two (2) hours at their overtime rate (the equivalent of four (4) hours straight time pay) per call-out unless a call from dispatch is received while the employee is on a call-out and before the employee has left the Signal Shop. In that case, hourly pay at the employee's overtime rate shall continue.

D. Travel Premium

When called-out, each on-call crew member shall be paid a travel premium equivalent to two and a half (2 1/2) hours of the employee's overtime pay rate. It is expected that employees who are called-out arrive at the Signal Shop within seventy-five (75) minutes of ending the call with Dispatch. Additional travel premium is not payable when a call from Dispatch is received while an employee is already on a call-out. If, during an on-call shift, an employee receives a call from Dispatch within 30 minutes of leaving the Signal Shop after completing a call-out, travel premium is not payable for the next call-out. .

E. Rest Periods

1. When the last call-out of an on-call shift ends eight (8) hours or less before the start of the employee's next regularly scheduled shift, the employee shall have eight (8) hours of consecutive relief from duty before returning to regularly scheduled shift hours at straight time pay. Pay for the rest period is equivalent to eight (8) hours at the employee's regular, straight time hourly pay rate and all hours of the rest period that fall within the employee's regular shift hours will be paid as regular shift hours. Relief from duty begins when the employee leaves the Signal Shop, after returning the truck. If an on-call crew is still working at the start time of the regularly scheduled shift, management has sole discretion to reassign the work to a regular shift crew or have the on-call crew complete the work and prorate the rest period pursuant to B.6E(4) below. An employee beginning a rest period who is not scheduled for the next on-call shift shall leave the on-call phone in the Signal Shop.
2. If the rest period extends into part of the employee's regular shift, the employee may, upon completion of the rest period and with management approval, work the remainder of the shift or use sick leave, vacation, comp time or unpaid leave to cover the remaining shift hours.
3. Subsections 1 and 2, above, do not apply when the last call-out of an on-call shift ends more than eight (8) hours before the start of the employee's next regularly scheduled shift.
4. Management has sole discretion to schedule employees during the rest period described in Section B.6(A) when operations require additional staffing. When management schedules an employee during a rest period, the rest premium is prorated and paid based on the hours actually rested and rounded to the nearest hour, the employee forfeits the remainder of the

rest period, and all hours worked during the rest period shall be paid at the employee's overtime rate described in Art. 13.6.

F. Additional employees who may be called-out

If the scheduled on-call crew determines that additional crew members are needed for a call-out, they will notify Dispatch. Dispatch will use the Signal Shop's overtime list and call additional crew starting with the employee with the least number of overtime hours on the list. The overtime list will be updated approximately every two weeks and will be accessible by all employees covered under this agreement.

An employee who is not on-call and responds to a call-out is eligible to receive overtime per Art. 13.6, travel premium per App. B.6(D), meal allowance per Art. 14.4 and rest premium per App. B.6(E), when applicable. An employee who is not on-call is not eligible to receive the on-call premium per App.B.6(A).

The parties acknowledge that the vast majority of call-outs can be addressed by the two (2) person on-call crew.

## **APPENDIX C.APPRENTICESHIP**

C.1 The City, SDOT, and the Union recognize that the Washington State Apprentice and Training Council (“WSATC”) has the authority to develop, administer and enforce apprenticeship program standards for the operation and success of apprenticeship and training programs and may change its rules, policy, and/or administrative practices. Upon WSATC notification of those changes, such rules, policy and/or administrative practices shall be recognized as part of this Agreement unless specifically addressed otherwise.

C.2 Application of the standards and detailed procedure for the operation of the program, (including, but not limited to, work processes, apprentice rotation, changes to work schedule and administrative standards as defined in WAC 296-05-003), shall be recommended by the Apprenticeship Subcommittee to the City of Seattle Joint Apprenticeship Training Committee (“JATC”), and, when approved by the JATC, be recognized as a part of this Agreement. The areas and hours of training for all the apprenticeships may be changed upon recommendation of the Apprenticeship Subcommittee and approval by the JATC and the WSATC.

C.3 Rules, regulations and requirements concerning Apprentices shall be furnished to employees and will be made available as provided in Art. 19.1.

C.4 All apprentices who have passed the journey level exam and satisfactorily completed the requirements for the Apprentice Program shall be granted journey level classification and status. Classification seniority for bidding purposes shall begin one (1) calendar year before the day the apprentice completes their apprenticeship. This Section does not guarantee any employment right beyond that of any other employee in the Bargaining Unit.

In cases where two (2) or more apprentices complete the program simultaneously, the following criteria shall be used to break ties, in the following descending order:

- A. Seniority in classification (per Schedule "A" title)
- B. Seniority in SDOT
- C. Examination score
- D. Seniority in City of Seattle
- E. Such other criteria as established by the Joint Labor Management Committee, in the event that there is still a tie between two or more bidders for the same specific purpose.

C.5 Employees entering the apprenticeship (or pre-apprenticeship) from a regular City position in the electrical trades, or a IBEW, Local 77 represented position, shall enter that apprenticeship (or pre-apprenticeship) at the closest next higher pay step to the step currently being paid. Such step placement shall not result in a loss of pay unless the step the employee received prior to entering the apprenticeship exceeds the journey level pay of that appropriate journey level classification. In any case, the maximum pay for an apprentice shall not exceed the journey level pay of that classification. Those persons starting at other than the first period rate shall remain at their entry rate (other than cost of living increases) until such time as their progress through the apprenticeship will result in a wage increase.
