WE POWER SEATTLE

# Why We Are Here

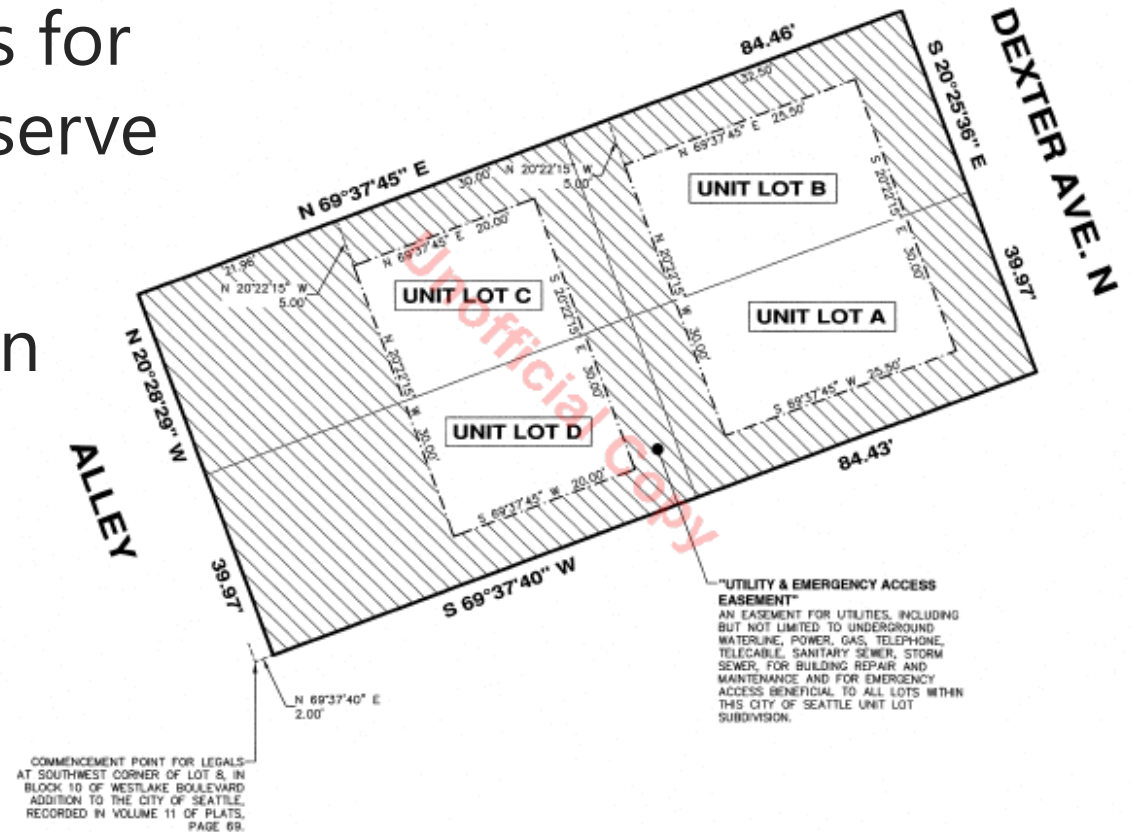

---

- An **easement** is a legal right to use or access the land of another for a specific purpose, without a possessory interest.
- The Seattle City Charter requires that all acquisition and disposal of real property interests must be by ordinance.
- City Light periodically requests that the City Council accept by ordinance the electrical service easements acquired through changes in our distribution system and through land use permitting actions.

# 2024 Platted Easements

- Number of Accepted Easements: 129
- Provide required property rights for electrical facilities necessary to serve our customers power needs.
- These easement are contained in short plats, lot boundary adjustments, and unit lot subdivisions.
