Statement of Legislative Intent:

The Council requests that the Department of Finance and Administrative Services (FAS) report on the status of the Summit Reimplementation Project.

The report should include:

- an overview of the project, its full-life anticipated Citywide cost, and where it fits into the FinMap project;
- accomplishments to date;
- what components of project are not on schedule and why;
- what components of the project are not on budget and why;
- how much has been spent on the project Citywide to date;
- what remains to be done and the estimated cost of completion; and
- identification of components of the project most likely to experience cost overruns and the steps FAS is taking to reduce that risk.

Responsible Council Committee(s): Finance and Culture

Date Due to Council: March 31, 2016
