

Ed Murray @MayorEdMurray

Thank you @SEACityLight crews for working relentlessly to restore power. I know you won't stop until it has been fully restored.

@SEACityLight Magnolia has a red carpet out for you! Would say we'll leave the lights on, but well (gotta keep a sense of humor, yes?)

@SEACityLight Thanks! Sorry about all the trees. Signed, Lake Forest Park.

@SEACityLight trees fall on linemans houses too, but they don't find out about it until their 30 hr shift in the storm, is over.

seattlish The weekend's heroes: @SEACityLight! tmlr.co/ZHQJas1tFjx23

@SEACityLight Terrible rain last night, REALLY appreciate the crews working in terrible conditions. THX!

Nice job guys/gals! it was an unexpected bad storm and you did good. i saw numerous CL trucks around yesterday in Shoreline. Thanks J

You have all been working so hard. Looking forward to all of you getting some much needed rest. Thank you again and again

Been out since Saturday afternoon, power came on this afternoon! So happy these guys came through for us. Hope these workers get some extra time off ....they deserve it.

So dedicated!!! Thank you so much!!

All the Line Crews deserve our thanks. It's a tough job to strap up and get into the storm, and repair during and after it has passed. But SCL and PSE do it well.

SCL crews, we all thank you!!

# THANK YOU

Cheers to @SEACityLight for your continued hard work to get us back online (Shoreline)! We owe you a few beers.

Finally got power!! Man sucks to be in the sticks Thanks @SEACityLight

@SEACityLight happiness is: lights on, Internet connection, life with power and options. Never taking your public services 4 granted again!

@SEACityLight We have power! Earlier than your last estimate! Thank You!!!

Cheers to @SEACityLight; We had a crew working on our house at 1 a.m., getting our electrical problems fixed. Thanks for your hard work!

@SEACityLight Your work is very appreciated. Thank you.

Thanks @SEACityLight for low cost, high quality service, and prompt outage response! @comcast could learn a lot from you.

@SEACityLight Thank you!!

Watched the work on Highland park way sw... You are amazing!!!

SCL-THANKS FOR BEING SO DEDICATED! SCL customers : They are working as fast as they safely can. It's a dangerous job. They are out working all hours in all kinds of weather. Stay safe SCL crews.

We were so thankful to get our power on yesterday afternoon in LFP. Thanks so much for all your hard work!

Oh! Wow ! You guys out there are such studs . Be careful out there !

We just got home after running out for a bite to eat and the power is back. Thank you Thank you!

Thanks - our area power south of Meadowbrook pond just came back ON! Thank you for your extra efforts!

Such hard working Line crews!!! Thank you so much!!!

Hang in there City Light, you guys are doing a great job.

Though we were without power for almost 40 hours, I want to say thank you to the amazing people who staff the phone lines. I'm afraid I was a bit of a pest, but each time I called the staff was friendly and professional. Great people. Of course, thanks to those out putting lines back up too. They are incredible!

@SEACityLight Still without power in LFP but at least the magicians at @SEACityLight are working to fix that.

@SEACityLight Be safe out there guys

@SEACityLight @raccoonsclub thanks to everyone involved for their hard work, truly.

@SEACityLight...just got power!!! Thanks so much!!

@SEACityLight Thanks from Highland Park - power is back! I know this has been a tough day for y'all. Props also to your social media peeps.

@SEACityLight resolved! Thanks. Great service...

Thanks @SEACityLight for getting my power back on! I didn't know a power pole could do this.

This just shows we weren't ready for the autumn/winter season. You've been doing an excellent job of picking up the pieces. Well done.

Thank you, thank you. A major job on 5th Ave NE, Shoreline and you worked all day and night to restore power. Thanks again.

Thank you! I appreciate all your hard work.

We got ours back this am. Thanks for the work, my appreciated (even though it sounds like I don't).

My house in Lake Forest Park was one of the first colored red on the outage map yesterday, and it came on at 1pm today. That's 26 hours out with a 91 year old on oxygen in the house, freezing cold. Frustrating, yes. But grateful for the crews working during the storm to restore power a million times more than my frustration! And I have determined I would not have been a good frontier woman!

# THANK YOU

THE LIGHTS ARE ON THE LIGHTS ARE ON  
THE LIGHTS ARE ON TY TY TY  
@SEACityLight

@SEACityLight thank you!! Just saw your truck on our street, hooray!!!

@SEACityLight great job - hope things are getting back to normal in beautiful @CityofSeattle

@SEACityLight Appreciate the update, thank you. Going to bring the crew some hot chocolate. I know it's a slog for them too.

S/O to @SEACityLight for working around the clock to get power back up.

@RavennaBlog walked by and @SEACityLight is ON IT. Excellent!

@SEACityLight Power on again!!! Happy dancing again!!! Thanks

@SEACityLight We have power! The neighbors met the crew to offer them our gratitude and luke warm beverages.

Yes, but you guys are working so hard to get the power back on for all, be safe and thank you for your updates, that really helps !!!!

My family has been without our rock, "husband" and "dad" since 11am on Saturday. I miss him so much but treasure his heart for his hard work to restore power.

it 's getting better it was 7,000 your making progress, keep up the great work

Thank YOU! Checking in from LFP - got power about 20 minutes ago!

Thanks for that! What an exhausting weekend for your crews. We appreciate it!

Our power just came on in lake forest park, hooray thank you!

Mine just came back on on Capitol Hill, big thanks to the crews for all their hard work on a Sunday. You guys rock

We're back online! Thank you City Light!!!

Wow, what a mess this last 24+ hours has been. I don't think SCL has experienced such a wide outage in many years. My hat is off to all the crews responsible for restoring our Power. Fortunately for me, after 3 trips to a Gas Station (I only have a small gas can) for fuel for the generator to power fridges & freezer and a UPS system for internet & phone (which almost made it thru the entire outage) this is my wake-up to buy a bigger gas can and add more battery back-up to my UPS. Thanks again to the crews that restored my power.

@SEACityLight Thank you for restoring our pocket of West Seattle today! Know you guys have been working hard, and we are grateful.

@SEACityLight thank you to all the crew members for their hard work!

@SEACityLight Maybe when you're finished, you can come show @SnoPUD how it's done ;)

@SEACityLight thank you!!

@SEACityLight Your crews are great. Thanks for the good work on the 700 block of N 83rd.

@SEACityLight got home from work and power was back on!! Thank you!

Powers back. Again. Thanks @SEACityLight for your work

Sending a big THANK YOU to the Seattle City Light Crews who had to restore power twice in my neighborhood. One tree down in the morning and another late in the evening. And in the pouring rain. You guys rock!

I'm still without power but we're thankful for the hard working crews that have been out repairing things!!!

It's sad to see so many trees down from the storm, especially after all the fires in our state. Thanks for helping to clear the roads and the hard work you've been doing during this storm!

Wow. Thank you for working so hard!

Thank you for your hard work!

I missed the Seahawks game last night. But I know you guys were working hard to restore the power. Thank you.

# THANK YOU

@SEACityLight any update on lake forest park? appreciate what your crew is doing, I know you guys are doing all you can.

@SEACityLight Thank You!!! You guys did a great Job....You are Appreciated. #ThankYou for tweeting me back to let me know. I'm impressed.

I know people are frustrated but this has been a really good job. Thanks @SEACityLight crews and comms people

@SEACityLight I appreciate you even though it's taking a while. Keep on it! I know you can do it!#seattleblackout

@SEACityLight awesome job getting lights on!

@SEACityLight Thanks for the prompt response. I understand priorities and have no problem with them or your hard work!

@SEACityLight wow! Waking up to power Well ahead of what u said Realize might go out again with repairs but nice to have

You guys are awesome and work so hard.

Highland Park back online. Thank You for all your hard work Linemen!!! Stay safe!

Thank you, thank you so much.

Wow! You guys have your work cut out for you! Be safe.

Power is back on in our home on Sandpoint! Thank you guys so much for your hard work! Hope other homes will be restored soon!

Thanks for your hard work SCL. Thankful the power was just restored to our neighborhood in LFP.

It can't be easy, asking crews to go out in dangerous, windy conditions when it's rainy and dark. Much thanks for doing the difficult job through the weekend!

Thank you hard working crews!

Great job!! Watched crew today...heroes

Just want to thank you for working so hard to get our power going again. I always appreciate the Seattle City Light employees who work in all sorts of conditions, day or night, to get our electricity running again. Thank you!

I was very happy to have power restored during the night. Our area of Lake Forest Park is very susceptible to power outages and I was actually expecting it to take another day or so. I know you have lots of hard working crews out in the field working long hours to get our lights back on. Please thank them for their hard work and great efforts!
