Budget Action description:

This budget action would impose the following budget proviso:

"None of the money appropriated in the 2016 budget in the Finance General Police Accountability Reserve may be spent for body-worn cameras for police officers until the City Council passes an ordinance lifting this proviso."

The Seattle Police Department (SPD) has conducted a pilot project in the use of body-worn cameras, and the 2016 Proposed Budget includes \$1.8 million in a Finance General (FG) reserve for full implementation of body-worn cameras for patrol officers. In addition, SPD has received a federal grant for \$600,000 for this purpose.

Imposing this proviso ensures that the Council has adequate time to review and approve City policies for use of body-worn cameras and to consider public comment on those policies.
