bio

Licensed architect with 17 years of collaborative experience in all phases of design; primarily in mid and high-rise multifamily. Breadth of work also includes municipal, public housing, transportation, winery, healthcare and single family. Understanding of building codes, zoning processes and permitting. Skilled at BIM modeling, production and overseeing the assembly of construction documents. Urban design experience with city-scale light rail alignment and transit oriented development along the Roosevelt light-rail corridor and with Citizen's Advisory Committee for Swedish's Cherry Hill Medical Center. Organized multiple office presentations for continuing education on range of green building strategies.

Strive to expand and apply knowledge of sustainable design in urban areas through continued effort to mold built environment into inspirational, pedestrian-centered spaces in sync with nature's systems. Idea generator, passionate designer, technically adept leader and collaborative team member. In search of experience that furthers understanding of and impact on the urban realm in Seattle in the context of sustainability, equity, displacement and housing affordability.
