

The background of the slide is a photograph of the Boeing Company building in Seattle. The building is a large, modern, multi-story structure with a light-colored facade. In the foreground, there is a circular landscaped area with a small sign that says "BOEING". To the left of the building, there are two flagpoles; the left one has the American flag, and the right one has a blue flag with a white anchor. Traffic lights are visible on the left side of the image. A blue semi-transparent banner is overlaid across the middle of the image, containing the title and subtitle in white text.

The Boeing Company Pedestrian Tunnels Renewal

Council Transportation & Seattle Public Utilities Committee

Presentation overview

- The Boeing Company is seeking to renew a permit for two existing pedestrian tunnels under 16th Avenue South and East Marginal Way South
- The two pedestrian tunnels provide a connections for staff and visitors to the South Plat 2 Corporate Site and the North Plant 2 Site; and the North Boeing Field Site, Boeing Security, and Boeing Production to the South Plant 2 Site
- SDOT recommends approval of the term permit renewal

Term permit process – permit renewals

Ordinance

Passage of the ordinance renews the permit and details the terms and conditions of the permit, including annual fee, maintenance obligations, indemnification, insurance and bond requirements.

Project neighborhood - Georgetown

Proposal: Boeing pedestrian tunnels

Tunnels were first permitted in 1955

Requested action

- SDOT is seeking Council approval of this Council Bill for the two existing Boeing pedestrian tunnels
- If the ordinance is approved, this permit will be renewed through 2037 and may be extended for an additional 15 years
