

Amendment A Version 1 to RES 32067 - Third Avenue Vision

Sponsor: Councilmember Morales

Direct engagement with human service providers

Effect: This amendment would direct the working group to engage with social service providers as part of the evaluation of Third Avenue design concepts.

Amend Section 2.D as follows:

D. Use the technical data developed in A-C above to develop a work plan for a conceptual-level study of urban design and transit improvements to Third Avenue that will help inform a preferred design concept that furthers the Third Avenue Vision and that maintains transit (bus and rail) capacity downtown to meet ridership and travel time demands; include in the work plan planning-level cost estimates and engagement of community that travels to and through the Third Avenue corridor and social service providers located on the Third Avenue corridor;
