

**CITY OF SEATTLE**  
**ORDINANCE** 126675  
COUNCIL BILL 120413

AN ORDINANCE amending Ordinance 126490, which adopted the 2022 Budget; changing appropriations to various departments and budget control levels, and from various funds in the Budget; in order to advance the Seattle Green New Deal by funding actions to reduce greenhouse gas emissions, funding climate-resilient community spaces, and investing in net-zero affordable housing; and ratifying and confirming certain prior acts.

WHEREAS, climate change poses severe and growing threats to Seattle residents’ health, safety, and livelihoods; and

WHEREAS, a February 2022 United Nations Intergovernmental Panel on Climate Change (IPCC) report states that temperature increases of 1.5 degrees Celsius in the near term would cause unavoidable increases in multiple climate hazards and present multiple risks to ecosystems and humans; and

WHEREAS, the 2022 IPCC report states, “Vulnerability of ecosystems and people to climate change differs substantially among and within regions ... driven by patterns of intersecting socioeconomic development, unsustainable ocean and land use, inequity, marginalization, historical and ongoing patterns of inequity such as colonialism, and governance”; and

WHEREAS, an inadequate response to climate change will increase the risk of economic and environmental disruptions, such as more severe storms, longer and hotter heat waves, worsening flood and drought cycles, growing invasive species and insect problems, accelerated species extinction rates, rising sea levels, increased wildfires, and an increase in environmental migration; and

1 WHEREAS, near-term actions that limit global warming to close to 1.5 degrees Celsius would  
2 substantially reduce projected losses and damages related to climate change in human  
3 systems and ecosystems; and

4 WHEREAS, Ordinance 125926 established the Green New Deal Oversight Board, provided  
5 compensation for those who incur a financial hardship by their participation on the  
6 Board, and requested that the Office of Sustainability and Environment create an  
7 interdepartmental team to advance the Green New Deal for Seattle; and

8 WHEREAS, The City of Seattle has been committed since Executive Order 2020-01 to a Green  
9 New Deal for Seattle, which directs City departments to take actions that: reduce  
10 pollution at the rate of progress scientists say is necessary to limit average global  
11 temperature increase to 1.5 degrees Celsius; promote economic opportunity and inclusive  
12 access to stable, well-paying jobs; and advance environmental justice by ensuring the  
13 benefits and investments of the clean energy transition accrue to those communities and  
14 populations historically most burdened by the fossil fuel industry; and

15 WHEREAS, the Green New Deal for Seattle builds on actions by the State of Washington, the  
16 United States federal government, and the global community to address climate change,  
17 actions which include the Washington State Climate Commitment Act of 2021, the  
18 federal Inflation Reduction Act of 2022, and the 2015 Paris Agreement under the United  
19 Nations Framework Convention on Climate Change, all of which commit the State of  
20 Washington, the United States of America, and 195 nations around the world to holding  
21 the increase in the average global temperature to under 2 degrees Celsius above pre-  
22 industrial levels; and

1 WHEREAS, during the 2022 Adopted Budget process, an Opportunity Fund in the amount of  
2 \$6,491,539 was appropriated in Finance General for advancing the Green New Deal,  
3 pending the recommendations of the Green New Deal Oversight Board; and

4 WHEREAS, the Green New Deal Oversight Board is comprised of 19 community leaders  
5 representing diverse constituencies from youth, Indigenous and Native American tribes,  
6 climate and environmental justice organizations, workforce development organizations,  
7 labor unions, and climate mitigation and adaptation experts; and

8 WHEREAS, the Green New Deal Oversight Board met to make recommendations for  
9 investments to address the climate crisis and the disparate impacts of climate change on  
10 communities of color and the economically disadvantaged; and

11 WHEREAS, the Mayor of Seattle and City departments have determined a set of initial priorities  
12 to be authorized by this funding, based on the recommendations of the Oversight Board  
13 and discussions with experts, stakeholders, and climate justice advocates in and beyond  
14 Seattle; and

15 WHEREAS, the amounts set aside in the Green New Deal Opportunity Fund are hereby to be  
16 appropriated to various City departments to better achieve the goals of the Green New  
17 Deal for Seattle; NOW, THEREFORE,

18 **BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:**
