### 1. BILL SUMMARY

**Legislation Title:**

AN ORDINANCE relating to the City of Seattle accepting the following easements, each granting to The City of Seattle an easement for overhead or underground electrical distribution rights upon, under and across the real property in King County, Washington; placing said easements under the jurisdiction of the City Light Department; and ratifying and confirming certain prior acts.

**Summary and Background of the Legislation:**

City Light requires that the owner of a new or altered electrical service provide The City of Seattle with a utility easement whenever City Light facilities must pass over, under, or through the property of another person, or when service equipment such as poles or vaults must be located either on the property being served or the property of a third party.

City Light periodically requests that the City Council accept these distribution easements by ordinance. This legislation will accept the 136 distribution easements that have been received and recorded since the previous distribution easement acceptance ordinance was adopted.

**Does the legislation have other financial impacts to The City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?**

No

**Are there financial costs or other impacts of *not* implementing the legislation?**
