**1. BILL SUMMARY**

**Legislation Title:** AN ORDINANCE relating to acceptance of funding from non-City sources; authorizing the heads of various departments to accept and authorize the expenditure of specified grants, private funding, and subsidized loans and to execute, deliver, and perform corresponding agreements; amending Ordinance 126725, which adopted the 2023 Budget, including the 2023-2028 Capital Improvement Program (CIP); changing appropriations to various departments and budget control levels, and from various funds in the Budget; revising project allocations for certain projects in the 2023-2028 CIP; and ratifying and confirming certain prior acts.

**Summary and background of the Legislation:** This ordinance proposes the acceptance of grants and/or private funds or donations from various agencies and organizations and authorizes the expenditure of funding backed by their respective revenue sources.

During the course of a year, City departments receive grant awards or opportunities for other funding resources that are not anticipated in the Adopted Budget. The City Budget Office formally accepts these funds by compiling departmental grants acceptances and similar agreements in separate ordinances throughout the year.

The attached ordinance contains requests related to grants, donations, or other private funding agreements, modifying the Adopted Budget for the second quarter of 2023.

The attached ordinance includes a third section, recognizing departments with existing budget authority in their operating budgets that will be supported by new grant revenue by carrying forward the associated appropriations.
