

Amendment A Version 1 to CB 120774 – CBO 2023 Carryforward ORD

Sponsor: Councilmember Rivera

Proviso \$25.3 million in OPCD's 2024 Adopted Budget for the EDI program.

Effect: This amendment would impose a proviso¹ on \$25.3 million allocated for the Equitable Development Initiative (EDI) program in the 2024 Adopted Budget. The proviso would require that the \$25.3 million (\$19.8 million JumpStart Fund, \$5.1 million Short-Term Rental Tax Fund, and \$0.4 million Community Development Block Grant (CDBG) portion of the General Fund) may not be spent until authorized by a future ordinance.

Council would consider lifting the proviso via ordinance after the Office of Planning and Community Development (OPCD) accomplishes the following: (1) expends the proposed 2023 carryforward amount of \$53.5 million, as proposed in Council Bill 120774; and (2) provides a status update report to the City Council on the existing list of projects (see the list in Appendix 1 to this amendment) funded through the EDI program, along with any lessons learned from the program evaluation work that is currently underway. This report should identify, where knowable, potential funding requests for these projects and what the projected timeline is for project completion. If not known, the report should describe activities completed to date for the project's development and next steps in the project development process.

This report should be submitted before or concurrently with transmittal of legislation to lift the proviso; this should occur no later than September 24, when the Council anticipates transmittal of the Executive's proposed 2024 Year-End Supplemental Budget Ordinance.

Background

The EDI grant program is intended to support community organizations in high displacement risk neighborhoods in acquiring sites and developing major capital projects, as well as providing capacity-building support to organizations that do not have experience undertaking a capital project. The EDI program focuses on providing early funding for projects at their initial stages of development, often prior to identification of a site for acquisition, and final funding for community-initiated capital projects, allowing them to start construction. If adopted, this amendment would pause any additional EDI funding beyond the appropriations carried forward from 2023, unless the Council lifts the proviso through a future ordinance.

If the proviso is not lifted by the Council in 2024, the \$25.3 million appropriation will lapse at year-end and become part of the 2025 beginning fund balance. The \$0.4 million of CDBG funds

¹ A proviso places a specific spending restriction on the use of an appropriation within the Adopted Budget. Within Council's statutory authority, budget provisos can restrict spending in a particular Budget Control Level, Budget Summary Level, division, department, or citywide. A proviso is "lifted" (i.e., the spending restriction is removed) either through Council action (ordinance) or when the prescribed conditions have been met.

could be reallocated for other eligible CDBG purposes. The current JumpStart Fund and Short-Term Rental Tax Fund policies restrict how this funding could be reallocated in the 2025 budget unless the policies are amended.

Add a new Section 2 to CB 120774 as follows and renumber subsequent sections as appropriate:

Section 2. None of the appropriations in the Office of Planning and Development's Equitable Development Initiative Budget Summary Level (BO-PC-X2P40), other than appropriations described in Section 1, item 1.20 of this ordinance may be spent until authorized by future ordinance.
