8 requested to make a recommendation to the Mayor and City Council regarding the advisability of
9 proposing to the voters of Seattle another levy to authorize additional property taxes for
10 implementation of transportation improvements.

11 The factors to be considered by the Oversight Committee in making any such
12 recommendations will include, but are not limited to: (a) the City's success in project
13 implementation, including its ability to manage and control project costs; (b) the availability of
14 alternative revenue sources that provide a more direct link between the tax or fee paid and the
