**Subject:** Proposed Marijuana Regulations – Substitute Regulatory License Bill and Enforcement

Resolution

At its July 8<sup>th</sup> meeting, the Finance and Culture Committee will discuss 1) a substitute Resolution 31595 and 2) a substitute Council Bill (CB) 118419. Proposed substitute legislation reflect changes necessitated by passage by the Legislature of Second Engrossed Second Substitute Bill 2136 (2E2SHB 2136) and changes recommended by Finance and Culture Committee Chair Licata.

Among other things, 2E2SHB 2136 allows jurisdictions to modify buffer requirements from some sensitive land uses; prohibits consumption of marijuana in public places; exempts marijuana-based health and beauty aids, meeting a prescribed definition, from regulation as controlled substances; modifies some definitions; and provides capped marijuana tax revenue to local jurisdictions based on population and retail sales.

This memorandum describes proposed amendments in substitute Reso. 31595 and substitute C.B. 118419.

Substitute Reso. 31595 - Enforcement Priorities	
Correct typographical errors and modify numbering and formatting.	Throughout
Amend a recital to clarify that unregulated marijuana businesses, not specifically	Page 2, Line
medical marijuana dispensaries, have led to a rise in usage by minors.	7
Elevate recreational marijuana delivery services to the highest enforcement tier.	Page 6, Line
	1
Clarify that branches of unlicensed businesses that opened after January 1, 2013 and	Page 7, Line
which are at least 80% owned by a parent company which opened prior to January 1,	1
2013 are in the lowest enforcement tier.	
Moderate intent language for future Council consideration of changes to land use	Page 7, Line
and zoning regulations for marijuana businesses.	19
Clarify that, to the extent allowed by state and federal law, the Council will consider	Page 8, Line
buffer measurements other than straight line measurements, such as common-path-	3
of-travel, in deciding what buffer requirements to impose through future land use	
and zoning regulations.	
Clarify the Council's intent that dispersion requirements for licensed retail	Page 8, Line
establishments will be triggered when more than two are located in close proximity	7
to each other.
