WHEREAS, the owners of business, multi-family residential, and mixed use properties that are subject to nearly 60 percent of the special assessments that would be assessed upon the establishment of a Business Improvement Area filed a petition with The City of Seattle pursuant to chapter 35.87A RCW, and said petition is filed in C.F. 319875; and

WHEREAS, the owners of parcel numbers 2768303245, 2768303229, and 2768303190, known as the "Ballard Blocks," which are outside of the boundaries proposed in the petition, submitted a letter of support, after petitions had been circulated, requesting their properties be added to the Ballard Business Improvement Area; and

WHEREAS, upon reviewing the petition and letters of support, the City Council determined it is in the best interests of the City to proceed, as permitted by RCW 35.87A.030, under the resolution method of creating a new and expanded Ballard Parking and Business Improvement Area instead of the petition method; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SEATTLE, THE MAYOR CONCURRING, THAT:

Section 1. The City Council of The City of Seattle declares its intention to establish a Ballard Parking and Business Improvement Area in accordance with chapter 35.87A RCW, to be known as the Ballard Business Improvement Area.

Section 2. The Ballard Business Improvement Area shall be within the following boundaries as shown on the map attached as Exhibit A to this resolution (when a street or alley is

Section 4. There shall be an advisory board whose membership is comprised of ratepayers representative of the variety of locations, sizes, and ratepayer classifications in the Ballard Business Improvement Area.

Section 5. To finance the programs authorized in Section 3 of this resolution, there is proposed to be levied upon and collected from the owners and operators of business property, multi-family residential property (buildings containing four or more residential units), and mixed-use property (multi-family residential and commercial) located within the boundaries of the Ballard Business Improvement Area described in Section 2 of this resolution, a seven-year special assessment. The initial assessment calculations will be based upon King County Assessor's Office records as of April 1, 2015. Ratepayers will be assessed by The City of Seattle for seven annual installments beginning with the base year of authorization, by applying the following assessment rates to each ratepayer:

- A. First Year Assessment = (\$0.52 x (Total Appraised Value/\$1,000)) + (\$0.12 x Total Lot Square Feet). Total Appraised Value in these calculations shall be based on Land + Improvements. This calculation is called the "Base Formula." Modifications or limitations to the First Year Assessments are described below. To the extent that ratepayers are eligible for multiple assessment ceilings, the lowest applicable rate applies.
- B. The assessment ceiling for owned and rental multi-family residential units is \$90 per unit per year. This ceiling applies to all multi-family residential buildings containing four or more residential units whether or not the building is located on one or multiple property parcels and/or the ratepayer has combined or intends to combine multiple parcels.

- C. The assessment ceiling for building square footage is \$0.20 per square foot for any property with a Floor Area Ratio that is 0.5 or more. Floor Area Ratio in these calculations shall be based on Building Square Feet divided by Total Lot Square Feet.
- D. If the Total Appraised Value (Land + Improvements) and Total Taxable Value (Land + Improvements) in the King County Assessor's records are not equal due to tax exemption status, the following rules apply:
- 1. If the Total Taxable Value is zero, then the First Year Assessment = [(\$0.52 x (Total Appraised Value / \$1,000)) + (\$0.12 x Total Lot Square Feet)] x 25%.
- 2. If the Total Taxable Value is not zero, the First Year Assessment = (\$0.52 x (Total Taxable Value / \$1,000)) + (\$0.12 x (Total Lot Square Feet x Total Taxable Value / Total Appraised Value)) + [(\$.52 x (Total Appraised Value Total Taxable Value / \$1,000)) + (\$0.12 x (Total Lot Square Feet x ((Total Appraised Value Total Taxable Value) / Total Appraised Value)) x 25%)].
- E. Any properties owned by governmental entities shall be subject to assessment based on the assessment rates described above if the governmental entity is operating as a business. At the time of formation, there are no properties owned by governmental entities that are subject to assessment.
- F. To maintain the current level of services and benefits provided by the Ballard Business Improvement Area, the assessment rates shall be adjusted by an Inflationary Factor applied to each of the assessment rates after the first year assessment. The Inflationary Factor will be the lesser of three percent per year or the percentage change in the Consumer Price Index for All Urban Consumers in Seattle-Tacoma-Bremerton ("CPI-U-Seattle") between October 2016 and October of the year prior to the assessment year.

- 1. Second Year Assessment: The Inflationary Factor shall be calculated using the lesser of three percent or the percentage change in the CPI-U-Seattle between October 2016 and October 2017.
- 2. Third Year Assessment: The Inflationary Factor shall be calculated using the lesser of six percent or the percentage change in the CPI-U-Seattle between October 2016 and October 2018.
- 3. Fourth Year Assessment: The Inflationary Factor shall be calculated using the lesser of nine percent or the percentage change in the CPI-U-Seattle between October 2016 and October 2019.
- 4. Fifth Year Assessment: The Inflationary Factor shall be calculated using the lesser of 12 percent or the percentage change in the CPI-U-Seattle between October 2016 and October 2020.
- 5. Sixth Year Assessment: The Inflationary Factor shall be calculated using the lesser of 15 percent or the percentage change in the CPI-U-Seattle between October 2016 and October 2021.
- 6. Seventh Year Assessment: The Inflationary Factor shall be calculated using the lesser of 18 percent or the percentage change in the CPI-U-Seattle between October 2016 and October 2022.
- G. "New Benefit Areas" shall be added to the assessment roll on an annual basis, and will supersede the previous assessment for that parcel. A New Benefit Area is created when a parcel's Net Building Square Footage increases as a result of either a new building or expansion of an existing building, as recorded by the King County Assessor's Office. The Base Formula for

a New Benefit Area will be calculated for the following assessment year using the most current available King County Assessor's Office records.

13

No Inflationary Factor shall be assessed on a New Benefit Area in its first assessment year. In each subsequent assessment year, the Inflationary Factor for any New Benefit Area shall be the lesser of:

- Three percent per year from the addition of the New Benefit Area to the 1. assessment roll, or
- The percentage change in the CPI-U-Seattle from October of the year 2. prior to the addition of the New Benefit Area to the assessment roll to October of the year prior to the assessment year.
- Rate Changes. Changes in assessment rates other than as described in this section H. shall only be authorized by ordinance consistent with RCW 35.87A.140 with the approval of the Ratepayers Advisory Board and shall not occur more than one time per year.
