The proviso language in this green sheet prohibits construction spending in 2017 only. Council intends to implement greater CIP oversight over the City's capital projects starting in 2017 and may implement additional capital oversight procedures. As part of this increased oversight, Council may develop new procedures or consider similar provisos as part of standard review of the 2018 and future budgets. Council anticipates that SDOT will report to Council as the department develops firm cost, schedule and budget proposals for these projects.

This green sheet imposes the following provisos:
