**Budget Action description:**

This green sheet recommends passage of C.B. 118855 which would set the maximum parking rate to \$5.00/hour and set the minimum to \$0.50/hour.

55	1	B	2

The current maximum rate is \$4.00/hour and the current minimum is \$0.75/hour. This change would allow SDOT to better manage parking areas where current use patterns warrant additional rate flexibility. Based on parking occupancy data collected in 2016, the proposed change would lead SDOT to (a) raise rates in five areas above the current \$4/hour maximum rate; and (b) lower the rates in five other areas below the current \$0.75 rate.

To implement these parking rate adjustments, SDOT anticipates additional expenses in 2017 and 2018. Revenues and expenditures in this green sheet are preliminary projections from SDOT.
