Section 11. The Council expresses the following intent as to the application of Seattle Municipal Code Chapter 5.54. To maintain a level playing field for the short-term rental industry and other lodging businesses, the Council intends to monitor proposals for any taxes imposed by the Washington State Convention Center Public Facilities District, King County, or the State of Washington, on the short-term rental industry. The City will work with ~~the State and County~~ such jurisdictions to ensure that short-term rental businesses are not subject to a short-term rental tax at the State or County level in addition to a City of Seattle short-term rental tax. In the event any short-term rental tax is imposed by any such jurisdiction and the jurisdiction imposing such tax enters into a legally binding agreement with the City to provide to the City proceeds equivalent to the City's collections from tax authorized under this ordinance, the City may commit in such agreement with the other jurisdiction to suspend collection of the City's tax for the duration of the term of such agreement.
