Budget Action description:

This green sheet recommends passage of C.B. 119396, Seattle Public Utilities' (SPU) 2019 water system bond ordinance. This C.B. would authorize up to \$68.1 million of 30-year fixed-rate bonds to fund a portion of capital expenditures for the City's water system. SPU anticipates selling the bonds in late 2019 and expects that this level of debt, combined with other sources of funding, would support the water system capital program for approximately 10 months. SPU estimates the annual debt service to be about \$4.7 million, starting in 2020.
