## **Department of Parks and Recreation**

## **Major Maintenance Backlog and Asset Management**

Project Type:OngoingProject No.:MC-PR-41001Start/End Date:N/ABSL/Program Code:BC-PR-40000

Project Category: Rehabilitation or BSL/Program Name: Fix It First-CIP

Restoration

**Location:** Citywide

Neighborhood District: Multiple Council District: Multiple

Total Project Cost: N/A Urban Village: Multiple

This ongoing project provides funding for major maintenance projects for assets in all of the city parks and recreation facilities, including athletic fields, play areas, swimming pools, trails, buildings, accessibility elements, outdoor infrastructure, and related work. This project also funds a new integrated asset management and work order system to better track and forecast long-term asset and maintenance needs. The project also increases Parks' ability to remove property encroachments. Typical major maintenance improvements may include, but are not limited to renovating buildings, Americans with Disabilities (ADA) access improvements, replacing play area structures, forest, landscape, trail maintenance and improvements, swimming pool repairs, athletic field refurbishment, and installation of energy efficient lighting, installation of new multi-sport flooring, and related major maintenance work. These projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, reclaim Parks property, and improve the overall park experience for the public. This project is part of the Metropolitan Parks District measure put before voters in 2014.
