Budget Action description:

This green sheet would impose the following proviso on some appropriations for the Navigation Team. A portion of the proviso would be lifted each quarter after the Executive submits the required reports.

"No more than \$692,000 of the money appropriated in the 2019 Adopted Budget for the Seattle Human Services Department (HSD) may be spent for the functions and activities performed by the City's Navigation Team until the Executive submits on a quarterly basis to the City Clerk a report that is filed, without vote, as a Council Clerk File."

It is the Council's intent that the Executive provide quarterly reports according to the "schedule and subjects" listed below. The first, second and third quarterly reports may be incorporated into distinct Clerk files, the filing of which will each release an additional \$692,000 of appropriation authority.

Background:

As part of the Executive's commitment to accountability and continuous quality improvement, the Human Services Department (HSD) will present to the City Council quarterly reports on Navigation Team activities to connect people living within unmanaged encampments to services and shelter. These reports will also include information on efforts to reduce negative impacts stemming from encampments throughout Seattle. The "schedule and subjects" for quarterly reports with additional requirements by quarter are listed below.

"Schedule and Subjects":

1. Reporting in every Quarter (1-4):

HSD and the Navigation Team may report on performance measures that are reflected in the updated Theory of Change. These metrics include: 1) connecting individuals living unsheltered to services, 2) connecting people to safer spaces, and 3) addressing hazardous and unsafe conditions stemming from, and found within, unmanaged encampments. Specifically, the report will include measures for:

- Total number of contacts made quarterly;
- Breakdown, by percentage, of services most frequently requested quarterly; and
- Breakdown, by percentage, of client demographic information quarterly.
- Total number of referrals to shelter quarterly;
- Breakdown of referrals to specific shelter resources by quarter to date;
- Average shelter bed availability by quarter, broken down by type (i.e., basic shelter, tiny house village, enhanced shelter); and
- Number of instances diversion strategies/resources were utilized.
- Quarterly and year-to-date total tonnage of garbage, waste, and debris removed from unmanaged encampments;
- Total number of inspections conducted by quarter;
- Total number of unmanaged encampments removed (broken down by 72-hour clean-up, obstruction, and hazard) by quarter;

The Human Services Department will provide relevant qualitative updates on key projects and developments that are either Navigation Team-led or intersect with homelessness response efforts. Updates may include:

- Analysis of emerging trends;
- Progress in developing and implementing a Racial Equity Toolkit for Navigation Team members;
- Trainings and workshops attended, or undertaken, by the Navigation Team or by individual members, upcoming opportunities for continual improvement; and
- Qualitative updates on new shelter resources that have come online and/or notable trends.

2. Additional Requirements for the Quarter 1 Report:
