**Amend definition of “strenuous room cleaning” to include stayover rooms without cleaning  
for more than 36 hours**

On page 4, after line 7, amend the following Section as shown below:

“‘Strenuous room cleaning’ means the cleaning of (1) a checkout room, (2) a stayover room that includes cleaning, removal, or setting up of a cot, rollout bed, hideaway sofa, pet bed, or crib, or (3) a stayover room that has not received a room cleaning for more than ~~24~~36 hours.”

Renumber sections and correct any internal references accordingly.

**Effect:**

This amendment would change the third prong of the definition of “strenuous cleaning.” The amendment would increase the number of hours that a stayover room has not received cleaning services from “more than **24** hours” to “more than **36** hours.”
