Summary and background of the Legislation:

This legislation would (1) add a definition of Permanent Supportive Housing (PSH) to the Land Use Code, (2) establish new regulations and procedures for developing PSH, and (3) modify existing regulations to remove Land Use Code barriers to PSH. The proposal is intended to facilitate siting and speed permitting and development of PSH. Specific elements of this proposal include:

- Defining PSH as a multifamily residential use (1) with at least 90% of units affordable to households with incomes that do not exceed 50% of Area Median Income, (2) that receives public funding, and (3) that has a contractual term of affordability of at least 40 years;
- Establishing that on-site supportive services, which can also be available to other clients, are an accessory use to PSH;
- Exempting floor area used for on-site supportive services from calculations for Floor Area Ratio limits;
- Exempting PSH from Design Review;
- Exempting PSH from long and short-term bicycle parking requirements;
- Authorizing the Director of the Seattle Department of Construction and Inspections to waive or modify, as an administrative decision, specified development standards, if waivers would not affect the overall height, bulk, and scale of a PSH development and result in more units of PSH;
- Requiring PSH applicants to submit a community relations plan;
- Allowing PSH as a permitted use in Commercial 2 zones; and
- Allowing PSH as a street-level use, in zones where those uses are required.
