WHEREAS, wastewater credits for qualified low-income customers, not billed directly by Seattle Public Utilities, are based on typical residential bills, and credits for such customers need to be revised to reflect the changes in the wastewater rates; NOW, THEREFORE,

**BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:**

Section 1. Subsection 21.28.040.B of the Seattle Municipal Code, which section was last amended by Ordinance 125685, is amended as follows:

**21.28.040 Wastewater volume charge**

\* \* \*

B. The wastewater volume rate shall be the sum of the treatment rate and the system rate, as follows:

1. Treatment rate. The "treatment rate" shall be the rate required to pay the wastewater share of "treatment cost," which is the cost of wastewater treatment, interception and disposal services, and any associated costs required to meet Drainage and Wastewater Fund financial policies. The treatment rate shall be the amount obtained when (a) the projected wastewater treatment cost is divided by (b) the projected billed wastewater consumption, each for the next calendar year, and the result is multiplied by (~~118.7 percent in 2019~~) 118.7 percent in 2020 and 116.4 percent in 2021 and thereafter to cover the costs of taxes and low-income rate assistance. The projected treatment cost shall be the treatment cost anticipated for the upcoming calendar year, which may include an adjustment to reflect the difference, whether positive or negative, between the total expected treatment cost for the current year and the total wastewater

1 volume charge revenues attributable to the treatment rate expected for the current year. The  
 2 treatment rate is designed to pass through cost changes driven by King County and may be  
 3 adjusted by ordinance at any time in response to such charges.

4 2. System rate. The “system rate” shall be the rate required to pay the cost of carrying and  
 5 discharging all wastewater and any wastewater-funded share of stormwater into the City  
 6 sewerage system, as presently maintained and operated and as may be added to, improved, and  
 7 extended.

8 3. The wastewater volume rate per CCF shall be in accordance with the following  
 9 schedule:
