**Amendment 10 to CB 120112 – Midyear Supplemental Budget ORD**

**Sponsor:** Mosqueda

**Author:** Councilmember Pedersen

Add 1.0 FTE Crime Prevention Coordinator (CPC) position to SPD

Amend Section 11 to CB 120112 as follows and adjust the total for the table accordingly:<sup>1</sup>

Section 11. The following positions are created in the following departments:

<b>Item</b>	<b>Department</b>	<b>Position Title</b>	<b>Position Status</b>	<b>Number</b>
* * *				
11.37	Seattle Police Department	Crime Prev Coord (@22520-034)	Full-time	1.0

**Effect:** This amendment would add 1.0 FTE Crime Prevention Coordinator (CPC) position to SPD to work with the community and the personnel of the North Precinct to reduce and prevent crime. SPD currently has six funded CPC positions: one assigned to each precinct and an Asian Liaison. The existing North Precinct CPC position is currently vacant. The Department is in the process of filling this position and would use the candidate pool to hire a second, new CPC position to serve areas North of the ship canal because the North Precinct is SPD's largest precinct.

The author requests that the Department use salary savings from civilian positions in SPD that should be available due to the delayed hiring of the North Precinct Crime Prevention Coordinator 1 position in 2021. If this amendment passes, the Council expects that this position will be included and funded in the Mayor's 2022 Proposed Budget.
