

Amendment 2 to CB 120835 – Stay Out of Drug Area (SODA) zones

Sponsor: Councilmember Kettle

Add Belltown SODA Zone

Effect:

This amendment would add a new SODA zone to Seattle’s Belltown neighborhood. The boundaries of the new SODA zone can be found in the operative language below and are displayed in the map on page 2 of this amendment.

The City Attorney’s Office has confirmed that the zone is consistent with: (1) the bill language in 12A.21.050.B, which requires that the zone be “narrowly tailored to encompass areas of significant illegal drug activity;” and (2) RCW 10.66.010, which requires placement of SODA zones “where drug sales, possession of drugs, pedestrian or vehicular traffic attendant to drug activity, or other activity associated with drug offenses confirms a pattern associated with drug trafficking.”

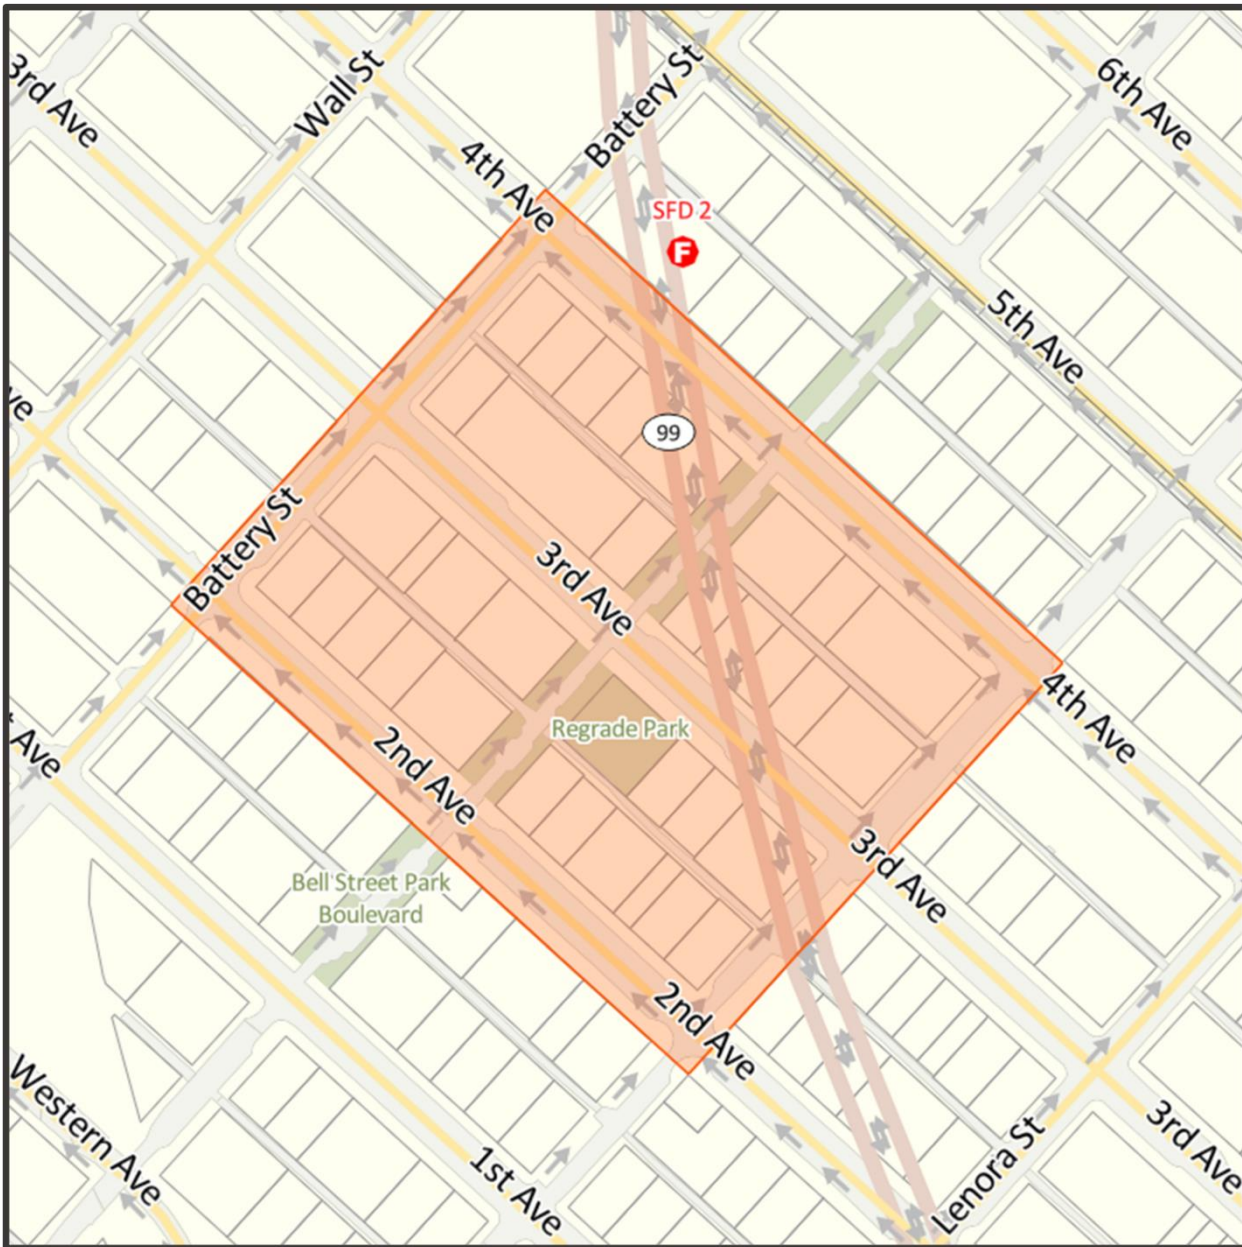

1. In Section 1, on page 7, add the following:

F. SODA Zone 3

Due to high levels of significant drug activity, SODA Zone 3 (illustrated by Map C for 12A.21.050) is established as the area of the Belltown District bordered on the north by Battery Street, on the south by Blanchard Street, on the east by 4th Avenue, and on the west by 2nd Avenue.
