## MEMORANDUM

**To:** Councilmembers  
**From:** Jeff Simms and Amy Gore , Analysts  
**Subject:** CB 119942: Amended Proviso on Navigation Team and Unsheltered Response

---

On Monday, October 26, 2020, Council is scheduled to consider and vote on [Council Bill \(CB\) 119942](#), which amends a proviso included in Section 24 of [Ordinance \(ORD\) 126148](#). This memo describes the original proviso, the amended proviso, and describes next steps.

### Background

Ordinance 126148 (the Budget Revision ORD), passed by Council on August 10, 2020, amended Ordinance 126000, which adopted the 2020 Budget. After a mayoral veto and Council action to overturn the veto, the bill will go into effect on October 22, 2020. The Ordinance includes a proviso on \$2,900,000 of funds appropriated to the Addressing Homelessness Budget Summary Level (BSL) in the Human Services Department's (HSD) budget, stating the funds are appropriated "solely to expand and maintain homelessness outreach and engagement services, which may include flexible financial assistance, case management, and housing navigation services, and may be spent for no other purpose."

The amount of the proviso, \$2.9 million, was an estimate of: (1) unspent 2020 appropriations for HSD Navigation Team staff (\$1.6 million), (2) unspent 2020 appropriations to Finance and Administrative Services (FAS) for clean-up of unsanctioned encampment sites which were transferred to HSD (\$739,000), and (3) existing outreach and engagement contracts for the Navigation Team (\$762,000).

With the proviso, Council's intent was to (1) cut funding for the City's Navigation team, and (2) redirect the unspent 2020 HSD and FAS funds to increase outreach and engagement to people experiencing homelessness in unsanctioned encampments. The increase in outreach and engagement services would be achieved by expanding contracts with community service providers. As noted during the discussion of this proviso, implementation of the proviso will likely result in layoffs of HSD staff, though Council encouraged HSD to find new positions for impacted staff.

### Council Bill 119942

Council Bill 119942 amends the proviso originally passed in Section 24 in Ordinance 126148 as follows:

- 1. Reduces Amount of Proviso** - The total amount of the proviso is reduced from \$2,900,000 to \$2,074,000. This reduction accounts for spending that has occurred during the time period between passage of Ordinance 126148 and its effective date. The proviso includes \$245,000 for HSD staff, \$802,000 of HSD staff salary savings, both from vacancies and the reduction of the team size, \$265,000 in savings at FAS, and \$752,000 for the existing outreach and engagement contract.

This amount would allow for \$1,067,000 from savings at HSD and FAS to be used for new or expanded contracts with community organizations for outreach and engagement activities as allowed under the proviso.

*Table 1: Proviso Components*

HSD Staff (8 FTE) for remainder of 2020	\$245,000
HSD Staff Salary Savings (Vacancy and Team Size Reduction)	\$802,000
FAS Savings (Projected Underspend through the End of 2020)	\$265,000
Annual Appropriation for REACH Contract in Nav Team	\$762,000
<b>Total</b>	<b>\$2,074,000</b>

- 2. Amends List of Activities Allowed under Proviso** - The proposed legislation would modify the proviso adopted in ORD 126148 to:
  - Require that the expanded outreach and engagement services will be achieved through contracts with external service providers, not by HSD staff;
  - Allow these funds to be used for behavioral health services (possibly with a Designated Crisis Response status), and for the technological and other administrative needs of the contracted service providers, in addition to the flexible financial assistance, case management, and housing navigation services allowed in the original proviso; and
  - Allow up to \$245,000 to support costs in HSD for the remainder of 2020 for staff who shall coordinate and support outreach and engagement conducted by contracted service providers and other City departments, only having direct contact with individuals in coordination with service providers to support the storage and retrieval of personal items; funds can be spent for no other purpose.
- 3. Added Policy Intent** – The proposed legislation expresses Council policy intent that HSD will continue to coordinate and respond to unauthorized homeless encampments for the remainder of 2020, and that staff assigned to the Unsheltered Outreach and Response Team in 2020 shall not exceed 8.0 FTEs. It should be noted that the activities authorized by the revised proviso would not include some of the minimum requirements that have been outlined for doing an encampment removal, though such activities could be supported with other funds.

**Next Steps**

As noted above, CB 119942 is scheduled for a vote at the City Council meeting on October 26. Please contact Jeff Simms if you have any questions or clarifications on this legislation and notify Central Staff (Jeff or Amy) of any potential amendments by noon on Friday, October 23.

## SHARED PRINCIPLES & AGREED FRAMEWORK FOR RESPONSE TO PEOPLE LIVING UNSHELTERED 2020-2021

This framework is meant to be able to generate wide support, uniting the Mayor, Council, and people who work closely with those directly affected by these policies. Its success depends upon sustained public and private adherence to these agreed-upon principles; mutual support; consistent communication lifting up these intentions; and the deployment of adequate, flexible resources. It is designed to be put into practice right away, and sustained through 2021.

- (1) United front: Mayor, Councilmembers and providers lend their support to a common framework, and release and spend necessary resources to implement these principles in practice
- (2) We commit to a plan of action to do the most we can under current conditions, with new, significant, one-time resources, intending to earn support across the spectrum of stakeholders for this approach
- (3) Principles:
  - relocate at least 500 people from miserable conditions on the streets into safe and sustainable lodging, without coercion, enforcement, or camp removal as the framework;
  - focus lodging and enhanced shelter offers on people facing greatest barriers, a group that is disproportionately Black and Indigenous; and on situations with greatest impact on neighborhoods and city as a whole (public safety; impact on struggling businesses and vulnerable neighborhoods; public health, including COVID vulnerability; public disorder; law violations); and
  - in recognition that our city cannot currently offer enough placements, improve the ability of those who will remain encamped in public spaces for the near term to care for themselves, connect with available supports, and shelter in place. This specifically includes a comprehensive and frequent trash removal and sanitation strategy.
- (4) Set expectations: many if not most people living unsheltered in Seattle will remain in that situation over the next year.
- (5) Consistent messaging:
  - COVID requires approach that promotes and protects public health, precludes dispersals
  - Dispersals don't reduce the number of people living unsheltered, and exacerbate difficulties of providing/continuing services to people living outside
  - The only way to reduce the prevalence of people living unsheltered is to afford people access to a sustainable lodging situation that matches their circumstances (attention to initial placement as well as to sustainability of that placement). For some this is solely a matter of affordability, for others this is a matter of affordability, help in gaining access, and having appropriate supports in place and available as needed.
  - Sustainable lodging for a particular person means accommodation that is accessible, adequate, and consistent with basic standards of shelter or housing, including support for hygiene, sanitation, food preparation, security, peace, privacy and dignity; and without barriers that mean the individual will be turned away or excluded. Due to COVID19, congregate shelter is not generally an appropriate setting.
  - Seattle does not have, and will not have, enough such placements to match all or most of those living unsheltered over the next 15 months

- (6) Sheltering in place: for those who, we know given lack of enough alternatives, will remain unsheltered, sheltering in place in viable conditions is a priority and part of the City's mission. The City will take responsibility to provide:
- sanitation and access to hygiene facilities
  - trash removal and water
  - health promotion and harm reduction (sharps containers, health outreach in through Public Health)
  - community dynamics
    - help address obstructions and behavior through thoughtful and respectful dialogue and problem-solving, engaging both unsheltered and housed residents, addressing specific neighborhood needs and priorities, rather than through removal and dispersal
  - on occasion, it may be necessary to assist people to shift to another location because they are in an untenable place (e.g., property that is about to be an active construction site, or blocking access to a business). This is expected to be rare. In these situations, the approach will be to problem-solve (sometimes rapidly but preferably with a reasonable time period in which to prepare and plan), helping people identify and move to another location, which may be another outdoor camp site. This is not because people should be left to live in public, but in recognition that in the near term, no matter what we do, many will be.
- (7) Lodging increase: the City will make it possible for 500 or more additional people to shift to secure, sustainable lodging over the next 15 months while we await a larger influx of PSH, including by using hotels
- The skilled community-based providers themselves will screen and match individuals to the best lodging resource for their situation and needs; lodging availability will be transparent and known to those doing actual outreach and screening work
  - Bridge Shelter, Navigation Center and tiny homes are a good match for many people, not all--but openings are rare
  - If there is an increase in tiny home availability on this timeframe, that will assist with some individuals; however, some people won't go to/not appropriate for tiny homes, or need a level of care beyond what is available in present tiny home scenarios
  - hotel use is possible, immediate and attractive to many on the street -- very few people decline
  - hotels rooms must be prioritized for people with greatest barriers, a group that disproportionately includes Black & Indigenous people; and those whose situations are most impactful for neighborhoods or city as a whole, related to disorder or health concerns, or the need to de-intensify the jail
  - insisting on race equity, ensuring resources do not skew toward white individuals disproportionately
  - staffing model for hotel programs must be realistic in light of the complex behavioral health needs of many participants, and the lack of available alternatives sites or programs to address those needs
    - rapidly hear what about appropriate providers' situation would have to change to make this possible; make those changes ASAP, including providers whose mission is to work with culturally defined populations and people with high levels of behavioral health challenges (both are essential for success)
    - issues that may need to be addressed to create capacity include

- workforce, workforce, workforce: compensation, COVID staffing ratios (plan for possible staff absence of up to 3 weeks without warning), adequate staff positions to support more intensive care teams to support people with complex behavioral health needs
