Please Note: Times listed are estimated

The Select Budget Committee Votes on the Balancing Package and Amendments

Session I - 9:30 a.m.

If time permits during Session I, the Select Budget Committee may discuss agenda items in Session II.

A. Call To Order**B. Approval of the Agenda****C. Public Hearing**

The Seattle City Council's Select Budget Committee will conduct a remote public hearing on Thursday, November 18, 2021, to solicit public comment on the following: (1) the City's 2022 General Revenue Sources, including a possible property tax levy increase; (2) the Mayor's 2022 Proposed Budget and 2022-2027 Capital Improvement Program (CIP); and (3) proposed revisions to the City's 2020 General Revenue Sources and Mayor's Proposed Budget and CIP.

The hearing begins at 9:30 a.m. and will continue until 11 a.m. Those wishing to provide public comment must sign up online at <http://www.seattle.gov/council/committees/public-comment>. Individual comments will be limited to two minutes or less.

Introduction and Voting Process Overview

Vote on Balancing Package & Amendments

Select Budget Committee | November 18, 2021

Council Central Staff

Budget Timeline | FALL 2021

Vote on Balancing Package & Amendments [Step 5]

Thursday, November 18, & Friday, November 19

Vote on the Proposed Balancing Package and Amendments

- I. Process Overview (Thursday only)**
- II. Voting Group A:** CBAs in Initial Balancing Package (no substantive changes) and Budget Legislation required for the package
- III. Voting Group B:** Substantive changes to CBAs in initial package or ideas related to amendment proposals previously discussed
- IV. Voting Group C:** Standalone proposals that do not impact other items in groups A & B
- V. Voting Group D:** Competing uses of Fiscal Reserves

Next Step – Council Vote [Step 6]

Monday, November 22

- **10 a.m. (or after Council Briefing) Select Budget Committee Meeting:**
The Select Budget Committee takes final action on the proposed balancing package. (*Technical Amendments + Vote on Final Budget Legislation*)
- **2 p.m. City Council Meeting:**
The City Council Votes on the 2022 Proposed Budget and 2022 – 2027 Proposed CIP.

Voting Group Process (Groups A & B)

- **Chair moves to approve all items in voting group**
- **Central Staff will describe the group**
 - For Group B, Central Staff will describe each item
- **Councilmembers may:**
 - Add a CBA or SLI to the agenda
 - Remove a CBA or SLI from a voting group (for individual discussion & consideration)
 - Remove an item and substitute a different CBA or SLI

Removing a CBA or SLI from a voting group

- **Councilmembers may remove a CBA or SLI from the group for:**
 - Individual discussion and consideration; or
 - To substitute a CBA or SLI for an item in the voting group
- **When to make a request to remove an item:**
 - After Central Staff describes the group when the Chair calls for requests to remove an item, prior to the Chair calling for a vote on the group.

Vote Order (Groups A & B)

1. **Voting Group** *(all items remaining in voting group)*
2. **CBAAs or SLIs pulled from the voting group for individual consideration in alphanumeric order by department**
3. **All CBAAs or SLIs added to the agenda for a given voting group in alphanumeric order by department**

Remove a CBA or SLI from a voting group

Script:	“I move that CBA/SLI XXX-###-X-###, be removed for an individual vote.”
Additional information:	<ul style="list-style-type: none">• Does not require a second or a vote• The item will be added to the related voting group and considered in alphanumeric numerical order after the committee considers the related voting group

Substitute a CBA or SLI

The original item must be pulled for individual consideration in order to move a proposed substitute.

Script:	"I move to substitute CBA/SLI XXX-###-X-###<this is the one being added> in place of CBA/SLI XXX-###-X-### <this is the one being removed>."
Additional information:	<ul style="list-style-type: none">• Requires a second• After second, central staff will describe the proposed substitute + sponsor may speak to their proposal• After sponsor comments + committee discussion, Chair will call the vote• Requires a majority vote of those present to adopt the substitution

Substitute a CBA or SLI

If the motion to substitute is adopted:

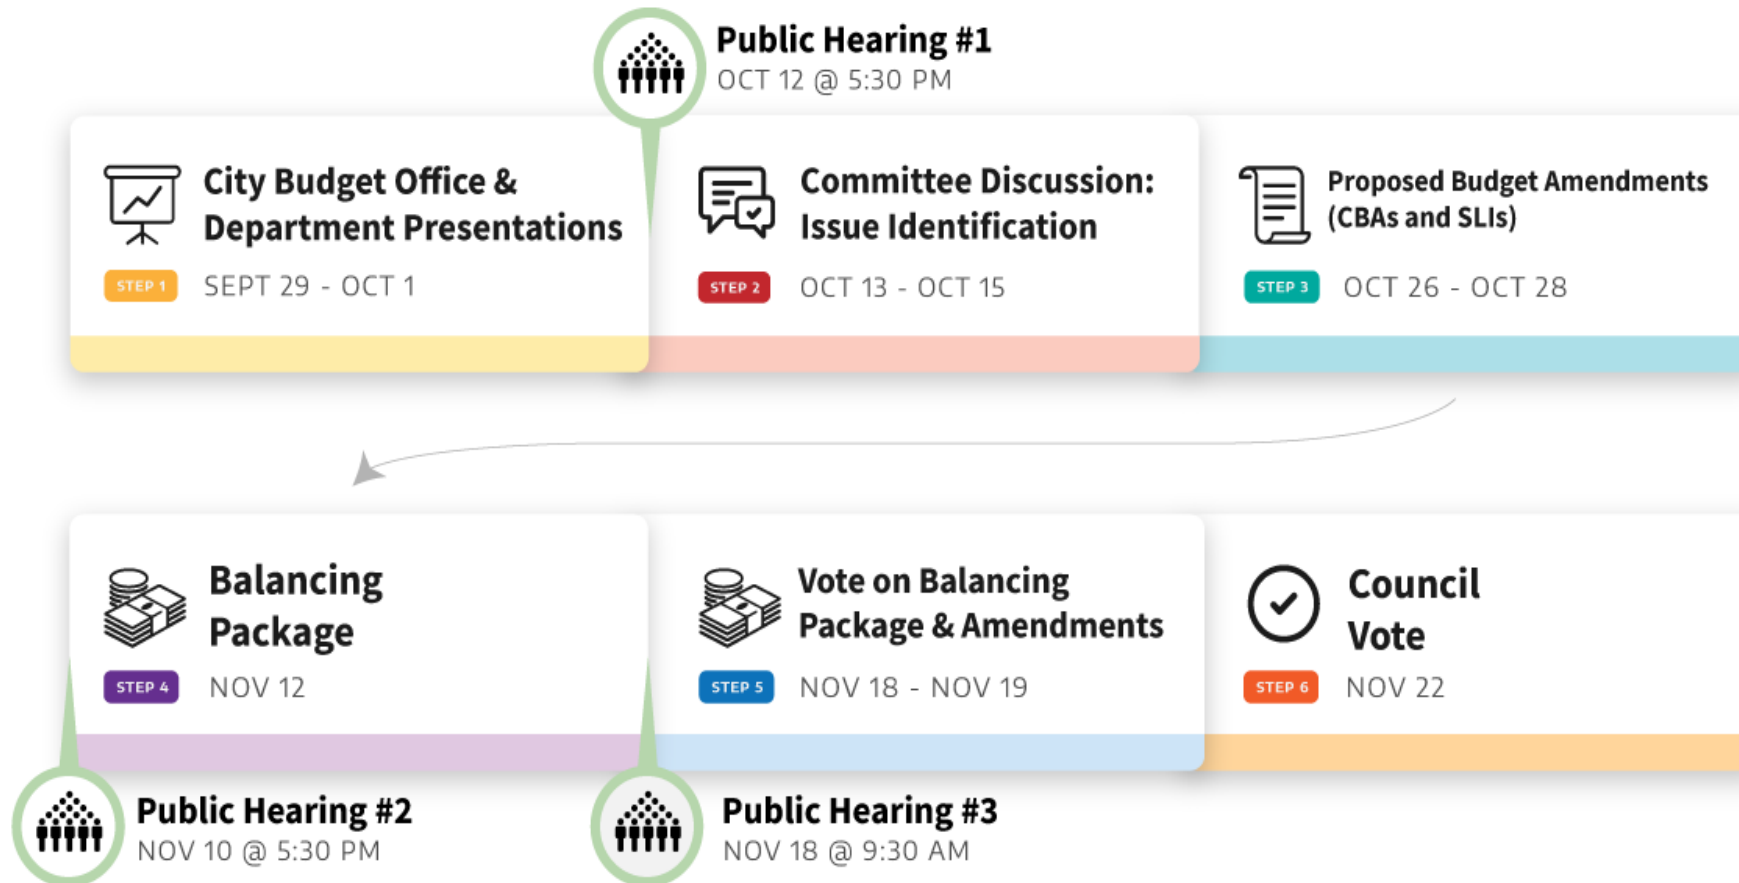

- The original CBA or SLI is no longer available for consideration.
- The sponsor will then move to adopt the substitute CBA or SLI (requires second).
- The substitute CBA or SLI must then be voted on with a majority vote in favor to adopt.

Fiscal Reserves: Revised Balancing Package

Amendment 1
to
CB 120221- CBO 2021 Year-End Supplemental ORD
Sponsor: Select Budget Committee
2022 Balancing Resources

Amend Section 1 to CB 120221 as follows, and adjust section total accordingly:

Section 1. The appropriations for the following items in the 2021 Adopted Budget are reduced from the funds shown below:

Item	Department	Fund	Budget Summary Level/ BCL Code	Amount
* * *				
<u>1.24</u>	<u>Human Services Department</u>	<u>General Fund (00100)</u>	<u>Supporting Safe Communities (00100-BO-HS-H4000)</u>	<u>(\$3,000,000)</u>
<u>1.25</u>	<u>Finance General</u>	<u>General Fund (00100)</u>	<u>General Purpose (00100-BO- FG-2QD00)</u>	<u>(\$700,000)</u>
<u>1.26</u>	<u>Finance General</u>	<u>General Fund (00100)</u>	<u>General Purpose (00100-BO- FG-2QD00)</u>	<u>(\$557,468)</u>
<u>1.27</u>	<u>Human Services Department</u>	<u>Human Services Fund (16200)</u>	<u>Addressing Homelessness (16200-BO-HS-H3000)</u>	<u>(\$1,250,000)</u>
<u>1.28</u>	<u>Human Services Department</u>	<u>Coronavirus Local Fiscal Recovery Fund (14000)</u>	<u>Addressing Homelessness (14000-BO-HS-H3000)</u>	<u>(\$4,400,000)</u>

Amend Section 5 to CB 120221 as follows, and adjust section total accordingly:

Item	Department	Fund	Budget Summary Level/ BCL Code	Amount
* * *				

<u>5.18</u>	<u>Seattle Department of Transportation</u>	<u>Transportation Fund</u> <u>(13000)</u>	<u>General Expense</u> <u>(13000-BO-TR-</u> <u>18002)</u>	<u>(\$4,791,024)</u>
		<u>REET II Capital Fund</u> <u>(30020)</u>	<u>General Expense</u> <u>(30020-BO-TR</u> <u>18002)</u>	<u>\$4,791,024</u>

Effect: This amendment would reduce appropriation authority for items that will not be spent in 2021, to provide funding for use in the 2022 Budget. The total reduction is comprised of the following items:

- \$3 million General Fund (GF) appropriated in the Human Services Department (HSD) for Community Safety capacity building;
- \$700,000 GF appropriated in Finance General for Triage 1;
- \$557,468 GF appropriated in Finance General as part of a Covid reserve;
- \$1.25 million Human Service Fund, supported by Emergency Solutions Grant – CARES Act funds, appropriated in HSD; and,
- \$4.4 million Coronavirus Local Fiscal Recovery Fund (CLFR) appropriated in Human Services Department for rapid rehousing.

This amendment would also change the fund source for \$4.8 million of debt service in the Transportation Fund to the REET II Capital Fund. In the 2021 Adopted Budget, this debt service was originally funded by commercial parking tax revenues deposited into the Transportation Fund.

Add \$4.5 million REET I Capital Fund; cut \$4.5 million Cumulative Reserve Subfund - Unrestricted (CRS-U) Fund in SDOT, SPR, and FAS; and transfer \$4.5 million of CRS-U to GF to make GF available for other budget priorities

Pedestrian Master Plan - Crossing Improvements

Project No:	MC-TR-C061	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing program implements the Pedestrian Master Plan. Typical improvements may include the installation of new marked crosswalks, curb bulbs, pedestrian signals, curb ramps, and pedestrian lighting. The goals of the program are to reduce the number and severity of crashes involving pedestrians; make Seattle a more walkable city for all through equity in public engagement, service delivery, accessibility, and capital investments; develop a pedestrian environment that sustains healthy communities and supports a vibrant economy; and raise awareness of the important role of walking in promoting health and preventing disease.

Unsecured Funding Strategy: SDOT will evaluate deliverables, prioritize and scale projects to the extent feasible, and continue to pursue grant and partnership opportunities to resolve potential funding deficits. Funding for this program beyond 2024 is dependent upon a future voter approved levy.

O&M Impacts: SDOT has individual project budgets for the maintenance of painted markings, signage, signals, bridges and roadway structures, urban forestry, and sidewalks and pavement; these budgets are constrained by the availability of transportation specific and general funds. The SDOT Asset Management website (<https://www.seattle.gov/transportation/about-sdot/asset-management>) provides unconstrained operational cost forecasting by asset type, typical lifecycle and average maintenance cost ranges.

Fortson Square Redesign Implementation

Project No:	MC-TR-C104	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Yesler Way and 2nd Ave Ext S
Current Project Stage:	Stage 3 - Design	Council District:	Council District 7
Start/End Date:	2020 - 2021	Neighborhood District:	Downtown
Total Project Cost:	\$400	Urban Village:	Downtown

This project reconstructs Fortson Square to promote more public use of the right-of-way at this public plaza. The project would be coordinated with the adjoining Chief Seattle Club renovation.

Major Maintenance Backlog and Asset Management

Project No:	MC-PR-41001	BSL Code:	BC-PR-40000
Project Type:	Ongoing	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project provides funding for major maintenance projects for assets in all of the city parks and recreation facilities, including athletic fields, play areas, swimming pools, trails, buildings, accessibility elements, outdoor infrastructure, and related work. This project also funds a new integrated asset management and work order system to better track and forecast long-term asset and maintenance needs. The project also increases Parks' ability to remove property encroachments. Typical major maintenance improvements may include, but are not limited to renovating buildings, Americans with Disabilities (ADA) access improvements, replacing play area structures, forest, landscape, trail maintenance and improvements, swimming pool repairs, athletic field refurbishment, and installation of energy efficient lighting, and related major maintenance work. These projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, reclaim Parks property, and improve the overall park experience for the public. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Asset Preservation - Schedule 2 Facilities

Project No:	MC-FA-APSCH2FAC	BSL Code:	BC-FA-APSCH2FAC
Project Type:	Ongoing	BSL Name:	Asset Preservation - Schedule 2 Facilities
Project Category:	Rehabilitation or Restoration	Location:	Multiple City facilities
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing program provides for long term preservation and major maintenance to the FAS schedule 2 facilities. Schedule 2 facilities are comprised of existing and future structures, shops and yards located throughout Seattle, including but not limited to City vehicle maintenance facilities at Haller Lake and Charles Street, FAS shops located at Airport Way S., fire stations, police precincts including the animal shelter, and other FAS managed facilities used for City Services. Typical improvements may include, but are not limited to, energy efficiency enhancements through equipment replacement, upgrades/repairs to heating/ventilation/air conditioning systems, upgrades/repairs to electrical systems, upgrades/repairs to fire suppression systems, roof repairs or replacement, and structural assessments and repairs. This work ensures the long-term preservation of the operational use of the facilities.

Seattle City Budget Office

Date: November 2, 2021
To: City Councilmembers
From: Ben Noble, City Budget Office, Director
RE: November update of revenue forecast

Dear Councilmembers,

Attached please find the update to the City of Seattle's August General Fund forecast and notable non-General Fund revenues. The August forecast is the basis for the Mayor's 2022 Proposed Budget. This memorandum begins with a brief summary of the overall forecast changes, and then provides detailed explanations regarding modifications to specific revenue sources.

Summary

This update provides a 4.7% decrease in 2021 General Fund revenues of \$80.7 million and a 3.9% increase in 2022 General Fund revenues of \$61.6 million. These adjustments bring total General Fund revenues to \$1.642 billion in 2021 and \$1.638 billion in 2022, from \$1.72 billion and \$1.57 billion respectively. Importantly, these large changes include the movement of \$66.5 million in General Fund property sale proceeds from the Mercer Megablock project from 2021 to 2022, due to a minor delay in the closing date of this transaction. Without the net neutral movement across the years of the Megablock proceeds, total remaining General Fund reductions in 2021 are -\$14.2 million and -\$4.9 million in 2022.

A key driver for these changes is the delay in workers returning to downtown core and other employment centers due to the pandemic. The largest impact of this delay is on the Payroll Expense Tax (PET). In particular, the forecast for PET revenues is decreased by \$17.6 million in 2021. This directly reflects the specific announcements from major employers delaying "return to the office". At present, we have not reduced the formal forecast for 2022 PET revenues to reflect continued delay, but this represents a very tangible and specific risk to the current forecast. The current forecast assumes a hybrid working model beginning in January. A more cautious view would be to acknowledge that current practices will continue through the first quarter of 2022, although this has not been formally announced by most employers. The potential loss to PET from an additional quarter of delay in 2022 is

approximately \$17.6 million, consistent with the adjustment now being made for the 4th quarter of 2021.

In addition to PET, there are also changes to several dedicated taxing sources, including the admission tax, sweetened beverage tax, commercial parking tax, and school zone camera fees. On net these changes further reduce available revenues by \$5.8 million in 2021, and \$550,000 in 2022. There is however some good news, with the combined 2021-2022 forecasts for REET revenues increasing by just over \$26 million. The uses of these revenue are restricted so they cannot directly offset reductions in General Fund and other resources, but could help address some City funding priorities.

Forecast Detail

Unfortunately, some of the pandemic-related risks we discussed in August are appearing in the data underlying this November update. Although generally holding to the baseline forecast scenario, revenue from various taxes and fees continues to be affected by constrained consumer behavior in response to the surge in COVID-19 cases beginning in July and August. Our national and regional economic forecasts, while showing continued recovery, have indeed indicated slower growth in GDP, employment and personal income than the July forecasts, even as retail sales remain relatively strong. Inflation from supply chain disruptions, labor market shortages, and increased energy costs and rising borrowing rates are expected to affect growth into 2022.

The largest influence on this update is a behavioral, rather than economic driven response to the pandemic. In particular, the lack of workers and visitors in the downtown core is affecting revenues such as the Payroll Expense Tax (PET), the Commercial Parking Tax (CPT) and other revenues dependent on workplace activity and/or visitors.

Specifically, recent announcements by Amazon, Google, Microsoft, Facebook, Apple and other major employers in the City of Seattle, have moved the likely dates of when workers would return to office back to January 2022 at the earliest. In Amazon's case, it has announced that the decision to return would be made by each work group according to their needs, thus extending the effects of any return to office movements indefinitely into 2022 and potentially beyond. These announcements ensure relatively few employees will return to Seattle offices in the 4th quarter of 2021 relative to prior forecast, slowing down the recovery of the leisure and hospitality sector and negatively affecting the sales tax and PET forecasts. In July, corporate intentions and our forecast assumed more comprehensive movement by employers to return to office in the fourth quarter 2021, even if only a partial 2 or 3 days per week.

The effect of these changes in return policy has led to the \$17.6 million reduction in the 2021 PET forecast. The forecast continues to include the affected payroll for those living and working in Seattle, but has reduced the number of employees who would be subject to the tax, because they will continue to work from homes outside of Seattle. As for 2022, the previous forecast assumed workers would work in the office an annual average of 3 days per week in 2022. To date, announcements of delayed return indicate that such a hybrid model, starting on January 1, is still the goal of many employers. However, as noted above, there is reason to doubt whether that will be achieved, and the prospect of further delay is very real. For context, decisions to postpone the return by an additional quarter would reduce the

revenue estimate for 2022 by a similar amount as for the fourth quarter of 2021, \$17.6 million. Alternatively, if the workers were to return to the office but for 2 days on average instead of 3 over the course of the year, the revenue estimate for 2022 would be \$18.3 million lower. These are behavioral decisions, being driven by health concerns and not directly economics, and are thus difficult to forecast. To date, we have developed estimates based on the stated intentions of the major affected employers and are now adjusting forecasts as those statements have changed. However, as highlighted here, additional behavioral changes could have significant impact on revenues and represent very tangible risks.

Beyond PET, there is also a significant reduction in parking fines in both 2021 and 2022. This decrease is due to lower than projected collections on written citations as the City continues its suspension of penalties and collections as part of the Court's COVID response. High unfilled vacancies among the Parking Enforcement Officers, contributes to a falloff in citation volumes from the June/July period. On the positive side, larger than projected non-current, one-time B&O revenue payments (approximately \$7 million of adjusted payments) combined with stronger than projected performance in year-to-date 2021 receipts have led to an increase in 2021 of \$11.8 million. The remainder of the changes are smaller adjustments that reflect actual 2021 year-to-date receipts and expectations. Reductions in sales tax, water utilities tax, and a variety of service fees are augmented in 2021 by modest increases in sewer utilities tax and a one-time \$3 million distribution of state money for law enforcement and criminal justice purposes. In 2022, increases above prior forecast are expected in property taxes due to increased new construction, and on-street parking meter revenues due to increased rates to be implemented in December 2021.

As we have all learned, the pandemic and our response to it affects different sectors and revenue streams differently. Non-General Fund revenue adjustments forecast by the City Budget Office include 2021 and 2022 decreases to Commercial Parking Tax revenues, which are directly affected by the changed commute, tourist and retail shopping behavior related to COVID-19 concerns. Similarly decreases to the Sweetened Beverage Tax are likely related to reduced sales of fountain and other sweetened beverages by daily commuters and other visitors to Seattle as return to office has been pushed back. This update also increases School Zone Camera fine revenues in 2021 based on actual performance year-to-date and in 2022 to reflect the addition of 6 new speed enforcement cameras effective January 2022.

Finally, Real Estate Excise Tax revenues, driven by increased commercial and single-family prices and sales are increased \$18.6 million in 2021 to \$101.5 million total, and \$7.5 million in 2022 to \$88.0 million. The large increase in 2021 is the result of several large commercial transactions on top of generally strong residential sales prices and quantities.

Should you have questions or inquiries about these revenue changes or other revenue matters, please let me know or contact Dave Hennes.

Sincerely,

Ben Noble
City Budget Director

CITY OF SEATTLE

RESOLUTION _____

..title

A RESOLUTION requesting King County and the State of Washington to increase services to address behavioral health conditions.

..body

WHEREAS, the term “behavioral health services” is understood to incorporate mental health services and substance use disorder treatment; and

WHEREAS, King County created and operates the King County Integrated Care Network, which encompasses all behavioral health providers in King County who provide Medicaid-funded behavioral health services; and

WHEREAS, King County is the Behavioral Health Administrative Services Organization for the county, which is responsible for the provision of behavioral health services to people who are in crisis; and

WHEREAS, the State of Washington has substantial influence over the availability of services and stability of the behavioral health workforce, including through investments in the newly created 988 hotline for mental health crises, setting behavioral health Medicaid rates, and provision of non-Medicaid behavioral health resources; and

WHEREAS, the 2020 Point-in-Time Count of people experiencing homelessness in King County estimates that 54 percent of people experiencing homelessness have a psychiatric or emotional condition, 44 percent have a substance use disorder, and 47 percent have post-traumatic stress disorder; and

WHEREAS, the most recent results from the Washington State Syringe Exchange Health Survey conducted by the University of Washington found that 82 percent of respondents whose

1 main drug was heroin and 48 percent whose main drug was methamphetamine were
2 interested in reducing or stopping their drug use; and

3 WHEREAS, the most recent National Survey on Drug Use and Health conducted by the U.S.

4 Department of Health and Human Services estimates that 487,000 people in Washington
5 need but do not receive treatment at a specialty facility for substance use; and

6 WHEREAS, the February 1, 2021, results of the Household Pulse Survey conducted by the

7 Centers for Disease Control and Prevention estimated that 46.3 percent of adults in
8 Washington reported symptoms of anxiety or depression and 30.1 percent were unable to
9 get needed counseling or therapy; and

10 WHEREAS, the most recent National Survey on Drug Use and Health conducted by the U.S.

11 Department of Health and Human Services estimates that 52 percent of Washingtonians
12 ages 12 through 17 who have depression did not receive any care in the last year; and

13 WHEREAS, research published by Veronica Dupéré in the *Journal of Adolescent Health*

14 indicates that high school students with depression are more than twice as likely to drop
15 out of school as their peers; and

16 WHEREAS, in March 2021, Washington State Governor Jay Inslee signed an emergency

17 proclamation declaring a children and youth mental health crisis and directed the
18 Washington Health Care Authority and Department of Health to immediately begin work
19 on recommendations for supporting the behavioral health needs of children and youth
20 over the next six to 12 months and to address and triage the full spectrum of rising
21 pediatric behavioral health needs; and

22 WHEREAS, Public Health—Seattle and King County reports a 30 percent increase in behavioral

23 health crisis calls from January 2020 to September 2021; and

1 WHEREAS, a ranking by Mental Health America of low prevalence of mental illness and high
2 access to care in 2020 places Washington forty-sixth out of all states and the District of
3 Columbia; and

4 WHEREAS, King County currently funds the Crisis Solutions Center, a voluntary crisis
5 stabilization facility that provides up to 72 hours of stabilization, monitoring, and referral
6 services for individuals in behavioral crisis and up to 14 days of additional residential
7 services for individuals who are homeless or at risk of homelessness; and

8 WHEREAS, the Crisis Solutions Center typically accepts referrals from first responders and
9 designated crisis responders, not a broader range of service domains and agencies, such
10 as behavioral health agencies, homelessness service providers, or diversion programs;
11 and

12 WHEREAS, King County funds three Mobile Crisis Teams of mental health and substance use
13 disorder professionals that help individuals in crisis stabilize and connect with services;
14 and

15 WHEREAS, it is estimated that three additional Mobile Crisis Teams would be necessary to
16 provide coverage to the entire county 24 hours per day, seven days per week; and

17 WHEREAS, the existing post-crisis follow-up teams may meet only one-sixth of the total need
18 for these services in the county; and

19 WHEREAS, a meeting of providers and local leaders in October 2021 to discuss the behavioral
20 health services in King County identified 18 recommendations to strengthen the system;
21 and

22 WHEREAS, the City budget, through multiple budget actions, provides funds to expand
23 behavioral health services, including school-based services; NOW, THEREFORE,

**BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SEATTLE, THE
MAYOR CONCURRING, THAT:**

Section 1. The Council supports requests presented to King County’s Department of Community and Human Services to increase funding for behavioral health resources to substantially increase the availability of a mobile crisis response, post-crisis follow-up teams, crisis stabilization facilities, and other treatment programs.

Section 2. The Council urges the Governor, State Legislature, Washington State Health Care Authority, and U.S. federal government to provide additional support for behavioral health services, both through Medicaid and with non-Medicaid resources.

Section 3. The Council declares that funds provided in the 2022 Adopted Budget to expand school-based mental health services, Community Based Partnerships, and mobile behavioral health crisis services and to lease facilities for the operation of a new voluntary crisis stabilization center are provided in acknowledgement of the shared role that all levels of government have in creating and maintaining a strong behavioral health system and with the expectation that King County will make new investments to create and operate a new voluntary crisis stabilization center, as well as further expand other components of the behavioral health service system in the county.

Section 4. The Council requests that the Office of Intergovernmental Relations communicate these positions and actions to the King County Council, King County Executive, Washington State Legislature, Governor of Washington, and the elected officials representing Seattle at the federal level.

Adopted by the City Council the _____ day of _____, 2021,

and signed by me in open session in authentication of its adoption this _____ day of _____

_____, 2021.

The Mayor concurred the _____ day of _____, 2021.

Filed by me this day of , 2021.

(Seal)

RESOLUTION _____

..title

A RESOLUTION requesting King County and the State of Washington to increase services to address behavioral health conditions.

..body

WHEREAS, the term “behavioral health services” is understood to incorporate mental health services and substance use disorder treatment; and

WHEREAS, King County created and operates the King County Integrated Care Network, which encompasses all behavioral health providers in King County who provide Medicaid-funded behavioral health services; and

WHEREAS, King County is the Behavioral Health Administrative Services Organization for the county, which is responsible for the provision of behavioral health services to people who are in crisis; and

WHEREAS, the State of Washington has substantial influence over the availability of services and stability of the behavioral health workforce, including through investments in the newly created 988 hotline for mental health crises, setting behavioral health Medicaid rates, and provision of non-Medicaid behavioral health resources; and

WHEREAS, the 2020 Point-in-Time Count of people experiencing homelessness in King County estimates that 54 percent of people experiencing homelessness have a psychiatric or emotional condition, 44 percent have a substance use disorder, and 47 percent have post-traumatic stress disorder; and

WHEREAS, the most recent results from the Washington State Syringe Exchange Health Survey conducted by the University of Washington found that 82 percent of respondents whose

main drug was heroin and 48 percent whose main drug was methamphetamine were interested in reducing or stopping their drug use; and

WHEREAS, the most recent National Survey on Drug Use and Health conducted by the U.S.

Department of Health and Human Services estimates that 487,000 people in Washington need but do not receive treatment at a specialty facility for substance use; and

WHEREAS, the February 1, 2021, results of the Household Pulse Survey conducted by the

Centers for Disease Control and Prevention estimated that 46.3 percent of adults in Washington reported symptoms of anxiety or depression and 30.1 percent were unable to get needed counseling or therapy; and

WHEREAS, the most recent National Survey on Drug Use and Health conducted by the U.S.

Department of Health and Human Services estimates that 52 percent of Washingtonians ages 12 through 17 who have depression did not receive any care in the last year; and

WHEREAS, research published by Veronica Dupéré in the *Journal of Adolescent Health*

indicates that high school students with depression are more than twice as likely to drop out of school as their peers; and

WHEREAS, in March 2021, Washington State Governor Jay Inslee signed an emergency

proclamation declaring a children and youth mental health crisis and directed the Washington Health Care Authority and Department of Health to immediately begin work on recommendations for supporting the behavioral health needs of children and youth over the next six to 12 months and to address and triage the full spectrum of rising pediatric behavioral health needs; and

WHEREAS, Public Health—Seattle and King County reports a 30 percent increase in behavioral health crisis calls from January 2020 to September 2021; and

WHEREAS, a ranking by Mental Health America of low prevalence of mental illness and high access to care in 2020 places Washington forty-sixth out of all states and the District of Columbia; and

WHEREAS, King County currently funds the Crisis Solutions Center, a voluntary crisis stabilization facility that provides up to 72 hours of stabilization, monitoring, and referral services for individuals in behavioral crisis and up to 14 days of additional residential services for individuals who are homeless or at risk of homelessness; and

WHEREAS, the Crisis Solutions Center typically accepts referrals from first responders and designated crisis responders, not a broader range of service domains and agencies, such as behavioral health agencies, homelessness service providers, or diversion programs; and

WHEREAS, King County funds three Mobile Crisis Teams of mental health and substance use disorder professionals that help individuals in crisis stabilize and connect with services; and

WHEREAS, it is estimated that three additional Mobile Crisis Teams would be necessary to provide coverage to the entire county 24 hours per day, seven days per week; and

WHEREAS, the existing post-crisis follow-up teams may meet only one-sixth of the total need for these services in the county; and

WHEREAS, a meeting of providers and local leaders in October 2021 to discuss the behavioral health services in King County identified 18 recommendations to strengthen the system; and

WHEREAS, the City budget, through multiple budget actions, provides funds to expand behavioral health services, including school-based services; NOW, THEREFORE,

**BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SEATTLE, THE
MAYOR CONCURRING, THAT:**

Section 1. The Council supports requests presented to King County’s Department of Community and Human Services to increase funding for behavioral health resources to substantially increase the availability of a mobile crisis response, post-crisis follow-up teams, crisis stabilization facilities, and other treatment programs.

Section 2. The Council urges the Governor, State Legislature, ~~and~~ Washington State Health Care Authority, and U.S. federal government to provide additional support for behavioral health services, both through Medicaid and with non-Medicaid resources.

Section 3. The Council declares that funds provided in the 2022 Adopted Budget to expand ~~behavioral health services, including~~ school-based mental health services, Community Based Partnerships, and mobile behavioral health crisis services and to lease facilities for ~~and operate~~ the operation of a new voluntary crisis stabilization center are provided in acknowledgement of the shared role that all levels of government have in creating and maintaining a strong behavioral health system and with the expectation that King County will make new investments to create and operate a new voluntary crisis stabilization center, as well as further expand other components of the behavioral health service system in the county.

Section 4. The Council requests that the Office of Intergovernmental Relations communicate these positions and actions to the King County Council, King County Executive, Washington State Legislature, ~~and~~ Governor of Washington, and the elected officials representing Seattle at the federal level.

Adopted by the City Council the _____ day of _____, 2021,
and signed by me in open session in authentication of its adoption this _____ day of
_____, 2021.

President _____ of the City Council

The Mayor concurred the _____ day of _____, 2021.

Jenny A. Durkan, Mayor

Filed by me this _____ day of _____, 2021.

SUMMARY and FISCAL NOTE*

Department:	Dept. Contact/Phone:	CBO Contact/Phone:
Legislative	Jeff Simms 206-475-9046	

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title: A RESOLUTION requesting King County and the State of Washington to increase services to address behavioral health conditions.

Summary and background of the Legislation: This resolution declares support for requests to King County to expand mental and behavioral health services, urges additional State investments in these services, and states the expectation that funding that would be provided in the 2022 Adopted Budget for mental and behavioral health services constitutes the City of Seattle's contribution toward service expansions.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ___ Yes ___x___ No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ___ Yes ___x___ No

Does the legislation have other financial impacts to the City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs? No

Is there financial cost or other impacts of *not* implementing the legislation? No

4. OTHER IMPLICATIONS

- a. **Does this legislation affect any departments besides the originating department?** The resolution notes increased funding in the Human Services Department (HSD), and if additional resources are provided by the county or state, it would affect HSD's operations.
- b. **Is a public hearing required for this legislation?** No
- c. **Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?** No
- d. **Does this legislation affect a piece of property?** No
- e. **Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the**

public? The expansion of mental and behavioral health services would improve access to underserved and historically marginalized populations, such as people experiencing homelessness. There are no communications to the public.

f. Climate Change Implications

1. **Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?** No
2. **Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.** No

- g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s).** Not applicable.

	Absent	0									

Summary of Dollar Effect

See the following pages for detailed technical information

	2022 Increase (Decrease)	2023 Increase (Decrease)
General Fund		
General Fund Revenues	\$0	
General Fund Expenditures	\$267,172	
Net Balance Effect	\$(267,172)	
Total Budget Balance Effect	\$(267,172)	

Budget Action Description:

This Council Budget Action (CBA) would: (1) add \$267,171 GF and 4.0 FTEs to fully staff the existing pre-filing diversion program and expand the program to include individuals 25 and older; and (2) abrogates 1.0 FTE Strategic Adviser 3 (SA3) in the City Attorney's Office (LAW). The four positions that would be added by this CBA include: one assistant city attorney, two assistant city prosecutors, and one management system analyst.

LAW began a pre-filing diversion program in 2017 for individuals between 18 and 24 who are accused of committing low level misdemeanors, partnering with the non-profit organization Choose 180. In 2018, it expanded pre-filing diversion to support relicensing for all individuals accused of Driving While License Suspended in the 3rd degree (DWLS3), partnering with the non-profit organization Legacy of Equality, Leadership, and Organizing (LELO). In 2021, it expanded pre-filing diversion for individuals between 18

2022 Seattle City Council Budget Action

Council Budget Action: Agenda

Tab	Action	Option	Version
LAW	002	A	001

and 24 accused of non-intimate partner/family domestic violence, partnering with the non-profit organization Gay City.

The Seattle Reentry Workgroup Report, issued in 2018, recommended expanding the use of pre-filing diversion to individuals aged 25 and older. The Council adopted Statement of Legislative Intent (SLI) CJ-24-A-2 in the 2020 Adopted Budget, which requested that LAW evaluate the staffing and resources that would be needed to expand diversion to individuals 25 and over. The Council also provided funding for LAW to conduct a Racial Equity Toolkit (RET) assessing the concept. The SLI response and RET indicated a need for adequately staffing the pre-filing diversion program.

The 2022 Proposed Budget includes \$247,490 to increase a part-time paralegal to full time and adds an SA3 position. LAW has indicated that if additional staffing is added to expand the existing program, it would no longer need the SA3 position. Instead, it estimates that it would require the four positions described above for this work.

The current lead prosecutor position oversees the work of this program. An additional assistant city attorney position would take over some of those responsibilities, oversee staff workload, manage the external contracts and deliverables, identify and update program goals, oversee data collection and management, and collaborate with stakeholders. This would allow the current lead prosecutor to focus on program implementation and training the two new prosecutors on case diversion. In addition, the assistant city attorney would lead LAW in its criminal legal system reform work (such as bail reform, clearing old warrants, encouraging vacating old convictions, reviewing use of pre-trial detention, etc.).

The two additional prosecutors would review and assess cases eligible for pre-filing diversion for the increased volume of cases to be diverted. The management systems analyst would manage programs and data currently done by each of the existing staff and help with reform and systems improvement work.

While this CBA does not include a proviso on these funds, CBA LAW-001-A-001 imposes a proviso on all funds related to pre-filing diversion.

CITY OF SEATTLE

RESOLUTION _____

..title

A RESOLUTION concerning the health, well-being, and safety of domestic workers; expressing Council’s intent to establish a right to portable Paid Time Off (PTO) for domestic workers in Seattle; and requesting the Office of Labor Standards to work with community stakeholders to draft legislation creating a portable PTO policy for domestic workers.

..body

WHEREAS, paid time off (PTO) is vital to workers’ health and well-being; and

WHEREAS, The City of Seattle (City) has long recognized the value of providing workers with paid leave to care for their personal and family members’ health conditions or safety needs; and

WHEREAS, in 2012, the City enacted the Paid Sick and Safe Time (PSST) Ordinance requiring employers to provide employees working in Seattle with paid leave for health and safety reasons; and

WHEREAS, the PSST Ordinance recognized that PSST “promote[s] the safety, health and welfare of the people of the City of Seattle by reducing the chances that worker's illnesses will intensify or be prolonged, by reducing the exposure of co-workers and members of the public to infectious diseases, and by reducing the exposure of children at schools and day cares to infectious diseases; resulting in a healthier and more productive workforce, better health for older family members and children, enhanced public health and improved family economic security”; and

WHEREAS, the PSST ordinance further declared, “To safeguard the public welfare, health, safety, and prosperity of the city of Seattle, all persons working in our community should have access to adequate paid sick and safe leave, because doing so will ensure a more

1 stable workforce in our community, thereby benefiting workers, their families,
2 employers, and the community as a whole”; and

3 WHEREAS, in 2020, the City extended the coverage of PSST to workers hired as independent
4 contractors by enacting the PSST for Gig Workers Ordinance, an emergency ordinance
5 requiring food delivery network companies and transportation network companies to
6 provide app-based workers with PSST during the COVID-19 public health emergency;
7 and

8 WHEREAS, many domestic workers do not get paid leave for health or safe time purposes (such
9 as related to domestic violence, sexual assault, and stalking), or other critical needs like
10 bereavement, needed family time, or when their workplace is closed for public health
11 reasons, negatively impacting workers’ physical and mental health, safety, and economic
12 wellbeing; and

13 WHEREAS, in 2021, a survey of Seattle domestic workers conducted by the Domestic Workers
14 Coalition reported that 65 percent of domestic workers and nearly 90 percent of
15 housecleaners surveyed did not get PSST; and

16 WHEREAS, few domestic workers receive PSST because they often work short-term jobs with
17 multiple hiring entities and are often classified as independent contractors; and

18 WHEREAS, PSST can be difficult to accrue, track, and use when workers have multiple hiring
19 entities for varying periods of time; and

20 WHEREAS, community organizations that work with domestic workers report that domestic
21 workers often work when sick due to their lack of paid leave; and

1 WHEREAS, universal paid leave, such as PTO, is a flexible type of paid leave that permits broad
2 application and provides workers with greater opportunity to manage their personal and
3 family needs; and

4 WHEREAS, a portable PTO policy, that travels with the worker, is an innovative public health
5 solution to protect the health and safety of domestic workers who may not accrue
6 adequate PTO or PSST from any one single employer or household; and

7 WHEREAS, a portable PTO policy helps advance the City’s interests to provide critical paid
8 leave rights to domestic workers who largely lack access to paid leave; and

9 WHEREAS, the COVID-19 crisis has deepened the urgency for PTO, with domestic workers
10 facing massive loss of work hours, illness of workers and family members, safety risks
11 from entering homes of individuals who are sick or at risk for illness, and
12 disproportionate health impacts of COVID on Black, Indigenous, and People of Color
13 (BIPOC) workers; and

14 WHEREAS, according to the Economic Policy Institute (EPI), nannies, housecleaners, and home
15 care workers in the United States (U.S.) are 92 percent women, 52 percent BIPOC
16 workers, and disproportionately immigrants, with 35 percent born outside of the U.S.,
17 compared with just 17 percent of the rest of the workforce; and

18 WHEREAS, a portable PTO policy for domestic workers aligns with the Seattle’s Race and
19 Social Justice Initiative (RSJI) and should be made a priority under the RSJI, which
20 directs the City to develop policies to eliminate systemic racism and analyze its policy
21 development through a race and social justice lens; and

22 WHEREAS, many groups of domestic workers are explicitly left out of many federal labor and
23 employment protections—a policy decision dating back to the New Deal, when majority-

1 Black domestic and farmworkers were excluded from landmark federal labor laws as a
2 concession to racist Southern lawmakers¹ and those federal exclusions are repeated in
3 numerous state labor laws in Washington and across the country; and

4 WHEREAS, the Washington Workers Compensation law specifically excludes from coverage a
5 single domestic worker working for a private home employer; and

6 WHEREAS, the Washington Industrial Safety and Health Act excludes from coverage domestic
7 workers who are employed by private home employers; and

8 WHEREAS, domestic workers continue to suffer the impacts of being historically excluded from
9 basic labor protections; and

10 WHEREAS, the City has taken steps to address this historical exclusion, with the
11 implementation of the Domestic Workers Ordinance (DWO) and the creation of the
12 Domestic Workers Standards Board (DWSB); and

13 WHEREAS, the DWO guarantees rights to minimum wage, rest and meal breaks, and other
14 basic labor protections for domestic workers, regardless of their status as employees or
15 independent contractors; and

16 WHEREAS, the DWSB has been collaborating with a community coalition comprised of
17 domestic workers, domestic worker organizations, hiring entity organizations, and policy
18 experts called the “Domestic Workers Coalition” with the long-term goal of creating a
19 portable PTO policy; and

20 WHEREAS, in May 2021, the DWSB, in consultation with the Domestic Workers Coalition,
21 recommended the creation of a mandated portable PTO policy for domestic workers to
22 the Council’s Finance and Housing Committee (Committee); and

¹ Linda Burnham and Nik Theodore, *Home Economics: The Invisible and Unregulated World of Domestic Work*, National Domestic Workers Alliance, 2012.

1 WHEREAS, in August 2021, the Committee issued a letter to the DWSB supporting the
2 submission of a proposal for the 2022 budget that would fund the Office of Labor
3 Standards (OLS) to develop a portable PTO policy in collaboration with the DWSB and
4 community partners; and

5 WHEREAS, in 2019, the City of Philadelphia passed an ordinance giving domestic workers the
6 right to portable paid leave benefits, which is undergoing administrative rulemaking; and

7 WHEREAS, the Domestic Workers Coalition has conducted surveys and focus groups of workers
8 and hiring entities and has been providing research and policy expertise in support of the
9 DWSB to develop a portable PTO policy; and

10 WHEREAS, domestic workers are essential workers, making all other work possible by caring
11 for children, cleaning homes, and supporting elders and persons with disabilities; and

12 WHEREAS, a recent survey of domestic hiring entities conducted by the Domestic Workers
13 Coalition in 2021 found that nearly 60 percent of respondents support the concept of
14 hiring entities paying for domestic worker benefits, including paid leave and health
15 insurance; and

16 WHEREAS, establishing a right to portable PTO for domestic workers and creating a portable
17 PTO policy will fulfill the City's goal of building an economy that can provide shared
18 prosperity for everyone and will establish an important model that may be applicable to
19 other low wage workers; NOW, THEREFORE,

20 **BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SEATTLE THAT:**

21 Section 1. The Seattle City Council (Council) intends to establish a right to portable paid
22 time off (PTO) for domestic workers in Seattle and requests the Office of Labor Standards (OLS)

1 to collaborate with a community coalition to draft legislation that would create a portable PTO
2 policy for domestic workers.

3 A. The community coalition may include members of the Domestic Workers Standards
4 Board (DWSB), which includes hiring entity representatives, domestic workers, members of the
5 Domestic Workers Coalition, and representatives of organizations that advocate for the
6 improvement of domestic worker conditions in Seattle.

7 B. OLS and the community coalition should conduct direct engagement with domestic
8 workers and hiring entities regarding the portable PTO policy and systems design.

9 C. In developing this legislation, OLS should be guided by the following principles, and
10 other principles outlined in the DWSB recommendations for a portable PTO policy:

11 1. Racial equity. Center race in the creation of a policy that aligns with the City's
12 Race and Social Justice Initiative to eliminate racial disparities and achieve racial equity in
13 Seattle. Analyze the policy through a race and social justice lens.

14 2. Worker-centered policy. Center workers in the creation of a policy that impacts
15 their lives and working conditions. Workers best know their conditions and needs.

16 3. Privacy and security. Consider administering portable PTO benefits through a
17 third-party and including rigorous cyber-security testing as part of the systems design to ensure
18 maximum security of information. The system should protect sensitive worker information from
19 both hiring entities and government entities, as permitted by law.

20 4. User-centered design. Create a simple and user-friendly system to implement
21 the portable PTO program, to help ensure both workers and hiring entities will use it. Engage
22 both workers and hiring entities in how to best design the system.

1 5. Mandated policy. Develop a policy that requires hiring entities to pay for
2 portable PTO for domestic workers. Relying on a hiring entity's voluntary participation in a
3 portable PTO program is not sufficient to meaningfully improve workers' lives.

4 6. Equitable access. Ensure equitable access to portable PTO, including equity for
5 domestic workers who have limited English proficiency, work in occupations that do not accrue
6 paid sick and safe time under the Paid Sick and Safe Time (PSST) Ordinance, and are hired as
7 employees or independent contractors.

8 7. Flexibility. Provide broad usage and flexibility for portable PTO and avoid
9 creating a system that requires workers to justify the reasons for their leave.

10 8. Recordkeeping. Ensure the policy has a method to ensure appropriate
11 recordkeeping that does not burden workers.

12 9. Sustainability. Evaluate the feasibility of different models and consider the cost
13 of on-going operations. The policy should reference or identify sources of funding for
14 implementation and enforcement.

15 10. Accountability. Develop a policy that reflects specific short and long-term
16 measurable goals, a commitment to transparency, and methods for evaluation.

17 Section 2. Council requests that OLS submit legislation that would create a portable PTO
18 policy to the Council Committee overseeing OLS by no later than the first quarter of 2023.

19 Section 3. Council approves allocation of City resources in the 2022 Adopted Budget to
20 support policy development and outreach efforts for the creation of a portable PTO policy,
21 recognizing that successful development of a portable PTO policy for domestic workers depends
22 on OLS's close collaboration with domestic workers, domestic worker organizations, and policy

- 1 experts who comprise the Domestic Workers Coalition to develop sound, innovative policy, and
- 2 facilitate robust and effective outreach to domestic workers and hiring entities.

Pedestrian Master Plan - New Sidewalks

Project No:	MC-TR-C058	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	New Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This project enhances the pedestrian environment in Seattle's neighborhoods by dedicating funding to construct new sidewalks. The New Sidewalk Program draws funding from the School Safety Traffic and Pedestrian Improvement (SSTPI) Fund to improve sidewalks and the pedestrian environment near schools. Additional funding is drawn from other sources to pay for new sidewalk construction near frequent transit routes.

Battery Street Portal Improvements

Project No:	MC-TR-C116	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Battery St/1 st Ave
Current Project Stage:	n/a	Council District:	Council District 7
Start/End Date:	2022 - 2023	Neighborhood District:	Downtown
Total Project Cost:	\$500	Urban Village:	Downtown

The Battery Street Portal Improvements project provides for the design and construction of public space amenities at the former portal site of the now decommissioned Battery Street tunnel. Public space amenities may include, but are not limited to: a deck, benches and tables, lighting, waste receptacles, sidewalk improvements, and physical improvements to facilitate the hosting of food trucks on site. The intent of this project is to promote public use of the site until the long-term use of the site is determined. These improvements are not intended to preclude the potential development of a school or other public facility on the site in the future.

Project Category:	Improved Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

Vision Zero is an approach to traffic safety, with the goal of ending traffic deaths and serious injuries. At the core of Vision Zero is the belief that death and injury on city streets is preventable. Collisions are often the result of poor behaviors and unforgiving roadway designs. This project approaches the problem from the angle of creating street designs that emphasize safety, predictability, and the potential for human error, and will complete 12-15 corridor safety projects over 9 years to improve safety for all travelers on our highest-crash streets. Corridors identified as part of the Move Seattle Levy include: 65th St., Rainier Ave S, 35th Ave SW, SW Roxbury St, Greenwood/Phinney, 1st Ave/1st Ave S, 12th Ave/12th Ave E, Aurora Ave N, Lake City Way, Sand Point Way, E Marginal Way, Airport Way, 35th Ave NE, 15th Ave NE, MLK Jr. Way S, and 5th Ave NE.

West Marginal Way Safe Street and Accessibility Improvements

Project No:	MC-TR-C103	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	New Facility	Location:	West Marginal Way SW and SW Alaska St
Current Project Stage:	Stage 2 – Initiation, Project Definition, & Planning	Council District:	Council District 1
Start/End Date:	2020 - 2022	Neighborhood District:	Not in a Neighborhood District
Total Project Cost:	\$2,750	Urban Village:	Not in an Urban Village

This project will implement rail crossing improvements, street crossing improvements, and sidewalk connections in the vicinity of West Marginal Way SW and SW Alaska St. Funding for the project in 2020 (\$750,000) is intended project design and agency coordination with the BNSF Railway.

Unsecured Funding Strategy: Funding for this project may depend upon the availability of grants or identification of new/incremental revenue sources.

O&M Impacts: SDOT has individual project budgets for the maintenance of painted markings, signage, signals, bridges and roadway structures, urban forestry, and sidewalks and pavement; these budgets are constrained by the availability of transportation specific and general funds. The SDOT Asset Management website (<https://www.seattle.gov/transportation/about-sdot/asset-management>) provides unconstrained operational cost forecasting by asset type, typical lifecycle and average maintenance cost ranges.

Fortson Square Redesign Implementation

Project No:	MC-TR-C104	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Yesler Way and 2nd Ave Ext S
Current Project Stage:	Stage 3 - Design	Council District:	Council District 7
Start/End Date:	2020 - 2021	Neighborhood District:	Downtown
Total Project Cost:	\$400	Urban Village:	Downtown

This project reconstructs Fortson Square to promote more public use of the right-of-way at this public plaza. The project would be coordinated with the adjoining Chief Seattle Club renovation.

Bridge Seismic - Phase III

Project No:	MC-TR-C008	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Not in an Urban Village

The program prioritizes and implements seismic retrofits to bridges based seismic vulnerability. Concept level analysis and evaluation is performed to develop a retrofit strategy and cost estimate. As funding allows, retrofit design and construction phases are implemented. If full funding is not available, seismic retrofits are scaled to the appropriate funding level that would still provide improvements in the seismic resiliency to the bridge structure. As part of the evaluation process a cost-benefit assessment is made to determine if replacing the structure is a more appropriate course of action then seismically retrofitting the structure. 16 bridges are part of the current phase of the program which is funded by the Levy to Move Seattle.

Unsecured Funding Strategy: SDOT will evaluate deliverables, prioritize and scale projects to the extent feasible, and continue to pursue grant and partnership opportunities to resolve potential funding deficits. Funding for this program beyond 2024 is dependent upon a future voter approved levy.

O&M Impacts: Not applicable - does not create new assets.

Seawall Maintenance

Project No:	MC-TR-C098	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Alaskan WAY
Current Project Stage:	N/A	Council District:	Council District 7
Start/End Date:	N/A	Neighborhood District:	Downtown
Total Project Cost:	N/A	Urban Village:	Multiple

This project will provide critical ongoing structural maintenance of the Elliott Bay Seawall, which is nearing completion. Replacement of existing assets, such as the Seawall, generally require minor maintenance, especially in the early years after the project is complete. However, the Seawall project is an exception as the asset has new features to maintain and the City, as part of its permit obligations, has committed to monitoring the performance of the habitat features over the next ten years and taking adaptive measures if performance goals are not met.

O&M Impacts: This is a capital maintenance project that reduces the need for O&M by improving asset condition.

Waterfront Transportation Infrastructure Maintenance

Project No:	MC-TR-C109	BSL Code:	BC-TR-16000
Project Type:	Ongoing	BSL Name:	Central Waterfront
Project Category:	Rehabilitation or Restoration	Location:	Central Waterfront
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Downtown
Total Project Cost:	N/A	Urban Village:	Downtown

The Waterfront Seattle program is reconstructing existing transportation infrastructure, Alaskan Way and Elliott Way as well as other streets and bridges. It is also building new transportation infrastructure, the Union Street Pedestrian Bridge, Overlook Walk and Pine Street connector. Each of these program elements includes transportation assets such as; pavement, sidewalks, ADA ramps, signs, signals, markings and landscapes that will need on-going maintenance to remain safe and in a state of good repair.

This program is a capital infrastructure maintenance program to keep the new or rebuilt assets in a state of good repair, consistent with the long-term maintenance commitments made by the City in the Protest Waiver Agreement for the Waterfront LID, approved by City Council in January 2019. In the long-term it is also intended that this program set aside funds for future asset replacement or rehabilitation as necessary.

Library Major Maintenance

Project No:	MC-PL-B3011	BSL Code:	BC-PL-B3000
Project Type:	Ongoing	BSL Name:	Capital Improvements
Project Category:	Rehabilitation or Restoration	Location:	Various
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project provides for major maintenance to Library facilities, which include the 363,000 square foot Central Library and 26 branch libraries as well as storage/shops facilities. Typical improvements may include, but are not limited to, structural and mechanical repairs or improvements, safety and security upgrades, lighting and signage improvements, wall and floor surface repairs, landscape and exterior hard surface repairs, and projects that enhance service delivery or facilitate operational cost-savings at our libraries. This project preserves building integrity and improves functionality, and provides responsible management of the Library's building assets to ensure their long-term operational use. The project was created in 2009 in connection with midyear budget reductions to facilitate efficient asset management.

Sport Court Restoration Program

Project No:	MC-PR-41019	BSL Code:	BC-PR-40000
Project Type:	Ongoing	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Not in an Urban Village

This ongoing project renovates sport courts including tennis, basketball, and pickleball courts throughout the City. The program focuses on crack repair, color coating, providing new posts, standards, and nets, and completing less expensive repairs. Between one and three courts are renovated each year that are selected based on user complaints and staff evaluation of conditions.

Project Category:	Improved Facility	Location:	5701 22 nd Ave NW
Current Project Stage:	Stage 1 - Pre-Project Development	Council District:	Council District 6
Start/End Date:	2022 - 2024	Neighborhood District:	Ballard
Total Project Cost:	\$1,000,000	Urban Village:	Ballard Hub Urban Village

As part of City Councils' review of the 2022 proposed budget, \$1,000,000 was added to Seattle Parks and Recreation (SPR) for the development of a new playground at Ballard Commons Park and to conduct needed remediation to the park due to overuse during the pandemic. This project is part of the Building for the Future BSL and uses REET I Capital Funds.

Major Maintenance Backlog and Asset Management

Project No:	MC-PR-41001	BSL Code:	BC-PR-40000
Project Type:	Ongoing	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project provides funding for major maintenance projects for assets in all of the city parks and recreation facilities, including athletic fields, play areas, swimming pools, trails, buildings, accessibility elements, outdoor infrastructure, and related work. This project also funds a new integrated asset management and work order system to better track and forecast long-term asset and maintenance needs. The project also increases Parks' ability to remove property encroachments. Typical major maintenance improvements may include, but are not limited to renovating buildings, Americans with Disabilities (ADA) access improvements, replacing play area structures, forest, landscape, trail maintenance and improvements, swimming pool repairs, athletic field refurbishment, and installation of energy efficient lighting, and related major maintenance work. These projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, reclaim Parks property, and improve the overall park experience for the public. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Structures Major Maintenance

Project No:	MC-TR-C112	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This program provides for major maintenance and rehabilitation of the City's bridges and structural assets that are maintained by the Roadway Structures Division. Examples of improvements that could be funded by this project include: electrical and mechanical upgrades of moveable bridge operating and control systems, repair of cracks and maintenance of concrete and steel structures, and site protection of bridge facilities.

Vision Zero

Project No:	MC-TR-C064	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

Vision Zero is an approach to traffic safety, with the goal of ending traffic deaths and serious injuries. At the core of Vision Zero is the belief that death and injury on city streets is preventable. Collisions are often the result of poor behaviors and unforgiving roadway designs. This project approaches the problem from the angle of creating street designs that emphasize safety, predictability, and the potential for human error, and will complete 12-15 corridor safety projects over 9 years to improve safety for all travelers on our highest-crash streets. Corridors identified as part of the Move Seattle Levy include: 65th St., Rainier Ave S, 35th Ave SW, SW Roxbury St, Greenwood/Phinney, 1st Ave/1st Ave S, 12th Ave/12th Ave E, Aurora Ave N, Lake City Way, Sand Point Way, E Marginal Way, Airport Way, 35th Ave NE, 15th Ave NE, MLK Jr. Way S, and 5th Ave NE.

Unsecured Funding Strategy: SDOT will evaluate deliverables, prioritize and scale projects to the extent feasible, and continue to pursue grant and partnership opportunities to resolve potential funding deficits. Funding for this program beyond 2024 is dependent upon a future voter approved levy.

O&M Impacts: SDOT has individual project budgets for the maintenance of painted markings, signage, signals, bridges and roadway structures, urban forestry,

and sidewalks and pavement; these budgets are constrained by the availability of transportation specific and general funds. The SDOT Asset Management website (<https://www.seattle.gov/transportation/about-sdot/asset-management>) provides unconstrained operational cost forecasting by asset type, typical lifecycle and average maintenance cost ranges.

Sidewalk Safety Repair

Project No:	MC-TR-C025	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project rehabilitates sidewalks damaged by street trees or where there are serious safety concerns as evidenced by claims, service requests, and potential City liability. The project includes opportunities for public/private partnerships with citizens, property owners, and businesses. Asset management principles are used to guide repair needs and establish priorities for maintaining the sidewalk (or walkway), curbs, curb ramps, and in some cases, a filler strip between the sidewalk and curb.

Total:	-	-	-	-	-	1,800	2,100	2,100	6,000

Unsecured Funding Strategy: Funding for this program beyond 2024 is dependent upon a future voter approved levy.

O&M Impacts: This is a capital maintenance project that reduces the need for O&M by improving asset condition.

Legislation Text

File #: CBA SDOT-504-D-001, **Version:** 1

Amendment #1
to
CB 119950 - LEG Increase Corporate Payroll Tax ORD
Sponsor: Councilmember Sawant
Payroll Expense Tax Increase

Amend Section 1 to CB 119950 as follows:

Section 1. Section 5.38.030 of the Seattle Municipal Code, enacted by Ordinance 126108, is amended as follows:

5.38.030 Tax imposed—Rate

A. A payroll expense tax is hereby levied upon and shall be collected from every person engaging in business within Seattle.

B. The amount of the payroll expense tax due shall be the payroll expense of the business, subject to any deductions authorized under this Chapter 5.38, multiplied by the following rates:

1. For businesses with payroll expense up to \$99,999,999.99, the rate shall be:

a. ((~~Seven-tenths~~)) ~~0.701~~ 1.06 percent of the payroll expense of employees with annual compensation of \$150,000 to \$399,999.99; and

b. ((~~One and seven-tenths~~)) ~~1.701~~ 2.57 percent of the payroll expense of employees with annual compensation of \$400,000 or more.

2. For businesses with payroll expense of \$100 million to \$999,999,999.99, the rate shall be:

a. ((~~Seven-tenths~~)) ~~0.701~~ 1.06 percent of the payroll expense of employees with annual compensation of \$150,000 to \$399,999.99; and

b. ((~~One and nine tenths~~)) ~~1.901~~ 2.87 percent of the payroll expense of employees with annual compensation of \$400,000 or more.

3. For businesses with payroll expense of \$1 billion or greater, the rate shall be:

a. ((~~One and four tenths~~)) ~~1.401~~ 2.11 percent of the payroll expense of employees with annual compensation of \$150,000 to \$399,999.99; and

b. ((~~Two and four tenths~~)) ~~2.401~~ 3.62 percent of the payroll expense of employees with annual compensation of \$400,000 or more.

C. The tax imposed by this Chapter 5.38 is levied on businesses. A business may not make any deductions from employees' compensation to pay for this tax.

Effect: This amendment would increase payroll expense tax rates by across all business-size and payroll-expense tiers to generate an additional \$119.3 million of annual payroll expense tax revenue. The new rates across all tiers would be 51% higher than those currently codified in Seattle Municipal Code Section 5.38.030.

2022 Seattle City Council Budget Action

Council Budget Action: Agenda

Tab	Action	Option	Version
FG	001	C	001

Total Budget Balance Effect	\$42,495,662
-----------------------------	--------------

Budget Action Description:

This Council Budget Action would:

- Align JumpStart Fund expenditures with the JumpStart Payroll Expense Tax Fund ("JumpStart (JS) Fund") policies, passed by Council in July 2021 through Ordinance 126393, and align community-led investments with one-time resources. This ensures that the ongoing JS investments in affordable housing, economic revitalization, Green New Deal (GND), and the Equitable Development Initiative (EDI), are protected as ongoing investments as anticipated in the JS Fund Policies and will eliminate the need to amend the policies to implement the 2022 budget.

- Adjust the amounts in the 2022 Proposed Budget for the Equitable Communities Initiative (ECI) Task Force recommendations, Participatory Budgeting (PB), and community safety investments in a manner that, when combined with unspent 2021 appropriations, leaves at least the following amounts available for spending in 2022: \$30 million for ECI, \$30 million for PB, and \$17 million for community safety investments previously authorized by the Council (Community Safety RFP and Community Safety Initiative).

A proposed Statement of Legislative Intent (SLI FG-002-B-001) complements this CBA, expressing Council's intent to work with the Executive to identify options for making Seattle's tax structure more equitable and generating new revenue for city priorities including the Equitable Community Initiative, Participatory Budgeting, community safety investments, and homeless services, in 2023 and beyond.

Frees up resources for other Council identified uses in 2022, including:

- \$41 million GF that can be used for one-time proposed spending in 2022
- \$9.7 million of payroll expense tax revenues, to be allocated as follows:
 - \$650,000 to develop the implementation plan for the JS economic revitalization investments required by million of one-time JS funds for Council identified investments in the economic revitalization category required by Resolution 31957; and
- Adds \$6.0 million of on-going JS funds for affordable housing development, acquisition, and services

This is accomplished through the following actions:

1. Reallocate \$63.6 million of one-time federal Coronavirus Local Fiscal Recovery Act (CLFR) Funds to revenue replacement in the General Fund. These funds will ensure that City programs and services needed for COVID response and recovery efforts are maintained in 2022 and that JS Funds are allocated as intended (including \$50.5 million of affordable housing investments).
2. Adjust the amount of funding for ECI, PB, and community safety investments to provide more than \$70 million of total investment in these areas.
3. Modify proposed expenditures from the JumpStart Fund
 - Reduce the revenue support from the JS Fund to the General Fund by \$62 million to align with the policy level of \$85 million based on the 2022 General Fund revenue forecast and Ordinance 126393 and to fulfill other JS Policies.
 - Change the fund source of \$4.8 million of appropriations from the GF to JS Fund.
 - Change the fund source of \$9.7 million of appropriations from JS Fund to the GF.

Please see Attachment A to FG-001-C-001 for more details.

2022 Seattle City Council Budget Action

Council Budget Action: Agenda

Tab	Action	Option	Version
FG	001	C	001

This Council Budget Action also imposes the following proviso:

"Of the appropriation in the 2022 budget for the Office of Economic Development, \$650,000 is appropriated solely for development of an economic revitalization implementation plan and a workforce development strategic plan, as described in Appendix 4 of Attachment A to Council Budget Action FG-001-C-001, and may be spent for no other purpose. Furthermore, none of the money so appropriated may be spent until the Chairs of the Council's Finance and Housing Committee and Community Economic Development Committee, or successor committees, file a certification with the City Clerk that the Office of Economic Development has provided a report describing in detail the proposed process, including a timeline, for completing both the economic revitalization implementation plan and the workforce development strategic plan."

Detailed Description of Council Budget Action (CBA) FG-001-C-001

1. Reallocate \$62 million of one-time Coronavirus Local Fiscal Recovery (CLFR) funds to revenue replacement in the General Fund, and back fill this shift with JumpStart (JS) Fund. The CLFR funds will ensure that City services that support COVID response and recovery efforts are maintained in 2022.

Table 1. Coronavirus Local Fiscal Recovery Fund Impacts (\$ in 000's)

	Mayor's 2022 Proposed	Proposed Amendment (CBA FG-001-B-001)	
		Amendment	Notes
CLFR Revenue Replacement	4,500	62,176	Increased to shift revenue replacement from JS Fund to CLFR
Child Care Stabilization Grants Expansion	2,400	-	Same investment now supported by JS Fund
Expanded Capital Investment in Affordable Rental Housing Production and Preservation	50,498	-	Same investment now supported by JS Fund

2. Adjust the amount of funding for Equitable Communities Initiative (ECI), Participatory Budgeting (PB), and community safety investments in a manner that, when combined with unspent 2021 carryforward results in more than \$70 million of total investment in these areas. These investments are shifted from ongoing to one-time.

A proposed Statement of Legislative Intent (SLI FG-004-B-001) complements this Council Budget Action (CBA), expressing Council's intent to work with the Executive to identify a new ongoing funding source for these community-led proposals.

Table 2. Funding adjustments and acknowledgement of 2021 Carryforward for ECI, PB, and Community Safety (\$ in 000's)

(See Appendix 1 for a more detailed table)

	Mayor's 2022 Proposed	Proposed Amendment (CBA FG-001-B-001)		
		2022 Appropriation	2021 Underspend Assumption	Total Amount for 2022
Community Safety	10,000	4,000	13,000*	17,000
CS RFP	10,000	-	13,000*	13,000*
CS Initiative	-	4,000	-	4,000
ECI Taskforce Recommendations	30,000	15,963	14,037	30,000
ECI Taskforce Recommendations – uses GF	12,750	3,700	9,050	12,750
ECI Taskforce Recommendations that Implement JS Policies – uses JS Fund	17,250	12,263	4,987	17,250
Participatory Budgeting	30,000	2,800	27,200	30,000
Grand Total	70,000	22,763	54,237	77,000

*The Council added \$3 million through the 2021 Mid-year Supplemental Budget ORD for the Community Safety Capacity Building RFP but those funds were not used for those contracts as they were already funded

Select Budget Committee

with \$10 million of 2021 appropriation through the end of 2022; this \$3 million is used to support other investments in community safety and alternatives to policing in the balancing package.

3. Modify proposed expenditures from the JumpStart Fund.

- Reduce the revenue support from the JumpStart Fund to the General Fund by \$62 million, to align with the policy level of \$85 million based on the 2022 General Fund revenue forecast and Ordinance 126393 - JumpStart Payroll Expense Tax Fund;
- Change the fund source of \$4.8 million of appropriations from the GF to the JS Fund; and
- Change the fund source of \$9.7 million of appropriations from JS Fund to the GF.
- Adjust 2022 spending to reflect the November update of revenue forecasts that decreased 2022 Payroll Expense Tax revenues by \$755,150.

Table 3. Modify proposed expenditures from the JumpStart Fund (\$ in 000's)

(See Appendix 2 for a more detailed table)

Description	ORD 126393 (July 2021)	Mayor's 2022 Proposed Budget	Proposed Amendment (FG-001-B-001)
GF Revenue	85,355	147,727	85,355
Administration (5%)	373	151	151
Housing (62%)	97,177	44,700	97,177
<i>Housing & Services (82%)</i>	<i>79,685</i>	<i>23,000</i>	<i>75,726</i>
<i>Community Focused (13%)</i>	<i>12,633</i>	<i>15,700</i>	<i>15,700</i>
<i>Affordable Homeownership (5%)</i>	<i>4,859</i>	<i>6,000</i>	<i>5,860</i>
Equitable Development Initiative (9%)	14,106	14,300	14,300
Economic Revitalization (15%)	23,510	10,700	22,538**
Green New Deal - RES 31895 (9%)	14,106	13,335	14,335
Homeless + Mental Health Services	-	3,714	-*
Grant Total	234,627**	234,627**	233,846**

*This amendment would continue to fund these expenditures from the GF rather than the JS Fund.

**The Mayor's 2022 Proposed Budget was based on the August revenue forecast that included \$234.6 million of 2022 payroll expense tax revenues; the November revenue forecast update decreased 2022 payroll expense tax revenues by \$755,150. This amendment addresses that decrease before making other changes to the use of JS Funds in the 2022 Budget. The reduction is made in the economic revitalization line because the first version of this amendment (FG-001-A-001) had a \$3.1 million reserve, meaning that no specific investments included in the original amendment are impacted by this adjustment. The Mayor's 2022 Proposed Budget would no longer support the proposed expenditures from the JS Fund due to the November forecast update.

4. Reallocate \$4.4 million of 2021 CLFR appropriated in the Human Services Department for rapid rehousing to support other Council priorities listed below. The 2021 appropriation is cut in the Year-end Supplemental Budget ORD (CB 120021) as described in CBA CBO-501-A-001. The individual spending ideas have been proposed by different councilmembers; the sponsor is noted next to each item.
- \$1.0 million CLFR funds to the Office of Housing (OH) for services and capacity funding for non-profit housing providers operating non-permanent supportive housing projects. In 2021, the City adopted Ordinance 126371, allocating \$1 million of CLFR funds for this purpose. OH completed a request for proposals process in October for this funding. It received 14 applications totaling \$2.5 million in requests. OH is in the process of reviewing the requests and making funding decisions; with this CBA OH can fund a larger number of the proposals. (Sponsors: Councilmembers Herbold and Mosqueda)
 - \$308,000 CLFR funds to the Office of Sustainability and Environment (OSE) for a pilot prescription food program administered by a community health center specializing in the care of American Indians and Alaska Natives, such as the Seattle Indian Health Board (SIHB). This pilot would support low-income households, who have experienced disproportionate economic and public health impacts of the COVID-19 pandemic. The prescription food program would address food and chronic disease issues by identifying households with diet-affected health conditions such as diabetes, prediabetes, or hypertension and providing them with "food prescriptions," which would be redeemed for no-cost produce at food retailers such as traditional food vendors, grocers, neighborhood stores, farmers markets, and within Community Supported Agriculture (CSA) programs. The proposed funding would support approximately 200 households over 12 months. (Sponsor: Councilmember Morales)
 - \$435,000 million CLFR for General Fund (GF) revenue replacement to address the increased GF revenue shortfall identified in the November revenue forecast update. This "swapping" of funds is necessary because these expenditures are not generally eligible for direct use of CLFR funds; there are GF expenditures that support City operations. This includes \$435,000 to Seattle Public Libraries to repay the costs of repairing damage due to vandalism over the last two years. (Sponsor: Councilmember Morales)

Appendix 1: Detailed ECI, PB, and Community Safety Carryforward Table (\$ in 000's)

		Proposed Amendment (FG-001-B-001)

*All one-time investments in 2022

*See Appendix 1 for total funding available in 2022 for these programs and services

¹ This would provide \$120,000 of JS Funds to SDOT to upgrade the currently temporary Columbia City Patio to a permanent pedestrian and community plaza, as proposed by Councilmember Morales.

Appendix 3: Economic Revitalization Implementation Plan

This Council Budget Action would add \$650,000 to the Office of Economic Development (OED) to develop an Economic Revitalization Implementation Plan. Resolution (RES) 31957, the JumpStart Spending Plan adopted by the Council in July 2022, states that JS fund expenditures should include:

“At least \$650,000 in 2022 to contract with an organization with expertise and experience in developing a plan and can act as a catalyst to launch programs and services that will help transition a just local economy that provides stable, safe, and healthy family sustaining jobs, and advance the goals of the GND. The Council expects that, in 2021, the Executive will convene a group that includes, but is not limited to, representatives from City departments, labor organizations, small businesses, and advocates for Seattle’s GND, to develop the scope of work and to select a firm to carry out this work in 2022.”

The Executive did not convene the stakeholder group to develop a scope of work as requested, and the Council anticipates that this work will be undertaken in 2022.

Economic Revitalization Implementation Plan

Of the \$650,000 reserved for the JS Economic Revitalization Implementation Plan that would be appropriated to OED, \$550,000 will be used to identify what economic revitalization investments should be made using JS funds beginning in 2023 until the payroll expense tax sunsets at the end of 2040. This funding is intended to support creation of a plan, and initial development and administration of new programs and services, as needed. OED should collaborate with other departments, as appropriate, to identify a group of City staff and external stakeholders to develop the scope of work and select the organization to lead the development of the plan. Funds may be used to contract with a facilitator to help with this process.

In addition to the priorities included in RES 31957, development of the scope of work should consider, but not be limited to, the following:

- Existing City investments in economic revitalization and community-led economic development efforts (e.g., Equitable Development Initiative, Participatory Budgeting, Equitable Communities Initiative, Small Business Ownership Fund, etc.);
- Workforce development strategic plan (described below);
- Evolving needs of workers, businesses, nonprofits, and key industries as Seattle continues to recover from the immediate impacts of the pandemic;
- Employment trends and potential long-term impacts of remote work;
- Economic revitalization plans of other municipalities similar to Seattle; and
- Engagement with a wide variety of stakeholders (e.g., businesses of varying sizes, business organizations, travel and tourism industry representatives, labor organizations, community organizations, and the City’s advisory bodies, such as the Green New Deal (GND) Oversight Board), ensuring that this engagement is culturally responsive.

The plan should focus on what investments are needed to make Seattle a desirable place to live, work, and visit; and present a detailed strategy that identifies investments needed to address the impacts of COVID in the near term and those needed to create an economically diverse, just, and resilient city over the long term.

Workforce Development Strategic Plan (Sponsor: Councilmember Morales)

The remaining \$100,000 will be used to hire a consultant that would evaluate the City's investments in workforce development and create a strategic plan in collaboration with the City's regional workforce development partners.

The City's workforce development and youth employment initiatives are currently distributed in various departments, including OED, the Department of Finance and Administrative Services, Office of Arts and Culture, Office of Sustainability and Environment, Office of Housing, Office of Immigrant and Refugee Affairs, Human Services Department, and Seattle Parks and Recreation. While OED has been working with the Seattle Jobs Initiative, the Workforce Development Council of Seattle-King County (WDC), the Washington Roundtable's Washington Employers for Racial Equity, the Port of Seattle, and King County on issues related to workforce development, the City lacks a comprehensive approach to this effort.

The intent of the proposed strategic plan is to align the City's workforce development strategies with regional plans, such as those developed by the Central Puget Sound Economic Development District (that will be adopted in December 2021) and the WDC (adopted in January 2021). The plan should:

- Integrate with related efforts to develop an overall JS Economic Revitalization Implementation Plan (described above);
- Prioritize strategies that would reduce the racial wealth gap, address the disproportionate impacts of the pandemic, and create a more equitable economy in the long-term;
- Assess whether there are gaps in regional workforce development investments that should be addressed with City funding (JS funds or otherwise);
- Consider strategies to promote State-registered apprenticeships;
- Incorporate the City's priority to ensure a just transition for workers whose jobs currently depend on the fossil fuel industry, in accordance with the goals of the GND (RES 31895);
- Include strategies to support the creative industries, such as those identified by the City's Film Task Force, OED's Creative Sector Action Plan (to be completed in December 2021), or other relevant reports; and
- Provide a practical approach for measuring progress towards goals.

Attachment A

Major Maintenance Backlog and Asset Management

Project No:	MC-PR-41001	BSL Code:	BC-PR-40000
Project Type:	Ongoing	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project provides funding for major maintenance projects for assets in all of the city parks and recreation facilities, including athletic fields, play areas, swimming pools, trails, buildings, accessibility elements, outdoor infrastructure, and related work. This project also funds a new integrated asset management and work order system to better track and forecast long-term asset and maintenance needs. The project also increases Parks' ability to remove property encroachments. Typical major maintenance improvements may include, but are not limited to renovating buildings, Americans with Disabilities (ADA) access improvements, replacing play area structures, forest, landscape, trail maintenance and improvements, swimming pool repairs, athletic field refurbishment, and installation of energy efficient lighting, and related major maintenance work. These projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, reclaim Parks property, and improve the overall park experience for the public. This project is part of the Metropolitan Parks District measure put before voters in 2014.

ARTS	005	A	001

Department (HSD) for The Salvation Army enhanced shelter in SODO.

The CSA PDA was created and chartered in 2020 to develop and steward permanent affordable space for arts and culture in Seattle. It was designed to acquire land to use as long-term affordable commercial cultural space with community partners, build community wealth by directly investing in real estate, create opportunities for ownership of commercial cultural space, and partner with communities of color, particularly focused on the needs of Black and Indigenous communities. The City has not previously provided direct funding to the CSA PDA to acquire property.

This action would reduce CLFR funding provided in the 2022 Proposed Budget to operate The Salvation Army's enhanced shelter in the SODO neighborhood. The 2022 Proposed Budget provides \$2 million for capital and renovation costs, \$5 million for operations in 2022, and \$5 million for operations in 2023. This action would require the shelter to cease operations before the end of 2023 if an alternative source of funds for this purpose is not identified.

2022 Seattle City Council Budget Action

Council Budget Action: Agenda

Tab	Action	Option	Version
FG	901	A	001

Total Budget Balance Effect	\$2,000,000
-----------------------------	-------------

Budget Action Description:

This Council Budget Action would cut \$2 million of Coronavirus Local Fiscal Recovery (CLFR) funds from the proposed Finance General FEMA reserve and instead uses that \$2 million for a General Fund revenue replacement to address revenue decreases identified in the November revenue forecast.

This \$2 million of GF would be used to:

- Address a decrease in expected 2022 Sweetened Beverage Tax Revenues. The November revenue forecast include a \$4.5M decrease in the SBT Fund, likely due to the reduced sales of fountain and other sweetened beverages by commuters and shoppers. CBA FG-007-A-001 addressed this shortfall by transferring \$1.4 million GF to the SBT which, combined with reserved and unreserved balances, would balance the SBT Fund based on the financial plan for the SBT Fund transmitted with the Mayor's 2022 Proposed Budget. Subsequent to receiving the November update, CBO reported an error in their financial plan for the SBT which would result in the SBT Fund being \$745,000 out of budget after fully depleting the funds planning reserves. This action would transfer and additional \$945,000 GF to the SBT to fully balance the fund and leave a small planning reserve.
- Provide additional GF to address the decrease to the GF identified in the November revenue update. This will allow the proposed expansion of the Community Service Office program in the Seattle Police Department included in the 2022 Proposed Budget to move forward in 2022.

Center City Streetcar Connector

Project No:	MC-TR-C040	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	New Facility	Location:	Various
Current Project Stage:	Stage 3 - Design	Council District:	Council District 7
Start/End Date:	2012 - 2026	Neighborhood District:	Multiple
Total Project Cost:	\$237,369	Urban Village:	Multiple

The Center City Connector is a 1.27-mile segment of the Seattle Streetcar that will link the South Lake Union and First Hill Streetcar lines, creating a system that will connect over a dozen Seattle neighborhoods in Seattle's Center City. The project includes procurement of up to ten additional streetcars and design and construction of track and guideway; station shelters and platforms; overhead contact system; traction power substation; storage facility expansion; roadway and drainage; ADA curb ramps; curb space management; and urban streetscape.

An interfund loan of \$9,000,000 was passed in August 2019, allowing the project to progress to 30% design. In June 2020, the project was paused as part of the Citywide effort to mitigate revenue losses due to Covid-19

The project was put on indefinite pause in July 2020 in response to Citywide budget shortfalls caused by Covid-19

Total:	-	-	-	36,000	41,800	15,006	-	-	92,806

Unsecured Funding Strategy: SDOT will continue to work with the Mayor's office and City Council to determine the future of the project.

O&M Impacts: The Center City Connector would combine the two existing lines into a single Streetcar network. SDOT is currently working in collaboration with King County Metro on an operation plan for a single line. We expect to have an estimate of annual operating costs when the Center City Connector project reaches 30% design.

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to taxation; increasing the tax rates of the payroll expense tax imposed on persons engaging in business in Seattle; and amending Section 5.38.030 of the Seattle Municipal Code.

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Section 5.38.030 of the Seattle Municipal Code, enacted by Ordinance 126108, is amended as follows:

5.38.030 Tax imposed-Rate

A. A payroll expense tax is hereby levied upon and shall be collected from every person engaging in business within Seattle.

B. The amount of the payroll expense tax due shall be the payroll expense of the business, subject to any deductions authorized under this Chapter 5.38, multiplied by the following rates:

1. For businesses with payroll expense up to \$99,999,999.99, the rate shall be:

a. ~~((Seven-tenths))~~ 0.701 percent of the payroll expense of employees with annual compensation of \$150,000 to \$399,999.99; and

b. ~~((One and seven-tenths))~~ 1.701 percent of the payroll expense of employees with annual compensation of \$400,000 or more.

2. For businesses with payroll expense of \$100 million to \$999,999,999.99, the rate shall be:

a. ~~((Seven-tenths))~~ 0.701 percent of the payroll expense of employees with annual compensation of \$150,000 to \$399,999.99; and

b. (~~((One and nine tenths))~~) 1.901 percent of the payroll expense of employees with annual compensation of \$400,000 or more.

3. For businesses with payroll expense of \$1 billion or greater, the rate shall be:

a. (~~((One and four tenths))~~) 1.401 percent of the payroll expense of employees with annual compensation of \$150,000 to \$399,999.99; and

b. (~~((Two and four tenths))~~) 2.401 percent of the payroll expense of employees with annual compensation of \$400,000 or more.

C. The tax imposed by this Chapter 5.38 is levied on businesses. A business may not make any deductions from employees' compensation to pay for this tax.

Section 2. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2020, and signed by me in open session in authentication of its passage this _____ day of _____, 2020.

President _____ of the City Council

Approved by me this _____ day of _____, 2020.

Jenny A. Durkan, Mayor

SUMMARY and FISCAL NOTE*

Department:	Dept. Contact/Phone:	CBO Contact/Phone:
Legislative	Dan Eder/x4-8147	N/A

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to taxation; increasing the tax rates of the payroll expense tax imposed on persons engaging in business in Seattle; and amending Section 5.38.030 of the Seattle Municipal Code

Summary and background of the Legislation: This Council Bill would increase the rates for all businesses currently subject to the payroll expense tax imposed as provided for in Section 5.38 of the Seattle Municipal Code. This Council Bill would increase the projected revenues from the payroll expense tax by \$195,500 in 2021 which would be available to spend on a range of municipal priorities.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ___ Yes **X** No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ___ Yes **X** No

Does the legislation have other financial impacts to the City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?

Yes. If this Council Bill is passed, the City would be able to spend an additional approximately \$195,500 annually on a range of municipal priorities.

Is there financial cost or other impacts of *not* implementing the legislation?

No.

3.a. Appropriations

___ This legislation adds, changes, or deletes appropriations.

3.b. Revenues/Reimbursements

X This legislation adds, changes, or deletes revenues or reimbursements.

Anticipated Revenue/Reimbursement Resulting from this Legislation:

Fund Name and Number	Dept	Revenue Source	2020 Revenue	2021 Estimated Revenue
General Fund (10000)	N/A	Payroll Expense Tax	\$0	\$195,500
TOTAL	N/A		\$0	\$195,500

Is this change one-time or ongoing? Ongoing.

3.c. Positions

 This legislation adds, changes, or deletes positions.

4. OTHER IMPLICATIONS

- a. Does this legislation affect any departments besides the originating department? N/A.
- b. Is a public hearing required for this legislation? No.
- c. Does this legislation require landlords or sellers of real property to provide information regarding the property to a buyer or tenant? No.
- d. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation? No.
- e. Does this legislation affect a piece of property? No.
- f. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public? None.
- g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s). N/A

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE amending Ordinance 126000, which adopted the 2020 Budget, including the 2020-2025 Capital Improvement Program (CIP); changing appropriations to various departments and budget control levels, and from various funds in the Budget; and ratifying and confirming certain prior acts; all by a 3/4 vote of the City Council.

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. In order to pay for necessary costs and expenses incurred or to be incurred in 2020, but for which insufficient appropriations were made due to causes that could not reasonably have been foreseen at the time of making the 2020 Budget, appropriations for the following items in the 2020 Budget are increased from the funds shown, as follows:

Item	Department	Fund	Budget Summary Level/ BCL Code	Amount
1.1	Executive (Office of Housing)	General Fund (00100)	Homeownership & Sustainability (00100-BO-HU-2000)	\$6,149,753
1.2	Executive (Office of Housing)	Office of Housing Fund (16600)	Homeownership & Sustainability (16600-BO-HU-2000)	\$425,130
1.3	Seattle Department of Transportation	Transportation Fund (13000)	Leadership and Administration (13000-BO-TR-18001)	\$9,441,228
1.4	Seattle Parks and Recreation	Park And Recreation Fund (10200)	Departmentwide Programs (10200-BO-PR-30000)	\$455,229
1.5	Seattle Public Utilities	General Fund (00100)	General Expense (00100-BO-SU-N000B)	\$399,522

1.6	Seattle Public Utilities	General Fund (00100)	Leadership and Administration (00100-BO-SU-N100B)	\$11,939
1.7	Seattle Public Utilities	Water Fund (43000)	Utility Service and Operations (43000-BO-SU-N200B)	\$8,358,276
1.8	Seattle Public Utilities	Drainage and Wastewater Fund (44010)	Utility Service and Operations (44010-BO-SU-N200B)	\$4,818,298
Total				\$30,059,375

Section 2. The appropriations and project allocations for the following items in the 2020 Budget are modified for Seattle Public Utilities from the funds shown, as follows:

Item	Department	Fund	Budget Summary Level/ BCL Code	CIP Project Appropriation Change	CIP Project Name
2.1	Seattle Public Utilities	Water Fund (43000)	Habitat Conservation Program (43000-BC-SU-C160B)	\$501,417	Downstream Fish Habitat (MC-SU-C1607)
			Transmission (43000-BC-SU-C120B)	\$(501,417)	Transmission Pipelines Rehab (MC-SU-C1207)
Total				\$0	

Section 3. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by a 3/4 vote of all the members of the City Council the _____ day of _____, 2021, and signed by me in open session in authentication of its passage this _____ day of _____, 2021.

President _____ of the City Council

Approved / returned unsigned / vetoed this _____ day of _____, 2021.

Jenny A. Durkan, Mayor

Filed by me this _____ day of _____, 2021.

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title: AN ORDINANCE amending Ordinance 126000, which adopted the 2020 Budget, including the 2020-2025 Capital Improvement Program (CIP); changing appropriations to various departments and budget control levels, and from various funds in the Budget; and ratifying and confirming certain prior acts; all by a 3/4 vote of the City Council.

Summary and background of the Legislation: This legislation will implement various adjustments to the 2020 Adopted Budget that are needed to complete the City's accounting process for the year.

The proposed legislation includes discrete actions that amend the 2020 Adopted Budget by adding budget authority to various departments to address unanticipated expenses and correct accounting errors which resulted in spending exceeding a budget control level's budget authority.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ☐ Yes ☒ No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ☒ Yes ☐ No

Appropriation change (\$):	General Fund \$		Other \$	
	2020	2021	2020	2021
	\$6,561,210	\$0	\$23,498,162	\$0
Estimated revenue change (\$):	Revenue to General Fund		Revenue to Other Funds	
	2020	2021	2020	2021
	\$0	\$0	\$0	\$0
Positions affected:	No. of Positions		Total FTE Change

	0	0	0	0

Does the legislation have other financial impacts to the City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?
No. Please see Summary Attachment A for details on 2020 spending.

Is there financial cost or other impacts of *not* implementing the legislation?

The same objectives could not be achieved without this legislation.

3.a. Appropriations

X This legislation adds, changes, or deletes appropriations.

See Summary Attachment A for details on 2020 spending.

Is this change one-time or ongoing?

All are one-time.

4. OTHER IMPLICATIONS

a. Does this legislation affect any departments besides the originating department?

No.

b. Is a public hearing required for this legislation?

No.

c. Does this legislation require landlords or sellers of real property to provide information regarding the property to a buyer or tenant?

No.

d. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?

No.

e. Does this legislation affect a piece of property?

No.

f. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?

See Summary Attachment A for any RSJI implications.

g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s).

Not applicable.

List attachments/exhibits below:

Summary Attachment A – 2020 Budget Exceptions Ordinance Summary Detail Table

2020 Budget Exceptions Ordinance Summary Detail Table

Item #	Title	Description	Amount/FTE
Section 1 – Appropriation Increases			
1.1	2020 Budget Exception (Office of Housing)	This item provides a retroactive appropriation increase of \$6,149,753 in the General Fund Homeownership & Sustainability BSL. This increased appropriation addresses a technical error in the 2020 Adopted Budget. This budget action is net neutral as OH did not expend any budget in their general fund BSLs related to council appropriations in order to accurately reflect Council's intention as it was clearly described in the 2020 adopted budget. This appropriation addresses a negative appropriation in the 2020 Adopted Budget. There are no on-going implications of this budget exception that will need to be addressed in the future.	\$6,149,753
1.2	2020 Budget Exception (Office of Housing)	This item provides a retroactive appropriation increase of \$425,130 in the Homeownership & Sustainability BSL. Due to the automated PeopleSoft carryforward processes, OH's budget appropriation in the Homeownership & Sustainability BSL was reduced by half from negative carryforward from the previous year. 2020 spending in this BSL followed expectations of the appropriation in the 2020 Adopted Budget. However, because of the automated carryforward adjustment, the BSL resulted in an inadequate balance of authority. This appropriation is budget neutral as the Leadership & Administration BSL inadvertently received excess appropriations through the same automated carryforward process. OH has instituted new year-end processes to that will eliminate this technical error moving forward.	\$425,130

Item #	Title	Description	Amount/FTE
1.3	2020 Budget Exception (Seattle Department of Transportation)	<p>This item provides a retroactive appropriation increase of \$9,441,228 for the Seattle Department of Transportation to pay unanticipated costs in the Leadership & Administration BSL for higher expenses in indirect costs and equipment than were projected in the 2020 Adopted Budget, primarily due to the COVID-19 pandemic. The pandemic impacted the Leadership & Administration (L&A) BSL in two ways in 2020: 1) higher paid absence expense, and 2) less work performed in direct projects, resulting in both lower overhead recovery and lower equipment cost recovery. At the beginning of the pandemic, in order to maintain the health and safety of our front-line workforce, the City created a new paid COVID-19 Administrative Leave option for high-risk employees who did not have telework opportunities. This resulted in SDOT's Paid Absence expense in the L&A BSL being \$4.4 million higher than budgeted. In addition, the lower number of employees available to work in person, combined with the economic and safety impacts of the pandemic, reduced the amount of work done in direct projects compared to what was budgeted. Equipment cost recovery is generated by equipment use in direct projects; with less work in direct projects, equipment use dropped and equipment cost recovery was \$3.9 million lower than budgeted.</p> <p>There were two types of additional costs that contributed to higher than expected expenditures in the L&A BSL, beyond those caused by the pandemic. Whereas equipment costs are largely based on asset ownership and tend to be relatively steady year-to-year, actual equipment costs in 2020 were \$1.1 million higher than budgeted due to an unexpected, retroactive special billing for fleet adds in 2017-2019. In addition, approximately \$0.3 million of the appropriation increase is related to encumbrances on existing purchase orders.</p>	\$9,441,228
1.4	2020 Budget Exception (Seattle Parks and Recreation)	<p>This item provides a retroactive appropriation increase of \$455,229 for Seattle Parks and Recreation to correct a technical error in the Departmentwide BSL (BO-PR-30000) caused by the COVID-19 realignment of the Park Fund (10200) and the Park District (19710).</p>	\$455,229

Item #	Title	Description	Amount/FTE
1.5	2020 Budget Exception (Seattle Public Utilities)	This item provides a retroactive appropriation increase of \$399,522 for Seattle Public Utilities to pay unanticipated expenses from the General Expense BSL for public litter can collections.	\$399,522
1.6	2020 Budget Exception (Seattle Public Utilities)	This item provides a retroactive appropriation increase of \$11,939 for Seattle Public Utilities to pay unanticipated expenses from the Leadership and Administration BSL.	\$11,939
1.7	2020 Budget Exception (Seattle Public Utilities)	This item provides a retroactive appropriation increase of \$8,358,276 for Seattle Public Utilities to pay unanticipated expenses from the Utility Services and Operations BSL for operational and maintenance costs due to COVID, specifically due to not being able to dispatch capital project crews for safety and logistical reasons.	\$8,358,276
1.8	2020 Budget Exception (Seattle Public Utilities)	This item provides a retroactive appropriation increase of \$4,818,298 amount for Seattle Public Utilities to pay unanticipated expenses from the Utility Service and Operations BSL for operations and maintenance costs incurred due to COVID, specifically due to the inability to dispatch capital project crews for safety and logistical reasons.	\$4,818,298
Section 2 – Appropriation Transfers – Capital Budgets			
2.1	Habitat Conservation Program 2020 Exception (Seattle Public Utilities)	This item provides a retroactive appropriation increase of \$501,417 for Seattle Public Utilities for the Habitat Conservation Program BSL, in order to pay unanticipated expenses from the Habitat Conservation Program for watersheds work that is shared between SPU and King County. This is funded via a corresponding retroactive transfer of \$501,417 from the from the Transmission BSL. The costs for this body of work will be reimbursed by King County.	\$0

May3, 2021

MEMORANDUM

To: Finance & Housing Committee
From: Tom Mikesell, Analyst
Subject: Council Bill 120039 – 2021 Carryforward & Council Bill 120040 - 2020 Exceptions

On Wednesday, May 5, 2021, the Finance & Housing Committee will discuss and possibly vote on [Council Bill \(CB\) 120039](#) and CB 120040. CB 120039 would appropriate in 2021, a portion of select department's unspent 2020 appropriations, and [CB 120040](#) would provide additional 2020 expenditure authority for department spending in excess of previously approved 2020 levels.

This memo provides (1) background on the budget adjustment process; (2) describes CBs 120039 and 120040, highlighting notable changes proposed in the legislation; (3) describes next steps; and (4) identifies one policy issue for the Committee's consideration.

Background - Budget Adjustment Process

The following describes how spending authority in the adopted budget is modified during the year with a combination of unspent appropriations from prior years, and new 'emergency' funding requests during the current year.

I. Adopted Budget

Pursuant to [RCW 35.32A.050](#), in late November of every year the City Council passes an ordinance that establishes the City's budget for the upcoming year, covering the period from January 1st through December 31st. This ordinance is the 'Adopted Budget' for the fiscal year and sets spending levels for the next year's operations and provides one year's worth of investments in the City's six-year capital improvement program. Passed by the City Council on November 23, 2020, [Ordinance 126237](#) authorized a 2021 Adopted Budget from all sources of \$6.5 billion.

II. Automatic Carryforward

Consistent with the provisions in [RCW 35.32A.080](#), most unspent annual operating budget appropriations expire, or 'lapse', at the end of the year, while capital appropriations continue into future years until they are either spent, or formally abandoned by ordinance. In addition, if explicitly authorized in ordinance, operating budget appropriations can also be 'non-lapsing' and continue until spent or abandoned. This is most common in the instance of grants, for which non-lapsing spending authority is necessary until the grant is fully expended or the appropriation is abandoned.

According to City financial data, at the end of 2020 there is a total of \$1.73 Billion of unspent prior-year budget authority that has been automatically added to the 2021 Budget. As noted, this largely represents prior year capital projects funding, grant-backed spending, and any other spending authorized by legislation to continue beyond the first year. Since these appropriations were adopted with non-lapsing provisions in prior years, no further Council authorization is necessary for this budget authority to continue until completely spent. Table 1 shows for funds with significant automatic carryforward, by fund and type (capital and operating), the amount of prior years' budget authority that is added to the 2021 Adopted Budget. This spending authority is largely backed by revenues that have already been deposited in the City Treasury, although in some cases, particularly in instances involving grants accepted late in the prior fiscal year, the cash has not yet been received.

Table 1¹. Funds with Significant Automatic Carryforward

Fund	Carryforward Type		
	Capital	Operating	Total
Light Fund	\$234,872,255	\$53,632,152	\$288,504,407
Transportation Fund	\$245,597,013	\$3,479,630	\$249,076,643
Drainage and Wastewater Fund	\$119,427,400	\$653,140	\$120,080,541
2016 Housing Levy Capital Fund	-	\$107,264,473	\$107,264,473
Housing Program Support Fund	-	\$104,241,704	\$104,241,704
General Fund	\$1,995,411	\$69,623,451	\$71,618,862
All Others	\$536,549,907	\$254,621,650	\$791,171,557
Total:	\$1,138,441,986	\$593,516,199	\$1,731,958,185

As shown in the table, nearly two thirds of this automatic carryforward spending authority is for ongoing capital projects.

III. Supplementals

After the Adopted Budget is passed, as provided by [RCW 35.32A.060](#), it may be modified during the following year by way of 'supplemental' spending legislation, which allows the Council, with a three-fourths approval threshold, to appropriate:

“from the emergency fund, or other designated funds, an amount sufficient to meet the actual necessary expenditures of the city for which insufficient or no appropriations have been made due to causes which could not reasonably have been foreseen at the time of the making of the budget”²

¹ Data from Citywide Financial Pivot Report version 6.2 as of 4/29/2021

² RCW 35.32.A.060.

The approval threshold for supplemental budget legislation is two-thirds of the Council if the new spending is necessary to address a specific emergency, including those:

- Caused by fire, flood, explosion, storm, earthquake, epidemic, riot, insurrection, act of God, act of the public enemy or any other such happening that could not have been anticipated; or
- For the immediate preservation of order or public health or for the restoration to a condition of usefulness of public property the usefulness of which has been destroyed by accident; or
- In settlement of approved claims for personal injuries or property damages, exclusive of claims arising from the operation of a public utility owned by the city; or
- To meet mandatory expenditures required by laws enacted since the last budget was adopted.³

Supplemental appropriation legislation can either be ‘standalone’ and add funding for a single discrete City program, or more ‘comprehensive’, increasing several City departments and funds in a single bill.

As of April 30, 2021, the City Council has passed **six standalone** supplemental bills , including:

- [Ordinance 126289](#): Appropriated in 2021 \$15 million of Seattle Transportation Benefit District Proposition 1 fund that had been held in reserve pending legal challenges to Initiative 976.
- [Ordinance 126297](#): Accepted and appropriated \$14.4 million of federal Surface Transportation and Highway Infrastructure funds awarded by the Puget Sound Regional Council to the Seattle Department of Transportation (SDOT) for the West Seattle Bridge High Bridge Repair Capital Project.
- [Ordinance 126298](#): Appropriated \$12 million from the General Fund (GF) to provide non-congregate shelter services in hotel rooms, tiny home villages, or enhanced shelters for individuals experiencing homelessness who are at increased risk for contracting or having severe outcomes from COVID-19.
- [Ordinance 126307](#): Accepted and appropriated \$22.7 million of Emergency Rental Assistance funding from the U.S. Treasury to City departments and non-city partners.
- [Ordinance 126308](#): Appropriated \$855,000 from the GF, and repurposed existing 2021 budget appropriations, to address an increase in hate crimes in Seattle, providing an overall commitment of \$1.2 million.
- [Council Bill 120041](#): For COVID-19 relief purposes, appropriated \$17.2 million of federal Coronavirus Relief Fund monies to the GF and \$234,000 to the Finance and Administrative Services Fund.

³ Ibid.

Comprehensive supplemental budget legislation that revises several City departments budgets takes one of two forms, as follows:

- **Annual Carryforward:** Typically the first comprehensive supplemental legislation introduced in a year, this bill requests that a portion of select department's unspent prior year budget be reappropriated in the current year to continue/complete a discrete program or project for which the funding was originally provided, but which could not be fully completed for reasons that vary specific to the request. Distinct from the automatic carryforward, the budget authority for each requested item has lapsed at the end of the prior fiscal year – each carryforward request essentially asks that the budget authority given in the prior year be reapproved for the current year. This bill is produced through a periodic submittal and review process covering all departments that is centrally managed by the City Budget Office.
- **Quarterly Supplementals:** Received at regular intervals during the year, the quarterly supplementals form the bulk of City departments' requests for additional spending authority. Together with requests to spend dollars generated through year end fund reconciliation and revenue forecast updates, these bills provide spending authority for grant revenues that are described and detailed in accompanying grant acceptance bills. These bills are produced through a periodic submittal and review process covering all departments that is centrally managed by the City Budget Office. In recent years there have been three quarterly supplemental spending bills, although there is no minimum nor maximum requirement.

IV. Exceptions

The final type of budget adjustment legislation is the exceptions ordinance. Typically introduced several months after the fiscal year end, this bill provides retroactive budget authority to the prior-year's budget for spending that has exceeded the revised budget after all automatic and legislated appropriation increases.

Table 2 summarizes at a high level the City's 2021 Revised Budget, starting from the Adopted Budget and accounting for all automatic and legislated changes to date.

Table 2. 2021 Revised Budget-to-Date

Fund	(a)	(b)	(c)	(d) = a+b+c	d/a
	2021 Adopted	Auto Carryforward	Standalone Bills	2021 Revised	% Increase
General	\$1,607 M	\$72 M	\$30 M	\$1,709 M	6%
All Other	\$5,034 M	\$1.66 M	\$49 M	\$6,743 M	34%
Total:	\$6,641 M	\$1.732 M	\$79 M	\$8,452 M	27%

As shown in the table, automatic and legislated increases to date result in a 27 percent increase compared to the 2021 Adopted Budget. The bulk of this is automatic carryforward authority

from prior years, and as shown in Table 1, much of this automatic carryforward is for ongoing capital projects. This information is shown at the department level in Attachment 1 to this memo.

CB 120039 – 2021 Carryforward

CB 120039, the 2021 Carryforward bill, requests approval for a total 2021 budget increase of \$80.1 million from several City funds. As described in this memo, these carryforward increases are intended to support activities that were budgeted, but not completed, in 2020. Attachment 1 to this memo shows each department's carryforward request as a percentage of the Revised Budget.

As shown in Attachment 1 several department's total carryforward requests represent significant percentages compared to their 2021 Revised budget, as follows:

- **Office for Civil Rights:** A \$1 million (14 percent) GF increase primarily for execution of two Collaborative Grantmaking Project Grants grant awards that were announced in December 2020 and are expected to be executed in 2021.
- **Office of Emergency Management:** A \$4.2 million (152 percent) GF increase representing several Seattle Police Department (SPD) grants that are requested to be transferred to the Office of Emergency of Management (OEM), the largest of which is \$3.7 million from a Pre-Disaster Mitigation Grant from the Federal Emergency Management Agency which provides funding to support 75 percent of the cost of a structural seismic retrofit on an affordable housing facility (with matching funds to be provided by Capitol Hill Housing). These appropriations were part of SPD's automatic carryforward into 2021 and are being explicitly reduced from SPD's revised 2021 budget, and re-appropriated, with non-lapsing provisions due to the grant funding, in the OEM budget.
- **Office of Planning and Community Development:** A \$27.1 million (124 percent) increase across several programs and funds, the majority of which is \$26.8 million for Equitable Development Initiative (EDI) Awards to community organizations, representing the remainder of unspent and unencumbered EDI budget authority.
- **Office of the City Auditor:** A \$500,000 (13 percent) increase from the Sweetened Beverage Tax Fund to continue work on the evaluation of the City's Sweetened Beverage Tax. The funds were unspent in 2020 due to uncertainty around the Covid-19 pandemic and are expected to be spent in 2021.

Other notable items include:

- **Childcare Bonus Appropriation:** A \$7.2 million increase to the Human Services Fund in the Human Services Department for Childcare Facility projects. This budget was added in a 2020 supplemental in anticipation on awarding contracts backed by Childcare Bonus

Fund revenue for Childcare Facility projects. Budget authority is needed in 2021 so that contracts for these funds can be executed.

- **Seattle Community Safety Initiative:** A \$4 million GF increase to HSD for one-time funds contracted out to Community Passageways to implement the community safety program.
- **West Wing Capital Improvements:** A \$2 million increase from the Cumulative Reserve Subfund - Unrestricted Fund to Finance General representing funds were added to the 2020 Adopted Budget as part of the High Barrier Workgroup recommendations. The funds would be used for a partnership between the City and King County to create a 40-60 bed, comprehensive place-based treatment center at the “West Wing” of the King County Correctional Facility. Funds were not spent in 2020 and are proposed to carry forward to 2021 for this capital development work.

These and all other requested items are described in in [Attachment A](#) to the summary and fiscal note submitted by the Executive. The bill requires approval by $\frac{3}{4}$ of the City Council to pass.

CB 120040 – 2020 Exceptions Ordinance

CB 120040, the 2020 Exceptions bill, requests approval for a total City budget increase of \$30.1 million. These appropriations increases are intended to resolve instances where departments overspent their revised 2020 Budget allocations. Notable requests include:

- **SDOT Budget Exception:** A \$9.4 million increase from the Transportation Fund due to unanticipated costs in the Leadership & Administration BSL for higher expenses in indirect costs and equipment than were projected in the 2020 Adopted Budget, primarily due to the COVID-19 pandemic.
- **Seattle Public Utilities Budget Exceptions:** Increases of \$8.4 million and \$4.8 million from the Water Fund and Drainage and Wastewater Fund, respectively, due to unanticipated expenses in the Utility Services and Operations BSL for operational and maintenance costs due to COVID, specifically due to not being able to dispatch capital project crews for safety and logistical reasons.
- **Office of Housing Budget Exceptions:** A \$6.1 million increase in the General Fund due to technical error in the 2020 Adopted Budget that resulted in a negative appropriation.

These and all other requested items are described in in [Attachment A](#) to the summary and fiscal note submitted by the Executive. The bill requires approval by three-fourths of the City Council to pass.

Budget Development - Next Steps

Based on information to date, and recent practice, there will likely be additional proposed standalone and comprehensive supplemental appropriations bills, as follows:

1. Currently unknown standalone bills, as well as those identified at the April 20, 2021 Finance & Housing Committee meeting, could include:

- *American Rescue Plan Act (ARPA) Coronavirus Local Fiscal Recovery (CLFR) Fund:* Would appropriate the first tranche, currently estimated to be \$119 million of the City's allocations of federal ARPA CLRF monies.
- *ARPA Targeted Aid:* Would appropriate \$12.2 million from the ARPA HOME Investment Partnerships Program and could include other targeted aid that is made available.

2. Additional comprehensive appropriation bills could include:

- *2nd Quarter Supplemental:* Typically introduced in mid-year, would represent the second comprehensive supplemental appropriations bill, and is distinct from the carryforward bill in that a grant acceptance bill typically accompanies it.
- *3rd Quarter Supplemental:* Typically introduced during the deliberative process for the next year's budget bill, which runs from October through the budget bill's final passage in late November, this bill would represent the third comprehensive, citywide budget increase request from the Executive, and is accompanied by a grant acceptance bill.
- *4th Quarter Supplemental:* Typically introduced in November, with final deliberation taking place in December, less than one-month after the final passage of the next year's budget and the 3rd Quarter supplemental, this represents the penultimate comprehensive citywide budget increase request from the Executive, and is accompanied by a grant acceptance bill.

Issue Identification

1. Timing of the Fourth Quarter Supplemental

The timing of the 4th Quarter Supplemental in the final month of the fiscal year raises issues for Committee consideration, including:

- The short time frame between the end of the fiscal year and the available time for deliberation in early to mid-December, places the Committee and City Council in the position of making resourcing decisions without time for robust follow-up and deliberation.
- Decisions being made during the comprehensive budget process for the next year, in October and November, may not incorporate the full financial status of available resources and needs in the current year.

- Due to the short time frame between passage of the bill, in December, and the end of the fiscal year, some spending authority requested in the quarterly supplemental year is simply carried into the next year through either automatic and/or legislative carryforward requests, possibly creating inefficiencies.

Options:

- A. Direct the Executive to plan for all final supplemental budget requests of the year to be made in the 3rd Quarter supplemental. This would require that City departments make more conservative financial planning projections when developing requests for the 3rd Quarter supplemental would therefore increase its size and scope. Further, for unavoidable emergent spending not identifiable in the 3rd Quarter, this could increase the size and scope of the Exceptions bill introduced in the next year. Standalone supplemental legislation introduced in the following year would provide an opportunity to consider grant acceptance and spending decisions that cannot be finalized by the deadline for the 3rd Quarter supplemental.
- B. Take no action.

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to the 2022 Budget; authorizing Department directors to accept anticipated future grants and enter into revenue-backed service contracts to support appropriations in the 2022 Budget. WHEREAS, most grants to City departments are accepted in the quarterly supplemental budget ordinances, but

several are recurring and are assumed to be renewed in the annual budget; and

WHEREAS, grant appropriations typically carry forward unspent appropriation, backed by the revenue previously received; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Attachment A to this ordinance lists approximate appropriation amounts in the 2022 Budget (introduced as Council Bill [REDACTED]) that are backed by anticipated future grants and service contracts. The Directors of City Departments listed in Attachment A are authorized to accept grants or revenue-backed service contracts consistent with the appropriations listed. Unspent funds so appropriated shall carry forward to subsequent fiscal years until they are exhausted or abandoned by ordinance.

Section 2. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by me in open session in authentication of its passage this _____ day of _____, 2021.

President _____ of the City Council

Approved by me this _____ day of _____, 2021.

Jenny A. Durkan, Mayor

Filed by me this _____ day of _____, 2021.

Monica Martinez Simmons, City Clerk

(Seal)

SUMMARY and FISCAL NOTE*

Department:	Dept. Contact/Phone:	CBO Contact/Phone:
City Budget Office		Katherine Tassery/206-615-0703

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to the 2022 Budget; authorizing Department directors to accept anticipated future grants and enter into revenue-backed service contracts to support appropriations in the 2022 Budget.

Summary and background of the Legislation: This bill authorizes City Department directors to accept grants and enter into revenue-backed service contracts anticipated as part of the 2022 Budget. Several departments routinely receive reliable funds from federal and state governments and other sources. The 2022 Budget relies on these revenues to back appropriations. Additionally, the appropriations backed by these sources will carry forward to subsequent budget years until exhausted.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ☐ Yes ☒ No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ☐ Yes ☒ No

Does the legislation have other financial impacts to The City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?
No.

Is there financial cost or other impacts of *not* implementing the legislation?
Not authorizing directors to accept these grants would impact the resources available to the City in 2022.

3.a. Appropriations

☐ **This legislation adds, changes, or deletes appropriations.**

Appropriations Notes: The 2022 Budget contains appropriations backed by the anticipated grants authorized in this bill.

3.b. Revenues/Reimbursements

X This legislation adds, changes, or deletes revenues or reimbursements.

Revenue/Reimbursement Notes: See Attachment A to the ordinance for a list of all of the revenues anticipated as a result of this legislation.

4. OTHER IMPLICATIONS

- a. **Does this legislation affect any departments besides the originating department?**
Several City Departments are authorized to accept future revenue as a result of this legislation.
- b. **Is a public hearing required for this legislation?**
No.
- c. **Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?**
No.
- d. **Does this legislation affect a piece of property?**
No.
- e. **Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?**
The revenues anticipated in this bill support a wide variety of City programs.
- f. **Climate Change Implications**
1. **Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?**
No.
 2. **Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.**
No.
- g. **If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s)?**
N/A

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to fees and charges for permits and activities of the Seattle Department of Construction and Inspections, related fees by other departments, and technical corrections; amending Sections 22.900D.090, 22.900D.100, and 22.900D.150 of the Seattle Municipal Code (SMC).

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Section 22.900D.090 of the Seattle Municipal Code, last amended by Ordinance 126213, is amended as follows:

22.900D.090 Permit fees for mechanical equipment and systems, other than boilers and pressure vessels and refrigeration systems

* * *

Table D-8 for 22.900D.090-Permit Fees for Mechanical Equipment	
Type of Installation	Fee
Forced air, gravity-type, or floor furnace, gas or heater, heat pump, recessed wall heater or floor-heater, wall furnace, circulating heater, or wood insert including ducts and burners attached there	(((\$118.55)) <u>\$79.43</u> per unit
New gas or oil burners and newly installed used burners ¹	(((\$148.20)) <u>\$99.29</u> per unit
Appliance vents Class A, B, BW, or L if installed se	(((\$117.50)) <u>\$78.73</u> per unit
Mechanical air-moving systems	See Table D-2 for 22.900D.010
Appliances or equipment or other work not class categories, or for which no other fee is listed	Hourly at the SDCI hourly rate. Minimum of 1/2 hour.
Footnote to Table D-8 for 22.900D.090 ¹ See Table D-12 for 22.900D.110 for rates for burners i	

* * *

Section 2. Section 22.900D.100 of the Seattle Municipal Code, last amended by Ordinance 126213, is amended as follows:

22.900D.100 Refrigeration equipment and systems

* * *

Table D-10 for 22.900D.100-Refrigeration Permit Fees ¹	
Type or Size of System/Equipment	Fee
Basic fee ²	(((\$55.90)) <u>\$37.45</u>
Additional installation fee per compressor	
0 - 5 tons	(((\$69.85)) <u>\$46.80</u>
6 - 25 tons	(((\$141.85)) <u>\$95.04</u>
26 - 100 tons	(((\$265.65)) <u>\$177.99</u>
101 - 500 tons	(((\$374.65)) <u>\$251.02</u>
Over 500 tons	(((\$455.10)) <u>\$304.92</u>
Repair and alteration (value of work)	
\$0 - \$1,000	(((\$69.85)) <u>\$46.80</u>
\$1,001 - \$5,000	(((\$101.60)) <u>\$68.07</u>
\$5,001 - \$10,000	(((\$175.70)) <u>\$117.72</u>
Over \$10,000	(((\$173.55)) <u>\$116.28</u> plus (((\$69.85)) <u>\$46.80</u> each \$5,000 or fraction thereof of valuation above \$10,000
Footnotes to Table D-10 for 22.900D.100 ¹ Where the application for permit shows horsepower rather than cooling tonnage, the fees of this table shall apply at a rate of one horsepower equals one ton of cooling capacity. ² The basic fee applies to new installations, repairs, and alterations.	

* * *

Section 3. Section 22.900D.150 of the Seattle Municipal Code, last amended by Ordinance 126213, is amended as follows:

22.900D.150 Electrical permit fees

SUMMARY and FISCAL NOTE*

Department:	Dept. Contact/Phone:	CBO Contact/Phone:
SDCI	Shane Muchow/206-684-7396	Christie Parker/206-684-5211

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title:

AN ORDINANCE relating to fees and charges for permits and activities of the Seattle Department of Construction and Inspections, related fees by other departments, and technical corrections; amending Sections 22.900D.090, 22.900D.100, and 22.900D.150 of the Seattle Municipal Code (SMC).

Summary and background of the Legislation:

This legislation revises a portion of SDCI's fees and charges beginning on January 1, 2022. The majority of SDCI's fees and charges were last revised in Ordinance 125982 effective January 1, 2020, which provided an inflationary adjustment of 4%. Ordinance 126213, which adjusted fees effective January 1, 2021, made only minor adjustments to electrical, refrigeration and furnace fees. The proposed 2022 fee revisions include changes to electrical, refrigeration and mechanical equipment fees. SDCI has determined these cost centers have sufficient revenue streams warranting a decrease in fee levels.

SDCI is primarily fee-supported, and its fees and charges are necessary to support SDCI's permitting operations. All fees collected by SDCI for processing SDCI's permits are used for that purpose, and the fee structure is reflective of the Seattle Municipal Code requirements to recover the cost of providing the permitting service. This legislation will help ensure that the fees that SDCI collects are in line with the services provided.

Attachment A to this Summary and Fiscal Note, "SDCI Permit Fee and Charges proposed for 2022" provides a summary of all SDCI fees affected by this proposed ordinance, and proposed changes for 2022. Prior to proposing this legislation, these fees were reviewed to determine whether the cost of providing the service warrants a fee change, if improvements to the fee structure are necessary, or if new fees are required.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ☐ Yes ☒ No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ☐ Yes ☒ No

Appropriation change (\$):	General Fund \$		Other \$	
		2022		2022
	\$0	\$0	\$0	\$0
Estimated revenue change (\$):	Revenue to General Fund		Revenue to Other Funds	
		2022		2022
	\$0	\$0		(\$865,994)
Positions affected:	No. of Positions		Total FTE Change	
		2022		2022
		0		0.0

Does the legislation have other financial impacts to The City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?

No

Is there financial cost or other impacts of *not* implementing the legislation?

Not implementing this legislation as proposed would create a situation where the revenues SDCI collects through fees would exceed the cost of providing permitting services.

3.a. Appropriations

☐ This legislation adds, changes, or deletes appropriations.

3.b. Revenues/Reimbursements

☒ This legislation adds, changes, or deletes revenues or reimbursements.

Anticipated Revenue/Reimbursement Resulting from this Legislation:

Fund Name and Number	Dept	Revenue Source	2022 Estimated change in Revenue
Construction and Inspections Fund (48100)	SDCI	Electrical	(\$355,516)
Construction and Inspections Fund (48100)	SDCI	Refrigeration & Mechanical	(\$510,478)
TOTAL			(\$865,994)

Is this change one-time or ongoing?

Ongoing

Revenue/Reimbursement Notes:

None

3.c. Positions

— This legislation adds, changes, or deletes positions.

4. OTHER IMPLICATIONS

- a. Does this legislation affect any departments besides the originating department?
No
- b. Is a public hearing required for this legislation?
No
- c. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?
No
- d. Does this legislation affect a piece of property?
No
- e. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?
By regularly reviewing fees, SDCI is able to ensure that the fees it sets appropriately cover the costs of the services it provides. After a thorough review and discovery of efficiencies in processes, SDCI is able to reduce fees in the proposed programs, making the application and permitting process more affordable to the community. Reducing fees for electrical, refrigeration and mechanical permits will positively impact communities of color and historically disadvantaged communities, many of whom are small business owners.
- f. Climate Change Implications
1. Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?
No
2. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.
There is no anticipated impact on Seattle's ability to adapt to climate change.
- g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s)?
This legislation does not include a new initiative or major programmatic expansion.

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to street and sidewalk use; amending the Street Use Fee Schedule authorized by Section 15.04.074 of the Seattle Municipal Code; and ratifying and confirming certain prior acts.

WHEREAS, Section 15.04.074 of the Seattle Municipal Code authorizes and directs the Director of

Transportation to prepare and recommend to the City Council, for passage by ordinance, a schedule of fees applicable to all street and sidewalk use permits (“Street Use Fee Schedule” or “fee schedule”), which may take into consideration the desirability or undesirability of the use of occupation relative to the rights of the public; and

WHEREAS, street use permits must fully recover their cost to comply with the Seattle Municipal Code; and

WHEREAS, the Street Use Division has analyzed the Seattle Department of Transportation’s (SDOT) rates and

fees to ensure cost recovery, including creating specific fees for Street Improvement Permit Lite and Council Term permits, modifying and updating the Street Vacation filing fee to an issuance fee, and updating issuance fees and rates for street use permits based on this analysis; and

WHEREAS, SDOT is clarifying that the hourly review and inspection rate applies for reviews and inspections completed by SDOT and other City Departments; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. The Seattle Department of Transportation (SDOT) Street Use Fee Schedule, last amended by Ordinance 126339, is replaced by the SDOT Street Use Fee Schedule attached as Attachment A to this ordinance.

Section 2. Effective January 1, 2022, the SDOT Street Use Fee Schedule is replaced by Attachment A to this ordinance. Otherwise, authority to adjust rates and fees as authorized in Ordinances 125945, 125706, and 125185 remains in effect.

Section 3. Any act consistent with the authority of this ordinance taken after its passage and prior to its effective date is ratified and confirmed.

Section 4. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by me in open session in authentication of its passage this _____ day of _____, 2021.

President _____ of the City Council

Approved / returned unsigned / vetoed this _____ day of _____, 2021.

Jenny A. Durkan, Mayor

Filed by me this _____ day of _____, 2021.

Monica Martinez Simmons, City Clerk

Definitions

<u>Factor/Term</u>	<u>Description</u>
ROW Simple	A simple permit is a permit that requires minimal review, such as a dumpster or storage container.
ROW Complex	A complex permit requires technical review and coordination, such as a 50-foot utility trench, a tower crane or other construction staging.
PSM	Public Space Management (PSM) issues permits ranging from short-term activation of the right of way (e.g., neighborhood block parties) to long-term renewing permits for private encroachments like retaining walls and sidewalk cafes. This includes term permits and shoreline street ends, as well as pilot projects. This applies to the following short-term use codes: 3AA, 3A, 3B, 3C, 19B-19K, 52A, 54B. This applies to the following long-term use codes: 2A, 3D, 6, 7, 7A, 7C, 8, 11, 12, 14, 16, 18A, 18B, 18D, 18E, 19A, 21, 22B, 29A, 52, 62, WW100, WW150.
Short-Term	Permits that are not renewed and are generally less than one year in duration.
Long-Term	Permits that are scheduled to renew on an annual basis.

Land value	<p>For Term permits, the value of the use area in the right-of-way shall be based on the abutting parcel's current per-square-foot land value as determined by the King County Assessor. If the use area extends beyond the right-of-way centerline or abuts multiple parcels, the permit fee shall be calculated by averaging the abutting parcels' current land values.</p> <p>For Shoreline Street End permits, the value of the use area in the right-of-way shall be based on the abutting parcel's current per-square-foot land value as determined by the King County Assessor. If the use area extends beyond the centerline of the right-of-way or abuts multiple parcels, the permit fee shall be calculated for each portion of the use area according to the current per-square-foot land value of the abutting parcels.</p> <p>If all parcels abutting the Term or Shoreline Street End permitted use area are government-owned and the parcels are not tax assessed in whole or in part by King County, the parcels shall be excluded when establishing the Term or Shoreline Street End permit fee. To determine the permit fee, the current per-square-foot land value as determined by the King County Assessor of the closest privately-owned parcel or parcels with the same zoning or shoreline designation of the Term or Shoreline Street End permitted use area shall be averaged. If the next closest privately-owned parcel or parcels do not have the same underlying zoning or shoreline designation as the abutting government-owned parcel, the Seattle Department of Transportation shall consult with the City Appraiser. The City Appraiser shall determine if the next closest parcel or parcels with similar zoning or shoreline designation reasonably establishes the current per-square-foot land value of the use area in the right of way for fee calculation purposes.</p>
Use area	<p>Square footage of the permitted encroachment in the right-of-way, as authorized by Seattle Department of Transportation.</p>
Transit/Bike/Ped Impacted	<p>When a transit lane, bike lane or pedestrian sidewalk or pathway is partially closed, but mobility for the traveling public is maintained.</p>
Transit/Bike/Ped Blocked	<p>When a transit lane, bike lane or pedestrian sidewalk or pathway is closed to the traveling public.</p>
Rate of return	<p>Annualized rate of return on market value of the right-of-way, as established by the City Appraiser or a State of Washington Certified General Real Estate Appraiser retained by the Director of Transportation.</p>
Degree of alienation	<p>For Term permits, the degree of impact on the public, utilities, right-of-way, and other potential uses of the right-of-way based on City policy, as established by Seattle Department of Transportation.</p>

Demand probability	For Shoreline Street End permits, the estimated demand of probable use shall be based on factors that include, but are not limited to, location, access, size, view, and topography; as established by the City Appraiser or a State of Washington Certified General Real Estate Appraiser retained by the Director of Transportation. Refer to Ordinance 123611, Attachment A: Demand Probability Factor. The Director of Transportation is authorized to update Attachment A based upon the recommendations of the City Appraiser or a State of Washington Certified General Real Estate Appraiser. The new Demand Probability Factor shall become effective when the updated Demand Probability Factor is adopted by rule.
Maritime Industrial Use Discount Factor	To support the City's policies of protecting its maritime uses, a 50 percent discount factor shall apply to that portion of the Shoreline Street End occupied by a legally established water-dependent or water-related use as defined in Seattle Municipal Code Section 23.60.944.

The Department of Transportation is directed to use the shoreline street end permit fees credited to the Transportation Fund for the following purposes:

- (a) Notifying property owners that abut shoreline street ends of the need for permits for private use of the street end and of the fee schedule;
- (b) Administering and inspecting shoreline street end use;
- (c) Verifying property boundaries and area of use;
- (d) Matching funds for neighborhood improvements of shoreline street ends for public use;
- (e) Signing, demarcating, and maintaining shoreline street ends;
- (f) Funding street and sidewalk improvements within a half-block radius of any of the shoreline street ends identified in Exhibit A to Resolution 29370 that directly contribute to public access to the shoreline street end.

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title:

AN ORDINANCE relating to street and sidewalk use; amending the Street Use Fee Schedule authorized by Section 15.04.074 of the Seattle Municipal Code; and ratifying and confirming certain prior acts.

Summary and background of the Legislation:

This legislation updates and adjusts SDOT's street use hourly service rates and permit fees. As authorized in SMC 15.04.074, the proposed changes advance the goal of full cost recovery for permitting while continuing existing free permit programs for businesses and homeowners. This legislation updates the hourly service rates and permit fees to improve cost recovery, adds new permit fees for Street Improvement Lite and Council Term permits, and changes the Street Vacation filing fee to a permit fee to standardize the fee collection process in SDOT's permit system.

This legislation will also transition Public Space Management permits from charging separately for review and issuance fees and instead incorporate the cost of review into the permit fee. This means that while public space management permit fees are increasing, overall costs to most applicants will go down and will also be more predictable and transparent.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ☐ Yes ☒ No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ☐ Yes ☒ No

Appropriation change (\$):	General Fund \$		Other \$	
	2022	2023	2022	2023
	N/A	N/A	N/A	N/A
Estimated revenue change (\$):	Revenue to General Fund		Revenue to Other Funds	
	2022	2023	2022	2023
	N/A	N/A	\$3.3 million	\$3.3 million

Positions affected:	No. of Positions		Total FTE Change	
	2022	2023	2022	2023
	N/A	N/A	N/A	N/A

Revenue Notes: The revenues and appropriations associated with this legislation are included in the Mayor's 2022 Proposed Budget. These revenues and appropriations are in the Transportation Fund.

Does the legislation have other financial impacts to The City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?
City of Seattle Departments, e.g. SPU and SCL, may pay increased fees, depending on the nature and sequencing of their work in the right-of-way. These increases will be minimal overall.

Is there financial cost or other impacts of *not* implementing the legislation?
Not implementing this legislation would require Street Use staffing costs to be substantially subsidized by use fees that are intended to fund transportation projects.

3.d. Appropriations

 This legislation adds, changes, or deletes appropriations.

Appropriations Notes: Appropriations associated with this legislation are included in the Mayor's 2022 Proposed Budget.

3.e. Revenues/Reimbursements

X This legislation adds, changes, or deletes revenues or reimbursements.

Anticipated Revenue/Reimbursement Resulting from this Legislation:

Fund Name and Number	Dept	Revenue Source	2022 Revenue	2023 Estimated Revenue
13000 Transportation Fund	SDOT	Hourly Service Rates and Permit Issuance Fees	\$3.3 million	\$3.3 million
TOTAL			\$3.3 million	\$3.3 million

Is this change one-time or ongoing?
This change is ongoing, although the revenue will fluctuate with the development cycle.

Revenue/Reimbursement Notes:

3.f. Positions

 This legislation adds, changes, or deletes positions.

4. OTHER IMPLICATIONS

- a. Does this legislation affect any departments besides the originating department?**
As noted above, City of Seattle Departments, e.g. SPU and SCL, may pay increased fees, depending on the nature and sequencing of their work in the right-of-way. These increases will be minimal overall.
- b. Is a public hearing required for this legislation?**
No
- c. Does this legislation require landlords or sellers of real property to provide information regarding the property to a buyer or tenant?**
No
- d. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?**
No
- e. Does this legislation affect a piece of property?**
No
- f. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities?**
This legislation will provide Street Use revenues that will be used to provide resources to manage the right-of-way and reduce impacts to the traveling public, ensure access to transit is maintained during construction, and promote positive uses of the right-of-way.

The increase to complex permit fees will impact developers, contractors, and utilities and help mitigate impacts to BIPOC communities during construction. Applicants for simple permits that have minimal impact to the right-of-way are typically homeowners and businesses; this legislation keeps those fees low. Permits that are currently free will continue to be free to support the goals of improved livability and economic recovery.

There are no identified impacts to historically disadvantaged communities.
- g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s)?**
N/A

List attachments/exhibits below:
None.

Legislation Text

File #: CB 120192, **Version:** 1

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to the Department of Parks and Recreation; establishing the 2022 fee schedule for the use of park properties and other park and recreation facilities and services; and superseding previous park and recreation fee schedules.

WHEREAS, on November 23, 2020, the Seattle City Council approved Ordinance 126214, which established the 2021-2022 fee schedule for the use of park properties and other park and recreation facilities and services and superseded previous park and recreation fee schedules; and

WHEREAS, the City Council wishes to adopt a 2022 Seattle Parks and Recreation Fee Schedule effective January 1, 2022; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Effective January 1, 2022, the Superintendent of the Department of Parks and Recreation is authorized to charge the fees substantially in the form set forth in the 2022 “Seattle Parks and Recreation Fee Schedule,” attached as Attachment 1 to this ordinance. All prior Seattle Parks and Recreation fee schedules are superseded.

Section 2. The provisions of this ordinance and of Attachment 1 to this ordinance are declared to be separate and severable. The invalidity of any clause, sentence, paragraph, subdivision, section, subsection, or portion of this ordinance, or the invalidity of its application to any person or circumstance, does not affect the validity of the remainder of this ordinance or the validity of its application to other persons or circumstances.

Section 3. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by

Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by
me in open session in authentication of its passage this _____ day of _____, 2021.

President _____ of the City Council

Approved / returned unsigned / vetoed this _____ day of _____, 2021.

Jenny A. Durkan, Mayor

Filed by me this _____ day of _____, 2021.

Monica Martinez Simmons, City Clerk

(Seal)

SEATTLE PARKS AND RECREATION FEES AND CHARGES

AUTHORITY AND GENERAL PROVISIONS

- **Authority**

Fees and charges are necessary to provide financial support to the Seattle Parks and Recreation (the Department) for the operation and maintenance of programs, facilities, and park grounds. The revenue generated by these fees constitutes only a portion of funds required for operating and maintaining the Park System. All fees collected from park and recreation activities and concessions are used exclusively for the Park System, as these funds are deposited in the Park and Recreation Fund, not the City General Fund. Fees and charges are proposed each year by the Department as a part of the annual budget process. Both the Mayor and City Council review and, by ordinance, authorize the Department to collect these fees and charges.

- **General Provisions**

The Superintendent of the Seattle Parks and Recreation is authorized to establish a fee for requested uses not included in this schedule, keeping the Mayor and the City Council advised thereof. The Superintendent of the Seattle Parks and Recreation is authorized, as provided in Seattle Municipal Code (SMC) Chapter 18.28, to waive or reduce any fees in this Schedule.

The Superintendent of the Seattle Parks and Recreation is authorized, as provided in SMC Chapter 18.28, to establish experimental rates, and to engage in special promotional and marketing activities to enhance Departmental programs. These include, but are not limited to, use of 2 for 1 coupons, 50% discount coupons and free admission days for children. Discounts for Senior Adults (age 65 and over) vary per program. These types of activities may occur at various Department facilities throughout the year.

The Superintendent of the Seattle Parks and Recreation is authorized, as provided in SMC Section 18.24.010, to operate for fee parking without recourse to commercial or private operators such parking lots under the Department's jurisdiction as are deemed desirable with the concurrence of the City Council by resolution as to location and fee schedule, consistent with provisions of RCW 35.86.010 and 35.86.040 which so permit such owner operation.

The Superintendent of the Seattle Parks and Recreation is authorized, as provided in SMC Chapters 18.04 and 18.28, to approve the free use of Department facilities by the Associated Recreation Council, recognized recreation advisory councils, and other organizations that are open to the public, that further Department goals and programs, and that apply any proceeds to Park and Recreation services.

In addition to the fees and charges identified herein, the user may be required to pay any additional Department costs resulting from such use, and to pay a reasonable portion of the City's costs for traffic control and police services when the user's event requires them. Cancellation of reservations for Parks and Recreation facilities or services may result in loss of payment or a service charge (see Appendix D). For further information, contact Seattle Parks and Recreation at (206) 684-4075.

Fees contained in this Fee Schedule shall not apply to permits issued pursuant to SMC Chapter 15.35 "Filming."

STAFFING FEES

Rentals are required to have at least one staff in attendance. If additional staff are required due to the nature of the event or the anticipated attendance, a fee of \$30.00 will be multiplied by the number of staff required for the event. Additionally, staff rates increase 1½ times per hour on holidays.

Staffing fees are applicable at:

- Tateuchi Community Room
- Shoseian Tea House
- West Seattle Stadium
- Interbay Stadium
- Lower Woodland #1 Field, when using scoreboard
- Gymnasium rentals
- Boathouse, Bathhouse, Shelterhouse, and Pumphouse Rentals
- Magnuson Park (Event attendants)
- Park Area Ceremonies (Ceremony attendants) – Additional staff fees will be charged when wedding or ceremony is large and/or complex

ADMISSION FEES

QUICK CARDS

- **Seattle Parks and Recreation “Quick Cards”**

This reusable card features a barcode and photo of the participant. It allows fast, easy, self-service access to a variety of selected fee-based or free programs (recreational swims, fitness swims, weight room access, teen centers, etc.) at various facilities. This non-refundable, non-transferrable card can be reloaded, renewed, or added with new features/programs as desired or as they become available. There is a \$5.00 replacement fee for lost or stolen cards. For further information, call the Business Service Center at (206) 684-5177.

GOLF COURSES

- **Interbay, Jackson, Jefferson and West Seattle Golf Courses**

The Superintendent of the Seattle Parks and Recreation is authorized to establish all greens fees and all other golf facility or service fees (including, but not limited to, driving range, carts, cars, play cards, lessons, and room rentals) consistent with and subject to the contract entered into with Premier Golf Centers, LLC (Premier), as authorized by separate ordinance. Golf program fees will be prominently posted at all times in each clubhouse. Call the following for further information:

Interbay	(206) 285-2200
Jackson	(206) 363-4747
Jefferson	(206) 762-4513
West Seattle	(206) 935-5187

- **Green Lake Pitch & Putt**

Green Lake Pitch & Putt is operated through a concessions contract. Therefore, fees for participation at this facility are not governed by City Ordinance. You may contact Green Lake Pitch & Putt directly at (206) 632-2280, or the Business Resources Unit of the Seattle Parks and Recreation at (206) 684-8008, to obtain specific information related to this facility.

SEATTLE AQUARIUM

- **Aquarium Fees**

All admissions, services rendered or sales made to the public or otherwise at the Aquarium (including, but not limited to, admission fees, annual memberships, rentals, education program fees, and discounts/other programs) will be established by the Seattle Aquarium Society (“SEAS”), consistent with and subject to City Ordinance 123205 and Article 13 of the Seattle Aquarium Operations and Management Agreement. You may contact the Seattle Aquarium directly at (206) 386-4300 to obtain further information or by visiting their web page at “seattleaquarium.org”.

VOLUNTEER PARK CONSERVATORY

- **Weddings / Photography Permits**

Weddings and special ceremonies may be scheduled (see page 32) and/or Photography Permits (to be used outside of public hours) may be obtained (see page 36) through the Parks Event Scheduling unit by calling (206) 684-4081.

- **Admissions Fee**

	2022	<i>Note: Classroom sessions scheduled during open hours <u>must</u> be scheduled in advance. Contact the Conservatory for scheduling and fee information.</i>
	\$4.00	Adult/Senior Admission Fee
	\$2.00	Youth Admission Fee (6-17 years)
	Free	Children (0-5 years)

- **Annual Passes**

	2022	<i>Note: *A \$5.00 service fee will be retained by the “Friends of the Conservatory” group</i>
	\$20.00*	Individual Annual Pass
	\$30.00*	Family Annual Pass

- **Group Rates**

	2022	
	\$25.00 per group	Group rate for pre-registered educational K-12 groups of 25 students; includes up to 5 adults chaperoning the group
	\$25.00 per group	Group guided tours, limited to 20 persons per group

JAPANESE GARDEN (Arboretum)

- **Admission Fees**

	2022	
	\$6.00	Adult Resident (18-64)
	\$8.00	Adult Non-Resident (18-64)
	\$4.00	Youth (6-17 years)
	\$4.00	College/University students (with valid ID) Senior Adult (65 & over)
	FREE	Children (0-5 years)

- **Public/Private School Group Rate for Grades K through 12**

Organized groups of children attending an educational institution with grades K through 12 are entitled to this group fee during the regular school year, if advance reservations are made (a minimum of two weeks’ notice is required for advanced reservations). Group rates are not extended to colleges, universities, or day-care facilities.

One responsible adult is required for every group of students, as indicated in the following ratios:

1:5 for grades K – 2 2:24 for grades 7 – 8
1:10 for grades 3 – 6 1:24 for grades 9 - 12

	2022	
	\$25.00	Group rate for pre-registered educational K-12 groups of 25 students; includes up to 5 adults chaperoning the group
	\$12.50	Add for each additional group size of 1 to 12 students

• Annual Pass

Annual family/dual passes include unlimited admission, during regular operating hours, for all members of an immediate family living in the same household, defined as two adults (guardians) and their children. The Dual pass also allows a parent pass holder to bring an adult guest, when the second parent pass holder is not present. Individual, Student, and Photographer annual passes include unlimited admission, during regular operating hours, for the person whose name appears on the pass. ID may be required upon entry.

	2022	Annual passes are valid for 12 months from date of purchase
	\$20.00	Annual Pass, Individual
	\$30.00	Family/Dual Annual Pass
	\$15.00	Annual Pass, Student (with current ID)
	\$75.00	Annual Pass, Photographer

• Guided Tours

The Japanese Garden Advisory Council, in cooperation with Unit 86 of the Arboretum Foundation, provides sponsor-guided tours of the Garden. Fees are established by the Advisory Council and may be obtained by calling (206) 684-4725.

• Meeting Rooms

NOTE: Rentals of the Tateuchi Community Room and the Shoseian Tea House are located within and administered through the Seattle Japanese Garden. There are use restrictions due to the quiet contemplative nature of the garden as well culture considerations in the Tateuchi Community Room.

Rentals of the Tateuchi Community Room and the Shoseian Tea House do not include access to the garden; therefore, admission fees are required for garden access.

Tateuchi Community Room

	2022	
	\$35.00	Small Room
	\$75.00	Alcohol fee
	\$500.00	Damage deposit for events with alcohol
	\$250.00	Damage deposit for events without alcohol

Shoseian Tea House

The Shoseian Tea House is available for rent only to approved groups practiced in the way of tea. Groups must have a signed Use Agreement on file with the Parks Department. Rentals will only be approved for tea ceremonies or classes. No other use is permitted.

	2022	
	\$35.00	Small Room
	\$500.00	Damage deposit for all events

AMY YEE TENNIS CENTER (Seattle Tennis Center)

SPECIAL NOTE to PARTICIPANTS: Residents may qualify for the resident fee listed below with proof of residency when booking courts or registering for programs. Persons not qualifying for residency will pay the non-resident fee listed.

Please contact Amy Yee Tennis Center at 206-684-4764 for further details.

• **Indoor Court Fees**

NOTE: Singles and Doubles court fees may be made available at half price for special group clinics, tournaments, or lessons for low-income youth and senior adults during off-peak times. These programs are to be determined by the Superintendent of Parks and Recreation.

	2022	Fee Type	Fees per each 1¼ hr court use
	\$36.00	Resident	Singles
	\$40.00	Non-Resident	
	\$44.00	Resident	Doubles
	\$50.00	Non-Resident	
	\$34.00	Resident	Senior Adult/Special Populations Singles Indoor
	\$38.00	Non-Resident	
	\$42.00	Resident	Senior Adult/Special Populations Doubles Indoor
	\$47.00	Non-Resident	
	\$60.00	Resident	Telephone Reservation Card (annual) for indoor courts
	\$66.00	Non-Resident	
	\$8.00	Resident / Non-Resident	Prorated Indoor court (15-minute intervals. Used when a court reservation for singles or doubles extends their court use for another 15-minutes.

	2022	Minimum class size is 6 students
	\$40.00 to \$300.00	A variety of Red Cross water safety courses, including Lifeguard Training, First Aid, CPR, Water Safety Instructor and others. Prices and course titles correspond to curriculum requirements and operating expenses to offer these programs. Prices include pool admission and instruction only.

- **Aquatic Facility Rental Fees**

General Swimming Pool Rentals (other than Competitive Sports)

	2022	
	\$30.25	Non-refundable booking fee required for all rentals in addition to hourly rates.
	\$200.00	Damage deposit for all rentals where equipment is brought into the facility.
	\$31.00	Hourly lifeguard staff costs (per lifeguard), in addition to pool rental fee (staff rates increase 1½ times per hour on holidays)

	\$94.75	Indoor pool or half of Rainier Beach Pool (either the lap pool or the leisure pool) rental cost per hour when pool is scheduled to be closed to the public, plus staff costs. <i>Calculation for a per lane rental rate when entire pool is used = dividing the cost per hour by the number of lanes and rounding up to the next whole dollar.</i>
	\$47.50	Hourly indoor pool rate for shallow end only in bulkhead pools when deep end is in use. This fee applies to Madison and Medgar Evers aquatic facilities.
	\$315.25	Indoor Pool rental, per hour, when pool is scheduled to be open to the public, plus staff costs
	\$147.25	Colman Pool rental, per hour, plus staff costs (exclusive use) Note: Colman Pool is an 8 lane, 50-meter pool with a slide
	\$157.75	Mounger Pool or Rainier Beach Pool rental, per hour, plus staff costs (exclusive use, including all pools & slide)

Swimming Pools – Competitive Sports Rentals

	2022	<i>(see notes on following page for more information)</i>
	\$30.25	Non-refundable booking fee required for all rentals in addition to hourly rates.
	\$200.00	Damage deposit for all rentals where equipment is brought into the facility.
	\$31.00	Hourly lifeguard staff costs (per lifeguard), in addition to pool rental fee (staff rates increase 1½ times per hour on holidays)
	\$89.50	Beginning Swim Team for youth – introductory beginning level, per hour for all lanes, offered at a reduced price to encourage use by new youth competitive sports programs. <i>Pricing offered on a quarterly basis at which time swimmers advance to standard rates.^A</i>
	\$115.75	Indoor competitive sports rental (between 6am-8pm) cost per hour when pool is scheduled to be closed to the public, plus staff costs. ^{A,B}
	\$58.00	Hourly indoor competitive sports (between 6am-8pm) rate for shallow end only in bulkhead pools when deep end is in use, plus staff costs. This fee applies to Madison and Medgar Evers aquatic facilities. ^B
	\$105.25	Indoor competitive sports rental (between 8pm-6am) cost per hour when pool is scheduled to be closed to the public, plus staff costs. ^{A,B}
	\$49.25	Hourly indoor competitive sports (between 8pm-6am) rate for shallow end only in bulkhead pools when deep end is in use, plus staff costs. This fee applies to Madison and Medgar Evers aquatic facilities. ^B
	\$231.25	Indoor pool competitive sports rental or Swim Meet, per hour, when pool is scheduled to be open to the public, plus staff costs. ^B

	\$200.25	Colman Pool competitive sports rental, per hour, plus staff costs (exclusive use) Note: Colman Pool is an 8 lane, 50-meter pool with a slide. ^B
--	----------	--

^A NOTE: Calculation for a “per lane” rental rate when entire pool is used = dividing the cost per hour by the number of lanes and rounding up to the next whole dollar.

^B NOTE: “Competitive sports” rates apply to swim teams, masters, and water polo.

NOTE: Individuals and groups desiring to use swimming pools will be expected to pay the cost of staffing in addition to program rates established. Staff rates increase 1½ times per hour on holidays.

NOTE: Rates also apply to Metro or King County League swim meets for events that do not include a Seattle Public School. Events that include a team from a Seattle Public School are covered under the Joint Use Agreement and are not charged a swim meet fee. Staff fees are additional (staff rates increase 1½ times per hour on holidays).

NOTE: There is an hourly flat-rate charge for competitive meets, with no additional percentage charges for the event (no percentage collected for entry fees and heat sheet sales).

NOTE: Swim meet entry fees and sale of heat sheets are included in base fee for each event.

NOTE: Permit Application Fee as established in **Use Permits** section of Fees and Charges ordinance will apply plus 10% of gross revenue for **all Admissions and Swim Meet Concessions** (food/drink, t-shirts, goggles, etc). Additional insurance and/or permits may be required.

NOTE: Deck or lobby rentals priced as small room under Class C room rentals.

NOTE: Bulkhead pool rentals during public hours are limited to lap pool or shallow pool, not both, unless specific fees are charged.

Timing System Rental

	2022	
	\$400.00	Minimum 4-hour use
	\$100.00	Each additional hour
	\$31.00/hr	Additional staff charge for delivery, set up, operation and clean-up (staff rates increase 1½ times per hour on holidays).

Note: The timing system is available for rentals at most Seattle Parks and Recreation swimming pools. Some limitations may apply.

Special Use Fees

	2022	
	10% of gross sales on Parks property	If, in the course of the activity/event, charges are levied for admission, sales, concessions, or entry fees, the user will be subject to a minimum charge of 10% of the gross receipts.
	\$1.00	Water Slide Use Fee per person for recreation swims over one hour in length; no charge if one hour or less.
	\$2.00 – 50.00	Supplemental Special Event fee (indoor or outdoor), depending on event, such as open water swim, dive-in movies, jazz night, etc.

	\$15.00	Dog Swim Special Event – <i>scheduled immediately prior to preventative maintenance closure. Limited to dogs only in the pool. No charge for spectators.</i>
	\$0.25	Coin Operated Locker
	\$0.50	Towel use, each
	Market Value	All merchandise sold at Mounger Pool will be at market value. Merchandise may vary throughout the season. NOTE: While this is a “City fee” at Mounger Pool, this fee is collected by the Associated Recreation Council at all other pools.

Special Provisions

Colman and Mounger Pools:

Admission fees to these facilities are charged to all persons entering pool area, even if not swimming (except parents watching children in lesson programs). Use of the pools, decks and picnic areas is part of the overall recreation opportunity; pool capacity is based on use of this area.

- **Special Programs**

Super Deluxe Birthday Party Package

A complete birthday party package at pools includes one-hour shared use in a section or portion of the pool, a one-hour party immediately following your water time in a designated party space (room, deck, or lobby), lifeguards, one pre-packaged juice, paper products and party goodie bags for each enrolled child. (Food items not included.) NOTE: Booking Fee does not apply to this program when operated during public business hours, and is not for exclusive use nor rental). Maximum party size is 20 children and 20 adults. Adults are included in the party package without charge as spectators and/or as in-water assistants for children who are weak swimmers, under height, or below age requirement. Adult in charge of party is responsible for all clean-up of party areas at the end of the program.

	2022	
	\$273.25	Minimum package fee – for a party of 10 children
	\$13.25	Additional fee – per child

Wading Pool Rental

	2022	
	\$500.00	Minimum 4 hours of operation (includes 5½ staff hours)
	\$50.00	Each additional hour

Wading pool rentals are only available at sites scheduled for summer use. All wading pool operating time under this rental rate is available for public use; no exclusive rental use is allowed.

Aquatic Special Events

NOTE: This category is for special events that result in the cancellation of scheduled programs or closure of a small craft center, swimming beach, or other public program. This fee is in addition to other fees.

	2022	
	\$300.00	Special events, per day

ATHLETIC FACILITIES

See Appendix C for the Athletics Field Inventory.

• **West Seattle Stadium and Interbay Stadium Usage Fees**

	2022	
	10% of gross revenues	Admissions/Sales. This includes admissions or donations, and excludes entry fees.
	\$79.00/ hr	Athletic Stadium Games, Meets and Events *
	\$58.75/hr	Practice Fee** adult and youth practices
	\$15.00/ hr	West Seattle Stadium only – youth fee
	\$15.00/ hr	Rental of the West fenced Field Event area for shotput, discus, hammer throw, long jump and javelin only (West Seattle Stadium only); users must also pay staff fee.
	\$31.50/ hr	Light Fee - this fee is charged for all uses requiring lights.

*Event fees are charged for adult and youth special events, games and meets. West Seattle Stadium fee provides exclusive use of the facility and includes use of equipment, the press box and PA system, ticket booth, locker rooms and grandstands. Interbay Stadium fee provides exclusive use of the facility and includes use of equipment, the press box, locker rooms and grandstands. A staff person is required to be in attendance, and the staff fee must be paid in addition to the use fee. This fee does not include Lights or 10% charge on all admissions/sales.

** Practice Fees provide use of the facility and includes use of equipment, the press box and PA system, ticket booth, locker rooms and grandstands. A staff person is required to be in attendance and the staff fee must be paid in addition to the use fee. This fee does not include lights or the ten percent (10%) charge on all admissions/sales. Facility use may not be exclusive – multiple users' activities will be organized through the Seattle Parks and Recreation scheduling office.

NOTES for Department Sponsored Activities:

- See following page for synthetic and non-synthetic field fees for practices/games.
- All rentals are a minimum of one hour.
- Additional staff may be required due to nature of event and anticipated attendance.
- A damage deposit may be charged depending on nature of event and anticipated attendance.

- **Adult Sports Fees**

	2022	
	\$25.00	Indoor Sports League Fee, per hour
	\$30.00	Adult Sports Team Administration fee/team

	\$60.00	Adult Outdoor Use, per hour – non-synthetic field
	\$31.50/ hr	Outdoor Field Lighting Fee, per hour

- **Youth Sports Fees**

	2022	
	\$16.00	Youth Outdoor Use, per hour – synthetic field
	\$10.50	Youth Outdoor Use, per hour – non-synthetic field
	\$81.00	Private School Outdoor Use, per hour – synthetic field
	\$60.00	Private School Outdoor Use, per hour – non-synthetic field
	\$81.00	Outdoor youth Sports Camps, per hour – all field surfaces
	\$31.50	Outdoor Field Lighting Fee, per hour

- **Sports Organizations’ Use Permits**

Sports organizations’ events, such as jamborees and tournaments, shall be subject to regular Use Permit charges. *See permit fee details on pages 31-33.*

- **Seattle Parks and Recreation Outdoor Tennis Courts**

Where a participant entry fee for tournaments or a fee for lessons is charged, 10% of gross receipts are to be paid to the Department in addition to the charges noted below. All persons who instruct tennis for a fee on Department courts must schedule according to court availability with the Scheduling Office, obtain the appropriate permit and pay the required fees. They must also successfully complete the Department’s Tennis Instructor’s Certification program and show proof of certification before a permit will be issued.

Tennis Reservations (4 or less players)

	2022	Scheduled based on availability.
	\$8.00	1 hour, court rental, Adult play
	\$13.00	1 hour, court rental, Private School
	\$6.00	1 hour, court rental, Youth play

Meeting room and gymnasium space is available only during times Department and Advisory Council programs are not scheduled. Uses are determined by classification A or C as defined below:

Class A Use: Non-Commercial Use, for the general public, scheduled during operating hours. No admission fee, vendor fee and/or donation is requested or received.

Class A use is reserved for advertised, non-commercial, public events/meetings that are for the general public and are scheduled during hours of operation. (If scheduled outside normal facility operating hours, see Class C use.)

Class C Use: All other rentals and Class A rentals scheduled outside of regular operating hours

NOTE: *An event will be considered advertised if it has been announced in the local paper, through mass mailing, radio or social media announcements, posters throughout the community, posted in or distributed through the community center*

• Hourly Room and Gymnasium Rental Fees

NOTE: A non-refundable \$30.25 booking fee per site is required for ALL rentals in addition to the hourly rates. An additional charge is required for staff and the use of certain types of equipment, subject to availability at the facility. (See page 19 for definitions of “Class A” & “Class C”)

Rooms

LAKE UNION PARK HISTORIC SHIPS WHARF

- **Center for Wooden Boats Fees**

Temporary use by vessels of the wharf and north seawall at Lake Union Park is managed by the Center for Wooden Boats under contract with Seattle Parks and Recreation. Fees are established by the Center for Wooden Boats consistent with and subject to the contract between Center for Wooden Boats and Seattle Parks and Recreation. For information, call 206-382-2628.

PARTICIPATION FEES

RECREATION PARTICIPATION FEES

As a service to the public, the Seattle Parks and Recreation may contract with Advisory Councils, or the Associated Recreation Council to collect fee payments. The contract shall require the Advisory Council or Associated Recreation Council to remit the participation fee to the City.

- **Community Center and Outdoor Recreation Class Fee**

	2022	
	4.0%	Percent of fee for all Advisory Council sponsored classes, programs, and sessions at community centers and for outdoor recreation programs.

- **Lifelong Recreation Program Participation Fees**

NOTE: These fees only apply to programs offered through the Department's Senior Adult Section. Senior adult fees for participation in other programs are listed elsewhere in this Fees and Charges Schedule. Where there is no senior adult fee listed for the activity, the adult fee will apply.

	2022	
	4.0%	Percent of Senior Adult Advisory Council class fee paid by registrants for all advisory council sponsored classes, programs and field trips.

- **Small Craft Center Class Participation Fees**

	2022	
	\$41,500	Rowing Advisory Council fee (paid in quarterly installments)
	\$14,000	Seattle Canoe Club (paid in quarterly installments)
	\$45,000	Mt Baker Boating Advisory Council (paid in quarterly installments)

- **Day Camps Booking Fee**

	2022	
	50% discount of Shelter and/or Table fees	Discount of “Picnic Reservation Fees” and Camp Long Shelters as found in Fees and Charges, plus \$75 use permit application fee.

PERMITS

USE PERMITS

Use Permits authorize non-department groups to utilize Seattle Parks and Recreation property for special events (i.e., runs, boating, concerts, day camps, community festivals, rallies, commercials, etc.). Additional charges may apply to cover direct cost of special services/requests.

- **General Provisions**

NOTE: Insurance shall be required when the planned event or any structure, activity or feature thereof presents a significant risk of liability or loss for the City, its officers, or for the applicant, due to personal injury or property damage. The insurance requirement shall not apply to events where the sole activity consists of expression protected by the First Amendment and does not involve the use of any structures, vehicles, equipment, apparatus or machinery that creates a significant risk of personal injury or property damage. In addition, an application fee will be collected upon formal written application. This fee is non-refundable, except when the Department denies a request.

	2022	
	\$50.00	Application fee – First Amendment Events, including political activities.
	\$75.00	Standard Application fee – Use Permits (i.e., runs, boating, concerts, day camps, community festivals, rallies, seasonal concession permits, etc.)
	\$30.00	Booth fee – As part of a special event, a charge of \$30.00 per booth or 10% of gross sales, whichever is greater.
	10% of gross sales on Parks property	<u>For events OPEN to the general public without restriction:</u> If, in the course of the activity/event, charges are levied for admission, entry fees, sales of goods or services, food or beverages, the user will be subject to a percentage of sales fee. For an activity/event open to the general public without restriction and without ticket or fee required for admission, this percentage of sales will equal 10% of the gross receipts for those items not free. 10% fees are due within 10 days of the expiration of the permit.
	The greater of 10% of gross sales on Parks property or \$5,000	<u>For events that RESTRICT general public access:</u> For events that restrict or limit access to the general public through the use of controlled entry points the percentage of sales fee shall be set at \$5,000.00 per day minimum or 10% of the gross receipts for those items not free, whichever is greater. In these cases, the percentage of sales applies to all admissions, registration fees or tickets, including those not purchased on Parks property collected before during or after the event. This minimum percentage of sales fee will be added to the park use reservation and must be paid in advance with all fees due prior to permitting. When sales generate additional fees, those fees are due within 10 days of the expiration of the permit.

	The greater of 10% of gross sales on Parks property or \$10,000	<p><u>For events that EXCLUDE general public access:</u></p> <p>For events that exclude the general public because the event is private in nature and restricted to a specific group or invited attendees, the percentage of sales fee shall be set at \$10,000.00 per day minimum or 10%, whichever is greater. In these cases, the percentage of sales fee applies to all admissions, registration fees or tickets, including those not purchased on Parks property collected before during or after the event. These fees apply to all days of event set up, event execution and event break down while the event area is restricted to the general public.</p> <p>This minimum will be added to the park use reservation and must be paid in advance with all fees due prior to permitting. When sales generate additional fees, those fees are due within 10 days of the expiration of the permit.</p>
	\$25.00	Load/Unload fee, per vehicle – for short-term access into non-parking areas or those areas accessed through a locked gate or bollard.
	\$95.00	Utility hook-up fee – for any utility hook-up performed by Department personnel.
	\$75.00	Alcohol use permit fee
	\$75.00	Supplemental Late Application Fee – for requests submitted less than 6 working days before event. (Fee does not apply to First Amendment events)
	\$100.00	Per surface (advertising banner, canopy/tent wall, sign, vehicle surface, inflatables, other) per day – for posting signage (including signage that contains both commercial and non-commercial elements) in a park in conjunction with a park use permit.
	\$15.00	*Hourly use fee for Triangles, Circles, Squares, Pocket parks, Boulevards, and the Burke Gilman Trail
	\$25.00	*Hourly use fee for Downtown & Neighborhood parks
	\$35.00	*Hourly use fee for Community, Natural, Special Use and Recreation Area parks
	\$175.00	**Parking area use fee – 25 or fewer spaces blocked per day
	\$225.00	**Parking area use fee – 26-50 spaces blocked per day
	\$575.00	**Parking area use fee – 51 or more spaces blocked per day

* Hourly use fee for Park Use Permits for all events except those constitutionally protected or those events covered under separate agreement. Contact Event Management office at 684-4081 for further information.

** Parking area use fees apply to designated parking areas in some parks that the Parks Department deems necessary to reserve for events.

• Permits and Agreements for Activity Permits

In order to provide positive activation to parks, needed amenities for park users and services that enhance the park experience or provide applicable opportunities that the Department does not provide, agreements and permits are periodically issued to interested parties and organizations and small businesses. Permits are mandatory for doing business in a park. NOTE: Rating criteria emphasis is put on WMBE businesses and those businesses are encouraged to register in the City’s WMBE database. Activities must align with the Department mission and goals. Activity (Fitness and Nature Education) opportunities are advertised on the Department website year-round.

	2022	<i>All fees are payable in advance at the time the permit is purchased.</i>
	\$75.00	Permit Administrative fee – Activities (Fitness & Education classes) operating less than ten (10) hours per week with fewer than 35 participants at any time.
	\$75.00	Monthly (per park) Permit fee – Activities (Fitness or Education) operating, but not vending in the Parks with fewer than 35 participants and less than ten (10) hours per week operating in a park.

• Use of Park Facilities for Filming/Photography

NOTE: Regular permit fees apply to below charges, including late permit fee.

Commercial filming and photography for advertising within the City of Seattle is covered under the Seattle Filming Ordinance. All of the information that you need about filming in Seattle can be found in the Seattle Film Manual, located online at <http://www.seattle.gov/filmandmusic/film/film-permits>

	2022	
	\$30.00	Per 4-hour block of time, per park, for commercial filming/photography (wedding photos, graduation photos, etc.). NOTE: Fees for Garden Sites may be higher, depending upon time of year and/or days requested.

• First Amendment Vending

Persons may apply for a permit to vend merchandise that is inherently expressive or in which a political, religious, philosophical or ideological message is inextricably intertwined. Such “First Amendment Vending” is governed by regulations adopted by the Seattle Parks and Recreation. When conducted on a park drive or boulevard, First Amendment Vending is subject to a base permit fee of seventy-five dollars (\$75.00) for a monthly site permit. When conducted within a park, First Amendment Vending is subject to a monthly base permit fee of seventy-five dollars (\$75.00). Questions concerning the First Amendment Vending Regulations may be directed to the Parks Concessions Coordinator at 233-0063.

• Construction Plan Review

The Seattle Parks and Recreation (SPR) charges a fee of \$128 per hour for our cost of construction plan reviews, including review of development plans from both private and public entities that affect park property. This SPR fee is in addition to the fee currently charged by the Department of Planning and Development (DPD), excluding Public Works projects which are requested for review outside the DPD review process. The DPD fee includes elements to reimburse DPD, Seattle Public Utilities (SPU), the Department of Health, and Seattle Department of Transportation (SDOT), for the plan review work done by their staff. For further information, please contact the Parks Planning & Development section at 206-684-4860.

PERMITS FOR NON-PARK USES of PARK PROPERTY (Revocable Use Permits or RUPs)

• General Provisions & Fees

Revocable Permits to Use or Occupy Park Property, commonly called Revocable Use Permits, are issued by the Superintendent of Parks and Recreation, under authority of Seattle Municipal Code (SMC) 18.12.042, 18.12.045, and 18.12.275, for various short-term or on-going (i.e., Limited Term or Continuing Use, respectively) **non-park uses** of public land under the control of the Seattle Parks and Recreation. **Permits are revocable upon thirty (30) days' notice** or immediately upon failure of the Permittee to comply with the terms and conditions of the Permit. **Unauthorized use of park property**, including failure to apply for and obtain a Revocable Use Permit, **is unlawful and subject to enforcement** actions or other remedies as specified in SMC 18.30 or other applicable law.

In accordance with the Policy on Non-Park Uses of Park Lands, as endorsed by City Council Resolution 29475, it is the policy of the Seattle Parks and Recreation to **limit authorized non-park uses of park land to the fullest extent practicable**. Fees and conditions set for Revocable Use Permits **are intended to discourage private, non-park uses of park lands**; encourage the elimination of encroachments; and promote private and public cooperation in maintenance of park lands in a manner consistent with a public park-like character.

Consideration of any permit application requires payment of an Application Fee, unless City action to a public right-of-way resulted in inaccessibility from other than park property. The **Application Fee is non-refundable**. Issuance of a permit requires payment of a Permit Fee which is:

- a **fixed daily fee** (i.e., **Limited Term permit fee**); and/or
- calculated in accordance with a **formula (Continuing Use permit fee)**; or
- a **minimum** permit fee.

Application Fees and Permit Fees are set periodically by ordinance. Under exceptional circumstances, the Superintendent of Parks and Recreation may waive or reduce the Revocable Use Permit Fee, in accordance with criteria established by SMC 18.28.030 or SMC 18.28.040. Creek restoration projects proposed by other City departments are specifically exempted from permit fees of any kind as the City recognizes these projects as valuable enhancements to its parks and recreation assets. In determining whether the Permit Fee should be **waived or reduced**, the Superintendent shall be guided by:

- The benefit to the public and the direct benefit to the park system;
- The frequency and/or amount of usage requested;
- The effect on and fairness to other park users;
- Consistency with policies underlying the fee schedule and SMC Chapter 18; and
- The consequences of denying the request.

The Superintendent may authorize the **acceptance of permanent physical improvements**, such as constructed improvements or landscaping, as compensation in lieu of the Permit Fee in those circumstances where the proposed in lieu compensation can be shown to be equal to, or greater, in value than the calculated or set amount of the Permit Fee, provided that the Superintendent shall not accept such in lieu compensation where the improvement is inconsistent with the City's health,

safety or aesthetic standards, the mission or policy of the Parks Department, or conveys any message that is not adopted by the City.

Waiver or reduction of the Permit Fee **does not necessarily waive or reduce other fees, charges, requirements, or obligations** in connection with issuance of a Revocable Use Permit including Application Fee, Inspection Fee, processing charges, insurance or indemnity requirements, or restoration requirements.

Limited Term Permit Fee

Limited Term permits may be issued for necessary uses of park property for brief periods of time, generally expected to be **limited to ninety (90) days or less**; however, Limited Term permits may be issued for uses expected to continue beyond ninety (90) days. **Examples of activities** for which Limited Term permits may be issued include removal of encroachments, installation of landscaping consistent with Department guidelines, utility installations, and temporary access.

The Limited Term permit fee will be **charged at a daily rate from the date the permit is issued or the date the use or occupancy of park property began, whichever is earlier**, until the activity is completed and all conditions of the permit, including restoration of any damage to park land, have been satisfied. If seasonal factors, such as planting conditions or construction prohibitions, warrant a delay between the time the use or occupancy of park property is completed and the time the restoration is completed, no Permit Fee shall be charged for the interim period, unless the park land is unavailable for the use or enjoyment of the public.

If a Revocable Use Permit is issued for a use of park land that is expected to continue for a limited period of time, such as a Limited Term permit, but for a **period exceeding ninety (90) days**, the fee shall be the daily rate set for Limited Term permits for the first ninety (90) days; the fee for the period exceeding ninety (90) days shall be calculated in accordance with the Continuing Use permit fee.

Under no circumstances shall a Limited Term permit fee be converted to a lesser fee due to extension of the anticipated completion date of the permitted activity. If upon inspection it is determined that the permit conditions have not been satisfied, charges for additional daily fees at the same rate shall accrue until conditions have been satisfied.

Continuing Use Permit Fee

Continuing Use permit fees shall be charged for **uses expected to continue for an extended period of time, generally beyond ninety (90) days (e.g., encroachments or other non-park uses that will not be corrected or eliminated within a ninety (90) day period)**. Continuing Use permit fees shall be calculated using a **formula** based on land **Value**, **Area** of use, a **Barrier** factor, and a **Rate** of return (**V x A x B x R**).

The **Value** of the park land used shall be determined by calculating the average of the **assessed value** per square foot of the benefited property and the assessed values per square foot of **comparable** (i.e., similarly zoned, having similar amenities such as waterfront or view), nearby (within a distance not to exceed 1,000 feet) **non-park properties**.

The **Area** shall be the total of the square footage of park land actually used or occupied for non-park purposes and/or the square footage of park land that is subject to a barrier to public use and/or enjoyment.

The **Barrier Factor** is a multiplier of 1 or less than 1, representing the extent of barrier to public use and enjoyment, as set by the following scale. If two or more Barrier Factors may apply, the greater factor shall apply.

Factor: **1.00** Full use and/or occupancy of area, preventing public use or occupancy of the area (e.g., a private structure); or creation of a physical barrier denying public use or access to the area (e.g., a fence or hedge);

.70 Creation of a perceptual barrier by improvements or actions that capture the public space for private use (e.g., paving, shrubbery, other plantings);

.35 Private landscaping or other improvements on park land that violate, exceed, or are inconsistent with established design guidelines or reasonable standards intended to preserve the public park-like character of park lands (e.g., private access drive or walkway in excess of standard; private lighting or safety railings that exceed a security function).

The **Rate** of return (i.e., land capitalization rate) is set at 10%.

Continuing Use permit fees for permit **periods of less than twelve (12) months are payable in full prior to permit issuance**. Continuing use permit fees for permit periods anticipated to continue for twelve (12) months or more may be pro-rated and annualized and payable in advance for such annualized date as the Department shall establish. If the permit period is shorter than anticipated, the permit fees paid in advance shall be prorated for the time used and over-payment shall be refunded, except in the case of revocation due to Permittee's failure to comply with the terms and conditions of the permit, in which case no refund shall be given. **Permits for utility installations, such as electrical, natural gas, or telephone service, shall be charged as Limited Term permits**, based on the permit period necessary for installation.

There is no Permit Fee charged for Limited Term permits of ninety (90) days or less issued expressly to allow the removal or elimination of an encroachment onto park land.

There is no Permit Fee charged for certain non-park uses of park land which may be allowable by property right, such as driveway access from the roadway portion of a park boulevard if access is not available from any other right-of-way, or pedestrian walkway from a public sidewalk to the abutting private property, if such uses comply with established design guidelines or reasonable standards intended to preserve the public park-like character of park lands.

Revocable Use Permit FEE SCHEDULE

	2022	
	\$200	Application Fee (non-refundable; includes one (1) on-site inspection and two (2) hours of staff time for reviewing and processing application)
	\$200	Inspection and/or Monitoring, per hour (Application fee includes one on-site inspection. Additional on-site charges at \$200.00 per hour may be assessed, for on-site inspections and/or monitoring, if specified in the Permit or if necessary in the Department's judgment, due to Applicant's or Permittee's action(s), or failure to comply with the terms and conditions of the permit.)
	\$250	Limited Term Permit, per day, OR \$325.00 minimum, whichever is greater
	Formula	Continuing Use Permit, determined by formula (V x A x B x R) OR \$650.00 minimum, whichever is greater
	\$130	Processing Charges, per hour (costs of staff time in excess of two (2) hours to review and process permit applications; payable prior to permit issuance.)

PROMOTIONAL & MARKETING FEE WAIVERS & REDUCTIONS

The Superintendent of the Seattle Parks and Recreation is authorized, as provided in SMC 18.28.020, to waive or reduce entry or use fees from those contained in an approved fee schedule in conjunction with the promotion and marketing of Park and Recreation programs.

EXAMPLES OF FEE WAIVERS & REDUCTIONS

Authorized activities include, but are not limited to, the following arrangements:

1. **Sponsored days:** A sponsored day or activity for which a sponsor pays the Department a fixed fee, a matching amount, or supplies advertising, service, or other benefit. In exchange, the Department provides free public entry use of the facility, or free or reduced entry for a certain segment of the public (e.g., children under 12, senior citizens, anyone donating clothing or food for a drive for those in need); for a special group of the public (e.g., participants in a community parade); or to the first entrants up to a specified number.
2. **Bonus and prizes:** The Department may distribute to users or entrants an item supplied by the sponsor (e.g., a button, a balloon, literature, an item of apparel, or a donated prize for an achievement).
3. **Combination tickets:** The Superintendent may issue a combination ticket for use of multiple City facilities or participation in multiple City events. A combination ticket may also take the form of a reciprocal discount or credit. For example, presentation of a ticket stub or coupon from an aquarium in another city may entitle the holder to a credit on admission to the Seattle Aquarium when a receipt for paid entry to Seattle's Aquarium entitles the holder to like privileges in the facility of the other city. In those cases, where a combination ticket is authorized, combining multiple events and facilities:
 - o The combined ticket price may be less than the amount that would be paid for each entry or event singly;
 - o The combined ticket shall expire within a time period after the ticket's sale or first usage, with said period to be determined by the Superintendent of the Seattle Parks and Recreation or his or her designee; and
 - o The City and any other participant organizations shall apportion the revenue from the combined sale by a ratio or formula.
4. **Discount Coupons:** A coupon allowing two people to enter for the price of one person, or the coupon holder to enter at a reduced rate. Coupons may be offered through a sponsor who makes a payment to the City or who provides special advertising in return. For example, the coupon may accompany an advertisement in a widely distributed publication for tourists, which contains similar coupons for other attractions. The Department may also use coupons as a way of reaching out to a group or segment of the citizenry, who would not attend or use the facility at the established fee.

5. Prepaid Passes: During special hours or otherwise, admission may be sold to a tour company, the organizer of a convention, or an association at an aggregate fee for all members and the participants may be granted entry, either as a group or individually, at the hours or on the days authorized by presenting a ticket or other indication of pre-payment.
6. Departmental Free or Half-Price Days: “Senior citizens’ days” may be offered during which time people over a minimum age are admitted free; a free day may be provided for the public to see and enjoy an exhibit financed through a bond issue or by a public fund-raising drive; on a “Kids’ Day” or “Neighborhood Day,” admission may be free for children and low income adults; a free golf lesson day for kids may be provided; or free swimming day at our pools may be provided.
7. Promotional Purposes: The Department may offer extended evening hours or special discounts during specific periods in the year to encourage high attendance at our park facilities. Some examples include, but are not limited to, the following:
 - (a) Extended Aquarium hours and special discounts during the summer.
 - (b) Extended special discount for swimming fees during the summer.

APPENDIX D – Parks Department Refund Policy

Department Policy & Procedure

Subject: Refund Policy (for community centers, swimming pools, small craft centers and other recreational providers)		Number 060-P 7.16
		Effective 1/9/2013
		Supersedes 3/15/2001
Approved: A <u>current</u> , approved, signed copy of this policy can be found on the Seattle Parks web site, located at: http://www.seattle.gov/parks/reservations/feesandcharges/refunds.htm	Department: Parks and Recreation & The Associated Recreation Council	Page 1 of 3

SUMMARY

For community centers, swimming pools, small craft centers, outdoor spaces, sports fields and other recreation providers, it is the policy of Seattle Parks and Recreation and the Associated Recreation Council that:

- *A full refund will be issued for any program, activity, or reservation that is cancelled for any reason by the Department or the Associated Recreation Council.*
- *Any person who registers for a PROGRAM and who requests a refund before the second class session may receive a prorated refund minus a service charge.*
- *Any person who registers for an ACTIVITY and who requests a refund 14 days or more before its start, may receive a refund minus a service charge.*
- *Any person who schedules a STANDARD RENTAL of a recreation facility and who cancels at least 15 days in advance is entitled to a partial refund.*
- *Any person who schedules a rental of a SPECIAL AMENITY FACILITY and who cancels at least 90 days in advance is entitled to a partial refund.*
- *Any person who reserves a SPORTS FIELD must provide 14 days advance notice of cancellation to be entitled to a full refund.*
- *ADULT SPORTS LEAGUES may receive a partial refund if the cancellation notice is received prior to the league starting and if a replacement team is found.*

Portions of this summary will be included in printed materials where applicable with reference to encourage customers to read the entire policy for specific information. This policy is Appendix D to the adopted Fees and Charges Ordinance for Seattle Parks and Recreation.

1.0 DEFINITIONS:

“Activity” is the term applied to a day camp, school-age or preschool care, trip, overnight camp or special event operated by Seattle Parks and Recreation or Associated Recreation Council or other authorized providers.

“Booking Fee” is an established fee found in the adopted Fees and Charges Ordinance for Seattle Parks and Recreation as a requirement when requesting a facility rental.

“ARC” is the Associated Recreation Council operating programs at Seattle Parks and Recreation facilities under a Master Use Agreement with the City of Seattle.

“Cancellation” is a case in which the Department does not operate a program as originally planned and/or scheduled and results in a refund to the customer without a service charge applied.

“Damage Deposit” is an established fee found in the adopted Fees and Charges Ordinance for Seattle Parks and Recreation usually required as a deposit for facility rentals.

“Fees and Charges” are City fees adopted by City Council as a City of Seattle Ordinance establishing fees and charges for Seattle Parks and Recreation.

“Program” is the term for a series of classes which may include swimming instruction, youth sports, ARC recreation classes or other similar recreation class series.

“Refund” is the direct payment of money or a credit to a customer account. If payment was made by cash or check, a refund will be processed through the Accounting office and may take approximately three weeks. If payment is made through credit card, the refund will be processed within 48 hours of the request.

“Transfer” is the process of withdrawing from one program and enrolling in a different program.

2.0 PROGRAM

2.1 CANCELLATION: It is the policy of Seattle Parks and Recreation and Associated Recreation Council to make a full refund to participants who register for a class, camp, special event or program that is canceled by the Department or Advisory Council for any reason.

2.2 CANCELLATION OF ONE SESSION: In the event of an unplanned cancellation of a single session of a program, that class will be rescheduled whenever possible. If it cannot be rescheduled, the participant will receive a refund.

2.3 DROPPING A PROGRAM BEFORE SECOND SESSION: A participant may be issued a refund if he/she withdraws from a program, and notifies the program coordinator, prior to the second class session. The facility will retain the pro-rated class fee plus a service charge of \$5.00 or 10% of the fee, whichever is greater.

2.4 DROPPING A PROGRAM AFTER SECOND SESSION: If a participant withdraws from a program after the second session of a series, no refund will be given.

3.0 ACTIVITY

3.1 BEFORE, AFTERSCHOOL, AND PRESCHOOL CHILD CARE PROGRAMS: A participant may be issued a refund, less the deposit amount for the activity, if he/she withdraws from a before and/or after school, or preschool child care program if he/she notifies the program coordinator at least fourteen (14) days prior to the beginning date of the program. No refunds will be made for requests received less than fourteen (14) days prior to the beginning of the program. For School Aged Care and preschool program days canceled by the Department due to weather related circumstances, NO credit/refund will be issued for the first two canceled days over the course of the school year. A credit will be issued for the 3rd or additional canceled days.

3.2 DAY CAMPS, OVERNIGHT CAMPS, TRIPS AND EVENTS REFUND: A participant may be issued a refund, less the deposit amount, if he/she withdraws from a youth or teen camp, an overnight camp, trip or event, and notifies the program coordinator at least fourteen (14) days prior to the beginning date of the camp. No refunds will be made for

requests received within fourteen (14) days prior to the beginning of the camp. No refunds will be made for food, supplies, or materials fees.

4.0 STANDARD RENTAL

- 4.1 FACILITY RENTALS: Standard Recreation Facility Rental to include Community Centers, Pools, Environmental Learning Centers.
- 4.2 A renter may be issued a refund for a cancelled rental, minus the application booking fee and a cancellation service charge using the following timetable:

31+ days notice of cancellation	Booking Fee, plus \$50 fee is retained by Dept
15-30 days notice of cancellation	Booking Fee, plus 50% of the rental fee is retained by Dept. Damage deposit is refunded.
14 days or less notice of cancellation	No refund given

5.0 SPECIAL AMENITY FACILITIES

- 5.1 FACILITY RENTALS: Special Amenity Facilities include Alki Bathhouse, Golden Gardens Bathhouse, Mount Baker Rowing and Sailing Center, Dakota Place Park Building, Pritchard Bathhouse, Ward Springs Pumphouse, Cal Anderson Shelterhouse and other identified facilities.
- 5.2 A renter may be issued a refund for a cancelled rental, minus the application booking fee and a cancellation service charge using the following timetable:

181+ days notice of cancellation	Booking Fee, plus \$50 fee is retained by Dept
180-91 days notice of cancellation	Booking Fee, plus Damage Deposit is retained by Dept
90 days or less notice of cancellation	No refund given

6.0 SPORTS FIELDS

- 6.1 Field cancellations must be made at least 14 days in advance of usage to get a full refund or credit.
- 6.2 If the Department closes a field for any reason, or if lights do not operate as expected, or if there is a conflict in the scheduled use of a field, a full refund or credit for the missed use will be provided.

7.0 ADULT SPORTS LEAGUES

If a team drops from league play after the deposit is paid and before the final payment is due, a refund will be issued only if a team is found to take the place of the team that wishes to drop from league play. Parks will retain a service charge of the greater of the deposit or 10% of the league fee. No refunds will be issued after the final payment is made and/or final schedules are drawn.

8.0 MERCHANDISE AND FOOD

We are unable to issue refunds for clothing, personal items, supplies or food items, unless there is a product defect. Exchanges may be made for defective products.

D APPENDIX

9.0 EXCEPTIONS

No refund is available for some designated programs, activities or services, which may include deposits for registration, regattas, rentals, outdoor events, ceremonies or picnics. Information on any specific exception is available from Parks and Recreation staff prior to payment or purchase.

SUMMARY and FISCAL NOTE*

Department:	Dept. Contact/Phone:	CBO Contact/Phone:
Seattle Parks and Recreation	Amy Williams/684-4135	Anna Hurst/733-9317

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to Seattle Parks and Recreation; establishing the 2022 fee schedule for the use of park properties and other park and recreation facilities and services; and superseding previous park and recreation fee schedules.

Summary and background of the Legislation: SPR's fees and charges provide financial support for SPR programs, facilities, and park grounds. The SPR Fee Schedule transmitted by this legislation includes administrative changes to certain sections of the fee schedule summarized below and included in the accompanying legislation as Attachment 2. There are no financial impacts related to these changes.

- Removed 2021 fees in all applicable sections.
- Streamlined tables and chairs rental fees at Magnuson Park.
- Updated language for artist studios to memorialize current rental policy.
- Removed outdated language on view tree pruning permits.
- Updated Appendix C to reflect current field inventory.
- Corrected various typos and formatting errors.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ___ Yes ☒ No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ___ Yes ☒ No

Does the legislation have other financial impacts to the City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?
This legislation does not have any other indirect financial impacts.

Is there financial cost or other impacts of *not* implementing the legislation?
The legislation is required to allow the department to assess program and facility fees in order to generate the revenues necessary to support a portion of Park Fund expenses.

If there are no changes to appropriations, revenues, or positions, please delete sections 3.a., 3.b., and 3.c. and answer the questions in Section 4.

3.a. Appropriations

☐ This legislation adds, changes, or deletes appropriations.

3.b. Revenues/Reimbursements

☒ This legislation adds, changes, or deletes revenues or reimbursements.

Anticipated Revenue/Reimbursement Resulting from this Legislation:

Fund Name and Number	Dept	Revenue Source	2021 Existing Revenue	2022 Estimated Revenue
Park Fund: 10200	SPR	Use Fees	\$29,196,276	\$33,749,655
TOTAL				

Is this change one-time or ongoing?

There are no revenue changes associated with the legislation.

Revenue/Reimbursement Notes:

3.c. Positions

☐ This legislation adds, changes, or deletes positions.

4. OTHER IMPLICATIONS

a. Does this legislation affect any departments besides the originating department?

No, this legislation does not directly affect any other department.

b. Is a public hearing required for this legislation?

A public hearing is not required.

c. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?

No, a notice in either publication is not required.

d. Does this legislation affect a piece of property?

This legislation does not affect a piece of property.

e. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?

An approach for all park programs and facilities has been developed that ranges from free (high community value) to varying recoveries of costs (high personal value). Social equity is built into that pricing to ensure that there is access to a range of programs and activities. SPR

also prioritizes recreational scholarships in Park District planning which supplement fee pricing at pools and fields.

f. Climate Change Implications

1. Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?

This legislation is administrative in nature and does have impacts on carbon emissions.

2. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.

This legislation is administrative in nature and does not increase or decrease resiliency to climate change.

g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s).

This legislation is not proposing a new initiative or major programmatic expansion.

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to Seattle Parks and Recreation (SPR); authorizing an administrative amendment to Ordinance 115859, which established the Beach Maintenance Trust Fund (70200) as a subsidiary fund of the Shoreline Park Improvement Fund (SPIF) (33110), which fund was established by Ordinance 115496 as part of the settlement agreement with the Municipality of Metropolitan Seattle (“Metro”) for the construction of the West Point and Alki secondary sewage projects, and which expired in January 2011.

WHEREAS, Ordinance 115496 established the Shoreline Park Improvement Fund (SPIF) (33110) in January 1991 to receive \$30,000,000 in local improvement funds from the Municipality of Metropolitan Seattle (“Metro”) together with any accrued interest to mitigate the loss of potential shoreline recreation, access, and other unavoidable impacts at West Point; and

WHEREAS, the principal use of the fund was to enhance public use of, access to, and access along bodies of water, including the acquisition, construction, expansion, and rehabilitation of saltwater beaches; and

WHEREAS, Ordinance 115496 referenced a \$2,000,000 allocation of the local improvement funds to a permanent trust fund intended to maintain beaches in their original or restored condition; and

WHEREAS, Ordinance 115859 established the Beach Maintenance Trust Fund (70200) and appropriated \$2,000,000 from the Shoreline Park Improvement Fund (SPIF) (33110) to be held in permanent trust with expenditures made only from the interest earnings on the fund; and

WHEREAS, the Shoreline Park Improvement Fund (33110) was set to expire 20 years after it was established or by January 2011; and

WHEREAS, proceeds in the Shoreline Park Improvement Fund (33110) have been fully spent down; and

WHEREAS, Ordinance 125895 appropriated \$325,000 from the Beach Maintenance Trust Fund (70200) to the Building For the Future budget summary level (BC-PR-20000), to purchase waterfront property at NE 130th Street in Seattle; and

WHEREAS, Ordinance 126210 appropriated \$250,000 from the Beach Maintenance Trust Fund (70200) to the Fix It First budget summary level (BC-PR-40000), to support the Be'er Sheva Park Improvement Project; and

WHEREAS, Ordinance 126237 appropriated the remaining \$1,520,000 from the Beach Maintenance Trust Fund (70200) to the Building For The Future budget summary level (BC-PR-20000), to support the Waterfront Development Project; and

WHEREAS, Ordinance 115859 must be administratively amended to remove the requirement to hold funds in a permanent trust commensurate with the expiration of the Shoreline Park Improvement Fund (33110) in January 2011; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Section 3 of Ordinance 115859 is amended as follows:

Section 3. The sum of Two Million Dollars (\$2,000,000) is hereby appropriated from the Shoreline Park Improvement Fund and deposited in the Beach Maintenance Trust Fund and the ((City Comptroller)) Director of Finance and Administrative Services is authorized to draw and the city Treasurer to pay the necessary warrants and make the necessary transfers. ~~((The principal sum shall be held in permanent trust and expenditures from the Beach Maintenance Trust Fund shall be made only from the earnings thereon, as contemplated in Section 2 hereof.))~~

Section 2. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by
me in open session in authentication of its passage this _____ day of _____, 2021.

President _____ of the City Council

Approved / returned unsigned / vetoed this _____ day of _____, 2021.

Jenny A. Durkan, Mayor

Seattle Parks and Recreation	Amy Williams/684-4135	Anna Hurst/733-9137

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to Seattle Parks and Recreation (SPR); authorizing an administrative amendment to Ordinance 115859, which established the Beach Maintenance Trust Fund as a subsidiary fund of the Shoreline Park Improvement Fund (SPIF) (33110), which fund was established by Ordinance 115496 as part of the settlement agreement with the Municipality of Metropolitan Seattle (“Metro”) for the construction of the West Point and Alki secondary sewage projects, and which expired in January 2011.

Summary and background of the Legislation: In January 1991, the City entered into a mitigation agreement with, at the time, the Municipality of Metropolitan Seattle (now King County Metro) for the construction of West Point (Discovery Park) and Alki sewage treatment plants. Per Ordinance 115496, the city established the Shoreline Park Improvement Fund (SPIF) to receive and spend mitigation funds which was set to expire 20 years later, or by January 2011 (Section 2 of the Shoreline Improvement Fund Agreement).

The principal use of the SPIF Fund was to enhance public use of, access to, and access along bodies of water. It was to be used for projects that compensate for the impact of the sewage plants by replacing, enhancing, or providing substitute resources for environments. Within that category of use, the first priority was for the acquisition, construction, expansion, and rehabilitation of saltwater beaches. Acquisitions and improvements that provide or increase public access to bodies of fresh water was also eligible. Proceeds in the SPIF fund (33110) have been fully spent down.

In September 1991, as part of the settlement agreement, the City also created a permanent Beach Maintenance Trust Fund (70200) and appropriated \$2 Million to it from the Shoreline Park Improvement Fund (SPIF) (Ordinance 115859). The mitigation fund balance was to remain at \$2 Million; with the intent interest earned on this principal would be used for beach restoration projects throughout the city.

The Beach Maintenance Trust Fund has been fully appropriated to various projects in accordance with the allowable uses of the funds as described below. However, at the time, Ordinance 115859 which established the Beach Maintenance Trust Fund in 1991 was not simultaneously amended to remove the language stating the fund was to remain as a permanent trust fund. Therefore, this administrative amendment to Section 3 of Ordinance 115859 is needed to eliminate the restriction in accordance with the expiration of the SPIF Settlement Agreement.

- As part of the 2019 supplemental budget process, Ordinance 125895 appropriated \$325,000 to support a shoreline acquisition at NE 130th St.

- As part of the 2020 supplement budget process Ordinance 126210 appropriated \$250,000 to support the Be'er Sheva Park Improvement project.
- As part of the 2021 budget process, Ordinance 126237 appropriated \$1.52M in remaining funds to the Waterfront Piers Rehabilitation project.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ☐ Yes ☒ No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ☐ Yes ☒ No

Does the legislation have other financial impacts to The City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?

The legislation reflects a technical change to an outdated ordinance and does not have financial impacts.

Is there financial cost or other impacts of *not* implementing the legislation?

If this legislation is not implemented, the City may be at risk of audit findings on the Beach Maintenance Trust Fund.

4. OTHER IMPLICATIONS

a. Does this legislation affect any departments besides the originating department?

This legislation was developed in partnership with the Finance and Administrative Services Department's Citywide Accounting Division.

b. Is a public hearing required for this legislation?

No, a public hearing is not required.

c. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?

A notice is not required.

d. Does this legislation affect a piece of property?

No, this legislation does not affect a piece of property.

e. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?
This legislation is administrative in nature and does not have RSJI implications.

f. Climate Change Implications

1. Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?

This legislation is administrative in nature and does not have climate change implications.

2. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.

This legislation is administrative in nature and does not have climate change implications

g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s)?

This legislation does not include a new initiative or programmatic expansion.

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to King County Conservation Futures Levy proceeds; authorizing the Mayor to enter into a new Interlocal Cooperation Agreement between The City of Seattle and King County to allow for the acceptance of Conservation Futures Levy funds; authorizing the deposit of 2020 and 2021 allocations from King County Conservation Futures Levy proceeds into The City of Seattle's Parks Fund.

WHEREAS, King County Conservation Futures Levy (CFL) funds are collected throughout King County as a dedicated portion of property taxes for the acquisition of open space and natural resource lands; and

WHEREAS, in 1990, City Ordinance 114978 authorized the CFL Interlocal Cooperation Agreement ("CFL Interlocal") with King County to govern the receipt and use of CFL proceeds, and to define the specific projects ("Projects") approved by King County for acquisition using CFL proceeds; and

WHEREAS, each year the City and King County amended the CFL Interlocal to add Projects and to provide for additional allocations of CFL proceeds; and

WHEREAS, in order to add language for the use of bond proceeds, make consistent with King County Code, and other technical details, on November 13, 2018, the King County Council passed Ordinance 18827, which authorizes the County Executive to execute a new CFL Interlocal (Attachment A to this ordinance); and

WHEREAS, on November 20, 2019, the King County Council passed Ordinance 19021, which appropriated a total of \$3,225,000 in 2020 Conservation Futures Levy proceeds to The City of Seattle for the Bitter Lake Urban Village Park, Duwamish River Shoreline Acquisition: Unity Electric award, Duwamish River Shoreline Acquisition: Silver Bay award, Terry Pettus Park Addition, Thornton Creek: North

Branch, and Thornton Creek: South Branch projects; and

WHEREAS, on November 20, 2019, the King County Council passed Ordinance 19021, which reallocated \$558,076 to The City of Seattle for the South Park Plaza and the North Rainier Town Center Park projects; and

WHEREAS, on November 17, 2020, the King County Council passed Ordinance 19210, which appropriated a total of \$2,937,700 in 2021 Conservation Futures Levy proceeds to The City of Seattle for the East Duwamish Greenbelt: Brick Pits, Lakeridge Park Addition, and East Duwamish Greenbelt: South Chicago Street projects, and the Turner-Koepp House and Garden Conservation Easement; and

WHEREAS, on November 17, 2020, the King County Council passed Ordinance 19210, which reallocated \$265,000 to The City of Seattle for the Duwamish River Shoreline Acquisition: Unity Electric Award, and North Beach Natural Area Projects; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. The Mayor or the Mayor's designee is authorized to execute a new Conservation Futures Interlocal Agreement ("Interlocal") with King County, substantially in the form of Attachment A to this ordinance, to provide for the City's receipt and use of up to \$3,225,000 from the 2020 allocations of King County CFL proceeds and the reallocation of up to \$558,076; and up to \$2,937,700 from the 2021 allocations of King County CFL proceeds and the reallocation of up to \$265,000.

Section 2. Funds received pursuant to the Interlocal shall be deposited as follows:

Fund	Department	Budget Control Level/ Capital Improvement Program	Amount (Up To)
Parks Fund (33860)	Seattle Parks and Recreation	Metropolitan Park District (PRK730306)	\$6,985,776

Section 3. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by
me in open session in authentication of its passage this _____ day of _____, 2021.

President _____ of the City Council

Approved / returned unsigned / vetoed this _____ day of _____, 2021.

Jenny A. Durkan, Mayor

Filed by me this _____ day of _____, 2021.

**INTERLOCAL COOPERATION AGREEMENT
BETWEEN KING COUNTY AND THE CITY OF SEATTLE
FOR CONSERVATION FUTURES-FUNDED
OPEN SPACE ACQUISITION PROJECTS**

THIS INTERLOCAL COOPERATION AGREEMENT is a grant agreement entered into between the CITY OF SEATTLE (“City”) and KING COUNTY (“County”).

Article I. Recitals

On February 27, 1989, the King County Council passed Ordinance 8867, which established a process to allocate the proceeds of the Conservation Futures Fund.

On September 21, 1989, the King County Council passed Ordinance 9128, which established a Conservation Futures Levy Fund to provide for the receipt and disbursement of Conservation Futures tax levy proceeds and established conditions for use of the Fund, including conditions covering allowable cost and expenses.

On July 21, 2003, the King County Council passed Ordinance 14714, authorizing funding allocation procedures for King County Conservation Futures tax levy collections and amending Ordinance 8867, Section 2, as amended.

The Conservation Futures Advisory Committee has recommended an allocation of Conservation Futures proceeds to specific projects from the Conservation Futures Levy Fund following notification to the cities that proceeds were available, provision of an opportunity for the cities to respond and receipt by the committee of requests for funding, all pursuant to Ordinance 8867, as amended by Ordinance 14714.

Starting in 1990 and through 2017, the King County Executive, as authorized by the King County Council, executed Interlocal Cooperation Agreements with the cities of Auburn,

Bellevue, Black Diamond, Bothell, Burien, Carnation, Covington, Des Moines, Duvall, Enumclaw, Federal Way, Issaquah, Kenmore, Kent, Kirkland, Lake Forest Park, Mercer Island, Milton, Newcastle, Normandy Park, North Bend, Pacific, Redmond, Renton, Sammamish, Seattle, Shoreline, Snoqualmie and Tukwila, and Vashon Park District. Many of these agreements were amended over time to add new projects.

The existing Interlocal Cooperation Agreements remain in place with an indefinite term for the projects for which Conservation Futures proceeds were disbursed. The agreements require the properties to be maintained as open space in perpetuity.

The King County Council, by Ordinance 18978, has approved a new Interlocal Cooperation Agreement for future projects in order to add terms for the use of bond proceeds for certain projects, achieve consistency between the agreement and the King County Code, and make other technical changes.

Pursuant to chapter 39.34 RCW, the parties agree to the following:

Article II. Definitions

1. Open Space

The term “open space” or “open space land” means: (a) any land area so designated by an official comprehensive land use plan adopted by any city or county and zoned accordingly; or (b) any land area, the preservation of which in its present use would (i) conserve and enhance natural or scenic resources, or (ii) protect streams or water supply, or (iii) promote conservation of soils, wetlands, beaches or tidal marshes, or (iv) enhance the value to the public of abutting or neighboring parks, forests, wildlife reserves, natural reservations or sanctuaries or other open space, or (v) enhance recreational activities, or (vi) preserve historic sites, or (vii) preserve visual quality along highway, road, and street corridors or scenic vistas, or (viii) retain

in its natural state tracts of land of not less than one acre situated in an urban area and open to public use on such conditions as may be reasonably required by the legislative body granting the open space classification, or (c) any land meeting the definition of farms and agricultural conservation under subsection (8) of RCW 84.34.020. As a condition of granting open space classification, the legislative body may not require public access on land classified under (b) (iii) of this subsection for the purpose of promoting conservation of wetlands.

2. Project

The term “Project” means the specific projects described in Exhibit A or added by follow-on amendments to disburse proceeds pursuant to Section 8.2 of this agreement.

3. Conservation Futures

The term “Conservation Futures” means developmental rights which may be acquired by purchase, gift, grant, bequest, devise, lease or otherwise, except by eminent domain, and may consist of fee simple or any lesser interest, development right, easement, covenant, or other contractual right necessary to protect, preserve, maintain, improve restore, limit future use of, or otherwise conserve open space land, all in accordance with chapter 84.34 RCW and K.C.C. chapter 26.12.

Article III. Purpose of the Agreement

The purpose of this agreement is to create a cooperative arrangement between the City and the County relating to the Project and to define the terms and conditions governing both parties’ obligations created by this agreement.

Article IV. Term of Agreement

This agreement shall be continued in full force and effect and binding upon the parties hereto upon execution of the agreement by both parties. The terms of the agreement shall be

indefinite. The agreement will be terminated if the City is unable or unwilling: 1) to expend the proceeds provided through this agreement; 2) to satisfy the matching requirements contained in this agreement; and 3) upon reimbursement by the City to the County of all unexpended proceeds provided by the County pursuant to this agreement in the manner and amounts described below and payment of all amounts due pursuant to Section 8.1.

Article V. Conditions of Agreement

Section 5.1 -- Project Descriptions. Proceeds available pursuant to this agreement may be used only for the Projects listed in Exhibit A, such substituted Projects as may be approved by the County as set forth below, or Projects added by follow-on amendments to disburse proceeds pursuant to Section 8.2 of this agreement. All County funded Projects must meet open space criteria as described in chapter 84.34 RCW and K.C.C. chapter 26.12.

Section 5.2 -- Use of Proceeds. Proceeds provided to the City pursuant to this agreement as well as moneys provided by the City as match pursuant to this agreement may be used only to pay capital costs related to property acquisition. Those costs include appraisals, title searches, negotiations, administrative overhead, and the cost of actual acquisition or purchase options, and all other costs meeting the requirements of K.C.C. 26.12.010. The City shall have the property valued by an appraisal performed by an independent state-certified real estate appraiser with a current general real estate appraiser license, and reviewed by an independent state-certified general real estate appraiser. In requesting reimbursement of proceeds for the Project, the City shall demonstrate to the County compliance with this Section 5.2. Proceeds utilized pursuant to this agreement may not be used to purchase land obtained through the exercise of eminent domain.

Section 5.3 -- Completion/Substitution/Deletion of Projects. The City shall complete the Project described in Section 5.1 of this Agreement within a two year period from the effective date of the County ordinance appropriating funding for the Project. If the City does not meet this two year requirement, unless the City demonstrates to the Advisory Committee a compelling reason for continuance of CFT funding for the Project beyond the two-year limit or a reprogramming request is timely approved as provided for below, the County shall be released from any obligation to fund the Project, and the County in its sole discretion may reallocate such proceeds for other projects in other jurisdictions. The City may submit specific requests for project reprogramming to the County for its approval within the two year period. All projects proposed for reprogramming must meet open space criteria as described in chapter 84.34 RCW and K.C.C. chapter 26.12, be submitted for recommendation by the County's Advisory Committee or its successor, and be approved by action of the King County Council. All reprogramming requests shall be submitted to the County's Department of Natural Resources and Parks, Open Space Acquisitions Unit, or its successor.

Section 5.4 -- Eminent Domain. If any Project requires the exercise of eminent domain to acquire the property, all proceeds provided pursuant to this agreement plus accrued interest on such proceeds shall be reprogrammed as provided in this agreement or repaid to the County.

Article VI. Responsibilities of the City

Section 6.1 -- Matching Requirements. Except for acquisitions of property interests in opportunity areas, as defined by K.C.C. 26.12.003, any Project funded by Conservation Futures Levy proceeds shall be supported by the City in which the Project is located with a matching contribution, which is no less than the amount of Conservation Futures Levy proceeds allocated to the Project. This contribution may be in the form of cash, land match with a valuation verified

by an appraisal by an independent state-certified real estate appraiser with a current general real estate appraiser license, or the cash value, excluding King County conservation futures contributions, of other open spaces acquired within the previous two years from the date of submittal of the application by the City. The appraisal, to be reviewed, shall have been performed within two years of the application deadline set for the annual allocation of conservation futures tax levy proceeds under which the Property received funding. Properties considered as land match or cash value of other open space acquisitions should be directly linked to the property under application. Any City match, other than cash, shall require County approval. County approval and County acceptance of the City's match will be transmitted in writing to the City by the County's Designated Representative.

Section 6.2 -- Reporting. All proceeds received pursuant to this agreement and accrued interest therefrom will be accounted for separately from all other City moneys, accounts and moneys. Until the property described in the Project is acquired and all proceeds provided pursuant to this agreement have been expended, the City shall provide the reports required by K.C.C. 26.12.035.

Section 6.3 -- Disposition of Remaining Proceeds. If the City does not expend all proceeds obligated to be provided through this agreement and no substitute project is requested or approved as to the excess proceeds, such proceeds, if held by the City, shall be refunded to the County. For purposes of this section, "proceeds" shall include all moneys obligated to be provided by the County plus interest accrued by the City on such moneys. Any proceeds in excess of those required to be provided by the County for the actual costs of the Project shall remain with the County for use in its sole discretion.

Section 6.4 -- Maintenance in Perpetuity. Except as provided in this Section 6.4, the City, and any successor in interest, agree to maintain properties acquired with proceeds provided pursuant to this agreement as open space in perpetuity and, as required by the County, to include in the real property records notice of this restriction. Projects carried out by the City in whole or in part with funds provided for under the terms of this agreement shall not be transferred or conveyed except by agreement with an agency or nonprofit organization as defined in K.C.C. 26.12.003, which shall provide that the land or interest in land shall be continued to be used for the purposes of K.C.C. chapter 26.12, and in strict conformance with the uses authorized under chapter 84.34 RCW.

The City shall not change the status or use of properties acquired with proceeds provided pursuant to this agreement unless the City provides equivalent lands or cash in exchange for the land to be changed to a different use. The land shall be valued in its changed status or use, and not based upon its value as open space, and the replacement land or payment amount must be approved by the County. If requested by the County, at its own cost the City will provide the County an appraisal performed within the previous year by an independent state-certified real estate appraiser with a current general real estate appraiser license. The value established by the appraisal will not be binding on the County. If the County approves replacement land, the City shall complete the replacement within one year of approval. If the County approves cash reimbursement, the City shall pay the County within 90 days of approval.

Section 6.5 – Tax Covenants. The City acknowledges that proceeds provided by the County for a Project may be proceeds of tax-exempt bonds (the “Bonds”) subject to certain requirements of the Internal Revenue Code of 1986, as amended (the “Tax Code”), including any implementing regulations and any administrative or judicial interpretations. The City will

comply with Tax Code requirements, including those set forth in Exhibit B, which is incorporated herein, applicable to Bond-financed Projects identified in Exhibit A, which is incorporated herein, as well as Bond-financed Projects identified in subsequent amendments to this agreement.

Article VII. Responsibilities of the County

Subject to the terms of this agreement, the County will provide Conservation Futures Tax Levy proceeds in the amounts and for the Projects identified in Exhibit A as well as in those amounts and for those Projects identified in subsequent amendments to this agreement. The City may request additional proceeds; however, the County has no obligation to provide proceeds to the City in excess of the amount shown in Exhibit A. The County assumes no obligation for future support of the Project described herein except as expressly set forth in this agreement.

Article VIII. Other Provisions

Section 8.1 -- Hold Harmless and Indemnification.

A. The County assumes no responsibility for the payment of any compensation, fees, wages, benefits or taxes to or on behalf of the City, its employees, contractors or others by reason of this agreement. The City shall protect, indemnify and save harmless the County, its officers, agents and employees from any and all claims, cost and whatsoever occurring or resulting from: 1) the City's failure to pay any compensation, fees, wages, benefits or taxes; and 2) the supplying to the City of work, services, materials or supplies by City employees or agents or other contractors or suppliers in connection with or in support of performance of this agreement.

B. The City further agrees that it is financially responsible for and will repay the County all indicated amounts following an audit exception, which occurs due to the negligent or

intentional acts of this agreement by the City, its officer, employees, agent or representatives arising out of the performance of the terms of this agreement.

C. The City shall protect, indemnify and save harmless the County from any and all costs, claims, judgments, or awards of damages, arising out of or in any way resulting from the negligent acts or omissions of the City, its officers, employees or agents in the performance of its obligations under the terms of this agreement. For the purposes of this agreement only, the City agrees to waive the immunity granted it for industrial insurance claims pursuant to Title 51 RCW to the extent necessary to extend its obligations under this paragraph to any claim, demand, or cause of action brought by or on behalf of any employee, including judgments, awards and costs arising therefrom including attorney's fees.

D. To the extent permitted by law, and except to the extent caused by the sole negligence of the County, the City agrees, at its expense, to pay, and to indemnify and hold the County, its officers, employees or agents harmless of, from and against, any and all claims, damages, demands, losses, liens, liabilities, penalties, fines, taxes, lawsuits and other proceedings and costs and expenses (including attorneys' fees) of every conceivable kind, character or nature whatsoever, arising directly or indirectly from or out of, or in any way connected with any examination or audit of any Bond issued to finance or refinance costs of any Bond-financed Project identified in Exhibit A as well as Bond-financed Projects identified in subsequent amendments to this agreement by the Internal Revenue Service, or any determination by the Internal Revenue Service or a court of competent jurisdiction that the interest on any such Bond is or should be subject to federal income taxation; provided, however, that the City shall not be liable for any payment made by the County with respect to any settlement of any such

examination or audit, or of any other proceeding related thereto, entered into without the consent of the City.

Section 8.2 -- Amendment. The parties reserve the right to amend or modify this agreement. Amendments or modifications to disburse proceeds approved by the County Council must be by written instrument signed by the parties substantially in the form of Exhibit C. Other amendments also must be approved by the respective City and County Councils.

Section 8.3 -- Contract Waiver. No waiver by either party of any term or condition of this agreement shall be deemed or construed to be a waiver of any other term or condition, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach whether of the same or different provision of this agreement. No waiver shall be effective unless made in writing.

Section 8.4 -- Entirety. This agreement is the complete expression of the terms hereto and any oral representations or understandings not incorporated are excluded. This agreement merges and supersedes all prior negotiations, representations and agreements between the parties relating to the Project and constitutes the entire agreement between the parties. The parties recognize that time is of the essence in the performance of the provisions of this agreement.

TOTAL		\$6,985,776

2019 REALLOCATION PROJECT DESCRIPTIONS:

Project # 1122040: Seattle – South Park Plaza (\$200,000)

This project will establish a 1.3-acre passive use greenspace within a larger park that is being created on 14th Avenue South, in the South Park community. It is located adjacent to the South Park replacement bridge on the western shore of the Duwamish Waterway. The park is intended to help tie together the bridge, the local commercial center, and the Duwamish Waterway to help create an improved urban center for South Park. Matching funds are provided by the 2008 Parks and Green Spaces Levy. Seattle is in discussions with King County Roads on parcel 218500-0895, and additional funds are needed for the transaction. The project receives a 2019 reallocation of \$200,000. Project funding was authorized in King County Ordinance 19021.

Is this a Bond-financed Project? No

Project # 1126739: Seattle – North Rainier Town Center (\$358,076)

This project seeks to acquire 0.25 acres of open space in the North Rainier Hub Urban Village, adjacent or close to the Mount Baker light rail station at the intersection of Martin Luther King Boulevard and North Rainier Avenue, across from Franklin High School. The light rail station is situated in a community that is underserved with open space, and locating an open space site at the transit center link could help make it more pedestrian-friendly. The City is working with the community, other city agencies, and stakeholders to identify an appropriate location. The project receives reallocation of \$358,076. Project funding was authorized in King County Ordinance 19021.

Is this a Bond-financed Project? No

2020 ALLOCATION PROJECT DESCRIPTIONS:

Project # 1136838: Seattle – Bitter Lake Urban Village Park (\$350,000)

The City of Seattle is exploring the use of a 7-acre property as an affordable housing development on Aurora Avenue North, where up to 1 acre of associated park land would be purchased with CFT funding. The award was granted with a conditional match waiver (i.e., associated only with this year's funding award, not guaranteed for future years' requests). The Conservation Futures Advisory Committee requested that the City work to advance the vision, carry out additional planning and community engagement, and return in the future with a more specific, defined proposal for additional CFT funding and match waiver determination. Project funding was authorized in King County Ordinance 19021.

Is this a Bond-financed Project? No

Project # 1136849: Seattle - Duwamish River Shoreline Acquisition, Unity Electric Award (\$1,000,000)

Seattle Parks and Recreation seeks to acquire the “Unity Electric” property located immediately east of 1.26-acre Duwamish Waterway Park, part of a broader “South Park Riverwalk” project. The City is still determining how the property will be used, and whether it will be eligible for CFT funding. The award is granted a match waiver. The Committee understands that SPR has capacity to purchase the property, and may return in the future if there is need for more CFT funding toward this specific parcel (and such award will be eligible for a match waiver). Project funding was authorized in King County Ordinance 19021.

Is this a Bond-financed Project? No

Project # 1136850: Seattle – Duwamish River Shoreline Acquisition, Silver Bay Award (\$500,000)

Seattle Public Utilities (SPU) proposes to integrate a trail along the river into a larger stormwater infrastructure site on the “Silver Bay” property that lies north of the 1.26-acre Duwamish Waterway Park, part of a broader “South Park Riverwalk” project. The award is granted with a conditional match waiver (i.e., associated only with this year’s funding award, not guaranteed for future years’ requests). The Conservation Futures Advisory Committee requested that SPU further clarify costs, the footprint of a dedicated trail, and merits of a match waiver if they return for further funding and match waiver determination. Project funding was authorized in King County Ordinance 19021.

Is this a Bond-financed Project? No

Project # 1136839: Seattle – Terry Pettus Park Addition (\$375,000)

The City of Seattle seeks to acquire 0.14 acres as an addition to Terry Pettus Park, a small, street-end waterfront park on Lake Union. This community-supported expansion will provide additional park space in a developing urban village and double available access to Lake Union shoreline at this location. The City plans to use donations from the nearby neighborhood and City park funds as match, and will need to complete a boundary line adjustment and property clean-up as it purchases the site. Project funding was authorized in King County Ordinance 19021.

Is this a Bond-financed Project? No

Project # 1136982: Seattle – Thornton Creek, North Branch (\$600,000)

This project is a partnership between SPR and Seattle Public Utilities. Acquisition of 0.9 acres along the north fork of Thornton Creek on NE 125th Street will provide an opportunity to reconnect the floodplain to create additional habitat and increase flood storage capacity. The City

will use Park District funds as match. Project funding was authorized in King County Ordinance 18987.

Is this a Bond-financed Project? Yes

Project # 1136940: Seattle – Thornton Creek, South Branch (\$400,000)

The City of Seattle seeks to acquire two parcels, 0.7 acres, along the south fork of Thornton Creek, completing public ownership along this stretch of the creek. Acquisition of this property will allow the City to prevent the spread of invasive plants and restore a highly visible hillside above public lands, and will complement the large floodplain reconnection project performed by SPU in 2016. Project funding was authorized in King County Ordinance 19021.

Is this a Bond-financed Project? No

2020 REALLOCATION PROJECT DESCRIPTIONS:

Project # 1136849: Seattle - Duwamish River Shoreline Acquisition, Unity Electric Award (\$15,000)

Refer to project description under 2019 award projects. This reallocation moved funding from an adjacent Duwamish Waterway Park to this project. The project has a match waiver. Project funding was authorized in King County Ordinance 19210.

Is this a Bond-financed Project? No

Project #1129238: Seattle – North Beach Natural Area (\$250,000)

This project goal is acquiring a small, 0.26-acre woodland ravine inholding parcel in the North Beach Natural Area. It is located on the mapped NW 91st Street right-of-way, east of 30th Avenue NW in northwest Seattle. The property is adjacent to a road right of way in a steep ravine that will not be developed for a road. Since the original award to this project in 2017, the property has sold twice and additional funding is needed to cover an increase in acquisition costs. Project funding was authorized in King County Ordinance 19210.

Is this a Bond-financed Project? No

2021 ALLOCATION PROJECT DESCRIPTIONS:

Project #1137238 Master (Award #1138985): Seattle – Turner-Koepf House and Garden (\$1,512,700)

This partnership between Historic Seattle Preservation and Development Authority (PDA) and Seattle Parks and Recreation will preserve the historic Turner-Koepf House and Garden, a 0.41-

acre parcel, in the Beacon Hill neighborhood of Seattle. Historic Seattle would use its own funding to purchase the home and the underlying fee. SPR would use CFT funding to purchase a conservation easement on much of the open space on the parcel (on a footprint which meets the 15% limit on non-vegetated impervious surfaces). This project received a match waiver. Project funding was authorized in King County Ordinance 19210.

Is this a Bond-financed Project? Yes

Project #1138972: Seattle – East Duwamish Greenbelt, Brick Pits (\$1,000,000)

This project will preserve a 21-acre forested inholding in the East Duwamish Greenbelt along Beacon Hill, in a highly visible stretch along I-5 between South Columbian Way and South Dakota Street. Successful acquisition would preserve tree canopy and wildlife habitat connecting other Parks-owned properties in the greenbelt. The project received a match waiver. SPR may return for additional funding on this project in the future and such award will be eligible for a match waiver. Project funding was authorized in King County Ordinance 19210.

Is this a Bond-financed Project? No

Project #1137238 Master (Award #1138973): Seattle – East Duwamish Greenbelt, S. Chicago Street (\$150,000)

This project will acquire a 1.2-acre inholding within SPR ownership, on a wooded hillside above I-5 near Military Road S. This acquisition prevents development of this site, allowing contiguous City ownership in this portion of the greenbelt. Project funding was authorized in King County Ordinance 19210.

Is this a Bond-financed Project? Yes

Project #1138974: Seattle – Lakeridge Park Addition (\$275,000)

The City seeks to acquire several frequently flooded properties along Taylor Creek within Lakeridge Park to connect public ownership in the greenspace and aid restoration efforts of Taylor Creek by Seattle Public Utilities (SPU). The award will allow the City to purchase one 0.25-acre parcel, out of four inholding properties that total 1 acre. Project funding was authorized in King County Ordinance 19210.

Is this a Bond-financed Project? No

EXHIBIT B

Tax Covenants

The City acknowledges that proceeds provided by the County for the Project may be proceeds of Bonds subject to certain requirements of the Tax Code. The City will take all actions with respect to the Project, and proceeds received for the Project, necessary to assure the exclusion of interest on the Bonds from the gross income of the owners of the Bonds, including but not limited to the following:

- (a) Expenditure of Proceeds. The City will expend proceeds of the Bonds received from the County for capital expenditures for federal income tax purposes within the meaning of Section 1.150-1(b) of the Tax Code. Bond proceeds may be expended to pay, or reimburse the City for, Project capital expenditures or to repay interim indebtedness incurred for capital expenditures of the Project.
- (b) Notice. The City will provide notice of action taken or planned to issue any tax-exempt indebtedness, including bonds, bank loans, or other tax-exempt indebtedness, to finance Project costs.
- (c) Treatment as Grant.
 - (1) The City is a governmental entity possessing substantial taxing, eminent domain and police powers and constituting a political subdivision of the State.
 - (2) The City is not acting as an agent of the County.
 - (3) The grant of proceeds for the Project does not impose any obligation or condition to directly or indirectly repay any amount to the County (excluding obligations or conditions intended solely to assure expenditure of the transferred moneys in accordance with the governmental purpose of the transfer).
 - (4) The grant is required to be used for open space as required under Article II but does not impose any conditions relating to the use of the Project or other property of the City by the County or any of its agencies or authorities.
 - (5) This agreement is a grant agreement.
- (d) Limitations on Disposition of Project. The City will not sell or otherwise dispose of any components of the Project without prior approval by the County and in compliance with timeframes for completion of land replacement or cash reimbursement as provided in Section 6.4.
- (e) Record Retention. The City will retain its records of all accounting and monitoring it carries out with respect to the Bond proceeds received and with respect to

the Project for at least three years after the Bonds mature or are redeemed as provided in the amendment granting such Bond proceeds to the City.

(f) Cooperation. The City will provide tax certificates when and as requested by the County or County's bond counsel in order to establish or maintain the tax-exempt status of the Bonds. The City will cooperate in any audit of the Bonds by the Internal Revenue Service, including disclosure of any record, contracts and other materials relating to the Bond proceeds received by the City and the Project.

EXHIBIT C

AMENDMENT TO THE CONSERVATION FUTURES INTERLOCAL COOPERATION AGREEMENT BETWEEN KING COUNTY AND THE CITY OF _____ FOR OPEN SPACE ACQUISITION PROJECTS

Preamble

The King County Council, through Ordinance 9128, has established a Conservation Futures Levy Fund and appropriated proceeds to King County and certain cities. This amendment is entered into to provide for the allocation of additional proceeds made available for open space acquisition.

THIS AMENDMENT is entered into between the CITY OF _____ and KING COUNTY, and amends and attaches to and is part thereof of the existing Interlocal Cooperation Agreement entered into between the parties on the _____ day of (Month), (Year), as previously amended.

The parties agree to the following amendment:

The Interlocal Cooperation Agreement is hereby amended by adding Exhibit 1, attached hereto.

In all other respects, the terms, conditions, duties and obligations of both parties shall remain the same as agreed to in the Interlocal Cooperation Agreement as previously amended.

Once fully executed, this Amendment shall be incorporated into the existing Interlocal Cooperation Agreement as if fully set forth, and shall become Amendment ____.

IN WITNESS WHEREOF, authorized representatives of the parties hereto have signed their names in the spaces set forth below:

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title:

AN ORDINANCE relating to King County Conservation Futures Levy proceeds; authorizing the Mayor to enter into a new Interlocal Cooperation Agreement between The City of Seattle and King County to allow for the acceptance of Conservation Futures Levy funds; authorizing the deposit of 2020 and 2021 allocations from King County Conservation Futures Levy proceeds into The City of Seattle's Parks Fund.

Summary and background of the Legislation:

The proposed ordinance will authorize the Mayor to enter into a new Interlocal Cooperation Agreement between the City of Seattle and King County to allow for the acceptance of Conservation Futures Levy funds. Conservation Futures funding is used to match City funding for the acquisition of parks and open space.

King County has proposed this new Conservation Futures tax levy (CFT) Interlocal Cooperation Agreement (ILA) to use for future projects for the following reasons:

1. Add language for use of bond proceeds

- a. Language that funds are for capital costs.
- b. Indemnification language specific to use of bond proceeds.
- c. City's requirements under the federal Tax Code for bond-financed projects.
- d. Exhibit B developed specifically for bond projects

2. Changes for consistency with the King County Code

- a. New match waiver language related to projects in opportunity areas.
- b. Technical name changes adopted in code.
- c. Clarification of requirements for conversions in use of property.
- d. Clarification of acceptable forms of land match.
- e. Description of appraiser qualifications for land match.

3. Other technical changes

- a. Requirement to record the conservation restriction on title.
- b. Technical changes to format of legal citations.
- c. Deletion of unnecessary section about applying for CFT funds.

The older CFT ILAs with the County will remain in place, with the "Maintenance in Perpetuity" requirements as the key provision that affects long-term property management.

This legislation allows for the acceptance up to a total of Three Million Two Hundred Twenty-Five Thousand Dollars (\$3,225,000) in 2020 Conservation Futures Levy proceeds for: the Bitter Lake Urban Village Park (\$350,000), Duwamish River Shoreline Acq: Unity Electric award (\$1,000,000), Duwamish River Shoreline Acq: Silver Bay award (\$500,000), Terry Pettus Park Addition (\$375,000), Thornton Creek: North Branch (\$600,000), and Thornton Creek: South Branch projects (\$400,000); and the reallocation of Two Hundred Thousand Dollars (\$200,000) to South Park Plaza and Three Hundred Fifty-Eight Thousand Seventy-Six Dollars (\$358,076) to North Rainier Town Center Park.

This legislation also allows for the acceptance of up to a total of Two Million Nine Hundred Thirty-Seven Thousand Seven Hundred Dollars (\$2,937,700) in 2021 Conservation Futures Levy proceeds for: Turner-Koepf House and Garden (conservation easement in partnership with Historic Seattle, \$1,512,700), East Duwamish Greenbelt: Brick Pits (\$1,000,000), East Duwamish Greenbelt: S. Chicago Street (\$150,000), Lakeridge Park Addition (\$275,000); and the reallocation of Fifteen Thousand Dollars (\$15,000) to Duwamish River Shoreline Acquisition: Unity Electric Award, and Two Hundred Fifty Thousand Dollars (\$250,000) to the North Beach Natural Area.

The Conservation Futures Levy is a county-wide property tax collected by King County for the acquisition of open space, agricultural or timber lands.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ☐ Yes ☒ No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ☐ Yes ☒ No

Does the legislation have other financial impacts to The City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?
NA

Is there financial cost or other impacts of *not* implementing the legislation?

The City will not be able to request reimbursement for CFT funds and lose a valuable source of park, recreation and open space funding.

4. OTHER IMPLICATIONS

a. Does this legislation affect any departments besides the originating department?
No.

b. Is a public hearing required for this legislation?
No.

- c. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?**

No.

- d. Does this legislation affect a piece of property?**

Yes.

- e. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities?**

Conservation Futures funding is used to match City funding for the acquisition of parks and open space. One of the priorities for the use of these funds is the acquisition of property in areas of the city lacking parks and open space, which tend to be high-density, low-income areas. The new Interlocal Agreement allows for no match “equity” funding targeted to areas of low income, poor health outcomes and lack of adequate open space.

- f. Climate Change Implications**

- 1. Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?**

No, this bill is about funding mechanisms.

- 2. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle’s resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.**

No, this bill is about funding mechanisms.

- g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program’s desired goal(s)?**

N/A

- h. Other Issues:**

None.

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to the drainage and wastewater system of The City of Seattle; adopting a system or plan of additions and betterments to and extensions of the existing drainage and wastewater system; authorizing the issuance and sale of drainage and wastewater revenue bonds in one or more series for the purposes of paying part of the cost of carrying out that system or plan, providing for the reserve requirement, and paying the costs of issuance of the bonds; providing parameters for the bond sale terms including conditions, covenants, and other sale terms; describing the lien of those bonds; amending certain definitions set forth in Ordinance 125455, the Omnibus Refunding Ordinance; authorizing the issuance of drainage and wastewater system refunding revenue bonds; and ratifying and confirming certain prior acts.

WHEREAS, The City of Seattle (the “City”) owns, maintains, and operates a system of sanitary sewerage and storm and surface water drainage as part of Seattle Public Utilities (the “Drainage and Wastewater System”), which Drainage and Wastewater System has from time to time required various additions, improvements, betterments, and extensions; and

WHEREAS, the City desires to acquire and construct a system or plan of further additions, improvements, and betterments to, and extensions of the Drainage and Wastewater System (the “Plan of Additions”) as described in this ordinance, and has a need to borrow funds to pay a portion of the costs of carrying out such Plan of Additions; and

WHEREAS, the City currently has outstanding certain drainage and wastewater revenue bonds (as identified in Exhibit A to this ordinance, the “Outstanding Parity Bonds”). Pursuant to the ordinances authorizing their issuance (the “Outstanding Parity Bond Ordinances”), the City has reserved the right to issue additional bonds (“Future Parity Bonds”) having a charge and lien on the net revenue of the Drainage and Wastewater System on a parity of lien with those Outstanding Parity Bonds, and is permitted to

issue such Future Parity Bonds upon satisfaction of certain conditions (the “Parity Conditions”); and WHEREAS, the City has determined that it is in the best interest of the City and its ratepayers to authorize the issuance and sale, subject to the provisions of this ordinance, of drainage and wastewater revenue bonds as Parity Bonds to pay part of the cost of carrying out the Plan of Additions, to provide for the reserve requirement, and to pay the costs of issuance of those bonds; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. **Definitions.** In this ordinance, the following capitalized terms shall have the meanings set forth in this section:

“**Accreted Value**” means with respect to any Capital Appreciation Bond (a) as of any Valuation Date, the amount determined for such Valuation Date in accordance with the applicable Parity Bond Documents, and (b) as of any date other than a Valuation Date, the sum of (i) the Accreted Value on the preceding Valuation Date and (ii) the product of (A) a fraction, the numerator of which is the number of days having elapsed from the preceding Valuation Date and the denominator of which is the number of days from such preceding Valuation Date to the next succeeding Valuation Date, calculated based on the assumption that Accreted Value accrues during any semiannual period in equal daily amounts on the basis of a year of 12 30-day months, and (B) the difference between the Accreted Values for such Valuation Dates.

“**Adjusted Annual Debt Service**” for any fiscal year means Annual Debt Service minus (a) an amount equal to ULID Assessments due in that year and not delinquent, (b) an amount equal to earnings from investments in the Reserve Subaccount, and (c) Annual Debt Service provided for by Parity Bond proceeds.

“**Adjusted Gross Revenue**” means, for any period, Gross Revenue (a) plus withdrawals from the Rate Stabilization Account made during that period, and (b) minus ULID Assessments, earnings from investments in the Reserve Subaccount, and deposits into the Rate Stabilization Account made during that period.

“**Adjusted Net Revenue**” means Adjusted Gross Revenue less Operating and Maintenance Expense.

“**Annual Debt Service**” for any calendar year means the sum of the amounts required in such calendar

year to pay the interest due in such calendar year on all Parity Bonds outstanding, excluding interest to be paid from the proceeds of the sale of Parity Bonds or other bonds; the principal of all outstanding Serial Bonds due in such calendar year; and the Sinking Fund Requirement, if any, for such calendar year. Additionally, for purposes of calculating and determining compliance with the Coverage Requirement, the Reserve Requirement and the conditions for the issuance of Future Parity Bonds and/or entering into Parity Payment Agreements, the following shall apply:

(a) **Calculation of Interest Due -- Generally.** Except as otherwise provided below, interest on any series of Parity Bonds shall be calculated based on the actual amount of accrued, accreted, or otherwise accumulated interest that is payable in respect of that series taken as a whole, at the rate or rates set forth in the applicable Parity Bond Documents.

(b) **Capital Appreciation Bonds.** For purposes of this definition, the principal and interest portions of the Accreted Value of Capital Appreciation Bonds becoming due at maturity or by virtue of a Sinking Fund Requirement shall be included in the calculations of accrued and unpaid and accruing interest or principal in such manner and during such period of time as is specified in the Parity Bond Documents applicable to such Capital Appreciation Bonds.

(c) **Variable Interest Rate Bonds.** The amount of interest deemed to be payable on any series of Variable Interest Rate Bonds shall be calculated on the assumption that the interest rate on those bonds would be equal to the rate that is 90 percent of the average RBI during the four calendar quarters preceding the quarter in which the calculation is made.

(d) **Interest on Parity Bonds With Respect to Which a Payment Agreement is in Force.** Debt service on Parity Bonds with respect to which a Payment Agreement is in force shall be based on the net economic effect on the City expected to be produced by the terms of the Parity Bonds and the terms of the Payment Agreement. For example, if the net economic effect of the Payment Agreement and a series of Parity Bonds otherwise bearing interest at a variable rate is to produce an obligation bearing interest at a fixed interest

rate, the relevant series of bonds shall be treated as fixed interest rate bonds. And if the net economic effect of the Payment Agreement and a series of Parity Bonds otherwise bearing interest at a fixed rate is to produce an obligation bearing interest at a variable interest rate, the relevant series of bonds shall be treated as Variable Interest Rate Bonds.

Accordingly, the amount of interest deemed to be payable on any Parity Bonds with respect to which a Payment Agreement is in force shall be an amount equal to the amount of interest that would be payable at the rate or rates stated in or determined pursuant to the applicable Parity Bond Documents, plus Payment Agreement Payments, minus Payment Agreement Receipts. For the purposes of calculating as nearly as practicable Payment Agreement Receipts and Payment Agreement Payments under a Payment Agreement that includes a variable rate component determined by reference to a pricing mechanism or index that is not the same as the pricing mechanism or index used to determine the variable rate interest component on the Parity Bonds to which the Payment Agreement is related, it shall be assumed that the fixed rate used in calculating Payment Agreement Payments will be equal to 105 percent of the fixed rate specified by the Payment Agreement and that the pricing mechanism or index specified by the Payment Agreement is the same as the pricing mechanism or index specified by the applicable Parity Bond Documents. Notwithstanding the other provisions of this definition, the City shall not be required to (but may in its discretion) take into account in determining Annual Debt Service the effects of any Payment Agreement that has a term of ten years or less.

(e) Parity Payment Agreements. For any period during which Payment Agreement Payments on a Parity Payment Agreement are taken into account in determining Annual Debt Service on related Parity Bonds under paragraph (d) of this definition, no additional debt service shall be taken into account with respect to that Parity Payment Agreement. However, for any Parity Payment Agreement during a period in which Payment Agreement Payments are not taken into account under paragraph (d) because the Parity Payment Agreement is not then related to any outstanding Parity Bonds, payments on that Parity Payment Agreement shall be taken into account by assuming:

(i) **If City is Obligated to Make Payments Based on Fixed Rate.** If the City is obligated to make Payment Agreement Payments based on a fixed rate and the Qualified Counterparty is obligated to make payments based on a variable rate index, it shall be assumed that payments by the City will be based on the assumed fixed payor rate, and that payments by the Qualified Counterparty will be based on a rate equal to the average rate determined by the variable rate index specified by the Parity Payment Agreement during the four calendar quarters preceding the quarter in which the calculation is made.

(ii) **If City is Obligated to Make Payments Based on Variable Rate Index.** If the City is obligated to make Payment Agreement Payments based on a variable rate index and the Qualified Counterparty is obligated to make payments based on a fixed rate, it shall be assumed that payments by the City will be based on a rate equal to the average rate determined by the variable rate index specified by the Parity Payment Agreement during the four calendar quarters preceding the quarter in which the calculation is made, and that the Qualified Counterparty will make payments based on the fixed rate specified by the Parity Payment Agreement.

(f) **Balloon Bonds.** *Upon the Reserve Covenant Date, the following shall become effective:* For purposes of calculating debt service on any Balloon Bonds, the City may assume that the principal of those Balloon Bonds, together with interest thereon at a rate equal to the assumed RBI-based rate set forth in subsection (c) of this definition, will be amortized in equal annual installments over a term of 30 years.

(g) **Adjustments for Defeased Bonds.** For purposes of calculating and determining compliance with the Coverage Requirement, the Reserve Requirement, and the Parity Conditions, Annual Debt Service shall be adjusted as set forth in subsection 21(d) of this ordinance.

“Authorized Denomination” means \$5,000 or any integral multiple thereof within a maturity of a Series, or such other minimum authorized denominations as may be specified in the applicable Bond Documents.

“Average Annual Debt Service” means, at the time of calculation, the sum of the Annual Debt Service

remaining to be paid to the last scheduled maturity of the applicable series of Parity Bonds divided by the number of years such bonds are scheduled to remain outstanding.

“Balloon Bonds” means any series of Parity Bonds, the aggregate principal amount (including Sinking Fund Requirements) of which becomes due and payable in any calendar year in an amount that constitutes 25 percent or more of the initial aggregate principal amount of such series of Parity Bonds.

“Beneficial Owner” means, with regard to a Bond, the owner of any beneficial interest in that Bond.

“Bond Counsel” means a lawyer or a firm of lawyers, selected by the City, of nationally recognized standing in matters pertaining to bonds issued by states and their political subdivisions.

“Bond Documents” means (a)(i) with respect to any Series of the Bonds, this ordinance (including any amendatory or supplemental ordinances), and (ii) with respect to a series of Parity Bonds other than a Series of the Bonds, the applicable Parity Bond Ordinance(s); (b) the authenticated bond form; and (c) the written agreement(s) setting forth the Bond Sale Terms and additional terms, conditions, or covenants pursuant to which such bond was issued and sold, as set forth in any one or more of the following (if any): (i) a sale resolution, (ii) a bond purchase contract (as defined in the applicable authorizing ordinance), (iii) a bond indenture or a fiscal agent or paying agent agreement (other than the State fiscal agency contract), and (iv) a direct purchase or continuing covenant agreement.

“Bond Insurance” means any municipal bond insurance policy, guaranty, surety bond, or similar credit enhancement device providing for or securing the payment of all or part of the principal of and interest on any Parity Bonds, issued by an insurance company licensed to conduct an insurance business in any state of the United States (or by a service corporation acting on behalf of one or more such insurance companies), or by any other financial institution qualified to provide such credit enhancement device.

“Bond Purchase Contract” means a written offer to purchase a Series of the Bonds, pursuant to certain Bond Sale Terms, which offer has been accepted by the City in accordance with this ordinance. In the case of a competitive sale, the Purchaser’s bid for a Series, together with the official notice of sale and a Pricing

Certificate confirming the Bond Sale Terms, shall comprise the Bond Purchase Contract.

“Bond Register” means the books or records maintained by the Bond Registrar for the purpose of registering ownership of each Bond.

“Bond Registrar” means the Fiscal Agent (unless the Director of Finance appoints a different person to act as bond registrar with respect to a particular Series), or any successor bond registrar selected in accordance with the Registration Ordinance.

“Bond Sale Terms” means the terms and conditions for the sale of a Series of the Bonds approved by the Director of Finance consistent with the parameters set forth in Section 5 of this ordinance, including the amount, date or dates, denominations, interest rate or rates (or mechanism for determining the interest rate or rates), payment dates, final maturity, redemption rights, price, and other terms, conditions or covenants. In connection with a negotiated sale or private placement, the Bond Sale Terms shall be set forth in the Bond Purchase Contract; in connection with a competitive sale, the Bond Sale Terms shall be set forth in a Pricing Certificate.

“Bonds” means the Drainage and Wastewater System revenue bonds issued pursuant to this ordinance.

“Book-Entry Form” means a fully registered form in which physical bond certificates are registered only in the name of the Securities Depository (or its nominee), as Registered Owner, with the physical bond certificates held by and immobilized in the custody of the Securities Depository (or its designee), where the system for recording and identifying the transfer of the ownership interests of the Beneficial Owners in those Bonds is neither maintained by nor the responsibility of the City or the Bond Registrar.

“Capital Appreciation Bond” means any Parity Bond, all or a portion of the interest on which is compounded and accumulated at the rates or in the manner, and on the dates, set forth in the applicable Bond Documents and is payable only upon redemption or on the maturity date of such Parity Bond. A Parity Bond that is issued as a Capital Appreciation Bond, but which later converts to an obligation on which interest is paid periodically, shall be a Capital Appreciation Bond until the conversion date and thereafter shall no longer be a

Capital Appreciation Bond, but shall be treated as having a principal amount equal to its Accreted Value on the conversion date. For purposes of computing the principal amount of Parity Bonds held by the Owner of any Capital Appreciation Bond in connection with any notice, consent, request, or demand, the principal amount of a Capital Appreciation Bond shall be deemed to be its Accreted Value at the time that such notice, consent, request, or demand is given or made.

“Capital Improvement Program” or **“CIP”** means those portions of the City’s “2021-2026 Capital Improvement Program” relating to the Drainage and Wastewater System, adopted by Ordinance 126237, together with any previously adopted Capital Improvement Program of the City. For purposes of this ordinance, the CIP includes all amendments, updates, supplements or replacements that may be adopted from time to time by ordinance.

“City” means The City of Seattle.

“City Council” means the City Council of the City, as duly and regularly constituted from time to time.

“Code” means the Internal Revenue Code of 1986, or any successor thereto, as it has been and may be amended from time to time, and regulations thereunder.

“Construction Account” means the Drainage and Wastewater Construction Account, 2022, created in the Drainage and Wastewater Fund by this ordinance.

“Continuing Disclosure Agreement” means, for each Series sold in an offering subject to federal securities regulations requiring a written undertaking to provide continuing disclosure, a continuing disclosure agreement entered into pursuant to Section 23 of this ordinance, in substantially the form attached to this ordinance as Exhibit B.

“Contract Resource Obligation” means an obligation of the City that is designated as a Contract Resource Obligation and is entered into in accordance with Section 20 of this ordinance.

“Coverage Requirement” means Adjusted Net Revenue equal to at least 1.25 times Adjusted Annual Debt Service on all Parity Bonds then outstanding.

“Covered Parity Bonds” means all Outstanding Parity Bonds, each Series of the Bonds, and each series of Future Parity Bonds. *From and after the Reserve Covenant Date, the term “Covered Parity Bonds” shall exclude each series of Parity Bonds for which the Bond Sale Terms provide that, from and after the Reserve Covenant Date, such series shall no longer be treated as a series of Covered Parity Bonds and shall no longer be secured by the amounts in the Reserve Subaccount.*

“DTC” means The Depository Trust Company, New York, New York.

“Defeasible Bonds” means any outstanding Parity Bonds that are eligible to be defeased pursuant to the Omnibus Defeasance Ordinance.

“Director of Finance” or **“Director”** means the Director of the Finance Division of the Department of Finance and Administrative Services, or any other officer who succeeds to substantially all of the responsibilities of that office.

“Drainage and Wastewater Fund” means the fund created by Ordinance 84390 and later renamed by Ordinance 114155, into which is paid the Gross Revenue of the Drainage and Wastewater System.

“Drainage and Wastewater System” means the drainage and wastewater system of the City, including the sanitary sewerage and storm and surface water drainage systems, as it now exists (except properties, interests, and rights under the jurisdiction of the City’s Parks and Recreation Department, Seattle Center Department, Seattle Public Utilities Water System, City Light Department, and Department of Finance and Administrative Services), and all additions thereto and betterments and extensions thereof at any time made, together with any utility systems of the City hereafter combined with the Drainage and Wastewater System. The Drainage and Wastewater System shall not include any separate utility system that may be created, acquired or constructed by the City as provided in Section 19 of this ordinance.

“Event of Default” has the meaning assigned to that term in subsection 25(a) of this ordinance.

“Fiscal Agent” means the fiscal agent of the State, as the same may be designated by the State from time to time.

“Future Parity Bond Ordinance” means any ordinance passed by the City Council providing for the issuance and sale of a series of Future Parity Bonds, and any other ordinance amending or supplementing the provisions of any such ordinance.

“Future Parity Bonds” means, with reference to any Series, all revenue bonds and obligations of the Drainage and Wastewater System (other than that Series and any other Parity Bonds then outstanding) issued or entered into after the Issue Date of such Series, the payment of which constitutes a charge and lien on Net Revenue equal in priority with the charge and lien upon such revenue for the payment of the amounts required to be paid into the Parity Bond Account in accordance with Section 15 of this ordinance. Future Parity Bonds may include Parity Payment Agreements and any other obligations issued in compliance with the Parity Conditions.

“Government Obligations” means, unless otherwise limited in the Bond Documents for a particular Series of the Bonds, any government obligation as that term is defined in RCW 39.53.010, as amended at any time.

“Gross Revenue” means (a) all income, revenues, receipts and profits derived by the City through the ownership and operation of the Drainage and Wastewater System; (b) the proceeds received by the City directly or indirectly from the sale, lease or other disposition of any of the properties, rights or facilities of the Drainage and Wastewater System; (c) Payment Agreement Receipts, to the extent that such receipts are not offset by Payment Agreement Payments; and (d) the investment income earned on money held in any fund or account of the City, including any bond redemption funds and the accounts therein, in connection with the ownership and operation of the Drainage and Wastewater System. Gross Revenue does not include: (a) income derived from investments irrevocably pledged to the payment of any defeased bonds payable from Gross Revenue; (b) investment income set aside for or earned on money in any fund or account created or maintained solely for the purpose of complying with the arbitrage rebate provisions of the Code; (c) any gifts, grants, donations or other funds received by the City from any State or federal agency or other person if such gifts, grants, donations or

other funds are the subject of any limitation or reservation imposed by the donor or grantor or imposed by law or administrative regulation to which the donor or grantor is subject, limiting the application of such funds in a manner inconsistent with the application of Gross Revenue hereunder; (d) the proceeds of any borrowing for capital improvements (or the refinancing thereof); (e) the proceeds of any liability or other insurance, including but not limited to insurance proceeds compensating the City for the loss of a capital asset, but excluding business interruption insurance or other insurance of like nature insuring against the loss of revenues; (f) general *ad valorem* taxes, excise taxes and special assessments (other than ULID Assessments), including interest and penalties thereon; and (g) earnings of any separate utility system that may be created, acquired, or constructed by the City pursuant to Section 19 of this ordinance.

“Independent Utility Consultant” means an independent person or firm having a favorable reputation for skill and experience with drainage and wastewater systems of comparable size and character to the Drainage and Wastewater System in such areas as are relevant to the purpose for which they were retained.

“Issue Date” means, with respect to a Bond, the initial date on which that Bond is issued and delivered to the initial Purchaser in exchange for its purchase price.

“Letter of Representations” means the Blanket Issuer Letter of Representations between the City and DTC dated October 4, 2006, as it may be amended from time to time, or an agreement with a substitute or successor Securities Depository.

“MSRB” means the Municipal Securities Rulemaking Board.

“Maximum Annual Debt Service” means, at the time of calculation, the maximum amount of Annual Debt Service that shall become due in the current calendar year or in any future calendar year with respect to the Parity Bonds then outstanding.

“Net Revenue” means, for any period, Gross Revenue less Operating and Maintenance Expense.

“Omnibus Defeasance Ordinance” means Ordinance 126223, as amended at any time, authorizing the defeasance of Defeasible Bonds (as such ordinance may be amended from time to time) or any future ordinance

pursuant to which the Bonds (or any Series of the Bonds) are designated as Defeasible Bonds.

“Omnibus Refunding Ordinance” means Ordinance 125455, as amended at any time, authorizing the issuance of Refunding Parity Bonds (as such ordinance may be amended from time to time), or any future ordinance pursuant to which the Bonds (or any Series of the Bonds) are designated as “Refundable Bonds.”

“Operating and Maintenance Expense” means all expenses incurred by the City in causing the Drainage and Wastewater System to be operated and maintained in good repair, working order and condition, including without limitation: (a) deposits, premiums, assessments or other payments for insurance, if any, on the Drainage and Wastewater System; (b) payments into pension funds; (c) State-imposed taxes; (d) amounts due under Contract Resource Obligations in accordance with Section 20 of this ordinance; (e) payments made to another person or entity for treatment or disposal of sewage or other commodity or service; and (f) payments with respect to any other expenses of the Drainage and Wastewater System that are properly treated as Operating and Maintenance Expense under generally accepted accounting principles applicable to municipal corporations, including payments (other than payments out of proceeds of Parity Bonds or other obligations not issued to pay current expenses of the Drainage and Wastewater System) into reasonable reserves for items of operating or maintenance expense the payment of which is not immediately required. Operating and Maintenance Expense does not include: depreciation, amortization or other similar recognitions of non-cash expense items made for accounting purposes only; taxes levied or imposed by the City, or payments in lieu of City taxes; payments of claims or judgments; or capital additions or capital replacements of the Drainage and Wastewater System.

“Outstanding Parity Bond Ordinances” means those ordinances authorizing the issuance and sale of the Outstanding Parity Bonds, as identified in Exhibit A to this ordinance.

“Outstanding Parity Bonds” means those outstanding Parity Bonds identified in Exhibit A to this ordinance. When used in reference to a particular date or series of Parity Bonds, Outstanding Parity Bonds shall mean those Parity Bonds (including any Parity Bonds issued subsequent to the effective date of this ordinance)

that are outstanding as of that date or as of the issue date of such series.

“Owner” means, without distinction, the Registered Owner and the Beneficial Owner of a Bond.

“Parity Bond Account” means the Drainage and Wastewater Revenue Bond Account, 1990, created by Ordinance 115098 in the Drainage and Wastewater Fund for the purpose of paying and securing payment of the principal of and interest on Parity Bonds.

“Parity Bond Documents” means those Bond Documents applicable to a series of Parity Bonds.

“Parity Bond Ordinance” means any ordinance passed by the City Council providing for the issuance and sale of a series of Parity Bonds, and any other ordinance amending or supplementing the provisions of any Parity Bond Ordinance.

“Parity Bonds” means the Outstanding Parity Bonds identified in Exhibit A to this ordinance, each Series of the Bonds, and any Future Parity Bonds then outstanding. Parity Bonds may include Parity Payment Agreements in accordance with Section 17 of this ordinance.

“Parity Certificate” means a certificate delivered pursuant to Section 17 of this ordinance for purposes of satisfying the Parity Conditions in connection with the issuance of Future Parity Bonds.

“Parity Conditions” means, (a) for purposes of establishing that a Series of the Bonds may be issued on parity with the Parity Bonds outstanding as of the Issue Date of such Series, the conditions for issuing Future Parity Bonds set forth in the Parity Bond Ordinances relating to those Parity Bonds that are then outstanding; and (b) for purposes of issuing Future Parity Bonds on parity with a Series of the Bonds, the conditions described in subsection (a) of this definition together with the conditions set forth in Section 17 of this ordinance.

“Parity Payment Agreement” means a Payment Agreement entered into in compliance with the Parity Conditions and under which the City’s payment obligations are expressly stated to constitute a charge and lien on Net Revenue equal in rank with the charge and lien upon such Net Revenue required to be paid into the Parity Bond Account to pay and secure the payment of interest on Parity Bonds. For purposes of determining

percentages of ownership of Parity Bonds under this ordinance or under applicable Parity Bond Documents, Parity Payment Agreements shall be deemed to have no principal amount, and any notice, consent, or similar rights (if any) shall be determined only as set forth in the applicable Parity Payment Agreement.

“Payment Agreement” means a written agreement entered into by the City and a Qualified Counterparty, as authorized by any applicable laws of the State, for the purpose of managing or reducing the City’s exposure to fluctuations or levels of interest rates, or for other interest rate, investment, asset or liability management purposes, and that provides for (i) an exchange of payments based on interest rates, ceilings, or floors on such payments; (ii) options on such payments; (iii) any combination of the foregoing; or (iv) any similar device. A Payment Agreement may be entered into on either a current or forward basis. A Payment Agreement must be entered into in connection with (or incidental to) the issuance, incurring, or carrying of particular bonds, notes, bond anticipation notes, commercial paper, or other obligations for borrowed money (which may include leases, installment purchase contracts, or other similar financing agreements or certificates of participation in any of the foregoing).

“Payment Agreement Payments” means the amounts periodically required to be paid by the City to a Qualified Counterparty pursuant to a Payment Agreement.

“Payment Agreement Receipts” means the amounts periodically required to be paid by a Qualified Counterparty pursuant to a Payment Agreement.

“Permitted Investments” means any investments or investment agreements permitted for the investment of City funds under the laws of the State, as amended from time to time.

“Plan of Additions” means the CIP, as it may be modified from time to time. The Plan of Additions includes (a) the purchase and installation of all materials, supplies, appliances, equipment and facilities; (b) the acquisition of all permits, franchises, property and property rights, and other capital assets; and (c) all engineering, consulting and other professional services and studies (whether performed by the City or by other public or private entities), each as necessary or convenient to carry out the Plan of Additions. The Plan of

Additions includes all amendments, updates, supplements or replacements to the CIP, all of which automatically shall constitute amendments to the Plan of Additions. The Plan of Additions also may be modified to include other improvements, without amending the CIP if the City determines by ordinance that those amendments or other improvements constitute a system or plan of additions to or betterments or extensions of the Drainage and Wastewater System.

“Pricing Certificate” means a certificate executed by the Director of Finance as of the pricing date confirming the Bond Sale Terms for the sale of a Series of Bonds to the Purchaser in a competitive sale, in accordance with the parameters set forth in Section 5 of this ordinance.

“Principal and Interest Subaccount” means the subaccount of that name created in the Parity Bond Account by Ordinance 115098 for the payment of the principal of and interest on Parity Bonds.

“Purchaser” means the entity or entities who have been selected by the Director of Finance in accordance with this ordinance to serve as underwriter, purchaser, or successful bidder in a sale of any Series.

“Qualified Counterparty” means a party (other than the City or a party related to the City) who is the other party to a Payment Agreement, (a)(i) whose senior debt obligations are rated in one of the three highest rating categories of each Rating Agency (without regard to any gradations within a rating category), or (ii) whose obligations under the Payment Agreement are guaranteed for the entire term of the Payment Agreement by a bond insurer or other institution which has been assigned a credit rating in one of the two highest rating categories of each Rating Agency; and (b) who is otherwise qualified to act as the other party to a Payment Agreement under any applicable laws of the State.

“Qualified Insurance” means any Bond Insurance that, as of the time of issuance of such credit enhancement device, is provided by an entity rated in one of the two highest rating categories (without regard to any gradations within a rating category) by at least two nationally recognized rating agencies.

“Qualified Letter of Credit” means any letter of credit, standby bond purchase agreement, or other liquidity facility issued by a financial institution for the account of the City in connection with the issuance of

any Parity Bonds, which institution maintains an office, agency or branch in the United States and, as of the time of issuance of such instrument, is rated in one of the two highest rating categories (without regard to any gradations within such rating categories) by at least two nationally recognized rating agencies.

“RBI” means *The Bond Buyer* Revenue Bond Index or comparable index, or, if no comparable index can be obtained, 80 percent of the interest rate for actively traded 30-year United States Treasury obligations.

“Rate Stabilization Account” means the account of that name previously established by Section 26 of Ordinance 118974.

“Rating Agency” means any nationally recognized rating agency then maintaining a rating on a series of then outstanding Parity Bonds at the request of the City.

“Record Date” means, unless otherwise defined in the Bond Documents, in the case of each interest or principal payment date, the Bond Registrar’s close of business on the 15th day of the month preceding the interest or principal payment date. With regard to redemption of a Bond prior to its maturity, the Record Date shall mean the Bond Registrar’s close of business on the day prior to the date on which the Bond Registrar sends the notice of redemption to the Registered Owner(s) of the affected Bonds.

“Refundable Bonds” means Parity Bonds that may be refunded pursuant to the Omnibus Refunding Ordinance.

“Refunding Parity Bonds” means Future Parity Bonds that satisfy the applicable Parity Conditions and are issued pursuant to the Omnibus Refunding Ordinance, or other Future Parity Bond Ordinance, for the purpose of refunding any Refundable Bonds.

“Registered Owner” means, with respect to a Bond, the person in whose name that Bond is registered on the Bond Register. For so long as a Series of the Bonds is in Book-Entry Form under the Letter of Representations, the Registered Owner of such Series shall mean the Securities Depository.

“Registration Ordinance” means Ordinance 111724 establishing a system of registration for the City’s bonds and other obligations pursuant to Seattle Municipal Code Chapter 5.10, as amended at any time.

“Reserve Covenant Date” means the earlier of (a) the date on which the City has obtained consents of the requisite percentage of Registered Owners of the Parity Bonds then outstanding, in accordance with the provisions of the applicable Outstanding Parity Bond Documents; or (b) the date on which all of the following Outstanding Parity Bonds have been redeemed or defeased: Drainage and Wastewater Revenue Bonds, 2009A (Taxable Build America Bonds - Direct Payment); Drainage and Wastewater Improvement and Refunding Revenue Bonds, 2012; Drainage and Wastewater Improvement and Refunding Revenue Bonds, 2014; and Drainage and Wastewater System Improvement and Refunding Revenue Bonds, 2016.

“Reserve Requirement” means the least of (a) Maximum Annual Debt Service on all Parity Bonds outstanding at the time of calculation, (b) 1.25 times Average Annual Debt Service on all Parity Bonds outstanding at the time of calculation, or (c) the sum of 10 percent of the proceeds of each series of Parity Bonds then outstanding, as of the delivery of each such series. ***From and after the Reserve Covenant Date, the Reserve Requirement shall mean the least of (a) Maximum Annual Debt Service on all Covered Parity Bonds outstanding at the time of calculation, or (b) 1.25 times Average Annual Debt Service on all Covered Parity Bonds outstanding at the time of calculation. In no event shall the Reserve Requirement exceed the sum of 10 percent of the proceeds of each series of Covered Parity Bonds then outstanding, determined as of the Issue Date of each such series.***

“Reserve Security” means any Qualified Insurance or Qualified Letter of Credit obtained by the City to satisfy part or all of the Reserve Requirement, and which is not cancelable on less than three years’ notice.

“Reserve Subaccount” means the subaccount of that name created in the Parity Bond Account by Ordinance 115098 for the purpose of securing the payment of the principal of and interest on Parity Bonds.

“Rule 15c2-12” means Rule 15c2-12 promulgated by the SEC under the Securities Exchange Act of 1934, as amended.

“SEC” means the United States Securities and Exchange Commission.

“Securities Depository” means DTC, any successor thereto, any substitute Securities Depository

selected by the City, or the nominee of any of the foregoing. Any successor or substitute Securities Depository must be qualified under applicable laws and regulations to provide the services proposed to be provided by it.

“Serial Bonds” means Parity Bonds maturing in specified years, for which no Sinking Fund Requirements are mandated.

“Series” means a series of the Bonds issued pursuant to this ordinance.

“Sinking Fund Account” means any account created in the Parity Bond Account to amortize the principal or make mandatory redemptions of Term Bonds.

“Sinking Fund Requirement” means, for any calendar year, the principal amount and premium, if any, of Term Bonds required to be purchased, redeemed, paid at maturity or paid into any Sinking Fund Account for such calendar year, as established pursuant to the Bond Documents relating to such Term Bonds.

“State” means the State of Washington.

“State Auditor” means the office of the Auditor of the State or such other department or office of the State authorized and directed by State law to make audits.

“Tax Credit Subsidy Bond” means any Taxable Bond that is designated by the City as a tax credit bond pursuant to the Code, and which is further designated as a “qualified bond” under Section 6431 or similar provision of the Code, and with respect to which the City is eligible to claim a Tax Credit Subsidy Payment.

“Tax Credit Subsidy Payment” means a payment by the federal government with respect to a Tax Credit Subsidy Bond.

“Tax-Exempt Bond” means any Parity Bond, the interest on which is intended, as of the Issue Date, to be excludable from gross income for federal income tax purposes.

“Taxable Bond” means any Parity Bond, the interest on which is not intended, as of the Issue Date, to be excludable from gross income for federal income tax purposes.

“Term Bond” means any Parity Bond that is issued subject to mandatory redemption prior to its maturity in Sinking Fund Requirements.

“ULID” means a utility local improvement district of the City created for the acquisition or construction of additions to and betterments and extensions of the Drainage and Wastewater System.

“ULID Assessments” means all assessments levied and collected in a ULID, if and only if those assessments are pledged to be paid into the Parity Bond Account, in which case they shall be included in Gross Revenue. ULID Assessments shall include all installments of principal, payments of interest, and penalties and interest on delinquencies, but shall not include any prepaid assessments paid into a construction fund or account.

“Valuation Date” means, with respect to any Capital Appreciation Bond, the date or dates, determined as set forth in the Parity Bond Documents relating to the relevant series of Parity Bonds, on which specific Accreted Values are assigned to that Capital Appreciation Bond.

“Variable Interest Rate” means any interest rate that fluctuates during the stated term of a Parity Bond (or during a stated period during which the Parity Bond is designated as a Variable Interest Rate Bond), whether due to a remarketing, a market index reset, or other mechanism set forth in the applicable Bond Documents. The Bond Documents for any Series of the Bonds bearing interest at a Variable Interest Rate shall set forth: (a) the available method(s) of computing interest (the “interest rate modes”); (b) the particular period or periods of time (or manner of determining such period or periods of time) for which each value of such Variable Interest Rate (or each interest rate mode) shall remain in effect; (c) provisions for conversion from one interest rate mode to another and for setting or resetting the interest rates; and (d) the time or times upon which any change in such Variable Interest Rate (or any conversion of interest rate modes) shall become effective.

“Variable Interest Rate Bond” means, for any period of time, any Parity Bond that bears interest at a Variable Interest Rate during that period. A Parity Bond shall not be treated as a Variable Interest Rate Bond if the net economic effect of: (a) interest rates on a particular series of Parity Bonds, as set forth in the applicable Bond Documents, and (b) either (i) interest rates on another series of Parity Bonds issued at substantially the same time, or (ii) a Payment Agreement related to that particular series of Parity Bonds, is to produce

obligations that bear interest at a fixed rate. A Parity Bond with respect to which a Payment Agreement is in force shall be treated as a Variable Interest Rate Bond if the net economic effect of the Payment Agreement is to produce an obligation that bears interest at a Variable Interest Rate.

Section 2. **Adoption of Plan of Additions.** The City specifies, adopts and orders the Plan of Additions to be carried out as generally provided for in the documents comprising the Plan of Additions. The estimated cost of the Plan of Additions, as near as may be determined, is declared to be \$1,332 million, of which approximately \$88 million is expected to be financed from proceeds of the Bonds and investment earnings thereon.

Section 3. **Authorization of Bonds; Due Regard Finding.**

(a) **The Bonds.** The City is authorized to issue Drainage and Wastewater System revenue bonds, payable from the sources described in Section 13 of this ordinance, in the maximum principal amount stated in Section 5 of this ordinance to provide funds (a) to pay part of the cost of carrying out the Plan of Additions; (b) to provide for the Reserve Requirement (if any); (c) to capitalize interest on (if necessary) and pay the costs of issuance of the Bonds; and (d) for other Drainage and Wastewater System purposes approved by ordinance. The Bonds may be issued in one or more Series and may be combined with other Drainage and Wastewater System revenue bonds (including Refunding Parity Bonds) authorized separately. The Bonds shall be designated Drainage and Wastewater System Revenue Bonds and shall be numbered separately and shall have any name, year and series or other label as deemed necessary or appropriate by the Director of Finance.

(b) **City Council Finding.** The City Council finds that, in creating the Parity Bond Account and in fixing the amounts to be paid into it in accordance with this ordinance and the parameters for the Bond Sale Terms set forth in Section 5 of this ordinance, the City Council has exercised due regard for the cost of operation and maintenance of the Drainage and Wastewater System, and is not setting aside into the Parity Bond Account a greater amount than in the judgment of the City Council, based on the rates established from time to time consistent with subsection 16(b) of this ordinance, will be sufficient, in the judgment of the City

Council, to meet all expenses of operation and maintenance of the Drainage and Wastewater System and to provide the amounts previously pledged for the payment of all outstanding obligations payable out of Gross Revenues and pledged for the payment of the Bonds. Therefore, the City Council hereby finds that the issuance and sale of the Bonds is in the best interest of the City and in the public interest.

Section 4. **Manner of Sale of Bonds**. The Director of Finance may provide for the sale of each Series by competitive sale, negotiated sale, limited offering, or private placement and may select and enter into agreements with remarketing agents or providers of liquidity with respect to Variable Interest Rate Bonds. The Purchaser of each Series shall be chosen through a selection process acceptable to the Director of Finance. The Director of Finance is authorized to specify a date and time of sale and a date and time for the delivery of each Series; in the case of a competitive sale, to provide an official notice of sale including bid parameters and other bid requirements, and provide for the use of an electronic bidding mechanism; to determine matters relating to a forward or delayed delivery of the Bonds; and to determine such other matters and take such other action as, in the Director's determination, may be necessary, appropriate, or desirable in order to carry out the sale of each Series. Each Series must be sold on Bond Sale Terms consistent with the parameters set forth in Section 5 of this ordinance.

Section 5. **Appointment of Designated Representative; Bond Sale Terms**.

(a) **Designated Representative**. The Director of Finance is appointed to serve as the City's designated representative in connection with the issuance and sale of the Bonds in accordance with RCW 39.46.040(2) and this ordinance.

(b) **Parameters for Bond Sale Terms**. The Director of Finance is authorized to approve, on behalf of the City, Bond Sale Terms for the sale of the Bonds in one or more Series, and, in connection with each such sale, to execute a Bond Purchase Contract (or, in the case of a competitive sale, a Pricing Certificate) confirming the Bond Sale Terms and such related agreements as may be necessary or desirable, consistent with the following parameters:

(i) **Maximum Principal Amount.** The maximum aggregate principal amount of all Series of the Bonds authorized by this ordinance is not to exceed \$88 million.

(ii) **Date or Dates.** Each Bond shall be dated its Issue Date, as determined by the Director of Finance. The initial Issue Date (without restricting any reissuance date with respect to a Series of Variable Interest Rate Bonds) may be no later than December 31, 2024.

(iii) **Denominations.** The Bonds shall be issued in Authorized Denominations.

(iv) **Interest Rate(s).** Each Bond shall bear interest from its Issue Date or from the most recent date to which interest has been paid or duly provided, whichever is later, unless otherwise provided in the Bond Documents. Each Series of the Bonds shall bear interest at one or more fixed interest rates or Variable Interest Rates. The net interest cost for any fixed rate Series may not exceed a rate of 10 percent per annum. The Bond Documents for any Series may provide for multiple interest rates and interest rate modes, and may provide conditions and mechanisms for the Director of Finance to effect a conversion from one mode to another. Nothing in this ordinance shall be interpreted to prevent the Bond Documents for any Series from including a provision for adjustments to interest rates during the term of the Series upon the occurrence of certain events specified in the applicable Bond Documents.

(v) **Payment Dates.** Interest shall be payable on dates acceptable to the Director of Finance. Principal shall be payable on dates acceptable to the Director of Finance, which shall include payment at the maturity of each Bond, in accordance with any Sinking Fund Requirements applicable to Term Bonds, and otherwise in accordance with any redemption or tender provisions.

(vi) **Final Maturity.** Each Bond shall mature no later than 40 years after its Issue Date.

(vii) **Redemption Prior to Maturity.** The Bond Sale Terms may include redemption and tender provisions, as determined by the Director of Finance in his discretion, consistent with Section 8 of this ordinance and subject to the following:

(A) **Optional Redemption.** The Director of Finance may designate any Bond as subject

to optional redemption prior to its maturity. Any Bond that is subject to optional redemption prior to maturity must be callable on at least one or more dates occurring not more than 10½ years after the Issue Date, consistent with subsection 8(a) of this ordinance.

(B) Mandatory Redemption. The Director of Finance may designate any Bond as a Term Bond, subject to mandatory redemption prior to its maturity on the dates and in principal payment amounts set forth in Sinking Fund Requirements, consistent with subsection 8(b) of this ordinance.

(C) Extraordinary Redemptions. The Director of Finance may designate any Bond as subject to extraordinary optional redemption or extraordinary mandatory redemption upon the occurrence of an extraordinary event, as such event or events may be set forth in the applicable Bond Documents, consistent with subsection 8(c) of this ordinance.

(D) Tender Options. The Director of Finance may designate any Variable Interest Rate Bond as subject to tender options, as set forth in the applicable Bond Documents.

(viii) Price. The Director of Finance may approve in the Bond Sale Terms an aggregate purchase price for each Series of the Bonds that is, in the Director's judgment, the price that produces the most advantageous borrowing cost for the City, consistent with the parameters set forth in this ordinance and in any applicable bid documents.

(ix) Other Terms and Conditions.

(A) Expected Life of Capital Facilities. As of the Issue Date of each Series, the Director of Finance must additionally find to the Director's satisfaction that the average expected life of the capital facilities to be financed with the proceeds (or allocable share of proceeds) of that Series must exceed the weighted average maturity of such Series (or share thereof) allocated to financing those capital facilities.

(B) Parity Conditions Satisfied. As of the Issue Date of each Series, the Director of Finance must find that the Parity Conditions have been met or otherwise satisfied, so that such Series is permitted to be issued as Parity Bonds.

(C) **Additional Terms, Conditions, and Agreements.** The Bond Sale Terms for any Series may provide for Bond Insurance, a Reserve Security, Qualified Letter of Credit, credit enhancement, or for any other Payment Agreement as the Director of Finance may find necessary or desirable. The Bond Sale Terms for any Series may provide for multiple interest rate modes and may include provisions for conversion from any interest rate mode to any other mode. To that end, the Bond Sale Terms may include such additional terms, conditions, and covenants as may be necessary or desirable, including but not limited to: restrictions on investment of Bond proceeds and pledged funds (including any escrow established for the defeasance of the Bonds), provisions for the conversion of interest rate modes, provisions for the reimbursement of a credit enhancement provider or Qualified Counterparty, and requirements to give notice to or obtain the consent of a credit enhancement provider or a Qualified Counterparty. The Director of Finance is authorized to execute, on behalf of the City, such additional certificates and agreements as may be necessary or desirable to reflect such terms, conditions, and covenants.

(D) **Reserve Requirement.** The Bond Sale Terms must establish whether the Series is to be treated as Covered Parity Bonds and must establish the method of providing for the Reserve Requirement, consistent with Section 15 of this ordinance.

(E) **Tax Status of the Bonds.** The Director of Finance may determine that any Series of the Bonds may be designated or qualified as Tax-Exempt Bonds, Taxable Bonds or Tax Credit Subsidy Bonds, consistent with Section 22 of this ordinance.

Section 6. **Bond Registrar; Registration and Transfer of Bonds.**

(a) **Registration of Bonds; Bond Registrar.** The Bonds shall be issued only in registered form as to both principal and interest and shall be recorded on the Bond Register. The Fiscal Agent is appointed to act as Bond Registrar for each Series of the Bonds, unless otherwise determined by the Director of Finance.

(b) **Transfer and Exchange of Bonds.** The Bond Registrar shall keep, or cause to be kept, sufficient books for the registration and transfer of the Bonds, which shall be open to inspection by the City at all times.

The Bond Register shall contain the name and mailing address of the Registered Owner of each Bond and the principal amount and number of each of the Bonds held by each Registered Owner.

The Bond Registrar is authorized, on behalf of the City, to authenticate and deliver Bonds transferred or exchanged in accordance with the provisions of the Bonds and this ordinance, to serve as the City's paying agent for the Bonds and to carry out all of the Bond Registrar's powers and duties under this ordinance and the Registration Ordinance.

The Bond Registrar shall be responsible for its representations contained in the Bond Registrar's certificate of authentication on the Bonds. The Bond Registrar may become an Owner of Bonds with the same rights it would have if it were not the Bond Registrar and, to the extent permitted by law, may act as depository for and permit any of its officers or directors to act as members of, or in any other capacity with respect to, any committee formed to protect the rights of Owners.

Bonds surrendered to the Bond Registrar may be exchanged for Bonds in any Authorized Denomination of an equal aggregate principal amount and of the same Series, interest rate and maturity. Bonds may be transferred only if endorsed in the manner provided thereon and surrendered to the Bond Registrar. Any exchange or transfer shall be without cost to an Owner or transferee. The Bond Registrar shall not be obligated to exchange or transfer any Bond during the period between the Record Date and the corresponding interest payment or principal redemption date.

(c) Securities Depository; Book-Entry Form. Unless otherwise determined by the Director of Finance, the Bonds initially shall be issued in Book-Entry Form and registered in the name of the Securities Depository. The Bonds so registered shall be held fully immobilized in Book-Entry Form by the Securities Depository in accordance with the provisions of the Letter of Representations. Neither the City nor the Bond Registrar shall have any responsibility or obligation to participants of the Securities Depository or the persons for whom they act as nominees with respect to the Bonds regarding the accuracy of any records maintained by the Securities Depository or its participants of any amount in respect of principal of or interest on the Bonds, or

any notice that is permitted or required to be given to Registered Owners hereunder (except such notice as is required to be given by the Bond Registrar to the Securities Depository). Registered ownership of a Bond initially held in Book-Entry Form, or any portion thereof, may not be transferred except: (i) to any successor Securities Depository; (ii) to any substitute Securities Depository appointed by the City or such substitute Securities Depository's successor; or (iii) to any person if the Bond is no longer held in Book-Entry Form.

Upon the resignation of the Securities Depository from its functions as depository, or upon a determination by the Director of Finance to discontinue utilizing the then-current Securities Depository, the Director of Finance may appoint a substitute Securities Depository. If the Securities Depository resigns from its functions as depository and no substitute Securities Depository can be obtained, or if the Director of Finance determines not to utilize a Securities Depository, then the Bonds shall no longer be held in Book-Entry Form and ownership may be transferred only as provided herein.

Nothing in this ordinance shall prevent the Bond Sale Terms from providing that a Series of the Bonds shall be issued in certificated form without utilizing a Securities Depository, and that the Bonds of such Series shall be registered as of their Issue Date in the names of the Owners thereof, in which case ownership may be transferred only as provided in this ordinance.

(d) **Lost or Stolen Bonds.** In case any Bond shall be lost, stolen or destroyed, the Bond Registrar may authenticate and deliver a new bond or bonds of like amount, date, tenor, and effect to the Registered Owner(s) thereof upon the Registered Owner(s)' paying the expenses and charges of the City in connection therewith and upon filing with the Bond Registrar evidence satisfactory to the Bond Registrar that such bond or bonds were actually lost, stolen or destroyed and of Registered Ownership thereof, and upon furnishing the City with indemnity satisfactory to both.

Section 7. **Payment of Bonds.**

(a) **Payment.** Each Bond shall be payable in lawful money of the United States of America on the dates and in the amounts as provided in the Bond Documents applicable to that Series. Principal of and interest on

each Bond issued as a Parity Bond shall be payable solely out of the Parity Bond Account and shall not be a general obligation of the City. No Bonds of any Series shall be subject to acceleration under any circumstances.

(b) **Bonds Held In Book-Entry Form.** Principal of and interest on each Bond held in Book-Entry Form shall be payable in the manner set forth in the Letter of Representations.

(c) **Bonds Not Held In Book-Entry Form.** Interest on each Bond not held in Book-Entry Form shall be payable by electronic transfer on the interest payment date, or by check or draft of the Bond Registrar mailed on the interest payment date to the Registered Owner at the address appearing on the Bond Register on the Record Date. The City, however, is not required to make electronic transfers except pursuant to a request by a Registered Owner in writing received at least ten days prior to the Record Date and at the sole expense of the Registered Owner. Principal of each Bond not held in Book-Entry Form shall be payable upon presentation and surrender of the Bond by the Registered Owner to the Bond Registrar.

Section 8. **Redemption and Purchase of Bonds.**

(a) **Optional Redemption.** All or some of the Bonds may be subject to redemption prior to their stated maturity dates at the option of the City at the times and on the terms set forth in the applicable Bond Documents.

(b) **Mandatory Redemption.** All or some of the Bonds of any Series may be designated as Term Bonds, subject to mandatory redemption in Sinking Fund Requirements, as set forth in the applicable Bond Documents. If not redeemed or purchased at the City's option prior to maturity, Term Bonds (if any) must be redeemed, at a price equal to 100 percent of the principal amount to be redeemed plus accrued interest, on the dates and in the years and Sinking Fund Requirements as set forth in the applicable Bond Documents. If the City optionally redeems or purchases a Term Bond prior to maturity, the principal amount of that Term Bond that is so redeemed or purchased (irrespective of its redemption or purchase price) shall be credited against the remaining Sinking Fund Requirements for that Term Bond in the manner as directed by the Director of Finance. In the absence of direction by the Director of Finance, credit shall be allocated to the remaining Sinking Fund

Requirements for that Term Bond on a *pro rata* basis.

(c) **Extraordinary Redemption Provisions.** All or some of the Bonds of any Series may be subject to extraordinary optional or extraordinary mandatory redemption prior to maturity upon the occurrence of an extraordinary event, at the prices, in the principal amounts, and on the dates, all as set forth in the applicable Bond Documents.

(d) **Selection of Bonds for Redemption; Partial Redemption.** If fewer than all of the outstanding Bonds are to be redeemed at the option of the City, the Director of Finance shall select the Series and maturity or maturities to be redeemed. If less than all of the principal amount of a maturity of the selected Series is to be redeemed, if such Series is held in Book-Entry Form, the portion of such maturity to be redeemed shall be selected for redemption by the Securities Depository in accordance with the Letter of Representations, and if the Series is not then held in Book-Entry Form, the portion of such maturity to be redeemed shall be selected by the Bond Registrar randomly in such manner as the Bond Registrar shall determine. All or a portion of the principal amount of any Bond that is to be redeemed may be redeemed in any applicable Authorized Denomination. If less than all of the outstanding principal amount of any Bond is redeemed, upon surrender of that Bond to the Bond Registrar there shall be issued to the Registered Owner, without charge, a new Bond (or Bonds, at the option of the Registered Owner) of the same Series, maturity, and interest rate in any Authorized Denomination in the aggregate principal amount to remain outstanding.

(e) **Purchase.** The City reserves the right and option to purchase any or all of the Bonds at any time at any price acceptable to the City plus accrued interest to the date of purchase.

Section 9. **Notice of Redemption; Rescission of Notice.** Unless otherwise set forth in the applicable Bond Documents, the City must cause notice of any intended redemption of Bonds to be given not fewer than 20 nor more than 60 days prior to the date fixed for redemption by first class mail, postage prepaid, to the Registered Owner of any Bond to be redeemed at the address appearing on the Bond Register on the Record Date, and the requirements of this sentence shall be deemed to have been fulfilled when notice has been mailed

as so provided, whether or not it is actually received by the Owner of any Bond. Interest on Bonds called for redemption shall cease to accrue on the date fixed for redemption unless the Bond or Bonds called are not redeemed when presented pursuant to the call.

In the case of an optional or extraordinary optional redemption, the notice may state that the City retains the right to rescind the redemption notice and the related optional redemption of Bonds by giving a notice of rescission to the affected Registered Owners at any time on or prior to the scheduled optional redemption date. Any notice of optional redemption that is rescinded by the Director of Finance shall be of no effect, and the Bonds for which the notice of optional redemption has been rescinded shall remain outstanding.

Section 10. **Failure to Pay Bonds.** If any Bond is not paid when properly presented at its maturity or redemption date, the City shall be obligated to pay, solely from the Parity Bond Account and the other sources pledged in this ordinance, interest on that Bond at the same rate provided on that Bond from and after its maturity or redemption date until that Bond, including principal, redemption premium (if any), and interest, is paid in full or until sufficient money for its payment in full is on deposit in the Parity Bond Account and that Bond has been called for payment by giving notice of that call to the Registered Owner of that Bond.

Section 11. **Form and Execution of Bonds.** The Bonds shall be typed, printed, or reproduced in a form consistent with the provisions of this ordinance and State law; shall be signed by the Mayor and Director of Finance, either or both of whose signatures may be manual or in facsimile; and the seal of the City or a facsimile reproduction thereof shall be impressed or printed thereon.

Only Bonds bearing a certificate of authentication in substantially the following form (with the designation, year, and Series adjusted consistent with this ordinance), manually signed by the Bond Registrar, shall be valid or obligatory for any purpose or entitled to the benefits of this ordinance: “This Bond is one of the fully registered The City of Seattle, Washington, [Drainage and Wastewater Revenue Bonds], [Year], [Series], described in [this ordinance].” The authorized signing of a certificate of authentication shall be conclusive evidence that the Bond so authenticated has been duly executed, authenticated and delivered and is

entitled to the benefits of this ordinance.

If any officer whose manual or facsimile signature appears on a Bond ceases to be an officer of the City authorized to sign bonds before the Bond bearing the officer's manual or facsimile signature is authenticated or delivered by the Bond Registrar or issued by the City, that Bond nevertheless may be authenticated, delivered and issued and, when authenticated, issued and delivered, shall be as binding on the City as though that person had continued to be an officer of the City authorized to sign bonds. Any Bond also may be signed on behalf of the City by any person who, on the actual date of signing of the Bond, is an officer of the City authorized to sign bonds, although that person did not hold the required office on the date of issuance of that Series of the Bonds.

Section 12. **Construction Account; Deposit of Proceeds.** An account to be known as the Drainage and Wastewater Construction Subaccount, 2022 is created in the Drainage and Wastewater Construction Account within the Drainage and Wastewater Fund. After depositing accrued interest (if any) into the Principal and Interest Subaccount and depositing amounts necessary to provide for the Reserve Requirement (if any) into the Reserve Subaccount, the remaining principal proceeds of the sale of a Series of the Bonds shall be deposited into the Construction Account (or such other fund or account as may be directed by the Director of Finance) to be used (a) to pay part of the costs of carrying out the Plan of Additions, and (b) to pay capitalized interest on (if necessary) and the costs of issuance of the Series. Until needed to pay such costs, the City may invest principal proceeds and interest thereon temporarily in any Permitted Investments, and the investment earnings may, as determined by the Director of Finance, be either (a) retained in the Construction Account to be spent for the purposes of that account, or (b) deposited in the Parity Bond Account.

Section 13. **Security for the Bonds; Parity with Outstanding Parity Bonds.** The Bonds shall be special limited obligations of the City payable from and secured solely by the Net Revenue (including all ULID Assessments, if any) and money in the Parity Bond Account and the subaccounts therein, *except that from and after the Reserve Covenant Date, money in the Reserve Subaccount shall secure only Covered Parity Bonds.*

The Net Revenue (including all ULID Assessments, if any) is pledged to make the payments into the Parity Bond Account required by this ordinance. This pledge constitutes a charge and lien upon such Net Revenue prior and superior to all other liens and charges whatsoever.

The Bonds shall be issued on parity with the Outstanding Parity Bonds and all Future Parity Bonds, without regard to date of issuance or authorization and without preference or priority of right or lien. Nothing in this ordinance prevents the City from issuing revenue bonds or other obligations that are a charge or lien upon Net Revenue subordinate to the payments required to be made from Net Revenue into the Parity Bond Account and the subaccounts therein. The City covenants that, for as long as any Bond is outstanding, it will not issue any other revenue obligations (or create any special fund or account therefor), which will have any priority over or which will rank on a parity with the payments required in respect of the Parity Bonds, and that it will issue Future Parity Bonds only accordance with Section 17 of this ordinance.

The Bonds shall not constitute general obligations of the City, the State, or any political subdivision of the State or a charge upon any general fund or upon any money or other property of the City, the State or any political subdivision of the State not specifically pledged by this ordinance.

Section 14. **Priority Expenditure of Gross Revenue; Flow of Funds.** Gross Revenue shall be deposited as received in the Drainage and Wastewater Fund and used for the following purposes only, in the following order of priority:

- (a) To pay the Operating and Maintenance Expense;
- (b) To make all payments into the Principal and Interest Subaccount required to be made in order to pay the interest on and principal of all Parity Bonds (including all net payments under Parity Payment Agreements) when due;
- (c) To make all payments required to be made into the Reserve Subaccount with respect to Parity Bonds secured by the Reserve Subaccount;
- (d) To make all payments required to be made into any revenue bond, note, warrant or other revenue

obligation redemption fund, debt service account, or reserve account created to pay and secure the payment of the principal of and interest on any revenue bonds or short-term obligations of the City having a charge and lien upon Net Revenue subordinate to the lien thereon for the payment of the principal of and interest on the Parity Bonds; and

(e) Without priority, to any of the following purposes: to retire by redemption or purchase any outstanding revenue bonds or revenue obligations of the Drainage and Wastewater System; to make necessary additions, betterments, improvements, or repairs to, or extensions and replacements of the Drainage and Wastewater System; to pay City taxes or other payments in lieu of taxes payable from Gross Revenue; to make deposits to the Rate Stabilization Account; or for any other lawful purpose of the Drainage and Wastewater System.

Section 15. **Parity Bond Account.** A special account of the City known as the Parity Bond Account has been previously created and shall be maintained as a separate account within the Drainage and Wastewater Fund, for the sole purpose of paying the principal of and premium, if any, and interest on the Parity Bonds as the same shall become due. The Parity Bond Account consists of the Principal and Interest Subaccount and the Reserve Subaccount, and may additionally include such subaccounts as the Director of Finance may deem necessary, so long as the maintenance of such subaccounts does not conflict with the rights of the owners of Parity Bonds. Principal of, premium (if any) and interest on the Parity Bonds shall be payable out of the Parity Bond Account.

(a) **Required Payments Into the Parity Bond Account.** So long as any Parity Bonds are outstanding (including amounts required under any Parity Payment Agreement), the City shall set aside and pay into the Parity Bond Account all ULID Assessments on their collection and, out of Net Revenue, certain fixed amounts without regard to any fixed proportion, namely:

(i) Into the Principal and Interest Subaccount on or before each date on which interest on or principal of Parity Bonds (including Sinking Fund Requirements and net payments under any Parity Payment

Agreements) shall become due and payable, an amount that will be sufficient, together with other money on deposit therein, to pay such principal, interest, Sinking Fund Requirements, and net payments then due on Parity Payment Agreements as the same shall become due; and

(ii) Into the Reserve Subaccount an amount necessary to provide for the Reserve Requirement within the time and in the manner required by this ordinance and the Bond Sale Terms. The amount necessary, if any, to satisfy the Reserve Requirement upon the issuance of a Series of the Bonds may be funded (A) on the Issue Date, by a deposit of bond sale proceeds, available funds of the Drainage and Wastewater System, or a Reserve Security; or (B) in annual installments from Net Revenue so that the Reserve Requirement is fully funded by no later than the fifth anniversary of the Issue Date of such Series. The manner of funding the Reserve Requirement for the Bonds shall be set forth in the Bond Sale Terms.

To meet the required payments to be made into the Parity Bond Account, the Director of Finance may transfer any money from any funds or accounts of the City legally available therefor, except bond redemption funds, refunding escrow funds or defeasance funds. The Director of Finance may provide for the purchase, redemption or defeasance of any Parity Bonds by the use of money on deposit in any subaccount in the Parity Bond Account as long as the money remaining in those subaccounts is sufficient to satisfy the required deposits in those subaccounts for the remaining Parity Bonds.

(b) **Reserve Subaccount.** The Reserve Subaccount previously has been created and maintained as a subaccount within the Parity Bond Account for the purpose of securing the payment of the principal of and interest on all Parity Bonds outstanding (including amounts due under any Parity Payment Agreements if required under such agreement). The City covenants that it will at all times, so long as any Covered Parity Bonds are outstanding, maintain the Reserve Subaccount at the Reserve Requirement (taking into account scheduled payments to fund the Reserve Requirement over time), as it is adjusted from time to time, except for withdrawals as authorized by this ordinance. Any withdrawals authorized below from subaccounts within the Reserve Subaccount shall be made on a pro rata basis except if the provider of a Reserve Security requires all

cash and investments in the Reserve Subaccount to be withdrawn before draws on the Reserve Security, or unless the City receives an opinion of Bond Counsel to the effect that such pro rata withdrawal is not required to maintain the exclusion of interest on the Parity Bonds then outstanding from gross income for federal income tax purposes.

(i) **Use of Reserve Subaccount for Payment of Debt Service.** In the event of a deficiency in the Principal and Interest Subaccount to meet current installments of either principal (including Sinking Fund Requirements) or interest (including amounts payable under any Parity Payment Agreement), the Director of Finance may make withdrawals of money or proceeds of Reserve Security in the Reserve Subaccount. ***From and after the Reserve Covenant Date, the withdrawals authorized by this paragraph shall be limited to the amounts necessary to meet current installments of either principal (or Sinking Fund Requirements) or interest (including net payments under Parity Payment Agreements) with respect to Covered Parity Bonds.*** Any deficiency created in the Reserve Subaccount by reason of any such withdrawal or claim against a Reserve Security shall then be made up from the ULID Assessments and Net Revenue first available after making necessary provisions for the required payments into the Principal and Interest Subaccount.

(ii) **Application of Funds in Reserve Account.** The money in the Reserve Subaccount may be applied to the payment of the last outstanding Covered Parity Bonds, and when the total amount in the Parity Bond Account (including investment earnings) equals the total amount of principal and interest for all then-outstanding Covered Parity Bonds to the last maturity thereof, no further payment need be made into the Parity Bond Account in respect of the Covered Parity Bonds. Money in the Reserve Subaccount (including investment earnings) in excess of the Reserve Requirement may be withdrawn and deposited in the Principal and Interest Subaccount and spent for the purpose of retiring Covered Parity Bonds or may be deposited in any other fund or account and spent for any other lawful Drainage and Wastewater System purpose.

(c) **Investment of Money in Parity Bond Account.** All money in the Parity Bond Account may be kept in cash or invested in Permitted Investments maturing not later than the date when needed (for investments

in the Principal and Interest Subaccount) or the last maturity of any outstanding Parity Bonds (for investments in the Reserve Subaccount). In no event shall any money in the Parity Bond Account or any other money reasonably expected to be used to pay principal of and/or interest on the Parity Bonds be invested at a yield which would cause any Series issued as Tax-Exempt Bonds or Tax Credit Subsidy Bonds to be arbitrage bonds within the meaning of Section 148 of the Code. Income from investments in the Principal and Interest Subaccount shall be deposited in that subaccount. Income from investments in the Reserve Subaccount shall be deposited in that subaccount until the amount therein is equal to the Reserve Requirement for all Parity Bonds, and thereafter shall be deposited in the Principal and Interest Subaccount. Notwithstanding the provisions for deposit or retention of earnings in the Parity Bond Account, any earnings which are subject to a federal tax or rebate requirement may be withdrawn from the Parity Bond Account for deposit in a separate fund or account for that purpose. If no longer required for such rebate, money in that separate fund or account shall be returned to the Parity Bond Account.

(d) **Failure to Deposit Money in Parity Bond Account.** If the City fails to set aside and pay into the Parity Bond Account, or the subaccounts therein, the amounts set forth in this section, the registered owner of any of the outstanding Parity Bonds may bring action against the City for failure to make the required deposits to the Parity Bond Account only in accordance with Section 25 of this ordinance regarding Events of Default.

Section 16. **Parity Bond Covenants.** The City covenants with the Owner of each Bond at any time outstanding, as follows:

(a) **Operation and Maintenance of the Drainage and Wastewater System.** The City will pay all Operating and Maintenance Expense and otherwise meet the obligations of the City under this ordinance. It will at all times maintain and keep the Drainage and Wastewater System in good repair, working order and condition, will make all necessary and proper additions, betterments, renewals and repairs thereto, and improvements, replacements and extensions thereof so that at all times the business carried on in connection therewith will be properly and advantageously conducted, and will at all times operate or cause to be operated

the Drainage and Wastewater System and the business in connection therewith in an efficient manner and at a reasonable cost.

(b) **Establishment and Collection of Rates and Charges.** The City will establish, maintain, revise as necessary, and collect rates and charges for services and facilities provided by the Drainage and Wastewater System so that Adjusted Net Revenue in each fiscal year will be at least equal to the Coverage Requirement. The failure of the City to comply with this subsection shall not be an Event of Default if the City promptly retains an Independent Utility Consultant to recommend to the City Council adjustments in the rates of the Drainage and Wastewater System necessary to meet the requirements of this subsection and if the City Council adopts the recommended modifications within 180 days of the date the failure became known to the City Council.

(c) **Sale or Disposition of Drainage and Wastewater System.** The City will not sell, lease, mortgage, or in any manner encumber or dispose of all of the property of the Drainage and Wastewater System unless provision is made for the payment into the Parity Bond Account of an amount sufficient to pay the principal of (including redemption premium, if any) and interest on Parity Bonds then outstanding; and it will not sell, lease, mortgage, or in any manner encumber or dispose of (each a “transfer”) any part of the property of the Drainage and Wastewater System that is used, useful and material to the operation thereof, except consistent with one or more of the following:

(i) If provision is made for replacement thereof, or for payment into the Parity Bond Account of the total amount of Gross Revenue received from the portion of the Drainage and Wastewater System transferred, which shall not be less than an amount which shall bear the same ratio to the amount of Parity Bonds then outstanding as the Gross Revenue available for debt service for such outstanding bonds for the 12 months preceding such transfer from the portion of the Drainage and Wastewater System so transferred bears to the Gross Revenue available for debt service for the then outstanding Parity Bonds from the entire Drainage and Wastewater System of the City for the same period. Any such money so paid into the Parity Bond Account

shall be used to retire such Parity Bonds at the earliest possible date; or

(ii) If the aggregate depreciated cost value of the property being transferred under this subsection in any fiscal year comprises no more than 5 percent of the total assets of the Drainage and Wastewater System; or

(iii) If the proceeds from such transfer are used to acquire new useful operating facilities or properties of the Drainage and Wastewater System, or are used to retire outstanding Parity Bonds or other revenue obligations of the Drainage and Wastewater System, and if, at the time of such transfer, the City has on file a certificate of both the Director of Finance and the Director of Seattle Public Utilities (or any officer who succeeds to substantially all of the responsibilities of either office) demonstrating that in their opinion, upon such transfer and the use of proceeds of the transfer as proposed by the City, the remaining facilities of the Drainage and Wastewater System will retain their operational integrity and, based on the financial statements for the most recent fiscal year available, the proposed transfer would not prevent the Drainage and Wastewater System from complying with the Coverage Requirement during the five fiscal years following the fiscal year in which the transfer is to occur. The certificate shall take into account (A) the reduction in revenue and expenses, if any, resulting from the transfer; (B) the use of any proceeds of the transfer for the redemption of Parity Bonds; (C) the estimate of revenue from customers anticipated to be served by any additions to and betterments and extensions of the Drainage and Wastewater System financed in part by the proposed portion of the proceeds of the transfer; and (D) any other adjustment permitted in the preparation of a certificate under subsection 17(b) of this ordinance. Before such a transfer, the City also must obtain confirmation from each of the Rating Agencies to the effect that the rating then in effect will not be reduced or withdrawn upon such transfer.

(d) **Books and Records.** The City will keep proper and separate accounts and records in which complete and separate entries shall be made of all transactions relating to the Drainage and Wastewater System, and it will furnish the Registered Owner(s) of the Bonds or any subsequent Registered Owner(s) thereof, at the written request of such Registered Owner(s), complete operating and income statements of the Drainage and

Wastewater System in reasonable detail covering any fiscal year not more than six months after the close of such fiscal year, and it will grant any Registered Owner(s) of at least 25 percent of the outstanding Bonds the right at all reasonable times to inspect the entire Drainage and Wastewater System and all records, accounts and data of the City relating thereto. Upon request of any Registered Owner of any of the Bonds, it also will furnish to such Registered Owner a copy of the most recently completed audit of the Drainage and Wastewater System's accounts by the State Auditor.

Section 17. **Future Parity Bonds.**

(a) **Issuance of Future Parity Bonds.** The City reserves the right to issue Future Parity Bonds and to enter into Parity Payment Agreements for any lawful purpose of the Drainage and Wastewater System (including for the purpose of refunding a portion of the then-outstanding Parity Bonds) only if, at the time of the issuance of such series of Future Parity Bonds (or upon the effective date of the Parity Payment Agreement), the following conditions are satisfied:

(i) There must be no deficiency in the Parity Bond Account, and no Event of Default with respect to any Parity Bonds shall have occurred and be continuing.

(ii) The Bond Documents must provide that all ULID Assessments shall be paid directly into the Parity Bond Account.

(iii) The Bond Documents must provide for the payment of the principal thereof and the interest thereon out of the Parity Bond Account.

(iv) The Bond Documents must provide for the payment of any Sinking Fund Requirements from money in the Principal and Interest Subaccount.

(v) For each series of Future Parity Bonds that is to be issued as a series of Covered Parity Bonds, the Bond Documents must provide for the deposit into the Reserve Subaccount of an amount, if any, necessary to fund the Reserve Requirement upon the issuance of those Future Parity Bonds (if any), which requirement may be satisfied: (A) by a deposit, made on the Issue Date of such series, of proceeds of that series

of Future Parity Bonds or other money legally available for such purpose; (B) by obtaining one or more Reserve Securities (or a deposit of cash plus Reserve Securities) available to be drawn upon in specific amounts to be paid into the Reserve Subaccount and credited against the deposits required to be maintained in the Reserve Subaccount; or (C) by a deposit of amounts necessary to fund the Reserve Requirement from ULID Assessments and Net Revenue within five years from the date of issuance of those Future Parity Bonds, in five approximately equal annual payments. Immediately prior to the issuance of Future Parity Bonds, amounts then deposited in the Reserve Subaccount shall be valued as determined on the most recent annual financial report of the City applicable to the Drainage and Wastewater System, and the additional amounts, if any, required to be deposited into the Reserve Subaccount to satisfy the Reserve Requirement shall be based on that valuation.

(vi) There must be on file with the City a Parity Certificate as described in subsection (b).

However, if the proposed Future Parity Bonds (or any portion thereof) are to be issued for the purpose of refunding outstanding Parity Bonds (referred to as the “Refunding Parity Bonds”), no Parity Certificate shall be required as to that portion issued for refunding purposes if the Director of Finance finds and certifies that the Adjusted Annual Debt Service on the refunding portion of the proposed Refunding Parity Bonds is not more than \$5,000 greater than the Adjusted Annual Debt Service on the Parity Bonds to be refunded thereby. Alternatively, Refunding Parity Bonds may be issued upon delivery of a Parity Certificate.

(b) Parity Certificate. A Parity Certificate required under subsection (a)(vi) may be provided as follows:

(i) A certificate may be prepared and signed by the Director of Finance, demonstrating that during any 12 consecutive calendar months out of the immediately preceding 24 calendar months Adjusted Net Revenue was at least equal to the Coverage Requirement for all Parity Bonds plus the Future Parity Bonds proposed to be issued (and assuming that the debt service of the proposed Future Parity Bonds for that 12-month period was the Average Annual Debt Service for those proposed Future Parity Bonds); or

(ii) A certificate may be prepared and signed by both the Director of Finance and the Director of

Seattle Public Utilities (or any officer who succeeds to substantially all of the responsibilities of either office), demonstrating that, in their opinion, Adjusted Net Revenue for the five fiscal years next following the earlier of (A) the end of the period during which interest on those Future Parity Bonds is to be capitalized or, if no interest is capitalized, the fiscal year in which the Future Parity Bonds are issued, or (B) the date on which substantially all the new facilities financed with those Future Parity Bonds are expected to commence operations, such Adjusted Net Revenue, further adjusted as provided in subsections (b)(ii)(1) through (4), will be at least equal to the Coverage Requirement. That certificate may take into account the following adjustments:

(1) Any changes in rates in effect and being charged, or rates expected to be charged in accordance with a program of specific rates, rate levels or increases in overall rate revenue approved by ordinance or resolution;

(2) Net revenue from customers of the Drainage and Wastewater System who have become customers during the 12-consecutive-month period or thereafter, and their estimate of net revenue from any customers to be connected to the Drainage and Wastewater System who have paid the required connection charges, adjusted to reflect one year's net revenue from those customers;

(3) Their estimate of net revenue from customers anticipated to be served by facilities or improvements financed in substantial part by those Future Parity Bonds (or additional Parity Bonds expected to be issued during the five-year period); and

(4) Net revenue from any person, firm, corporation or municipal corporation under any executed contract for drainage and wastewater or other utility service, which revenue was not included in historical Net Revenue of the Drainage and Wastewater System.

(c) **Other Provisions.** Nothing contained in this ordinance shall prevent the City from issuing Future Parity Bonds to refund maturing Parity Bonds, money for the payment of which is not otherwise available, or revenue bonds that are a charge or lien upon Net Revenue subordinate to the charge or lien of the Parity Bonds,

or from pledging to pay Net Revenue and/or assessments levied for ULID improvements constructed from the proceeds of subordinate lien bonds into a bond redemption fund created for the payment of the principal of and interest on subordinate lien bonds.

(d) **Effect of Issuance of Future Parity Bonds.** If the Parity Conditions are met and complied with at the time of the issuance of such Future Parity Bonds, then payments into the Parity Bond Fund with respect to such Future Parity Bonds shall rank equally with the payments out of the Net Revenue required to be made into the Parity Bond Fund by this ordinance. Nothing set forth herein shall prevent the City from (i) issuing revenue bonds or other obligations that are a charge upon the Net Revenue junior and inferior to the payments required to be made therefrom into the Parity Bond Fund for the payment of the Parity Bonds, provided that such subordinate bonds may not be subject to acceleration under any circumstances; or (ii) issuing Refunding Parity Bonds for the purpose of refunding Outstanding Parity Bonds, upon compliance with the Parity Conditions set forth in this section.

(e) **Reserve Requirement; Election Not to Designate Bonds as Covered Parity Bonds.**

Notwithstanding anything in this section to the contrary, the City may elect, by reflecting such election in the Bond Sale Terms relating to the issuance or sale of a series of Future Parity Bonds, that, from and after the Reserve Covenant Date, such series shall not be deemed to be a series of Covered Parity Bonds, shall not be secured by the amounts in the Reserve Account, and shall be excluded from the calculation of the Reserve Requirement.

Section 18. **Rate Stabilization Account.** The Rate Stabilization Account has been created as a separate account in the Drainage and Wastewater Fund. The City may at any time, as determined by the Director of Finance and consistent with the flow of funds set forth in Section 14 of this ordinance, deposit in the Rate Stabilization Account Gross Revenue and any other money received by the Drainage and Wastewater System and available for this purpose. The Director of Finance may, upon authorization by the City Council, withdraw any or all of the money in the Rate Stabilization Account for inclusion in Adjusted Gross Revenue for any fiscal

year of the City. Such deposits or withdrawals may be made up to and including the date 90 days after the end of the fiscal year for which the deposit or withdrawal will be included as Adjusted Gross Revenue. No deposit of Gross Revenue may be made into the Rate Stabilization Account to the extent that such deposit would prevent the City from meeting the Coverage Requirement in the relevant fiscal year.

Section 19. **Separate Utility Systems.** The City may create, acquire, construct, finance, own and operate one or more additional systems for drainage and wastewater service or other commodity or service relating to the Drainage and Wastewater System. The revenue of that separate utility system shall not be included in Gross Revenue and may be pledged to the payment of revenue obligations issued to purchase, construct, condemn or otherwise acquire or expand the separate utility system. Neither Gross Revenue nor Net Revenue shall be pledged by the City to the payment of any obligations of a separate utility system except (a) as a Contract Resource Obligation, upon compliance with Section 20 of this ordinance, or (b) with respect to the Net Revenue, on a basis subordinate to the lien of the Parity Bonds on that Net Revenue.

Section 20. **Contract Resource Obligations.** The City may at any time enter into one or more Contract Resource Obligations for the acquisition, from facilities to be constructed, of drainage and wastewater services or other commodity or service relating to the Drainage and Wastewater System, as follows:

(a) The City may determine that, and may agree under a Contract Resource Obligation to provide that, all payments under that Contract Resource Obligation (including payments prior to the time that drainage and wastewater services or other commodity or service is being provided, or during a suspension or after termination of supply or service) shall be an Operating and Maintenance Expense if the following requirements are met at the time such a Contract Resource Obligation is entered into:

(i) No Event of Default has occurred and is continuing; and

(ii) There shall be on file a certificate of an Independent Utility Consultant stating that (A) the payments to be made by the City in connection with the Contract Resource Obligation are reasonable for the commodity or service rendered; (B) any facilities to be constructed to provide the commodity or service are

sound from a drainage and wastewater services or other commodity or service planning standpoint, are technically and economically feasible in accordance with prudent utility practice, and are likely to provide such commodity or service no later than a date set forth in the Independent Utility Consultant's certification; and (C) Adjusted Net Revenue (further adjusted by the Independent Utility Consultant's estimate of the payments to be made in accordance with the Contract Resource Obligation) for the five fiscal years following the year in which the Contract Resource Obligation is incurred, as such Adjusted Net Revenue is estimated by the Independent Utility Consultant in accordance with the provisions of and adjustments permitted in subsection 17(b) of this ordinance, will be at least equal to the Coverage Requirement.

(b) Payments required to be made under Contract Resource Obligations shall not be subject to acceleration.

(c) Nothing in this section shall be deemed to prevent the City from entering into other agreements for the acquisition of drainage and wastewater services or other commodity or service from existing facilities and from treating those payments as an Operating and Maintenance Expense. Nothing in this section shall be deemed to prevent the City from entering into other agreements for the acquisition of drainage and wastewater services or other commodity or service from facilities to be constructed and from agreeing to make payments with respect thereto, such payments constituting a charge and lien on Net Revenue subordinate to that of the Parity Bonds.

Section 21. **Refunding and Defeasance of the Bonds.**

(a) **Bonds Designated as Refundable and Defeasible Bonds.** Each Series of the Bonds is designated as a series of "Refundable Bonds" for purposes of the Omnibus Refunding Ordinance and as "Defeasible Bonds" for purposes of the Omnibus Defeasance Ordinance.

(b) **Refunding; Defeasance.** The City may issue Refunding Parity Bonds pursuant to the laws of the State or use money available from any other lawful source (i) to pay when due the principal of (including premium, if any) and interest on any Bond, or any portion thereof, included in a refunding or defeasance plan

(the “Defeased Bonds”); (ii) to redeem and retire, release, refund, or defease the Defeased Bonds; and (iii) to pay the costs of such refunding or defeasance. If money and/or Government Obligations maturing at a time or times and in an amount sufficient (together with known earned income from the investment thereof) to redeem and retire, release, refund, or defease the Defeased Bonds in accordance with their terms is set aside in a special trust fund or escrow account irrevocably pledged to such redemption, retirement, or defeasance (the “Trust Account”), then all right and interest of the Owners of the Defeased Bonds in the covenants of this ordinance and in Net Revenue and the funds and accounts pledged to the payment of such Defeased Bonds, other than the right to receive the funds so set aside and pledged, thereafter shall cease and become void. Such Owners thereafter shall have the right to receive payment of the principal of and interest or redemption price on the Defeased Bonds from the Trust Account. After establishing and fully funding such a Trust Account, the Defeased Bonds shall be deemed to be no longer outstanding, and the Director of Finance may then apply any money in any other fund or account established for the payment or redemption of the Defeased Bonds to any lawful purpose.

(c) Notice of Defeasance or Refunding. Unless otherwise specified in the Bond Documents, notice of refunding or defeasance shall be given, and selection of Bonds for any partial refunding or defeasance shall be conducted, in the manner set forth in this ordinance for the redemption of Bonds.

(d) Annual Debt Service Calculation Adjustments for Defeased Bonds. If the refunding or defeasance plan provides (i) that the Defeased Bonds (or the Refunding Parity Bonds issued to redeem those Defeased Bonds) are to be secured by money and/or Government Obligations pending the redemption of the Defeased Bonds, and (ii) that certain money and/or Government Obligations are pledged irrevocably for the redemption of the Defeased Bonds, then only the debt service on such Bonds as are not Defeased bonds (and any Refunding Parity Bonds, the payment of which is not so secured by the refunding plan) shall be included in the calculation of Annual Debt Service.

Section 22. **Provisions Relating to Federal Tax Issues.** The Bond Documents may include such

additional terms and covenants relating to federal tax matters as the Director of Finance deems necessary or appropriate, including the following:

(a) **Tax-Exempt Bonds.** For each Series of the Bonds issued as Tax-Exempt Bonds, the City covenants that it will take all actions, consistent with the terms of such Series as set forth in the applicable Bond Documents that are reasonably within its power and necessary to prevent interest on that Series from being included in gross income for federal income tax purposes. The City further covenants that it will neither take any action nor make or permit any use of gross proceeds of that Series (or other funds of the City treated as gross proceeds of that Series) at any time during the term of such Series that will cause interest on such Series to be included in gross income for federal income tax purposes. The City also covenants that, to the extent the arbitrage rebate requirement of Section 148 of the Code is applicable to any Series issued as Tax-Exempt Bonds, it will take all actions necessary to comply (or to be treated as having complied) with that requirement in connection with that Series (including the calculation and payment of any penalties that the City may elect to pay as an alternative to calculating rebatable arbitrage and the payment of any other penalties if required under Section 148 of the Code) to prevent interest on such Series from being included in gross income for federal income tax purposes.

(b) **Taxable Bonds; Tax Credit Subsidy Bonds.** For each Series of the Bonds issued as Taxable Bonds or as Tax Credit Subsidy Bonds, the Director of Finance is authorized to make provision in the Bonds and other Bond Documents, to execute additional written agreements, and to make additional covenants on behalf of the City, all as the Director may deem necessary or appropriate in order to obtain, maintain, and administer such tax status. In the case of Tax Credit Subsidy Bonds, such additional covenants and agreement may include (without limiting the generality of the foregoing) those necessary in order for the City (i) to receive from the United States Treasury the applicable Tax Credit Subsidy Payments in respect of such Tax Credit Subsidy Bonds, and (ii) to ensure that such Series otherwise become and remain eligible for tax benefits under the Code.

Section 23. **Official Statement; Continuing Disclosure.**

(a) **Preliminary Official Statement.** The Director of Finance and other appropriate City officials are directed to cause the preparation of and review the form of a preliminary official statement in connection with each sale of one or more Series to the public. For the sole purpose of the Purchaser's compliance with paragraph (b)(1) of Rule 15c2-12, the Director of Finance is authorized to deem that preliminary official statement final as of its date, except for the omission of information permitted to be omitted by Rule 15c2-12. The City approves the distribution to potential purchasers of the Bonds of a preliminary official statement that has been deemed final in accordance with this subsection.

(b) **Final Official Statement.** The City approves the preparation of a final official statement for each sale of one or more Series to be sold to the public in the form of the preliminary official statement with such modifications and amendments as the Director of Finance deems necessary or desirable, and further authorizes the Director of Finance to execute and deliver such final official statement to the Purchaser. The City authorizes and approves the distribution by the Purchaser of that final official statement to purchasers and potential purchasers of the Bonds.

(c) **Undertaking to Provide Continuing Disclosure.** To meet the requirements of paragraph (b)(5) of Rule 15c2-12, as applicable to a participating underwriter for a Series of the Bonds, the Director of Finance is authorized to execute a written Continuing Disclosure Agreement with respect to that Series, in substantially the form attached to this ordinance as Exhibit B.

Section 24. **Supplemental or Amendatory Bond Documents.** This ordinance and the other applicable Bond Documents for any particular Series of the Bonds may not be supplemented or amended in any respect subsequent to the Issue Date of such Series, except in accordance with and subject to the provisions of this section.

(a) **Amendments Without Bond Owner Consent.** From time to time and at any time, without the consent of or notice to any owners of Parity Bonds, the City may supplement or amend the Bond Documents

applicable to any Series of the Bonds for any of the purposes set forth in this subsection (a). Any such supplement or amendment may be passed, adopted, or otherwise approved by the City, without requiring the consent of the registered owners of any Parity Bonds, but may become effective only upon receipt by the City of an opinion of Bond Counsel stating that such supplement or amendment is authorized or permitted by this ordinance and, upon the effective date thereof, will be valid and binding upon the City in accordance with its terms, and will not adversely affect the exclusion from gross income for federal income tax purposes of interest on the affected Series of the Bonds, if such Series was issued and sold as Tax-Exempt Bonds. The types of supplements and amendments permitted under this subsection (a) are as follows:

(i) To cure any formal defect, omission, inconsistency, or ambiguity in the Bond Documents for such Series in a manner not adverse to the owners of any Parity Bonds;

(ii) To impose upon the Bond Registrar (with its consent) for the benefit of the owners of Parity Bonds any additional rights, remedies, powers, authority, security, liabilities, or duties which may lawfully be granted, conferred, or imposed and which are not contrary to or inconsistent with such Bond Documents as theretofore in effect;

(iii) To add to the covenants and agreements of, and limitations and restrictions upon, the City in the Bond Documents, other covenants, agreements, limitations and restrictions to be observed by the City which are not contrary to or inconsistent with such Bond Documents as theretofore in effect;

(iv) To confirm, as further assurance, any pledge under (and the subjection to any claim, lien, or pledge created or to be created by) such Bond Documents on any other money, securities, or funds;

(v) To alter the Authorized Denominations of a Series of the Bonds and to make correlative amendments and modifications to the applicable Bond Documents regarding (A) exchangeability of such Bonds for Bonds of different authorized denominations, (B) redemptions of portions of Bonds of particular authorized denominations, and (C) similar amendments and modifications of a technical nature;

(vi) To comply with any future federal law or interpretation to preserve the exclusion of the

interest on any Series of the Bonds issued and sold as Tax-Exempt Bonds from gross income for federal income tax purposes and the entitlement of the City to receive from the United States Treasury the applicable Tax Credit Subsidy Payments in respect of any Series of the Bonds issued and sold as Tax Credit Subsidy Bonds;

(vii) To modify, alter, amend, or supplement the Bond Documents in any other respect which is not materially adverse to the owners of the Parity Bonds and does not involve a change described in subsection (c); and

(viii) To add to the covenants and agreements of (or limitations and restrictions upon) the City set forth in any Bond Documents, such additional or alternative covenants, agreements, limitations, or restrictions to be observed by the City as the City may determine are necessary or convenient to accommodate a provider of Qualified Insurance or provider of a Reserve Security and are not materially adverse to the owners of the Parity Bonds.

(b) Amendments With Bond Owner Consent. With the consent of registered owners of not less than 60 percent in aggregate principal amount of the Parity Bonds then outstanding, the City may pass, adopt, or otherwise approve any supplement or amendment (other than amendments requiring unanimous consent as set forth in subsection (c)) to any Bond Document that is deemed necessary or desirable by the City for the purpose of modifying, altering, amending, supplementing, or rescinding, in any particular, any of the terms or provisions contained in such Bond Document other than those terms and provisions described in subsection (c).

(c) Amendments Prohibited Except Upon Unanimous Consent. Unless approved in writing by or on behalf of the registered owner of each Parity Bond then outstanding, nothing contained in this section shall permit, or be construed as permitting (i) a change in the times, amounts, or currency of payment of the principal of or interest on any outstanding Parity Bond, (ii) a reduction in the principal amount or redemption price of any outstanding Parity Bond, (iii) a change in the method of determining the rate of interest thereon (other than a conversion to a new interest rate made in accordance with the applicable Bond Documents), (iv) a preference or priority of any Parity Bond over any other Parity Bond, or (v) a reduction in the percentage of the aggregate

principal amount of the then-outstanding Parity Bonds required to effect a change under subsection (b).

(d) **Notice to Bond Owners.** If at any time the City passes, adopts, or otherwise approves a supplement or amendment for any of the purposes of subsection (b) or (c), the Bond Registrar shall cause notice of the proposed supplement or amendment to be given by first class mail (i) to all registered owners of the then outstanding Parity Bonds, (ii) to each provider of Bond Insurance or a Reserve Security, and (iii) to each Rating Agency. Such notice shall briefly set forth the nature of the proposed supplement or amendment and shall state that a copy is on file at the office of the City Clerk for inspection by all owners of the then outstanding Parity Bonds.

(e) **Effective Date; Consents.** Any supplement or amendment, substantially as described in the notice mailed pursuant to subsection (d), may go into effect upon delivery to the Bond Registrar of (i) the required consents, in writing, of registered owners of the Parity Bonds, and (ii) an opinion of Bond Counsel stating that such supplement or amendment is authorized or permitted by this ordinance. Upon the effective date thereof, such supplement or amendment will be valid and binding upon the City in accordance with its terms and will not adversely affect the exclusion from gross income for federal income tax purposes of interest on any Tax-Exempt Bonds.

If registered owners of not less than the percentage of Parity Bonds required by this section shall have consented to and approved such a supplement or amendment, no owner of any Parity Bond shall have any right (i) to object to the passage, adoption, or approval of such supplement or amendment, (ii) to object to any of the terms and provisions contained therein or the operation thereof, (iii) in any manner to question the propriety of the passage, adoption, or approval thereof, (iv) to enjoin or restrain the City from passing, adopting, or otherwise approving the same, or (v) to enjoin or restrain the City, any authorized official thereof, or the Bond Registrar from taking any action pursuant to the provisions thereof. For purposes of determining whether consents representing the requisite percentage of principal amount of Parity Bonds have been obtained, the Accreted Value of Capital Appreciation Bonds shall be deemed to be the principal amount. It shall not be

necessary to obtain approval of the particular form of any proposed supplement, but it shall be sufficient if the consent shall approve the substance thereof.

(f) **Effect of Amendment.** Upon the effective date of any supplement or amendment, this ordinance (or the relevant Bond Document, if not set forth herein) shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations of the City and all owners of Parity Bonds then outstanding shall thereafter be determined, exercised, and enforced in accordance with and subject in all respects to such modifications and amendments. All the terms and conditions of any such supplement or amendment shall be deemed to be a part of this ordinance and the Bond Documents for any and all purposes.

(g) **Special Amendments.** If and to the extent that it is determined that the written consent of Registered Owners of the Bonds is required under subsection (b) or (c) of this section, the Registered Owners from time to time of the Bonds, by taking and holding the same, are deemed to have consented to any supplement or amendment to the Bond Documents effecting any one or more of the following changes:

(i) When calculating “Annual Debt Service,” to permit or require Tax Credit Subsidy Payments expected to be received by the City in any period to be credited against amounts required to be paid in respect of interest on the Parity Bonds in that period; and

(ii) To permit or require Tax Credit Subsidy Payments to be deposited into the Principal and Interest Subaccount and credited against the Net Revenue otherwise required to be deposited into the Principal and Interest Subaccount; and

(iii) To permit the reimbursement obligations of the City under any Qualified Letter of Credit or Qualified Insurance (other than a Qualified Letter of Credit or Qualified Insurance obtained to satisfy all or part of the Reserve Requirement) to be secured by a lien and charge on Net Revenue equal in rank with the lien and charge upon such Net Revenue required to be paid into the Parity Bond Account to pay and secure the payment of the principal of and interest on Parity Bonds.

Section 25. **Defaults and Remedies.**

(a) **Events of Default.** Each of the following shall constitute an Event of Default with respect to the Bonds:

(i) If a default is made in the payment of the principal of or interest on any of the Bonds when the same shall become due and payable; or

(ii) If the City defaults in the observance and performance of any other of the covenants, conditions and agreements on the part of the City set forth in this ordinance or the applicable Bond Documents (except as otherwise provided herein or in such Bond Documents) and such default or defaults have continued for a period of six months after the City has received from the Bond Owners' Trustee (as defined below) or from the registered owners of not less than 25 percent in principal amount of the Parity Bonds a written notice specifying and demanding the cure of such default. However, if the default in the observance and performance of any other of the covenants, conditions and agreements is one which cannot be completely remedied within the six months after written notice has been given, it shall not be an Event of Default with respect to the Bonds as long as the City has taken active steps within the six months after written notice has been given to remedy the default and is diligently pursuing such remedy.

Notwithstanding anything in this section to the contrary, the failure of the City or any obligated person to comply with the Continuing Disclosure Agreement shall not constitute an Event of Default, and the sole remedy of any holder of a Bond shall be to seek an order of specific performance from an appropriate court to compel the City to comply with the Continuing Disclosure Agreement.

(b) **Bond Owners' Trustee.** So long as such Event of Default has not been remedied, a trustee (the "Bond Owners' Trustee") may be appointed by the registered owners of 25 percent in principal amount of the then outstanding Parity Bonds, by an instrument or concurrent instruments in writing signed and acknowledged by such registered owners of the Parity Bonds or by their attorneys-in-fact duly authorized and delivered to such Bond Owners' Trustee, notification thereof being given to the City. That appointment shall become effective immediately upon acceptance thereof by the Bond Owners' Trustee. Any Bond Owners' Trustee

appointed under the provisions of this subsection shall be a bank or trust company organized under the laws of the State of Washington or the State of New York or a national banking association. The bank or trust company acting as Bond Owners' Trustee may be removed at any time, and a successor Bond Owners' Trustee may be appointed, by the registered owners of a majority in principal amount of the Parity Bonds, by an instrument or concurrent instruments in writing signed and acknowledged by such registered owners of the Parity Bonds or by their attorneys-in-fact duly authorized. The Bond Owners' Trustee may require such security and indemnity as may be reasonable against the costs, expenses and liabilities that may be incurred in the performance of its duties.

In the event that any Event of Default in the sole judgment of the Bond Owners' Trustee is cured and the Bond Owners' Trustee furnishes to the City a certificate so stating, that Event of Default shall be conclusively deemed to be cured and the City, the Bond Owners' Trustee and the registered owners of the Parity Bonds shall be restored to the same rights and position which they would have held if no Event of Default had occurred.

The Bond Owners' Trustee appointed in the manner provided in this ordinance, and each successor thereto, is declared to be a trustee for the registered owners of all the Parity Bonds and is empowered to exercise all the rights and powers herein conferred on the Bond Owners' Trustee.

(c) Suits at Law or in Equity. Upon the occurrence of an Event of Default and during the continuance thereof, the Bond Owners' Trustee may, and upon the written request of the registered owners of not less than 25 percent in principal amount of the Parity Bonds outstanding shall, take such steps and institute such suits, actions or other proceedings, all as it may deem appropriate for the protection and enforcement of the rights of the registered owners of the Parity Bonds, to collect any amounts due and owing to or from the City, or to obtain other appropriate relief, and may enforce the specific performance of any covenant, agreement or condition contained in this ordinance or set forth in any of the Parity Bonds.

Nothing contained in this section shall, in any event or under any circumstance, be deemed to authorize the acceleration of the maturity of principal on the Parity Bonds, and the remedy of acceleration is expressly

denied to the registered owners of the Parity Bonds under any circumstances including, without limitation, upon the occurrence and continuance of an Event of Default.

Any action, suit or other proceedings instituted by the Bond Owners' Trustee hereunder shall be brought in its name as the Bond Owners' Trustee and all such rights of action upon or under any of the Parity Bonds or the provisions of this ordinance may be enforced by the Bond Owners' Trustee without the possession of any of those Parity Bonds and without the production of the same at any trial or proceedings relative thereto except where otherwise required by law. Any such suit, action or proceeding instituted by the Bond Owners' Trustee shall be brought for the ratable benefit of all of the registered owners of those Parity Bonds, subject to the provisions of this ordinance. The respective registered owners of the Parity Bonds, by taking and holding the same, shall be conclusively deemed irrevocably to appoint the Bond Owners' Trustee the true and lawful trustee of the respective registered owners of those Parity Bonds, with authority to institute any such action, suit or proceeding; to receive as trustee and deposit in trust any sums becoming distributable on account of those Parity Bonds; to execute any paper or documents for the receipt of money; and to do all acts with respect thereto that the registered owner might have done in person. Nothing in this ordinance shall be deemed to authorize or empower the Bond Owners' Trustee to consent to accept or adopt, on behalf of any owner of the Parity Bonds, any plan of reorganization or adjustment affecting the Parity Bonds or any right of any registered owner thereof, or to authorize or empower the Bond Owners' Trustee to vote the claims of the registered owners thereof in any receivership, insolvency, liquidation, bankruptcy, reorganization or other proceeding to which the City is a party.

(d) Application of Money Collected by Bond Owners' Trustee. Any money collected by the Bond Owners' Trustee at any time pursuant to this section shall be applied in the following order of priority:

- (i) to the payment of the charges, expenses, advances and compensation of the Bond Owners' Trustee and the charges, expenses, counsel fees, disbursements and compensation of its agents and attorneys;
- (ii) to the payment to the persons entitled thereto of all installments of interest then due on the

Parity Bonds in the order of maturity of such installments and, if the amount available shall not be sufficient to pay in full any installment or installments maturing on the same date, then to the payment thereof ratably, according to the amounts due thereon to the persons entitled thereto, without any discrimination or preference; and

(iii) to the payment to the persons entitled thereto of the unpaid principal amounts of any Parity Bonds which shall have become due (other than Parity Bonds previously called for redemption for the payment of which money is held pursuant to the provisions of the applicable Bond Documents), whether at maturity or by proceedings for redemption or otherwise, in the order of their due dates and, if the amount available shall not be sufficient to pay in full the principal amounts due on the same date, then to the payment thereof ratably, according to the principal amounts due thereon to the persons entitled thereto, without any discrimination or preference.

(e) Duties and Obligations of Bond Owners' Trustee. The Bond Owners' Trustee shall not be liable except for the performance of such duties as are specifically set forth herein. During an Event of Default, the Bond Owners' Trustee shall exercise such of the rights and powers vested in it hereby, and shall use the same degree of care and skill in its exercise, as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs. The Bond Owners' Trustee shall have no liability for any act or omission to act hereunder except for the Bond Owners' Trustee's own negligent action, its own negligent failure to act or its own willful misconduct. The duties and obligations of the Bond Owners' Trustee shall be determined solely by the express provisions of this ordinance, and no implied powers, duties or obligations of the Bond Owners' Trustee shall be read into this ordinance.

The Bond Owners' Trustee shall not be required to expend or risk its own funds or otherwise incur individual liability in the performance of any of its duties or in the exercise of any of its rights or powers as the Bond Owners' Trustee, except as may result from its own negligent action, its own negligent failure to act or its own willful misconduct.

The Bond Owners' Trustee shall not be bound to recognize any person as a registered owner of any Parity Bond until registered ownership, if disputed, has been established to its reasonable satisfaction.

The Bond Owners' Trustee may consult with counsel and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith and in accordance with the opinion of such counsel. The Bond Owners' Trustee shall not be answerable for any neglect or default of any person, firm or corporation employed and selected by it with reasonable care.

(f) Suits by Individual Parity Bond Owners Restricted. No owner of any one or more Parity Bonds shall have any right to institute any action, suit or proceeding at law or in equity for the enforcement of same unless:

(i) an Event of Default has happened and is continuing; and

(ii) a Bond Owners' Trustee has been appointed; and

(iii) such owner previously shall have given to the Bond Owners' Trustee written notice of the Event of Default on account of which such suit, action or proceeding is to be instituted; and

(iv) the registered owners of 25 percent in principal amount of the Parity Bonds, after the occurrence of such Event of Default, have made written request of the Bond Owners' Trustee and have afforded the Bond Owners' Trustee a reasonable opportunity to institute such suit, action or proceeding; and

(v) there have been offered to the Bond Owners' Trustee security and indemnity satisfactory to it against the costs, expenses and liabilities to be incurred therein or thereby; and

(vi) the Bond Owners' Trustee has refused or neglected to comply with such request within a reasonable time.

No owner of any Parity Bond shall have any right in any manner whatever by action to affect or impair the obligation of the City to pay from Net Revenue the principal of and interest on such Parity Bonds to the respective registered owners thereof when due.

Section 26. **General Authorization.** In addition to the specific authorizations in this ordinance, the

Mayor and the Director of Finance and each of the other appropriate officers of the City are each authorized and directed to do everything as such officer may judge necessary, appropriate, or desirable in order to carry out the terms and provisions of, and complete the transactions contemplated by, this ordinance. In particular and without limiting the foregoing:

(a) The Director of Finance, in the Director's discretion and without further action by the City Council, (i) may issue requests for proposals to provide underwriting services or financing facilities (including, without limitation, Qualified Insurance, a Qualified Letter of Credit, or other credit support or liquidity facility), and may execute engagement letters and other agreements with underwriters and other financial institutions (including providers of liquidity or credit support) based on responses to such requests; (ii) may select and make decisions regarding the Bond Registrar, fiscal or paying agents, and any Securities Depository for each Series of the Bonds; (iii) may take any and all actions necessary or convenient to provide for the conversion of interest rate modes for any Series in accordance with the applicable Bond Documents; and (iv) may take such actions on behalf of the City as are necessary or appropriate for the City to designate, qualify, or maintain the tax-exempt treatment with respect to any Series issued as Tax-Exempt Bonds, to receive from the United States Treasury the applicable Tax Credit Subsidy Payments in respect of any Series issued as Tax Credit Subsidy Bonds, and to otherwise receive any other federal tax benefits relating to any Series of the Bonds that are available to the City; and

(b) The Mayor and the Director of Finance are each separately authorized to execute and deliver (i) any and all contracts or other documents as are consistent with this ordinance and for which the City's approval is necessary or to which the City is a party (including but not limited to agreements with escrow agents, refunding or defeasance trustees, liquidity or credit support providers, providers of Qualified Insurance or Reserve Securities, remarketing agents, underwriters, lenders or other financial institutions, fiscal or paying agents, Qualified Counterparties, custodians, and the Bond Registrar); and (ii) such other contracts or documents incidental to: the issuance and sale of any Series of the Bonds; the establishment of the interest rate or rates on

a Bond; or the conversion, tender, purchase, remarketing, or redemption of a Bond, as may in the judgment of the Mayor or Director of Finance, as applicable, be necessary or appropriate.

Section 27. **Amendment of Omnibus Refunding Ordinance**. The following definition in the Omnibus Refunding Ordinance is amended to read as set forth in this section. Amendments are shown as revisions to Ordinance 125455, and amendments are marked using double underlining to indicate added text and using double parentheses and strikethrough formatting to indicate deleted text.

(a) **Amendments to Section 1**. The following definition is amended as follows:

* * *

“Refundable Bonds” means ~~((each))~~ any series of Parity Bonds or outstanding subordinate obligations of the Drainage and Wastewater System that have been designated, or may in the future be designated, as refundable under this ordinance. For purposes of the Omnibus Refunding Ordinance, the outstanding State loans listed on Exhibit C to this amendatory ordinance, and all future loan agreements entered into pursuant to chapter 39.69 RCW, are designated as Refundable Bonds.

* * *

(b) The amendments set forth in this section are intended to supplement the Omnibus Refunding Ordinance in a manner that is not materially adverse to the owners of the Outstanding Parity Bonds. Nonetheless, any amendment set forth in this section that is found by a court of competent jurisdiction to materially adversely affect owners of outstanding Parity Bonds shall be of no force or effect, and the provisions of the Omnibus Refunding Ordinance prior to the effective date of this amendatory ordinance shall continue in effect as to such outstanding Parity Bonds.

Section 28. **Severability**. The provisions of this ordinance are declared to be separate and severable. The invalidity of any clause, sentence, paragraph, subdivision, section, subsection, or portion of this ordinance, or the invalidity of its application to any person or circumstance, does not affect the validity of the remainder of

this ordinance or the validity of its application to other persons or circumstances.

Section 29. **Ratification of Prior Acts.** Any action consistent with the authority of this ordinance taken after its passage and prior to its effective date is ratified and confirmed.

Section 30. **Section Headings.** Section headings in this ordinance are nonsubstantive.

Section 31. **Effective Date.** This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by
me in open session in authentication of its passage this _____ day of _____, 2021.

President _____ of the City Council

Approved / returned unsigned / vetoed this _____ day of _____, 2021.

FORM OF CONTINUING DISCLOSURE AGREEMENT

The City of Seattle, Washington (the “City”) makes the following written undertaking (the “Undertaking”) for the benefit of the Owners of the City’s Drainage and Wastewater System Revenue Bonds, [Year] [Series] (the “Bonds”), for the sole purpose of assisting the underwriter for the Bonds in meeting the requirements of paragraph (b)(5) of Rule 15c2-12 (the “Rule”), as applicable to a participating underwriter for the Bonds. Capitalized terms used but not defined below shall have the meanings given in Ordinance _____ (the “Bond Ordinance”).

(a) Undertaking to Provide Annual Financial Information and Notice of Listed Events.

The City undertakes to provide or cause to be provided, either directly or through a designated agent, to the Municipal Securities Rulemaking Board (the “MSRB”), in an electronic format as prescribed by the MSRB, accompanied by identifying information as prescribed by the MSRB:

(i) Annual financial information and operating data regarding the Municipal Light and Power System (the “Light System”) of the type included in the final official statement for the Bonds and described in subsection (b) of this section (“annual financial information”). The timely filing of unaudited financial statements shall satisfy the requirements and filing deadlines pertaining to the filing of annual financial statements under subsection (b), provided that audited financial statements are to be filed if and when they are otherwise prepared and available to the City.

(ii) Timely notice (not in excess of 10 business days after the occurrence of the event) of the occurrence of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notice of Proposed Issue (IRS Form 5701 – TEB) or other material notices

1 or determinations with respect to the tax status of the Bonds, or other material events affecting the tax
2 status of the Bonds; (7) modifications to rights of holders of the Bonds, if material; (8) Bond calls
3 (other than scheduled mandatory redemptions of Term Bonds), if material, and tender offers;
4 (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if
5 material; (11) rating changes; (12) bankruptcy, insolvency, receivership or similar event of the City, as
6 such “Bankruptcy Events” are defined in the Rule; (13) the consummation of a merger, consolidation,
7 or acquisition involving the City or the sale of all or substantially all of the assets of the City other than
8 in the ordinary course of business, the entry into a definitive agreement to undertake such an action or
9 the termination of a definitive agreement relating to any such actions, other than pursuant to its terms,
10 if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if
11 material; (15) incurrence of a financial obligation of the City, if material, or agreement to covenants,
12 events of default, remedies, priority rights, or other similar terms of a financial obligation of the City,
13 any of which affect holders of the Bonds, if material; and (16) any default, event of acceleration,
14 termination event, modification of terms, or other similar event under the terms of a financial obligation
15 of the City, any of which reflect financial difficulties.

16 For purposes of this Undertaking, the term “financial obligation” shall mean a debt
17 obligation; derivative instrument entered into in connection with, or pledged as security or a source of
18 payment for, an existing or planned debt obligation; or a guarantee of either a debt obligation or a
19 derivative instrument entered into in connection with, or pledged as security or a source of payment
20 for, an existing or planned debt obligation. The term “financial obligation” does not include municipal
21 securities as to which a final official statement has been provided to the MSRB consistent with the
22 Rule.

23 (iii) Timely notice of a failure by the City to provide required annual financial
24 information on or before the date specified in subsection (b) of this section.

1 (b) Type of Annual Financial Information Undertaken to be Provided. The annual
2 financial information and operating data that the City undertakes to provide in subsection (a) of this
3 section:

4 (i) Shall consist of (1) annual financial statements of the Drainage and Wastewater
5 System prepared in accordance with applicable generally accepted accounting principles applicable to
6 governmental units (except as otherwise noted herein), as such principles may be changed from time
7 to time and as permitted by applicable state law; (2) a statement of outstanding bonded debt secured
8 by Revenues of the Drainage and Wastewater System; (3) debt service coverage ratios; (4) general
9 customer statistics, such as number and type of customers and revenues by customer class; and
10 (5) current drainage rates and wastewater rates;

11 (ii) Shall be provided not later than the last day of the ninth month after the end of
12 each fiscal year of the City (currently, a fiscal year ending December 31), as such fiscal year may be
13 changed as required or permitted by state law, commencing with the City's fiscal year ending
14 December 31, 20__; and

15 (iii) May be provided in a single document or multiple documents, and may be
16 incorporated by specific reference to documents available to the public on the Internet website of the
17 MSRB or filed with the Securities and Exchange Commission.

18 (c) Amendment of Undertaking. This Undertaking is subject to amendment after the
19 primary offering of the Bonds without the consent of any Owner or holder of any Bond, or of any
20 broker, dealer, municipal securities dealer, participating underwriter, rating agency or the MSRB,
21 under the circumstances and in the manner permitted by the Rule, including:

22 (i) The amendment may only be made in connection with a change in
23 circumstances that arises from a change in legal requirements, change in law, or change in the identity,
24 nature, or status of the City, or type of business conducted by the City;

1 (ii) The Undertaking, as amended, would have complied with the requirements of
2 the Rule at the time of the primary offering, after taking into account any amendments or interpretations
3 of the Rule, as well as any change in circumstances; and

4 (iii) The amendment does not materially impair the interests of holders, as
5 determined either by parties unaffiliated with the City (e.g., bond counsel or other counsel familiar
6 with federal securities laws), or by an approving vote of bondholders pursuant to the terms of the Bond
7 Ordinance at the time of the amendment.

8 The City will give notice to the MSRB of the substance (or provide a copy) of any amendment
9 to this Undertaking and a brief statement of the reasons for the amendment. If the amendment changes
10 the type of annual financial information to be provided, the annual financial information containing
11 the amended financial information will include a narrative explanation of the effect of that change on
12 the type of information to be provided.

13 (d) Beneficiaries. This Undertaking shall inure to the benefit of the City and any Owner
14 of Bonds, and shall not inure to the benefit of or create any rights in any other person.

15 (e) Termination of Undertaking. The City's obligations under this Undertaking shall
16 terminate upon the legal defeasance, prior redemption, or payment in full of all of the Bonds. In
17 addition, the City's obligations under this Undertaking shall terminate if those provisions of the Rule
18 that require the City to comply with this Undertaking become legally inapplicable in respect of the
19 Bonds for any reason, as confirmed by an opinion of nationally recognized bond counsel or other
20 counsel familiar with federal securities laws delivered to the City, and the City provides timely notice
21 of such termination to the MSRB.

22 (f) Remedy for Failure to Comply with Undertaking. As soon as practicable after the City
23 learns of any material failure to comply with this Undertaking, the City will proceed with due diligence
24 to cause such noncompliance to be corrected. No failure by the City or other obligated person to comply
25 with this Undertaking shall constitute a default in respect of the Bonds. The sole remedy of any Owner

1 of a Bond shall be to take such actions as that Owner deems necessary, including seeking an order of
2 specific performance from an appropriate court, to compel the City or other obligated person to comply
3 with this Undertaking.

4 (g) Designation of Official Responsible to Administer Undertaking. The Director of
5 Finance of the City (or such other officer of the City who may in the future perform the duties of that
6 office) or his or her designee is the person designated, in accordance with the Bond Ordinance, to carry
7 out this Undertaking of the City in respect of the Bonds set forth in this section and in accordance with
8 the Rule, including, without limitation, the following actions:

9 (i) Preparing and filing the annual financial information undertaken to be
10 provided;

11 (ii) Determining whether any event specified in subsection (a)(ii) has occurred,
12 assessing its materiality, where necessary, with respect to the Bonds, and preparing and disseminating
13 any required notice of its occurrence;

14 (iii) Determining whether any person other than the City is an “obligated person”
15 within the meaning of the Rule with respect to the Bonds, and obtaining from such person an
16 undertaking to provide any annual financial information and notice of listed events for that person in
17 accordance with the Rule;

18 (iv) Selecting, engaging and compensating designated agents and consultants,
19 including but not limited to financial advisors and legal counsel, to assist and advise the City in carrying
20 out this Undertaking; and

21 (v) Effecting any necessary amendment of the Undertaking.

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to the drainage and wastewater system of The City of Seattle; adopting a system or plan of additions and betterments to and extensions of the existing drainage and wastewater system; authorizing the issuance and sale of drainage and wastewater revenue bonds in one or more series for the purposes of paying part of the cost of carrying out that system or plan, providing for the reserve requirement, and paying the costs of issuance of the bonds; providing parameters for the bond sale terms including conditions, covenants, and other sale terms; describing the lien of those bonds; amending certain definitions set forth in Ordinance 125455, the Omnibus Refunding Ordinance; authorizing the issuance of drainage and wastewater system refunding revenue bonds; and ratifying and confirming certain prior acts.

Summary and background of the Legislation:

Prior and concurrent legislation adopting the Drainage and Wastewater Fund (DWF) budget, capital plan, and utility rates make specific assumptions about the use of debt financing a share of the Fund's capital program. However, separate authorization specifically for the issuance of bonds is technically required. This legislation amends Ordinance 125454 by increasing borrowing authority for the DWF.

The DWF intends to issue \$88 million of 30-year fixed rate debt in the third quarter of 2022. These funds, in addition to existing WIFIA and SRF loans, and internally generated funds, will support the DWF capital program for roughly one year. Bond proceeds will also be used to pay for issuance costs and may also be used to make a deposit to the Debt Service Reserve Fund, as per existing bond covenants, if required. No debt service payments are expected in 2022. The estimated annual debt service is \$5.7 million starting in 2023.

Major projects supported by the bond issue include: combined sewer overflows, rehabilitation of existing assets, flooding and sewer backup management, and projects related to Move Seattle, the waterfront, and information technology. For further information about the Drainage and Wastewater capital projects, please see the SPU's 2022 - 2027 Strategic Business Plan and 2022 - 2027 capital plan. Bond funds, though fungible, will not be used to pay for the Ship Canal Water Quality Project, which is funded through WIFIA, SRF, and internally generated funds.

2. OTHER IMPLICATIONS

- a. **Does this legislation affect any departments besides the originating department?**
This legislation affects FAS, who coordinates the issuance of the bonds.
- b. **Is a public hearing required for this legislation?**
No
- c. **Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?**
No
- d. **Does this legislation affect a piece of property?**
No
- e. **Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?**
No
- f. **Climate Change Implications**
1. **Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?**
No
 2. **Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.**
No
- g. **If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s).**
N/A

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to contracting indebtedness; authorizing and providing for the issuance and sale of limited tax general obligation bonds to pay all or part of the costs of various elements of the City's capital improvement program and for other City purposes approved by ordinance, to provide loans to one or more public development authorities of the City for certain eligible capital purposes, and to pay the costs of issuance of the bonds; providing parameters for the bond sale terms including conditions, covenants, and other sale terms; creating the 2022 Multipurpose LTGO Bond Fund; amending Ordinance 126219; and ratifying and confirming certain prior acts.

WHEREAS, The City of Seattle, Washington (the "City"), has determined that it is in its best interest that the capital projects described in this ordinance (the "Projects") be financed by the issuance of limited tax general obligation bonds of the City in a principal amount not to exceed \$127.3 million; and

WHEREAS, the Historic Seattle Public Development Authority ("Historic Seattle PDA") has requested assistance from the City in the form of one or more loans in aggregate amount not to exceed \$1.8 million (the "Historic Seattle PDA Loan"), to finance a portion of the cost of a seismic retrofit of the Good Shepherd Center, an unreinforced masonry ("URM") building that has been deemed "Critical Risk" in the City's URM assessment. The City has determined that it is consistent with the City's Debt Management Policies set forth in Resolution 31553 that this loan be financed through the issuance of the City's limited tax general obligation bonds, proceeds of which will be loaned to the Historic Seattle PDA pursuant to one or more written loan agreements to be negotiated and executed upon issuance of the associated bonds; and

WHEREAS, RCW 39.36.020 authorizes the City to incur indebtedness without the assent of the voters of the City so long as such indebtedness does not result in a total nonvoted indebtedness of the City in excess

of 1.5 percent of the value of taxable property within the City as computed in accordance with RCW 39.36.030; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. **Definitions.** In this ordinance, the following capitalized terms shall have the meanings set forth in this section.

“Authorized Denomination” means \$5,000 or any integral multiple thereof within a maturity of a Series, or such other minimum authorized denominations as may be specified in the applicable Bond Documents.

“Beneficial Owner” means, with regard to a Bond, the owner of any beneficial interest in that Bond.

“Bond” means one of the limited tax general obligation bonds issued pursuant to this ordinance.

“Bond Counsel” means a lawyer or a firm of lawyers, selected by the City, of nationally recognized standing in matters pertaining to bonds issued by states and their political subdivisions.

“Bond Documents” means, with respect to any Series of the Bonds, (a) this ordinance (including any amendatory or supplemental ordinances); (b) the authenticated bond form; and (c) the written agreement(s) setting forth the Bond Sale Terms and additional terms, conditions, or covenants pursuant to which such Bond was issued and sold, as set forth in any one or more of the following (if any): (i) a sale resolution, (ii) a bond purchase contract (as defined in the applicable authorizing ordinance), (iii) a bond indenture, fiscal agent or paying agent agreement, or the State fiscal agency contract, and (iv) a direct purchase or continuing covenant agreement.

“Bond Purchase Contract” means a written offer to purchase a Series of the Bonds pursuant to certain Bond Sale Terms, which offer has been accepted by the City in accordance with this ordinance. In the case of a competitive sale, the Purchaser’s bid for a Series, together with the official notice of sale and Pricing Certificate confirming the Bond Sale Terms, shall comprise the Bond Purchase Contract.

“Bond Redemption Fund” means the City’s General Bond Interest and Redemption Fund, previously

created by Ordinance 112112 and established and to be used for the payment of the principal of, premium, if any, and interest on the Bonds.

“Bond Register” means the books or records maintained by the Bond Registrar for the purpose of registering ownership of each Bond.

“Bond Registrar” means the Fiscal Agent (unless the Director of Finance appoints a different person to act as bond registrar with respect to a particular Series), or any successor bond registrar selected in accordance with the Registration Ordinance.

“Bond Sale Terms” means the terms and conditions for the sale of a Series of the Bonds approved by the Director of Finance consistent with the parameters set forth in Section 4 of this ordinance, including the maximum principal amount, date or dates, denominations, interest rate or rates (or mechanism for determining the interest rate or rates), payment dates, final maturity, redemption rights, price, and other terms, conditions or covenants. In connection with a negotiated sale or private placement, the Bond Sale Terms shall be set forth in a Bond Purchase Contract; in connection with a competitive sale, the Bond Sale Terms shall be set forth in a Pricing Certificate.

“Book-Entry Form” means a fully registered form in which physical bond certificates are registered only in the name of the Securities Depository (or its nominee), as Registered Owner, with the physical bond certificates held by and immobilized in the custody of the Securities Depository (or its designee), where the system for recording and identifying the transfer of the ownership interests of the Beneficial Owners in those Bonds is neither maintained by nor the responsibility of the City or the Bond Registrar.

“City” means The City of Seattle, Washington, a municipal corporation duly organized and existing under the laws of the State.

“City Council” means the City Council of the City, as duly and regularly constituted from time to time.

“Code” means the Internal Revenue Code of 1986, or any successor thereto, as it has been and may be amended from time to time, and regulations thereunder.

“Continuing Disclosure Agreement” means, for each Series sold in an offering subject to federal securities regulations requiring a written undertaking to provide continuing disclosure, a continuing disclosure agreement entered into pursuant to Section 14 of this ordinance, in substantially the form attached to this ordinance as Exhibit B.

“DTC” means The Depository Trust Company, New York, New York.

“Director of Finance” or **“Director”** means the Director of the Finance Division of the Department of Finance and Administrative Services, or any other officer who succeeds to substantially all of the responsibilities of that office.

“Fiscal Agent” means the fiscal agent of the State, as the same may be designated by the State from time to time, or such other fiscal agent as the City may later appoint.

“Government Obligations” means, unless otherwise limited in the Bond Documents for a particular Series of the Bonds, any government obligation as that term is defined in RCW 39.53.010, as now in effect or as may hereafter be amended.

“Historic Seattle PDA” means the Historic Seattle Public Development Authority, a public development authority of the City formed and operating under RCW 35.21.730 through 35.21.759.

“Historic Seattle PDA Loan(s)” means one or more loans to the Historic Seattle PDA for the purpose of undertaking certain capital improvements to the Good Shepherd Center.

“Issue Date” means, with respect to a Bond, the initial date on which that Bond is issued and delivered to the initial Purchaser in exchange for its purchase price.

“Letter of Representations” means the Blanket Issuer Letter of Representations between the City and DTC dated October 4, 2006, as amended at any time, or an agreement with a substitute or successor Securities Depository.

“MSRB” means the Municipal Securities Rulemaking Board.

“Omnibus Refunding Ordinance” means Ordinance 125457, as amended at any time, authorizing the

issuance of general obligation refunding bonds, or any future ordinance pursuant to which the Bonds (or any Series of the Bonds) are designated as “refundable bonds.”

“Owner” means, without distinction, the Registered Owner and the Beneficial Owner of a Bond.

“Pricing Certificate” means a certificate executed by the Director of Finance as of the pricing date confirming the Bond Sale Terms for the sale of a Series of Bonds to the Purchaser in a competitive sale, in accordance with the parameters set forth in Section 4 of this ordinance.

“Projects” means the various elements of the City’s capital improvement program identified in Exhibit A to this ordinance.

“Purchaser” means the entity or entities selected by the Director of Finance in accordance with this ordinance to serve as underwriter, purchaser or successful bidder in a sale of any Series.

“Rating Agency” means any nationally recognized rating agency then maintaining a rating on a Series of the Bonds at the request of the City.

“Record Date” means, unless otherwise defined in the Bond Documents, in the case of each interest or principal payment date, the Bond Registrar’s close of business on the 15th day of the month preceding such interest or principal payment date. With regard to redemption of a Bond prior to its maturity, the Record Date shall mean the Bond Registrar’s close of business on the day prior to the date on which the Bond Registrar sends the notice of redemption to the Registered Owner(s) of the affected Bonds.

“Registered Owner” means, with respect to a Bond, the person in whose name that Bond is registered on the Bond Register. For so long as a Series of the Bonds is in Book-Entry Form under a Letter of Representations, the Registered Owner of such Series shall mean the Securities Depository.

“Registration Ordinance” means Ordinance 111724, establishing a system of registration for the City’s bonds and other obligations pursuant to Seattle Municipal Code Chapter 5.10 as amended.

“Rule 15c2-12” means Rule 15c2-12 promulgated by the SEC under the Securities Exchange Act of 1934 as amended.

“SEC” means the United States Securities and Exchange Commission.

“Securities Depository” means DTC, any successor thereto, any substitute securities depository selected by the City, or the nominee of any of the foregoing. Any successor or substitute Securities Depository must be qualified under applicable laws and regulations to provide the services proposed to be provided by it.

“Series” means a series of the Bonds issued pursuant to this ordinance.

“State” means the State of Washington.

“Tax Credit Subsidy Bond” means any Taxable Bond that is designated by the City as a tax credit bond pursuant to the Code, and which is further designated as a “qualified bond” under Section 6431 or similar provision of the Code, and with respect to which the City is eligible to claim a Tax Credit Subsidy Payment.

“Tax Credit Subsidy Payment” means a payment by the federal government with respect to a Tax Credit Subsidy Bond.

“Tax-Exempt Bond” means any Bond the interest on which is intended on the Issue Date to be excludable from gross income for federal income tax purposes.

“Taxable Bond” means any Bond the interest on which is not intended on the Issue Date to be excludable from gross income for federal income tax purposes.

“Term Bond” means any Bond that is issued subject to mandatory redemption prior to its maturity in periodic mandatory redemption payments in accordance with Section 7(b) of this ordinance.

Section 2. **Authorization of Bonds.** The City is authorized to borrow money on the credit of the City and issue limited tax general obligation bonds evidencing indebtedness in the maximum principal amount stated in Section 4 of this ordinance to pay all or part of the costs of the Projects (which costs may include capitalized interest, if necessary); to make the Historic Seattle PDA Loan(s) described in this ordinance; for other City purposes approved by ordinance; and to pay the costs of issuance of the Bonds. The Bonds may be issued in one or more Series and may be combined with other general obligation bonds (including refunding bonds) authorized separately. The Bonds shall be designated limited tax general obligation bonds, shall be

numbered separately, and shall have any name, year and Series or other label as deemed necessary or appropriate by the Director of Finance.

Section 3. **Manner of Sale of the Bonds.** The Director of Finance may provide for the sale of each Series by competitive sale, negotiated sale, limited offering, or private placement. The Purchaser of each Series shall be chosen through a selection process acceptable to the Director of Finance. The Director of Finance is authorized to specify a date and time of sale and a date and time for the delivery of each Series; in the case of a competitive sale, to provide an official notice of sale including bid parameters and other bid requirements and to provide for the use of an electronic bidding mechanism; to provide for and determine matters relating to the forward or delayed delivery of the Bonds, if deemed desirable; and to specify other matters that the Director determines are necessary, appropriate, or desirable in order to carry out the sale of each Series. Each Series must be sold on Bond Sale Terms consistent with the parameters set forth in Section 4 of this ordinance.

Section 4. **Appointment of Designated Representative; Bond Sale Terms.**

(a) **Designated Representative.** The Director of Finance is appointed to serve as the City's designated representative in connection with the issuance and sale of the Bonds in accordance with RCW 39.46.040(2) and this ordinance.

(b) **Parameters for Bond Sale Terms.** The Director of Finance is authorized to approve on behalf of the City Bond Sale Terms for the sale of the Bonds in one or more Series and, in connection with each such sale, to execute a Bond Purchase Contract (or, in the case of a competitive sale, a Pricing Certificate) confirming the Bond Sale Terms and such related agreements as may be necessary or desirable, consistent with the following parameters:

(i) **Maximum Principal Amount.** The maximum aggregate principal amount of all Series of the Bonds authorized by this ordinance may not exceed \$127.3 million.

(ii) **Date or Dates.** Each Bond shall be dated its Issue Date, as determined by the Director of Finance, which Issue Date may not be later than December 31, 2024.

(iii) **Denominations.** The Bonds shall be issued in Authorized Denominations.

(iv) **Interest Rate(s).** Each Bond shall bear interest from its Issue Date or from the most recent date to which interest has been paid or duly provided, unless otherwise provided in the applicable Bond Documents. One or more rates of interest shall be established for each maturity of each Series of the Bonds, which rate or rates may be fixed or variable. The net interest cost for any fixed rate Series may not exceed a rate of 10 percent per annum.

(v) **Payment Dates.** Interest shall be payable on dates acceptable to the Director of Finance. Principal shall be payable on dates acceptable to the Director of Finance, which shall include payment at the maturity of each Bond, in mandatory redemption installments applicable to Term Bonds, and otherwise in accordance with any redemption or tender provisions set forth in the Bond Documents.

(vi) **Final Maturity.** Each Bond shall mature no later than 31 years after its Issue Date.

(vii) **Redemption Prior to Maturity.** The Bond Sale Terms may include redemption provisions, as determined by the Director of Finance, consistent with Section 7 of this ordinance and subject to the following:

(A) **Optional Redemption.** The Director of Finance may designate any Bond as being subject to optional redemption prior to its maturity. Any Tax-Exempt Bond that is subject to optional redemption prior to maturity must be callable on at least one or more dates occurring not more than 10½ years after the Issue Date, consistent with subsection 7(a) of this ordinance.

(B) **Mandatory Redemption.** The Director of Finance may designate any Bond as a Term Bond, subject to mandatory redemption prior to its maturity in mandatory redemption installment payments of principal, consistent with subsection 7(b) of this ordinance.

(C) **Extraordinary Redemption.** The Director of Finance may designate any Bond as subject to extraordinary optional redemption or extraordinary mandatory redemption upon the occurrence of an extraordinary event, as such event or events may be set forth in the applicable Bond Documents, consistent

with subsection 7(c) of this ordinance.

(viii) **Price.** The Director of Finance may approve in the Bond Sale Terms an aggregate purchase price for each Series of the Bonds that is, in the Director's judgment, the price that produces the most advantageous borrowing cost for the City for that Series consistent with the parameters set forth herein and in any applicable bid documents.

(ix) **Other Terms and Conditions.**

(A) **Debt Capacity and Limitations.** A Series of the Bonds may not be issued in an amount that would cause the indebtedness of the City to exceed the City's legal debt capacity on the Issue Date of such Series.

(B) **Reasonably Expected Life.** As of the Issue Date of each Series, the Director of Finance must find to the Director's satisfaction that the average expected life of the capital facilities or assets to be financed with the proceeds (or allocable share of proceeds) of that Series exceeds the weighted average maturity of such Series (or share thereof allocated to financing those capital facilities).

(C) **Additional Terms, Conditions, and Agreements.** The Bond Sale Terms for any Series may provide for bond insurance or for any other credit enhancement as the Director of Finance may find necessary or desirable. The Bond Sale Terms may include such additional terms, conditions, and covenants as may be necessary or desirable, including but not limited to: restrictions on investment of Bond proceeds and pledged funds (including any escrow established for the defeasance of any of the Bonds); provisions for the conversion of interest rate modes; provisions for the reimbursement of a credit enhancement provider; and requirements to give notice to or obtain the consent of a credit enhancement provider. The Director of Finance is authorized to execute, on behalf of the City, such additional certificates and agreements as may be necessary or desirable to reflect such terms, conditions, and covenants.

(D) **Tax Status of the Bonds.** The Director of Finance may designate any Series of the Bonds as Tax-Exempt Bonds, Taxable Bonds, or Tax Credit Subsidy Bonds, consistent with Section 13 of this

ordinance.

Section 5. **Bond Registrar; Registration and Transfer of Bonds.**

(a) **Registration and Bond Registrar.** The Bonds shall be issued only in registered form as to both principal and interest and shall be recorded on the Bond Register. The Fiscal Agent is appointed to act as Bond Registrar for each Series of the Bonds, unless otherwise determined by the Director of Finance.

(b) **Transfer and Exchange of Bonds.** The Bond Registrar shall keep, or cause to be kept, sufficient books for the registration and transfer of the Bonds, which shall be open to inspection by the City at all times. The Bond Register shall contain the name and mailing address of the Registered Owner of each Bond and the principal amount and number of each of the Bonds held by each Registered Owner.

The Bond Registrar is authorized, on behalf of the City, to authenticate and deliver Bonds transferred or exchanged in accordance with the provisions of the Bonds and this ordinance, to serve as the City's paying agent for the Bonds and to carry out all of the Bond Registrar's powers and duties under this ordinance and the Registration Ordinance.

The Bond Registrar shall be responsible for its representations contained in the Bond Registrar's certificate of authentication on the Bonds. The Bond Registrar may become an Owner of Bonds with the same rights it would have if it were not the Bond Registrar and, to the extent permitted by law, may act as depository for and permit any of its officers or directors to act as members of, or in any other capacity with respect to, any committee formed to protect the rights of Owners.

Bonds surrendered to the Bond Registrar may be exchanged for Bonds in any Authorized Denomination of an equal aggregate principal amount and of the same Series, interest rate, and maturity. Bonds may be transferred only if endorsed in the manner provided thereon and surrendered to the Bond Registrar. Any exchange or transfer shall be without cost to an Owner or transferee. The Bond Registrar shall not be obligated to exchange or transfer any Bond during the period between the Record Date and the corresponding interest payment or principal redemption date.

(c) **Securities Depository; Book-Entry Form.** Unless otherwise determined by the Director of Finance, the Bonds initially shall be issued in Book-Entry Form and registered in the name of the Securities Depository. The Bonds so registered shall be held fully immobilized in Book-Entry Form by the Securities Depository in accordance with the provisions of the Letter of Representations. Neither the City nor the Bond Registrar shall have any responsibility or obligation to participants of the Securities Depository (or the persons for whom they act as nominees) with respect to the Bonds regarding the accuracy of any records maintained by the Securities Depository (or its participants) of any amount in respect of principal of or interest on the Bonds, or any notice that is permitted or required to be given to Registered Owners hereunder (except such notice as is required to be given by the Bond Registrar to the Securities Depository). Registered ownership of a Bond initially held in Book-Entry Form, or any portion thereof, may not be transferred except: (i) to any successor Securities Depository; (ii) to any substitute Securities Depository appointed by the City or such substitute Securities Depository's successor; or (iii) to any person if the Bond is no longer held in Book-Entry Form.

Upon the resignation of the Securities Depository from its functions as depository, or upon a determination by the Director of Finance to discontinue utilizing the then-current Securities Depository, the Director of Finance may appoint a substitute Securities Depository. If the Securities Depository resigns from its functions as depository and no substitute Securities Depository can be obtained, or if the Director of Finance determines not to utilize a Securities Depository, then the Bonds shall no longer be held in Book-Entry Form and ownership may be transferred only as provided herein.

Nothing herein shall prevent the Bond Sale Terms from providing that a Series of the Bonds shall be issued in certificated form without utilizing a Securities Depository, and that the Bonds of such Series shall be registered as of their Issue Date in the names of the Owners thereof, in which case ownership may be transferred only as provided herein.

(d) **Lost or Stolen Bonds.** In case any Bond shall be lost, stolen or destroyed, the Bond Registrar may authenticate and deliver a new bond or bonds of like amount, date, tenor, and effect to the Registered Owner(s)

thereof upon the Registered Owner(s)' paying the expenses and charges of the City in connection therewith, and upon filing with the Bond Registrar evidence satisfactory to the Bond Registrar that such bond or bonds were actually lost, stolen or destroyed and of Registered Ownership thereof, and upon furnishing the City with indemnity satisfactory to both.

Section 6. Payment of Bonds.

(a) **Payment.** Principal of and interest on each Bond shall be payable in lawful money of the United States of America on the dates and in the amounts as provided in the Bond Documents applicable to that Series. No Bonds of any Series shall be subject to acceleration under any circumstances.

(b) **Bonds Held In Book-Entry Form.** Principal of and interest on each Bond held in Book-Entry Form shall be payable in the manner set forth in the Letter of Representations.

(c) **Bonds Not Held In Book-Entry Form.** Interest on each Bond not held in Book-Entry Form shall be payable by electronic transfer on the interest payment date, or by check or draft of the Bond Registrar mailed on the interest payment date to the Registered Owner at the address appearing on the Bond Register on the Record Date. The City, however, shall not be required to make electronic transfers except pursuant to a request by a Registered Owner in writing received at least ten days prior to the Record Date and at the sole expense of the Registered Owner. Principal of each Bond not held in Book-Entry Form shall be payable upon presentation and surrender of the Bond by the Registered Owner to the Bond Registrar.

Section 7. Redemption and Purchase of Bonds.

(a) **Optional Redemption.** All or some of the Bonds of any Series may be subject to redemption prior to their stated maturity dates at the option of the City at the times and on the terms set forth in the applicable Bond Documents.

(b) **Mandatory Redemption.** All or some of the Bonds of any Series may be designated as Term Bonds, subject to mandatory redemption in principal installment payments, as set forth in the applicable Bond Documents. If not redeemed or purchased at the City's option prior to maturity, Term Bonds (if any) must be

redeemed, at a price equal to one hundred percent of the principal amount to be redeemed plus accrued interest, on the dates and in the years and principal amounts set forth in the applicable Bond Documents.

If the City optionally redeems or purchases a Term Bond prior to its maturity, the principal amount of that Term Bond so redeemed or purchased (irrespective of its redemption or purchase price) shall be credited against the remaining mandatory redemption installment payments in the manner directed by the Director of Finance. In the absence of direction by the Director of Finance, credit shall be allocated to each mandatory redemption installment payment for that Bond on a pro rata basis.

(c) Extraordinary Redemption. All or some of the Bonds of any Series may be subject to extraordinary optional or extraordinary mandatory redemption prior to maturity, upon the occurrence of an extraordinary event, at the prices, in the principal amounts, and on the dates, all as set forth in the applicable Bond Documents.

(d) Selection of Bonds for Redemption; Partial Redemption. If fewer than all of the outstanding Bonds of a Series are to be redeemed at the option of the City, the Director of Finance shall select the maturity or maturities to be redeemed. If less than all of the principal amount of a maturity of the selected Series is to be redeemed, if such Series is held in Book-Entry Form, the portion of such maturity to be redeemed shall be selected for redemption by the Securities Depository in accordance with the Letter of Representations. If the Series is not then held in Book-Entry Form, the portion of such maturity to be redeemed shall be selected by the Bond Registrar using such method of random selection as the Bond Registrar shall determine. All or a portion of the principal amount of any Bond that is to be redeemed may be redeemed in any applicable Authorized Denomination. If less than all of the outstanding principal amount of any Bond is redeemed, upon surrender of that Bond to the Bond Registrar there shall be issued to the Registered Owner, without charge, a new Bond (or Bonds, at the option of the Registered Owner) of the same Series, maturity, and interest rate in any Authorized Denomination in the aggregate principal amount to remain outstanding.

(e) Purchase. The City reserves the right and option to purchase any or all of the Bonds at any time at

any price acceptable to the City plus accrued interest to the date of purchase.

Section 8. **Notice of Redemption; Rescission of Notice.** Unless otherwise set forth in the applicable Bond Documents, the City must cause notice of any intended redemption of Bonds to be given not less than 20 nor more than 60 days prior to the date fixed for redemption by first-class mail, postage prepaid, to the Registered Owner of any Bond to be redeemed at the address appearing on the Bond Register on the Record Date, and the requirements of this sentence shall be deemed to have been fulfilled when notice has been mailed as so provided, whether or not it is actually received by the Owner of any Bond. Interest on Bonds called for redemption shall cease to accrue on the date fixed for redemption unless the Bond or Bonds called are not redeemed when presented pursuant to the call.

In the case of an optional or extraordinary optional redemption, the notice may state that the City retains the right to rescind the redemption notice and the related redemption of Bonds by giving a notice of rescission to the affected Registered Owners at any time on or prior to the scheduled redemption date. Any notice of redemption that is rescinded by the Director of Finance shall be of no effect, and the Bonds for which the notice of redemption has been rescinded shall remain outstanding.

Section 9. **Failure to Pay Bonds.** If any Bond is not paid when properly presented at its maturity or redemption date, the City shall be obligated to pay interest on that Bond at the same rate provided on that Bond from and after its maturity or redemption date until that Bond, including principal, redemption premium (if any), and interest, is paid in full or until sufficient money for its payment in full is on deposit in the Bond Redemption Fund and that Bond has been called for payment by giving notice of that call to the Registered Owner of that Bond.

Section 10. **Form and Execution of Bonds.** The Bonds shall be typed, printed, or reproduced in a form consistent with the provisions of this ordinance and State law and shall be signed by the Mayor and Director of Finance, either or both of whose signatures may be manual or in facsimile. The seal of the City or a facsimile reproduction thereof shall be impressed or printed thereon.

Only Bonds bearing a certificate of authentication in substantially the following form (with the designation, year, and Series of the Bonds adjusted consistent with this ordinance), manually signed by the Bond Registrar, shall be valid or obligatory for any purpose or entitled to the benefits of this ordinance: “This Bond is one of the fully registered The City of Seattle, Washington, [Limited Tax General Obligation Bonds], [Year] [Series], described in [this ordinance].” The authorized signing of a certificate of authentication shall be conclusive evidence that the Bond so authenticated has been duly executed, authenticated, and delivered and is entitled to the benefits of this ordinance.

If any officer whose manual or facsimile signature appears on a Bond ceases to be an officer of the City authorized to sign bonds before the Bond bearing that officer’s manual or facsimile signature is authenticated or delivered by the Bond Registrar or issued by the City, that Bond nevertheless may be authenticated, delivered, and issued and, when authenticated, issued, and delivered, shall be as binding on the City as though that person had continued to be an officer of the City authorized to sign bonds. Any Bond also may be signed on behalf of the City by any person who, on the actual date of signing of the Bond, is an officer of the City authorized to sign bonds, although that person did not hold the required office on the Issue Date of that Series of the Bonds.

Section 11. **Pledge of Taxes.** For so long as any of the Bonds are outstanding, the City irrevocably pledges to include in its budget and levy taxes annually within the constitutional and statutory tax limitations provided by law without a vote of the electors of the City on all of the taxable property within the City in an amount sufficient, together with other money legally available and to be used therefor, to pay when due the principal of and interest on the Bonds. The full faith, credit, and resources of the City are pledged irrevocably for the annual levy and collection of those taxes and the prompt payment of that principal and interest.

Section 12. **Refunding or Defeasance of Bonds.**

(a) **Bonds Designated as Refundable Bonds.** Each Series of the Bonds is designated as a Series of “Refundable Bonds” for purposes of the Omnibus Refunding Ordinance.

(b) **Refunding; Defeasance.** The City may issue refunding bonds pursuant to the laws of the State or

use money available from any other lawful source (i) to pay when due the principal of (including premium, if any) and interest on any Bond, or any portion thereof, included in a refunding or defeasance plan (the “Defeased Bonds”); (ii) to redeem and retire, release, refund, or defease the Defeased Bonds; and (iii) to pay the costs of such refunding or defeasance. If money and/or Government Obligations maturing at a time or times and in an amount sufficient (together with known earned income from the investment thereof) to redeem and retire, release, refund, or defease the Defeased Bonds in accordance with their terms is set aside in a special trust fund or escrow account irrevocably pledged to such redemption, retirement, or defeasance (the “Trust Account”), then all right and interest of the Owners of the Defeased Bonds in the covenants of this ordinance and in the funds and accounts pledged to the payment of such Defeased Bonds, other than the right to receive the funds so set aside and pledged, thereafter shall cease and become void. Such Owners thereafter shall have the right to receive payment of the principal of and interest or redemption price on the Defeased Bonds from the Trust Account. After establishing and fully funding such a Trust Account, the Defeased Bonds shall be deemed to be no longer outstanding, and the Director of Finance may then apply any money in any other fund or account established for the payment or redemption of the Defeased Bonds to any lawful purpose.

(c) **Notice of Defeasance or Refunding.** Unless otherwise specified in the applicable Bond Documents, notice of refunding or defeasance shall be given, and selection of Bonds for any partial refunding or defeasance shall be conducted, in the manner set forth in this ordinance for the redemption of Bonds.

Section 13. **Federal Tax Matters.** The Bond Documents may include such additional terms and covenants relating to federal tax matters as the Director of Finance deems necessary or appropriate, including the following:

(a) **Tax-Exempt Bonds.** For each Series of the Bonds issued as Tax-Exempt Bonds, the City covenants that it will take all actions consistent with the terms of such Series, as set forth in this ordinance and the applicable Bond Documents, that are reasonably within its power and necessary to prevent interest on that Series from being included in gross income for federal income tax purposes. The City further covenants that it

will neither take any action nor make or permit any use of gross proceeds of such Series (or other funds of the City treated as gross proceeds of such Series) at any time during the term of such Series that will cause interest on such Series to be included in gross income for federal income tax purposes. The City also covenants that, to the extent the arbitrage rebate requirement of Section 148 of the Code is applicable to any Series issued as Tax-Exempt Bonds, it will take all actions necessary to comply (or to be treated as having complied) with that requirement in connection with that Series (including the calculation and payment of any penalties that the City may elect to pay as an alternative to calculating rebatable arbitrage and the payment of any other penalties if required under Section 148 of the Code) to prevent interest on such Series from being included in gross income for federal income tax purposes.

(b) **Taxable Bonds; Tax Credit Subsidy Bonds.** For each Series of the Bonds issued as Taxable Bonds or as Tax Credit Subsidy Bonds, the Director of Finance is authorized to make provision in the Bonds and other Bond Documents, to execute additional written agreements, and to make additional covenants on behalf of the City, all as he or she may deem necessary or appropriate in order to obtain, maintain, and administer such tax status. In the case of Tax Credit Subsidy Bonds, such additional covenants and agreements may include (without limiting the generality of the foregoing) those necessary in order for the City (i) to receive from the United States Treasury the applicable Tax Credit Subsidy Payments in respect of such Tax Credit Subsidy Bonds, and (ii) to ensure that such Series otherwise becomes and remains eligible for tax benefits under the Code.

Section 14. **Official Statement; Continuing Disclosure.**

(a) **Preliminary Official Statement.** The Director of Finance and other appropriate City officials are directed to cause the preparation of and review the form of a preliminary official statement in connection with each sale of one or more Series to the public. For the sole purpose of the Purchaser's compliance with paragraph (b)(1) of Rule 15c2-12, the Director of Finance is authorized to deem that preliminary official statement final as of its date, except for the omission of information permitted to be omitted by Rule 15c2-12.

The City approves the distribution to potential purchasers of the Bonds of a preliminary official statement that has been deemed final in accordance with this subsection.

(b) **Final Official Statement.** The City approves the preparation of a final official statement for each sale of one or more Series of the Bonds to be sold to the public in the form of the preliminary official statement with such additions, modifications, and amendments as the Director of Finance deems necessary or desirable, and further authorizes the Director of Finance to execute and deliver such final official statement to the Purchaser. The City authorizes and approves the distribution by the Purchaser of that final official statement to purchasers and potential purchasers of the Bonds.

(c) **Undertaking to Provide Continuing Disclosure.** To meet the requirements of paragraph (b)(5) of Rule 15c2-12, as applicable to a participating underwriter for a Series of the Bonds, the Director of Finance is authorized to execute a written Continuing Disclosure Agreement with respect to that Series, in substantially the form attached to this ordinance as Exhibit B.

Section 15. **2022 Multipurpose LTGO Bond Funds Created; Deposit and Use of Proceeds.** The 2022 Multipurpose LTGO Bond Fund (Tax-Exempt) and the 2022 Multipurpose LTGO Bond Fund (Taxable) are created in the City Treasury. For purposes of distinguishing among various Series of the Bonds, the Director of Finance may, if necessary or convenient, may create such subfunds, accounts, or subaccounts within such funds for purposes of maintaining separate records for each Series. Unless otherwise provided in the Bond Sale Terms, the principal proceeds and net premium, if any, received from the sale and delivery of any Series of the Bonds shall be paid into or allocated to the 2022 Multipurpose LTGO Bond Funds, or to such funds, subfunds, accounts, or subaccounts of the City Treasury as the Director of Finance may designate for that Series, and used for the purposes described in Section 2 of this ordinance. The Director of Finance may use the principal proceeds and net premium, if any, of any Series to pay for costs of issuance of that Series, and the Director of Finance also may incur and account for costs of issuance that are not included as part of the bond proceeds and net premium, including but not limited to any underwriter's discount.

The Director of Finance may (i) establish and transfer proceeds of the Bonds among funds, subfunds, accounts, or subaccounts in the City Treasury, or (ii) make interfund loans pursuant to Seattle Municipal Code Section 5.06.030 to or from other City accounts or funds, all on terms that the Director of Finance may deem necessary, appropriate, or desirable to carry out the purposes of this ordinance and consistent with the Bond Sale Terms. Enactment of this ordinance authorizes the transfer of amounts from the 2022 Multipurpose LTGO Bond Fund (and such other funds, subfunds, accounts, or subaccounts created for the purpose described in this Section 15 of this ordinance) to other funds in order to carry out the purposes of this ordinance.

There has previously been created and established in the City Treasury the Bond Redemption Fund. Net premium and accrued interest received from the sale and delivery of a Series of the Bonds that is not necessary for the purposes described in Section 2 of this ordinance, if any, shall be paid or allocated into the Bond Redemption Fund prior to the first debt service payment date with respect to that Series.

Until needed to pay the Project expenses and the costs described in this ordinance, the City may invest the proceeds of any Series of the Bonds temporarily in any authorized investment, and the investment earnings shall be deposited in such funds, subfunds, accounts and subaccounts as may be designated by the Director of Finance. Earnings subject to a federal tax or rebate requirement may be withdrawn from any such fund or account and used for those tax or rebate purposes.

The Director of Finance may pay principal of and interest on a Series of the Bonds with any proceeds of that Series (including interest earnings thereon) remaining after applying such proceeds to the purposes set forth in Section 2 of this ordinance, or after the City Council has determined that the expenditure of such Bond proceeds for those purposes is no longer necessary or appropriate.

Section 16. **General Authorization.** In addition to the specific authorizations in this ordinance, the Mayor and the Director of Finance and each of the other appropriate officers of the City is each authorized and directed to do everything as in such official or officer's judgment may be necessary, appropriate, or desirable in order to carry out the terms and provisions of, and complete the transactions contemplated by, this ordinance. In

particular and without limiting the foregoing:

(a) The Director of Finance, exercising discretion and without requiring further action by the City Council, (i) may issue requests for proposals to provide underwriting services or financing facilities (including liquidity or credit support), and may execute engagement letters with underwriters and other financial institutions (including providers of liquidity or credit support) based on responses to such requests, (ii) may select and make decisions regarding the Bond Registrar, fiscal or paying agents, and any Securities Depository for each Series of the Bonds; and (iii) may take such actions on behalf of the City as are necessary or appropriate for the City to designate, qualify, or maintain the tax-exempt treatment with respect to any Series issued as Tax-Exempt Bonds, to receive from the United States Treasury the applicable Tax Credit Subsidy Payments in respect of any Series issued as Tax Credit Subsidy Bonds, and to otherwise receive any other federal tax benefits relating to any Series of the Bonds that are available to the City; and

(b) The Mayor and Director of Finance are independently authorized (i) to execute and deliver any and all contracts or other documents as are consistent with this ordinance and for which the City's approval is necessary or to which the City is a party (including but not limited to agreements with escrow agents; refunding or defeasance trustees; liquidity or credit support providers; bond insurers; underwriters; lenders or other financial institutions; the Bond Registrar and any other fiscal or paying agents; counterparties to interest rate swap, cap, floor, or similar agreements; and custodians); and (ii) to negotiate, execute, and deliver such other contracts or documents incidental to the issuance and sale of a Series of the Bonds; the establishment of the initial interest rate or rates on a Bond; or the tender, purchase, remarketing, or redemption of a Bond, as may in such official's judgment be necessary or appropriate.

(c) In addition and without limiting the foregoing, the Mayor and Director of Finance are independently authorized to negotiate, execute, and deliver any and all contracts or other documents in form and substance acceptable to the Mayor and Director of Finance, that are necessary or desirable to effectuate the making of one or more loans to the Historic Seattle PDA for the sole purpose of undertaking capital improvements to the Good

Shepherd Center and related capital facilities and to otherwise ensure that the proceeds of the Bonds are applied to the purposes set forth in a written loan agreement to be executed in connection with each such loan in such form as may be agreed upon by the parties, consistent with this ordinance. This authorization expressly includes the authority to set interest rates and other terms of such loans (which may be different than the interest rates and corresponding terms of the bonds) and to include such additional terms, conditions, or covenants as may be necessary or desirable, in the judgment of the Mayor or Director of Finance, to protect the taxpayers of the City and to provide assistance to support the public purposes of the Historic Seattle PDA.

Section 17. **Amendment of Ordinance 126219.** Ordinance 126219 authorized issuance of the City's Limited Tax General Obligation Improvement and Refunding Bonds, 2021, Series A, and Limited Tax General Obligation Improvement Bonds, 2021, Series B (Taxable) (together, the "2021 Bonds"), and provided that proceeds of the 2021 Bonds would be used to carry out the costs of projects specified in Exhibit A to that ordinance, as well as other projects authorized by ordinance. Exhibit A to Ordinance 126219 is amended to read as set forth in Exhibit C, attached to this ordinance and incorporated by reference. All other terms of Ordinance 126219, including without limitations the authorizations relating to making one or more loans to the Pike Place Market Preservation and Development Authority for the purposes described therein, remain in effect and are ratified and confirmed in all respects.

Section 18. **Severability.** The provisions of this ordinance are declared to be separate and severable. The invalidity of any clause, sentence, paragraph, subdivision, section, subsection, or portion of this ordinance, or the invalidity of its application to any person or circumstance, does not affect the validity of the remainder of this ordinance or the validity of its application to other persons or circumstances.

Section 19. **Ratification of Prior Acts.** Any action consistent with the authority of this ordinance taken after its passage and prior to its effective date is ratified and confirmed.

Section 20. **Headings.** Section headings in this ordinance are nonsubstantive.

Section 21. **Effective Date.** This ordinance shall take effect and be in force 30 days after its approval by

the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by
me in open session in authentication of its passage this _____ day of _____, 2021.

Historic Seattle	1,800,000
Issuance Costs and Pricing Adjustments	3,706,601
Total	\$ 127,259,952

EXHIBIT B

FORM OF CONTINUING DISCLOSURE AGREEMENT

The City of Seattle, Washington (the “City”) makes the following written undertaking (the “Undertaking”) for the benefit of the Owners of the City’s Limited Tax General Obligation Bonds, [Year][Series] (the “Bonds”), for the sole purpose of assisting the underwriter in meeting the requirements of paragraph (b)(5) of Rule 15c2-12 (the “Rule”), as applicable to a participating underwriter for the Bonds. Capitalized terms used but not defined below shall have the meanings given in Ordinance _____ (the “Bond Ordinance”).

(a) Undertaking to Provide Annual Financial Information and Notice of Listed Events.

The City undertakes to provide or cause to be provided, either directly or through a designated agent, to the Municipal Securities Rulemaking Board (the “MSRB”), in an electronic format as prescribed by the MSRB, accompanied by identifying information as prescribed by the MSRB:

(i) Annual financial information and operating data of the type included in the final official statement for the Bonds and described in subsection (b) of this section (“annual financial information”). The timely filing of unaudited financial statements shall satisfy the requirements and filing deadlines pertaining to the filing of annual financial statements under subsection (b), provided that audited financial statements are to be filed if and when they are otherwise prepared and available to the City.

(ii) Timely notice (not in excess of 10 business days after the occurrence of the event) of the occurrence of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of

1 proposed or final determinations of taxability, Notice of Proposed Issue (IRS Form 5701 – TEB)
2 or other material notices or determinations with respect to the tax status of the Bonds, or other
3 material events affecting the tax status of the Bonds; (7) modifications to rights of holders of the
4 Bonds, if material; (8) Bond calls (other than scheduled mandatory redemptions of Term Bonds),
5 if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property
6 securing repayment of the Bonds, if material; (11) rating changes; (12) bankruptcy, insolvency,
7 receivership or similar event of the City, as such “Bankruptcy Events” are defined in the Rule;
8 (13) the consummation of a merger, consolidation, or acquisition involving the City or the sale of
9 all or substantially all of the assets of the City other than in the ordinary course of business, the
10 entry into a definitive agreement to undertake such an action or the termination of a definitive
11 agreement relating to any such actions, other than pursuant to its terms, if material; (14)
12 appointment of a successor or additional trustee or the change of name of a trustee, if material;
13 (15) incurrence of a financial obligation of the City, if material, or agreement to covenants, events
14 of default, remedies, priority rights, or other similar terms of a financial obligation of the City, any
15 of which affect holders of the Bonds, if material; and (16) any default, event of acceleration,
16 termination event, modification of terms, or other similar event under the terms of a financial
17 obligation of the City, any of which reflect financial difficulties.

18 For purposes of this Undertaking, the term “financial obligation” shall mean a debt
19 obligation; derivative instrument entered into in connection with, or pledged as security or a source
20 of payment for, an existing or planned debt obligation; or a guarantee of either a debt obligation
21 or a derivative instrument entered into in connection with, or pledged as security or a source of
22 payment for, an existing or planned debt obligation. The term “financial obligation” does not

1 include municipal securities as to which a final official statement has been provided to the MSRB
2 consistent with the Rule.

3 (iii) Timely notice of a failure by the City to provide required annual financial
4 information on or before the date specified in subsection (b) of this section.

5 (b) Type of Annual Financial Information Undertaken to be Provided. The annual
6 financial information that the City undertakes to provide in subsection (a) of this section:

7 (i) Shall consist of (1) annual financial statements of the City prepared in
8 accordance with applicable generally accepted accounting principles applicable to governmental
9 units (except as otherwise noted therein), as such principles may be changed from time to time and
10 as permitted by applicable state law; (2) a statement of outstanding general obligation debt of the
11 City; (3) the assessed value of the property within the City subject to ad valorem taxation; and
12 (4) ad valorem tax levy rates and amounts and percentages of taxes collected;

13 (ii) Shall be provided not later than the last day of the ninth month after the end
14 of each fiscal year of the City (currently, a fiscal year ending December 31), as such fiscal year
15 may be changed as required or permitted by state law, commencing with the City's fiscal year
16 ending December 31, 20__; and

17 (iii) May be provided in a single document or multiple documents, and may be
18 incorporated by specific reference to documents available to the public on the Internet website of
19 the MSRB or filed with the Securities and Exchange Commission.

20 (c) Amendment of Undertaking. This Undertaking is subject to amendment after the
21 primary offering of the Bonds without the consent of any Owner or holder of any Bond, or of any
22 broker, dealer, municipal securities dealer, participating underwriter, rating agency or the MSRB,
23 under the circumstances and in the manner permitted by the Rule, including:

1 (i) The amendment may only be made in connection with a change in
2 circumstances that arises from a change in legal requirements, change in law, or change in the
3 identity, nature, or status of the City, or type of business conducted by the City;

4 (ii) The Undertaking, as amended, would have complied with the requirements
5 of the Rule at the time of the primary offering, after taking into account any amendments or
6 interpretations of the Rule, as well as any change in circumstances; and

7 (iii) The amendment does not materially impair the interests of holders, as
8 determined either by parties unaffiliated with the City (e.g., bond counsel or other counsel familiar
9 with federal securities laws), or by an approving vote of bondholders pursuant to the terms of the
10 Bond Ordinance at the time of the amendment.

11 The City will give notice to the MSRB of the substance (or provide a copy) of any
12 amendment to this Undertaking and a brief statement of the reasons for the amendment. If the
13 amendment changes the type of annual financial information to be provided, the annual financial
14 information containing the amended financial information will include a narrative explanation of
15 the effect of that change on the type of information to be provided.

16 (d) Beneficiaries. This Undertaking shall inure to the benefit of the City and any
17 Owner of Bonds, and shall not inure to the benefit of or create any rights in any other person.

18 (e) Termination of Undertaking. The City's obligations under this Undertaking shall
19 terminate upon the legal defeasance, prior redemption, or payment in full of all of the Bonds. In
20 addition, the City's obligations under this Undertaking shall terminate if those provisions of the
21 Rule that require the City to comply with this Undertaking become legally inapplicable in respect
22 of the Bonds for any reason, as confirmed by an opinion of nationally recognized bond counsel or

1 other counsel familiar with federal securities laws delivered to the City, and the City provides
2 timely notice of such termination to the MSRB.

3 (f) Remedy for Failure to Comply with Undertaking. As soon as practicable after the
4 City learns of any material failure to comply with this Undertaking, the City will proceed with due
5 diligence to cause such noncompliance to be corrected. No failure by the City or other obligated
6 person to comply with this Undertaking shall constitute a default in respect of the Bonds. The sole
7 remedy of any Owner of a Bond shall be to take such actions as that Owner deems necessary,
8 including seeking an order of specific performance from an appropriate court, to compel the City
9 or other obligated person to comply with this Undertaking.

10 (g) Designation of Official Responsible to Administer Undertaking. The Director of
11 Finance of the City (or such other officer of the City who may in the future perform the duties of
12 that office) or his or her designee is the person designated, in accordance with the Bond Ordinance,
13 to carry out this Undertaking of the City in respect of the Bonds set forth in this section and in
14 accordance with the Rule, including, without limitation, the following actions:

15 (i) Preparing and filing the annual financial information undertaken to be
16 provided;

17 (ii) Determining whether any event specified in subsection (a)(ii) has occurred,
18 assessing its materiality, where necessary, with respect to the Bonds, and preparing and
19 disseminating any required notice of its occurrence;

20 (iii) Determining whether any person other than the City is an “obligated
21 person” within the meaning of the Rule with respect to the Bonds, and obtaining from such person
22 an undertaking to provide any annual financial information and notice of listed events for that
23 person in accordance with the Rule;

- 1 (iv) Selecting, engaging and compensating designated agents and consultants,
2 including but not limited to financial advisors and legal counsel, to assist and advise the City in
3 carrying out this Undertaking; and
4 (v) Effecting any necessary amendment of the Undertaking.

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to contracting indebtedness; authorizing and providing for the issuance and sale of limited tax general obligation bonds to pay all or part of the costs of various elements of the City’s capital improvement program and for other City purposes approved by ordinance, to provide loans to one or more public development authorities of the City for certain eligible capital purposes, and to pay the costs of issuance of the bonds; providing parameters for the bond sale terms including conditions, covenants, and other sale terms; creating the 2022 Multipurpose LTGO Bond Fund; amending Ordinance 126219; and ratifying and confirming certain prior acts.

Summary and background of the Legislation: This legislation provides the legal authorization to issue up to \$127.3 million of Limited Tax General Obligation Bonds, as assumed in the 2022 Proposed Budget and the Proposed 2022-2027 Capital Improvement Program (CIP) and includes \$1.8 million of financing to provide financing support to Historic Seattle Public Development Authority (PDA) for a seismic retrofit improvement of the Good Shepherd Center and \$12 million for the Aquarium Expansion. A loan agreement with Historic Seattle will be developed and will be subject to authorization by Council Ordinance that will describe the full terms of the loan and repayment schedule.

Although the Budget and CIP make specific assumptions about the use of debt financing for a certain share of the CIP, separate authorization for the issuance of bonds is technically required.

his bond sale is anticipated to occur in early 2022. The bond proceeds will support a share of the City’s general government capital program for about 12 months.

The bond sizing is based on the proposed budget and current cash-flow projections. The bond proceeds will also be used to pay issuance costs.

The City’s Capital Improvement Program (CIP) identifies debt financing for certain projects and the City’s budget appropriates the associated debt service. The following table provides details of this bond issue.

2022 Multipurpose LTGO Bond Issue (\$1000's)

Description	Approx. Project Fund Deposit	Approx. Par Amount (1)	Max. Term	Approx. Rate	Debt Service Proposed 2022	Debt Service Estimated 2023	Debt Service Funding Source

(1) Includes 3% for costs of issuance and pricing adjustments.
(2) Receipts from additional 2.5% commercial parking taxes.

2. OTHER IMPLICATIONS

- a. **Does this legislation affect any departments besides the originating department?**
FAS and various operating departments with projects being financed by this bond issue.
- b. **Is a public hearing required for this legislation?**
No.
- c. **Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?**
No.
- d. **Does this legislation affect a piece of property?**
No.
- e. **Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?**
N/A
- f. **Climate Change Implications**
 1. **Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?**
No.
 2. **Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so,**

explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.

N/A

- g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s).**

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to the municipal water system of The City of Seattle; adopting a system or plan of additions and betterments to and extensions of the existing municipal water system; authorizing the issuance and sale of water system revenue bonds in one or more series for the purposes of paying part of the cost of carrying out that system or plan, providing for the reserve requirement, and paying the costs of issuance of the bonds; providing parameters for the bond sale terms including conditions, covenants, and other sale terms; describing the lien of the bonds; creating certain accounts of the City relating to the bonds; amending certain definitions set forth in Ordinance 125714, the Omnibus Refunding Ordinance; authorizing the issuance of water system refunding revenue bonds; and ratifying and confirming certain prior acts.

WHEREAS, The City of Seattle (the “City”) owns, maintains, and operates a municipal water system as part of Seattle Public Utilities (the “Municipal Water System”), which Municipal Water System has from time to time required various additions, improvements, betterments, and extensions; and

WHEREAS, the City desires to acquire and construct a system or plan of further additions, improvements, and betterments to, and extensions of the Municipal Water System (the “Plan of Additions”) as described in this ordinance, and needs to borrow funds to pay a portion of the costs of carrying out such Plan of Additions; and

WHEREAS, the City currently has outstanding certain water system revenue bonds (as identified in Exhibit A to this ordinance, the “Outstanding Parity Bonds”). Pursuant to the ordinances authorizing their issuance (the “Outstanding Parity Bond Ordinances”), the City reserved the right to issue additional bonds (“Future Parity Bonds”) having a charge and lien on the net revenue of the Municipal Water System on a parity of lien with those Outstanding Parity Bonds, and is permitted to issue such Future Parity Bonds upon satisfaction of certain conditions (the “Parity Conditions”); and

WHEREAS, the City has determined that it is in the best interest of the City and its ratepayers to authorize the issuance and sale, subject to the provisions of this ordinance, of water system revenue bonds as Parity Bonds to pay part of the cost of carrying out the Plan of Additions, to provide for the reserve requirement, and to pay the costs of issuance of those bonds; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. **Definitions.** In this ordinance, the following capitalized terms shall have the meanings set forth in this section:

“**Accreted Value**” means, with respect to any Capital Appreciation Bond, (a) as of any Valuation Date, the amount determined for such Valuation Date in accordance with the applicable Parity Bond Documents, and (b) as of any date other than a Valuation Date, the sum of (i) the Accreted Value on the preceding Valuation Date and (ii) the product of (A) a fraction, the numerator of which is the number of days having elapsed from the preceding Valuation Date and the denominator of which is the number of days from such preceding Valuation Date to the next succeeding Valuation Date, calculated based on the assumption that Accreted Value accrues during any semiannual period in equal daily amounts on the basis of a year of 12 30-day months, and (B) the difference between the Accreted Values for such Valuation Dates.

“**Adjusted Annual Debt Service**” for any fiscal year means Annual Debt Service minus (a) an amount equal to ULID Assessments due in that year and not delinquent, (b) an amount equal to earnings from investments in the Reserve Subaccount, and (c) Annual Debt Service provided for by Parity Bond proceeds.

“**Adjusted Gross Revenue**” means, for any period, Gross Revenue (a) plus withdrawals from the Rate Stabilization Account made during that period, and (b) minus ULID Assessments collected, earnings from investments in the Reserve Subaccount, and deposits into the Rate Stabilization Account made during that period.

“**Adjusted Net Revenue**” means Adjusted Gross Revenue less Operating and Maintenance Expense.

“**Annual Debt Service**” for any calendar year means the sum of the amounts required in such calendar

year to pay the interest due in such calendar year on all Parity Bonds outstanding, excluding interest to be paid from the proceeds of the sale of Parity Bonds or other bonds; the principal of all outstanding Serial Bonds due in such calendar year; and the Sinking Fund Requirements, if any, for such calendar year. Additionally, for purposes of calculating and determining compliance with the Coverage Requirement, the Reserve Requirement and the conditions for the issuance of Future Parity Bonds and/or entering into Parity Payment Agreements, the following shall apply:

(a) **Calculation of Interest Due Generally.** Except as otherwise provided below, interest on any series of Parity Bonds shall be calculated based on the actual amount of accrued, accreted, or otherwise accumulated interest that is payable in respect of that series taken as a whole, at the rate or rates set forth in the applicable Parity Bond Documents.

(b) **Capital Appreciation Bonds.** For purposes of this definition, the principal and interest portions of the Accreted Value of Capital Appreciation Bonds becoming due at maturity or by virtue of a Sinking Fund Requirement shall be included in the calculations of accrued and unpaid and accruing interest or principal in such manner and during such period of time as is specified in the Parity Bond Documents applicable to such Capital Appreciation Bonds.

(c) **Variable Interest Rate Bonds.** The amount of interest deemed to be payable on any series of Variable Interest Rate Bonds shall be calculated on the assumption that the interest rate on those bonds would be equal to the rate that is 90 percent of the average RBI during the four calendar quarters preceding the quarter in which the calculation is made.

(d) **Interest on Parity Bonds With Respect to Which a Payment Agreement is in Force.** Debt service on Parity Bonds with respect to which a Payment Agreement is in force shall be based on the net economic effect on the City expected to be produced by the terms of the Parity Bonds and the terms of the Payment Agreement. For example, if the net economic effect of the Payment Agreement and a series of Parity Bonds otherwise bearing interest at a variable rate is to produce an obligation bearing interest at a fixed interest

rate, the relevant series of bonds shall be treated as fixed interest rate bonds. And if the net economic effect of the Payment Agreement and a series of Parity Bonds otherwise bearing interest at a fixed rate is to produce an obligation bearing interest at a variable interest rate, the relevant series of bonds shall be treated as Variable Interest Rate Bonds. Accordingly, the amount of interest deemed to be payable on any Parity Bonds with respect to which a Payment Agreement is in force shall be an amount equal to the amount of interest that would be payable at the rate or rates stated in or determined pursuant to the applicable Parity Bond Documents, plus Payment Agreement Payments, minus Payment Agreement Receipts. For the purposes of calculating as nearly as practicable Payment Agreement Receipts and Payment Agreement Payments under a Payment Agreement that includes a variable rate component determined by reference to a pricing mechanism or index that is not the same as the pricing mechanism or index used to determine the variable rate interest component on the Parity Bonds to which the Payment Agreement is related, it shall be assumed that the fixed rate used in calculating Payment Agreement Payments will be equal to 105 percent of the fixed rate specified by the Payment Agreement and that the pricing mechanism or index specified by the Payment Agreement is the same as the pricing mechanism or index specified by the applicable Parity Bond Documents. Notwithstanding the other provisions of this definition, the City shall not be required to (but may in its discretion) take into account in determining Annual Debt Service the effects of any Payment Agreement that has a term of ten years or less.

(e) Parity Payment Agreements. For any period during which Payment Agreement Payments on a Parity Payment Agreement are taken into account in determining Annual Debt Service on related Parity Bonds under paragraph (d) of this definition, no additional debt service shall be taken into account with respect to that Parity Payment Agreement. However, for any Parity Payment Agreement during a period in which Payment Agreement Payments are not taken into account under paragraph (d) because the Parity Payment Agreement is not then related to any outstanding Parity Bonds, payments on that Parity Payment Agreement shall be taken into account as follows:

(i) If City is Obligated to Make Payments Based on Fixed Rate. If the City is obligated to

make Payment Agreement Payments based on a fixed rate and the Qualified Counterparty is obligated to make payments based on a variable rate index, it shall be assumed that payments by the City will be based on the assumed fixed payor rate, and that payments by the Qualified Counterparty will be based on a rate equal to the average rate determined by the variable rate index specified by the Parity Payment Agreement during the four calendar quarters preceding the quarter in which the calculation is made.

(ii) **If City is Obligated to Make Payments Based on Variable Rate Index.** If the City is obligated to make Payment Agreement Payments based on a variable rate index and the Qualified Counterparty is obligated to make payments based on a fixed rate, it shall be assumed that payments by the City will be based on a rate equal to the average rate determined by the variable rate index specified by the Parity Payment Agreement during the four calendar quarters preceding the quarter in which the calculation is made, and that the Qualified Counterparty will make payments based on the fixed rate specified by the Parity Payment Agreement.

(f) **Balloon Bonds.** For purposes of calculating debt service on any Balloon Bonds, it shall be assumed that the principal of those Balloon Bonds, together with interest thereon at a rate equal to the assumed RBI-based rate set forth in subsection (c) of this definition, will be amortized in equal annual installments over a term of 30 years.

(g) **Adjustments for Defeased Bonds.** For purposes of calculating and determining compliance with the Coverage Requirement, the Reserve Requirement, and the Parity Conditions, Annual Debt Service shall be adjusted as set forth in subsection 21(d) of this ordinance.

“Authorized Denomination” means \$5,000 or any integral multiple thereof within a maturity of a Series, or such other minimum authorized denomination as may be specified in the applicable Bond Documents.

“Average Annual Debt Service” means, at the time of calculation, the sum of the Annual Debt Service remaining to be paid to the last scheduled maturity of the applicable series of Parity Bonds divided by the

number of years such bonds are scheduled to remain outstanding.

“Balloon Bonds” means any series of Parity Bonds, the aggregate principal amount (including Sinking Fund Requirements) of which becomes due and payable in any calendar year in an amount that constitutes 25 percent or more of the initial aggregate principal amount of such series of Parity Bonds.

“Beneficial Owner” means, with regard to a Bond, the owner of any beneficial interest in that Bond.

“Bond Counsel” means a lawyer or a firm of lawyers, selected by the City, of nationally recognized standing in matters pertaining to bonds issued by states and their political subdivisions.

“Bond Documents” means (a)(i) with respect to any Series of the Bonds, this ordinance (including any amendatory or supplemental ordinances), and (ii) with respect to a series of Parity Bonds other than a Series of the Bonds, the applicable Parity Bond Ordinance(s); (b) the authenticated bond form; and (c) the written agreement(s) setting forth the Bond Sale Terms and additional terms, conditions, or covenants pursuant to which such bond was issued and sold, as set forth in any one or more of the following (if any): (i) a sale resolution, (ii) a bond purchase contract (as defined in the applicable authorizing ordinance), (iii) a bond indenture or a fiscal agent or paying agent agreement (other than the State fiscal agency contract), and (iv) a direct purchase or continuing covenant agreement.

“Bond Insurance” means any municipal bond insurance policy, guaranty, surety bond, or similar credit enhancement device providing for or securing the payment of all or part of the principal of and interest on any Parity Bonds, issued by an insurance company licensed to conduct an insurance business in any state of the United States (or by a service corporation acting on behalf of one or more such insurance companies), or by any other financial institution qualified to provide such credit enhancement device.

“Bond Purchase Contract” means a written offer to purchase a Series of the Bonds pursuant to certain Bond Sale Terms, which offer has been accepted by the City in accordance with this ordinance. In the case of a competitive sale, the Purchaser’s bid for a Series, together with the official notice of sale and a Pricing Certificate confirming the Bond Sale Terms, shall comprise the Bond Purchase Contract.

“Bond Register” means the books or records maintained by the Bond Registrar for the purpose of registering ownership of each Bond.

“Bond Registrar” means the Fiscal Agent (unless the Director of Finance appoints a different person to act as bond registrar with respect to a particular Series), or any successor bond registrar selected in accordance with the Registration Ordinance.

“Bond Sale Terms” means the terms and conditions for the sale of a Series of the Bonds approved by the Director of Finance consistent with the parameters set forth in Section 5 of this ordinance, including the amount, date or dates, denominations, interest rate or rates (or mechanism for determining the interest rate or rates), payment dates, final maturity, redemption rights, price, and other terms, conditions, or covenants. In connection with a negotiated sale or private placement, the Bond Sale Terms shall be set forth in the Bond Purchase Contract; in connection with a competitive sale, the Bond Sale Terms shall be set forth in a Pricing Certificate.

“Bonds” means the water system revenue bonds issued pursuant to this ordinance.

“Book-Entry Form” means a fully registered form in which physical bond certificates are registered only in the name of the Securities Depository (or its nominee), as Registered Owner, with the physical bond certificates held by and immobilized in the custody of the Securities Depository (or its designee), where the system for recording and identifying the transfer of the ownership interests of the Beneficial Owners in those Bonds is neither maintained by nor the responsibility of the City or the Bond Registrar.

“Capital Appreciation Bond” means any Parity Bond, all or a portion of the interest on which is compounded and accumulated at the rates or in the manner, and on the dates, set forth in the applicable Bond Documents and is payable only upon redemption or on the maturity date of such Parity Bond. A Parity Bond that is issued as a Capital Appreciation Bond, but which later converts to an obligation on which interest is paid periodically, shall be a Capital Appreciation Bond until the conversion date and thereafter shall no longer be a Capital Appreciation Bond, but shall be treated as having a principal amount equal to its Accreted Value on the

conversion date. For purposes of computing the principal amount of Parity Bonds held by the Owner of any Capital Appreciation Bond in connection with any notice, consent, request, or demand, the principal amount of a Capital Appreciation Bond shall be deemed to be its Accreted Value at the time that such notice, consent, request, or demand is given or made.

“Capital Improvement Program” or “CIP” means those portions of the City’s “2021-2026 Capital Improvement Program” relating to the Municipal Water System, adopted by Ordinance 126237, together with any previously adopted capital improvement program. For purposes of this ordinance, the CIP includes all amendments, updates, supplements, or replacements that may be adopted from time to time by ordinance.

“City” means The City of Seattle.

“City Council” means the City Council of the City, as duly and regularly constituted from time to time.

“Code” means the Internal Revenue Code of 1986, or any successor thereto, as amended at any time, and regulations thereunder.

“Construction Account” means the account or subaccount created in the Water System Construction Account within the Water Fund for the deposit of proceeds of the Bonds, pursuant to Section 12 of this ordinance.

“Continuing Disclosure Agreement” means, for each Series sold in an offering subject to federal securities regulations requiring a written undertaking to provide continuing disclosure, a continuing disclosure agreement entered into pursuant to Section 23 of this ordinance, in substantially the form attached to this ordinance as Exhibit B.

“Contract Resource Obligation” means an obligation of the City that is designated as a Contract Resource Obligation and is entered into in accordance with Section 20 of this ordinance.

“Coverage Requirement” means Adjusted Net Revenue equal to at least 1.25 times Adjusted Annual Debt Service on all Parity Bonds then outstanding.

“Covered Parity Bonds” means all Outstanding Parity Bonds, each Series of the Bonds, and each

series of Future Parity Bonds. *From and after the Reserve Covenant Date, the term “Covered Parity Bonds” shall exclude each series of Parity Bonds for which the applicable Bond Documents provide that, from and after the Reserve Covenant Date, such series shall no longer be treated as a series of Covered Parity Bonds and shall no longer be secured by the amounts in the Reserve Subaccount.*

“**DTC**” means The Depository Trust Company, New York, New York.

“**Defeasible Bonds**” means any outstanding Parity Bonds that are eligible to be defeased pursuant to the Omnibus Defeasance Ordinance.

“**Director of Finance**” means the Director of the Finance Division of the Department of Finance and Administrative Services, or any other officer who succeeds to substantially all of the responsibilities of that office.

“**Event of Default**” has the meaning assigned to that term in subsection 25(a) of this ordinance.

“**Fiscal Agent**” means the fiscal agent of the State, as the same may be designated by the State from time to time.

“**Future Parity Bond Ordinance**” means any ordinance passed by the City Council providing for the issuance and sale of a series of Future Parity Bonds, and any other ordinance amending or supplementing the provisions of any such ordinance.

“**Future Parity Bonds**” means, with reference to any Series, all revenue bonds and obligations of the Municipal Water System (other than that Series and any other Parity Bonds then outstanding), issued or entered into after the Issue Date of such Series, the payment of which constitutes a charge and lien on Net Revenue equal in priority with the charge and lien upon such revenue for the payment of the amounts required to be paid into the Parity Bond Account in accordance with Section 15 of this ordinance. Future Parity Bonds may include Parity Payment Agreements and any other obligations issued in compliance with the Parity Conditions.

“**Government Obligations**” means, unless otherwise limited in the Bond Documents for a particular Series of the Bonds, any government obligation as that term is defined in RCW 39.53.010, as amended at any

time.

“Gross Revenue” means (a) all income, revenues, receipts and profits derived by the City through the ownership and operation of the Municipal Water System; (b) the proceeds received by the City directly or indirectly from the sale, lease or other disposition of any of the properties, rights or facilities of the Municipal Water System; (c) Payment Agreement Receipts, to the extent that such receipts are not offset by Payment Agreement Payments; and (d) the investment income earned on money held in any fund or account of the City, including any bond redemption funds and the accounts therein, in connection with the ownership and operation of the Municipal Water System. Gross Revenue does not include: (a) income derived from investments irrevocably pledged to the payment of any defeased bonds payable from Gross Revenue; (b) investment income set aside for or earned on money in any fund or account created or maintained solely for the purpose of complying with the arbitrage rebate provisions of the Code; (c) any gifts, grants, donations, or other funds received by the City from any State or federal agency or other person if such gifts, grants, donations, or other funds are the subject of any limitation or reservation imposed by the donor or grantor or imposed by law or administrative regulation to which the donor or grantor is subject, limiting the application of such funds in a manner inconsistent with the application of Gross Revenue hereunder; (d) the proceeds of any borrowing for capital improvements (or the refinancing thereof); (e) the proceeds of any liability or other insurance, including but not limited to insurance proceeds compensating the City for the loss of a capital asset, but excluding business interruption insurance or other insurance of like nature insuring against the loss of revenues; (f) general *ad valorem* taxes, excise taxes and special assessments (other than ULID Assessments), including interest and penalties thereon; and (g) earnings of any separate utility system that may be created, acquired, or constructed by the City pursuant to Section 19 of this ordinance.

“Independent Utility Consultant” means an independent person or firm having a favorable reputation for skill and experience with municipal water systems of comparable size and character to the Municipal Water System in such areas as are relevant to the purpose for which they were retained.

“Issue Date” means, with respect to a Bond, the initial date on which that Bond is issued and delivered to the initial Purchaser in exchange for its purchase price.

“Letter of Representations” means the Blanket Issuer Letter of Representations between the City and DTC dated October 4, 2006, as amended at any time, or an agreement with a substitute or successor Securities Depository.

“MSRB” means the Municipal Securities Rulemaking Board.

“Maximum Annual Debt Service” means, at the time of calculation, the maximum amount of Annual Debt Service that shall become due in the current calendar year or in any future calendar year with respect to the Parity Bonds then outstanding.

“Municipal Water System” means the water system of the City as it now exists, and all additions thereto and betterments and extensions thereof at any time made, together with any utility systems of the City hereafter combined with the Municipal Water System. The Municipal Water System shall not include any separate utility system that may be created, acquired or constructed by the City as provided in Section 19 of this ordinance.

“Net Revenue” means, for any period, Gross Revenue less Operating and Maintenance Expense.

“Omnibus Defeasance Ordinance” means Ordinance 126226, as amended at any time, authorizing the defeasance of Defeasible Bonds (as such ordinance may be amended from time to time) or any future ordinance pursuant to which the Bonds (or any Series of the Bonds) are designated as Defeasible Bonds.

“Omnibus Refunding Ordinance” means Ordinance 125714, as amended at any time, authorizing the issuance of Refunding Parity Bonds (as such ordinance may be amended from time to time), or any future ordinance pursuant to which the Bonds (or any Series of the Bonds) are designated as “Refundable Bonds.”

“Operating and Maintenance Expense” means all expenses incurred by the City in causing the Municipal Water System to be operated and maintained in good repair, working order and condition, including without limitation: (a) deposits, premiums, assessments or other payments for insurance, if any, on the

Municipal Water System; (b) payments into pension funds; (c) State-imposed taxes; (d) amounts due under Contract Resource Obligations in accordance with Section 20 of this ordinance; (e) payments made to another person or entity for the receipt of water supply or transmission or other commodity or service; and (f) payments with respect to any other expenses of the Municipal Water System that are properly treated as Operating and Maintenance Expense under generally accepted accounting principles applicable to municipal corporations, including payments (other than payments out of proceeds of Parity Bonds or other obligations not issued to pay current expenses of the Municipal Water System) into reasonable reserves for items of operating or maintenance expense the payment of which is not immediately required. Operating and Maintenance Expense does not include: depreciation, amortization or other similar recognitions of non-cash expense items made for accounting purposes only including non-cash pension expense; taxes levied or imposed by the City or payments in lieu of City taxes; payments of claims or judgments; or capital additions or capital replacements of the Municipal Water System.

“Outstanding Parity Bond Ordinances” means those ordinances authorizing the issuance and sale of the Outstanding Parity Bonds, as identified in Exhibit A to this ordinance.

“Outstanding Parity Bonds” means those outstanding Parity Bonds identified in Exhibit A to this ordinance. When used in reference to a particular date (or in reference to a particular series of Parity Bonds), Outstanding Parity Bonds shall mean those Parity Bonds, including any Parity Bonds issued subsequent to the effective date of this ordinance, that are outstanding as of that date (or as of the Issue Date of the referenced series of Parity Bonds).

“Owner” means, without distinction, the Registered Owner and the Beneficial Owner of a Bond.

“Parity Bond Account” means the Water Revenue Parity Bond Account created by Ordinance 116705 in the Water Fund for the purpose of paying and securing payment of the principal of and interest on Parity Bonds.

“Parity Bond Documents” means those Bond Documents applicable to a series of Parity Bonds.

“Parity Bond Ordinance” means any ordinance passed by the City Council providing for the issuance and sale of a series of Parity Bonds, and any other ordinance amending or supplementing the provisions of any Parity Bond Ordinance.

“Parity Bonds” means the Outstanding Parity Bonds, each Series of the Bonds, and any Future Parity Bonds then outstanding. Parity Bonds may include Parity Payment Agreements in accordance with Section 17 of this ordinance.

“Parity Certificate” means a certificate delivered pursuant to Section 17 of this ordinance for purposes of satisfying the Parity Conditions in connection with the issuance of Future Parity Bonds.

“Parity Conditions” means (a) for purposes of establishing that a Series of the Bonds may be issued on parity with the Parity Bonds outstanding as of the Issue Date of such Series, the conditions for issuing Future Parity Bonds set forth in the Parity Bond Ordinances relating to those Parity Bonds that are then outstanding; and (b) for purposes of issuing Future Parity Bonds on parity with a Series of the Bonds, the conditions described in subsection (a) of this definition together with the conditions set forth in Section 17 of this ordinance.

“Parity Payment Agreement” means a Payment Agreement that is entered into in compliance with the Parity Conditions and under which the City’s payment obligations are expressly stated to constitute a charge and lien on Net Revenue equal in rank with the charge and lien upon such Net Revenue required to be paid into the Parity Bond Account to pay and secure the payment of interest on Parity Bonds. For purposes of determining percentages of ownership of Parity Bonds under this ordinance or under applicable Parity Bond Documents, Parity Payment Agreements shall be deemed to have no principal amount, and any notice, consent, or similar rights (if any) shall be determined only as set forth in the applicable Parity Payment Agreement.

“Payment Agreement” means a written agreement entered into by the City and a Qualified Counterparty, as authorized by any applicable laws of the State, for the purpose of managing or reducing the City’s exposure to fluctuations or levels of interest rates, or for other interest rate, investment, or asset or

liability management purposes, and that provides for (i) an exchange of payments based on interest rates, ceilings, or floors on such payments; (ii) options on such payments; (iii) any combination of the foregoing; or (iv) any similar device. A Payment Agreement may be entered into on either a current or forward basis. A Payment Agreement must be entered into in connection with (or incidental to) the issuance, incurring, or carrying of particular bonds, notes, bond anticipation notes, commercial paper, or other obligations for borrowed money (which may include leases, installment purchase contracts, or other similar financing agreements or certificates of participation in any of the foregoing).

“Payment Agreement Payments” means the amounts periodically required to be paid by the City to a Qualified Counterparty pursuant to a Payment Agreement.

“Payment Agreement Receipts” means the amounts periodically required to be paid by a Qualified Counterparty to the City pursuant to a Payment Agreement.

“Permitted Investments” means any investments or investment agreements permitted for the investment of City funds under the laws of the State, as amended from time to time.

“Plan of Additions” means, together, the CIP and the Water System Plan, as modified from time to time. The Plan of Additions includes (a) the purchase and installation of all materials, supplies, appliances, equipment and facilities; (b) the acquisition of all permits, franchises, property and property rights, and other capital assets; and (c) all engineering, consulting and other professional services and studies (whether performed by the City or by other public or private entities), each as necessary or convenient to carry out the Plan of Additions. The Plan of Additions includes all amendments, updates, supplements or replacements to the CIP or the Water System Plan, all of which automatically shall constitute amendments to the Plan of Additions. The Plan of Additions also may be modified to include other improvements, without amending the CIP or the Water System Plan, if the City determines by ordinance that those amendments or other improvements constitute a system or plan of additions to or betterments or extensions of the Municipal Water System.

“Pricing Certificate” means a certificate executed by the Director of Finance as of the pricing date

confirming the Bond Sale Terms for the sale of a Series of Bonds to the Purchaser in a competitive sale, in accordance with the parameters set forth in Section 5 of this ordinance.

“Principal and Interest Subaccount” means the subaccount of that name created in the Parity Bond Account for the payment of the principal of and interest on Parity Bonds.

“Purchaser” means the entity or entities who have been selected by the Director of Finance in accordance with this ordinance to serve as underwriter, purchaser or successful bidder in a sale of any Series.

“Qualified Counterparty” means a party (other than the City or a party related to the City) who is the other party to a Payment Agreement, (a)(i) whose senior debt obligations are rated in one of the three highest rating categories of each Rating Agency (without regard to any gradations within a rating category), or (ii) whose obligations under the Payment Agreement are guaranteed for the entire term of the Payment Agreement by a bond insurer or other institution that has been assigned a credit rating in one of the two highest rating categories of each Rating Agency; and (b) who is otherwise qualified to act as the other party to a Payment Agreement under any applicable laws of the State.

“Qualified Insurance” means any Bond Insurance that, as of the time of issuance of such credit enhancement device, is provided by an entity rated in one of the two highest rating categories (without regard to any gradations within a rating category) by at least two nationally recognized rating agencies.

“Qualified Letter of Credit” means any letter of credit, standby bond purchase agreement, or other liquidity facility issued by a financial institution for the account of the City in connection with the issuance of any Parity Bonds, which institution maintains an office, agency or branch in the United States and, as of the time of issuance of such instrument, is rated in one of the two highest rating categories (without regard to any gradations within such rating categories) by at least two nationally recognized rating agencies.

“RBI” means *The Bond Buyer* Revenue Bond Index or comparable index, or, if no comparable index can be obtained, 80 percent of the interest rate for actively traded 30-year United States Treasury obligations.

“Rate Stabilization Account” means the account of that name created in the Water Fund pursuant to

Ordinance 116705 and redesignated for accounting purposes as the Revenue Stabilization Subfund of the Water Fund pursuant to Ordinance 120875.

“Rating Agency” means any nationally recognized rating agency then maintaining a rating on a series of then outstanding Parity Bonds at the request of the City.

“Record Date” means, unless otherwise defined in the Bond Documents, in the case of each interest or principal payment date, the Bond Registrar’s close of business on the 15th day of the month preceding the interest or principal payment date. With regard to redemption of a Bond prior to its maturity, the Record Date shall mean the Bond Registrar’s close of business on the day prior to the date on which the Bond Registrar sends the notice of redemption to the Registered Owner(s) of the affected Bonds.

“Refundable Bonds” means Parity Bonds that may be refunded pursuant to the Omnibus Refunding Ordinance. For purposes of this definition, each Series of the Bonds issued pursuant to this ordinance is designated as a series of Refundable Bonds.

“Refunding Parity Bonds” means Future Parity Bonds that satisfy the applicable Parity Conditions and are issued pursuant to the Omnibus Refunding Ordinance, or other Future Parity Bond Ordinance, for the purpose of refunding any Refundable Bonds.

“Registered Owner” means, with respect to a Bond, the person in whose name that Bond is registered on the Bond Register. For so long as a Series of the Bonds is in Book-Entry Form under the Letter of Representations, the Registered Owner of such Series shall mean the Securities Depository.

“Registration Ordinance” means Ordinance 111724 establishing a system of registration for the City’s bonds and other obligations pursuant to Seattle Municipal Code Chapter 5.10, as amended at any time.

“Reserve Covenant Date” means the earlier of (a) the date on which the City has obtained consents of the requisite percentage of Registered Owners of the Parity Bonds then outstanding, in accordance with the provisions of the applicable Outstanding Parity Bond Documents; or (b) the date on which all of the following Outstanding Parity Bonds have been redeemed or defeased: Water System Revenue Bonds, 2010A (Taxable

Build America Bonds - Direct Payment); Water System Improvement and Refunding Revenue Bonds, 2010B; Water System Refunding Revenue Bonds, 2012; and Water System Improvement and Refunding Revenue Bonds, 2015.

“Reserve Requirement” means the lesser of (a) Maximum Annual Debt Service on all Parity Bonds outstanding at the time of calculation, or (b) 1.25 times Average Annual Debt Service on all Parity Bonds outstanding at the time of calculation. In no event shall the Reserve Requirement exceed 10 percent of the proceeds of each series of Parity Bonds then outstanding, determined as of the Issue Date of each such series.

From and after the Reserve Covenant Date, the Reserve Requirement shall mean the lesser of (a) Maximum Annual Debt Service on all Covered Parity Bonds outstanding at the time of calculation, or (b) 1.25 times Average Annual Debt Service on all Covered Parity Bonds outstanding at the time of calculation. In no event shall the Reserve Requirement exceed the sum of 10 percent of the proceeds of each series of Covered Parity Bonds then outstanding, determined as of the Issue Date of each such series.

“Reserve Security” means any Qualified Insurance or Qualified Letter of Credit obtained by the City to satisfy part or all of the Reserve Requirement, and which is not cancelable on less than three years’ notice.

“Reserve Subaccount” means the subaccount of that name created in the Parity Bond Account for the purpose of securing the payment of the principal of and interest on Parity Bonds.

“Rule 15c2-12” means Rule 15c2-12 promulgated by the SEC under the Securities Exchange Act of 1934, as amended.

“SEC” means the United States Securities and Exchange Commission.

“Securities Depository” means DTC, any successor thereto, any substitute securities depository selected by the City, or the nominee of any of the foregoing. Any successor or substitute Securities Depository must be qualified under applicable laws and regulations to provide the services proposed to be provided by it.

“Serial Bonds” means Parity Bonds maturing in specified years, for which no Sinking Fund Requirements are mandated.

“Series” means a series of the Bonds issued pursuant to this ordinance.

“Sinking Fund Account” means any account created in the Parity Bond Account to amortize the principal or make mandatory redemptions of Term Bonds.

“Sinking Fund Requirement” means, for any calendar year, the principal amount and premium, if any, of Term Bonds required to be purchased, redeemed, paid at maturity or paid into any Sinking Fund Account for such calendar year, as established pursuant to the Bond Documents relating to such Term Bonds.

“State” means the State of Washington.

“State Auditor” means the office of the Auditor of the State or such other department or office of the State authorized and directed by State law to make audits.

“Tax Credit Subsidy Bond” means any Taxable Bond that is designated by the City as a tax credit bond pursuant to the Code, and which is further designated as a “qualified bond” under Section 6431 or similar provision of the Code, and with respect to which the City is eligible to claim a Tax Credit Subsidy Payment.

“Tax Credit Subsidy Payment” means a payment by the federal government with respect to a Tax Credit Subsidy Bond.

“Tax-Exempt Bond” means any Parity Bond, the interest on which is intended, as of the Issue Date, to be excludable from gross income for federal income tax purposes.

“Taxable Bond” means any Parity Bond, the interest on which is not intended, as of the Issue Date, to be excludable from gross income for federal income tax purposes.

“Term Bond” means any Parity Bond that is issued subject to mandatory redemption prior to its maturity in Sinking Fund Requirements.

“ULID” means a utility local improvement district of the City created for the acquisition or construction of additions to and betterments and extensions of the Municipal Water System.

“ULID Assessments” means all assessments levied and collected in a ULID, if and only if those assessments are pledged to be paid into the Parity Bond Account, in which case they shall be included in Gross

Revenue. ULID Assessments shall include all installments of principal, payments of interest, and penalties and interest on delinquencies, but shall not include any prepaid assessments paid into a construction fund or account.

“Valuation Date” means, with respect to any Capital Appreciation Bond, the date or dates, determined as set forth in the Parity Bond Documents relating to the relevant series of Parity Bonds, on which specific Accreted Values are assigned to that Capital Appreciation Bond.

“Variable Interest Rate” means any interest rate that fluctuates during the stated term of a Parity Bond (or during a stated period during which the Parity Bond is designated as a Variable Interest Rate Bond), whether due to a remarketing, a market index reset, or other mechanism set forth in the applicable Bond Documents. The Bond Documents for any Series of the Bonds bearing interest at a Variable Interest Rate shall set forth: (a) the available method(s) of computing interest (the “interest rate modes”); (b) the particular period or periods of time (or manner of determining such period or periods of time) for which each value of such Variable Interest Rate (or each interest rate mode) shall remain in effect; (c) provisions for conversion from one interest rate mode to another and for setting or resetting the interest rates; and (d) the time or times upon which any change in such Variable Interest Rate (or any conversion of interest rate modes) shall become effective.

“Variable Interest Rate Bond” means, for any period of time, any Parity Bond that bears interest at a Variable Interest Rate during that period. A Parity Bond shall not be treated as a Variable Interest Rate Bond if the net economic effect of: (a) interest rates on a particular series of Parity Bonds, as set forth in the applicable Bond Documents, and (b) either (i) interest rates on another series of Parity Bonds issued at substantially the same time, or (ii) a Payment Agreement related to that particular series of Parity Bonds, is to produce obligations that bear interest at a fixed rate. A Parity Bond with respect to which a Payment Agreement is in force shall be treated as a Variable Interest Rate Bond if the net economic effect of the Payment Agreement is to produce an obligation that bears interest at a Variable Interest Rate.

“Water Fund” means the fund of that name into which is paid the Gross Revenue of the Municipal

Water System.

“Water System Plan” means the long-range water system plan known as the 2013 Water System Plan adopted by the City in Ordinance 124071, as that plan may be amended, updated, supplemented, or replaced from time to time.

Section 2. **Adoption of Plan of Additions.** The City specifies, adopts, and orders the Plan of Additions to be carried out as generally provided for in the documents comprising the Plan of Additions. The estimated cost of the Plan of Additions, as near as may be determined, is declared to be \$727 million, of which approximately \$88 million is expected to be financed from proceeds of the Bonds and investment earnings thereon.

Section 3. **Authorization of Bonds; Due Regard Finding.**

(a) **The Bonds.** The City is authorized to issue Municipal Water System revenue bonds, payable from the sources described in Section 13 of this ordinance, in the maximum principal amount stated in Section 5 of this ordinance, to provide funds (a) to pay part of the cost of carrying out the Plan of Additions; (b) to provide for the Reserve Requirement (if any); (c) to capitalize interest on (if necessary) and pay the costs of issuance of the Bonds; and (d) for other Municipal Water System purposes approved by ordinance. The Bonds may be issued in one or more Series and may be combined with other Municipal Water System revenue bonds (including Refunding Parity Bonds) authorized separately. The Bonds shall be designated Water System Revenue Bonds and shall be numbered separately and shall have any name, year, and series or other label as deemed necessary or appropriate by the Director of Finance.

(b) **City Council Finding.** The City Council finds that, in creating the Parity Bond Account and in fixing the amounts to be paid into it in accordance with this ordinance and the parameters for the Bond Sale Terms set forth in Section 5 of this ordinance, the City Council has exercised due regard for the cost of operation and maintenance of the Municipal Water System, and is not setting aside into the Parity Bond Account a greater amount than in the judgment of the City Council, based on the rates established from time to

time consistent with subsection 16(b) of this ordinance, will be sufficient, in the judgment of the City Council, to meet all expenses of operation and maintenance of the Municipal Water System and to provide the amounts previously pledged for the payment of all outstanding obligations payable out of Gross Revenues and pledged for the payment of the Bonds. Therefore, the City Council finds that the issuance and sale of the Bonds is in the best interest of the City and in the public interest.

Section 4. **Manner of Sale of Bonds.** The Director of Finance may provide for the sale of each Series by competitive sale, negotiated sale, limited offering, or private placement and may select and enter into agreements with remarketing agents or providers of liquidity with respect to Variable Interest Rate Bonds. The Purchaser of each Series shall be chosen through a selection process acceptable to the Director of Finance. The Director of Finance is authorized to specify a date and time of sale and a date and time for the delivery of each Series; in the case of a competitive sale, to provide an official notice of sale including bid parameters and other bid requirements, and to provide for the use of an electronic bidding mechanism; to determine matters relating to a forward or delayed delivery of the Bonds; and to determine such other matters and take such other action as, in the Director's determination, may be necessary, appropriate, or desirable in order to carry out the sale of each Series. Each Series must be sold on Bond Sale Terms consistent with the parameters set forth in Section 5 of this ordinance.

Section 5. **Appointment of Designated Representative; Bond Sale Terms.**

(a) **Designated Representative.** The Director of Finance is appointed to serve as the City's designated representative in connection with the issuance and sale of the Bonds in accordance with RCW 39.46.040(2) and this ordinance.

(b) **Parameters for Bond Sale Terms.** The Director of Finance is authorized to approve, on behalf of the City, Bond Sale Terms for the sale of the Bonds in one or more Series, and, in connection with each such sale, to execute a Bond Purchase Contract (or, in the case of a competitive sale, a Pricing Certificate) confirming the Bond Sale Terms and such related agreements as may be necessary or desirable, consistent with

the following parameters:

(i) **Maximum Principal Amount.** The maximum aggregate principal amount of all Series of the Bonds authorized by this ordinance is not to exceed \$88 million.

(ii) **Date or Dates.** Each Bond shall be dated its Issue Date, as determined by the Director of Finance. The initial Issue Date (without restricting any reissuance date with respect to a Series of Variable Interest Rate Bonds) may be no later than December 31, 2024.

(iii) **Denominations.** The Bonds shall be issued in Authorized Denominations.

(iv) **Interest Rate(s).** Each Bond shall bear interest from its Issue Date or from the most recent date to which interest has been paid or duly provided, whichever is later, unless otherwise provided in the Bond Documents. Each Series of the Bonds shall bear interest at one or more fixed interest rates or Variable Interest Rates. The net interest cost for any fixed rate Series may not exceed a rate of 10 percent per annum. The Bond Documents for any Series may provide for multiple interest rates and interest rate modes, and may provide conditions and mechanisms for the Director of Finance to effect a conversion from one mode to another. Nothing in this ordinance shall be interpreted to prevent the Bond Documents for any Series from including a provision for adjustments to interest rates during the term of the Series upon the occurrence of certain events specified in the applicable Bond Documents.

(v) **Payment Dates.** Interest shall be payable on dates acceptable to the Director of Finance. Principal shall be payable on dates acceptable to the Director of Finance, which shall include payment at the maturity of each Bond, in accordance with any Sinking Fund Requirements applicable to Term Bonds, and otherwise in accordance with any redemption or tender provisions.

(vi) **Final Maturity.** Each Bond shall mature no later than 40 years after its Issue Date.

(vii) **Redemption Prior to Maturity.** The Bond Sale Terms may include redemption and tender provisions, as determined by the Director of Finance in the Director's discretion, consistent with Section 8 of this ordinance and subject to the following:

(A) **Optional Redemption.** The Director of Finance may designate any Bond as subject to optional redemption prior to its maturity. Any Bond that is subject to optional redemption prior to maturity must be callable on at least one or more dates occurring not more than 10½ years after the Issue Date, consistent with subsection 8(a) of this ordinance.

(B) **Mandatory Redemption.** The Director of Finance may designate any Bond as a Term Bond, subject to mandatory redemption prior to its maturity on the dates and in principal payment amounts set forth in Sinking Fund Requirements, consistent with subsection 8(b) of this ordinance.

(C) **Extraordinary Redemptions.** The Director of Finance may designate any Bond as subject to extraordinary optional redemption or extraordinary mandatory redemption upon the occurrence of an extraordinary event, as such event or events may be set forth in the applicable Bond Documents, consistent with subsection 8(c) of this ordinance.

(D) **Tender Options.** The Director of Finance may designate any Variable Interest Rate Bond as subject to tender options, as set forth in the applicable Bond Documents.

(viii) **Price.** The Director of Finance may approve in the Bond Sale Terms an aggregate purchase price for each Series of the Bonds that is, in the Director's judgment, the price that produces the most advantageous borrowing cost for the City, consistent with the parameters set forth in this ordinance and in any applicable bid documents.

(ix) **Other Terms and Conditions.**

(A) **Expected Life of Capital Facilities.** As of the Issue Date of each Series, the Director of Finance must additionally find to the Director's satisfaction that the average expected life of the capital facilities to be financed with the proceeds (or allocable share of proceeds) of that Series must exceed the weighted average maturity of such Series (or share thereof) allocated to financing those capital facilities.

(B) **Parity Conditions Satisfied.** As of the Issue Date of each Series, the Director of Finance must find that the Parity Conditions have been met or otherwise satisfied, so that such Series is

permitted to be issued as Parity Bonds.

(C) **Additional Terms, Conditions, and Agreements.** The Bond Sale Terms for any Series may provide for Bond Insurance, a Reserve Security, Qualified Letter of Credit, credit enhancement, or for any other Payment Agreement as the Director of Finance may find necessary or desirable. The Bond Sale Terms for any Series may provide for multiple interest rate modes and may include provisions for conversion from any interest rate mode to any other mode. To that end, the Bond Sale Terms may include such additional terms, conditions, and covenants as may be necessary or desirable, including but not limited to: restrictions on investment of Bond proceeds and pledged funds (including any escrow established for the defeasance of the Bonds); provisions for the conversion of interest rate modes; provisions for the reimbursement of a credit enhancement provider or Qualified Counterparty; and requirements to give notice to or obtain the consent of a credit enhancement provider or a Qualified Counterparty. The Director of Finance is authorized to execute, on behalf of the City, such additional certificates and agreements as may be necessary or desirable to reflect such terms, conditions, and covenants.

(D) **Reserve Requirement.** The Bond Sale Terms must establish whether the Series is to be treated as Covered Parity Bonds and must establish the method of providing for the Reserve Requirement, consistent with Section 15 of this ordinance.

(E) **Tax Status of the Bonds.** The Director of Finance may determine that any Series of the Bonds may be designated or qualified as Tax-Exempt Bonds, Taxable Bonds, or Tax Credit Subsidy Bonds, consistent with Section 22 of this ordinance.

Section 6. **Bond Registrar; Registration and Transfer of Bonds.**

(a) **Registration of Bonds; Bond Registrar.** The Bonds shall be issued only in registered form as to both principal and interest and shall be recorded on the Bond Register. The Fiscal Agent is appointed to act as Bond Registrar for each Series of the Bonds, unless otherwise determined by the Director of Finance.

(b) **Transfer and Exchange of Bonds.** The Bond Registrar shall keep, or cause to be kept, sufficient

books for the registration and transfer of the Bonds, which shall be open to inspection by the City at all times. The Bond Register shall contain the name and mailing address of the Registered Owner of each Bond and the principal amount and number of each of the Bonds held by each Registered Owner.

The Bond Registrar is authorized, on behalf of the City, to authenticate and deliver Bonds transferred or exchanged in accordance with the provisions of the Bonds and this ordinance, to serve as the City's paying agent for the Bonds and to carry out all of the Bond Registrar's powers and duties under this ordinance and the Registration Ordinance.

The Bond Registrar shall be responsible for its representations contained in the Bond Registrar's certificate of authentication on the Bonds. The Bond Registrar may become an Owner of Bonds with the same rights it would have if it were not the Bond Registrar and, to the extent permitted by law, may act as depository for and permit any of its officers or directors to act as members of, or in any other capacity with respect to, any committee formed to protect the rights of Owners.

Bonds surrendered to the Bond Registrar may be exchanged for Bonds in any Authorized Denomination of an equal aggregate principal amount and of the same Series, interest rate and maturity. Bonds may be transferred only if endorsed in the manner provided thereon and surrendered to the Bond Registrar. Any exchange or transfer shall be without cost to an Owner or transferee. The Bond Registrar shall not be obligated to exchange or transfer any Bond during the period between the Record Date and the corresponding interest payment or principal redemption date.

(c) Securities Depository; Book-Entry Form. Unless otherwise determined by the Director of Finance, the Bonds initially shall be issued in Book-Entry Form and registered in the name of the Securities Depository. The Bonds so registered shall be held fully immobilized in Book-Entry Form by the Securities Depository in accordance with the provisions of the Letter of Representations. Neither the City nor the Bond Registrar shall have any responsibility or obligation to participants of the Securities Depository or the persons for whom they act as nominees with respect to the Bonds regarding the accuracy of any records maintained by

the Securities Depository or its participants of any amount in respect of principal of or interest on the Bonds, or any notice that is permitted or required to be given to Registered Owners hereunder (except such notice as is required to be given by the Bond Registrar to the Securities Depository). Registered ownership of a Bond initially held in Book-Entry Form, or any portion thereof, may not be transferred except: (i) to any successor Securities Depository; (ii) to any substitute Securities Depository appointed by the City or such substitute Securities Depository's successor; or (iii) to any person if the Bond is no longer held in Book-Entry Form.

Upon the resignation of the Securities Depository from its functions as depository, or upon a determination by the Director of Finance to discontinue utilizing the then-current Securities Depository, the Director of Finance may appoint a substitute Securities Depository. If the Securities Depository resigns from its functions as depository and no substitute Securities Depository can be obtained, or if the Director of Finance determines not to utilize a Securities Depository, then the Bonds shall no longer be held in Book-Entry Form and ownership may be transferred only as provided herein.

Nothing in this ordinance shall prevent the Bond Sale Terms from providing that a Series of the Bonds shall be issued in certificated form without utilizing a Securities Depository, and that the Bonds of such Series shall be registered as of their Issue Date in the names of the Owners thereof, in which case ownership may be transferred only as provided in this ordinance.

(d) **Lost or Stolen Bonds.** In case any Bond shall be lost, stolen or destroyed, the Bond Registrar may authenticate and deliver a new bond or bonds of like amount, date, tenor, and effect to the Registered Owner(s) thereof upon the Registered Owner(s)' paying the expenses and charges of the City in connection therewith and upon filing with the Bond Registrar evidence satisfactory to the Bond Registrar that such bond or bonds were actually lost, stolen or destroyed and of Registered Ownership thereof, and upon furnishing the City with indemnity satisfactory to both.

Section 7. **Payment of Bonds.**

(a) **Payment.** Each Bond shall be payable in lawful money of the United States of America on the dates

and in the amounts as provided in the Bond Documents applicable to that Series. Principal of and interest on each Bond issued as a Parity Bond shall be payable solely out of the Parity Bond Account and shall not be a general obligation of the City. No Bonds of any Series shall be subject to acceleration under any circumstances.

(b) **Bonds Held In Book-Entry Form.** Principal of and interest on each Bond held in Book-Entry Form shall be payable in the manner set forth in the Letter of Representations.

(c) **Bonds Not Held In Book-Entry Form.** Interest on each Bond not held in Book-Entry Form shall be payable by electronic transfer on the interest payment date, or by check or draft of the Bond Registrar mailed on the interest payment date to the Registered Owner at the address appearing on the Bond Register on the Record Date. The City, however, is not required to make electronic transfers except pursuant to a request by a Registered Owner in writing received at least ten days prior to the Record Date and at the sole expense of the Registered Owner. Principal of each Bond not held in Book-Entry Form shall be payable upon presentation and surrender of the Bond by the Registered Owner to the Bond Registrar.

Section 8. **Redemption and Purchase of Bonds.**

(a) **Optional Redemption.** All or some of the Bonds may be subject to redemption prior to their stated maturity dates at the option of the City at the times and on the terms set forth in the applicable Bond Documents.

(b) **Mandatory Redemption.** All or some of the Bonds of any Series may be designated as Term Bonds, subject to mandatory redemption in Sinking Fund Requirements, as set forth in the applicable Bond Documents. If not redeemed or purchased at the City's option prior to maturity, Term Bonds (if any) must be redeemed, at a price equal to 100 percent of the principal amount to be redeemed plus accrued interest, on the dates and in the years and Sinking Fund Requirements as set forth in the applicable Bond Documents. If the City optionally redeems or purchases a Term Bond prior to maturity, the principal amount of that Term Bond that is so redeemed or purchased (irrespective of its redemption or purchase price) shall be credited against the remaining Sinking Fund Requirements for that Term Bond in the manner as directed by the Director of Finance.

In the absence of direction by the Director of Finance, credit shall be allocated to the remaining Sinking Fund Requirements for that Term Bond on a *pro rata* basis.

(c) **Extraordinary Redemption Provisions.** All or some of the Bonds of any Series may be subject to extraordinary optional or extraordinary mandatory redemption prior to maturity upon the occurrence of an extraordinary event, at the prices, in the principal amounts, and on the dates, all as set forth in the applicable Bond Documents.

(d) **Selection of Bonds for Redemption; Partial Redemption.** If fewer than all of the outstanding Bonds of a Series are to be redeemed at the option of the City, the Director of Finance shall select the maturity or maturities to be redeemed. If less than all of the principal amount of a maturity of the selected Series is to be redeemed and, if such Series is held in Book-Entry Form, the portion of such maturity to be redeemed shall be selected for redemption by the Securities Depository in accordance with the Letter of Representations. If the Series is not then held in Book-Entry Form, the portion of such maturity to be redeemed shall be selected by the Bond Registrar randomly in such manner as the Bond Registrar shall determine. All or a portion of the principal amount of any Bond that is to be redeemed may be redeemed in any applicable Authorized Denomination. If less than all of the outstanding principal amount of any Bond is redeemed, upon surrender of that Bond to the Bond Registrar there shall be issued to the Registered Owner, without charge, a new Bond (or Bonds, at the option of the Registered Owner) of the same Series, maturity, and interest rate in any Authorized Denomination in the aggregate principal amount to remain outstanding.

(e) **Purchase.** The City reserves the right and option to purchase any or all of the Bonds at any time at any price acceptable to the City plus accrued interest to the date of purchase.

Section 9. **Notice of Redemption; Rescission of Notice.** Unless otherwise set forth in the applicable Bond Documents, the City must cause notice of any intended redemption of Bonds to be given not fewer than 20 nor more than 60 days prior to the date fixed for redemption by first class mail, postage prepaid, to the Registered Owner of any Bond to be redeemed at the address appearing on the Bond Register on the Record

Date, and the requirements of this sentence shall be deemed to have been fulfilled when notice has been mailed as so provided, whether or not it is actually received by the Owner of any Bond. Interest on Bonds called for redemption shall cease to accrue on the date fixed for redemption unless the Bond or Bonds called are not redeemed when presented pursuant to the call.

In the case of an optional or extraordinary optional redemption, the notice may state that the City retains the right to rescind the redemption notice and the related optional redemption of Bonds by giving a notice of rescission to the affected Registered Owners at any time on or prior to the scheduled optional redemption date. Any notice of optional redemption that is rescinded by the Director of Finance shall be of no effect, and the Bonds for which the notice of optional redemption has been rescinded shall remain outstanding.

Section 10. **Failure to Pay Bonds.** If any Bond is not paid when properly presented at its maturity or redemption date, the City shall be obligated to pay, solely from the Parity Bond Account and the other sources pledged in this ordinance, interest on that Bond at the same rate provided on that Bond from and after its maturity or redemption date until that Bond, including principal, redemption premium (if any), and interest, is paid in full or until sufficient money for its payment in full is on deposit in the Parity Bond Account and that Bond has been called for payment by giving notice of that call to the Registered Owner of that Bond.

Section 11. **Form and Execution of Bonds.** The Bonds shall be typed, printed, or reproduced in a form consistent with the provisions of this ordinance and State law; shall be signed by the Mayor and Director of Finance, either or both of whose signatures may be manual or in facsimile; and the seal of the City or a facsimile reproduction thereof shall be impressed or printed thereon.

Only Bonds bearing a certificate of authentication in substantially the following form (with the designation, year, and Series adjusted consistent with this ordinance), manually signed by the Bond Registrar, shall be valid or obligatory for any purpose or entitled to the benefits of this ordinance: “This Bond is one of the fully registered The City of Seattle, Washington, [Water System Revenue Bonds], [Year], [Series], described in [this ordinance].” The authorized signing of a certificate of authentication shall be conclusive evidence that

the Bond so authenticated has been duly executed, authenticated, and delivered and is entitled to the benefits of this ordinance.

If any officer whose manual or facsimile signature appears on a Bond ceases to be an officer of the City authorized to sign bonds before the Bond bearing the officer's manual or facsimile signature is authenticated or delivered by the Bond Registrar or issued by the City, that Bond nevertheless may be authenticated, delivered, and issued and, when authenticated, issued, and delivered, shall be as binding on the City as though that person had continued to be an officer of the City authorized to sign bonds. Any Bond also may be signed on behalf of the City by any person who, on the actual date of signing of the Bond, is an officer of the City authorized to sign bonds, although the person did not hold the required office on the date of issuance of that Series of the Bonds.

Section 12. **Construction Account; Deposit of Proceeds.** An account to be known as the Water System Construction Subaccount, 2022, is created in the Water System Construction Account within the Water Fund. After depositing accrued interest (if any) into the Principal and Interest Subaccount and depositing amounts necessary to provide for the Reserve Requirement (if any) into the Reserve Subaccount, the remaining principal proceeds of the sale of a Series of the Bonds shall be deposited into the Construction Account (or such other fund or account as may be directed by the Director of Finance) to be used (a) to pay part of the costs of carrying out the Plan of Additions, and (b) to pay capitalized interest on (if necessary) and the costs of issuance of the Series. Until needed to pay such costs, the City may invest principal proceeds and interest thereon temporarily in any Permitted Investments, and the investment earnings may, as determined by the Director of Finance, be either (a) retained in the Construction Account to be spent for the purposes of that account, or (b) deposited in the Parity Bond Account.

Section 13. **Security for the Bonds; Parity with Outstanding Parity Bonds.** The Bonds shall be special limited obligations of the City payable from and secured solely by the Net Revenue (including all ULID Assessments, if any) and money in the Parity Bond Account and the subaccounts therein, *except that from and*

after the Reserve Covenant Date, money in the Reserve Subaccount shall secure only Covered Parity Bonds.

The Net Revenue (including all ULID Assessments, if any) is pledged to make the payments into the Parity Bond Account required by this ordinance. This pledge constitutes a charge and lien upon such Net Revenue prior and superior to all other liens and charges whatsoever.

The Bonds shall be issued on parity with the Outstanding Parity Bonds and all Future Parity Bonds, without regard to date of issuance or authorization and without preference or priority of right or lien. Nothing in this ordinance prevents the City from issuing revenue bonds or other obligations that are a charge or lien upon Net Revenue subordinate to the payments required to be made from Net Revenue into the Parity Bond Account and the subaccounts therein. The City covenants that, for as long as any Bond is outstanding, it will not issue any other revenue obligations (or create any special fund or account therefor), that will have any priority over or that will rank on a parity with the payments required in respect of the Parity Bonds, and that it will issue Future Parity Bonds only accordance with Section 17 of this ordinance.

The Bonds shall not constitute general obligations of the City, the State, or any political subdivision of the State or a charge upon any general fund or upon any money or other property of the City, the State, or any political subdivision of the State not specifically pledged by this ordinance.

Section 14. **Priority Expenditure of Gross Revenue; Flow of Funds.** Gross Revenue shall be deposited as received in the Water Fund and used for the following purposes only in the following order of priority:

(a) To pay the Operating and Maintenance Expense;

(b) To make all payments into the Principal and Interest Subaccount required to be made in order to pay the interest on and principal of all Parity Bonds (including all net payments on Parity Payment Agreements) when due, and to make payments due under any agreement with a provider of a Reserve Security which agreement requires those payments to be treated on a parity of lien with the Parity Bonds;

(c) To make all payments required to be made (i) into the Reserve Subaccount with respect to Covered

Parity Bonds, (ii) under any agreement with a provider of a Reserve Security, which agreement requires those payments to be treated on a parity of lien with the payments required to be made into the Reserve Subaccount, and (iii) *until the Reserve Covenant Date, into a special account in the Water Fund in accordance with the second paragraph in subsection 15(a)(ii) of this ordinance;*

(d) To make all payments required to be made into any revenue bond, note, warrant or other revenue obligation redemption fund, debt service account, or reserve account created to pay and secure the payment of the principal of and interest on any revenue bonds or short-term obligations of the City having a charge and lien upon Net Revenue subordinate to the lien thereon for the payment of the principal of and interest on the Parity Bonds; and

(e) Without priority, to any of the following purposes: to retire by redemption or purchase any outstanding revenue bonds or revenue obligations of the Municipal Water System; to make necessary additions, betterments, improvements or repairs to, or extensions and replacements of the Municipal Water System; to pay City taxes or other payments in lieu of taxes payable from Gross Revenue; to make deposits to the Rate Stabilization Account; or for any other lawful Municipal Water System purposes.

Section 15. **Parity Bond Account.** A special account of the City known as the Parity Bond Account has been previously created and shall be maintained as a separate account within the Water Fund, for the sole purpose of paying the principal of and premium, if any, and interest on the Parity Bonds as the same shall become due. The Parity Bond Account consists of the Principal and Interest Subaccount and the Reserve Subaccount, and may additionally include such subaccounts as the Director of Finance may deem necessary, so long as the maintenance of such subaccounts does not conflict with the rights of the owners of Parity Bonds. Principal of, premium (if any) and interest on the Parity Bonds shall be payable out of the Parity Bond Account.

(a) **Required Payments Into the Parity Bond Account.** So long as any Parity Bonds are outstanding (including amounts required under any Parity Payment Agreement), the City shall set aside and pay into the Parity Bond Account all ULID Assessments on their collection and, out of Net Revenue, certain fixed amounts

without regard to any fixed proportion, namely:

(i) Into the Principal and Interest Subaccount on or before each date on which interest on or principal of Parity Bonds (including Sinking Fund Requirements and net payments under any Parity Payment Agreements) shall become due and payable, an amount that will be sufficient, together with other money on deposit therein, to pay such principal, interest, Sinking Fund Requirements, and net payments then due on Parity Payment Agreements as the same shall become due; and

(ii) Into the Reserve Subaccount, an amount necessary to provide for the Reserve Requirement within the time and in the manner required by this ordinance and the Bond Sale Terms. The amount necessary, if any, to satisfy the Reserve Requirement upon the issuance of a Series of the Bonds may be funded (A) on the Issue Date by a deposit of bond sale proceeds, available funds of the Municipal Water System, or a Reserve Security; or (B) in annual installments from Net Revenue so that the Reserve Requirement is fully funded by no later than the fifth anniversary of the Issue Date of such series. The manner of funding the Reserve Requirement for the Bonds shall be set forth in the Bond Sale Terms.

Until the Reserve Covenant Date, the requirements of this paragraph apply: On receipt of a notice of cancellation of any Reserve Security used to satisfy all or any part of the Reserve Requirement, the City shall either (A) substitute a Reserve Security in the amount required to make up the deficiency created in the Reserve Subaccount, or (B) create a special account in the Water Fund and deposit therein, on or before the 25th day of each of the 36 succeeding calendar months (commencing with the 25th day of the calendar month next following the date of the notice) 1/36 of the amount sufficient, together with other money and investments on deposit in the Reserve Subaccount, to equal the Reserve Requirement that will be in effect as of the date the cancellation becomes effective. Amounts on deposit in that special account shall not be available to pay debt service on Parity Bonds or for any other purpose of the City, and shall be transferred to the Reserve Subaccount on the effective date of any cancellation of a Reserve Security to make up all or part of the deficiency caused thereby. Amounts in that special account or in the Reserve Subaccount may be transferred back to the Water

Fund and used for any purpose if and when a substitute Reserve Security is obtained. ***From and after the Reserve Covenant Date, the foregoing paragraph shall no longer be of any force or effect.***

To meet the required payments to be made into the Parity Bond Account, the Director of Finance may transfer any money from any funds or accounts of the City legally available therefor, except bond redemption funds, refunding escrow funds or defeasance funds. The Director of Finance may provide for the purchase, redemption, or defeasance of any Parity Bonds by the use of money on deposit in any subaccount in the Parity Bond Account as long as the money remaining in those subaccounts is sufficient to satisfy the required deposits in those subaccounts for the remaining Parity Bonds.

(b) Reserve Subaccount. The Reserve Subaccount previously has been created and maintained as a subaccount within the Parity Bond Account for the purpose of securing the payment of the principal of and interest on all Parity Bonds outstanding (including amounts due under any Parity Payment Agreements if required under such agreement). The City covenants that it will at all times, so long as any Covered Parity Bonds are outstanding, maintain the Reserve Subaccount at the Reserve Requirement (taking into account scheduled payments to fund the Reserve Requirement over time), as it is adjusted from time to time, except for withdrawals as authorized by this ordinance. Any withdrawals authorized below from subaccounts within the Reserve Subaccount shall be made on a pro rata basis except if the provider of a Reserve Security requires all cash and investments in the Reserve Subaccount to be withdrawn before draws on the Reserve Security, or unless the City receives an opinion of Bond Counsel to the effect that such pro rata withdrawal is not required to maintain the exclusion of interest on the Parity Bonds then outstanding from gross income for federal income tax purposes.

(i) Use of Reserve Subaccount for Payment of Debt Service. In the event of a deficiency in the Principal and Interest Subaccount to meet current installments of either principal (including Sinking Fund Requirements) or interest (including amounts payable under any Parity Payment Agreement), the Director of Finance may make withdrawals of money or proceeds of Reserve Security in the Reserve Subaccount. ***From***

and after the Reserve Covenant Date, the Reserve Subaccount shall secure the payment of principal of and interest on Covered Parity Bonds only and the withdrawals authorized by this paragraph shall be limited to the amounts necessary to meet maturing installments of either principal (or Sinking Fund Requirements) or interest (including net payments under Parity Payment Agreements) with respect only to Covered Parity Bonds. Any deficiency created in the Reserve Subaccount by reason of any such withdrawal or claim against a Reserve Security shall then be made up from the ULID Assessments and Net Revenue first available after making necessary provisions for the required payments into the Principal and Interest Subaccount.

(ii) **Application of Funds in Reserve Subaccount.** The money in the Reserve Subaccount may be applied to the payment of the last outstanding Covered Parity Bonds, and when the total amount in the Parity Bond Account (including investment earnings) equals the total amount of principal and interest for all then-outstanding Covered Parity Bonds to the last maturity thereof, no further payment need be made into the Parity Bond Account in respect of the Covered Parity Bonds. Money in the Reserve Subaccount (including investment earnings) in excess of the Reserve Requirement may be withdrawn and deposited in the Principal and Interest Subaccount and spent for the purpose of retiring Covered Parity Bonds or may be deposited in any other fund or account and spent for any other lawful Municipal Water System purpose.

(c) **Investment of Money in Parity Bond Account.** All money in the Parity Bond Account may be kept in cash or invested in Permitted Investments maturing not later than the date when needed (for investments in the Principal and Interest Subaccount) or the last maturity of any outstanding Parity Bonds (for investments in the Reserve Subaccount). In no event shall any money in the Parity Bond Account or any other money reasonably expected to be used to pay principal of and/or interest on the Parity Bonds be invested at a yield that would cause any Series issued as Tax-Exempt Bonds or Tax Credit Subsidy Bonds to be arbitrage bonds within the meaning of Section 148 of the Code. Income from investments in the Principal and Interest Subaccount shall be deposited in that subaccount. Income from investments in the Reserve Subaccount shall be deposited in that subaccount until the amount therein is equal to the Reserve Requirement for all Parity Bonds, and

thereafter shall be deposited in the Principal and Interest Subaccount. Notwithstanding the provisions for deposit or retention of earnings in the Parity Bond Account, any earnings that are subject to a federal tax or rebate requirement may be withdrawn from the Parity Bond Account for deposit in a separate fund or account for that purpose. If no longer required for such rebate, money in that separate fund or account shall be returned to the Parity Bond Account.

(d) **Failure to Deposit Money in Parity Bond Account.** If the City fails to set aside and pay into the Parity Bond Account, or the subaccounts therein, the amounts set forth in this ordinance, the registered owner of any of the outstanding Parity Bonds may bring action against the City for failure to make the required deposits to the Parity Bond Account only in accordance with Section 25 of this ordinance regarding Events of Default.

Section 16. **Parity Bond Covenants.** The City covenants with the Owner of each Bond at any time outstanding, as follows:

(a) **Operation and Maintenance.** The City will pay all Operating and Maintenance Expense and otherwise meet the obligations of the City under this ordinance. It will at all times maintain and keep the Municipal Water System in good repair, working order and condition, and will make all necessary and proper additions, betterments, renewals and repairs thereto, and improvements, replacements and extensions thereof, so that at all times the business carried on in connection therewith will be properly and advantageously conducted, and will at all times operate or cause to be operated the Municipal Water System and the business in connection therewith in an efficient manner and at a reasonable cost.

(b) **Establishment and Collection of Rates and Charges.** The City will establish, maintain, revise as necessary, and collect rates and charges for services and facilities provided by the Municipal Water System so that the Adjusted Net Revenue in each fiscal year will be at least equal to the Coverage Requirement. The failure of the City to comply with this covenant shall not be an Event of Default if the City promptly retains an Independent Utility Consultant to recommend to the City Council adjustments in the rates of the Municipal

Water System necessary to meet the requirements of this covenant and if the City Council adopts the recommended modifications within 180 days of the date the failure became known to the City Council.

(c) **Sale or Disposition of the Municipal Water System.** The City may sell, transfer or otherwise dispose of any of the works, plant, properties, facilities or other part of the Municipal Water System or any real or personal property comprising a part of the Municipal Water System consistent only with one or more of the following:

(i) The City in its discretion may carry out such a sale, transfer, or disposition (each, a “transfer”) if the facilities or property transferred are not material to the operation of the Municipal Water System, or shall have become unserviceable, inadequate, obsolete, or unfit to be used in the operation of the Municipal Water System or are no longer necessary, material or useful to the operation of the Municipal Water System; or

(ii) The City in its discretion may carry out such a transfer if the aggregate depreciated cost value of the facilities or property being transferred under this subsection in any fiscal year comprises no more than 5 percent of the total assets of the Municipal Water System; or

(iii) The City in its discretion may carry out such a transfer if the proceeds from such transfer are used to acquire new useful operating facilities or properties of the Municipal Water System, or are used to retire outstanding Parity Bonds or other revenue obligations of the Municipal Water System, if, at the time of such transfer, the City has on file a certificate of both the Director of Finance and the Director of Seattle Public Utilities (or any officer who succeeds to substantially all of the responsibilities of either office) demonstrating that, in their opinion, upon such transfer and the use of proceeds of the transfer as proposed by the City, the remaining facilities of the Municipal Water System will retain their operational integrity and, based on the financial statements for the most recent fiscal year available, the proposed transfer would not prevent the Municipal Water System from complying with the Coverage Requirement during the five fiscal years following the fiscal year in which the transfer is to occur. The certificate shall take into account (A) the reduction in

revenue and expenses, if any, resulting from the transfer; (B) the use of any proceeds of the transfer for the redemption of Parity Bonds, (C) the estimate of revenue from customers anticipated to be served by any additions to and betterments and extensions of the Municipal Water System financed in part by the proposed portion of the proceeds of the transfer, and (D) any other adjustment permitted in the preparation of a certificate under subsection 17(a)(vi) of this ordinance. Before such a transfer, the City also must obtain confirmation from each of the Rating Agencies to the effect that the rating then in effect will not be reduced or withdrawn upon such transfer.

(d) **Books and Records.** The City will keep proper books, records and accounts with respect to the operations, income, and expenditures of the Municipal Water System in accordance with generally accepted accounting practices relating to municipal utilities and any applicable rules and regulations prescribed by the State, and will cause those books, records and accounts to be audited on an annual basis by the State Auditor (or, if such audit is not made by the State Auditor within 270 days after the close of any fiscal year of the City, by a certified public accountant selected by the City). It will prepare annual financial and operating statements as soon as practicable after the close of each fiscal year showing in reasonable detail the financial condition of the Municipal Water System as of the close of the previous year and the income and expenses for such year, including the amounts paid into the Parity Bond Account and into any and all special funds or accounts created pursuant to the provisions of this ordinance, the status of all funds and accounts as of the end of such year, and the amounts expended for maintenance, renewals, replacements and capital additions to the Municipal Water System. Such statements shall be sent to the owner of any Parity Bond upon written request received by the City. The City may charge a reasonable cost for providing such financial statements.

(e) **Liens Upon the Municipal Water System.** Except as otherwise provided in this ordinance, it will not at any time create or permit to accrue or to exist any lien or other encumbrance or indebtedness upon the Gross Revenue or any part thereof prior or superior to the lien thereon for the payment of the Parity Bonds, and will pay and discharge, or cause to be paid and discharged, any and all lawful claims for labor, materials or

supplies that, if unpaid, might become a lien or charge upon the Gross Revenue or any part thereof, prior or superior to, or on a parity with, the lien of the Parity Bonds, or which might impair the security of the Parity Bonds.

(f) **Collection of Delinquent Accounts; No Free Service.** On at least an annual basis, the City will determine all accounts that are delinquent and will take such actions as the City determines are reasonably necessary to enforce payment of those delinquent accounts. Except to aid the poor or infirm and for fire-fighting purposes, it will not furnish or supply or permit the furnishing or supplying of any service or facility in connection with the operation of the Municipal Water System free of charge to any person, firm, or corporation, public or private.

(g) **Maintenance of Insurance.** The City will at all times carry fire and extended coverage, public liability and property damage and such other forms of insurance with responsible insurers and with policies payable to the City on such of the buildings, equipment, works, plants, facilities, and properties of the Municipal Water System as are ordinarily carried by municipal or privately owned utilities engaged in the operation of like systems, and against such claims for damages as are ordinarily carried by municipal or privately owned utilities engaged in the operation of like systems, or it will self-insure or participate in an insurance pool or pools with reserves adequate, in the reasonable judgment of the City, to protect the Municipal Water System against loss.

(h) **Condemnation Awards and Insurance Proceeds.** If the City receives any condemnation awards or proceeds of an insurance policy in connection with any loss of or damage to any property of the Municipal Water System, it shall apply the condemnation award or insurance proceeds, in the City's sole discretion, either (i) to the cost of replacing or repairing the lost or damaged properties, (ii) to the payment, purchase, or redemption of Parity Bonds, or (iii) to the cost of improvements to the Municipal Water System.

Section 17. **Future Parity Bonds**

(a) **Issuance of Future Parity Bonds.** The City reserves the right to issue Future Parity Bonds and to

enter into Parity Payment Agreements for any lawful purpose of the Municipal Water System (including for the purpose of refunding a portion of the then-outstanding Parity Bonds) only if, at the time of the issuance of such series of Future Parity Bonds (or upon the effective date of the Parity Payment Agreement), the following conditions are satisfied:

(i) There must be no deficiency in the Parity Bond Account, and no Event of Default with respect to any Parity Bonds shall have occurred and be continuing.

(ii) The Bond Documents for the proposed Future Parity Bonds must provide that all ULID Assessments shall be paid directly into the Parity Bond Account.

(iii) The Bond Documents for the proposed Future Parity Bonds must provide for the payment of the principal thereof and the interest thereon out of the Parity Bond Account.

(iv) The Bond Documents for the proposed Future Parity Bonds must provide for the payment of any Sinking Fund Requirements from money in the Principal and Interest Subaccount.

(v) For each series of Future Parity Bonds that is to be issued as a series of Covered Parity Bonds, the Bond Documents must provide for the deposit into the Reserve Subaccount of an amount, if any, necessary to fund the Reserve Requirement upon the issuance of those Future Parity Bonds (if any), which requirement may be satisfied: (A) by a deposit, made on the Issue Date of such series, of proceeds of that series of Future Parity Bonds or other money legally available for such purpose; (B) by obtaining one or more Reserve Securities (or a deposit of cash plus Reserve Securities) available to be drawn upon in specific amounts to be paid into the Reserve Subaccount and credited against the deposits required to be maintained in the Reserve Subaccount; or (C) by a deposit of amounts necessary to fund the Reserve Requirement from ULID Assessments and Net Revenue within five years from the date of issuance of those Future Parity Bonds, in five approximately equal annual payments. Immediately prior to the issuance of Future Parity Bonds, amounts then deposited in the Reserve Subaccount shall be valued as determined on the most recent annual financial report of the City applicable to the Drainage and Wastewater System, and the additional amounts, if any, required to be

deposited into the Reserve Subaccount to satisfy the Reserve Requirement shall be based on that valuation.

(vi) There must be on file with the City a Parity Certificate as described in subsection (b).

However, if the proposed Future Parity Bonds (or any portion thereof) are to be issued for the purpose of refunding outstanding Parity Bonds (referred to as the “Refunding Parity Bonds”), no Parity Certificate shall be required as to that portion issued for refunding purposes if the Director of Finance finds and certifies that the Adjusted Annual Debt Service on the refunding portion of the proposed Refunding Parity Bonds is not more than \$5,000 greater than the Adjusted Annual Debt Service on the Parity Bonds to be refunded thereby.

Alternatively, Refunding Parity Bonds may be issued upon delivery of a Parity Certificate.

(b) Parity Certificate. A Parity Certificate required under subsection (a)(vi) may be provided as follows:

(i) A certificate may be prepared and signed by the Director of Finance, demonstrating that during any 12 consecutive calendar months out of the immediately preceding 24 calendar months Adjusted Net Revenue was at least equal to the Coverage Requirement for all Parity Bonds plus the Future Parity Bonds proposed to be issued (and assuming that the debt service of the proposed Future Parity Bonds for that 12-month period was the Average Annual Debt Service for those proposed Future Parity Bonds); or

(ii) A certificate may be prepared and signed by both the Director of Finance and the Director of Seattle Public Utilities (or any officer who succeeds to substantially all of the responsibilities of either office), demonstrating that, in their opinion, Adjusted Net Revenue for the five fiscal years next following the earlier of (A) the end of the period during which interest on those Future Parity Bonds is to be capitalized or, if no interest is capitalized, the fiscal year in which the Future Parity Bonds are issued, or (B) the date on which substantially all the new facilities financed with those Future Parity Bonds are expected to commence operations, such Adjusted Net Revenue, further adjusted as provided in paragraphs (1) through (4) below, will be at least equal to the Coverage Requirement. That certificate may take into account the following adjustments:

(1) Any changes in rates in effect and being charged, or rates expected to be charged in accordance with a program of specific rates, rate levels or increases in overall rate revenue approved by ordinance or resolution;

(2) Net revenue from customers of the Municipal Water System who have become customers during the 12-consecutive-month period or thereafter, and their estimate of net revenue from any customers to be connected to the Municipal Water System who have paid the required connection charges, adjusted to reflect one year's net revenue from those customers;

(3) Their estimate of net revenue from customers anticipated to be served by facilities or improvements financed in substantial part by those Future Parity Bonds (or additional Parity Bonds expected to be issued during the five-year period); and

(4) Net revenue from any person, firm, corporation, or municipal corporation under any executed contract for water or other utility service, which revenue was not included in historical Net Revenue of the Municipal Water System.

(c) Other Provisions. Nothing contained in this ordinance shall prevent the City from issuing Future Parity Bonds to refund maturing Parity Bonds, money for the payment of which is not otherwise available, or revenue bonds that are a charge or lien upon Net Revenue subordinate to the charge or lien of the Parity Bonds, or from pledging to pay Net Revenue and/or assessments levied for ULID improvements constructed from the proceeds of subordinate lien bonds into a bond redemption fund created for the payment of the principal of and interest on subordinate lien bonds.

(d) Effect of Issuance of Future Parity Bonds. If the Parity Conditions are met and complied with at the time of the issuance of such Future Parity Bonds, then payments into the Parity Bond Fund with respect to such Future Parity Bonds shall rank equally with the payments out of the Net Revenue required to be made into the Parity Bond Fund by this ordinance. Nothing set forth herein shall prevent the City from (i) issuing revenue bonds or other obligations that are a charge upon the Net Revenue junior and inferior to the payments required

to be made therefrom into the Parity Bond Fund for the payment of the Parity Bonds, provided that such subordinate bonds may not be subject to acceleration under any circumstances; or (ii) issuing Refunding Parity Bonds for the purpose of refunding Outstanding Parity Bonds, upon compliance with the Parity Conditions set forth in this section.

(e) Reserve Requirement; Election Not to Designate Bonds as Covered Parity Bonds.

Notwithstanding anything in this section to the contrary, the City may elect, by reflecting such election in the Bond Sale Terms relating to the issuance or sale of a series of Future Parity Bonds, that, from and after the Reserve Covenant Date, such series shall not be deemed to be a series of Covered Parity Bonds, shall not be secured by the amounts in the Reserve Account, and shall be excluded from the calculation of the Reserve Requirement.

Section 18. **Rate Stabilization Account.** The Rate Stabilization Account has been created as a separate account in the Water Fund. The City may at any time, as determined by the Director of Finance and consistent with the flow of funds set forth in Section 14 of this ordinance, deposit in the Rate Stabilization Account Gross Revenue and any other money received by the Municipal Water System and available for this purpose. The Director of Finance may, upon authorization by the City Council, withdraw any or all of the money in the Rate Stabilization Account for inclusion in Adjusted Gross Revenue for any fiscal year of the City. Such deposits or withdrawals may be made up to and including the date 90 days after the end of the fiscal year for which the deposit or withdrawal will be included as Adjusted Gross Revenue. No deposit of Gross Revenue may be made into the Rate Stabilization Account to the extent that such deposit would prevent the City from meeting the Coverage Requirement in the relevant fiscal year.

Section 19. **Separate Utility Systems.** The City may create, acquire, construct, finance, own or operate one or more additional systems for water supply, transmission or other commodity or service relating to the Municipal Water System. The revenue of that separate utility system shall not be included in Gross Revenue and may be pledged to the payment of revenue obligations issued to purchase, construct, condemn or otherwise

acquire or expand the separate utility system. Neither Gross Revenue nor Net Revenue shall be pledged by the City to the payment of any obligations of a separate utility system except (a) as a Contract Resource Obligation, upon compliance with Section 20 of this ordinance, or (b) with respect to Net Revenue, on a basis subordinate to the lien of the Parity Bonds on that Net Revenue.

Section 20. **Contract Resource Obligations**. The City may at any time enter into one or more Contract Resource Obligations for the acquisition, from facilities to be constructed, of water supply, transmission, or other commodity or service relating to the Municipal Water System, as follows:

(a) The City may determine that, and may agree under a Contract Resource Obligation to provide that, all payments under that Contract Resource Obligation (including payments prior to the time that water supply or transmission or other commodity or service is being provided, or during a suspension or after termination of supply or service) shall be an Operating and Maintenance Expense if the following requirements are met at the time such a Contract Resource Obligation is entered into:

(i) No Event of Default has occurred and is continuing; and

(ii) There shall be on file a certificate of an Independent Utility Consultant stating that (A) the payments to be made by the City in connection with the Contract Resource Obligation are reasonable for the supply or transmission rendered; (B) the source of any new supply and any facilities to be constructed to provide the supply or transmission are sound from a water or other supply or transmission planning standpoint, are technically and economically feasible in accordance with prudent utility practice, and are likely to provide such supply or transmission no later than a date set forth in the Independent Utility Consultant's certification; and (C) the Adjusted Net Revenue (further adjusted by the Independent Utility Consultant's estimate of the payments to be made in accordance with the Contract Resource Obligation) for the five fiscal years following the year in which the Contract Resource Obligation is incurred, as such Adjusted Net Revenue is estimated by the Independent Utility Consultant in accordance with the provisions of and adjustments permitted in subsection 17(b)(ii) of this ordinance, will be at least equal to the Coverage Requirement.

(b) Payments required to be made under Contract Resource Obligations shall not be subject to acceleration.

(c) Nothing in this section shall be deemed to prevent the City from entering into other agreements for the acquisition of water supply, transmission or other commodity or service from existing facilities and from treating those payments as an Operating and Maintenance Expense. Nothing in this section shall be deemed to prevent the City from entering into other agreements for the acquisition of water supply, transmission, or other commodity or service from facilities to be constructed and from agreeing to make payments with respect thereto, such payments constituting a charge and lien on Net Revenue subordinate to that of the Parity Bonds.

Section 21. **Refunding and Defeasance of the Bonds.**

(a) **Bonds Designated as Refundable and Defeasible Bonds.** Each Series of the Bonds is hereby designated as a series of “Refundable Bonds” for purposes of the Omnibus Refunding Ordinance and as “Defeasible Bonds” for purposes of the Omnibus Defeasance Ordinance.

(b) **Refunding; Defeasance.** The City may issue Refunding Parity Bonds pursuant to the laws of the State or use money available from any other lawful source (i) to pay when due the principal of (including premium, if any) and interest on any Bond, or any portion thereof, included in a refunding or defeasance plan (the “Defeased Bonds”); (ii) to redeem and retire, release, refund, or defease the Defeased Bonds; and (iii) to pay the costs of such refunding or defeasance. If money and/or Government Obligations maturing at a time or times and in an amount sufficient (together with known earned income from the investment thereof) to redeem and retire, release, refund, or defease the Defeased Bonds in accordance with their terms is set aside in a special trust fund or escrow account irrevocably pledged to such redemption, retirement, or defeasance (the “Trust Account”), then all right and interest of the Owners of the Defeased Bonds in the covenants of this ordinance and in Net Revenue and the funds and accounts pledged to the payment of such Defeased Bonds, other than the right to receive the funds so set aside and pledged, thereafter shall cease and become void. Such Owners thereafter shall have the right to receive payment of the principal of and interest or redemption price on the

Defeased Bonds from the Trust Account. After establishing and fully funding such a Trust Account, the Defeased Bonds shall be deemed to be no longer outstanding, and the Director of Finance may then apply any money in any other fund or account established for the payment or redemption of the Defeased Bonds to any lawful purpose.

(c) **Notice of Defeasance or Refunding.** Unless otherwise specified in the Bond Documents, notice of refunding or defeasance shall be given, and selection of Bonds for any partial refunding or defeasance shall be conducted, in the manner set forth in this ordinance for the redemption of Bonds.

(d) **Annual Debt Service Calculation Adjustments for Defeased Bonds.** If the refunding or defeasance plan provides (i) that the Defeased Bonds (or the Refunding Parity Bonds issued to redeem those Defeased Bonds) are to be secured by money and/or Government Obligations pending the redemption of the Defeased Bonds, and (ii) that certain money and/or Government Obligations are pledged irrevocably for the redemption of the Defeased Bonds, then only the debt service on such Bonds that are not Defeased Bonds (and any Refunding Parity Bonds, the payment of which is not so secured by the refunding plan) shall be included in the calculation of Annual Debt Service.

Section 22. **Provisions Relating to Federal Tax Issues.** The Bond Documents may include such additional terms and covenants relating to federal tax matters as the Director of Finance deems necessary or appropriate, including the following:

(a) **Tax-Exempt Bonds.** For each Series of the Bonds issued as Tax-Exempt Bonds, the City covenants that it will take all actions, consistent with the terms of such Series as set forth in the applicable Bond Documents, that are reasonably within its power and necessary to prevent interest on that Series from being included in gross income for federal income tax purposes. The City further covenants that it will neither take any action nor make or permit any use of gross proceeds of that Series (or other funds of the City treated as gross proceeds of that Series) at any time during the term of such Series that will cause interest on such Series to be included in gross income for federal income tax purposes. The City also covenants that, to the extent the

arbitrage rebate requirement of Section 148 of the Code is applicable to any Series issued as Tax-Exempt Bonds, it will take all actions necessary to comply (or to be treated as having complied) with that requirement in connection with that Series (including the calculation and payment of any penalties that the City may elect to pay as an alternative to calculating rebatable arbitrage and the payment of any other penalties if required under Section 148 of the Code) to prevent interest on such Series from being included in gross income for federal income tax purposes.

(b) **Taxable Bonds; Tax Credit Subsidy Bonds.** For each Series of the Bonds issued as Taxable Bonds or as Tax Credit Subsidy Bonds, the Director of Finance is authorized to make provision in the Bonds and other Bond Documents, to execute additional written agreements, and to make additional covenants on behalf of the City, all as the Director may deem necessary or appropriate in order to obtain, maintain, and administer such tax status. In the case of Tax Credit Subsidy Bonds, such additional covenants and agreement may include (without limiting the generality of the foregoing) those necessary in order for the City (i) to receive from the United States Treasury the applicable Tax Credit Subsidy Payments in respect of such Tax Credit Subsidy Bonds, and (ii) to ensure that such Series otherwise becomes and remains eligible for tax benefits under the Code.

Section 23. **Official Statement; Continuing Disclosure**

(a) **Preliminary Official Statement.** The Director of Finance and other appropriate City officials are directed to cause the preparation of and review the form of a preliminary official statement in connection with each sale of one or more Series to the public. For the sole purpose of the Purchaser's compliance with paragraph (b)(1) of Rule 15c2-12, the Director of Finance is authorized to deem that preliminary official statement final as of its date, except for the omission of information permitted to be omitted by Rule 15c2-12. The City approves the distribution to potential purchasers of the Bonds of a preliminary official statement that has been deemed final in accordance with this subsection (a).

(b) **Final Official Statement.** The City approves the preparation of a final official statement for each

sale of one or more Series to be sold to the public in the form of the preliminary official statement with such additions, modifications and amendments as the Director of Finance deems necessary or desirable, and further authorizes the Director of Finance to execute and deliver such final official statement to the Purchaser. The City authorizes and approves the distribution by the Purchaser of that final official statement to purchasers and potential purchasers of the Bonds.

(c) **Undertaking to Provide Continuing Disclosure.** To meet the requirements of paragraph (b)(5) of Rule 15c2-12, as applicable to a participating underwriter for a Series of the Bonds, the Director of Finance is authorized to execute a written Continuing Disclosure Agreement with respect to that Series, in substantially the form attached to this ordinance as Exhibit B.

Section 24. **Supplemental or Amendatory Bond Documents.** This ordinance and the other applicable Bond Documents for any particular Series of the Bonds may not be supplemented or amended in any respect subsequent to the Issue Date of such Series, except in accordance with and subject to the provisions of this section.

(a) **Amendments Without Bond Owner Consent.** From time to time and at any time, without the consent of or notice to any owners of Parity Bonds, the City may supplement or amend the Bond Documents applicable to any Series of the Bonds for any of the purposes set forth in this subsection (a). Any such supplement or amendment may be passed, adopted, or otherwise approved by the City, without requiring the consent of the registered owners of any Parity Bonds, but may become effective only upon receipt by the City of an opinion of Bond Counsel stating that such supplement or amendment is authorized or permitted by this ordinance and, upon the effective date thereof, will be valid and binding upon the City in accordance with its terms, and will not adversely affect the exclusion from gross income for federal income tax purposes of interest on the affected Series of the Bonds, if such Series was issued and sold as Tax-Exempt Bonds. The types of supplements and amendments permitted under this subsection (a) are as follows:

(i) To cure any formal defect, omission, inconsistency, or ambiguity in the Bond Documents for

such Series in a manner not adverse to the owners of any Parity Bonds;

(ii) To impose upon the Bond Registrar (with its consent) for the benefit of the owners of Parity Bonds any additional rights, remedies, powers, authority, security, liabilities, or duties which may lawfully be granted, conferred, or imposed and which are not contrary to or inconsistent with such Bond Documents as theretofore in effect;

(iii) To add to the covenants and agreements of, and limitations and restrictions upon, the City in the Bond Documents, other covenants, agreements, limitations and restrictions to be observed by the City which are not contrary to or inconsistent with such Bond Documents as theretofore in effect;

(iv) To confirm, as further assurance, any pledge under (and the subjection to any claim, lien, or pledge created or to be created by) such Bond Documents on any other money, securities, or funds;

(v) To alter the Authorized Denominations of a Series of the Bonds and to make correlative amendments and modifications to the applicable Bond Documents regarding (A) exchangeability of such Bonds for Bonds of different authorized denominations, (B) redemptions of portions of Bonds of particular authorized denominations, and (C) similar amendments and modifications of a technical nature;

(vi) To comply with any future federal law or interpretation to preserve the exclusion of the interest on any Series of the Bonds issued and sold as Tax-Exempt Bonds from gross income for federal income tax purposes and the entitlement of the City to receive from the United States Treasury the applicable Tax Credit Subsidy Payments in respect of any Series of the Bonds issued and sold as Tax Credit Subsidy Bonds;

(vii) To modify, alter, amend, or supplement the Bond Documents in any other respect which is not materially adverse to the owners of the Parity Bonds and which does not involve a change described in subsection (c); and

(viii) To add to the covenants and agreements of (or limitations and restrictions upon) the City set forth in any Bond Documents, such additional or alternative covenants, agreements, limitations, or restrictions to be observed by the City as the City may determine are necessary or convenient to accommodate a

provider of Qualified Insurance or provider of a Reserve Security and are not materially adverse to the owners of the Parity Bonds.

(b) Amendments With Bond Owner Consent. With the consent of registered owners of not less than 60 percent in aggregate principal amount of the Parity Bonds then outstanding, the City may pass, adopt, or otherwise approve any supplement or amendment (other than amendments requiring unanimous consent as set forth in subsection (c)) to any Bond Document that is deemed necessary or desirable by the City for the purpose of modifying, altering, amending, supplementing, or rescinding, in any particular, any of the terms or provisions contained in such Bond Document other than those terms and provisions described in subsection (c).

(c) Amendments Prohibited Except Upon Unanimous Consent. Unless approved in writing by or on behalf of the registered owner of each Parity Bond then outstanding, nothing contained in this section shall permit, or be construed as permitting (i) a change in the times, amounts, or currency of payment of the principal of or interest on any outstanding Parity Bond, (ii) a reduction in the principal amount or redemption price of any outstanding Parity Bond, (iii) a change in the method of determining the rate of interest thereon (other than a conversion to a new interest rate made in accordance with the applicable Bond Documents), (iv) a preference or priority of any Parity Bond over any other Parity Bond, or (v) a reduction in the percentage of the aggregate principal amount of the then-outstanding Parity Bonds required to effect a change under subsection (b).

(d) Notice to Bond Owners. If at any time the City passes, adopts, or otherwise approves a supplement or amendment for any of the purposes of subsection (b) or (c), the Bond Registrar shall cause notice of the proposed supplement or amendment to be given by first class mail (i) to all registered owners of the then outstanding Parity Bonds, (ii) to each provider of Bond Insurance or a Reserve Security, and (iii) to each Rating Agency. Such notice shall briefly set forth the nature of the proposed supplement or amendment and shall state that a copy is on file at the office of the City Clerk for inspection by all owners of the then outstanding Parity Bonds.

(e) Effective Date; Consents. Any supplement or amendment, substantially as described in the notice

mailed pursuant to subsection (d), may go into effect upon delivery to the Bond Registrar of (i) the required consents, in writing, of registered owners of the Parity Bonds, and (ii) an opinion of Bond Counsel stating that such supplement or amendment is authorized or permitted by this ordinance. Upon the effective date thereof, such supplement or amendment will be valid and binding upon the City in accordance with its terms and will not adversely affect the exclusion from gross income for federal income tax purposes of interest on any Tax-Exempt Bonds.

If registered owners of not less than the percentage of Parity Bonds required by this section shall have consented to and approved such a supplement or amendment, no owner of any Parity Bond shall have any right (i) to object to the passage, adoption, or approval of such supplement or amendment, (ii) to object to any of the terms and provisions contained therein or the operation thereof, (iii) in any manner to question the propriety of the passage, adoption, or approval thereof, (iv) to enjoin or restrain the City from passing, adopting, or otherwise approving the same, or (v) to enjoin or restrain the City, any authorized official thereof, or the Bond Registrar from taking any action pursuant to the provisions thereof. For purposes of determining whether consents representing the requisite percentage of principal amount of Parity Bonds have been obtained, the Accreted Value of Capital Appreciation Bonds shall be deemed to be the principal amount. It shall not be necessary to obtain approval of the particular form of any proposed supplement, but it shall be sufficient if the consent shall approve the substance thereof.

(f) Effect of Amendment. Upon the effective date of any supplement or amendment, this ordinance (or the relevant Bond Document, if not set forth herein) shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations of the City and all owners of Parity Bonds then outstanding shall thereafter be determined, exercised, and enforced in accordance with and subject in all respects to such modifications and amendments. All the terms and conditions of any such supplement or amendment shall be deemed to be a part of this ordinance and the Bond Documents for any and all purposes.

(g) Special Amendments. If and to the extent that it is determined that the written consent of

Registered Owners of the Bonds is required under subsection (b) or (c), the Registered Owners from time to time of the Bonds, by taking and holding the same, are hereby deemed to have consented to any supplement or amendment to the Bond Documents effecting any one or more of the following changes:

(i) When calculating “Annual Debt Service” to permit or require Tax Credit Subsidy Payments expected to be received by the City in any period to be credited against amounts required to be paid in respect of interest on the Parity Bonds in that period or

(ii) To permit or require Tax Credit Subsidy Payments to be deposited into the Principal and Interest Subaccount and credited against the Net Revenue otherwise required to be deposited into the Principal and Interest Subaccount; and

(iii) To permit the reimbursement obligations of the City under any Qualified Letter of Credit or Qualified Insurance (other than a Qualified Letter of Credit or Qualified Insurance obtained to satisfy all or part of the Reserve Requirement) to be secured by a lien and charge on Net Revenue equal in rank with the lien and charge upon such Net Revenue required to be paid into the Parity Bond Account to pay and secure the payment of the principal of and interest on Parity Bonds.

Section 25. **Defaults and Remedies**

(a) **Events of Default.** Each of the following shall constitute an Event of Default with respect to the Bonds:

(i) If a default is made in the payment of the principal of or interest on any of the Bonds when the same shall become due and payable; or

(ii) If the City defaults in the observance and performance of any other of the covenants, conditions and agreements on the part of the City set forth in this ordinance or the applicable Bond Documents (except as otherwise provided in this ordinance or in such Bond Documents) and such default or defaults have continued for a period of six months after the City has received from the Bond Owners’ Trustee (as defined in this section) or from the registered owners of not less than 25 percent in principal amount of the Parity Bonds a

written notice specifying and demanding the cure of such default. However, if the default in the observance and performance of any other of the covenants, conditions and agreements is one which cannot be completely remedied within the six months after written notice has been given, it shall not be an Event of Default with respect to the Bonds as long as the City has taken active steps within the six months after written notice has been given to remedy the default and is diligently pursuing such remedy.

Notwithstanding anything in this section to the contrary, the failure of the City or any obligated person to comply with the Continuing Disclosure Agreement shall not constitute an Event of Default, and the sole remedy of any holder of a Bond shall be to seek an order of specific performance from an appropriate court to compel the City to comply with the Continuing Disclosure Agreement.

(b) **Bond Owners' Trustee.** So long as such Event of Default has not been remedied, a trustee (the "Bond Owners' Trustee") may be appointed by the registered owners of 25 percent in principal amount of the then outstanding Parity Bonds, by an instrument or concurrent instruments in writing signed and acknowledged by such registered owners of the Parity Bonds or by their attorneys-in-fact duly authorized and delivered to such Bond Owners' Trustee, notification thereof being given to the City. That appointment shall become effective immediately upon acceptance thereof by the Bond Owners' Trustee. Any Bond Owners' Trustee appointed under the provisions of this subsection shall be a bank or trust company organized under the laws of the State of Washington or the State of New York or a national banking association. The bank or trust company acting as Bond Owners' Trustee may be removed at any time, and a successor Bond Owners' Trustee may be appointed, by the registered owners of a majority in principal amount of the Parity Bonds, by an instrument or concurrent instruments in writing signed and acknowledged by such registered owners of the Parity Bonds or by their attorneys-in-fact duly authorized. The Bond Owners' Trustee may require such security and indemnity as may be reasonable against the costs, expenses, and liabilities that may be incurred in the performance of its duties.

In the event that any Event of Default in the sole judgment of the Bond Owners' Trustee is cured and the

Bond Owners' Trustee furnishes to the City a certificate so stating, that Event of Default shall be conclusively deemed to be cured and the City, the Bond Owners' Trustee and the registered owners of the Parity Bonds shall be restored to the same rights and position which they would have held if no Event of Default had occurred.

The Bond Owners' Trustee appointed in the manner herein provided, and each successor thereto, is declared to be a trustee for the registered owners of all the Parity Bonds and is empowered to exercise all the rights and powers herein conferred on the Bond Owners' Trustee.

(c) Suits at Law or in Equity. Upon the occurrence of an Event of Default and during the continuance thereof, the Bond Owners' Trustee may, and upon the written request of the registered owners of not less than 25 percent in principal amount of the Parity Bonds outstanding shall, take such steps and institute such suits, actions, or other proceedings, all as it may deem appropriate for the protection and enforcement of the rights of the registered owners of the Parity Bonds, to collect any amounts due and owing to or from the City, or to obtain other appropriate relief, and may enforce the specific performance of any covenant, agreement, or condition contained in this ordinance or set forth in any of the Parity Bond Documents.

Nothing contained in this section shall, in any event or under any circumstance, be deemed to authorize the acceleration of the maturity of principal on the Parity Bonds, and the remedy of acceleration is expressly denied to the registered owners of the Parity Bonds under any circumstances including, without limitation, upon the occurrence and continuance of an Event of Default.

Any action, suit, or other proceeding instituted by the Bond Owners' Trustee hereunder shall be brought in its name as the Bond Owners' Trustee and all such rights of action upon or under any of the Parity Bonds or the provisions of this ordinance may be enforced by the Bond Owners' Trustee without the possession of any of those Parity Bonds and without the production of the same at any trial or proceedings relative thereto except where otherwise required by law. Any such suit, action, or proceeding instituted by the Bond Owners' Trustee shall be brought for the ratable benefit of all of the registered owners of those Parity Bonds, subject to the provisions of this ordinance. The respective registered owners of the Parity Bonds, by taking and holding the

same, shall be conclusively deemed irrevocably to appoint the Bond Owners' Trustee the true and lawful trustee of the respective registered owners of those Parity Bonds, with authority to institute any such action, suit, or proceeding; to receive as trustee and deposit in trust any sums becoming distributable on account of those Parity Bonds; to execute any paper or documents for the receipt of money; and to do all acts with respect thereto that the registered owner might have done in person. Nothing in this ordinance shall be deemed to authorize or empower the Bond Owners' Trustee to consent to accept or adopt, on behalf of any owner of the Parity Bonds, any plan of reorganization or adjustment affecting the Parity Bonds or any right of any registered owner thereof, or to authorize or empower the Bond Owners' Trustee to vote the claims of the registered owners thereof in any receivership, insolvency, liquidation, bankruptcy, reorganization, or other proceeding to which the City is a party.

(d) Application of Money Collected by Bond Owners' Trustee. Any money collected by the Bond Owners' Trustee at any time pursuant to this section shall be applied in the following order of priority:

(i) to the payment of the charges, expenses, advances, and compensation of the Bond Owners' Trustee and the charges, expenses, counsel fees, disbursements, and compensation of its agents and attorneys;

(ii) to the payment to the persons entitled thereto of all installments of interest then due on the Parity Bonds in the order of maturity of such installments and, if the amount available shall not be sufficient to pay in full any installment or installments maturing on the same date, then to the payment thereof ratably, according to the amounts due thereon to the persons entitled thereto, without any discrimination or preference; and

(iii) to the payment to the persons entitled thereto of the unpaid principal amounts of any Parity Bonds which shall have become due (other than Parity Bonds previously called for redemption for the payment of which money is held pursuant to the provisions of the applicable Bond Documents), whether at maturity or by proceedings for redemption or otherwise, in the order of their due dates and, if the amount available shall not be sufficient to pay in full the principal amounts due on the same date, then to the payment thereof ratably,

according to the principal amounts due thereon to the persons entitled thereto, without any discrimination or preference.

(e) **Duties and Obligations of Bond Owners' Trustee.** The Bond Owners' Trustee shall not be liable except for the performance of such duties as are specifically set forth herein. During an Event of Default, the Bond Owners' Trustee shall exercise such of the rights and powers vested in it hereby, and shall use the same degree of care and skill in its exercise, as a prudent person would exercise or use under the circumstances in the conduct of that person's own affairs. The Bond Owners' Trustee shall have no liability for any act or omission to act hereunder except for the Bond Owners' Trustee's own negligent action, its own negligent failure to act or its own willful misconduct. The duties and obligations of the Bond Owners' Trustee shall be determined solely by the express provisions of this ordinance, and no implied powers, duties or obligations of the Bond Owners' Trustee shall be read into this ordinance.

The Bond Owners' Trustee shall not be required to expend or risk its own funds or otherwise incur individual liability in the performance of any of its duties or in the exercise of any of its rights or powers as the Bond Owners' Trustee, except as may result from its own negligent action, its own negligent failure to act or its own willful misconduct.

The Bond Owners' Trustee shall not be bound to recognize any person as a registered owner of any Parity Bond until registered ownership, if disputed, has been established to its reasonable satisfaction.

The Bond Owners' Trustee may consult with counsel and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith and in accordance with the opinion of such counsel. The Bond Owners' Trustee shall not be answerable for any neglect or default of any person, firm or corporation employed and selected by it with reasonable care.

(f) **Suits by Individual Parity Bond Owners Restricted.** No owner of any one or more Parity Bonds shall have any right to institute any action, suit or proceeding at law or in equity for the enforcement of same unless:

- (i) an Event of Default has happened and is continuing; and
- (ii) a Bond Owners' Trustee has been appointed; and
- (iii) such owner previously shall have given to the Bond Owners' Trustee written notice of the Event of Default on account of which such suit, action or proceeding is to be instituted; and
- (iv) the registered owners of 25 percent in principal amount of the Parity Bonds, after the occurrence of such Event of Default, have made written request of the Bond Owners' Trustee and have afforded the Bond Owners' Trustee a reasonable opportunity to institute such suit, action or proceeding; and
- (v) there have been offered to the Bond Owners' Trustee security and indemnity satisfactory to it against the costs, expenses, and liabilities to be incurred therein or thereby; and
- (vi) the Bond Owners' Trustee has refused or neglected to comply with such request within a reasonable time.

No owner of any Parity Bond shall have any right in any manner whatever by action to affect or impair the obligation of the City to pay from Net Revenue the principal of and interest on such Parity Bonds to the respective registered owners thereof when due.

Section 26. **General Authorization.** In addition to the specific authorizations in this ordinance, the Mayor and the Director of Finance and each of the other appropriate officers of the City are each authorized and directed to do everything such officer may judge necessary, appropriate, or desirable in order to carry out the terms and provisions of, and complete the transactions contemplated by, this ordinance. In particular and without limiting the foregoing:

- (a) The Director of Finance, in the Director's discretion and without further action by the City Council,
 - (i) may issue requests for proposals to provide underwriting services or financing facilities (including, without limitation, Qualified Insurance, a Qualified Letter of Credit, or other credit support or liquidity facility), and may execute engagement letters and other agreements with underwriters and other financial institutions (including providers of liquidity or credit support) based on responses to such requests; (ii) may select and

make decisions regarding the Bond Registrar, fiscal or paying agents, and any Securities Depository for each Series of the Bonds; (iii) may take any and all actions necessary or convenient to provide for the conversion of interest rate modes for any Series in accordance with the applicable Bond Documents; and (iv) may take such actions on behalf of the City as are necessary or appropriate for the City to designate, qualify, or maintain the tax-exempt treatment with respect to any Series issued as Tax-Exempt Bonds, to receive from the United States Treasury the applicable Tax Credit Subsidy Payments in respect of any Series issued as Tax Credit Subsidy Bonds, and to otherwise receive any other federal tax benefits relating to any Series of the Bonds that are available to the City; and

(b) The Mayor and the Director of Finance are each separately authorized to execute and deliver (i) any and all contracts or other documents as are consistent with this ordinance and for which the City's approval is necessary or to which the City is a party (including but not limited to agreements with escrow agents, refunding trustees, liquidity or credit support providers, providers of Qualified Insurance or Reserve Securities, remarketing agents, underwriters, lenders or other financial institutions, fiscal or paying agents, Qualified Counterparties, custodians, and the Bond Registrar); and (ii) such other contracts or documents incidental to: the issuance and sale of any Series of the Bonds; the establishment of the interest rate or rates on a Bond; or the conversion, tender, purchase, remarketing, or redemption of a Bond, as may in the Mayor's or Director's judgment be necessary or appropriate.

Section 27. **Amendment of Omnibus Refunding Ordinance**. The following definition in the Omnibus Refunding Ordinance is amended to read as set forth in this section. Amendments are shown as revisions to Ordinance 125714, and amendments are marked using double underlining to indicate added text and using double parentheses and strikethrough formatting to indicate deleted text.

(a) **Amendments to Section 1**. The following definition is amended as follows:

* * *

“Refundable Bonds” means each series of Parity Bonds and outstanding subordinate

obligations of the Water System that have been designated, or may in the future be designated, as refundable under this ordinance, including: (a) each series of Outstanding Parity Bonds listed in Exhibit A; (b) each Series of the Bonds issued pursuant to this ordinance; ~~((and))~~ (c) each other series of Future Parity Bonds so designated by the City; and (d) all outstanding subordinate obligations of the Water System, including the outstanding State loans listed on Exhibit C to this amendatory ordinance, and all future loan agreements entered into pursuant to chapter 39.69 RCW.

* * *

(b) The amendments set forth in this section are intended to supplement the Omnibus Refunding Ordinance in a manner that is not materially adverse to the owners of the Outstanding Parity Bonds. Nonetheless, any amendment set forth in this section that is found by a court of competent jurisdiction to materially adversely affect owners of outstanding Parity Bonds shall be of no force or effect, and the provisions of the Omnibus Refunding Ordinance prior to the effective date of this amendatory ordinance shall continue in effect as to such outstanding Parity Bonds.

Section 28. **Severability**. The provisions of this ordinance are declared to be separate and severable. The invalidity of any clause, sentence, paragraph, subdivision, section, subsection, or portion of this ordinance, or the invalidity of its application to any person or circumstance, does not affect the validity of the remainder of this ordinance or the validity of its application to other persons or circumstances.

Section 29. **Ratification of Prior Acts**. Any action consistent with the authority of this ordinance taken after its passage and prior to its effective date is ratified and confirmed.

Section 30. **Section Headings**. Section headings in this ordinance are nonsubstantive.

Section 31. **Effective Date**. This ordinance shall take effect and be in force 30 days after its approval

by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by
me in open session in authentication of its passage this _____ day of _____, 2021.

President _____ of the City Council

Approved / returned unsigned / vetoed this _____ day of _____, 2021.

EXHIBIT B

FORM OF CONTINUING DISCLOSURE AGREEMENT

The City of Seattle, Washington (the “City”) makes the following written undertaking (the “Undertaking”) for the benefit of the Owners of the City’s Water System Revenue Bonds, [Year] [Series] (the “Bonds”), for the sole purpose of assisting the underwriter for the Bonds, in meeting the requirements of paragraph (b)(5) of Rule 15c2-12 (the “Rule”), as applicable to a participating underwriter for the Bonds. Capitalized terms used but not defined below shall have the meanings given in Ordinance _____ (the “Bond Ordinance”).

(a) Undertaking to Provide Annual Financial Information and Notice of Listed Events.

The City undertakes to provide or cause to be provided, either directly or through a designated agent, to the Municipal Securities Rulemaking Board (the “MSRB”), in an electronic format as prescribed by the MSRB, accompanied by identifying information as prescribed by the MSRB:

(i) Annual financial information and operating data regarding the Water System (the “Water System”) of the type included in the final official statement for the Bonds and described in subsection (b) of this section (“annual financial information”). The timely filing of unaudited financial statements shall satisfy the requirements and filing deadlines pertaining to the filing of annual financial statements under subsection (b), provided that audited financial statements are to be filed if and when they are otherwise prepared and available to the City.

(ii) Timely notice (not in excess of 10 business days after the occurrence of the event) of the occurrence of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notice of Proposed Issue (IRS Form 5701 – TEB) or other material notices

1 or determinations with respect to the tax status of the Bonds, or other material events affecting the tax
2 status of the Bonds; (7) modifications to rights of holders of the Bonds, if material; (8) Bond calls
3 (other than scheduled mandatory redemptions of Term Bonds), if material, and tender offers;
4 (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if
5 material; (11) rating changes; (12) bankruptcy, insolvency, receivership or similar event of the City, as
6 such “Bankruptcy Events” are defined in the Rule; (13) the consummation of a merger, consolidation,
7 or acquisition involving the City or the sale of all or substantially all of the assets of the City other than
8 in the ordinary course of business, the entry into a definitive agreement to undertake such an action or
9 the termination of a definitive agreement relating to any such actions, other than pursuant to its terms,
10 if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if
11 material; (15) incurrence of a financial obligation of the City, if material, or agreement to covenants,
12 events of default, remedies, priority rights, or other similar terms of a financial obligation of the City,
13 any of which affect holders of the Bonds, if material; and (16) any default, event of acceleration,
14 termination event, modification of terms, or other similar event under the terms of a financial obligation
15 of the City, any of which reflect financial difficulties.

16 For purposes of this Undertaking, the term “financial obligation” shall mean a debt
17 obligation; derivative instrument entered into in connection with, or pledged as security or a source of
18 payment for, an existing or planned debt obligation; or a guarantee of either a debt obligation or a
19 derivative instrument entered into in connection with, or pledged as security or a source of payment
20 for, an existing or planned debt obligation. The term “financial obligation” does not include municipal
21 securities as to which a final official statement has been provided to the MSRB consistent with the
22 Rule.

23 (iii) Timely notice of a failure by the City to provide required annual financial
24 information on or before the date specified in subsection (b) of this section.

1 (b) Type of Annual Financial Information Undertaken to be Provided. The annual
2 financial information and operating data that the City undertakes to provide in subsection (a) of this
3 section:

4 (i) Shall consist of (1) annual financial statements of the Water System prepared
5 in accordance with applicable generally accepted accounting principles applicable to governmental
6 units (except as otherwise noted therein), as such principles may be changed from time to time and as
7 permitted by applicable state law; (2) a statement of outstanding bonded debt secured by Net Revenue
8 of the Water System; (3) debt service coverage ratios; (4) general customer statistics, such as number
9 and type of customers and revenues by customer class; and (5) current water rates;

10 (ii) Shall be provided not later than the last day of the ninth month after the end of
11 each fiscal year of the City (currently, a fiscal year ending December 31), as such fiscal year may be
12 changed as required or permitted by state law, commencing with the City's fiscal year ending
13 December 31, 20__; and

14 (iii) May be provided in a single document or multiple documents, and may be
15 incorporated by specific reference to documents available to the public on the Internet website of the
16 MSRB or filed with the Securities and Exchange Commission.

17 (c) Amendment of Undertaking. This Undertaking is subject to amendment after the
18 primary offering of the Bonds without the consent of any Owner or holder of any Bond, or of any
19 broker, dealer, municipal securities dealer, participating underwriter, rating agency or the MSRB,
20 under the circumstances and in the manner permitted by the Rule, including:

21 (i) The amendment may only be made in connection with a change in
22 circumstances that arises from a change in legal requirements, change in law, or change in the identity,
23 nature, or status of the City, or type of business conducted by the City;

1 (ii) The Undertaking, as amended, would have complied with the requirements of
2 the Rule at the time of the primary offering, after taking into account any amendments or interpretations
3 of the Rule, as well as any change in circumstances; and

4 (iii) The amendment does not materially impair the interests of holders, as
5 determined either by parties unaffiliated with the City (e.g., bond counsel or other counsel familiar
6 with federal securities laws), or by an approving vote of bondholders pursuant to the terms of the Bond
7 Ordinance at the time of the amendment.

8 The City will give notice to the MSRB of the substance (or provide a copy) of any amendment
9 to this Undertaking and a brief statement of the reasons for the amendment. If the amendment changes
10 the type of annual financial information to be provided, the annual financial information containing
11 the amended financial information will include a narrative explanation of the effect of that change on
12 the type of information to be provided.

13 (d) Beneficiaries. This Undertaking shall inure to the benefit of the City and any Owner
14 of Bonds, and shall not inure to the benefit of or create any rights in any other person.

15 (e) Termination of Undertaking. The City's obligations under this Undertaking shall
16 terminate upon the legal defeasance, prior redemption, or payment in full of all of the Bonds. In
17 addition, the City's obligations under this Undertaking shall terminate if those provisions of the Rule
18 that require the City to comply with this Undertaking become legally inapplicable in respect of the
19 Bonds for any reason, as confirmed by an opinion of nationally recognized bond counsel or other
20 counsel familiar with federal securities laws delivered to the City, and the City provides timely notice
21 of such termination to the MSRB.

22 (f) Remedy for Failure to Comply with Undertaking. As soon as practicable after the City
23 learns of any material failure to comply with this Undertaking, the City will proceed with due diligence
24 to cause such noncompliance to be corrected. No failure by the City or other obligated person to comply
25 with this Undertaking shall constitute a default in respect of the Bonds. The sole remedy of any Owner

1 of a Bond shall be to take such actions as that Owner deems necessary, including seeking an order of
2 specific performance from an appropriate court, to compel the City or other obligated person to comply
3 with this Undertaking.

4 (g) Designation of Official Responsible to Administer Undertaking. The Director of
5 Finance of the City (or such other officer of the City who may in the future perform the duties of that
6 office) or his or her designee is the person designated, in accordance with the Bond Ordinance, to carry
7 out this Undertaking of the City in respect of the Bonds set forth in this section and in accordance with
8 the Rule, including, without limitation, the following actions:

9 (i) Preparing and filing the annual financial information undertaken to be
10 provided;

11 (ii) Determining whether any event specified in subsection (a)(ii) has occurred,
12 assessing its materiality, where necessary, with respect to the Bonds, and preparing and disseminating
13 any required notice of its occurrence;

14 (iii) Determining whether any person other than the City is an “obligated person”
15 within the meaning of the Rule with respect to the Bonds, and obtaining from such person an
16 undertaking to provide any annual financial information and notice of listed events for that person in
17 accordance with the Rule;

18 (iv) Selecting, engaging and compensating designated agents and consultants,
19 including but not limited to financial advisors and legal counsel, to assist and advise the City in carrying
20 out this Undertaking; and

21 (v) Effecting any necessary amendment of the Undertaking.
22

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to the municipal water system of The City of Seattle; adopting a system or plan of additions and betterments to and extensions of the existing municipal water system; authorizing the issuance and sale of water system revenue bonds in one or more series for the purposes of paying part of the cost of carrying out that system or plan, providing for the reserve requirement, and paying the costs of issuance of the bonds; providing parameters for the bond sale terms including conditions, covenants, and other sale terms; describing the lien of the bonds; creating certain accounts of the City relating to the bonds; amending certain definitions set forth in Ordinance 125714, the Omnibus Refunding Ordinance; authorizing the issuance of water system refunding revenue bonds; and ratifying and confirming certain prior acts.

Summary and background of the Legislation:

This legislation provides legal authorization for the Water System to issue up to \$88 million of bonds to fund a portion of capital expenditures outlined in the adopted 2021-2026 Capital Improvement Plan (CIP).

Although the budget, capital plan, and rates make specific assumptions about the use of debt financing for a certain share of the capital program, separate authorization for the issuance of bonds is technically required.

The Water bond sale is anticipated to occur in mid-2022. The bond proceeds, combined with internally generated funds, will support the Water System capital program for about 12 months.

The bond sizing is based on the adopted budget, Strategic Business Plan, rates, planned cash flow, and cash contribution targets. The bond proceeds will also be used to make a deposit to the bond reserve fund and to pay issuance costs. Bonds will have fixed rates, a maximum maturity of 30 years, and estimated annual debt service of \$5.7 million starting in 2023. This bond was incorporated into the rate proposal for 2022-2023.

Major projects supported by the bond issue include: transmission and distribution system upgrades, water quality and treatment, and projects related to Move Seattle. For further information about Water CIP, please see the adopted 2021-2026 capital plan.

2. OTHER IMPLICATIONS

- a. Does this legislation affect any departments besides the originating department?**
This legislation affects FAS, who coordinates the issuance of the bonds.

b. Is a public hearing required for this legislation?

No

c. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?

No

d. Does this legislation affect a piece of property?

No

e. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?

No

f. Climate Change Implications

1. Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?

No

2. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.

No

g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s).

N/A

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to the Office of Housing; creating a new Fund in the City Treasury.

WHEREAS, during the 2019 session, the Washington State Legislature enacted SHB 1406 (published as

Chapter 338, Laws of 2019) that authorizes cities that have enacted a qualifying local tax, such as The City of Seattle's 2016 housing levy under RCW 84.55.050, to impose a local sales and use tax of 0.0146 percent; and

WHEREAS, in 2019 the City Council passed Ordinance 125887, imposing this tax upon persons from whom the state sales tax or use tax is collected pursuant to chapter 82.08 and 82.12 RCW; and

WHEREAS, Ordinance 125887 added Section 5.60.027 to the Seattle Municipal Code defining the purposes of the tax as acquiring, rehabilitating, or constructing affordable housing; or funding the operations and maintenance costs of new units of affordable or supportive housing, only for persons whose income is at or below 60 percent of area median income; and

WHEREAS, the Office of Housing has the adequate fund structure for managing the portion of this revenue that is supporting the construction of affordable housing, but does not have an available fund that is relevant for managing the operations and maintenance costs of new units; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. A new Local Option Operating & Maintenance Fund (Fund) is created in the City Treasury with fund number 16421, into which revenues may be deposited, and from which associated expenditures may be paid for the purposes described in Section 2 of this ordinance.

Section 2. The purpose of the Fund is to manage the portion of the Local Option sales tax which may be used for operations and maintenance subsidies for new units of affordable housing, including but not limited to affordable housing units recently built with Local Option sales tax revenues.

Section 3. Fund 16421 shall receive revenues from the Local Option sales tax. The Fund shall receive earnings on its positive balances and pay interest on its negative balances.

Section 4. The Office of Housing Director shall have responsibility for administering the Fund. The Director of Finance is authorized to create accounts or subaccounts as may be needed to implement the Fund's purpose and intent as established by this ordinance.

Section 5. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by me in open session in authentication of its passage this _____ day of _____, 2021.

President _____ of the City Council

Approved / returned unsigned / vetoed this _____ day of _____, 2021.

Jenny A. Durkan, Mayor

SUMMARY and FISCAL NOTE

Department:	Dept. Contact/Phone:	CBO Contact/Phone:
Office of Housing	Rebecca Guerra / 3-0066	Miguel Jimenez / 4-5805

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to the Office of Housing; creating a new Fund in the City Treasury.

Summary and background of the Legislation: This legislation creates a new fund (16421) for accounting purposes to manage the portion of the Local Option Sales Tax revenue reserved for operating and maintenance (O&M) subsidies for affordable housing projects. This fund has been determined to be a necessary addition by CBO, the Law Department, and the PeopleSoft Chartfield Governance Team. The Office of Housing has other O&M Subsidy funds, but they are specific to each prior Housing Levy.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ___ Yes ___X___ No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ___ Yes ___X___ No

As with all other Office of Housing funds beginning with 164xx, this new fund will roll-up to existing fund 16400. The Adopted Budget addresses budget authority and revenues at the roll-up level of 16400, so the creation of fund 16421 will not impact it.

Does the legislation have other financial impacts to the City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?

No.

Is there financial cost or other impacts of *not* implementing the legislation?

If this legislation is not implemented, the Office of Housing will not be able to effectively manage the related revenues and expenditures.

4. OTHER IMPLICATIONS

a. Does this legislation affect any departments besides the originating department? No.

- b. Is a public hearing required for this legislation?** No.
- c. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?** No.
- d. Does this legislation affect a piece of property?** No.
- e. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?** N/a
- f. Climate Change Implications**
 - 1. Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?** No.
 - 2. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.** No.
- g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s).** N/a

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to the Traffic Code; modifying fees associated with car sharing; clarifying certain definitions; establishing Seattle Department of Transportation authority for managing free-floating zone service areas; and amending Sections 11.14.087, 11.23.150, and 11.23.160 of the Seattle Municipal Code.

WHEREAS, in November 2009, Council passed Ordinance 123162, which authorized parking privileges for car sharing activities and established a car share permit fee; and

WHEREAS, in December 2012, Council passed Ordinance 124063, which created a free-floating car sharing permit and program and established fees; and

WHEREAS, in January 2015, Council passed Ordinance 124689, which expanded the car share permit program to allow for more operators and increased the fee; and

WHEREAS, portions of both the car share fee and the free-floating car share fee have historically been calculated to reflect the foregone paid parking revenue the City would otherwise have received from on-street paid parking; and

WHEREAS, starting in 2020, paid parking revenues have declined significantly due to the impacts of the COVID-19 pandemic and the return of on-street paid parking rates at significantly lower than pre-pandemic rates; and

WHEREAS, the City Transportation Electrification Blueprint in 2021 named a goal to have 100 percent of shared mobility be electric by 2030; and

WHEREAS, operators provided the valuable service of car sharing during the COVID-19 pandemic, serving

essential travel needs for Seattle residents; and

WHEREAS, car sharing continues to provide an alternative to vehicle ownership in alignment with climate goals; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Section 11.14.087 of the Seattle Municipal Code, enacted by Ordinance 122779, is amended as follows:

11.14.087 Car sharing((:))

"Car sharing" is a system in which a fleet of cars (or other vehicles) is made available for use by members of the car share group in a wide variety of ways. Car sharing provides an alternative to car ownership under which

a) persons or entities that become members are permitted to use vehicles from a fleet on ~~((an hourly))~~ a limited, fee-per-use basis; b) vehicles are available to members in parking spaces at dispersed locations or facilities; and

c) no separate written agreement is required each time a member reserves and uses a vehicle.

Section 2. Section 11.23.150 of the Seattle Municipal Code, last amended by Ordinance 125994, is amended as follows:

11.23.150 Car share parking fees

((A:)) Annual car sharing permit for dedicated spaces in locations where there is no paid on-street parking	\$300/year
((B:)) Annual car sharing permit for designated spaces in locations where there is paid on-street parking	(((\$3,000/year)) <u>The Seattle Department of Transportation (SDOT) shall establish the following year's annual rate to be no less than \$500 per year and no more than \$3,500 per year, based on actual average per-space parking revenue. SDOT will calculate the updated fee for the next calendar permit year by November 1. The last announced annual rate will apply until a new rate is announced.</u>
((C:)) Annual free-floating car sharing permit for each free-floating car sharing vehicle <u>with an internal combustion or hybrid engine</u>	(((\$1,230)) <u>\$300/year* plus a fee of 50 cents per trip, to be paid to the City on a quarterly basis</u>
<u>Annual free-floating car sharing permit for each battery-electric free-floating car sharing vehicle</u>	<u>\$300/year* plus a fee of 25 cents per trip, to be paid to the City on a quarterly basis</u>

* This fee is comprised of: ~~(1) ((the initial paid parking fee of \$930 per year, to be adjusted annually based on actual meter use in paid parking areas per subsection 11.23.160.G; (2)))~~ an RPZ fee of \$200 per year; and ~~((3))~~ (2) an administrative fee of \$100 per year.

A. For purposes of calculating the per-trip fee for free-floating car share, a “trip” shall represent a booking wherein a member reserves a vehicle for a given amount of time, defined by a geo-tagged start and stop point. The Director of Transportation may amend the definition of trip based on the review of trip-level data.

B. The City will require and collect trip-level data through appropriate data feeds, as defined in annual permit conditions.

C. Unless stated otherwise by Director’s rule, all trips subject to a per-trip fee shall have a starting point and/or ending point within, and a route within the geographic confines of the City.

D. Annual car sharing permits and annual free-floating car sharing permits are valid from January 1((-)) through December 31. The Director of Transportation or the Director's designee ((shall have the authority to)) may prorate the price of the annual ((free-floating car sharing)) permit if a permit is issued for less than a full year. A new free-floating car sharing permit is required each calendar year for each vehicle in the free-floating car share program.

Section 3. Section 11.23.160 of the Seattle Municipal Code, last amended by Ordinance 124689, is amended as follows:

11.23.160 Free-floating car sharing parking

A. A free-floating car sharing parking program is established in order to:

1. Provide Seattle residents an alternative to personal vehicle ownership, complement the use of public transportation, and reduce personal vehicle ownership, the overall number of car trips and/or vehicle miles traveled within the City~~((, consistent with the City of Seattle's Transportation Strategic Plan))~~ ;

2. Achieve emission reduction goals through use of car sharing(~~((, as outlined by the City of Seattle's Climate Action Plan))~~) ;

3. Achieve curb space priority objectives in commercial districts and residential districts, as outlined by the City of Seattle's Comprehensive Plan; and

4. ~~((Provide low-income access to transportation options.))~~ Serve diverse and widespread populations of the city by geography, income, race, land use, and multi-modal transportation needs and connections.

B. In order to qualify for the free-floating car sharing program as set forth in this Section 11.23.160, all of the following standards must be met:

1. Permittee must obtain a free-floating car sharing permit for each free-floating car sharing vehicle ~~((by))~~ and ~~pay((ing))~~ the free-floating car sharing permit fee to the Seattle Department of Transportation (SDOT);

~~((2. Free-floating car sharing vehicles must be parked in the Free-Floating Zone, the area in which the car must be parked at the end of each trip as stated in the permit;))~~

~~((3.))~~ 2. Each free-floating car share vehicle permitted by SDOT shall display a permit and contact information, in a manner determined by SDOT;

~~((4.))~~ 3. Each free-floating car share vehicle must be registered, in a manner determined by SDOT, in Seattle in the free-floating car share program;

~~((5.))~~ 4. Permittee shall comply with the terms of free-floating car sharing permit;

~~((6.))~~ 5. Permittee shall utilize on-street parking within City rights-of-way in compliance with all applicable federal, state, County and City laws and regulations;

~~((7.))~~ 6. Permittee must demonstrate that the free-floating car sharing vehicles have the technical capacity to accurately track each permitted vehicle's actual meter use in paid parking areas, such as GPS or other technology, and provide regular reports to SDOT, as well as appropriate data feeds, to verify such use;

and

~~((8-))~~ 7. Permittee shall establish a ((service area for the entire city)) free-floating zone and service capability that effectively meets the objectives stated in 11.23.160.A.4 as determined by SDOT within their free-floating car sharing permit((, within two years of the issue date of the operator's first free-floating car share permit)) . Considerations for approval of the free-floating zone include: (1) operational feasibility and fleet size; (2) serving areas of the City with identified and potential need for the service; (3) breadth of service in various neighborhoods of the City; and (4) identified strategies for reaching a diverse customer base, including low-income customers. The Director of Transportation may further define criteria to determine whether an operator's free-floating zone is appropriate.

C. ~~((In 2015, SDOT may issue free-floating car sharing permits to no more than four free-floating car sharing operators. In 2015, each free-floating car sharing operator may receive up to 500 free-floating car share permits, or up to 750 free-floating car sharing permits with the establishment of a service area for the entire city. For subsequent years,))~~ SDOT shall determine by Director's Rule the number of permits and operators based on data received as a part of the operator reporting requirements specified in the free-floating car sharing permit. In determining the number of permits and operators, SDOT will consider effects on reductions in personal vehicle ownership, effects on neighborhood business district customer access, whether free-floating car share is sufficiently serving low income communities, and other considerations that affect the public's use of the right of way and travel behavior.

D. SDOT can deny issuance of subsequent permits to the same permittee for ~~((either (i) Non-payment of outstanding meter usage fees by permittee pursuant to SMC 11.23.150.C, or (ii) Failure to maintain a service area that serves the entire city))~~ noncompliance with any permit conditions.

E. During all hours when it is otherwise lawful to park in specified parking spaces within the Free-Floating Zone, free-floating car sharing vehicles that comply with this Section 11.23.160 may park in any of the following parking spaces or stalls: (1) parking spaces or stalls where the posted time limit is one hour or

greater, regulated by a parking payment device without displaying a payment receipt and without regard to posted time-limits; (2) time-limited parking spaces or stalls where the posted time limit is one hour or greater, without regard to the posted time; (3) parking spaces or stalls located in any restricted parking zone (RPZ) without regard to time limits imposed on vehicles without RPZ permits; (4) car share vehicle zones that are permitted for the specific free-floating car share operator, or car share vehicle zones that are signed for general car sharing use; or ~~((4))~~ (5) any other parking space in the public right-of-way not otherwise restricted for exclusive use.

F. Free-floating car sharing vehicles shall be prohibited from parking in the following zones or areas: 1) zones designated as bus zones; 2) car share vehicle zones~~((, unless separately))~~ permitted for a different operator; 3) commercial vehicle load zones; 4) emergency zones; 5) food-vehicle zones; 6) pedestrian zones; 7) roadway construction zones; 8) school loading zones; 9) taxicab, pedicab, and other for-hire car stands; 10) tow-away zones; 11) truck load zones; 12) parking areas adjacent to parking payment device controlled with a service parking meter hood; or 13) any other zone restricted by the Traffic Engineer.

G. Free-floating car sharing vehicles shall be prohibited from parking in a parking space or stall reserved for a person with a disability, unless the member of the free-floating car sharing group utilizing the free-floating car sharing vehicle meets the criteria for special parking privileges under RCW 46.19.010 and the disabled parking permit is displayed as described in RCW 46.19.030 for the duration of the time the free-floating car sharing vehicle is parked within the parking space or stall reserved for a person with a disability.

~~((H. Permittee must provide a report to SDOT at an address specified in the free-floating car sharing permit that provides data showing actual paid parking meter use for each free-floating car share vehicle for the preceding year. The report shall be submitted no later than January 31 of each year. In the event a free-floating car sharing operator's total actual meter use in paid parking areas during the prior permit term exceeds the total paid parking area reimbursement fees required under SMC 11.23.150.C and paid for in the prior permit period, the free-floating car sharing permittee shall reimburse the City for the difference no later than February 28 of~~

~~each year.))~~

((~~H.~~) H. SDOT may establish permit conditions and limitations to address neighborhood impacts, equitable access, peak right-of-way usage, or other considerations that affect the public's use of the right of way.

Section 4. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by me in open session in authentication of its passage this _____ day of _____, 2021.

President _____ of the City Council

SUMMARY and FISCAL NOTE*

Department:	Dept. Contact/Phone:	CBO Contact/Phone:
SDOT	Becky Edmonds, 206.304.8029	Aaron Blumenthal, 206.233.2656

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to the Traffic Code; modifying fees associated with car sharing; clarifying certain definitions; establishing Seattle Department of Transportation authority for managing free-floating zone service areas; and amending Sections 11.14.087, 11.23.150, and 11.23.160 of the Seattle Municipal Code.

Summary and background of the Legislation: This legislation updates the Seattle Municipal Code sections regarding car sharing (both free-floating car sharing and car sharing in permitted designated spaces). This amends fees to better reflect actual use of the right-of-way. In the current fee structure, free-floating car share companies pay an up-front fee that includes administrative fees (\$300 per vehicle, which go to the Transportation Fund) and paid parking fees (\$930 per vehicle, which go to the General Fund). At the end of each year, operators pay a “true up” for any additional paid parking usage. The Legislation proposes to change the fee structure to keep the administrative fee, and then charge a fee per trip, regardless of where in the city the trip starts or ends. This fee model makes use of the data feeds the City already requires operators to provide, and reflects their use of the right-of-way throughout the city, as well as in paid parking areas. The fee requirements will also be easier for operators to track and will be straightforward to predict. This model is being used in other cities, notably Portland, OR. The fee per trip will be 50 cents for trips in internal combustion engine vehicles and 25 cents per trip in electric vehicles. The City’s 2021 Transportation Electrification Blueprint sets a goal to electrify shared mobility by 2030. This legislation supports that goal by establishing a fee incentive for operators to electrify their fleets. Currently, there is no City financial incentive for operators to electrify their fleets.

The legislation also grants SDOT authority to establish parameters for an equitable service area for free-floating car sharing operators. Car sharing provides a meaningful alternative to support residents in not needing to own a personal vehicle. Operators have high up-front costs for growing the size of their fleet, so allowing for more flexibility in the service area requirements will facilitate operators being able to grow sustainably and with continued operations in Seattle.

For designated space car share, the legislation amends current fees as well. Current fees are \$300 per space per year in unpaid parking areas, and \$3,000 per space per year in paid parking spaces. The legislation proposes to change the fee for spaces in paid areas to a range between \$500 and \$3,500 per space per year, based on average paid parking revenues. The legislation grants SDOT the authority to determine the fee each year, based on actual paid parking per-space revenues.

This is proposed in order to reflect the value of the right-of-way in current conditions for operators.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ☐ Yes ☒ No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ☒ Yes ☐ No

Appropriation change (\$):	General Fund \$		Other \$	
	2022	2023	2022	2023
	N/A	N/A	N/A	N/A
Estimated revenue change (\$):	Revenue to General Fund		Revenue to Other Funds	
	2022	2023	2022	2023
	(\$105,131)	(\$105,131)	(\$42,000)	(\$42,000)
Positions affected:	No. of Positions		Total FTE Change	
	2022	2023	2022	2023
	N/A	N/A	N/A	N/A

Does the legislation have other financial impacts to the City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?

None.

Is there financial cost or other impacts of *not* implementing the legislation?

Car share is a long-standing mobility option, which generates revenue for the City. If regulations are not changed, the City risks having car share operators no longer being willing or able to operate in the city. In the past, car share operators have left the city partially due to fees and the requirement to serve the whole city. The requirement for citywide service has limited operators' ability to grow in a slow and sustainable manner. Furthermore, while the intention of citywide service was to foster equitable outcomes, SDOT has found that this has not been the result of the requirement. This legislation will allow SDOT to develop additional standards and programming to create more equitable access to the program.

3.a. Appropriations

☐ This legislation adds, changes, or deletes appropriations.

3.b. Revenues/Reimbursements

 x This legislation adds, changes, or deletes revenues or reimbursements.

Anticipated Revenue/Reimbursement Resulting from this Legislation:

Fund Name and Number	Dept	Revenue Source	2022 Revenue	2023 Estimated Revenue
General Fund 00100	SDOT	Free-floating car share permits	(\$105,131)	(\$105,131)
Transportation Fund 13000	SDOT	Car Share permits	(\$42,000)	(\$42,000)
Transportation Fund 13000	SDOT	Free-floating car share permits	\$0	\$0
TOTAL			(\$147,131)	(\$147,131)

Is this change one-time or ongoing?

One-time.

Revenue/Reimbursement Notes:

The revenue estimates above are the incremental changes anticipated to occur as a result of this legislation. The estimate makes the conservative assumption that car share operators will maintain fleet size at the current level, resulting in a lowering of revenue compared to the current methodology. However, it is likely that fleet sizes and service areas will grow over time. It is also possible that other vendors could enter the marketplace. Either outcome could cause the General Fund revenues to exceed the revenue under the current methodology.

3.c. Positions

 This legislation adds, changes, or deletes positions.

4. OTHER IMPLICATIONS

a. Does this legislation affect any departments besides the originating department?

No, we do not anticipate this impacting other departments.

b. Is a public hearing required for this legislation?

No.

c. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?

No.

d. Does this legislation affect a piece of property?

No.

e. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?

SDOT is proposing to make language about car sharing service areas (also known as “home zones”) more flexible, no longer requiring that operators serve the entire geography of the City limits of Seattle. The requirement has been difficult for operators to achieve, and data to date does not show that this has necessarily increased use among priority communities such as communities of color and low-income communities. This change may be perceived as reducing access for these communities. However, SDOT intends to work with operators to: 1) identify key communities and neighborhoods and ensure continued or expanded service to those areas and 2) identify partnerships and other programming opportunities to make the services more accessible and relevant to priority communities.

f. Climate Change Implications

1. Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?

Car sharing has shown to reduce vehicle ownership and therefore vehicle miles travelled. This legislation will establish a range of fees to ensure that SDOT is pricing permits for this valuable service appropriately and continuing to accommodate operators providing this service.

Currently, GIG car share operates a fleet of hybrid vehicles. Zipcar operates a mix of internal combustion and hybrid vehicles. As indicated in the Transportation Electrification Blueprint published in 2021, SDOT will be working with operators to move their fleets to be 100% electric by 2030.

2. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle’s resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.

Car sharing provides an important alternative to personal vehicle ownership and gives people another way to get around when other options are not feasible. This helps support overall resiliency by supporting mobility options and supports our ability to adapt to climate change. As the fleet electrifies we also anticipate this supporting more trips becoming zero-emissions.

g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program’s desired goal(s).

N/A - Car sharing is an existing service in Seattle.

List attachments/exhibits below: None

File #: CB 120203, **Version:** 1

CITY OF SEATTLE
ORDINANCE _____
COUNCIL BILL _____

AN ORDINANCE relating to the levy of property taxes; fixing the rates and/or amounts of taxes to be levied, and levying the same upon all taxable property, both real and personal, in The City of Seattle, to finance the departments and activities of City government and to provide for the general obligation bond interest and redemption requirements for the year beginning on the first day of January 2022; and ratifying and confirming certain prior acts.

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. General Municipal and Firefighters' Pension.

A. There is levied a tax on all taxable property, both real and personal, within The City of Seattle and subject to taxation under the laws of the State of Washington in the amount of \$989,764,868, which is calculated as \$3.60 per \$1,000 of estimated assessed value of all taxable property in the city. This tax is levied for the purpose of raising revenue to finance the various departments and activities of the municipal government of The City of Seattle for the fiscal (calendar) year 2022. The following sentence is provided for information only. This levy has been calculated at the following dollar rates per \$1,000 of assessed value: \$3.375 for general municipal purposes as allowed by RCW 84.52.043 (which includes up to \$0.225 for the Firemen's Pension Fund as allowed by RCW 41.16.060); and \$0.225 for general municipal purposes and the Firemen's Pension Fund as allowed by RCW 41.16.060. This levy includes an amount of \$100,000 or the highest lawful amount as the King County Assessor may certify, whichever is higher, to recover amounts refunded within the preceding 12 months. This levy also includes an amount of \$100,844,414 for transportation purposes in accordance with Ordinance 124796; an amount of \$3,000,000 for election vouchers funding purposes in accordance with Resolution 31601 and Seattle Municipal Code Sections 2.04.600-696; an

amount of \$41,428,571 for low-income housing purposes in accordance with Ordinance 125028; an amount of \$88,502,856 for education purposes in accordance with Ordinance 125604; and an amount of \$30,981,524 for library maintenance and services in accordance with Ordinance 125809.

B. If the total of the amounts of taxes stated in subsection 1.A or the total of the tax rate stated in subsection 1.A would be in excess of any maximum allowed by law, then such taxes shall be reduced to the maximum amount allowed. The maximum amount allowed by law includes the maximum amount of regular property taxes approved by vote of the people of The City of Seattle pursuant to RCW 84.55.050. For purposes of this subsection, the maximum amount of regular property taxes is determined by the King County Assessor as follows. First, the Assessor determines the amount of regular City property taxes that could be levied for collection in 2022 had the voters approved none of the levy lid lift measures submitted pursuant to RCW 84.55.050, Seattle Municipal Code Sections 2.04.600-696, and Ordinances 124796, 125028, 125604, and 125809. This amount is computed by the Assessor by multiplying the amount of general-purpose regular property taxes levied for collection in 2021 by a limit factor. The limit factor is the lesser of 101 percent or 100 percent plus the rate of inflation, unless, pursuant to RCW 84.55.0101, the Council finds that there is a substantial need to use and approves the use of 101 percent as the regular property tax limit factor. Second, the Assessor adds the levy for tax refunds authorized by RCW 84.68.040, RCW 84.69.180, and RCW 84.55.070; plus the allowance authorized by RCW 84.55.010 for new construction, increases in assessed value due to construction of electric generation wind turbine facilities classified as personal property, improvements to property, and any increase in the assessed value of state-assessed property. Then, to that total amount is added the five, dollar amounts set forth in the last sentence of subsection 1.A authorized for 2022 collection in the approvals given by the voters of the City pursuant to RCW 84.55.050 and those enumerated ordinances.

Section 2. Voter-approved excess taxes for bonds. In addition, a further tax is levied to raise revenue to provide for the interest on and redemption of voter-approved general obligation bonds for the fiscal year 2022 in the amount of \$16,312,800. This tax is applicable to all taxable property within The City of Seattle.

Section 3. The several provisions of this ordinance are declared to be separate and severable and the invalidity of any clause, sentence, paragraph, subdivision, section, subsection, or portion of this ordinance, or the invalidity of the application thereof to any person, property, or circumstance, shall not affect the validity of the remainder of this ordinance or the validity of its application to other persons, property, or circumstances.

Section 4. Any act pursuant to the authority of this ordinance taken after its passage and prior to its effective date is ratified and confirmed.

Section 5. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by
me in open session in authentication of its passage this _____ day of _____, 2021.

President _____ of the City Council

Approved / returned unsigned / vetoed this _____ day of _____, 2021.

SUMMARY and FISCAL NOTE*

Department:	Dept. Contact/Phone:	CBO Contact/Phone:
CBO	Dave Hennes/4-0537	Dave Hennes/4-0537

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to the levy of property taxes; fixing the rates and/or amounts of taxes to be levied, and levying the same upon all taxable property, both real and personal, in The City of Seattle, to finance the departments and activities of City government and to provide for the general obligation bond interest and redemption requirements for the year beginning on the first day of January 2022; and ratifying and confirming certain prior acts.

Summary and background of the Legislation: This ordinance imposes the City's property tax for 2022 to pay for City government activities and for general obligation bond interest and redemption.

RCW 84.55.010 provides that the City may, with a simple majority vote of the Council, levy a property tax increase equal to inflation but not greater than a 1% increase over the prior year's regular property tax collection. If inflation is lower than 1%, the law requires a majority plus one vote, with a finding of substantial need, to have a tax increase exceed inflation to the maximum of 1%. Inflation is measured by the implicit price deflator for the United States published in September. In most years, the inflation rate will exceed 1%. This year the rate prior to revision is 3.86%. Thus, the attached Bill does not contain, and the Council will not need to make a finding of substantial need with approval by a majority plus one vote to provide for the use of 101% as the regular property tax limit factor. The Council may not increase regular property taxes above 1% without a vote of the people.

Other than the 1% increase in the regular non-voted current expense property tax levy proposed in the attached Bill, the same 1% increase is applied to the Move Seattle Transportation levy lid lift, the Families, Education, Preschool and Promise levy lid lift and the Library Services levy lid lift per the terms of their respective ordinances. All other lid lifts are flat amounts year over year. No existing lid lifts expired in 2021 and no new lid lifts were added. Altogether, these changes result in an overall increase from 2021 of \$5,185,720, which does not include changes in the excess levy for redemption of general obligation bonds, the "refund fund levy" or additional taxes resulting from new construction, construction of wind turbine facilities classified as personal property, improvements to property, or increases in the value of state-assessed property.

It also does not include levy amounts for the Metropolitan Parks District (MPD). Pursuant to RCW 35.61, the MPD is a legally separate taxing jurisdiction from the City of Seattle, whose property tax levy authority of \$0.75 per \$1,000 assessed value is outside of the City's statutory rate limit of \$3.60 per \$1,000 assessed value. The MPD began collecting tax revenues in the 2016 tax collection year.

Additionally, this ordinance includes a levy of \$16,312,800 for interest on and redemption of voter-approved general obligation bonds for the fiscal year 2022, a decrease of \$6,451,400 from the amount levied for collection in 2021. This amount includes payment amounts against the Libraries and Seawall bonds.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ___ Yes X No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ___ Yes X No

Does the legislation have other financial impacts to the City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?

Yes. This legislation authorizes collection of the City's several property tax levies in calendar year 2022. See following sections for more details.

Is there financial cost or other impacts of *not* implementing the legislation?

Without this legislation, no **increase** in property tax revenue, other than that resulting from a voted levy lid lift, new construction, improvements to property, construction of wind turbine facilities classified as personal property, and any increase in the value of state-assessed property, may be authorized. The cost of not implementing this legislation is the 1% increase over the 2021 current expense levy, Families, Education, Preschool and Promise levy lid lift, Move Seattle Transportation levy lid lift and Library Services levy lid lift, estimated to be \$10.4 million. If not passed, the County Assessor will levy the same amounts (general expense and levy lid lifts) as levied for the 2021 tax collection year plus any newly voter-approved levy lid lifts (of which there are none in 2022), amounts resulting from new construction, improvements to property, construction of wind turbine facilities classified as personal property, and any increase in the value of state-assessed property.

3.b. Revenues/Reimbursements

X This legislation adds, changes, or deletes revenues or reimbursements.

Anticipated Revenue/Reimbursement Resulting from this Legislation:

Fund Name and Number	Dept	Revenue Source	2021 Revenue	2022 Estimated Revenue
00100 General Fund	General Fund	Property Tax	\$291,581,254	\$306,333,881
10398 Move Seattle Levy Fund	Transportation	Property Tax	\$99,845,955	\$100,844,414
16418/16419 2016 Housing Levy Capital Fund/2016 Levy O&M Fund	Office of Housing	Property Tax	\$41,428,571	\$41,428,571
18200 2019 Library Levy Fund	Seattle Public Library	Property Tax	\$30,674,777	\$30,981,524
12300 Election Vouchers Fund	Ethics & Elections Commission	Property Tax	\$3,000,000	\$3,000,000
17871 Families, Education, Preschool and Promise Fund	Dept. of Education & Early Learning	Property Tax	\$87,626,590	\$88,502,856
20140 UTGO Bond Interest & Redemption Fund	FAS	Property Tax	\$22,764,200	\$16,312,800
TOTAL			\$576,921,347	\$587,404,046

Is this change one-time or ongoing?

One-time.

4. OTHER IMPLICATIONS

- a. Does this legislation affect any departments besides the originating department?**
See the “Anticipated Revenue” Table above for affected departments.

b. Is a public hearing required for this legislation?

Yes. Public hearings will take place on October 12, 2021 and November 10, 2021.

c. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?

No

d. Does this legislation affect a piece of property?

No

e. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?

The revenues generated through the property tax, both general expense and levy lid lifts for particular purposes, support a broad range of government services, many of which support vulnerable or historically disadvantaged communities. This legislation has no policy or program implementation ramifications affecting vulnerable or historically disadvantaged communities beyond providing the underlying funding that supports City programs. Increases in taxes may disproportionately affect low-income individuals.

f. Climate Change Implications

1. Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?

Neither. This legislation only provides authorization to collect property taxes. It has no direct policy or programmatic effects on carbon emissions.

2. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.

Neither. This legislation only provides authorization to collect property taxes. It has no direct policy or programmatic effect.

g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s).

N/A

CITY OF SEATTLE
ORDINANCE _____
COUNCIL BILL _____

AN ORDINANCE authorizing the levy of regular property taxes by The City of Seattle for collection in 2022, representing an increase above the regular property taxes levied for collection in 2021; and ratifying and confirming certain prior acts.

WHEREAS, to increase regular property taxes, RCW 84.55.120, as approved by the voters of the State of Washington in "Referendum 47" on November 4, 1997, requires the City to enact a separate ordinance indicating the change in taxes from the previous year in terms of percentage and total amount; and

WHEREAS, The City of Seattle proposes to make its regular property tax levy for collection in 2022 in the amount reflected in the companion ordinance to this bill, which is commonly known as the "Long Property Tax Ordinance"; and

WHEREAS, the Long Property Tax Ordinance for 2022 authorizes an increase above the amount of regular property taxes levied for collection in 2021; and

WHEREAS, pursuant to RCW 84.55.120, after proper notice was given, the City Council held public hearings on October 12, 2021 and November 10, 2021, to consider The City of Seattle's 2022 budget and the regular property tax levy to support it; and

WHEREAS, notice of the City Council's consideration of this ordinance has been provided in the usual manner for other proposed City ordinances; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Regular property taxes for collection in 2022 are authorized in the amount reflected in the ordinance introduced as Council Bill 120203. Not including increases resulting from the addition of new

construction, construction of wind turbine facilities classified as personal property, improvements to property, and any increase in the value of state-assessed property, the regular property tax levy for 2022 collection represents an increase above regular property taxes levied for collection in 2021 (excluding the "refund fund levy" in both instances) of \$5,185,720, which is a 0.92 percent increase. These regular property tax levies for collection in 2021 and 2022 include regular property tax "levy lid lifts" previously approved by the voters of The City of Seattle.

Section 2. Any act consistent with the authority of this ordinance taken after its passage and prior to its effective date is ratified and confirmed.

Section 3. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by me in open session in authentication of its passage this _____ day of _____, 2021.

President _____ of the City Council

Approved / returned unsigned / vetoed this _____ day of _____, 2021.

SUMMARY and FISCAL NOTE*

Department:	Dept. Contact/Phone:	CBO Contact/Phone:
CBO	Dave Hennes/4-0537	Dave Hennes/4-0537

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title: AN ORDINANCE authorizing the levy of regular property taxes by The City of Seattle for collection in 2022, representing an increase above the regular property taxes levied for collection in 2021; and ratifying and confirming certain prior acts.

Summary and background of the Legislation: This legislation, commonly known as the “Short Property Tax Ordinance” reflects changes in the regular property taxes in terms of dollars and percentages. It is a companion to the ordinance authorizing Seattle’s property tax levies, commonly known as the “Long Property Tax Ordinance.”

Since the approval of Referendum 47 in November 1997, state law has required that taxing jurisdictions adopt, by a majority of their legislative body, a separate ordinance authorizing regular property tax increases, other than increases due to certain excluded assessed property values identified below. The ordinances must show the authorized increase in terms of both dollars and percentages. Due to the exclusion of increases due to new construction, construction of wind turbine facilities classified as personal property, improvements to property, the value of state-assessed property, and refund adjustments to the levy amount, the actual year-over-year change in the City’s regular levy will differ from the calculated change in this legislation. Seattle’s Long Property Tax legislation, which is the authorizing legislation for the City’s property tax levy, provides a more detailed description of Seattle’s actual property tax levy and revenues.

Due to the 1 percent increase in the regular non-voted property tax levy, the “Move Seattle” Transportation levy lid lift, the Families, Education, Pre-School and Promise lid lift and the Library Services levy lid lift proposed in the attached Bill, the City of Seattle’s 2021 levy for collection in 2022 represents an increase of \$5,185,720 (0.92%) from 2021. As noted above, this does not include the “refund fund levy,” or additional taxes resulting from new construction, construction of wind turbine facilities classified as personal property, improvements to property, or an increase in the value of state-assessed property.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ___ Yes X No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ___ Yes X No

Does the legislation have other financial impacts to the City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?

Please see the Fiscal Note to the 2021 Long Property Tax Ordinance, which authorizes the City's actual property tax levies.

Is there financial cost or other impacts of *not* implementing the legislation?

Please see the Fiscal Note to the 2021 Long Property Tax Ordinance, which authorizes the City's actual property tax levies.

4. OTHER IMPLICATIONS

a. Does this legislation affect any departments besides the originating department?

See the Summary above and the "Anticipated Revenue" table in the companion Fiscal Note for the Long Property Tax Ordinance for affected departments.

b. Is a public hearing required for this legislation?

Yes. Public hearings will take place on October 12, 2021 and November 10, 2021.

c. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?

No.

d. Does this legislation affect a piece of property?

No.

e. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?

The revenues generated through the property tax, both general expense and levy lid lifts for particular purposes, support a broad range of government services, many of which support vulnerable or historically disadvantaged communities. This legislation has no policy or program implementation ramifications affecting vulnerable or historically disadvantaged communities beyond providing the underlying funding that supports City programs. Increases in property tax levies may disproportionately affect low-income taxpayers.

f. Climate Change Implications

1. Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?

Neither. This legislation only provides authorization to collect property taxes. It has no direct policy or programmatic effects on carbon emissions.

2. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so,

explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.

Neither. This legislation only provides authorization to collect property taxes. It has no direct policy or programmatic effect.

- g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s).**

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE authorizing, in 2021, acceptance of funding from non-City sources; authorizing the heads of the Executive Department, Department of Education and Early Learning, Human Services Department, Department of Transportation, Seattle Public Library, Fire Department, City Attorney's Office, Seattle Center, Seattle Parks and Recreation, and Police Department to accept specified grants, private funding, and subsidized loans and to execute, deliver, and perform corresponding agreements; and ratifying and confirming certain prior acts.

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. The Mayor or the Mayor's designee, the Director of Education, the Director of the Human Services Department, the Director of the Office of Immigrant and Refugee Affairs, the Director of the Office of Arts and Culture, the Director of the Office of Economic Development, the Director of the Office of Emergency Management, the Director of Transportation, the Fire Chief, and Chief Librarian, the City Attorney, the Director of Seattle Center, the Superintendent of Parks and Recreation, and the Police Chief are authorized to accept the following non-City funding from the grantors listed below; and to execute, deliver, and perform, on behalf of The City of Seattle, agreements for the purposes described below. The funds, when received, shall be deposited in the receiving funds identified below to support future appropriations, or in support of, or as reimbursement for, the corresponding appropriations set forth in the ordinance introduced as Council Bill 120221.

Item	Department	Grantor	Purpose	Fund	Amount
------	------------	---------	---------	------	--------

1.1	Department of Education and Early Learning	Department of Children, Youth & Families	The Early Childhood Education and Assistance Program (ECEAP) contract provides high quality preschool services for low-income families. The additional amount is for complex needs and summer programming.	General Fund (00100)	\$505,496
1.2	Human Services Department	Washington State Department of Social and Health Services (DSHS)	To increase access to Coronavirus Disease 2019 (COVID-19) vaccines for older adults in King County.	Human Services Fund (16200)	\$291,422
1.3	Human Services Department	Washington State DSHS	To provide education on COVID-19 and assistance with accessing COVID-19 vaccines to older adults and people with disabilities in King County.	Human Services Fund (16200)	\$104,955
1.4	Human Services Department	Washington State Department of Commerce	The State of Washington's Department of Commerce will administer the Tiny Homes (Seattle) Project. The appropriation of \$2,000,000 was approved in the 2021-2023 State Capital Budget. After administrative overhead, Seattle will receive a net grant award of \$1,960,000.	Human Services Fund (16200)	\$1,960,000
1.5	Executive (Office of Immigrant and Refugee Affairs)	Washington DSHS	Support for services to participants in the New Citizen Program (naturalization candidates) who receive State benefits through DSHS.	General Fund (00100)	\$670,000
1.6	Executive (Office of Immigrant and Refugee Affairs)	Foundation to Promote Open Society	The purpose of the grant is to support and coordinate city government outreach efforts and responses to vulnerable immigrant communities during the COVID-19 pandemic and recovery.	General Fund (00100)	\$55,000

1.7	Seattle Department of Transportation	Washington State Department of Transportation (WSDOT) - Regional Mobility Grant (RMG)	This grant will fund improvements to the Route 40 Transit Plus Multimodal Corridor and support conversion to RapidRide service by partner King County Metro.	Transportation Fund (13000)	\$3,000,000
1.8	Seattle Department of Transportation	WSDOT	This grant will fund the construction of a protected bike line and other pedestrian and bicycle safety improvements along Martin Luther King Jr. Way between Rainier Ave S and S Judkins St.	Transportation Fund (13000)	\$1,800,000
1.9	Seattle Department of Transportation	WSDOT	This grant from WSDOT's Safe Routes to School program will fund pedestrian safety improvements on NE 135th St between 27th Ave NE and 37th Ave NE.	Transportation Fund (13000)	\$620,000
1.10	Seattle Department of Transportation	WSDOT	This grant will be used to construct the Madison Bus Rapid Transit (BRT) project. Construction is estimated to begin during the fourth quarter of 2021.	Transportation Fund (13000)	\$2,545,000

1.11	Seattle Department of Transportation	WSDOT and United States Department of Transportation (USDOT)	These grants will be used to make significant bridge repairs on the West Seattle High-Rise Bridge, which is currently closed due to structural deficiencies, as well as the Spokane Street Swing Bridge (“low bridge”) running adjacent to the High-Rise bridge. The project will provide structural stabilization repairs to reopen the High-Rise Bridge and will make repairs related to load rating compliance on the low bridge. Overall project improvements will include replacement of damaged bridge decks, expansion joints, barrier segments, and seismic restrainers. Both grants require a 20% match, and this has been budgeted.	Transportation Fund (13000)	\$23,250,600
1.12	Seattle Department of Transportation	WSDOT	This grant will fund construction of pedestrian and bicycle safety improvements on Greenwood Ave N and for the 1st Ave NW Neighborhood Greenway.	Transportation Fund (13000)	\$1,000,000
1.13	Seattle Department of Transportation	National Highway System (NHS)	This NHS Asset Management Award will fund mill and overlay, pavement repair, crack seal, and curb ramp upgrades on 11th/12th Ave NE.	Transportation Fund (13000)	\$3,184,000
1.14	Seattle Department of Transportation	NHS	This NHS Asset Management Award will fund improvements on Ballard Bridge including mill and overlay, pavement repair, crack seal, curb ramp upgrades, and replacement of asphalt surface.	Transportation Fund (13000)	\$5,000,000
1.15	Seattle Department of Transportation	WSDOT - RMG	This grant will fund Design and Construction for roadway improvements as part of the RapidRide J/Roosevelt project.	Transportation Fund (13000)	\$3,000,000

1.16	Seattle Department of Transportation	Federal Highway Administration (FHWA)	This grant will fund the portion of the Downtown Bike Network project that connects the Elliott Bay Trail to the Waterfront Park Promenade and Bike Path along Alaskan Way between Broad St and Virginia St. The grant constitutes 30% of the project budget.	Transportation Fund (13000)	\$2,400,000
1.17	Seattle Department of Transportation	FHWA	This grant will fund the construction of a protected bike line and other pedestrian and bicycle safety improvements along Martin Luther King Jr. Way between Rainier Ave S and S Judkins St.	Transportation Fund (13000)	\$1,800,000
1.18	Seattle Public Library	Washington State Library	This grant will support the deployment of additional laptops and hotspots, in addition to in-language navigator services which will include virtual outreach and an assessment to track quantitative and qualitative outcomes.	Library Fund (10410)	\$37,500
				Library Fund (10410)	\$155,000
1.19	Seattle Public Library	Washington State Library	This grant will focus on the continued digitalization of the Library's Northwest Photograph Collection, which includes over 1,400 historic photographs of people and places in Washington, Oregon, British Columbia, and Alaska.	Library Fund (10410)	\$15,000
1.20	Human Services Department	Washington State DSHS	The purpose of this grant is to provide long-term services and supports to Medicaid-eligible older adults and people with disabilities in King County.	Human Services Fund (16200)	\$1,867,565
1.21	Human Services Department	Department of Justice	Supporting the Domestic Violence Intervention Project in Seattle to reduce domestic violence and increase victim safety.	Human Services Fund (16200)	\$1,000,000

1.22	Law Department	U.S. Department of Transportation National Highway Traffic Safety Administration (NHTSA)	The State Traffic Safety Resource Prosecutor (TSRP) is a continuing project aimed at reducing impaired driving in Washington State. The State TSRP trains and educates prosecutors, law enforcement, judges, probation staff, legislators, and hearing examiners on topics crucial to impaired driving enforcement. The State TSRP provides experienced litigation assistance in the courtroom, legal memoranda, research assistance and online assistance via the State TSRP website and newsletter.	General Fund (00100)	\$178,718
1.23	Executive (Office of Arts and Culture)	National Endowment for the Arts (NEA)	Grant supports mentorship and training for creative workers.	Arts and Culture Fund (12400)	\$30,000
1.24	Executive (Office of Economic Development)	Washington Department of Ecology	The Washington Department of Ecology is granting funds for the annual Circular Innovation Challenge to help jumpstart market development ideas for entrepreneurs to reuse and recycle materials. The challenge, developed in partnership with Seattle Good Business Network (SGBN), a local nonprofit with a mission to advance an inclusive and sustainable local economy, will call on applicants to propose product ideas and business plans for using regional recycled materials within a circular economy framework.	General Fund (00100)	\$35,000

1.25	Executive (Office of Emergency Management)	Washington State Military Department - Emergency Management Division	This item increases appropriation authority by \$414,323 in the Office of Emergency Management budget summary level from the Washington State Military Department, Emergency Management Division. This funding from the Washington State Military assists state, local and tribal emergency management activities supporting the prevention of, preparation for, and response to emergencies and disasters and supports core Office of Emergency Management functions to maintain a citywide emergency management program. The term of the grant runs from June 1, 2021 to September 30, 2022. There is a \$414,323 matching requirement for this item, which will be met by resources in the OEM budget. There are no capital improvement projects associated with this item.	General Fund (00100)	\$414,323
1.26	Executive (Office of Emergency Management)	Washington State Military Department - Emergency Management Division	This funding from the Washington State Military assists state, local and tribal emergency management activities supporting the prevention of, preparation for, and response to emergencies and disasters, and supports core Office of Emergency Management functions to maintain a citywide emergency management program.	General Fund (00100)	\$141,320

1.27	Seattle Center	Small Business Administration	City has already received \$2.1 million in 2021 from the ARPA Small Business Administration Shuttered Venue Operators grant authorized by the U.S. Congress to provide economic aid to shuttered venues such as performing arts organizations, theaters, movie theaters, and museums. This grant provides aid to McCaw Hall which suffered severe negative financial impacts as a result of the closure of the facility due to COVID-19. These funds can be used for specific expenses such as payroll, utility payments, and other business expenses including maintenance costs. There is no local match for these funds.	Seattle Center McCaw Hall Fund (11430)	\$1,075,884
1.28	Seattle Department of Transportation	Washington State - Connecting Washington	This grant will fund the construction of a new projected bike plan on Martin Luther King Jr Way S between Rainier Ave S and S Judkins St and make multimodal safety improvements at the intersection of Rainier Ave S and MLK Jr Way S.	Transportation Fund (13000)	\$900,000
1.29	Seattle Department of Transportation	WSDOT	The grant will help fund the Admiral Way SW/Fairmount Ave N. bridge seismic project. The project will increase the seismic resiliency of the Admiral Way Bridge. Specific retrofits to be constructed may include expansion joint replacement, fiber wrapping structural elements, installation of restrainers, and abutment seat extensions.	Transportation Fund (13000)	\$3,000,000

1.30	Seattle Department of Transportation	WSDOT - RMG	This grant will fund implementation of speed and reliability improvements along the corridor and provide direct connection to upcoming University District light rail station. May include bus lanes, pedestrian improvements and signal modifications including transit signal priority.	Transportation Fund (13000)	\$2,000,000
1.31	Seattle Department of Transportation	WSDOT	This item increases grant-backed appropriation authority by \$137,402 in Seattle Department of Transportation's Transportation Fund Mobility Operations Budget Control Level (13000-BO-TR-17003). This item accepts the entire biennium grant amount of \$897,524; however it only appropriates \$137,402 at this time. The remainder of the grant will be appropriated in future budget actions. This grant is awarded from July 1, 2021 to June 30, 2023. No local match is required.	Transportation Fund (13000)	\$897,524

1.32	Seattle Fire Department	Department of Homeland Security /FEMA through King County Office of Emergency Management	The Complex Coordinated Terrorist Attack (CCTA) Grant Program's objective is to build and sustain capabilities of local, state, tribal and territorial jurisdictions to enhance their preparedness for complex coordinated terrorist attacks by (1) identifying capability gaps related to responding, preventing and preparing for a CCTA; (2) developing plans and processes to identify the gaps; (3) training personnel and the whole community to implement the plans and processes; and (4) conducting exercises to validate capabilities and identify opportunities for corrective action.	General Fund (00100)	\$15,000
1.33	Seattle Fire Department	Department of Homeland Security /FEMA Through Pierce County Office of Emergency Management	The Urban Search and Rescue (US&R) Grant Program provides support and funding to maintain the readiness of the National Urban Search and Rescue System. US&R Task Force sponsoring agencies are directed to use the funding to meet the following objectives: provide task force administration and management, training, and equipment cache procurement, maintenance and storage. FEMA provides funding for the US&R Task Force (a team of individuals specializing in urban search and rescue, disaster recovery and emergency, triage and medicine) to be deployed to emergency and disaster sites as needed.	General Fund (00100)	\$100,000

1.34	Seattle Fire Department	FEMA through Pierce County Office of Emergency Management	The Urban Search and Rescue (US&R) Grant Program provides support and funding to maintain the readiness of the National Urban Search and Rescue System. US&R Task Force sponsoring agencies are directed to use the funding to meet the following objectives: provide task force administration and management, training, and equipment cache procurement, maintenance and storage.	General Fund (00100)	\$25,439
1.35	Seattle Fire Department	Washington State Patrol - Office of the Fire Marshall	The purpose of the Basic Firefighter Training Program is to provide training resources. This includes a uniform plan of financial support for modular training options to ensure firefighters across the state meet a basic level of safe performance and professional development. The State's objective is to ensure that every fire department in the state of Washington has the ability and opportunity to provide their firefighters with basic firefighter training that is affordable, accessible, achievable and based on community risk.	General Fund (00100)	\$23,400

1.36	Seattle Fire Department	Department of Homeland Security /FEMA	The State Homeland Security Program (SHSP) is a core assistance program that provides funds to build capabilities at the state, local, tribal and territorial levels, to enhance our national resilience to absorb disruptions and rapidly recover from incidents both natural and manmade as well as to implement the goals and objectives included in State Homeland Security Strategies and Initiatives in their State Preparedness Report (SPR). Activities implemented under SHSP must support terrorism preparedness by building or enhancing capabilities that relate to the prevention of, protection from, mitigation of, response to, and recovery from terrorism in order to be considered eligible. However, many capabilities which support terrorism preparedness simultaneously support preparedness for other hazards.	General Fund (00100)	\$342,500
------	-------------------------	---------------------------------------	--	----------------------	-----------

1.37	Seattle Fire Department	Department of Homeland Security /FEMA	<p>The Urban Area Security Initiative (UASI) grant program assists high-threat, high-density Urban areas in efforts to build and sustain the capabilities necessary to prevent, protect against, mitigate, respond to and recover from acts of terrorism. The UASI program is intended to provide financial assistance to address the unique multi-discipline planning, organization, equipment, training and exercise needs of high-threat, high-density urban areas, and to assist these areas in building and sustaining capabilities to prevent, protect against, mitigate, respond to and recover from threats or acts of terrorism using the Whole Community approach. Activities implemented with UASI funds must support terrorism preparedness by building or enhancing capabilities that relate to the prevention of, protection from, mitigation of, response to or recovery from terrorism in order to be considered eligible. However, many capabilities which support terrorism preparedness simultaneously support preparedness for other hazards.</p>	General Fund (00100)	\$750,000
------	-------------------------	---------------------------------------	---	----------------------	-----------

1.38	Seattle Parks and Recreation	King County - Youth Amateur Sports Grant	This Youth and Amateur Sports Grant (YASG) from King County supports the Major Maintenance Backlog Master Project (MC-PR-41001), and will be used for improvements to Lakeridge Playfield. Specifically, grant funds will be used to fund the costs associated with playfield turf improvements and multi- sports court resurfacing at Lakeridge Playfield. This is a reimbursable grant, requiring no match. The grant expiration date is 12/31/2022.	Park And Recreation Fund (10200)	\$100,000
1.39	Seattle Parks and Recreation	Washington State Parks Boating Program	This grant from the State of Washington, Washington State Parks and Recreation Commission (WSPRC) acting by and through its Clean Vessel Act Program supports the Boat Moorage Restoration Master Project (MC-PR-15013) and will be used to install a sewage pump out location at South Leschi Moorage. This is a reimbursable grant, requiring a match of \$92,433 which the project budget satisfies. The grant expiration date is 5/01/2023	Park And Recreation Fund (10200)	\$277,300

1.40	Seattle Parks and Recreation	Washington State Department of Commerce	This grant from the Washington State Department of Commerce (WSDOC), through the 2016 Local and Community Projects Program, supports the Northwest Native Canoe Development Master Project (MC-PR-15013) and will be used for capital expenditures related to the design and construction of the Northwest Native Canoe Center. Specifically, grants funds used toward construction will include but not be limited to the development of a 2,860 square-foot, one-story canoe carving center. This is a reimbursable grant, requiring a \$966,280 match which the project budget satisfies. The grant expiration date is 6/30/2023	Park And Recreation Fund (10200)	\$242,500
1.41	Seattle Parks and Recreation	Washington State Department of Commerce	This grant from the Washington State Department of Commerce (WSDOC), through the 2020 Local and Community Projects Program, supports the Northwest Native Canoe Development Master Project (MC-PR-15013) and will be used for capital expenditures related to the design and construction of the Northwest Native Canoe Center. Specifically, grants funds used toward construction will include but not be limited to the development of a 2,860 square-foot, one-story canoe carving center. This is a reimbursable grant, requiring a \$242,500 match which the project budget satisfies. The grant expiration date is 6/30/2023.	Park And Recreation Fund (10200)	\$966,280

1.42	Seattle Parks and Recreation	Youth Athletic Facilities (YAF)	This grant from the Washington State Recreation and Conservation Office (RCO) supports the Major Maintenance Backlog Master Project (MC-PR-41001) and will be used for lighting improvements to West Queen Anne Playfield East. Specifically, grant funds will be used to replace the existing field lights that surround two baseball fields, and an overlapping soccer and ultimate Frisbee field: surrounding a three-acre field area. This is a reimbursable grant, requiring a \$441,000 match which the project budget satisfies. The grant expiration date is 7/31/23.	Park And Recreation Fund (10200)	\$350,000
1.43	Seattle Parks and Recreation	King County - Youth Amateur Sports Grant	This Youth and Amateur Sports Grant (YASG) from King County supports the South Park Campus Improvements Master project (MC-PR-21003) and will be used towards improvements to the South Park campus. Specifically, grants funds will be used to assist with the costs of playfield improvements: natural turf conversion to full-size synthetic turf field with lighting. This is a reimbursable grant, requiring no match. The grant expiration date is 12/31/2022.	Park And Recreation Fund (10200)	\$200,000

1.44	Seattle Parks and Recreation	King County - Youth Amateur Sports Grant	This Youth and Amateur Sports Grant (YASG) from King County supports the supports the Major Maintenance Backlog Master Project (MC-PR-41001), and will be used for improvements to Maple Wood Playfield. Specifically, grant funds will be used to assist with the costs of playfield improvements which include new: drainage, irrigation, grass playing surface, dugouts, bleachers, and adjustments to allow for multiple sports. This is a reimbursable grant, requiring no match. The grant expiration date is 12/31/2022.	Park And Recreation Fund (10200)	\$200,000
1.45	Seattle Parks and Recreation	Washington State Department of Ecology	This grant will fund a portion of the demolition of the seismically unstable Pier 63 structure on the Seattle Waterfront. Demolishing the pier provides environmental benefits by reducing overwater coverage on Elliott Bay and removing creosote treated wooden piles.	Park And Recreation Fund (10200)	\$1,500,000
1.46	Seattle Police Department	Washington Traffic Safety Commission	This item provides funding for overtime related to supplemental traffic enforcement with special emphasis on impaired and distracted driving, seat belt, and motorcycle safety.	General Fund (00100)	\$20,900
1.47	Seattle Police Department	Washington Association of Sheriffs and Police Chiefs	This grant supports sexual assault investigations that result from sexual assault kit testing for the purpose of creating a just resolution for the victim, regardless of a prosecutor's ability to prosecute a case.	General Fund (00100)	\$100,000

1.48	Seattle Police Department	Washington State Military Department - Emergency Management Division	The UASI Grant assists high-threat, high- density urban areas in efforts to build, sustain, and deliver the capabilities necessary to prevent, protect against, mitigate, respond to, and recover from acts of terrorism.	General Fund (00100)	\$3,075,000
1.49	Seattle Police Department	Department of Homeland Security	This grant provides funds to establish a land-based radiological and nuclear detection program, initially in the UASI identified Seattle Urban Area (Seattle, Bellevue, King County, Pierce County, Snohomish County, etc.). This is a yearly allocation that will primarily focus on the continuation of the Program, funding the Program Manager and the purchase and distribution of approved equipment.	General Fund (00100)	\$950,000
1.50	Seattle Police Department	Department of Homeland Security	This funding from the Department of Homeland Security is provided to address gaps in services and operations in King County: \$85,000 for contract staff at Washington State Fusion Center; \$50,000 for a Region 6 Situational Awareness Kit to give first responders access to dynamic interoperable communication, real-time data sharing, and mapping; \$135,000 for search and detection equipment for high-risk areas; and \$135,000 for situational awareness equipment that provides enhanced safety for officers responding to hazardous environments.	General Fund (00100)	\$405,000

1.51	Seattle Police Department	Department of Homeland Security	This funding from the Department of Homeland Security is provided to address gaps in terrorism preparedness services in King County.	General Fund (00100)	\$18,000
1.52	Seattle Police Department	Washington Association of Sheriffs and Police Chiefs	This funding from the Washington State Legislature (passing through the Washington Association of Sheriffs and Police Chiefs) is supplemental funding to a Federal grant supporting the Internet Crimes Against Children program.	General Fund (00100)	\$854,000
1.53	Seattle Police Department	Washington Traffic Safety Commission	This item provides funding for impaired driving training.	General Fund (00100)	\$50,000
1.54	Seattle Police Department	COPS Office	Funds will be used to develop sustainable relationships with police and community members that strive for greater understanding and empathy amongst the participants and to foster a working relationship to collectively create strategic possibilities for a shared way forward for policing in Seattle. Specifically, \$44,512 will be used to hire a 0.5 full time equivalent to schedule Peace Dialogues with police and community members, \$8,950 will be used to purchase meeting supplies, \$46,300 will be used for community member and officer training, and \$25,000 will be used to contract with an evaluator to measure the effectiveness of the program.	General Fund (00100)	\$124,762

1.55	Seattle Police Department	Department of Justice, Bureau of Justice Assistance	The City of Seattle as the identified Fiscal Agent, annually submits a joint application on behalf of The City of Seattle and surrounding jurisdictions. This joint application represents the highest priorities for the 11 jurisdictions for preserving and supporting a variety of law enforcement programs aimed at preventing and reducing crime, providing services to victims, purchasing much-needed law enforcement and investigative equipment, enhancing law enforcement training and officer safety, implementing community-based programs, providing law enforcement overtime, and streamlining and augmenting technology systems. JAG provides SPD with funds for three Crime Prevention Coordinators at approximately 80% of a year and has done so since 2009 when the City budget could not sustain these staff positions.	General Fund (00100)	\$771,127
1.56	Seattle Police Department	Washington State Dept of Commerce, Community Services and Housing Division	This item provides funding to contract with a mental health professional to work with officers, civilian employees, and their families in coping with traumatic events and the impacts of the COVID-19 pandemic.	General Fund (00100)	\$247,000

1.57	Seattle Police Department	Department of Homeland Security	Grant provides funds to establish a radiological and nuclear detection program, initially in the UASI identified Urban Area (Seattle, Bellevue, King County, Pierce County, and Snohomish County). This represents the 2021 allocation for the nine-year grant; initial funding was accepted in Q2 2020. This year's allocation will primarily focus on planning and building the partnership. We will also look at regional equipment and training needs.	General Fund (00100)	\$500,000
Total					\$75,142,515

Section 2. Any act consistent with the authority of this ordinance taken after its passage and prior to its effective date is ratified and confirmed.

Section 3. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by me in open session in authentication of its passage this _____ day of _____, 2021.

President _____ of the City Council

Approved / returned unsigned / vetoed this _____ day of _____, 2021.

Jenny A. Durkan, Mayor

Filed by me this _____ day of _____, 2021.

Monica Martinez Simmons, City Clerk

City Budget Office	Caleb Wagenaar/3-9228	Caleb Wagenaar/3-9228

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title: AN ORDINANCE authorizing, in 2021, acceptance of funding from non-City sources; authorizing the heads of the Executive Department, Department of Education and Early Learning, Human Services Department, Department of Transportation, Seattle Public Library, Fire Department, City Attorney's Office, Seattle Center, Seattle Parks and Recreation, and Police Department to accept specified grants, private funding, and subsidized loans and to execute, deliver, and perform corresponding agreements; and ratifying and confirming certain prior acts.

Summary and background of the Legislation: This ordinance proposes the acceptance of grants and/or private funds or donations from various agencies and organizations.

During the course of a year, City departments receive grant awards or opportunities for other funding resources that are not anticipated in the Adopted Budget. The City Budget Office formally accepts these funds by compiling departmental grants acceptances and similar agreements in separate ordinances second, third, and fourth quarter of the year. The attached ordinance contains grant-related requests received for the third quarter of 2021.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? Yes **X** No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? **X** Yes No

	General Fund \$		Other \$	
	2021	2022	2021	2022
Appropriation change (\$):	\$10,371,985	\$0	\$64,770,530	\$0

	2021	2022	2021	2022
Positions affected:	0	0	0	0

Does the legislation have other financial impacts to The City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?
No.

Is there financial cost or other impacts of *not* implementing the legislation?
The City would not have available the financial resources that the ordinance accepts.

3.d. Appropriations

☐ This legislation adds, changes, or deletes appropriations.

Appropriations Notes: Appropriations related to items in this ordinance are identified in a companion supplemental ordinance.

3.e. Revenues/Reimbursements

☒ This legislation adds, changes, or deletes revenues or reimbursements.

See Attachment A to this document for additional details.

3.f. Positions

☐ This legislation adds, changes, or deletes positions.

4. OTHER IMPLICATIONS

- a. **Does this legislation affect any departments besides the originating department?**
Yes, this legislation impacts a number of departments' 2021 budgets. The budget appropriation contained in this legislation allow departments to continue programs that for various reasons planned spending was not completed during the calendar year.
- b. **Is a public hearing required for this legislation?**
No
- c. **Does this legislation require landlords or sellers of real property to provide information regarding the property to a buyer or tenant?**
No
- d. **Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?**
No
- e. **Does this legislation affect a piece of property?**
No

- f. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities?**

Please see Attachment A to this document for any RSJI implications.

- g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s)?**

Please see Attachment A to this document for additional details.

List attachments/exhibits below:

Summary Attachment A – 2021 Year-End Grant Acceptance Ordinance Summary Detail Table

2021 Year End Grant Acceptance Ordinance Summary Detail Table

Item #	Title	Description	Amount/FTE
<i>Section 1 – Grant Acceptances</i>			
1.1	Early Childhood Education Assistance Program Grant Increase (Department of Education and Early Learning)	This item increases grant-backed authority by \$505,496 in the Department of Education and Early Learning General Fund Early Learning Budget Control Level (00100-BO-EE-IL100). This State of Washington Department of Children, Youth and Families grant will support children with complex needs such as developmental delays, and/or challenging behaviors due to complex trauma. In addition, this appropriation will support services that strengthen social-emotional and pre-academic skill development in kindergarten readiness while strengthening school to home learning. No match is required.	\$505,496
1.2	Consolidated Appropriations Act Grant Expanding Access to COVID Vaccines (Human Services Department)	This item increases appropriation authority by \$291,422 in the Human Services Fund Promoting Healthy Aging Budget Control Level (16200-BO-HS-H6000). This one-time grant will support access to COVID-19 vaccines for Older Adults in King County. The grant period is through September 30, 2022; no match is required.	\$291,422
1.3	Coronavirus Response and Relief Supplemental Appropriations Act Vaccine Response Funding (Human Services Department)	This item increases appropriation authority by \$104,955 in the Human Services Fund Promoting Healthy Aging Budget Control Level (16200-BO-HS-H6000). This one-time grant will provide education on COVID-19 and assistance with accessing COVID-19 vaccines for older adults and people with disabilities in King County. The grant period is through September 30, 2022; no match is required.	\$104,955
1.4	Funding for Tiny House Villages from Wa Dept. of Commerce (Human Services Department)	This item increases appropriation authority by \$1,960,000 in the Addressing Homelessness BSL from the Washington State Department of Commerce. This funding is to be used for capital costs related to Tiny Home Villages (THVs). The grant requires the tiny homes to be available for 10 years.	\$1,960,000

Item #	Title	Description	Amount/FTE
1.5	DSHS 2021-22 grant acceptance (Office of Immigrant and Refugee Affairs)	This item increases appropriation authority by \$670,000 in the Office of Immigrant and Refugee Affairs (OIRA) General Fund Office of Immigrant and Refugee Affairs Budget Control Level (00100-BO-IA-X1N00) to reflect grant funding from the Washington State Department of Social and Health Services (DSHS). This grant supports the participation of DSHS benefit recipients in the New Citizen Program, which provides assistance to income-qualified individuals to apply for naturalization using a case management model. Matching funding is not required, but is already budgeted from a Seattle Housing Authority award and from the General Fund. The DSHS grant funding is for the state fiscal year July 2021 - June 2022.	\$670,000
1.6	Cities for Action COVID-19 Emergency Coordinator renewal grant (Office of Immigrant and Refugee Affairs)	This item increases appropriation authority by \$55,000 in the Office of Immigrant and Refugee Affairs (OIRA) General Fund Office of Immigrant and Refugee Affairs Budget Control Level (00100-BO-IA-X1N00) to reflect grant funding from the Open Society Foundations (OSF). This grant continues support for research and analysis to coordinate city government responses to vulnerable immigrant communities during the COVID-19 pandemic and recovery, in alignment with the nationwide Cities for Action (C4A) network. Matching funding is not required. The OSF grant funding is for the period July 2021 - May 2022.	\$55,000
1.7	Route 40 Transit Plus Multimodal Corridor RMG Grant Acceptance and Appropriation (Seattle Department of Transportation)	This item accepts a \$6,000,000 grant in the Mobility-Capital BCL (BC-TR-19003) from the Washington State Department of Transportation's Regional Mobility Grant (RMG) program. This item also appropriates the \$3,000,000 portion of the grant that is available in the 2021-2023 State Biennium. This grant will fund improvements to the Route 40 Transit Plus Multimodal Corridor and support conversion to RapidRide service by partner King County Metro. Design for this project will begin in 2021 and construction is expected to begin in 2023. The grant funding constitutes approximately 25% of the project budget and local match has been budgeted.	\$6,000,000

Item #	Title	Description	Amount/FTE
1.8	Martin Luther King PBL WSDOT Grant Acceptance and Appropriation (Seattle Department of Transportation)	This item accepts and increases appropriation authority by \$1,800,000 in the Mobility-Capital BCL (BC-TR-19003) from the Washington State Department of Transportation's Pedestrian & Bicycle Safety Program. Item #	Title	Description	Amount/FTE
1.25	2021 Emergency Management Preparedness Grant (Office of Emergency Management)	This item increases appropriation authority by \$414,323 in the Office of Emergency Management BSL from the Washington State Military Department, Emergency Management Division. This funding from the WA State Military assists state, local and tribal emergency management activities supporting the prevention of, preparation for, and response to emergencies and disasters and supports core Office of Emergency Management functions to maintain a citywide emergency management program. The term of the grant runs from June 1, 2021 to September 30, 2022. There is a \$414,323 matching requirement for this item, which will be met by resources in the OEM budget. There are no capital improvement projects associated with this item.	\$414,323
1.26	2021 Emergency Management Preparedness Grant - ARPA (Office of Emergency Management)	This item increases appropriation authority by \$141,320 in the Office of Emergency Management BSL from the Washington State Military Department, Emergency Management Division. This funding from the WA State Military assists state, local and tribal emergency management activities supporting the prevention of, preparation for, and response to emergencies and disasters, and supports core Office of Emergency Management functions to maintain a citywide emergency management program. The term of the grant runs from June 1, 2021 to December 31, 2022, 2022. There is a \$141,320 matching requirement for this item, which will be met by resources in the OEM budget. There are no capital improvement projects associated with this item.	\$141,320
1.27	SBA Shuttered Venue Operators Grant (Seattle Center)	This item increases appropriation authority by \$1,075,883 in Seattle Center in the McCaw Hall Fund McCaw Hall Budget Control Level (11430-BO-SC-65000). This is the second round of Shuttered Venue Operators grant that McCaw Hall is receiving. This grant provides aid to McCaw Hall, that suffered severe negative financial impacts as a result of the closure of the facility due to COVID-19. These funds can be used for specific expenses such as payroll, utility payments, and other ordinary and necessary business expenses including maintenance costs. There is no local match for these funds.	\$1,075,884

Item #	Title	Description	Amount/FTE
1.28	MLK Jr Way PBL CNWA Grant Acceptance and Appropriation (Seattle Department of Transportation)	This item accepts grant funding from Washington State and increases appropriation authority by \$900,000 in the Seattle Department of Transportation, Transportation Fund, in the Mobility-Capital BCL (13000-BC-TR-19003). This grant will fund construction of a protected bike lane on Martin Luther King Jr Way S between Rainier Ave S and S Judkins St and make multimodal safety improvements at the intersection of Rainier Ave S and MLK Jr Way S. Design for this project will be complete in 2021 and construction is expected for 2022. There is no matching requirement for these Connecting Washington funds.	\$900,000
1.29	SW Admiral Way and Fairmount Ave N Bridge Grant Acceptance and Appropriation (Seattle Department of Transportation)	This item accepts a Local Bridge Program grant from the Washington State Department of Transportation for the SW Admiral Way/Fairmount Ave N Bridge, and increases appropriation authority by \$3,000,000 in the Seattle Department of Transportation in the Transportation Fund Major Maintenance/Replacement Budget Control Level (13000-BC-TR-19001). The department doesn't expect local match to be needed.	\$3,000,000
1.30	Route 44 TPMC - RMG Grant Acceptance (Seattle Department of Transportation)	This item accepts \$2,000,000 of grant funding in the Transportation Fund Mobility-Capital Budget Control Level (13000-BC-TR-19003) from the Washington State Department of Transportation's Regional Mobility Grant (RMG) program. This grant supports project design and construction that will enhance transit speed and reliability on one of the City's primary east-west corridors. This RMG Agreement requires a match of 60% and the required match is provided by the Move Seattle Levy Fund from 2019-2024.	\$2,000,000

Item #	Title	Description	Amount/FTE
1.31	Commute Trip Reduction (Seattle Department of Transportation)	This item increases grant-backed appropriation authority by \$137,402 in Seattle Department of Transportation's Transportation Fund Mobility Operations Budget Control Level (13000-BO-TR-170003). This item accepts the entire biennium grant amount of \$897,524; however it only appropriates \$137,402 at this time. The remainder of the grant will be appropriated in future budget actions. This grant is awarded from July 1, 2021, to June 30, 2023. No local match is required. The authorization for grant acceptance is included in the grants ordinance that accompanies this supplemental budget ordinance.	\$897,524
1.32	Complex Coordinated Terrorist Attacks (CCTA) Grant (Seattle Fire Department)	This item increases appropriation authority by \$15,000 in the FD0 BSL. The funding from the Federal Emergency Management Agency (FEMA) of the Department of Homeland Security through the King County Office of Emergency Management will reimburse for OT/BF expenses for staff who attend Regional Rescue Task Force Trainings and Drills. The period of performance for this Grant is 3/1/19 through 5/31/22. No positions will be created and no match is required.	\$15,000
1.33	Reimbursement for Urban Search and Rescue Teams Deployments (Seattle Fire Department)	This item increases appropriation authority by \$100,000 in the FD0 BSL. The funding from the Federal Emergency Management Agency (FEMA) of the Department of Homeland Security through the Pierce County Office of Emergency Management will reimburse for OT/BF and travel costs incurred by the SFD deployment of qualified members who serve on the regional Urban Search and Rescue Team who were deployed to Cyclone Ida and other emergency and disaster sites as needed in 2021. The period of performance for these deployments is from August through December 2021. No positions will be created and no match is required.	\$100,000

Item #	Title	Description	Amount/FTE
1.34	USAR Emergency Training Grant FY2021 (Seattle Fire Department)	This item increases appropriation authority by \$25,439 in FD0 BSL. The funding, provided by the Federal Emergency Management Agency (FEMA) through Pierce County Office of Emergency Management provide funding for SFD members on the regional Urban Search and Rescue (USAR) Team to attend approximately 25 reimbursable mandatory emergency response trainings There are no positions or local match requirement associated with these reimbursements and the period of performance is from 1/1/21 through 12/31/21.	\$25,439
1.35	Basic Firefighter Training Grant FY2021 (Seattle Fire Department)	This item increases appropriation authority by \$23,400 in the FD0 BSL. This grant from the Washington State Patrol-Office of the Fire Marshall will support the training of firefighters in Recruit Class #115 in FY 2021 to minimum safety requirements. There are no new positions associated with this project and no match required.	\$23,400
1.36	State Homeland Security Program (SHSP) FFY 2021 Grant (Seattle Fire Department)	This item increases appropriation authority by \$342,500 in the FD0 BSL. The grant received from the Federal Emergency Management Agency (FEMA) of the Department of Homeland Security through the King County Office of Emergency Management, will fund Struct	\$342,500
1.37	Urban Area Security Initiative (UASI) FFY2021 (SFD) (Seattle Fire Department)	This item increases appropriation authority by \$750,000 in the FD0 BSL. This grant funding is from the Federal Emergency Management Agency (FEMA) of the Department of Homeland Security through the Washington State Military Department - Office of Emergency Management. This is a part of the UASI FFY 2021 Grant that is being submitted and accepted by the Seattle Police Department. The Seattle Fire Department's portion of this grant will provide funds to enhance the City's ability to increase and sustain structural collapse capability for rescue response. The project will include Structural Collapse Training, purchase of Heavy Rescue Equipment and purchase of Methane Gas Detectors for the Seattle Fire Department and regional partners. There are no positions associated with this grant and no local match requirement. The period of performance for this grant is from 9/1/21 through 12/31/23.	\$750,000

Item #	Title	Description	Amount/FTE
1.38	Lakeridge Playfield KC YASG Grants (Seattle Parks and Recreation)	This item increases appropriation authority by \$100,000 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Fix It First Control Level (10200-BC-PR-40000). This Youth and Amateur Sports grant (YASG) from King County supports the Major Maintenance Backlog Master Project (MC-PR-41001), and will be used for improvements to Lakeridge Playfield. Specifically, grant funds will be used to fund the costs associated with playfield turf improvements and multi sports court resurfacing at Lakeridge Playfield. This is a reimbursable grant, requiring no match which the project budget satisfies. The grant expiration date is 12/31/22.	\$100,000
1.39	Boat Moorage Grant (Seattle Parks and Recreation)	This item increases appropriation authority by \$277,300 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Fix It First Control Level (10200-BC-PR-40000). This grant from the State of Washington, Washington State Parks and Recreation Commission (WSPRC) acting by and through its Clean Vessel Act Program supports the Boat Moorage Restoration Master Project (MC-PR-15013) and will be used to install a sewage pump out location at South Leschi Moorage. This is a reimbursable grant, requiring a match of \$92,433 which the project budget satisfies. The grant expiration date is 05/01/23	\$277,300
1.40	NW Native Canoe Center WSDOC Grant 1 (Seattle Parks and Recreation)	This item increases appropriation authority by \$242,500 in the Seattle Parks and Recreation Department in the Park and Recreation Fund 2008 Parks Levy Control Level (10200-BC-PR-10000). This grant from the Washington State Department of Commerce (WSDOC), through the 2016 Local and Community Projects Program, supports the Northwest Native Canoe Development Master Project (MC-PR-15013) and will be used for capital expenditures related to the design and construction of the Northwest Native Canoe Center. Specifically, grants funds used toward construction will include but not be limited to the development of a 2,860 square foot one-story canoe carving center. This is a reimbursable grant, requiring a \$966,280 match which the project budget satisfies. The grant expiration date is 6/30/23	\$242,500

Item #	Title	Description	Amount/FTE
1.41	NW Native Canoe Center WSDOC Grant 2 (Seattle Parks and Recreation)	This item increases appropriation authority by \$966,280 in the Seattle Parks and Recreation Department in the Park and Recreation Fund 2008 Parks Levy Control Level (10200-BC-PR-10000). This grant from the Washington State Department of Commerce (WSDOC), through the 2020 Local and Community Projects Program, supports the Northwest Native Canoe Development Master Project (MC-PR-15013) and will be used for capital expenditures related to the design and construction of the Northwest Native Canoe Center. Specifically, grants funds used toward construction will include but not be limited to the development of a 2,860 square foot one-story canoe carving center. This is a reimbursable grant, requiring a \$242,500 match which the project budget satisfies. The grant expiration date is 6/30/23.	\$966,280
1.42	W. Queen Anne RCO Grant (Seattle Parks and Recreation)	This item increases appropriation authority by \$350,000 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Fix It First Control Level (10200-BC-PR-40000). This grant from the Washington State Recreation and Conservation Office (RCO) supports the Major Maintenance Backlog Master Project (MC-PR-41001) and will be used for lighting improvements to West Queen Anne Playfield East. Specifically, grant funds will be used to replace the existing field lights that surround two baseball fields, and an overlapping soccer and ultimate Frisbee field: surrounding a three-acre field area. This is a reimbursable grant, requiring a \$441,000 match which the project budget satisfies. The grant expiration date is 07/31/23.	\$350,000

Item #	Title	Description	Amount/FTE
1.43	South Park KC YAS Grant (Seattle Parks and Recreation)	This item increases appropriation authority by \$200,000 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Building for the Future Budget Control Level (10200-BC-PR-20000). This Youth and Amateur Sports grant (YASG) from King County supports the South Park Campus Improvements Master project (MC-PR-21003) and will be used towards improvements to the South Park campus. Specifically, grants funds will be used to assist with the costs of playfield improvements: natural turf conversion to full-size synthetic turf field with lighting. This is a reimbursable grant, requiring no match which the project budget satisfies. The grant expiration date is 12/31/22.	\$200,000
1.44	Maple Wood PF KC YAS Grant (Seattle Parks and Recreation)	This item increases appropriation authority by \$200,000 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Fix It First Control Level (10200-BC-PR-40000). This Youth and Amateur Sports grant (YASG) from King County supports the supports the Major Maintenance Backlog Master Project (MC-PR-41001), and will be used for improvements to Maple Wood Playfield. Specifically, grant funds will be used to assist with the costs of playfield improvements which include new: drainage, irrigation, grass playing surface, dugouts, bleachers, and adjustments to allow for multiple sports. This is a reimbursable grant, requiring no match which the project budget satisfies. The grant expiration date is 12/31/22.	\$200,000
1.45	Pier 63 Demolition State Grant (Seattle Parks and Recreation)	This item accepts a \$1,500,000 grant from the Washington State Department of Ecology and will fund a portion of the demolition of the seismically unstable Pier 63 structure on the Seattle Waterfront. Demolishing the pier provides environmental benefits by reducing overwater coverage on Elliott Bay and removing creosote treated wooden piles.	\$1,500,000

Item #	Title	Description	Amount/FTE
1.46	FY2021 Target Zero Grant (Seattle Police Department)	This item increases appropriation authority by \$20,900 in the Special Operations BSL from the Washington State Traffic Safety Commission. This item provides funding for overtime related to supplemental traffic enforcement with special emphasis on impaired and distracted driving, seat belt, and motorcycle safety. The contract term runs from October 1, 2021 to September 30, 2022. There are no matching requirements or capital improvement projects associated with this item.	\$20,900
1.47	FY21 Sexual Assault Kit (SAK3) Grant (Seattle Police Department)	This item increases appropriation authority by \$100,000 in the Criminal Investigations BSL from the Washington Association of Sheriffs and Police Chiefs. This item provides funding to process previously unsubmitted sexual assault DNA kits and to support multidisciplinary community response teams engaged in seeking a just resolution to sexual assault cases resulting from that evidence. The contract term runs from July 1, 2021 to June 30, 2022. There are no matching requirements or capital improvement projects associated with this item.	\$100,000
1.48	FY21 Urban Areas Security Initiative (UASI) Grant (Seattle Police Department)	This item increases appropriation authority by \$2,325,000 in the Special Operations BSL. This grant funding is from the Federal Emergency Management Agency and U.S. Department of Homeland Security through the Washington State Military Department - Emergency Management Division under the Urban Areas Security Initiative (UASI) for federal fiscal year 2021. This item provides funding to continue and enhance the City of Seattle's ability to prevent, protect, respond to and recover from acts of terrorism as well as other emergency events. The following Seattle Police Department projects are funded under this grant: program management and sustainment; citizen preparedness and outreach; contract analysts; equipment and training to respond to acts of terrorism; and mass care shelter planning with the Human Services Department. Seattle Fire Department has a corresponding appropriation increase supported by this grant in the amount of \$750,000. The period of performance for this grant is from 9/1/21 through 12/31/23. There are no matching requirements associated with this item.	\$3,075,000

Item #	Title	Description	Amount/FTE
1.49	FY21 Securing the Cities Grant (Seattle Police Department)	This item increases appropriation authority by \$950,000 in the Special Operations BSL from the Department of Homeland Security. This funding supports the establishment of a multi-jurisdictional radiological and nuclear detection program. The funding will be used for personnel costs as well as supplies and travel. The term of this agreement runs from March 9, 2021 to June 30, 2022, with anticipated annual renewal until October 30, 2029. This grant will support 1 FTE position intended to sunset October 30, 2020, unless new funding is secured.	\$950,000
1.50	FY21 State Homeland Security Program (SHSP) Grant (Seattle Police Department)	This item increases appropriation authority by \$405,000 in the Special Operations BSL from the Department of Homeland Security. This funding addresses gaps in preparedness services in King County. It will be used to support law enforcement training, contract analysts, and the purchase of search and detection equipment. The term of this agreement runs from October 1, 2021 to September 30, 2024. There is no matching requirement for this item. There are no capital improvement projects associated with this item.	\$405,000
1.51	FY2020 State Homeland Security Program (SHSP) Supplemental Grant Correction (Seattle Police Department)	This item increases appropriation authority by \$18,000 in the Special Operations BSL from the Department of Homeland Security. This funding addresses gaps in terrorism preparedness services in King County. It will be used to support law enforcement training, contract analysts, and the purchase of personal protective equipment. The FY2020 SHSP Grant funding was originally appropriated in the 2020 Fourth Quarter Supplemental budget legislation (Ordinance 126257, Section 4, item # 4.29) in the amount of \$415,000, mistakenly omitting \$18,000 for training. This supplementary budget request appropriates the remaining \$18,000 for training. The term of this agreement runs from October 1, 2020 to September 30, 2023. There are no matching requirement for this item. There are no capital improvement projects associated with this item.	\$18,000

Item #	Title	Description	Amount/FTE
1.52	FY21 State Internet Crimes Against Children (ICAC) Allocation (Seattle Police Department)	This item increases appropriation authority by \$854,000 in the Criminal Investigations BSL from the Washington Association of Sheriffs and Police Chiefs. This funding supports multi-jurisdictional Washington State Internet Crimes Against Children (ICAC) Task Force. The funding will be used for salary and benefits for 50% of Deputy Prosecuting Attorney, overtime for detectives on ICAC investigations, and equipment, training, overtime, and infrastructure needs for partner agencies. The term of this agreement runs from July 1, 2021 to June 30, 2022. There are no matching requirements associated with this item.	\$854,000
1.53	FY2022 SPD Impaired Driving Training Grant (Seattle Police Department)	This item increases appropriation authority by \$50,000 in the Leadership and Administration BSL from the Washington Traffic Safety Commission under the Impaired Driving Training Grant program. This item provides funding to facilitate impaired driving training for the Seattle Police Department and surrounding agencies. The term of this grant runs from October 1, 2021 to September 30, 2022. There are no matching requirements or capital improvement projects associated with this item.	\$50,000
1.54	Community Policing Development Microgrant (Seattle Police Department)	This item increases appropriation authority by \$124,762 in the Chief of Police BSL from the Office of Community Oriented Policing Services (COPS Office). This funding supports implementation of Peace Dialogues with SPD Officers and Community Members. The funding will be used for personnel costs, supplies, training, and contracting with an evaluator for the program. The contract term runs from September 1, 2021 to August 31, 2022. There are no matching requirements or capital improvement projects associated with this item. This grant will support 0.5 FTE positions intended to sunset at the end of funding.	\$124,762

Item #	Title	Description	Amount/FTE
1.55	FY2021 Justice Assistance (JAG) Grant (Seattle Police Department)	This item increases appropriation authority by \$771,127 in the Leadership and Administration BSL from the Department of Justice, Bureau of Justice Assistance. This funding supports a variety of law enforcement and crime prevention efforts in the City of Seattle and 10 surrounding jurisdictions. In Seattle, the funding will be used for personnel costs. The term of this agreement runs from October 1, 2020 to September 30, 2024. This grant will support 3 FTE existing Crime Prevention Coordinator positions at 80%. There is no matching requirement for this item. There are no capital improvement projects associated with this item.	\$771,127
1.56	FY2021 Coronavirus Emergency Supplemental Grant (Seattle Police Department)	This item increases appropriation authority by \$247,000 in the Chief of Police BSL. This grant funding is from the Federal Department of Justice through the Washington State Department of Commerce Community Services and Housing Division, Office of Crime Victims Advocacy. This item provides funding to contract with a mental health professional to work with officers, civilian employees, and their families in coping with traumatic events and the impacts of the Coronavirus Pandemic. The grant term runs from January 1, 2021 through December 31, 2022. There are no matching requirements or capital improvement projects associated with this item.	\$247,000
1.57	Securing the Cities FY21 Supplemental Funding (Seattle Police Department)	This item increases appropriation authority by \$500,000 in the Special Operations BSL from the Department of Homeland Security. This funding supports the establishment of a multi-jurisdictional radiological and nuclear detection program. The funding will be used for personnel costs as well as supplies and travel. The term of this agreement runs from March 9, 2021 to October 30, 2021, with anticipated annual renewal until October 30, 2029. This item also extends the sunset date on 1 existing full-time position grant funded Strategic Advisor II position in the Seattle Police Department. The grant supporting the position is available to the City from March 4, 2020, through October 30, 2029; therefore the position will sunset October 30, 2029 unless new funding is secured.	\$500,000

Total				\$9,986,408	

Allocation modifications for the Seattle Department of Transportation in this section shall operate for the purposes of increasing or decreasing the base for the limit imposed by subsection 4(c) of Ordinance 126237.

Section 9. Appropriations in the 2021 Adopted Budget and project allocations in the 2021-2026 Adopted

Capital Improvement Program, which are backed by revenues, are modified as follows:

Item	Department	Fund	Budget Summary Level/BCL Code	CIP Project Appropriation Change	CIP Project Name
9.1	Seattle Department of Transportation	Transportation Fund (13000)	Mobility-Capital (13000-BC-TR-19003)	\$1,820,000	Center City Gateway and South Michigan Street Intelligent Transportation Systems (ITS) (MC-TR-C012)
9.2	Seattle Department of Transportation	Transportation Fund (13000)	Mobility-Capital (13000-BC-TR-19003)	\$2,556,714	Delridge Way SW - RapidRide H Line (MC-TR-C042)
9.3	Seattle Department of Transportation	Transportation Fund (13000)	Mobility-Capital (13000-BC-TR-19003)	\$3,109,000	Freight Spot Improvement Program (MC-TR-C047)
9.4	Seattle City Light	Light Fund (41000)	Customer Focused - CIP (41000-BC-CL-Z)	\$2,000,000	Medium Overhead and Underground Services (MC-CL-ZS8366)
9.5	Seattle Department of Transportation	Move Seattle Levy Fund (10398)	Mobility-Capital (10398-BC-TR-19003)	\$2,000,000	Route 44 Transit-Plus Multimodal Corridor (MC-TR-C078)
		Transportation Fund (13000)	Mobility-Capital (13000-BC-TR-19003)	\$2,445,854	Route 44 Transit-Plus Multimodal Corridor (MC-TR-C078)
9.6	Seattle Department of Transportation	Move Seattle Levy Fund (10398)	Mobility-Capital (10398-BC-TR-19003)	\$200,000	Route 40 Transit-Plus Multimodal Corridor (MC-TR-C079)
		Transportation Fund (13000)	Mobility-Capital (13000-BC-TR-19003)	\$900,000	Route 40 Transit-Plus Multimodal Corridor (MC-TR-C079)
9.7	Seattle Department of Transportation	Transportation Fund (13000)	Mobility-Capital (13000-BC-TR-19003)	\$2,311,577	Delridge Way SW - RapidRide H Line (MC-TR-C042)

9.8	Seattle Information Technology Department	Information Technology Fund (50410)	Capital Improvement Projects (50410-BC-IT-C0700)	\$500,000	Applications Development - Public Safety (MC-IT-C6307)
9.9	Seattle Information Technology Department	Information Technology Fund (50410)	Capital Improvement Projects (50410-BC-IT-C0700)	\$600,000	Citywide Contract Management System (MC-IT-C6311)
9.10	Seattle Parks and Recreation	Park And Recreation Fund (10200)	Fix It First (10200-BC-PR-40000)	\$461,700	Beach Restoration Program (MC-PR-41006)
9.11	Seattle Parks and Recreation	Park And Recreation Fund (10200)	Fix It First (10200-BC-PR-40000)	\$2,946,248	Burke-Gilman Playground Park Renovation (MC-PR-41073)
Total				\$21,851,093	

Allocation modifications for the Seattle Department of Transportation and Seattle City Light in this section shall operate for the purposes of increasing or decreasing the base for the limit imposed by subsection 4(c) of Ordinance 126237.

Section 10. Contingent upon the execution of the grant or other funding agreement authorized in Section 1 of the ordinance introduced as Council Bill 120220, the appropriations for the following items in the 2021 Budget are increased from the funds shown, as follows:

Item	Department	Fund	Budget Summary Level/BCL Code	CIP Project Appropriation Change	CIP Project Name
10.1	Seattle Department of Transportation	Transportation Fund (13000)	Mobility-Capital (13000-BC-TR-19003)	\$1,800,000	Bike Master Plan - Protected Bike Lanes (MC-TR-C062)
10.2	Seattle Department of Transportation	Transportation Fund (13000)	Mobility-Capital (13000-BC-TR-19003)	\$3,000,000	Route 40 Transit-Plus Multimodal Corridor (MC-TR-C079)

10.3	Seattle Department of Transportation	Transportation Fund (13000)	Major Maintenance/Repl acement (13000- BC-TR-19001)	\$23,250,600	West Seattle Bridge Immediate Response (MC-TR-C110)
10.4	Seattle Department of Transportation	Transportation Fund (13000)	Mobility-Capital (13000-BC-TR- 19003)	\$1,000,000	SPU Drainage Partnership - Broadview Pedestrian Improvements (MC- TR-C036)
10.5	Seattle Department of Transportation	Transportation Fund (13000)	Major Maintenance/Repl acement (13000- BC-TR-19001)	\$3,184,000	Arterial Asphalt & Concrete Program Phase II (MC-TR- C033)
10.6	Seattle Department of Transportation	Transportation Fund (13000)	Mobility-Capital (13000-BC-TR- 19003)	\$620,000	Pedestrian Master Plan - New Sidewalks (MC-TR-C058)
10.7	Seattle Department of Transportation	Transportation Fund (13000)	Major Maintenance/Repl acement (13000- BC-TR-19001)	\$5,000,000	Arterial Asphalt & Concrete Program Phase II (MC-TR- C033)
10.8	Seattle Department of Transportation	Transportation Fund (13000)	Mobility-Capital (13000-BC-TR- 19003)	\$3,000,000	RapidRide Roosevelt (MC-TR-C013)
10.9	Seattle Department of Transportation	Transportation Fund (13000)	Mobility-Capital (13000-BC-TR- 19003)	\$2,400,000	Bike Master Plan - Protected Bike Lanes (MC-TR-C062)
10.10	Seattle Department of Transportation	Transportation Fund (13000)	Mobility-Capital (13000-BC-TR- 19003)	\$1,800,000	Bike Master Plan - Protected Bike Lanes (MC-TR-C062)
10.11	Seattle Department of Transportation	Transportation Fund (13000)	Mobility-Capital (13000-BC-TR- 19003)	\$900,000	Bike Master Plan - Protected Bike Lanes (MC-TR-C062)
10.12	Seattle Department of Transportation	Transportation Fund (13000)	Major Maintenance/Repl acement (13000- BC-TR-19001)	\$3,000,000	Bridge Seismic - Phase III (MC-TR- C008)

10.13	Seattle Parks and Recreation	Park And Recreation Fund (10200)	Fix It First (10200-BC-PR-40000)	\$100,000	Major Maintenance Backlog and Asset Management (MC-PR-41001)
10.14	Seattle Parks and Recreation	Park And Recreation Fund (10200)	Fix It First (10200-BC-PR-40000)	\$277,300	Boat Moorage Restoration (MC-PR-41021)
10.15	Seattle Parks and Recreation	Park And Recreation Fund (10200)	2008 Parks Levy (10200-BC-PR-10000)	\$242,500	Northwest Native Canoe Center Development (MC-PR-15010)
10.16	Seattle Parks and Recreation	Park And Recreation Fund (10200)	2008 Parks Levy (10200-BC-PR-10000)	\$966,280	Northwest Native Canoe Center Development (MC-PR-15010)
10.17	Seattle Parks and Recreation	Park And Recreation Fund (10200)	Fix It First (10200-BC-PR-40000)	\$350,000	Major Maintenance Backlog and Asset Management (MC-PR-41001)
10.18	Seattle Parks and Recreation	Park And Recreation Fund (10200)	Building For The Future (10200-BC-PR-20000)	\$200,000	South Park Campus Improvements (MC-PR-21013)
10.19	Seattle Parks and Recreation	Park And Recreation Fund (10200)	Fix It First (10200-BC-PR-40000)	\$200,000	Major Maintenance Backlog and Asset Management (MC-PR-41001)
Total				\$51,290,680	

Allocation modifications for the Seattle Department of Transportation in this section shall operate for the purposes of increasing or decreasing the base for the limit imposed by subsection 4(c) of Ordinance 126237.

Section 11. Appropriations in the 2021 Adopted Budget and project allocations in the 2021-2026

Adopted Capital Improvement Program are modified as follows:

Item	Department	Fund	Budget Summary Level/BCL Code	CIP Project Appropriation Change	CIP Project Name
------	------------	------	-------------------------------	----------------------------------	------------------

11.1	Seattle Department of Transportation	REET II Capital Fund (30020)	Mobility-Capital (30020-BC-TR-19003)	(\$200,000)	Northgate Bike and Pedestrian Improvements (MC-TR-C055)
				\$200,000	NE 43rd Street Improvements (MC-TR-C074)
11.2	Seattle Department of Transportation	Move Seattle Levy Fund (10398)	Mobility-Capital (10398-BC-TR-19003)	\$15,021,510	Northgate Bridge and Cycle Track (MC-TR-C030)
			Major Maintenance/Replacement (10398-BC-TR-19001)	\$6,978,490	Arterial Asphalt & Concrete Program Phase II (MC-TR-C033)
		2021 Multipurpose LTGO Bond Fund (36800)	Major Maintenance/Replacement (36800-BC-TR-19001)	(\$6,978,490)	Arterial Asphalt & Concrete Program Phase II (MC-TR-C033)
			Mobility-Capital (36800-BC-TR-19003)	(\$15,021,510)	Northgate Bridge and Cycle Track (MC-TR-C030)
11.3	Seattle Department of Transportation	Move Seattle Levy Fund (10398)	Major Maintenance/Replacement (10398-BC-TR-19001)	\$9,150,000	Arterial Asphalt & Concrete Program Phase II (MC-TR-C033)
				(\$2,750,000)	Bridge Seismic - Phase III (MC-TR-C008)
				(\$4,500,000)	Bridge Rehabilitation and Replacement Phase II (MC-TR-C039)
				(\$1,900,000)	Arterial Major Maintenance (MC-TR-C071)
11.4	Seattle Department of Transportation	Move Seattle Levy Fund (10398)	Major Maintenance/Replacement (10398-BC-TR-19001)	\$363,521	Arterial Asphalt & Concrete Program Phase II (MC-TR-C033)

		Transportation Fund (13000)	Major Maintenance/Replacement (13000-BC-TR-19001)	(\$363,521)	Arterial Asphalt & Concrete Program Phase II (MC-TR-C033)
11.5	Seattle Public Library	2019 Library Levy Fund (18200)	The Seattle Public Library (18200-BO-SPL)	(\$34,000)	Library Major Maintenance (MC-PL-B3011)
				\$34,000	Major Capital Equipment (MC-PL-B3200)
		Library Fund (10410)	The Seattle Public Library (18200-BO-SPL)	(\$1,700,000)	Library Major Maintenance (MC-PL-B3011)
				\$1,700,000	Major Capital Equipment (MC-PL-B3200)
		2012 Library Levy Fund (18100)	The Seattle Public Library (18200-BO-SPL)	(\$466,000)	Library Major Maintenance (MC-PL-B3011)
				\$466,000	Major Capital Equipment (MC-PL-B3200)
11.6	Seattle Public Library	2019 Library Levy Fund (18200)	The Seattle Public Library (18200-BO-SPL)	(\$2,000,000)	Library Major Maintenance (MC-PL-B3011)
				\$2,000,000	IT Infrastructure (MC-PL-B3100)
11.7	Seattle Public Utilities	Solid Waste Fund (45010)	New Facilities (45010-BC-SU-C230B)	(\$3,500,000)	South Recycling Center (MC-SU-C2302)
			Rehabilitation & Heavy Equipment (45010-BC-SU-C240B)	\$3,500,000	Midway Landfill (MC-SU-C2403)
11.8	Seattle Public Utilities	Drainage and Wastewater Fund (44010)	Technology (44010-BC-SU-C510B)	\$1,276,893	Customer Contact & Billing (MC-SU-C5402)

				(\$1,276,893)	Asset Information Management (MC-SU-C5407)
11.9	Seattle Public Utilities	Solid Waste Fund (45010)	Technology (45010-BC-SU-C510B)	\$122,688	Customer Contact & Billing (MC-SU-C5402)
				(\$122,688)	Asset Information Management (MC-SU-C5407)
11.10	Seattle Public Utilities	Water Fund (43000)	Distribution (43000-BC-SU-C110B)	\$551,275	Water Infrastructure-Hydrant Replace/Relocate (MC-SU-C1110)
				(\$551,275)	Watermain Rehabilitation (MC-SU-C1129)
11.11	Seattle Public Utilities	Water Fund (43000)	Distribution (43000-BC-SU-C110B)	\$621,333	Water Infrastructure-Water Main Extensions (MC-SU-C1111)
				(\$621,333)	Watermain Rehabilitation (MC-SU-C1129)
11.12	Seattle Public Utilities	Water Fund (43000)	Distribution (43000-BC-SU-C110B)	\$1,522,610	Water Infrastructure-New Taps (MC-SU-C1113)
			Transmission (43000-BC-SU-C120B)	(\$1,522,610)	Transmission Pipelines Rehab (MC-SU-C1207)
11.13	Seattle Public Utilities	Water Fund (43000)	Transmission (43000-BC-SU-C120B)	(\$448,701)	Transmission Pipelines Rehab (MC-SU-C1207)
			Watershed Stewardship (43000-BC-SU-C130B)	\$448,701	Tolt Bridges (MC-SU-C1308)
11.14	Seattle Public Utilities	Water Fund (43000)	Shared Cost Projects (43000-BC-SU-C410B)	(\$854,022)	Move Seattle - WF (MC-SU-C4119-WF)

				\$854,022	Other Major Transportation Projects - WF (MC-SU-C4123-WF)
11.15	Seattle Public Utilities	Drainage and Wastewater Fund (44010)	Rehabilitation (44010-BC-SU-C370B)	(\$500,000)	Pipe Renewal Program (MC-SU-C3710)
				\$500,000	Drainage Facilities Rehabilitation (MC-SU-C3711)
11.16	Seattle Public Utilities	Solid Waste Fund (45010)	Technology (45010-BC-SU-C510B)	\$259,233	Customer Contact & Billing (MC-SU-C5402)
				(\$259,233)	Project Delivery & Performance (MC-SU-C5405)
		Water Fund (43000)	Technology (43000-BC-SU-C510B)	\$683,728	Customer Contact & Billing (MC-SU-C5402)
				(\$683,728)	Project Delivery & Performance (MC-SU-C5405)
		Drainage and Wastewater Fund (44010)	Technology (44010-BC-SU-C510B)	\$830,019	Customer Contact & Billing (MC-SU-C5402)
				(\$830,019)	Project Delivery & Performance (MC-SU-C5405)
11.17	Seattle Public Utilities	Water Fund (43000)	Shared Cost Projects (43000-BC-SU-C410B)	(\$750,000)	Move Seattle - WF (MC-SU-C4119-WF)
				\$750,000	Regional Facility - Other - WF (MC-SU-C4107-WF)
11.18	Department of Finance and Administrative Services	REET I Capital Fund (30010)	Public Safety Facilities Fire (30010-BC-FA-PSFACFIRE)	(\$700,000)	Fire Station 5 (MC-FA-FS5)

				\$700,000	Fire Facilities South Lake Union (MC-FA-PSFSSLU)
11.19	Seattle City Light	Light Fund (41000)	Customer Focused - CIP (41000-BC-CL-Z)	\$2,600,000	New Customer Information System (MC-CL-ZC9937)
			Transmission and Distribution - CIP (41000-BC-CL-Y)	(\$2,600,000)	Mobile Workforce Implementation (MC-CL-YR8429)
11.20	Seattle City Light	Light Fund (41000)	Customer Focused - CIP (41000-BC-CL-Z)	\$1,000,000	Streetlights: Arterial, Residential and Floodlights (MC-CL-ZL8378)
				(\$1,000,000)	Streetlight LED Conversion Program (MC-CL-ZL8441)
11.21	Seattle City Light	Light Fund (41000)	Power Supply - CIP (41000-BC-CL-X)	\$560,000	Denny Substation Tenant Improvements (MC-CL-XF9235)
			Transmission and Distribution - CIP (41000-BC-CL-Y)	(\$560,000)	Transmission Tower Refurbishment (MC-CL-YT7130)
11.22	Seattle City Light	Light Fund (41000)	Power Supply - CIP (41000-BC-CL-X)	(\$1,139,000)	Building Envelope Upgrades (MC-CL-XF9072)
				(\$479,000)	Miscellaneous Building Improvements (MC-CL-XF9007)
				(\$2,519,000)	Safety Modifications (MC-CL-XF9006)
				(\$1,363,000)	Seismic Mitigation (MC-CL-XF9134)
				(\$190,000)	Environmental Safeguarding and Remediation of Facilities (MC-CL-XF9152)

				(\$10,000)	Facilities Infrastructure Improvements (MC-CL-XF9156)
				(\$405,000)	North and South Service Center Improvements (MC-CL-XF9107)
				(\$325,000)	NSC Expansion (MC-CL-XF9220)
				\$7,180,000	Office Furniture and Equipment Purchase (MC-CL-XF9103)
			Transmission and Distribution - CIP (41000-BC-CL-Y)	(\$750,000)	Security Improvements (MC-CL-YD9202)
11.23	Seattle City Light	Light Fund (41000)	Power Supply - CIP (41000-BC-CL-X)	(\$1,000,000)	Boundary Powerhouse - Unit 52 Generator Rebuild (MC-CL-XB6535)
				\$1,300,000	Boundary Powerhouse - Unit 54 Generator Rebuild (MC-CL-XB6353)
				(\$100,000)	Boundary DC Panel Upgrade (MC-CL-XB6628)
				(\$200,000)	Boundary Sump Pump Drive Replacement (MC-CL-XB6633)
11.24	Seattle City Light	Light Fund (41000)	Power Supply - CIP (41000-BC-CL-X)	(\$1,000,000)	Boundary Facility - Minor Improvements Program (MC-CL-XB6401)
				\$1,150,000	Boundary Powerhouse - Unit 51 Generator Rebuild (MC-CL-XB6351)

				(\$150,000)	Boundary Facilities Master Plan (MC-CL-XB6642)
11.25	Seattle City Light	Light Fund (41000)	Power Supply - CIP (41000-BC-CL-X)	\$940,000	Skagit Facility - Minor Improvements Program (MC-CL-XS6405)
				(\$300,000)	Boundary Control Room Alarm System Replacement (MC-CL-XB6637)
				(\$540,000)	Newhalem - Generator 20/Support Facility Rebuild (MC-CL-XS6479)
				(\$100,000)	Ross - Exciters 41-44 (MC-CL-XS6564)
11.26	Seattle City Light	Light Fund (41000)	Power Supply - CIP (41000-BC-CL-X)	(\$300,000)	Ross Dam - AC/DC Distribution System Upgrade (MC-CL-XS6373)
				(\$300,000)	Skagit Facility Conservation (MC-CL-XS6515)
				(\$200,000)	Boundary Station Service Transformer Replacement (MC-CL-XB6627)
				(\$200,000)	Skagit - Boat Facility Improvements (MC-CL-XS6540)
				\$1,000,000	Ross - Governors (MC-CL-XS6562)
11.27	Seattle City Light	Light Fund (41000)	Power Supply - CIP (41000-BC-CL-X)	(\$200,000)	Cedar Falls Rehabilitation (MC-CL-XC6625)

				\$600,000	Cedar Falls Powerhouse - Penstock Stabilization (MC-CL-XC6358)
				(\$400,000)	Cedar Falls Substation & Bank 6 Replacement (MC-CL-XC6573)
11.28	Seattle City Light	Light Fund (41000)	Customer Focused - CIP (41000-BC-CL-Z)	\$100,000	Meter Additions (MC-CL-ZS8054)
			Transmission and Distribution - CIP (41000-BC-CL-Y)	(\$100,000)	Special Work Equipment - Tech Metering (MC-CL-YN8485)
11.29	Seattle City Light	Light Fund (41000)	Power Supply - CIP (41000-BC-CL-X)	(\$2,356,000)	Boundary - Licensing Mitigation (MC-CL-XB6987)
				\$2,356,000	Skagit - Relicensing (MC-CL-XS6986)
11.30	Seattle City Light	Light Fund (41000)	Customer Focused - CIP (41000-BC-CL-Z)	(\$500,000)	Overhead Outage Replacements (MC-CL-ZS8350)
				(\$2,000,000)	Network Additions and Services - Denny (MC-CL-ZS8405)
				\$2,500,000	Network Additions and Services: First Hill, Massachusetts, Union & University (MC-CL-ZS8364)
11.31	Seattle City Light	Light Fund (41000)	Customer Focused - CIP (41000-BC-CL-Z)	(\$4,000,000)	Network Additions and Services - Denny (MC-CL-ZS8405)
				\$3,000,000	Medium Overhead and Underground Services (MC-CL-ZS8366)

				\$1,000,000	Large Overhead and Underground Services (MC-CL-ZS8365)
11.32	Seattle City Light	Light Fund (41000)	Customer Focused - CIP (41000-BC-CL-Z)	(\$3,000,000)	Overhead and Underground Relocations (MC-CL-ZT8369)
				\$3,000,000	Small Overhead and Underground Services (MC-CL-ZS8367)
11.33	Seattle City Light	Light Fund (41000)	Transmission and Distribution - CIP (41000-BC-CL-Y)	\$1,200,000	Transmission & Generation Radio Systems (MC-CL-YD9108)
				(\$600,000)	Communications Improvements (MC-CL-YD9009)
				(\$600,000)	Distribution Area Communications Networks (MC-CL-YD9307)
11.34	Seattle City Light	Light Fund (41000)	Customer Focused - CIP (41000-BC-CL-Z)	(\$1,000,000)	Network Additions and Services: Broad Street Substation (MC-CL-ZS8363)
				\$4,000,000	Major Emergency (MC-CL-ZS8380)
			Transmission and Distribution - CIP (41000-BC-CL-Y)	(\$1,000,000)	Broad Street Substation - Network (MC-CL-YN8203)
				(\$1,000,000)	Substation Capacity Additions (MC-CL-YS7751)
				(\$500,000)	Substation Automation (MC-CL-YS8424)
				(\$500,000)	Transmission Reliability (MC-CL-YT7104)

11.35	Seattle City Light	Light Fund (41000)	Transmission and Distribution - CIP (41000-BC-CL-Y)	(\$2,000,000)	Underground 26kV Conversion (MC-CL-YR8362)
				\$3,000,000	Overhead Customer Driven Capacity Additions (MC-CL-YR8355)
				(\$1,000,000)	Overhead 26kV Conversion (MC-CL-YR8358)
11.36	Seattle City Light	Light Fund (41000)	Transmission and Distribution - CIP (41000-BC-CL-Y)	(\$1,500,000)	Massachusetts Street Substation - Networks (MC-CL-YN8202)
				(\$500,000)	First Hill - Network (MC-CL-YN8301)
				\$1,000,000	Underground Customer Driven Capacity Additions (MC-CL-YR8360)
				\$1,000,000	Underground System Capacity Additions (MC-CL-YR8361)
11.37	Seattle City Light	Light Fund (41000)	Transmission and Distribution - CIP (41000-BC-CL-Y)	(\$500,000)	Denny Substation - Network (MC-CL-YN8404)
				\$500,000	University Substation - Network (MC-CL-YN8464)
11.38	Seattle City Light	Light Fund (41000)	Customer Focused - CIP (41000-BC-CL-Z)	\$300,000	Creston-Nelson to Intergate East Feeder Installation (MC-CL-ZO8430)
			Transmission and Distribution - CIP (41000-BC-CL-Y)	(\$300,000)	Substation Plant Improvements (MC-CL-YS7750)
11.39	Seattle City Light	Light Fund (41000)	Transmission and Distribution - CIP (41000-BC-CL-Y)	(\$5,000,000)	Substation Breaker Replacements and Reliability Additions (MC-CL-YS7779)

				\$7,000,000	Overhead Equipment Replacements (MC-CL-YR8351)
				(\$2,000,000)	Substation Equipment Improvements (MC-CL-YS7752)
11.40	Seattle Department of Transportation	Transportation Fund (13000)	Mobility-Capital (13000-BC-TR-19003)	\$900,000	Pedestrian Master Plan - New Sidewalks (MC-TR-C058)
				(\$900,000)	Pedestrian Master Plan - School Safety (MC-TR-C059)
11.41	Seattle Public Utilities	Water Fund (43000)	Distribution (43000-BC-SU-C110B)	\$500,000	Water Infrastructure-New Taps (MC-SU-C1113)
				(\$500,000)	Watermain Rehabilitation (MC-SU-C1129)
11.42	Seattle Public Utilities	Drainage and Wastewater Fund (44010)	Protection of Beneficial Uses (44010-BC-SU-C333B)	(\$1,000,000)	GSI for Protection of Beneficial Uses (MC-SU-C3316)
				\$1,000,000	Beneficial Uses Program (MC-SU-C3317)
11.43	Seattle Public Utilities	Solid Waste Fund (45010)	New Facilities (45010-BC-SU-C230B)	(\$500,000)	South Recycling Center (MC-SU-C2302)
				\$500,000	Miscellaneous Station Improvement (MC-SU-C2303)
Net Change				\$0	

Allocation modifications for the Seattle Department of Transportation, Seattle City Light, and Seattle Public Utilities in this section shall operate for the purposes of increasing or decreasing the base for the limit imposed by subsection 4(c) of Ordinance 126237.

Section 12. The following positions are created in the following departments:

This ongoing project repairs and/or replaces deteriorated asphalt pavement and/or concrete panels on non-arterial streets. Project locations are chosen annually based upon the degree of deterioration as confirmed by Department staff field observations, citizen service requests, claims, and potential City liability. High priority is given to non-arterial streets used by transit, in areas with heavy pedestrian and bicycle traffic, and which serve business and industry.

SUMMARY and FISCAL NOTE*

Department:	Dept. Contact/Phone:	CBO Contact/Phone:
City Budget Office	Caleb Wagenaar (3-9228)	Ben Noble (4-8160)

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title: AN ORDINANCE amending Ordinance 126237, which adopted the 2021 Budget, including the 2021-2026 Capital Improvement Program (CIP); changing appropriations to various departments and budget control levels, and from various funds in the Budget; revising project allocations for certain projects in the 2021-2026 CIP; creating positions; modifying positions; abrogating positions; and ratifying and confirming certain prior acts; all by a 3/4 vote of the City Council.

Summary and background of the Legislation: This ordinance proposes several adjustments to the 2021 Adopted Budget.

The City Budget Office compiles departmental requests for spending adjustments to the Adopted Budget into a quarterly Supplemental Ordinance for review and approval by the City Council. These quarterly bills accomplish the following:

- Adjust appropriation authority to Budget Control Levels approved in the Adopted Budget or subsequent legislation;
- Appropriate funding backed by new revenue sources, such as grants and private donations;
- Adjust the Adopted Capital Improvement Program;
- Make changes to departments position authority; and
- Adjust for unanticipated actual and projected revenues.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? X Yes No

Note: Please see Attachment A to this document.

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? X Yes No

Appropriation change (\$):	General Fund \$		Other \$	
	Operating 2021	Capital 2021	Operating 2021	Capital 2021
	\$18,941,633	\$(1,403,260)	\$195,243,409	\$(176,023,201)

Estimated revenue change (\$):	Revenue to General Fund		Revenue to Other Funds	
	Operating 2021	Capital 2021	Operating 2021	Capital 2021
	\$10,625,810	\$0	\$42,212,019	\$66,054,563
Positions affected:	No. of Positions		Total FTE Change	
	2021	2022	2021	2022
	29.0		23.0	

Does the legislation have other financial impacts to The City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?

Yes, some items in this ordinance represent costs increases to departments in order for them to accomplish the desired objectives as stated in Attachment A to this document.

Is there financial cost or other impacts of *not* implementing the legislation?

The same objectives could not be achieved without this legislation.

3.d. Appropriations

X This legislation adds, changes, or deletes appropriations.

See Attachment A to this document

3.e. Revenues/Reimbursements

 This legislation adds, changes, or deletes revenues or reimbursements.

A companion bill accepts the new revenues appropriated by this bill.

3.f. Positions

X This legislation adds, changes, or deletes positions.

See Attachment A to this document.

4. OTHER IMPLICATIONS

a. Does this legislation affect any departments besides the originating department?

Yes, this legislation impacts a number of departments' 2021 budgets. The budget appropriation contained in this legislation allow departments to continue programs that for various reasons planned spending was not completed during the calendar year.

b. Is a public hearing required for this legislation?

No

- c. **Does this legislation require landlords or sellers of real property to provide information regarding the property to a buyer or tenant?**
No
- d. **Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?**
No
- e. **Does this legislation affect a piece of property?**
No
- f. **Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities?**
Please see Attachment A to this document for any RSJI implications.
- g. **If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s)?**
Please see Attachment A to this document.

List attachments/exhibits below:

Summary Attachment A – 2021 Year-End Supplemental Ordinance Summary Detail Table

2021 Year-End Supplemental Ordinance Summary Detail Table

Item #	Title	Description	Amount/FTE
<i>Section 1 – Appropriation Decreases – Operating Budgets</i>			
1.1	Reduce Jail Services Appropriation (Department of Finance and Administrative Services)	The item decreases appropriation authority by \$1,100,000 in Finance and Administrative Services Department (FAS), in the Jail Services Budget Control Level (00100-BO-FA-JAILSVCS). This one-time reduction is based on 2021 expenditure forecast showing a reduction in jail use due to continued booking restrictions due to COVID.	(\$1,100,000)
1.2	Reduce Indigent Defense Services Appropriation (Department of Finance and Administrative Services)	The item decreases appropriation authority by \$1,500,000 in Finance and Administrative Services Department (FAS), in the Indigent Defense Services Budget Control Level (00100-BO-FA-INDGTDEF). This one-time reduction is based on 2021 expenditure forecast showing a reduction indigent defense services costs with the court closures through July due to COVID.	(\$1,500,000)
1.3	Abandonment of CLFR Reopening Cost Funding (Department of Finance and Administrative Services)	This item decreases the appropriation authority by \$1,270,000 in the Coronavirus Local Fiscal Recovery (CLFR) Fund appropriations for the Finance and Administrative Service’s Facility Services BSL (BO-FA-FACILITY). This is a technical item in this ordinance due to a decision to swap money originally planned for facility upgrades to revenue replacement needs in the Finance and Administrative Services Fund in 2021 and the City employee vaccine verification costs.	(\$1,270,000)

Item #	Title	Description	Amount/FTE
1.4	Abandon Excess Transit Pass Budget Authority (Finance General)	This item reduces appropriations by \$1,500,000 in Finance General in the General Purpose Budget Control Level in the General Fund (00100-BO-FG-2QD00). Finance General contains the General Fund budget for the transit subsidy benefit offered by the City of Seattle to employees. Recently, the transit subsidy moved to a usage-based charge. With the impacts of the pandemic, the full budget (which assumed a return to office and pre-pandemic transit usage) is not needed due to lower-than projected transit usage. The remaining budget presumes a return to office in mid-October 2021.	(\$1,500,000)
1.5	Abandon Excess Department of Justice Reserve (Finance General)	This item reduces appropriations by \$1,600,000 of General Fund in Finance General in the General Purpose Budget Control Level (00100-BO-FG-2QD00). This reduction aligns budget with projected spending in 2021 related to Department of Justice (DOJ) Consent Decree monitoring activities. A new DOJ Monitoring team was appointed in the second half of 2020. The first half of the new team's tenure was spent developing a new methodology, and as inheres in both the new methodology and current phase of the consent decree, the monitoring team's oversight role has been both higher-level and less time-intensive in nature.	(\$1,600,000)
1.6	Abandon Excess Budget Authority for 2021 Debt Service Payment (Finance General)	This item decreases appropriation authority by \$23,258 in Finance General in the REET I Capital Appropriations to Special Funds Budget Control Level (30010-BO-FG-2QA00). This abandonment aligns the 2021 appropriation with the actual debt service payment according to the new payment schedule post 2021 LTGO bond issuance.	(\$23,258)

Item #	Title	Description	Amount/FTE
1.7	Abandon High Barrier Workgroup Reserve in 2021 (Finance General)	This item reduces appropriations in Finance General by \$400,000 in the General Fund and General Purpose Budget Control Level (00100-BO-FG-2QD00). These funds are ongoing appropriations which were added in the 2020 Adopted Budget for operating costs following capital improvements in the West Wing of the King County Jail. Improvements have been delayed due to the pandemic and so operating budget is not needed in 2021. Funds will be restored for operations at \$400,000 per year in the baseline of the 2022 Proposed Budget. The original proposal was for a partnership between the City and King County to create a 40-60 bed, comprehensive place-based treatment center. The City and County continue to collaborate on an appropriate facility in light of the pandemic and evolving needs.	(\$400,000)
1.8	Transfer Rental Assistance Budget from HSD to OH (Human Services Department)	This item decreases appropriation authority by (\$8,000,000) in the Human Services Department, in the General Fund Addressing Homelessness Budget Control Level (00100-H3000). The budget will transfer to the Office of Housing. The budget was added to HSD in 2021. OH is the lead on the City's rental assistance program and is better positioned to administer this funding.	(\$8,000,000)
1.9	Reduce appropriation for erroneous carryforward (Human Services Department)	This item decreases appropriation authority by \$2,297,433 in the General Fund Addressing Homelessness Budget Control Level (00100-BO-HS-H3000). This appropriation was duplicated in the Human Services Fund.	(\$2,297,433)

Item #	Title	Description	Amount/FTE
1.10	Partial Grant Appropriation Abandonment (Office of Planning and Community Development)	This item decreases appropriation authority by \$30,000 in the Office of Planning and Community Development's General Fund Planning and Community Development Budget Control Level (00100-BO-PC-X2POO). Council Bill 119818, also referred to as the 2020 2Q supplemental budget, added \$100,000 of appropriation authority for a state Department of Commerce grant in support of a housing action plan. Based on the work completed in 2021, \$70,000 was reimbursed by the state and the grant has closed. OPCD is therefore abandoning the remaining \$30,000 of grant appropriation.	(\$30,000)
1.11	Move Seattle Levy Bond Debt Service Costs Abandonment (Seattle Department of Transportation)	This item reduces Department of Transportation, Move Seattle Levy Fund appropriations in the General Expense BSL (BO-TR-18002) in the amount of \$170,000. This represented expenditure authority for payment of interest costs associated with the issuance of a bond to support the Move Seattle Levy Portfolio. That bond is no longer being issued.	(\$170,000)
1.12	Grant Appropriation Abandonment for BioWatch FY2020-21 (Seattle Fire Department)	This item decreases grant-backed appropriation authority by \$12,548 in the Seattle Fire Department, in the General Fund, in the Operations Budget Control Level (BO-FD-F3000). This grant from the Department of Homeland Security ended on 4/30/2021, all expenses have been billed, all revenue received and the remaining appropriation is no longer needed.	(\$12,548)
1.13	Abandonment of CLFR Downtown Funding (Office of Economic Development)	This item decreases the appropriation authority by \$900,000 in the Coronavirus Local Fiscal Recovery (CLFR) Fund appropriations for the Office of Economic Development's Business Services BSL (BO-ED-X1D00). This is the first of two technical items included in this ordinance which provide a swap in funding for activities supporting the recovery of the Downtown neighborhood due to the ineligibility of using CLFR funding for some of the planned activities.	(\$900,000)

Item #	Title	Description	Amount/FTE
1.14	Operating Grant and Contract Abandonments (Seattle Public Utilities)	This item decreases appropriation by \$1,717,402 in Seattle Public Utilities across multiple Budget Control Levels. This request abandons grant and contract carryforward amounts that are not needed by Seattle Public Utilities in 2021.	(\$1,717,402)
1.15	Gates Grant Abandonment (Department of Education and Early Learning)	This item decreases appropriation authority by \$100K for the Department of Education and Early Learning (DEEL) General Fund Budget Control Level Early Learning Programs (00100-BO-EE-IL100). This reduction reflects unearned revenue for a Gates Foundation grant which ended in June 2021.	(\$100,908)
1.16	Labor Savings Transfer to CIP for SLIM Replacement (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$400,000 to the Finance and Administrative Services Department (FAS) in the General Fund, City Finance BSL (00100-BO-FA-CITYFINAN). This funding is due to one-time position cost savings from vacant position in the tax administration program and will be used to fund the SLIM Replacement project startup.	(\$400,000)
1.17	Equitable Communities Initiative Arts Fund Swap (Finance General)	This item reduces appropriation by \$2 million in Finance General in the General Fund Appropriation to Special Funds Budget Control Level (00100-BO-FG-2QA00). This was an appropriation originally included in the 2021 Adopted Budget in Finance General for Equitable Communities Initiative Task force Recommendations. In August 2021, the Equitable Communities Initiative Task force gave recommendations to the City Council and Council Bill 120131 moved appropriations to departments for implementation. Some appropriations remained in Finance General to transfer General Funds to departments with proprietary funds, including the Office of Arts and Culture. This is a technical item to abandon the Finance General appropriations which were in the General Fund to transfer to the Arts and Culture Fund. Instead the Office of Arts and Culture will spend directly out of the General Fund.	(\$2,000,000)

Item #	Title	Description	Amount/FTE
1.18	Abandon Reserve Appropriation for Paid Parental Leave (PPL) (Finance General)	This item reduces appropriation by \$2 million in Finance General in the General Purpose Budget Control Level (00100-BO-FG-2QD00). This was an appropriation originally included in the 2021 Adopted Budget in Finance General for a Paid Parental Leave reserve. This appropriation will be re-appropriated in the individual department budgets. This is a technical item to abandon the Finance General appropriations.	(\$2,000,000)
1.19	Repurpose COVID Testing Reserve for Vaccine Programs (Finance General)	This item reduces appropriation by \$4,442,532 in Finance General in the General Purpose Budget Control Level (00100-BO-FG-2QD00). This appropriation was originally included in the 2021 Adopted Budget in Finance General as a to address testing costs incurred by various City departments in 2021. Given the changing landscape of the COVID-19 pandemic, this appropriation will be repurposed to fund vaccine booster clinics, vaccine outreach for children ages 5-11, general vaccine outreach via King County Public Health and through existing community-based organizations, and a grant program to support local businesses in meeting vaccine verification requirements. The appropriation abandoned from Finance General will be reappropriated in the Seattle Fire Department, the Department of Education and Early Learning, the Human Services Department and the Office of Immigrant and Refugee Affairs, and the Office of Economic Development to execute these programs.	(\$4,442,532)

Item #	Title	Description	Amount/FTE
1.20	2020 Retro and 2021 Telework Stipend (Finance General)	This item reduces appropriation by \$184,300 in Finance General in the General Purpose Budget Control Level (00100-BO-FG-2QD00). This was a \$570,000 appropriation originally included in the 2021 Adopted Budget in Finance General for a Telework Stipend Reserve. \$385,700 will be required to support transfers to several other funds which have separately appropriated telework stipend amounts in their respective department budgets. The remaining \$184,300 of the original appropriation is unneeded.	(\$184,300)
1.21	SRP1 Seattle Relief Fund funding distribution to HSD (Office of Immigrant and Refugee Affairs)	This Change Request transfers \$414,000 in budget authority from the Office of Immigrant and Refugee Affairs (OIRA) General Fund Office of Immigrant and Refugee Affairs Budget Control Level (00100-BO-IA-X1N00) to the Human Services Department (HSD) to support HSD staffing and community-based outreach and application assistance contracts with HSD partners. Ordinance 126372 appropriated \$25,000,000 to OIRA for activities supporting financial assistance to Seattle’s low-income households who have experienced the economic impacts caused by the COVID-19 crisis and those disproportionately impacted by the COVID-19 public health crisis. OIRA is working in partnership with HSD to implement the Seattle Relief Fund which seeks to disburse disaster cash assistance to low-income households as identified in the Ordinance 126372. The balance of these funds is being expended directly by OIRA on behalf of the City’s cash assistance efforts, including staffing, translation, a media campaign, and payments to community-based organizations and contractors.	(\$414,000)

Item #	Title	Description	Amount/FTE
1.22	Grant Appropriation Abandonment for Fire, Prevention and Safety (FPS) 2017 Grant (Seattle Fire Department)	This item decreases grant-backed appropriation authority by \$257,774 in the Seattle Fire Department, in the Operations Budget Control Level (BO-FD-F3000). This grant from the Department of Homeland Security/FEMA ended on 8/16/2021. All expenses have been billed, all revenue has been received and the remaining appropriation is no longer needed.	(\$257,774)

Item #	Title	Description	Amount/FTE
1.23	Grant Abandonments (Seattle Police Department)	<p>The following appropriations are abandoned from various BSLs associated with grant awards:</p> <p>(1) -\$54,336 from the Criminal Investigations BSL for the LIMS grant awarded by DOJ National Institute of Justice;</p> <p>(2) -\$3,233 from the Special Operations BSL for the FY19 Boating Safety grant awarded by the Washington State Parks and Recreation Commission;</p> <p>(3) -\$68,404 from the Special Operations BSL for the FY16 Port Security Grant awarded by the Federal Emergency Management Agency;</p> <p>(4) -\$60,000 from the Chief of Police BSL for the Impaired Driving Grant FY18 awarded by Washington Traffic Safety Commission;</p> <p>(5) -\$35,022 from the Leadership and Administration BSL for the Impaired Driving Grant FY19 awarded by WA State Traffic Safety Commission;</p> <p>(6) -\$97,627 from the Criminal Investigations BSL for the RTCC Grant 2018 awarded by DOJ Bureau of Justice Assistance;</p> <p>(7) -\$13,316 from the Special Operations BSL for the FY18 State Homeland Security Program grant awarded by the U.S. Department of Homeland Security through the Washington State Military Department and King County Office of Emergency Management;</p> <p>(8) -\$44,200 from the Chief of Police BSL for the Target Zero Grant FY18 awarded by the WA State Traffic Safety Commission;</p> <p>(9) +\$41,091 from the Special Operations BSL for the Target Zero Grant FY18 awarded by the WA State Traffic Safety Commission;</p> <p>(10) -\$23,618 from the Special Operations BSL for the Target Zero Grant FY19 awarded by the WA State Traffic Safety Commission.</p> <p>All grant terms are completed.</p>	(\$358,665)

Item #	Title	Description	Amount/FTE
Section 2 – Appropriation Increases – Operating Budgets			
2.1	Language Premium Stipend 2020 Retro and 2021 Annual Amount (Department of Education and Early Learning)	This item increases appropriations by \$4800 in the General Fund in the Early Learning Budget Control Level (0100-BO-EE-IL100). This is a one-time payment for language services stipends for 2020 retroactive payments and the 2021 annual projected total. Per the Coalition of City Unions collective bargaining agreement, City employees who are multilingual and provide language services, such as interpretation and translation, to communicate with clients and/or other employees in business-related situations are eligible for a monthly language premium stipend, back-dated to January 2020. A corresponding change request for the 2022 Proposed Budget will increase appropriation authority for the department on an ongoing basis.	\$4,800
2.2	Language Premium Stipend 2020 Retro and 2021 Annual Amount (Department of Finance and Administrative Services)	This item increases appropriations by \$19,200 in the General Fund in the Leadership and Administration Budget Control Level (00100-BO-FA-RCCP). This is a one-time payment for language services stipends for 2020 retroactive payments and the 2021 annual projected total. Per the Coalition of City Unions collective bargaining agreement, City employees who are multilingual and provide language services, such as interpretation and translation, to communicate with clients and/or other employees in business-related situations are eligible for a monthly language premium stipend, back-dated to January 2020. A corresponding change request for the 2022 Proposed Budget will increase appropriation authority for the department on an ongoing basis.	\$19,200

Item #	Title	Description	Amount/FTE
2.3	Increase Appropriation Authority in the Fleet Capital Program for 2021 Replacements (Department of Finance and Administrative Services)	This item increases appropriation authority by \$4,871,577 to the Finance and Administrative Services Department (FAS) in the Fleet Capital Fund, Fleet Capital Program Budget Control Level (50321-BO-FA-FLEETCAP). Fleet Capital requires this appropriation to replace vehicles paid for in advance through replacement rates by departments across the City. The increased appropriation allows Fleet Capital to replace vehicles for departments across the City as scheduled with funds already provided by those departments.	\$4,871,577
2.4	Advancing 2022 Appropriation in the Fleet Capital Program (Department of Finance and Administrative Services)	This item increases appropriation authority by \$4,820,618 to the Finance and Administrative Services Department (FAS) in the Fleet Capital Fund, Fleet Capital Program Budget Control Level (50321-BO-FA-FLEETCAP). COVID is causing substantially longer lead times on procurement of vehicles that is disrupting up-fitting operations and delaying scheduled replacement of vehicles. This proposal would advance budget authority originally included in the 2022 proposed budget to 2021, which would allow Fleet Capital to order vehicles early to both spread peak workload across 2022 and receive vehicles closer to the originally scheduled replacement date.	\$4,820,618
2.5	New Lease Accounting System (Department of Finance and Administrative Services)	This item increases appropriation authority by \$75,000 to the Finance and Administrative Services Department (FAS) in the FAS Operating Fund, City Finance Budget Control Level (50300-BO-FA-CITYFINAN). This request is necessary to provide funding to implement a system to support the City's GASB Statement 87 reporting requirements in recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. Revenues will be recovered through 2022 FAS' Cost Allocation.	\$75,000

Item #	Title	Description	Amount/FTE
2.6	Appropriation to Indemnify City of Seattle Contracts With the State of Washington (Department of Finance and Administrative Services)	This item increase appropriation authority by \$3,500,000 in Finance and Administrative Services Department (FAS) in the Judgment and Claims Fund General Liability Budget Control Level (00126-BO-FA-CJ010). In the 2012 Fourth Quarter Supplemental a continuing appropriation was established for pending or actual claims against the City (FAS) through this General Liability BSL. The amount of \$6.5 million was based on the City's excess liability self-insured retention (SIR). New excess liability insurance has increase SIR to \$10 million effective June 1, 2021. Unspent funds so appropriated shall carry forward to subsequent fiscal years until they are exhausted or abandoned by ordinance.	\$3,500,000
2.7	Language Premium Stipend 2020 Retro and 2021 Annual Amount (Department of Neighborhoods)	This item increases appropriations by \$33,600 in the General Fund in the Leadership and Administration Budget Control Level (DON-BO-DN-I3100). This is a one-time payment for language services stipends for 2020 retroactive payments and the 2021 annual projected total. Per the Coalition of City Unions collective bargaining agreement, City employees who are multilingual and provide language services, such as interpretation and translation, to communicate with clients and/or other employees in business-related situations are eligible for a monthly language premium stipend, back-dated to January 2020. A corresponding change request for the 2022 Proposed Budget will increase appropriation authority for the department on an ongoing basis.	\$33,600

Item #	Title	Description	Amount/FTE
2.8	General Fund Interfund Loan Appropriation for Interest Expense (Finance General)	This item increases appropriations by \$1,900,000 in the General Fund in the Finance General Appropriations to Special Funds Budget Control Level (00100-BO-FG-2QA00). This appropriation is needed to cover the interest expense associated with the \$205 million interfund loan authorized by ORD 126407. The General Fund would have born this cost even without the interfund loan, but it would have been recorded as a negative revenue instead of an expenditure. As it is now an expenditure, appropriations are needed.	\$1,900,000
2.9	Insurance Premium Cost Increase (Finance General)	This item increases appropriations by \$2,441,000 to Finance General in the General Fund Appropriations to Special Funds Budget Control Level (00100-BO-FG-2QA00). These funds are needed to pay for increased insurance premium costs due to a tightening insurance market and increased coverage.	\$2,441,000
2.10	Transfer Coronavirus Local Fiscal Recovery Funds to General Fund (Finance General)	This item increases appropriation authority by \$26,670,000 in Finance General in the Coronavirus Local Fiscal Recovery Fund Appropriation to Special Funds Budget Control Level (14000-BO-FG-2QA00). This is a technical item. These appropriations are needed for grant accounting purposes to allow the record of an expenditure of Coronavirus Local Fiscal Recovery (CLFR) Funds for revenue replacement to the General Fund in 2021. The appropriation includes \$25 million to back the revenue replacement needed for the Office of Immigrant and Refugee Affairs appropriation in Council Bill 120094; \$900,000 to back the revenue replacement requested for the Office of Economic Development appropriation in the Q3 Supplemental; and \$770,000 to back the revenue replacement requested by the Department of Finance and Administrative Services for revenue losses in parking and rent in the Finance and Administrative Service Fund (50300) in the Q3 Supplemental.	\$26,670,000

Item #	Title	Description	Amount/FTE
2.11	Language Premium General Fund Transfer (Finance General)	This item increases appropriations by \$177,600 in the General Fund in the Appropriation to Special Funds Budget Control Level of Finance General (00100-BO-FG-2QA00). This is a one-time payment for language services stipends for 2020 retroactive payments and the 2021 annual projected total. Per the Coalition of City Unions collective bargaining agreement, City employees who are multilingual and provide language services, such as interpretation and translation, to communicate with clients and/or other employees in business-related situations are eligible for a monthly language premium stipend, back-dated to January 2020. A corresponding change request for the 2022 Proposed Budget will increase appropriation authority for the department on an ongoing basis. These appropriations in Finance General are General Fund transfers to fund employees receiving the language premium in Seattle Public Library and the Office of Labor Standards.	\$177,600
2.12	Backfill for FAS Rent and Parking Revenue Loss (Finance General)	This item increases appropriations by \$770,000 in the General Fund in the Finance General Appropriation to Special Funds Budget Control Level (00100-BO-FG-2QA00). These are appropriations to transfer General Fund resources which were obtained through revenue replacement with the Coronavirus Local Fiscal Recovery Fund to the Finance and Administrative Services Fund (50300). This amount of General Fund backfill is being requested for the Finance and Administrative Services Fund due to revenue losses for rent and parking services rendered by the City because of the pandemic.	\$770,000

Item #	Title	Description	Amount/FTE
2.13	Language Premium Stipend 2020 Retro and 2021 Annual Amount (Human Services Department)	This item increases appropriation authority by \$384,000 in the General Fund Promoting Healthy Aging Budget Control Level (00100-BO-HS-H6000). This is a one-time payment for language services stipends for 2020 retroactive payments and the 2021 annual projected total. Per the Coalition of City Unions collective bargaining agreement, City employees who are multilingual and provide language services, such as interpretation and translation, to communicate with clients and/or other employees in business-related situations are eligible for a monthly language premium stipend, back-dated to January 2020. A corresponding change request for the 2022 Proposed Budget will increase appropriation authority for the department on an ongoing basis.	\$384,000
2.14	Transfer of Rental Assistance Authority (Office of Housing)	This item increases General Fund appropriation authority by \$8,000,000 in the Office of Housing's Multifamily Housing BSL (BO-HU-3000). The budget is transferred from the Human Services Department in item HSD-A17, as OH is the lead on the City's rental assistance program and is better positioned to administer this funding.	\$8,000,000

Item #	Title	Description	Amount/FTE
2.15	Add Incentive Program Staff (Office of Housing)	This item creates 1 full-time Manager 1 position for the incentive and land-use related housing programs in the Office of Housing, specifically the MHA (Mandatory Housing Affordability) and MFTE (Multifamily Tax Exemption) programs. The position will be responsible for the overarching components of program management, including interpretation of code, reporting (development of templates, writing annual reports, responding to other ad hoc report requests and data quality control), resolution of customer disputes, and technical negotiations with SDCI on topics such as process flow. The position would also provide supervision to the three direct reports doing transactional work on the programs. Currently OH has one Manager 3 overseeing a wide range of work in OH, including incentive and land use related housing programs, weatherization programs, home repair programs, and city and regional planning as it relates to housing. The requested position would be fully paid for by MHA administrative funds and MFTE revenue. OH is requesting the position urgently, as the volume of transactions remains high and the nature of the work continues to grow in complexity.	\$52,364

Item #	Title	Description	Amount/FTE
2.16	Add Capital Investments Staff (Office of Housing)	This item creates 1 full-time Planning and Development Specialist II position in the Capital Investments unit in the Office of Housing. Existing staff in this unit are lenders who evaluate and underwrite affordable housing projects. The requested new position would separate the complex transactional and compliance work related to these projects, thereby allowing OH lenders to focus on maximizing City funds for affordable housing development. The new position would prepare drafts of loan documents, review title and surveys, monitor compliance with federal and local policies, and ensure adequate documentation in project files. In addition, the position would work with Law on project closings, coordinate with the OH finance unit on wire transfers and audit inquiries, and respond to data requests on OH's capital investments. Through 2023, the requested position would be paid for by the balance of administrative funds from the 2016 Housing Levy, supplemented by MHA administrative funds. Beyond 2023, the cost of this position will be factored into the administrative needs of the next Housing Levy. OH is requesting the position urgently, as the volume of transactions remains high and the nature of the work continues to grow in complexity.	\$46,178

Item #	Title	Description	Amount/FTE
2.17	Language Premium Stipend 2020 Retro and 2021 Annual Amount (Office of Immigrant and Refugee Affairs)	This item increases appropriations by \$26,300 in the Office of Immigrant and Refugee Affairs in the General Fund Immigrant and Refugee Affairs Budget Control Level (00100-BO-IA-X1N00). This is a one-time payment for language services stipends for 2020 retroactive payments and the 2021 annual projected total. Per the Coalition of City Unions collective bargaining agreement, City employees who are multilingual and provide language services, such as interpretation and translation, to communicate with clients and/or other employees in business-related situations are eligible for a monthly language premium stipend, back-dated to January 2020. A corresponding change request for the 2022 Proposed Budget will increase appropriation authority for the department on an ongoing basis.	\$26,300
2.18	Language Premium Stipend 2020 Retro and 2021 Annual Amount (Office of Sustainability and Environment)	This item increases appropriations by \$4800 in the General Fund in the Office of Sustainability and Environment Budget Control Level (BO-SE-X1000). This is a one-time payment for language services stipends for 2020 retroactive payments and the 2021 annual projected total. Per the Coalition of City Unions collective bargaining agreement, City employees who are multilingual and provide language services, such as interpretation and translation, to communicate with clients and/or other employees in business-related situations are eligible for a monthly language premium stipend, back-dated to January 2020. A corresponding change request for the 2022 Proposed Budget will increase appropriation authority for the department on an ongoing basis.	\$4,800

Item #	Title	Description	Amount/FTE
2.19	Language Premium Stipend 2020 Retro and 2021 Annual Amount (Seattle Department of Transportation)	This item increases appropriations by \$4,800 in 00100 General Fund in the Mobility Operations Control Level (00100-BO-TR-17003) and by \$4,800 in 00100 General Fund in the ROW Management Control Level (001000-BO-TR-17004). This is a one-time payment for language services stipends for 2020 retroactive payments and the 2021 annual projected total. Per the Coalition of City Unions collective bargaining agreement, City employees who are multilingual and provide language services, such as interpretation and translation, to communicate with clients and/or other employees in business-related situations are eligible for a monthly language premium stipend, back-dated to January 2020. A corresponding change request for the 2022 Proposed Budget will increase appropriation authority for the department on an ongoing basis.	\$9,600
2.20	Fire Prevention Division Restored Position Funding (Seattle Fire Department)	This item increases appropriation authority by \$194,906 in Seattle Fire Department, in the General Fund, in the Fire Prevention Budget Control Level (BO-FD-F5000). Due to the reduction in construction-related fee revenue and workload during the pandemic and anticipated economic slowdown, funding for one Firefighter-Prevention Inspector position and one Fire Protection Engineer position in the Fire Prevention Division (FPD) was eliminated in the 2021 Adopted Budget. Funding was also eliminated for one Fire Lieutenant-Prevention Inspector position in FPD in recognition that special events have been substantially altered by the pandemic. Now that workload for the construction and special event services has resumed to levels that warrant the restoration of these positions, this supplemental request restores the funding for the remainder of 2021 (prorated for expected staff start dates). These services are supported by revenues collected via permits and fees.	\$194,906

Item #	Title	Description	Amount/FTE
2.21	Language Premium Stipend 2020 Retro and 2021 Annual Amount (Seattle Fire Department)	This item increases appropriation by \$4,800 in the Seattle Fire Department, in the General Fund, in the Leadership and Administration Budget Control Level (BO-FD-F1000). This is a one-time payment for language services stipends for 2020 retroactive payments and the 2021 annual projected total. Per the Coalition of City Unions collective bargaining agreement, City employees who are multilingual and provide language services, such as interpretation and translation, to communicate with clients and/or other employees in business-related situations are eligible for a monthly language premium stipend, back-dated to January 2020. A corresponding change request for the 2022 Proposed Budget will increase appropriation authority for the department on an ongoing basis.	\$4,800
2.22	L27 AWI Adjustment (Seattle Fire Department)	This item increases appropriation authority by \$1,515,340 to Seattle Fire Department, in the General Fund, in the Operations Budget Control Level (BO-FD-F3000). This is a technical adjustment to provide funding for the AWI to Seattle Fire Department to align the budget with the AWI increase for Local 27 members. The 2021 Adopted Budget included funds for AWI at 2%. The actual AWI was 3% and so this provides the additional 1% in AWI.	\$1,515,340
2.23	Software Costs for Vaccine Verification Platform (Seattle Information Technology Department)	This item increases appropriation authority by \$41,400 in Seattle IT in the Seattle IT Operating Fund Applications Budget Control Level (50410-BO-IT-D0100). The appropriation will be used to cover software costs and IT developmental costs to support vaccine verification efforts.	\$41,400

Item #	Title	Description	Amount/FTE
2.24	Language Premium Stipend 2020 Retro and 2021 Annual Amount (Seattle Parks and Recreation)	This item increases appropriations by \$81,600 in the Seattle Parks and Recreation Department in the General Fund Leadership and Administration Budget Control Level (00100-BO-PR-20000). This is a one-time payment for language services stipends for 2020 retroactive payments and the 2021 annual projected total. Per the Coalition of City Unions collective bargaining agreement, City employees who are multilingual and provide language services, such as interpretation and translation, to communicate with clients and/or other employees in business-related situations are eligible for a monthly language premium stipend, back-dated to January 2020. A corresponding change request for the 2022 Proposed Budget will increase appropriation authority for the department on an ongoing basis.	\$81,600
2.25	Fort Lawton Maintenance and Security Costs (Seattle Parks and Recreation)	This item increases appropriation authority by \$222,614 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Parks and Facilities Maintenance and Repairs Budget Control Level (10200-BO-PR-10000). Funding is for maintenance of the Fort Lawton property which the City leases from the US Army. This funding will increase security and maintenance at the site. Seattle Parks and Recreation and the Office of Housing each pay half of the total cost.	\$222,614

Item #	Title	Description	Amount/FTE
2.26	Language Premium Stipend 2020 Retro and 2021 Annual Amount (Seattle Police Department)	This item increases appropriations by \$38,400 in the Seattle Police Department in the General Fund Leadership and Administration Budget Control Level (00100-BO-SP-P1600). This is a one-time payment for language services stipends for 2020 retroactive payments and the 2021 annual projected total. Per the Coalition of City Unions collective bargaining agreement, City employees who are multilingual and provide language services, such as interpretation and translation, to communicate with clients and/or other employees in business-related situations are eligible for a monthly language premium stipend, back-dated to January 2020. A corresponding change request for the 2022 Proposed Budget will increase appropriation authority for the department on an ongoing basis.	\$38,400
2.27	Language Premium Stipend 2020 Retro and 2021 Annual Amount (Seattle Public Library)	This item increases appropriations by \$168,000 in the 10410 Fund in the Library Programs and Services Budget Control Level (10410-BO-SPL). This is a one-time payment for language services stipends for 2020 retroactive payments and the 2021 annual projected total. Per the Coalition of City Unions collective bargaining agreement, City employees who are multilingual and provide language services, such as interpretation and translation, to communicate with clients and/or other employees in business-related situations are eligible for a monthly language premium stipend, back-dated to January 2020. A corresponding change request for the 2022 Proposed Budget will increase appropriation authority for the department on an ongoing basis.	\$168,000

Item #	Title	Description	Amount/FTE
2.28	Appropriation to Pay Increased Central Area Maintenance (CAM) and Property Taxes (Law Department)	This item increases appropriation authority by \$143,877 in the Law Department, in the General Fund Leaders and Administration Budget Control Level (00100-BO-LW-J1100). Costs for central area maintenance (CAM) and property taxes for the City's lease with Columbia Center have been increasing each year. The department absorbed this expense in previous years but is unable to do so in 2021. This item has been included in the 2022 Proposed Budget process for ongoing funding.	\$143,877
2.29	Language Premium Stipend 2020 Retro and 2021 Annual Amount (Seattle Municipal Court)	This item increases appropriations by \$72,000 in the General Fund in the Administration Budget Control Level (00100-BO-MC-3000). This is a one-time payment for language services stipends for 2020 retroactive payments and the 2021 annual projected total. Per the Coalition of City Unions collective bargaining agreement, City employees who are multilingual and provide language services, such as interpretation and translation, to communicate with clients and/or other employees in business-related situations are eligible for a monthly language premium stipend, back-dated to January 2020. A corresponding change request for the 2022 Proposed Budget will increase appropriation authority for the department on an ongoing basis.	\$72,000

Item #	Title	Description	Amount/FTE
2.30	Language Premium Stipend 2020 Retro and 2021 Annual Amount (Office of Economic Development)	This item increases appropriations by \$9600 in the General Fund in the Business Services Budget Control Level (00100-BO-ED-X1D00). This is a one-time payment for language services stipends for 2020 retroactive payments and the 2021 annual projected total. Per the Coalition of City Unions collective bargaining agreement, City employees who are multilingual and provide language services, such as interpretation and translation, to communicate with clients and/or other employees in business-related situations are eligible for a monthly language premium stipend, back-dated to January 2020. A corresponding change request for the 2022 Proposed Budget will increase appropriation authority for the department on an ongoing basis.	\$9,600
2.31	Increase GF for Downtown Recovery Programming (Office of Economic Development)	This item increases the appropriation authority in the Office of Economic Development's General Fund (00100) Business Services BSL (BO-ED-X1D00) by \$900,000. This is the second of two technical items included in this ordinance which provide a swap in funding for activities supporting the recovery of the Downtown neighborhood due to the ineligibility of using CLFR funding for some of the planned activities.	\$900,000
2.32	Employee Vaccine Verification System (Seattle Department of Human Resources)	This item increases one-time appropriation authority by \$420,017 to the Seattle Department of Human Resources General Fund Leadership and Administration Budget Control Level (00100-BO-HR-N5000) for employee vaccine verification system and implementation.	\$420,017
2.33	Operating Grant and Contracts Abandonments Increases (Seattle Public Utilities)	This item increases appropriation by \$897,774 in Seattle Public Utilities across multiple Budget Control Levels. This request is necessary to resolve negative carryforwards from 2020 across various grants and contracts.	\$897,774

Item #	Title	Description	Amount/FTE
2.34	Drainage and Wastewater Fund Bond Defeasance (Seattle Public Utilities)	This item increases appropriation authority by \$50,777,230 in Seattle Public Utilities, in the Drainage and Wastewater Fund (44010) in the General Expense Budget Control Level (44010-BO-SU-N000B). SPU issued bonds for the Drainage and Wastewater CIP and included debt optimization that would yield savings to the ratepayers. In order to implement that, SPU requires additional one-time appropriation authority to manage prior year debt.	\$50,777,230
2.35	Water Fund Bond Defeasance (Seattle Public Utilities)	This item increases appropriation authority by \$80,174,473 in Seattle Public Utilities, in the Water Fund (43000) in Leadership and Administration Budget Control Level (43000-BO-SU-N000B - General Expense). SPU issued bonds for the Water CIP and included debt optimization that would yield savings to the ratepayers. In order to implement that, SPU requires additional one-time appropriation authority to manage prior year debt.	\$80,174,473
2.36	Language Premium Stipend 2020 Retro and 2021 Annual Amount (Office of Labor Standards)	This item increases appropriations by \$9,600 in the Office of Labor Standards Fund Budget Summary Level (00190-BO-LS-1000). This is a one-time payment for language services stipends for 2020 retroactive payments and the 2021 annual projected total. Per the Coalition of City Unions collective bargaining agreement, City employees who are multilingual and provide language services, such as interpretation and translation, to communicate with clients and/or other employees in business-related situations are eligible for a monthly language premium stipend, back-dated to January 2020. A corresponding change request for the 2022 Proposed Budget will increase appropriation authority for the department on an ongoing basis.	\$9,600

Item #	Title	Description	Amount/FTE
2.37	Language Premium Stipend 2020 Retro and 2021 Annual Amount (Office for Civil Rights)	This item increases appropriations by \$48,000 in the General Fund in the Civil Rights Budget Control Level (00100-BO-CR-X1R00). This is a one-time payment for language services stipends for 2020 retroactive payments and the 2021 annual projected total. Per the Coalition of City Unions collective bargaining agreement, City employees who are multilingual and provide language services, such as interpretation and translation, to communicate with clients and/or other employees in business-related situations are eligible for a monthly language premium stipend, back-dated to January 2020. A corresponding change request for the 2022 Proposed Budget will increase appropriation authority for the department on an ongoing basis.	\$48,000
2.38	US Treasury Emergency Rental Assistance Grant Technical Appropriation (Finance General)	This item adds \$1,500,000 of appropriation of General Fund in the Finance General Appropriations to Special Funds Budget Control Level (00100-BO-FG-2QA00). This is a technical, revenue-backed appropriation to recognize \$1.5m of grant revenue associated with the US Treasury Emergency Rental Assistance grant. This grant was originally received by the City and partially appropriated in Council Bill 120028 in April 2021. However, at the time \$1.5 million of the grant was not appropriated. For grant tracking purposes, the City needs an expenditure to tie the grant revenues and so is requesting budget authority in the General Fund to accurately track these resources.	\$1,500,000

Item #	Title	Description	Amount/FTE
2.39	Appropriation for 2nd LEAD Prosecutor (Law Department)	This item increases appropriation authority by \$148,000 in the Law Department, in the Criminal Division Budget Control Level (00100-BO-LW-1500). This appropriation supports the addition of a second prosecutor position to support the LEAD program for 2021. This position was added in early 2020 but appropriation authority was not provided. This position is expected to be filled for the duration of 2021. Expenditures for this position are backed by revenue collected from the Public Defender's Association.	\$148,000
2.40	2020 Retro and 2021 Telework Stipend (Department of Education and Early Learning)	This item increases appropriation authority by \$83,900 in the Department of Education and Early Learning in the General Fund Leadership and Administration Budget Control Level (00100-BO-EE-IL700). This request is necessary to pay eligible employees their telework stipends: one-time retro payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$83,900
2.41	DEEL Vaccine Outreach Support (Department of Education and Early Learning)	This item increases appropriation authority by \$250,000 in the Department of Education and Early Learning (DEEL) General Fund Leadership and Administration Division Budget Control Level (0100-BO-EE-IL700) to support vaccine outreach. DEEL will lead a coordinated, inter-departmental, effort to deliver equitable access to information and vaccines for children ages 5-to-11 in a culturally responsive, child- and family-friendly way that is and rooted in community relationship. The funding will support 1 TES/OOC position and consultant contracts from October 2021-September 2022.	\$250,000

Item #	Title	Description	Amount/FTE
2.42	2020 Retro and 2021 Telework Stipend (Department of Finance and Administrative Services)	This item increases appropriation authority by \$251,800 in the Department of Finance and Administrative Services in the General Fund Seattle Animal Shelter Budget Control Level (00100-BO-FA-SAS). This request is necessary to pay eligible employees their telework stipends: one-time retro payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$251,800
2.43	Human Resources Information System Additional Staffing Needs (Department of Finance and Administrative Services)	This item increases appropriation authority by \$1,000,000 to the Finance and Administrative Services Department (FAS) in FAS Operating Fund, City Finance BSL (50300-BO-FA-CITYFINAN). This request funds additional staffing needed to update the HCM system to accommodate new labor provisions resulting from recent union negotiations.	\$1,000,000
2.44	Judgment and Claims Fund Appropriation (Department of Finance and Administrative Services)	This item increases appropriation authority from fund balance by \$5,000,000 in Finance and Administrative Services, in the Judgment and Claims Fund, Police Action Budget Control Level FAS-BO-FA-JR020. This request is necessary as expenditures are anticipated to exceed the budgeted amount for 2021 due to a number of large unanticipated settlements and judgments in tort cases and increased use of outside counsel.	\$5,000,000
2.45	2020 Retro and 2021 Telework Stipend (Department of Neighborhoods)	This item increases appropriation authority by \$49,100 in the Department of Neighborhoods in the General Fund Leadership and Administration Budget Control Level (00100-BO-DN-I3100). This request is necessary to pay eligible employees their telework stipends: one-time retro payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$49,100

Item #	Title	Description	Amount/FTE
2.46	FG MO IT Transition Costs (Finance General)	This item increases appropriations by \$50,000 in the General Fund in the Finance General Appropriations to Special Funds Budget Control Level (00100-BO-FG-2QA00) to transfer funding to the IT Fund (50410). Seattle IT will use this funding to acquire devices for the upcoming mayoral transition.	\$50,000
2.47	Transfer Funds to FAS and IT to Fix Council Error (Finance General)	This item increases appropriations by \$550,000 in the General Fund in the Finance General Appropriations to Special Funds Budget Control Level (00100-BO-FG-2QA00). This amount was reduced from the Seattle Police Department budget in a Council amendment to the mid-year supplemental budget; \$500,000 was intended to be transferred to the Department of Finance and Administrative Services (FAS) for lease costs for additional warehouse space, and \$50,000 was intended to be transferred to the Seattle Information Technology Department for a PDR position to perform e-mail searches for SPD like those that are performed for all other departments. However, the Council action did not include the appropriations needed to transfer the General Fund savings to the FAS and IT Funds (50300 and 50410). This appropriation is needed to effectuate the Council intent.	\$550,000
2.48	Carryforward Abandonment Appropriation Increase (Human Services Department)	This item increases appropriation authority by \$110,897 in the Human Services Fund Promoting Healthy Aging Budget Control Level (16200-BO-HS-H6000) and by \$211,593 in the Human Services Fund Leadership & Administration Budget Control Level (16200-BO-HS-H5000). This action addresses negative carry forward balances for grant funding sources that automatically carried forward into 2021 and does not represent an increase in grant spending or revenue.	\$322,490

Item #	Title	Description	Amount/FTE
2.49	Seattle Rescue Plan Funding Transfer from OIRA to HSD (Human Services Department)	This item transfers \$414,000 in budget authority from the Office of Immigrant and Refugee Affairs (OIRA) General Fund Office of Immigrant and Refugee Affairs Budget Control Level (00100-BO-IA-X1N00) to the General Fund Supporting Affordability & Livability Budget Control Level (00100-H1000) to support HSD staffing and community-based outreach and application assistance contracts with HSD partners. OIRA is working in partnership with HSD to implement the Seattle Relief Fund which seeks to disburse disaster cash assistance to low-income households as identified in the Ordinance 126372.	\$414,000
2.50	2020 Retro and 2021 Telework Stipend (Human Services Department)	This item increases appropriation authority in the Human Services Department by \$4,800 in the General Fund Supporting Affordability & Livability Budget Control Level (00100-BO-HS-H1000), by \$26,900 in the General Fund Preparing Youth for Success Budget Control Level (00100-BO-HS-H2000), by \$10,200 in the General Fund Addressing Homelessness Budget Control Level (BO-HS-H3000), by \$8,700 in the General Fund Supporting Safe Communities Budget Control Level (00100-BO-HS-H4000), by \$45,000 in the General Fund Leadership and Administration Budget Control Level (00100-BO-HS-H5000), and by \$120,300 in the General Fund Promoting Healthy Aging Budget Control Level (00100-BO-HS-H6000). This request is necessary to pay eligible employees their telework stipends: one-time retro payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$215,900

Item #	Title	Description	Amount/FTE
2.51	Vaccine Mandate Education (Human Services Department)	This item increases appropriation by \$250,000 in the Promoting Public Health Budget Control Level (00100-H7000). This appropriation is part of \$5 million of appropriation that was originally included in Finance General in the General Purpose Budget Control Level (00100-BO-FG-2QD00) to address testing costs incurred by various City departments in 2021. Given the changing landscape of the COVID-19 pandemic, the appropriation abandoned from Finance General will be repurposed with \$250,000 to fund general vaccine outreach via King County Public Health.	\$250,000
2.52	Finance Improvement Implementation (Human Services Department)	This item increases appropriation authority of \$1,045,000 to the Leadership & Administration Budget Control Level (00100-H5000) to fund the implementation of HSD's financial process improvement.	\$1,045,000
2.53	2020 Retro and 2021 Telework Stipend (Office of Arts and Culture)	This item increases appropriation authority by \$30,500 in the Office of Arts and Culture in the Arts and Culture Fund Leadership and Administration Budget Control Level (12400-BO-AR-VA150). This request is necessary to pay eligible employees their telework stipends: one-time retro payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$30,500
2.54	Summer Programming Partnerships (Office of Arts and Culture)	"This item increases appropriation authority by \$46,800 in the Office of Arts & Culture (ARTS), in the Arts and Culture Fund, Arts and Cultural Programs Budget Control Level (12400-BO-AR-VA160). This request will use funding coming from Seattle Public Library and the Office of the Waterfront.	\$46,800

Item #	Title	Description	Amount/FTE
2.55	2020 Retro and 2021 Telework Stipend (Office of Housing)	This item increases appropriation authority by \$38,900 in the Office of Housing in the Office of Housing Fund Leadership and Administration Budget Control Level (16600-BO-HU-1000). This request is necessary to pay eligible employees their telework stipends: one-time retro payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$38,900
2.56	2020 Retro and 2021 Telework Stipend (Office of Immigrant and Refugee Affairs)	This item increases appropriation authority by \$9,000 in the Office of Immigrant and Refugee Affairs in the General Fund Office of Immigrant and Refugee Budget Control Level (00100-BO-IA-X1N00). This request is necessary to pay eligible employees their telework stipends: one-time retro payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$9,000
2.57	Paid Parental Leave Backfill (Office of Immigrant and Refugee Affairs)	This item increases appropriation authority by \$30,520 in the Office of Immigrant and Refugee Affairs in the General Fund Office of Immigrant and Refugee Budget Control Level (00100-BO-IA-X1N00). This increase is needed to cover the backfill costs for Paid Parental Leave, which are split between additional hours for a part-time permanent employee (Strategic Adviser 1) and a temporary Grants & Contracts Specialist.	\$30,521
2.58	Vaccine Outreach Funding (Office of Immigrant and Refugee Affairs)	This item increases appropriation authority by \$32,000 in the Office of Immigrant and Refugee Affairs (OIRA) General Fund Office of Immigrant and Refugee Affairs Budget Control Level (00100-BO-IA-X1N00) to support contract extensions with community-based organizations for vaccine outreach efforts.	\$32,000

Item #	Title	Description	Amount/FTE
2.59	2020 Retro and 2021 Telework Stipend (Office of Planning and Community Development)	This item increases appropriation authority by \$30,800 in the Office of Planning and Community Development in the General Fund Planning and Community Develop Budget Control Level (00100-BO-PC-X2P00). This request is necessary to pay eligible employees their telework stipends: one-time retro payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$30,800
2.60	2020 Retro and 2021 Telework Stipend (Office of Sustainability and Environment)	This item increases appropriation authority by \$22,500 in the Office of Sustainability and Environment in the General Fund Office of Sustainability and E Budget Control Level (00100-BO-SE-X1000). This request is necessary to pay eligible employees their telework stipends: one-time retro payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$22,500
2.61	2020 Retro and 2021 Telework Stipend (Office of the City Auditor)	This item increases appropriation authority by \$9,800 in the Office of the City Auditor in the General Fund Office of the City Auditor Budget Control Level (00100-BO-AD-VG000). This request is necessary to pay eligible employees their telework stipends: one-time retro payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$9,800

Item #	Title	Description	Amount/FTE
2.62	2020 Retro and 2021 Telework Stipend (Seattle Center)	This item increases appropriation authority by \$70,700 in Seattle Center in the Seattle Center Fund Campus Budget Control Level (11410-BO-SC-60000). This request is necessary to pay eligible employees their telework stipends: one-time retro payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$70,700
2.63	2020 Retro and 2021 Telework Stipend (Seattle Department of Transportation)	This item increases appropriation authority by \$458,100 in the Seattle Department of Transportation in the General Fund Mobility Operations Budget Control Level (00100-BO-TR-17003). This request is necessary to pay eligible employees their telework stipends: one-time retroactive payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$458,100
2.64	SHS/KMS COVID-19 Response Appropriation Increase (Seattle Department of Transportation)	This item increases appropriation authority by \$1,300,000 in the Seattle Department of Transportation, in the General Fund Mobility Operations Budget Control Level (00100-BO-TR-17003). This request is necessary to pay for the program management and operations of temporary installations in the Stay Healthy Streets and Keep Moving Streets programs in 2021.	\$1,300,000

Item #	Title	Description	Amount/FTE
2.65	2021 Emergency Response and Services (Seattle Department of Transportation)	This item increases appropriation authority by \$3,650,000 in the Seattle Department of Transportation (SDOT), in the Transportation Fund Maintenance Operations Budget Control Level (13000-BO-TR-17005). This request is necessary to adequately fund SDOT's citywide emergency response to the February 2021 snow event that affected the entire City of Seattle and surrounding areas. This work will be supported by fund balance in the Transportation Fund, which is available from reserves, lower than expected expenditures, and/or updated timing of revenue collection. Unanticipated use of fund balance may impact future planning and transportation investments.	\$3,650,000
2.66	2021 Curb & Pavement Marking (Seattle Department of Transportation)	This item increases appropriation authority by \$500,000 in the Seattle Department of Transportation, in the Move Seattle Levy Fund Mobility Operations Budget Control Level (10398-BO-TR-17003). This request is necessary to adequately fund Seattle Department of Transportation's backlog of crosswalk markings from 2020 due to COVID-19.	\$500,000
2.67	BLS Transport Study (Seattle Fire Department)	This item increases appropriation authority by \$164,129 in the Seattle Fire Department, in the Operations Budget Control Level (BO-FD-F3000). This request is to fund a Basic Life Support (BLS) Transport Study. This study will evaluate the scope of services of the City providing BLS transport services and the associated costs, revenues, and operational impacts.	\$164,129
2.68	Retirement Cash Outs (Seattle Fire Department)	This item increases appropriation authority by \$382,710 in the Seattle Fire Department, in the Operations Budget Control Level (BO-FD-F3000). This request is necessary to fund retirement cash outs of vacation, merit and sick leave that were above the baseline allocation amount.	\$382,710

Item #	Title	Description	Amount/FTE
2.69	Backfill Overtime for Increased Leave in Operations (Seattle Fire Department)	This item increases appropriation authority by \$806,958 in the Seattle Fire Department, in the Operations Budget Control Level (BO-FD-F3000). This request is necessary to fund backfill overtime to achieve minimum staffing requirements when personnel in Operations are absent from work for vacations, compensatory time off, injury/illness, and other leave types. This amount reflects the increase above the baseline allocation amount.	\$806,958
2.70	2021 Paid Parental Leave Backfill (Seattle Fire Department)	This item increases appropriation authority by \$2,205,574 in the Seattle Fire Department, in the Operations Budget Control Level (BO-FD-F3000). This funding is necessary to pay for overtime backfill costs incurred due to Paid Parental Leave or Paid Family Care Leave that cannot be absorbed within existing budget authority.	\$2,205,574
2.71	2020 Retro and 2021 Telework Stipend (Seattle Information Technology Department)	This item increases appropriation authority by \$472,300 in the Seattle Information Technology Department in the Information Technology Fund Leadership and Administration Budget Control Level (50410-BO-IT-D0100). This request is necessary to pay eligible employees their telework stipends: one-time retro payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$472,300

Item #	Title	Description	Amount/FTE
2.72	2020 Retro and 2021 Telework Stipend (Seattle Parks and Recreation)	This item increases appropriation authority by \$182,900 in Seattle Parks and Recreation in the General Fund Leadership and Administration Budget Control Level (00100-BO-PR-20000). This request is necessary to pay eligible employees their telework stipends: one-time retro payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$182,900
2.73	2020 Retro and 2021 Telework Stipend (Seattle Police Department)	This item increases appropriation authority by \$88,900 in the Seattle Police Department in the General Fund Leadership and Administration Budget Control Level (00100-BO-SP-P1600). This request is necessary to pay eligible employees their telework stipends: one-time retro payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$88,900
2.74	2021 Paid Parental Leave (Seattle Police Department)	This item increases appropriation authority by \$1,765,681 in the Patrol Operations BSL from Finance General. This funding will reimburse the Seattle Police Department for backfill costs for employees on Paid Parental Leave. The total backfill cost for Patrol Operations only is over \$1.4 million through September 28th. The total requested in the 3rd quarter supplemental is \$1,765,681.	\$1,765,681

Item #	Title	Description	Amount/FTE

This request is necessary to pay eligible employees their telework stipends: one-time retro payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$2,000
2.104	2020 Retro and 2021 Telework Stipend (Police Relief and Pension)	This item increases appropriation authority by \$2,000 in the Police Relief and Pension in the Police Relief & Pension Fund Police Relief and Pension Budget Control Level (61060-BO-PP-RP604). This request is necessary to pay eligible employees their telework stipends: one-time retro payments and/or to-be-distributed monthly stipends. Monthly telework stipends were retroactive to March 2020 and will continue until the COVID-19 Memorandum of Understanding with city unions related to the pandemic is no longer in effect.	\$2,000
Section 3 – Appropriation Increases – Operating Budgets – Revenue Backed			
3.1	Fort Lawton Lease (Department of Finance and Administrative Services)	This item increases appropriation authority by \$445,228 to the Finance and Administrative Services Department (FAS) in the FAS Operating Fund, Facilities Services Budget Control Level (50300-BO-FA-FACILITY). This item is for maintenance of the Fort Lawton property which the City leases from the US Army. This funding will increase security and maintenance at the site. Seattle Parks and Recreation and the Office of Housing each pay half of the total cost.	\$445,228

Item #	Title	Description	Amount/FTE
3.2	Rainier Beach MOA (Seattle Information Technology Department)	This item increases appropriation authority by \$16,162 in Seattle IT in the Seattle IT Operating Fund Frontline Services & Workplace Budget Control Level (50410-BO-IT-D0400). This request is for legal budget only and is necessary to cover expenses that Seattle Information Technology will incur but that will be reimbursed by the Office of City Auditor under a 2021 MOA for Support of the Rainier Beach Safety Continuum.	\$16,163
3.3	SR520 Portage Bay Bridge Project (Seattle Fire Department)	This item increases appropriation authority by \$76,862 in Seattle Fire Department, in the General Fund, in the Operations Budget Control Level (BO-FD-F3000). This revenue-backed increase is funded by billing the Washington State Department of Transportation for services provided by the Deputy Chief, Fire Protection Engineer and Construction Inspector in the Fire Protection Division for assistance with planning, inspection for compliance with fire code life safety standards, and construction service assistance for the Portage Bay Bridge portion of the SR 520/Montlake to Lake Washington-Interchange and Bridge Replacement Project. There are no new positions associated with this project and the period of performance is from 8/1/21 through 6/30/2022.	\$76,862
3.4	CDBG Appropriation Correction (Human Services Department)	This item increases appropriation authority by \$660,000 in the Human Services Department, in the Human Services Fund Addressing Homelessness Budget Control Level (16200-H3000). This budget is backed by CDBG revenue and previously resided in the Parks Fund 10200. It was reduced from Parks' budget in 2020 and was not added to HSD. This item corrects this error.	\$660,000

Item #	Title	Description	Amount/FTE
3.5	Traffic Data & Records reimbursable appropriation for SPU analysis (Seattle Department of Transportation)	This item increases appropriation authority by \$65,000 in the Seattle Department of Transportation, in the Transportation Fund Mobility-Operations Budget Control Level (13000-BC-TR-17003). This increase is necessary for reimbursable work done on behalf of Seattle Public Utilities in the Traffic Data & Records Master Project (MO-TR-G074).	\$65,000
3.6	ATEC Cooper Jones payment appropriation (Seattle Department of Transportation)	This item increases appropriation authority by \$1,000,000 in the Seattle Department of Transportation, in the Transportation Fund Mobility-Operations Budget Control Level (13000-BC-TR-17003). This increase is necessary to provide appropriation for payments made to the State treasury in the Cooper Jones Active Transportation Safety Account for their share of the Automated Traffic Enforcement Camera net revenues.	\$1,000,000
3.7	Street Use - Permit Review and Inspection Costs (Seattle Department of Transportation)	This item increases appropriation authority by \$750,000 in the Seattle Department of Transportation's Transportation Fund ROW Management Budget Control Level (13000-BO-TR-17004). This appropriation increase is necessary for the Street Use Permit and Enforcement Program to pay for increased permitting activity costs. This item also increases street use revenues as the costs will be paid by permit fees and these revenues are projected to exceed the amount in the 2021 Adopted Budget.	\$750,000

Item #	Title	Description	Amount/FTE
3.8	State Wildland Fires Reimbursement FY2021 (Seattle Fire Department)	This item increases appropriation authority by \$413,566 in the Seattle Fire Department, in the Operations Budget Control Level (BO-FD-F3000). The funding from the State of Washington Department of Natural Resources, State Fire Marshall's Office and the Emergency Management Division with the State Military Department will reimburse overtime/backfill and travel costs incurred by the Fire Department for deployment of qualified firefighters to approximately 40-50 separate wildfires in the State of Washington, Oregon, California and Colorado between April and December, 2021. There will be no positions created or match required.	\$413,566
3.9	Vehicle Cost Recovery 2021 (Seattle Fire Department)	This item increases appropriation authority by \$20,000 in the Seattle Fire Department, in the Leadership and Administration Budget Control Level (BO-FD-F1000). This funding includes reimbursed vehicle damages caused by other parties. This appropriation is equal to the amount reimbursed to the General Fund from Insurance companies and will restore the 2021 SFD operating budget for the funds that were used to initially pay for these repairs. There is no local match requirement or positions associated with these funds and the period of reimbursement is from 1/1/21 through 12/31/21.	\$20,000

Item #	Title	Description	Amount/FTE
3.10	SR520 I-5 Reversible Lanes Project (Seattle Fire Department)	This item increases appropriation authority by \$21,152 in the Seattle Fire Department, in the Operations Budget Control Level (BO-FD-F3000). This funding from the Washington State Department of Transportation provides for the support of the Deputy Chief, Fire Protection Engineer and Construction Inspector in the Fire Protection Division to assist with planning, inspection for compliance with fire code life safety standards, and construction service assistance for the I-5 Reversible Lanes portion of the SR 520/Montlake to Lake Washington-Interchange and Bridge Replacement Project. There are no new positions associated with this project and the period of performance is from 10/1/21 through 12/31/2023.	\$21,152
3.11	COVID Response Appropriations (Seattle Fire Department)	This item increases appropriation authority by \$1,660,532 in the Seattle Fire Department, in the Operations Budget Control Level (BO-FD-F3000). This appropriation is needed to pay for COVID-19 emergency response related to vaccine and vaccine booster costs.	\$1,660,532
3.12	Direct COVID FEMA PA Grant/Emergency Response Appropriations (Seattle Fire Department)	This item increases appropriation authority by \$839,468 in the Seattle Fire Department, in the Operations Budget Control Level (BO-FD-F3000). This appropriation is needed to pay for COVID-19 emergency response costs that will ultimately be reimbursed by FEMA-Public Assistance. Currently, there is no local match for this reimbursement per FEMA Federal Bulletin. The period of this appropriation is for 1/1/21 through 12/31/21.	\$839,468
3.13	Telecom Direct Bill (Seattle Information Technology Department)	This item increases appropriation authority by \$1,693,800 in the Technology Infrastructure BSL (50410-BO-IT-D0300). This request is necessary to provide the Technology Infrastructure BSL with expenditure authority to cover telecom/cellular costs in 2021. This item adds appropriation authority only. Revenue is collected from individual departments as costs are incurred throughout the year.	\$1,693,800

Item #	Title	Description	Amount/FTE
3.14	Puget Sound Emergency Response Network (Seattle Information Technology Department)	This item increases appropriation authority by \$467,100 in the Technology Infrastructure BSL (50410-BO-IT-D0300). This request is necessary to provide ongoing Seattle Information Technology Department (ITD) support to the Puget Sound Emergency Radio Network (PSERN) project. Without this supplemental, the Seattle Information Technology Department will not have the appropriation authority to pursue this effort through the end of 2021. This item does not request City revenues as ITD's PSERN-related costs are directly billed to King County.	\$467,100
3.15	New Equipment Direct Bill (Seattle Information Technology Department)	This item increases appropriation authority by \$3,248,300 in the Frontline Services & Workplace BSL (50410-BO-IT-D0400). This request is necessary to provide the Frontline Services & Workplace BSL with expenditure authority for new computers purchased in 2021 on behalf of City Departments outside of Seattle IT's five year device replacement cycle. This item adds appropriation authority only. Revenue is collected from the individual departments as costs are incurred throughout the year.	\$3,248,300
3.16	Cloud Direct Bill (Seattle Information Technology Department)	This request is for appropriation authority of \$181,000 in the Technology Infrastructure BSL (50410-BO-IT-D0300). This request is necessary to provide the Technology Infrastructure BSL with expenditure authority for new cloud services purchased in 2021 on behalf of City Departments outside of Seattle IT's annual rates. This item adds appropriation authority only. Revenue is collected from the individual departments as costs are incurred throughout the year.	\$181,000

Item #	Title	Description	Amount/FTE
3.17	CSCC Criteria Based Dispatch System (Seattle Information Technology Department)	This item increases appropriation authority by \$340,000 in the Applications BSL (50410-BO-IT-D0600). The appropriation will be used to support the Community Safety Communications Center (CSCC) to procure and implement a Criteria Based Dispatch system (i.e., dispatch protocol system) with QA module and CAD/Logging Recorder Integrations. This amount is funded via direct bill to CSCC.	\$340,000
3.18	Mayoral Transition Technology Costs (Seattle Information Technology Department)	This item increases appropriation authority by \$50,000 in the Frontline Services and Workplace BSL (50410-BO-IT-D0400). The appropriation will be used to acquire devices for the upcoming mayoral transition.	\$50,000
3.19	Add Golf Operating Appropriation (Seattle Parks and Recreation)	This item increases appropriation authority by \$1,500,000 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Golf Course Programs Control Level (10200-BO-PR-60000). This request is necessary to support the Citywide Golf Programs Project (MO-PR-61001) and is supported by excess revenue generated by the four golf courses this year.	\$1,500,000
3.20	Puget Sound Joint Terrorism Task Force (Seattle Police Department)	This item increases appropriation authority by \$21,105 in the Criminal Investigations BSL from the Federal Bureau of Investigation (FBI). This funding reimburses SPD for overtime associated with working with the FBI on international and domestic terrorism investigations. There are no matching requirements or capital improvement projects associated with this item.	\$21,105

Item #	Title	Description	Amount/FTE
3.21	Safe Streets Task Force (Seattle Police Department)	This item increases appropriation authority by \$59,081 in the Criminal Investigations BSL from the Federal Bureau of Investigation (FBI). This funding reimburses SPD for overtime spent while working with the FBI to identify, disrupt, and dismantle existing and emerging violent criminal enterprises and gangs in King County, as well as other individuals and groups whose criminal activity negatively impacts the Puget Sound area. There are no matching requirements or capital improvement projects associated with this item.	\$59,081
3.22	Seattle Sound Regional Violent Crime Task Force (Seattle Police Department)	This item increases appropriation authority by \$34,815 in the Criminal Investigations BSL from the Federal Bureau of Investigation (FBI). This funding reimburses SPD for costs spent in connection with the Seattle Sound Regional Violent Crimes Task Force. There are no matching requirements or capital improvement projects associated with this item.	\$34,815
3.23	Homeland Security Investigations Task Force (Seattle Police Department)	This item increases appropriation authority by \$80,292 in the Criminal Investigations BSL from the Federal Bureau of Investigation (FBI). This funding reimburses SPD for costs spent in connection with the Homeland Security Investigations Task Force. There are no matching requirements or capital improvement projects associated with this item.	\$80,292

Item #	Title	Description	Amount/FTE
3.24	Interagency Agreement for West Seattle Bridge (Seattle Police Department)	This item increases appropriation authority by \$175,903 in the Special Operations BSL from the Seattle Department of Transportation (SDOT). This item provides funding for supplementary traffic enforcement of the Lower Spokane Street bridge as SDOT works to implement a long-term traffic control plan during the bridge closure. The term of this contract runs from April 18, 2020 to March 31, 2021. The funding for the full contract amount (\$355,000) was originally appropriated in the 2020 Third Quarter Supplemental budget legislation (Ordinance 126210, Section 3, item # 3.21), but lacked carryforward authority. This supplementary budget request appropriates the remaining amount for 2021. There are no matching or capital improvement projects associated with this item.	\$175,903
3.25	Commercial Sex Abuse of a Minor Court Assessments and Impound Fees (Seattle Police Department)	This item increases appropriation authority by \$4,897 in the Criminal Investigations BSL from the King County Superior Court for sexual exploitation vehicle impound fees and additional civil assessment fees in cases involving commercial sex abuse of a minor. The RCW requires the assessed fees be used for enforcement and victim services (See RCW 9.68A.105). This funding will be used by the Police Department to run operations to recover exploited children (48%), fund a "John" School and provide victim services through the department's victim advocate (50%). 2% of the received funds are sent to the State of Washington. This item is perpetual and on-going. This item is revenue-backed.	\$4,897

Item #	Title	Description	Amount/FTE
3.26	ATF Puget Sound Regional Gun Task Force (Seattle Police Department)	This item increases appropriation authority by \$10,512 in the Criminal Investigations BSL from the U.S. Department of Justice. This funding reimburses SPD for costs of detective overtime spent in connection with the Puget Sound Regional Gun Task Force. The Regional Gun Task Force is focused on increasing the ability of law enforcement to trace shell casings and firearms used in crimes and thus identify shooters and take them off the streets. There are no matching requirements or capital improvement projects associated with this item.	\$10,512
3.27	Drug Enforcement Administration Task Force (Seattle Police Department)	This item increases appropriation authority by \$25,631 in the Criminal Investigations BSL from the U.S. Department of Justice. This funding reimburses SPD for costs of detective overtime associated with the investigation of drug cases. The purpose of this work is to disrupt and interdict the flow of illegal drugs into the City. There are no matching requirements or capital improvement projects associated with this item.	\$25,631
3.28	Organized Crime Drug Enforcement Task Forces (Seattle Police Department)	This item increases appropriation authority by \$46,580 in the Criminal Investigations BSL from the Drug Enforcement Agency. This funding reimburses SPD for costs spent in connection with Organized Crime Drug Enforcement Task Force. This task force works to mount a comprehensive attack and reduce the supply of illegal drugs in the United States and diminish the violence and other criminal activity associated with the drug trade. There are no matching requirements or capital improvement projects associated with this item.	\$46,580
3.29	Pacific Northwest Fugitive Apprehension Task Force (Seattle Police Department)	This item increases appropriation authority by \$45,154 in the Criminal Investigations BSL from the U.S. Department of Justice. This funding reimburses SPD for costs of overtime associated with apprehending violent fugitives. There are no matching requirements or capital improvement projects associated with this item.	\$45,154

Item #	Title	Description	Amount/FTE
Section 4 – Appropriation Increases – Operating Budgets – Backed by Grant Revenues			
4.1	Early Childhood Education Assistance Program Grant Increase (Department of Education and Early Learning)	This item increases grant-backed authority by \$505,496 in the Department of Education and Early Learning General Fund Early Learning Budget Control Level (00100-BO-EE-IL100). This State of Washington Department of Children, Youth and Families grant will support children with complex needs such as developmental delays, and/or challenging behaviors due to complex trauma. In addition, this appropriation will support services that strengthen social-emotional and pre-academic skill development in kindergarten readiness while strengthening school to home learning. No match is required.	\$505,496
4.2	Consolidated Appropriations Act Grant Expanding Access to COVID Vaccines (Human Services Department)	This item increases appropriation authority by \$291,422 in the Human Services Fund Promoting Healthy Aging Budget Control Level (16200-BO-HS-H6000). This one-time grant will support access to COVID-19 vaccines for Older Adults in King County. The grant period is through September 30, 2022; no match is required.	\$291,422
4.3	Coronavirus Response and Relief Supplemental Appropriations Act Vaccine Response Funding (Human Services Department)	This item increases appropriation authority by \$104,955 in the Human Services Fund Promoting Healthy Aging Budget Control Level (16200-BO-HS-H6000). This one-time grant will provide education on COVID-19 and assistance with accessing COVID-19 vaccines for older adults and people with disabilities in King County. The grant period is through September 30, 2022; no match is required.	\$104,955
4.4	Funding for Tiny House Villages from Wa Dept. of Commerce (Human Services Department)	This item increases appropriation authority by \$1,960,000 in the Addressing Homelessness BSL from the Washington State Department of Commerce. This funding is to be used for capital costs related to Tiny Home Villages (THVs). The grant requires the tiny homes to be available for 10 years.	\$1,960,000

Item #	Title	Description	Amount/FTE
4.5	DSHS 2021-22 grant acceptance (Office of Immigrant and Refugee Affairs)	This item increases appropriation authority by \$670,000 in the Office of Immigrant and Refugee Affairs (OIRA) General Fund Office of Immigrant and Refugee Affairs Budget Control Level (00100-BO-IA-X1N00) to reflect grant funding from the Washington State Department of Social and Health Services (DSHS). This grant supports the participation of DSHS benefit recipients in the New Citizen Program, which provides assistance to income-qualified individuals to apply for naturalization using a case management model. Matching funding is not required, but is already budgeted from a Seattle Housing Authority award and from the General Fund. The DSHS grant funding is for the state fiscal year July 2021 - June 2022.	\$670,000
4.6	Cities for Action COVID-19 Emergency Coordinator renewal grant (Office of Immigrant and Refugee Affairs)	This item increases appropriation authority by \$55,000 in the Office of Immigrant and Refugee Affairs (OIRA) General Fund Office of Immigrant and Refugee Affairs Budget Control Level (00100-BO-IA-X1N00) to reflect grant funding from the Open Society Foundations (OSF). This grant continues support for research and analysis to coordinate city government responses to vulnerable immigrant communities during the COVID-19 pandemic and recovery, in alignment with the nationwide Cities for Action (C4A) network. Matching funding is not required. The OSF grant funding is for the period July 2021 - May 2022.	\$55,000

Item #	Title	Description	Amount/FTE
4.7	WSL ARPA Connectivity, Virtual Outreach, Employment and Workforce Grant (Seattle Public Library)	This item increases grant-backed appropriation authority by \$192,500 in the Library Programs & Services BSL (BO-PL-B4PUB). This Washington State Libraries grant will support the deployment of additional laptops and hotspots, in addition to in-language navigator services which will include virtual outreach and an assessment to track quantitative and qualitative outcomes. Grant money will run through June 30, 2022 and does not require a match from the City. This grant is not related to CIP. There will be no new Library positions or FTE's associated with this grant.	\$192,500
4.8	WSL 2021-2022 Digital Heritage Grant (Seattle Public Library)	This item increases grant-backed appropriation authority by \$15,000 in The Seattle Public Library (10410-BO-SPL) BSL. This Washington State Libraries grant will focus on the continued digitalization of the Library's Northwest Photograph Collection, which includes over 1,400 historic photographs of people and places in Washington, Oregon, British Columbia, and Alaska. Grant money will run through July 1, 2022 and does not require a match from the City. This grant is not related to CIP. There will be no new Library positions or FTE's associated with this.	\$15,000
4.9	Domestic Violence Intervention Program Grant (Human Services Department)	This item increases appropriation authority by \$1,000,000 in the Human Services Fund Supporting Safe Communities Budget Control Level (16200-H4000). This budget is backed by Dept. of Justice Domestic Violence Intervention Program grant revenue and will provide funding for programs that reduce domestic violence and increase victim safety. The grant period is 10/1/21-9/30/25.	\$1,000,000

Item #	Title	Description	Amount/FTE
4.10	Increase Budget Authority for TXIX Grant (Human Services Department)	This item increases appropriation authority in the Human Services Department by \$1,735,333 in the Human Services Fund Promoting Healthy Aging Budget Control Level (16200-H6000) and \$132,232 in the Leadership & Administration Budget Control Level (16200-H5000). These are increases in appropriation for existing federal and state TXIX grants that provide case manage services to older adults and people with disabilities. The appropriation is revenue backed.	\$1,867,565
4.11	NEA Grant Appropriation (Office of Arts and Culture)	This item increases appropriation authority by \$30,000 in the Office of Arts & Culture (ARTS), in the Arts and Culture Fund Arts and Cultural Programs Budget Control Level (12400-BO-AR-VA160). The Office of Arts & Culture is receiving a grant from the Nation Endowment for the Arts (NEA). These funds will support online mentoring services for artists and scholarships to artists to participate in the program.	\$30,000
4.12	SBA Shuttered Venue Operators Grant (Seattle Center)	This item increases appropriation authority by \$1,075,883 in Seattle Center in the McCaw Hall Fund McCaw Hall Budget Control Level (11430-BO-SC-65000). This is the second round of Shuttered Venue Operators grant that McCaw Hall is receiving. This grant provides aid to McCaw Hall, that suffered severe negative financial impacts as a result of the closure of the facility due to COVID-19. These funds can be used for specific expenses such as payroll, utility payments, and other ordinary and necessary business expenses including maintenance costs. There is no local match for these funds.	\$1,075,884

Item #	Title	Description	Amount/FTE
4.13	Commute Trip Reduction (Seattle Department of Transportation)	This item accepts and increases grant-backed appropriation authority by \$137,402 in the Seattle Department of Transportation, in the Transportation Fund Mobility-Operations Budget Control Level (13000-BO-TR-17003). This increase is necessary for the Washington State agreement in the Reimbursable Commute Trip Reduction Project (MO-TR-R003). There is no Match required.	\$137,402
4.14	Complex Coordinated Terrorist Attacks (CCTA) Grant (Seattle Fire Department)	This item increases appropriation authority by \$15,000 in the Seattle Fire Department, in the Operations Budget Control Level (BO-FD-F3000). The funding from the Federal Emergency Management Agency (FEMA) of the Department of Homeland Security through the King County Office of Emergency Management will reimburse for OT/BF expenses for staff who attend Regional Rescue Task Force Trainings and Drills. The period of performance for this Grant is 3/1/19 through 5/31/22. No positions will be created and no match is required.	\$15,000
4.15	Reimbursement for Urban Search and Rescue Teams Deployments (Seattle Fire Department)	This item increases appropriation authority by \$100,000 in the Seattle Fire Department, in the Operations Budget Control Level (BO-FD-F3000). The funding from the Federal Emergency Management Agency (FEMA) of the Department of Homeland Security through the Pierce County Office of Emergency Management will reimburse for OT/BF and travel costs incurred by the SFD deployment of qualified members who serve on the regional Urban Search and Rescue Team who were deployed to Cyclone Ida and other emergency and disaster sites as needed in 2021. The period of performance for these deployments is from August through December 2021. No positions will be created and no match is required.	\$100,000

Item #	Title	Description	Amount/FTE
4.16	USAR Emergency Training Grant FY2021 (Seattle Fire Department)	This item increases appropriation authority by \$25,439 in Seattle Fire Department, in the Operations Budget Control Level (BO-FD-F3000). The funding, provided by the Federal Emergency Management Agency (FEMA) through Pierce County Office of Emergency Management provide funding for SFD members on the regional Urban Search and Rescue (USAR) Team to attend approximately 25 reimbursable mandatory emergency response trainings There are no positions or local match requirement associated with these reimbursements and the period of performance is from 1/1/21 through 12/31/21.	\$25,439
4.17	Basic Firefighter Training Grant FY2021 (Seattle Fire Department)	This item increases appropriation authority by \$23,400 in the Seattle Fire Department, in the Operations Budget Control Level (BO-FD-F3000). This grant from the Washington State Patrol-Office of the Fire Marshall will support the training of firefighters in Recruit Class #115 in FY 2021 to minimum safety requirements. There are no new positions associated with this project and no match required.	\$23,400
4.18	State Homeland Security Program (SHSP) FFY 2021 Grant (Seattle Fire Department)	This item increases appropriation authority by \$342,500 in the Seattle Fire Department, in the Operations Budget Control Level (BO-FD-F3000). The grant received from the Federal Emergency Management Agency (FEMA) of the Department of Homeland Security through the King County Office of Emergency Management, will fund Structural Collapse Technician Refresher Training, purchase of Hazmat PPE and equipment and Structural Collapse Heavy Lifting/Shoring equipment for Seattle Fire Department and regional partner agencies. There are no positions or match required for this grant. The period of performance is 11/1/21 through 7/31/23.	\$342,500

Item #	Title	Description	Amount/FTE
4.19	Urban Area Security Initiative (UASI) FFY2021 (SFD) (Seattle Fire Department)	This item increases appropriation authority by \$750,000 in the Seattle Fire Department, in the Operations Budget Control Level (BO-FD-F3000). This grant funding is from the Federal Emergency Management Agency (FEMA) of the Department of Homeland Security through the Washington State Military Department - Office of Emergency Management. This is a part of the UASI FFY 2021 Grant that is being submitted and accepted by the Seattle Police Department. The Seattle Fire Department's portion of this grant will provide funds to enhance the City's ability to increase and sustain structural collapse capability for rescue response. The project will include Structural Collapse Training, purchase of Heavy Rescue Equipment and purchase of Methane Gas Detectors for the Seattle Fire Department and regional partners. There are no positions associated with this grant and no local match requirement. The period of performance for this grant is from 9/1/21 through 12/31/23.	\$750,000
4.20	FY21 Securing the Cities Grant (Seattle Police Department)	This item increases appropriation authority by \$950,000 in the Special Operations BSL from the Department of Homeland Security. This funding supports the establishment of a multi-jurisdictional radiological and nuclear detection program. The funding will be used for personnel costs as well as supplies and travel. The term of this agreement runs from March 9, 2021 to June 30, 2022, with anticipated annual renewal until October 30, 2029. This grant will support 1 FTE position intended to sunset October 30, 2020, unless new funding is secured.	\$950,000

Item #	Title	Description	Amount/FTE
4.21	FY21 State Homeland Security Program (SHSP) Grant (Seattle Police Department)	This item increases appropriation authority by \$405,000 in the Special Operations BSL from the Department of Homeland Security. This funding addresses gaps in preparedness services in King County. It will be used to support law enforcement training, contract analysts, and the purchase of search and detection equipment. The term of this agreement runs from October 1, 2021 to September 30, 2024. There is no matching requirement for this item. There are no capital improvement projects associated with this item.	\$405,000
4.22	Community Policing Development Microgrant (Seattle Police Department)	This item increases appropriation authority by \$124,762 in the Chief of Police BSL from the Office of Community Oriented Policing Services (COPS Office). This funding supports implementation of Peace Dialogues with SPD Officers and Community Members. The funding will be used for personnel costs, supplies, training, and contracting with an evaluator for the program. The contract term runs from September 1, 2021 to August 31, 2022. There are no matching requirements or capital improvement projects associated with this item. This grant will support 0.5 FTE positions intended to sunset at the end of funding.	\$124,762
4.23	FY2021 Justice Assistance (JAG) Grant (Seattle Police Department)	This item increases appropriation authority by \$771,127 in the Leadership and Administration BSL from the Department of Justice, Bureau of Justice Assistance. This funding supports a variety of law enforcement and crime prevention efforts in the City of Seattle and 10 surrounding jurisdictions. In Seattle, the funding will be used for personnel costs. The term of this agreement runs from October 1, 2020 to September 30, 2024. This grant will support 3 FTE existing Crime Prevention Coordinator positions at 80%. There is no matching requirement for this item. There are no capital improvement projects associated with this item.	\$771,127

Item #	Title	Description	Amount/FTE
4.24	FY2020 State Homeland Security Program (SHSP) Supplemental Grant Correction (Seattle Police Department)	This item increases appropriation authority by \$18,000 in the Special Operations BSL from the Department of Homeland Security. This funding addresses gaps in terrorism preparedness services in King County. It will be used to support law enforcement training, contract analysts, and the purchase of personal protective equipment. The FY2020 SHSP Grant funding was originally appropriated in the 2020 Fourth Quarter Supplemental budget legislation (Ordinance 126257, Section 4, item # 4.29) in the amount of \$415,000, mistakenly omitting \$18,000 for training. This supplementary budget request appropriates the remaining \$18,000 for training. The term of this agreement runs from October 1, 2020 to September 30, 2023. There are no matching requirement for this item. There are no capital improvement projects associated with this item.	\$18,000
4.25	FY21 State Internet Crimes Against Children (ICAC) Allocation (Seattle Police Department)	This item increases appropriation authority by \$854,000 in the Criminal Investigations BSL from the Washington Association of Sheriffs and Police Chiefs. This funding supports multi-jurisdictional Washington State Internet Crimes Against Children (ICAC) Task Force. The funding will be used for salary and benefits for 50% of Deputy Prosecuting Attorney, overtime for detectives on ICAC investigations, and equipment, training, overtime, and infrastructure needs for partner agencies. The term of this agreement runs from July 1, 2021 to June 30, 2022. There are no matching requirements associated with this item.	\$854,000

Item #	Title	Description	Amount/FTE
4.26	FY2022 SPD Impaired Driving Training Grant (Seattle Police Department)	This item increases appropriation authority by \$50,000 in the Leadership and Administration BSL from the Washington Traffic Safety Commission under the Impaired Driving Training Grant program. This item provides funding to facilitate impaired driving training for the Seattle Police Department and surrounding agencies. The term of this grant runs from October 1, 2021 to September 30, 2022. There are no matching requirements or capital improvement projects associated with this item.	\$50,000
4.27	FY2021 Target Zero Grant (Seattle Police Department)	This item increases appropriation authority by \$20,900 in the Special Operations BSL from the Washington State Traffic Safety Commission. This item provides funding for overtime related to supplemental traffic enforcement with special emphasis on impaired and distracted driving, seat belt, and motorcycle safety. The contract term runs from October 1, 2021 to September 30, 2022. There are no matching requirements or capital improvement projects associated with this item.	\$20,900
4.28	FY21 Sexual Assault Kit (SAK3) Grant (Seattle Police Department)	This item increases appropriation authority by \$100,000 in the Criminal Investigations BSL from the Washington Association of Sheriffs and Police Chiefs. This item provides funding to process previously unsubmitted sexual assault DNA kits and to support multidisciplinary community response teams engaged in seeking a just resolution to sexual assault cases resulting from that evidence. The contract term runs from July 1, 2021 to June 30, 2022. There are no matching requirements or capital improvement projects associated with this item.	\$100,000

Item #	Title	Description	Amount/FTE
4.29	FY2021 Coronavirus Emergency Supplemental Grant (Seattle Police Department)	This item increases appropriation authority by \$247,000 in the Chief of Police BSL. This grant funding is from the Federal Department of Justice through the Washington State Department of Commerce Community Services and Housing Division, Office of Crime Victims Advocacy. This item provides funding to contract with a mental health professional to work with officers, civilian employees, and their families in coping with traumatic events and the impacts of the Coronavirus Pandemic. The grant term runs from January 1, 2021 through December 31, 2022. There are no matching requirements or capital improvement projects associated with this item.	\$247,000
4.30	Securing the Cities FY21 Supplemental Funding (Seattle Police Department)	This item increases appropriation authority by \$500,000 in the Special Operations BSL from the Department of Homeland Security. This funding supports the establishment of a multi-jurisdictional radiological and nuclear detection program. The funding will be used for personnel costs as well as supplies and travel. The term of this agreement runs from March 9, 2021 to October 30, 2021, with anticipated annual renewal until October 30, 2029. This item also extends the sunset date on 1 existing full-time position grant funded Strategic Advisor II position in the Seattle Police Department. The grant supporting the position is available to the City from March 4, 2020, through October 30, 2029; therefore the position will sunset October 30, 2029 unless new funding is secured.	\$500,000
4.31	Accept and Appropriate Grant from the U.S. Department of Transportation National Highway Traffic Safety Administration (NHTSA) (Law Department)	This item increases appropriation authority by \$178,718 in the Criminal BSL (00100-BO-LW-J1500) from the U.S. Department of Transportation National Highway Traffic Safety Administration (NHTSA). This grant will support a Traffic Safety Resource prosecutor in the department. This grant covers the period of October 1, 2021 to September 30, 2022 and does not have a matching requirement.	\$178,718

Item #	Title	Description	Amount/FTE
4.32	Circular Innovation Challenge Grant from Dept of Ecology (Office of Economic Development)	This item increases appropriation authority by \$35,000 in the General Fund in the Office of Economic Development Business Services Budget Control Level (00100-BO-ED-X1D00) for a grant received from Washington Department of Ecology to support the Seattle Good Business Network and the Circular Innovation Challenge. These funds shall carryforward until exhausted.	\$35,000
4.33	2021 Emergency Management Preparedness Grant (Office of Emergency Management)	This item increases appropriation authority by \$414,323 in the Office of Emergency Management BSL from the Washington State Military Department, Emergency Management Division. This funding from the WA State Military assists state, local and tribal emergency management activities supporting the prevention of, preparation for, and response to emergencies and disasters and supports core Office of Emergency Management functions to maintain a citywide emergency management program. The term of the grant runs from June 1, 2021 to September 30, 2022. There is a \$414,323 matching requirement for this item, which will be met by resources in the OEM budget. There are no capital improvement projects associated with this item.	\$414,323

Item #	Title	Description	Amount/FTE
4.34	2021 Emergency Management Preparedness Grant - ARPA (Office of Emergency Management)	This item increases appropriation authority by \$141,320 in the Office of Emergency Management BSL from the Washington State Military Department, Emergency Management Division. This funding from the WA State Military assists state, local and tribal emergency management activities supporting the prevention of, preparation for, and response to emergencies and disasters, and supports core Office of Emergency Management functions to maintain a citywide emergency management program. The term of the grant runs from June 1, 2021 to December 31, 2022. There is a \$141,320 matching requirement for this item, which will be met by resources in the OEM budget. There are no capital improvement projects associated with this item.	\$141,320
Section 5 – Appropriation Transfers – Operating Budgets			
5.1	BSL Correction for Community Safety Carryforward Budget (Human Services Department)	This item transfers appropriation authority of \$4,188,437 from the General Fund Preparing Youth for Success Budget Control Level (00100-BO-HS-H2000) to the General Fund Supporting Safe Communities Budget Control Level (00100-BO-HS-H4000). This budget was carried forward in the Preparing Youth for Success BSL and should be in the Supporting Safe Communities BSL to reflect HSD's 2021 budget structure. \$3,988,437 is for the Seattle Safe Communities Initiative and \$200,000 is for Re-Entry Programs for Indigenous Peoples.	\$0
5.2	Fund Correction for appropriation to the HS Fund (Human Services Department)	This item transfers appropriation authority in the amount of \$400,000 from the Human Services Fund (Fund 16200) to the Coronavirus Local Fiscal Recovery Fund (Fund 14000). This appropriation is for Tiny House Villages as part of Seattle Rescue Plan 1.	\$0

Item #	Title	Description	Amount/FTE
5.3	2021 CLFR Fund Appropriation - BSL Correction (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$234,213 to the Finance and Administrative Services Department (FAS) in the FAS Operating Fund, Facilities Services Budget Control Level (50300-BO-FA-FACILITY). This request is necessary to correct the original appropriation per Ordinance 126320 was for three temporary positions to support internal project management and accounting staffing related to tracking, correcting, documenting, and reporting City expenditures for FEMA and other federal funds which should have been appropriated in the Finance & Admin Services Fund City Finance Budget Control Level (50300-BO-FA-CITYFINAN). A companion request is under City Finance Budget Control Level.	\$0
5.4	Equitable Development Initiative Fund Transfer (Office of Planning and Community Development)	This budget-neutral item transfers \$1.4 million of General Fund appropriation authority for \$1.4 million of Short Term Rental Tax (STRT) appropriation authority in the Office of Planning and Community Development's Equitable Development Initiative Budget Control Level (BO-PC-X2P40). The 2021 Adopted Budget provided \$4.7 million of General Fund to replace STRT revenues which were in decline due to the COVID pandemic. The August 2021 revenue forecast anticipates higher 2021 STRT revenues, so this item adjusts the budget to the current forecast while maintaining the \$5 million annual allocation for EDI.	\$0

Item #	Title	Description	Amount/FTE
5.5	Transfer between Arterial Asphalt/Concrete & Bridge/Structural Maintenance - Operating (Seattle Department of Transportation)	This item requests a net-zero transfer between Arterial Asphalt/Concrete (MC-TR-C033) and Bridge/Struct Mtc. (MO-TR-G005) to ensure that funds exist in the operating project to fund non-levy eligible activities. Commercial Parking Tax resources, totaling \$363,521 are requested to be transferred out of Arterial Asphalt/Concrete and into Bridge/Struct Mtc. In return, Move Seattle Levy resources, totaling \$363,521 are requested to be transferred out of Bridge/Struct Mtc. into Arterial Asphalt/Concrete. Currently, the Bridge/Struct Mtc. operating project is 100% funded by Move Seattle Levy resources. There exists work in the Bridge/Struct Mtc. project that are ineligible to be funded by the Move Seattle Levy resources.	\$0
5.6	CDBG Budget Appropriation Transfer (Human Services Department)	This item transfers \$338,741 of appropriation from in the Human Services Fund Supporting Affordability and Livability budget control level (16200-H1000) to the Human Services Fund Addressing Homelessness Budget Control Level (16200-H3000) to match budget appropriation of CDBG to project budgets.	\$0
5.7	Increased HSD Finance Capacity (Human Services Department)	This item transfers appropriation authority of \$87,560 from the Addressing Homelessness Budget Control Level (00100-BO-HS-H3000) to the Leadership & Administration Budget Control Level (00100-BO-HS-H5000). This budget will support increased finance capacity and process improvement in HSD.	\$0
5.8	Equitable Community Initiative (ECI) Funding Correction (Department of Education and Early Learning)	This item transfers appropriation authority in the Department of Education and Early Learning (DEEL) from the General Fund Budget Control Level (DEEL-BO-EE-IL200) to General Fund Budget Control Level (DEEL-BO-EE-IL700). This is a budget-neutral technical change to move budget from the K-12 BCL to the Leadership and Administration (LAD) BCL where staffing and administrative costs will be paid for.	\$0

Item #	Title	Description	Amount/FTE
5.9	Vaccine Site and Hotline Appropriation Transfers (Department of Finance and Administrative Services)	This item transfers appropriation authority of \$5 million in the Department of Finance and Administrative Services, from the Facilities Services Budget Control Level (50300-BO-FA-FACILITY) to the Office of Constituent Services Budget Control Level (\$3 million) (50300-BO-FA-OCS) and to the Facilities Services Budget Control Level (\$2 million) (50300-BO-FA-FACILITY). The appropriation will support the staffing and operation of the COVID hotline and the operation of the Lumen Field mass vaccination site.	\$0
5.10	ECI Fund Update (Office of Arts and Culture)	This item transfers appropriation authority in the amount of \$2,000,000 from Arts and Cultural Programs Budget Control Level (12400-BO-AR-VA160) to the General Fund. In August 2021, the Equitable Communities Initiative Task force gave recommendations to the City Council and Council Bill 120131 moved appropriations to departments for implementation.	\$0
5.11	Short-Term Purchase Power Costs, Net-Zero Transfer (Seattle City Light)	This item transfers appropriation authority in the amount of \$10,000,000 from the Financial Services BSL and \$20,000,000 from the Long Term Purchase Power BSL to the Short Term Purchased Power BCL. This transfer is needed to cover unforeseen Short Term Power Purchase expenses due to low precipitation, early snowpack depletion, elevated wholesale power prices related to the drought conditions across the Pacific Northwest and California, and the unprecedented heat event in June. The Financial Services BSL is able to transfer funding due to debt service savings from lower interest rates, refinance savings, the elimination of debt service on the bonds that were paid off with proceeds from City Light's 2020 debt issue. The Long Term Purchase Power BSL savings are the result of favorable outcomes from the Bonneville Power Administration rate case.	\$0

Item #	Title	Description	Amount/FTE
5.12	Budget transfer - Stay Healthy Streets CLFR funding to correct BSL and Budget Program (Seattle Department of Transportation)	This item transfers appropriation in the amount of \$625,000 in the Seattle Department of Transportation, in the Coronavirus Local Fiscal Recovery Fund, for the Stay Healthy Streets program, from the ROW Management Budget Control Level (14000-BO-TR-17004) to the Mobility-Operations Budget Control Level (14000-BO-TR-17003), in the Neighborhoods Budget Program (PO-TR-17003B). This technical item aligns appropriation authority in the correct BCL.	\$625,000
5.13	General Fund - Appropriation Transfer Public Litter Contract (Seattle Public Utilities)	This item transfers appropriation authority in the amount of \$150,000 from Seattle Public Utilities, in the General Fund Utility Service and Operations Budget Control Level (00100-BO-SU-N200B) to the General Fund General Expense Budget Control Level (00100-BO-SU-N000B). Appropriation is being transferred from the Clean City Program (MO-SU-N2002) to Solid Waste Contracts (MO-SU-N0007). The Solid Waste Contracts master project is projected to overspend due to increased collection. Funding is available due to savings in the current year's budget for the Clean City Program.	\$0
5.14	General Fund - Appropriation Transfer GIS (Seattle Public Utilities)	This item transfers appropriation authority in the amount of \$100,000 from Seattle Public Utilities, in the General Fund Utility Service and Operations Budget Control Level (00100-BO-SU-N200B) to the General Fund Leadership and Administration Budget Control Level (00100-BO-SU-N100B). Appropriation is being transferred from the Clean City Program (MO-SU-N2002) to Operational Tech and Support (MO-SU-N1009). SPU's general fund GIS project was created mid-year and required appropriation. Funding is available due to savings in the current year's budget for the Clean City Program.	\$0

Item #	Title	Description	Amount/FTE
5.15	HSD Finance Process Improvement (Human Services Department)	This item transfers appropriation authority of \$500,000 from the Addressing Homelessness Budget Control Level (00100-BO-HS-H3000) to the Leadership & Administration Budget Control Level (00100-BO-HS-H5000). This budget will provide funding for the implementation of financial process improvement.	\$0
5.16	Transfer Budget Appropriation in the Judgment and Claims Fund (Department of Finance and Administrative Services)	This item transfers appropriation authority of \$3,000,000 in Finance and Administrative Services, in the Judgment and Claims Fund, from Judgment and Claims Litigation Budget Control Level FAS-BO-FA-JR000 to the Police Action Budget Control Level FAS-BO-FA-JR020. This request is necessary as expenditures are anticipated to exceed the budgeted amount in Police Action for 2021 due to a number of large unanticipated settlements and judgments in tort cases and increased use of outside counsel.	\$0
5.17	General Fund Appropriation Transfer for Finance Improvement (Human Services Department)	This item decreases appropriation authority by \$455,000 in the General Fund Supporting Safe Communities Budget Control Level (00100-BO-HS-H4000). This action transfers budget authority that will be unused in 2021 due labor vacancies to the Leadership & Administration Budget Control Level (00100-H5000) to fund a portion of the cost of implementation of HSD's financial process improvement.	\$0
Section 6– New and Corrected Capital Projects			
6.1	Add New Capital Projects to the 2021-2026 Adopted CIP, Correct SDOT project, and re-adopt SPR Project.	This item adds two new CIP projects for the Seattle Public Library: IT Infrastructure (MC-PL-B3100) and Major Capital Equipment (MC-PL-B3200). This item also corrects one SDOT project: Non-Arterial Street Resurfacing and Restoration (MC-TR-C041), which was changed as part of the Council budget deliberations for 2021, but a technical error presented the wrong budget totals for the project. It also re-adopts the Smith Cove Park Development Project, incorporating changes made in item 7.34.	

Item #	Title	Description	Amount/FTE
Section 7– Appropriation Decrease – Capital Budgets			
7.1	Capital Project Abandonment and Closure (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$106,000 to the Finance and Administrative Services Department (FAS) in the Real Estate Excise Tax I Fund, General Government Facilities BSL (30010-BC-FA-GOVTFAC). The Seattle Municipal Tower Facility Upgrades project has been completed and will be closed. Continuing SMT improvements are programmed in other FAS capital areas. The remaining REET funding is requested to transfer the Fire Station 5 Dock Replacement project.	(\$106,233)
7.2	Capital Project Abandonment and Closure (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$1,893,000 to the Finance and Administrative Services Department (FAS) in the FAS Operating Fund, Public Safety Facilities Fire BSL (50300-BC-FA-PSFACFIRE). The Fire Station 5 Relocation project has been completed and will be closed. Continuing Fire Station 5 improvements are programmed in other FAS capital projects.	(\$1,892,533)
7.3	Capital Project Abandonment and Closure (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$16,000 to the Finance and Administrative Services Department (FAS) in the 2015 Multipurpose LTGO Bond Fund, Information Technology BSL (36200-BC-FA-A1IT). The Electronic Records Management System project has been completed and will be closed.	(\$15,886)
7.4	Capital Project Abandonment and Closure (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$6,009,000 to the Finance and Administrative Services Department (FAS) in multiple funds, Information Technology BSL (Multiple-BC-FA-A1IT). The Summit Re-Implementation project has been completed and will be closed.	(\$6,008,713)
7.5	Capital Project Abandonment and Closure (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$629,000 to the Finance and Administrative Services Department (FAS) in the Muni Civic Ctr Non-Bond Fund, General Government Facilities BSL (34200-BC-FA-GOVTFAC). The Civic Square project has been completed and will be closed.	(\$629,317)

Item #	Title	Description	Amount/FTE
7.6	Capital Project Abandonment and Closure (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$185,000 to the Finance and Administrative Services Department (FAS) in the Real Estate Excise Tax I Fund, Public Safety Facilities Fire BSL (30010-BC-FA-PSFACFIRE). The Fire Facilities South Lake Union project has been completed and will be closed. The remaining REET funding is requested to transfer the Fire Station 5 Dock Replacement project.	(\$184,834)
7.7	Capital Project Abandonment and Closure (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$126,000 to the Finance and Administrative Services Department (FAS) in the Real Estate Excise Tax I Fund, Public Safety Facilities Police BSL (30010-BC-FA-PSFACPOL). The Seattle Police Facilities project has been completed and will be closed. Future police facility improvements will be programmed in new and unique master projects. The remaining REET funding is requested to transfer the Fire Station 5 Dock Replacement project.	(\$125,595)
7.8	Capital Project Abandonment and Closure (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$600 to the Finance and Administrative Services Department (FAS) in the Real Estate Excise Tax II Fund, General Government Facilities BSL (30020-BC-FA-GOVTFAC). The FAS Shelter Facilities project has been completed and will be closed. Future shelter facility projects will be programmed in other FAS capital areas.	(\$605)
7.9	Appropriation Abandonment (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$1,470,000 to the Finance and Administrative Services Department (FAS) in the 2020 Multipurpose LTGO Bond Fund, Information Technology BSL (36700-BC-FA-A1IT). This appropriation was adopted for various software replacement projects in FAS. Upon further review, it was decided that bonds were not the best financing tool to use for these projects.	(\$1,470,000)

Item #	Title	Description	Amount/FTE
7.10	Capital Project Abandonment and Closure (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$821,000 to the Finance and Administrative Services Department (FAS) in multiple funds, Neighborhood Fire Stations BSL (Multiple-BC-FA-NBHFFIRE). The Fire Station 32 project has been completed. The remaining REET funding is requested to transfer the Fire Station 5 Dock Replacement project.	(\$821,161)
7.11	Capital Project Abandonment and Closure (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$2,700 to the Finance and Administrative Services Department (FAS) in the Real Estate Excise Tax Fund I, General Government Facilities BSL (30010-BC-FA-GOVTFAC). The Seattle Municipal Court project has been completed and will be closed. The remaining REET funding is requested to transfer the Fire Station 5 Dock Replacement project.	(\$2,674)
7.12	Capital Project Abandonment and Closure (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$13,000 to the Finance and Administrative Services Department (FAS) in multiple funds, Neighborhood Fire Stations BSL (Multiple-BC-FA-NBHFFIRE). The Fire Station 22 project has been completed and will be closed. Future fire station improvements will be programmed in other FAS capital areas. The remaining REET funding is requested to transfer the Fire Station 5 Dock Replacement project.	(\$13,096)
7.13	Capital Project Abandonment and Closure (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$583,000 to the Finance and Administrative Services Department (FAS) in multiple funds, Asset Preservation - Schedule 2 BSL (Multiple-BC-FA-APSCH2FAC). The Haller Lake Improvements project has been completed and will be closed. The remaining REET funding is requested to transfer the Fire Station 5 Dock Replacement project.	(\$582,546)

Item #	Title	Description	Amount/FTE
7.14	Capital Project Abandonment and Closure (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$22,000 to the Finance and Administrative Services Department (FAS) in the REET I Capital Fund, General Government Facilities BSL (30010-BC-FA-GOVTFAC). The Seattle City Hall HVAC Improvements project has been completed and will be closed. The remaining REET funding is requested to transfer the Fire Station 5 Dock Replacement project.	(\$21,556)
7.15	Capital Project Abandonment and Closure (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$20,000 to the Finance and Administrative Services Department (FAS) in the FAS Operating Fund, General Government Facilities BSL (50300-BC-FA-GOVTFAC). The Navigation Center project has been completed and will be closed.	(\$20,280)
7.16	MEEP Transfer to SPR (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$213,000 to the Finance and Administrative Services Department (FAS) in the Real Estate Excise Tax Fund I, FAS Oversight - External Projects BSL (30010-BC-FA-EXTPROJ). This request will be used for municipal energy efficiency projects at South Park Community Center. The REET I funds are being transferred to SPR BCL (30010-BC-PR-40000) from FAS. The appropriation is needed to give SPR the necessary spending authority to complete the agreed upon projects for meeting the City's energy and greenhouse gas reduction goals.	(\$213,000)
7.17	Fire Station 5 Debt Service True Up (Department of Finance and Administrative Services)	This item decreases appropriation authority by \$114,221 to the Finance and Administrative Services Department (FAS) in the REET I Fund, Neighborhood Fire Stations BSL (30010-BC-FA-NBHFIRE). This action aligns the appropriation with the 2021 debt service obligation.	(\$114,221)

Item #	Title	Description	Amount/FTE
7.18	MEEP Abandonment (Seattle Center)	This item decreases appropriation authority by \$281 in Seattle Center in the 2011 LTGO Bond Fund Building and Campus Improvements Budget Control Level (35500-BC-SC-S03P01). This request is necessary to abandon the remaining money left from the 2011 LTGO Bond Fund. This work has been completed and the remaining authority can be abandoned and put to other use.	(\$281)
7.19	Abandon 2021 Estimated Carryforward for Use in Future Years (Seattle Department of Transportation)	This item decreases appropriation authority by \$73,615,760 in the Seattle Department of Transportation (SDOT), in nine funds and 29 master capital projects in Major Maintenance/Replacement Budget Summary Level (BC-TR-19001) and Mobility-Capital BSL (BC-TR-19003). This appropriation reduction is part of the two-step 2022-2027 CIP budget spending plan realignment process. SDOT has identified current year (2021) resources on capital projects that will not be used prior to year-end. The budget for these resources will be abandoned in this item and has become part of the available project funding for the proposed 2022-2027 CIP. This change closely aligns the budget and the latest project schedules and provides greater transparency in the CIP.	(\$73,615,760)
7.20	Alaskan Way Viaduct Reimbursable Adjustments (Seattle Department of Transportation)	This item reduces the appropriation for the Alaskan Way Viaduct project in the Transportation Fund, Major Projects BSL (BC-TR-19002) by \$2,883,033 to reflect updated and anticipated task orders to complete the project.	(\$2,883,033)
7.21	North Link Light Rail Reimbursable Adjustments (Seattle Department of Transportation)	This item decreases the appropriation authority by \$254,540 in Seattle Department of Transportation in the Transportation Fund in the Mobility Capital Budget Control Level (13000-BC-TR-19003). This request is necessary to align the budget authority with the remaining work on the Sound Transit North Link Light Rail extension (MC-TR-C027).	(\$254,540)

Item #	Title	Description	Amount/FTE
7.22	REET Debt Service Adjustment (Seattle Department of Transportation)	This item decreases appropriation authority by \$1,756,172 in the Seattle Department Transportation in the REET II Capital Fund General Expenses Budget Control Level (30020-BO-TR-18002). This item aligns debt service appropriation with actual debt service costs post 2021 LTGO bond issuance.	(\$1,756,172)
7.23	Center City Gateway & S Michigan St ITS Grant Abandonment (Seattle Department of Transportation)	This item decreases appropriation authority by \$873,453 in Seattle Department of Transportation in the Transportation Fund Mobility-Capital Budget Control Level (13000-BC-TR-19003). This abandons grant appropriation for two completed Intelligent Transportation Systems (ITS) projects: \$839,047 of Center City Gateway ITS grant funding and \$34,405 of S Michigan St ITS grant funding. Both projects are closed out.	(\$873,453)
7.24	HRIS Replacement Abandonment (Seattle Information Technology Department)	This item decreases appropriation authority by \$2,257,213 in Seattle IT in the Seattle IT Operating Fund IT Capital Improvement Project Budget Control Level (50410-BC-IT-C0700). The HRIS Replacement project (MC-IT-C6303) is complete under Seattle IT. As this project progressed, it was determined that FAS would be taking the lead and would own the asset upon project completion. The remaining legal appropriation in the project is no longer needed, and ongoing costs have transitioned to O&M. Seattle IT transferred all funding for this project to FAS in 2021 so no revenue rebates are required.	(\$2,257,213)

Item #	Title	Description	Amount/FTE
7.25	Apps Dev-Public Safety Abandonment (Seattle Information Technology Department)	This item decreases appropriation authority by \$10,800 in Seattle IT in the Seattle IT Operating Fund IT Capital Improvement Project Budget Control Level (50410-BC-IT-C0700). The year-end Peoplesoft GL/KK reconciliation work done by Citywide Accounting caused an additional \$10,800 of budget to carryforward erroneously in the SPD Work Schedule and Timekeeping project. This legal appropriation abandonment is needed to bring the project budget into alignment with actual expenditures and to prevent over-spending in the project. There are no revenue impacts.	(\$10,800)
7.26	2021 Debt Service REET Re-balancing (Seattle Parks and Recreation)	This item amends the Aquarium Expansion – Debt Service project (MC-PR-31009) by decreasing appropriation by \$206,525; in the Rainier Beach CC Debt Service project (MC-PR-31008) by decreasing appropriation by \$3,579; and in the Parks Maintenance Facility Acquisition - Debt Service project (MC-PR-31006) by decreasing appropriation by \$25,263. These changes are in the Seattle Parks and Recreation Department's Real Estate Excise Tax I Fund Debt and Special Funding Budget Control Level (30010-BC-PR-31000). This request is necessary to true-up SPR's adopted 2021 REET appropriation used to pay debt service to match the adjusted 2021 debt service amounts after refinancing earlier in the year.	(\$235,367)
7.27	SPU Q3 Abandonment Decreases Only (Seattle Public Utilities)	This item decreases appropriation authority by 2021 by \$156,716,777 in Seattle Public Utilities across multiple Capital BCLs. The request is necessary to abandons unneeded CIP budge that has been carried forward from the preceding year. This affects all funds including the Drainage and Wastewater Fund (44010), the Water Fund (43000), and the Solid Waste Fund (45010).	(\$156,716,777)

Item #	Title	Description	Amount/FTE
7.28	Monorail Prior Year FTA Appropriation Abandonment (Seattle Center)	This item decreases appropriation authority by \$176,508 in Seattle Center in the Seattle Center Campus Fund Monorail Rehabilitation Budget Control Level (11410-BC-SC-S9403). This request is necessary to abandon the budget authority in excess of the actual Federal Transit Authority (FTA) grant award amounts.	(\$176,508)
7.29	RapidRide J Line Decrease of King County Reimbursable Authority (Seattle Department of Transportation)	This item decreases reimbursable authority by \$5,996,910 in the Seattle Department of Transportation, in the Transportation Fund Mobility Capital Budget Control Level (13000-BC-TR-19003). It was originally expected that King County Metro (KCM) would enter an agreement with the Seattle Department of Transportation to contribute these funds. However, King County Metro had budget shortfalls and was no longer committed the funding for this project.	(\$5,996,910)
7.30	Route 48 TPMC Federal Grant Appropriation Correction - 23rd Ave Bus Rapid Transit (Seattle Department of Transportation)	This item decreases appropriation authority by \$1,115,300 in the Seattle Department of Transportation, in the Transportation Fund Mobility-Capital Budget Control Level (13000-BC-TR-19003) for the 23rd Ave Bus Rapid Transit Grant that was accepted/appropriated in the 2021 Budget but that was also included in the 2024 CIP Budget. This technical item corrects the double appropriation of \$1,115,300 from 2021.	(\$1,115,300)
7.31	Public Safety Project Abandonment (Seattle Information Technology Department)	This item decreases appropriation authority by \$4,904,943 in the IT Capital Improvement Project BSL (50410-BC-IT-C0700). The SPD CAD Replacement project was built into the 2020-2025 Adopted CIP. However, as the department needs and priorities were re-evaluated, it was determined that the existing CAD system would be upgraded instead of a full replacement. The funds associated with this effort were redeployed to cover a 2021 IT rate shortfall for the General Fund that was the result of a balancing error. The remaining funds will be used to cover the IT telework stipend for 2020 and 2021.	(\$4,904,943)

Item #	Title	Description	Amount/FTE
7.32	Abandon Park Upgrade Program Appropriation (Seattle Parks and Recreation)	This item abandons appropriation authority by \$80,337 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Fix It First Budget Control Level (10200-BC-PR-40000) for the Park Upgrade Program project (MC-PR-41006).	(\$80,337)
Section 8 – Appropriation Increase – Capital Budgets			
8.1	REET Abandoned Appropriation Transfer to Fire Station 5 (Department of Finance and Administrative Services)	This item increases appropriation authority by \$713,071 to the Finance and Administrative Services Department (FAS) in the Real Estate Excise Tax I Fund, Public Safety Facilities Fire BSL (30010-BC-FA-PSFACFIRE). This item repurposes appropriation abandoned by other FAS projects to support a change in the timeline of the Fire Station 5 Dock Replacement project where costs are shifting from 2022 to 2021 as the project spending rolls out faster than originally projected.	\$713,071
8.2	Arterial Asphalt and Concrete Acceleration of Work (Seattle Department of Transportation)	This item increases appropriation authority by \$5,015,000 in the Seattle Department of Transportation, in the Move Seattle Levy fund from Major Maintenance/Replacement budget Control Level (10398-BC-TR-19001). This request is necessary to satisfy current year Arterial Asphalt and Concrete (AAC) MC-TR-C033 CIP commitments, including work on the Delridge Multimodal Improvements project that AAC is contributing to. SDOT does not anticipate this advance of funding to impact future program deliverables.	\$5,015,000

Item #	Title	Description	Amount/FTE
8.3	Municipal Energy Efficiency Program (MEEP) Appropriation (Seattle Parks and Recreation)	This item amends the Municipal Energy Efficiency Program - Parks Project (MC-PR-41030), increasing appropriation by \$213,000 in the Seattle Parks and Recreation Department's Real Estate Excise Tax I Fund Fix It First Budget Control Level (30010-BC-PR-40000). This request will be used for municipal energy efficiency projects at South Park Community Center. The REET I funds are being transferred to SPR from FAS BCL (PC-FA-EXTPROJ). The appropriation is needed to give SPR the necessary spending authority to complete the agreed upon projects for meeting the City's energy and greenhouse gas reduction goals.	\$213,000
8.4	SLIM Replacement Preliminary Funding (Department of Finance and Administrative Services)	This item increases appropriation authority by \$400,000 to the Finance and Administrative Services Department (FAS) in the General Fund Information Technology Budget Control Level (00100-BC-FA-A1IT). The SLIM system is aged and in need of replacement. This request provides initial funding to begin the replacement project in conjunction with a 2022 budget request.	\$400,000
8.5	Mayor Transitional Space Tenant Improvements (Department of Finance and Administrative Services)	This item increases appropriation authority by \$75,000 to the Finance and Administrative Services Department (FAS) in General Fund, Asset Preservation - Schedule 1 Facilities BSL (00100-BC-FA-APSCH1FAC). This project is to prepare a workspace for the incoming mayor and staff during the mayoral transition.	\$75,000
8.6	MC-TR-C012 Denny Way ITS reimbursable work with SPU/SCL (Seattle Department of Transportation)	This item increases appropriation authority by \$490,337 in the Seattle Department of Transportation, in the Transportation Fund Mobility-Capital Budget Control Level (13000-BC-TR-19003). This increase is necessary for reimbursable work done by Seattle Public Utilities (SPU) and Seattle City Light (SCL) on the Denny Way ITS project in the Center City Gateway Master Project (MC-TR-C012).	\$490,337

Item #	Title	Description	Amount/FTE
8.7	Longfellow Natural Drainage System SPU Reimbursable Authority (Seattle Department of Transportation)	This item increases appropriation authority by \$1,000,000 in the Seattle Department of Transportation, in the Transportation Fund Mobility Capital Budget Control Level (13000-BC-TR-19003). This item would allow Seattle Public Utilities to reimburse the Seattle Department of Transportation for 2021 costs on the Longfellow Natural Drainage System project.	\$1,000,000
8.8	Add Neighborhood Parks & Playgrounds 2008 Parks Levy Appropriation (Seattle Parks and Recreation)	This item increases appropriation authority by \$1,300,000 in the Seattle Parks and Recreation Department in the 2008 Levy Fund 2008 Parks Levy Control Level (33860-BC-PR-10000). This funding will go into the Neighborhood Parks & Playgrounds 2008 Parks Levy project (MC-PR-16001) and will be used to support the remaining projects within the Development category. This appropriation is supported by 2008 Parks Levy Fund balance.	\$1,300,000
8.9	Add Comfort Station Renovations King County Appropriation (Seattle Parks and Recreation)	This item increases appropriation authority by \$540,000 in the Seattle Parks and Recreation Department in the King County Parks Levy Fund Fix It First Control Level (36000-BC-PR-40000). This funding will go into the Major Maintenance Backlog Master Project (MC-PR-41001) and will be used to support comfort station projects. This appropriation is supported by King County Parks Levy Fund balance.	\$540,000
8.10	Add Arboretum Trail Mitigation Appropriation (Seattle Parks and Recreation)	This item increases appropriation authority by \$150,000 in the Seattle Parks and Recreation Department in the SR520 Mitigation Fund SR520 Mitigation Control Level (33130-BC-PR-60000). This funding will go into the Arboretum Waterfront Trail Master Project (MC-PR-61003) and will be used to support the trail project. This appropriation is supported by SR520 Mitigation Fund balance.	\$150,000

Item #	Title	Description	Amount/FTE
8.11	Seward Park Tree Donation (Seattle Parks and Recreation)	This item increases appropriation authority by \$90,000 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Fix It First Control Level (10200-BC-PR-40000). This donation from the Seattle Foundation supports the Seward Park Forest Restoration Master Project (MC-PR-41013), and will be used towards the restoration of old growth forest in Seward Park as part of the Green Seattle Partnership. This work is funded by a private donation originally establish by Lyman Hull through the Seattle Foundation, and the money has already been received.	\$90,000
Section 9 – Appropriation Increase – Capital Budgets – Revenue Backed			
9.1	Reimbursable Appropriation of Safe & Swift Program funding for Denny Way ITS (Seattle Department of Transportation)	This item increases appropriation authority by \$1.82M in Seattle Department of Transportation, in the Transportation Fund Mobility-Capital Budget Control Level (13000-BC-TR-19003). This funding is from the Safe & Swift Corridor Program and partnership with the Port of Seattle. This is the funding identified for the Denny Way ITS (Intelligent Transportation Systems) project in the Safe & Swift Memorandum of Understanding. Denny Way ITS will be upgrading traffic signals along Denny Way, between Western Ave W and Minor Ave, to enhance multi-modal travel along the corridor. The project is anticipated to begin construction in 2021 and be completed in 2022.	\$1,820,000

Item #	Title	Description	Amount/FTE
9.2	Increase of Reimbursable Authority for Delridge RapidRide H (Seattle Department of Transportation)	This item increases the appropriation authority by \$2,556,714 in Seattle Department of Transportation in the Transportation Fund Mobility Capital Budget Control Level (13000-BC-TR-19003). This request is necessary to ensure adequate funding is available in 2021 for the Delridge Way SW - RapidRide H Line project (MC-TR-C042) according to its latest project delivery schedule. The \$2,556,714 appropriation increase is covered by the signed Memorandum of Agreements (MOAs) with Seattle City Light (SCL) and Seattle Public Utilities (SPU).	\$2,556,714
9.3	Appropriation of Port of Seattle funding for Terminal 5 (Seattle Department of Transportation)	This item increases appropriation authority by \$3,109,000 in Seattle Department of Transportation, in the Transportation Fund Mobility-Capital Budget Control Level (13000-BC-TR-19003). This increase is necessary for a reimbursable partnership with the Port of Seattle for the Terminal 5 (“T5”) project in the Freight Spot Improvement Master Project (MC-TR-C047).	\$3,109,000
9.4	Medium Services - Revenue-Backed Increase (Seattle City Light)	This item increases appropriation authority by \$2.0 million to the Transmission & Distribution CIP BSL. The funds are needed to cover the costs of Medium Service Overhead and Underground Services customer requests that have increased due to a rebound from COVID delays last year. Funds are available from customer reimbursements on Medium Overhead and Underground Services. The increase is backed by customer reimbursements. There is a subsequent CIP transaction in the complex table that will increase appropriations by an additional \$3.0 million which is funded by a net-zero transfer from other projects.	\$2,000,000

Item #	Title	Description	Amount/FTE
9.5	Route 44 TPMC Appropriation for Multiple Agreements and Advancement of Move Seattle Levy Funds (Seattle Department of Transportation)	This item increases appropriation authority by \$4,445,854 in the Seattle Department of Transportation, including \$2,445,854 in the Transportation Fund Mobility Capital Budget Control Level (13000-BC-TR-19003), and \$2,000,000 appropriation in the Move Seattle Levy Fund Mobility Capital Budget Control Level (10398-BC-TR-19003). The funding for the \$2,445,854 Transportation Fund appropriation is provided by King County Metro (KCM) and Seattle Public Utilities (SPU) for Route 44 Transit-Plus Multimodal Corridor project (MC-TR-C078) through multiple agreements. The \$2,000,000 Levy appropriation is for the acceleration of the project from 2022 to 2021.	\$4,445,854
9.6	Route 40 Increase of King County Partnership Reimbursable Authority and Advancement of MSL (Seattle Department of Transportation)	This item increases appropriation authority by \$1,100,000 in the Seattle Department of Transportation, including \$900,000 in the Transportation Fund Mobility Capital Budget Control Level (13000-BC-TR-19003), and \$200,000 in the Move Seattle Levy Mobility Capital Budget Control Level (10398-BC-TR-19003). The \$900,000 appropriation increase is for the reimbursable work with King County Metro for the Route 40 Transit Plus Multimodal Corridor (TPMC) Improvements Project (MC-TR-C079), and the \$200,000 appropriation increase is to accelerate the project design from 2022 to 2021.	\$1,100,000
9.7	Delridge Increase Reimbursable Authority for SCL MOA Amendments (Seattle Department of Transportation)	This item increases appropriation authority by \$2,311,577 in the Seattle Department of Transportation, in the Transportation Fund Mobility Capital Budget Control Level (13000-BC-TR-19003). This increase will provide adequate funding in 2021 for the Delridge Way SW - RapidRide H Line project (MC-TR-C042) reimbursable work according to the latest project delivery schedule. The \$2,311,577 appropriation will be covered by Memorandum of Agreement (MOA) Amendments with Seattle City Light (SCL) for Streetlighting and Distribution.	\$2,311,577

Item #	Title	Description	Amount/FTE
9.8	Work Schedule and Timekeeping Project (Seattle Information Technology Department)	This item increases appropriation authority by \$500,000 in Seattle IT in the IT Capital Improvement Project BSL (50410-BC-IT-C0700). Additional appropriation is required to fund the continuation of the Work Schedule and Time Program for the Seattle Police Department (SPD) using budgetary savings. Revenue will be collected from SPD via a one-time allocation.	\$500,000
9.9	Citywide Contract Management System Appropriation (Seattle Information Technology Department)	This item increases appropriation authority by \$600,000 in Seattle IT in the IT Capital Improvement Project BSL (50410-BC-IT-C0700). This appropriation will be used to complete the implementation of the Citywide Contract Management System project, whose budget did not originally include any contingency to cover unexpected costs. Revenues to support this spending will be recovered via allocation in Seattle IT's 2023 rates.	\$600,000
9.10	Be'er Sheva Agreement II (Seattle Parks and Recreation)	This item increases appropriation authority by \$461,700 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Fix It First Budget Control Level (10200-BC-PR-40000). This request is necessary to support the Beach Restoration Program project (MC-PR-41006), and will be used towards design, permitting, and construction for the Be'er Sheva Park Upland Restoration Project. Seattle Parks and Recreation (SPR) and the Seattle Parks Foundation have a signed MOA which formalizes the scope of this work. This appropriation is backed by revenue from the Seattle Parks Foundation.	\$461,700

Item #	Title	Description	Amount/FTE
9.11	Burke Gilman Playground Park Agreement (Seattle Parks and Recreation)	This item increases appropriation authority by \$2,946,248 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Fix It First Budget Control Level (10200-BC-PR-40000). This request is necessary to support the Beach Restoration Program project (MC-PR-41006), and will be used towards design, permitting, and construction for the existing Burke Gilman Playground Park (BGPG) Project. Seattle Parks and Recreation (SPR) and the Seattle Foundation have a signed MOA which formalizes the scope of this work. This appropriation is backed by revenue from the Seattle Parks Foundation.	\$2,946,248
Section 10 – Appropriation Increase – Capital Budgets – Grant Backed			
10.1	Martin Luther King PBL WSDOT Grant Acceptance and Appropriation (Seattle Department of Transportation)	This item accepts and increases appropriation authority by \$1,800,000 in the Mobility-Capital BCL (BC-TR-19003) from the Washington State Department of Transportation's Pedestrian & Bicycle Safety Program. This grant will fund the construction of a protected bike line and other pedestrian and bicycle safety improvements along Martin Luther King Jr. Way between Rainier Ave S and S Judkins St. Construction for this project is expected to begin in 2022. The grant funding constitutes approximately 25% of the project budget and local match has been budgeted.	\$1,800,000

Item #	Title	Description	Amount/FTE
10.2	Route 40 Transit Plus Multimodal Corridor RMG Grant Acceptance and Appropriation (Seattle Department of Transportation)	This item accepts a \$6,000,000 grant in the Mobility-Capital BCL (BC-TR-19003) from the Washington State Department of Transportation's Regional Mobility Grant (RMG) program. This item also appropriates the \$3,000,000 portion of the grant that is available in the 2021-2023 State Biennium. This grant will fund improvements to the Route 40 Transit Plus Multimodal Corridor and support conversion to RapidRide service by partner King County Metro. Design for this project will begin in 2021 and construction is expected to begin in 2023. The grant funding constitutes approximately 25% of the project budget and local match has been budgeted.	\$3,000,000
10.3	West Seattle Bridge - Accept and appropriate \$11,250,600 INFRA and \$12M WSDOT STP Grants (Seattle Department of Transportation)	This item accepts and appropriates a Local Bridge Program grant from the Washington State Department of Transportation for the West Seattle Bridge Immediate Response Project in the amount of \$12,000,000 in the Major Maintenance/Replacement BCL (BC-TR-19001). This item also accepts and appropriates an Infrastructure for Rebuilding America (INFRA) grant from the United States Department of Transportation for the West Seattle Bridge Immediate Response Project in the amount of \$11,250,600 in the Major Maintenance/Replacement BCL (BC-TR-19001).	\$23,250,600
10.4	Greenwood Ave No WSDOT SRTS Grant Acceptance and Appropriation (Seattle Department of Transportation)	This item accepts and increases appropriation authority by \$1,000,000 in the Mobility-Capital BCL (BC-TR-19003) from the Washington State Department of Transportation. This grant from the Safe Routes to School program will fund construction of pedestrian and bicycle safety improvements on Greenwood Ave N and for the 1st Ave NW Neighborhood Greenway. Construction for this project is expected to begin in 2023. The grant funding constitutes approximately 37% of the project budget and local match has been budgeted.	\$1,000,000

Item #	Title	Description	Amount/FTE
10.5	11th/12th Avenue NE NHS Grant Acceptance and Appropriation (Seattle Department of Transportation)	This item accepts and increases appropriation authority by \$3,184,000 in the Major Maintenance/Replacement BSL (BC-TR-19001) for grant funding from the National Highway System. This NHS Asset Management Award will fund mill and overlay, pavement repair, crack seal, and curb ramp upgrades on 11th/12th Ave NE. Construction for this project is expected to begin in 2022. The grant funding constitutes approximately 50% of the project budget and local match has been budgeted.	\$3,184,000
10.6	NE 135th St WSDOT SRTS Grant Acceptance and Appropriation (Seattle Department of Transportation)	This item accepts and increases appropriation authority by \$620,000 in the Mobility-Capital BCL (BC-TR-19003) for grant funding from the Washington State Department of Transportation (WSDOT). This grant from WSDOT's Safe Routes to School program will fund pedestrian safety improvements on NE 135th St between 27th Ave NE and 37th Ave NE. Construction for this project is expected to begin in 2022. The grant funding constitutes approximately 70% of the project budget and local match has been budgeted.	\$620,000
10.7	15th Avenue W/NW NHS Grant Acceptance and Appropriation (Seattle Department of Transportation)	This item accepts and increases appropriation authority by \$5,000,000 in the Major Maintenance/Replacement BSL (BC-TR-19001) for grant funding from the National Highway System. This NHS Asset Management Award will fund improvements on Ballard Bridge including mill and overlay, pavement repair, crack seal, curb ramp upgrades, and replacement of asphalt surface. Construction for this project is expected to begin in 2022. The grant funding constitutes approximately 53% of the project budget and local match has been budgeted.	\$5,000,000

Item #	Title	Description	Amount/FTE
10.8	RapidRide J Line RMG Grant Acceptance and Appropriation (Seattle Department of Transportation)	This item accepts a \$6,000,000 grant in the Mobility-Capital BCL (BC-TR-19003) from the Washington State Department of Transportation's Regional Mobility Grant (RMG) program. This item also appropriates the \$3,000,000 portion of the grant that is available in the 2021-2023 State Biennium. This grant will fund design and construction for roadway improvements as part of the RapidRide J / Roosevelt project. Design for this project began in 2017 and construction for this project is expected to begin in 2023. The grant funding constitutes approximately 8% of the project budget. A 20% local match is required and this has been budgeted.	\$3,000,000
10.9	Downtown Bike Network \$2.4M FHWA Grant Acceptance and Appropriation (Seattle Department of Transportation)	This item accepts and increases appropriation authority of \$2,400,000 in the Mobility-Capital BSL (BC-TR-19003) for grant funding from the Federal Highways Administration (FHWA). This grant will fund the portion of the Downtown Bike Network project that connects the Elliot Bay Trail to the Waterfront Park Promenade and Bike Path along Alaskan Way between Broad St. and Virginia St. Design for this project will occur in 2021 and 2022 and construction is expected in 2023 and 2024. The grant funding constitutes approximately 30% of the project budget and a 13.5% local match is required, which has been budgeted.	\$2,400,000
10.10	Martin Luther King Way Jr PBL FHWA Grant Acceptance and Appropriation (Seattle Department of Transportation)	This item accepts and increases appropriation authority by \$1,800,000 in the Mobility-Capital BCL (BC-TR-19003) for grant funding from FHWA. This grant will fund the construction of a protected bike line and other pedestrian and bicycle safety improvements along Martin Luther King Jr. Way between Rainier Ave S and S Judkins St. Construction for this project is expected to begin in 2022. The grant funding constitutes approximately 25% of the project budget and a 13.5% local match is required, which has been budgeted.	\$1,800,000

Item #	Title	Description	Amount/FTE
10.11	MLK Jr Way PBL CNWA Grant Acceptance and Appropriation (Seattle Department of Transportation)	This item accepts grant funding from Washington State and increases appropriation authority by \$900,000 in the Seattle Department of Transportation, Transportation Fund, in the Mobility-Capital BCL (13000-BC-TR-19003). This grant will fund construction of a protected bike lane on Martin Luther King Jr Way S between Rainier Ave S and S Judkins St and make multimodal safety improvements at the intersection of Rainier Ave S and MLK Jr Way S. Design for this project will be complete in 2021 and construction is expected for 2022. There is no matching requirement for these Connecting Washington funds.	\$900,000
10.12	SW Admiral Way and Fairmount Ave N Bridge Grant Acceptance and Appropriation (Seattle Department of Transportation)	This item accepts a Local Bridge Program grant from the Washington State Department of Transportation for the SW Admiral Way/Fairmount Ave N Bridge, and increases appropriation authority by \$3,000,000 in the Seattle Department of Transportation in the Transportation Fund Major Maintenance/Replacement Budget Control Level (13000-BC-TR-19001). The department doesn't expect local match to be needed.	\$3,000,000
10.13	Lakeridge Playfield KC YASG Grants (Seattle Parks and Recreation)	This item increases appropriation authority by \$100,000 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Fix It First Control Level (10200-BC-PR-40000). This Youth and Amateur Sports grant (YASG) from King County supports the Major Maintenance Backlog Master Project (MC-PR-41001), and will be used for improvements to Lakeridge Playfield. Specifically, grant funds will be used to fund the costs associated with playfield turf improvements and multi sports court resurfacing at Lakeridge Playfield. This is a reimbursable grant, requiring no match which the project budget satisfies. The grant expiration date is 12/31/22.	\$100,000

Item #	Title	Description	Amount/FTE
10.14	Boat Moorage Grant (Seattle Parks and Recreation)	This item increases appropriation authority by \$277,300 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Fix It First Control Level (10200-BC-PR-40000). This grant from the State of Washington, Washington State Parks and Recreation Commission (WSPRC) acting by and through its Clean Vessel Act Program supports the Boat Moorage Restoration Master Project (MC-PR-15013) and will be used to install a sewage pump out location at South Leschi Moorage. This is a reimbursable grant, requiring a match of \$92,433 which the project budget satisfies. The grant expiration date is 05/01/23	\$277,300
10.15	NW Native Canoe Center WSDOC Grant 1 (Seattle Parks and Recreation)	This item increases appropriation authority by \$242,500 in the Seattle Parks and Recreation Department in the Park and Recreation Fund 2008 Parks Levy Control Level (10200-BC-PR-10000). This grant from the Washington State Department of Commerce (WSDOC), through the 2016 Local and Community Projects Program, supports the Northwest Native Canoe Development Master Project (MC-PR-15013) and will be used for capital expenditures related to the design and construction of the Northwest Native Canoe Center. Specifically, grants funds used toward construction will include but not be limited to the development of a 2,860 square foot one-story canoe carving center. This is a reimbursable grant, requiring a \$966,280 match which the project budget satisfies. The grant expiration date is 6/30/23	\$242,500

Item #	Title	Description	Amount/FTE
10.16	NW Native Canoe Center WSDOC Grant 2 (Seattle Parks and Recreation)	This item increases appropriation authority by \$966,280 in the Seattle Parks and Recreation Department in the Park and Recreation Fund 2008 Parks Levy Control Level (10200-BC-PR-10000). This grant from the Washington State Department of Commerce (WSDOC), through the 2020 Local and Community Projects Program, supports the Northwest Native Canoe Development Master Project (MC-PR-15013) and will be used for capital expenditures related to the design and construction of the Northwest Native Canoe Center. Specifically, grants funds used toward construction will include but not be limited to the development of a 2,860 square foot one-story canoe carving center. This is a reimbursable grant, requiring a \$242,500 match which the project budget satisfies. The grant expiration date is 6/30/23.	\$966,280
10.17	W. Queen Anne RCO Grant (Seattle Parks and Recreation)	This item increases appropriation authority by \$350,000 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Fix It First Control Level (10200-BC-PR-40000). This grant from the Washington State Recreation and Conservation Office (RCO) supports the Major Maintenance Backlog Master Project (MC-PR-41001) and will be used for lighting improvements to West Queen Anne Playfield East. Specifically, grant funds will be used to replace the existing field lights that surround two baseball fields, and an overlapping soccer and ultimate Frisbee field: surrounding a three-acre field area. This is a reimbursable grant, requiring a \$441,000 match which the project budget satisfies. The grant expiration date is 07/31/23.	\$350,000

Item #	Title	Description	Amount/FTE
10.18	South Park KC YAS Grant (Seattle Parks and Recreation)	This item increases appropriation authority by \$200,000 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Building for the Future Budget Control Level (10200-BC-PR-20000). This Youth and Amateur Sports grant (YASG) from King County supports the South Park Campus Improvements Master project (MC-PR-21003) and will be used towards improvements to the South Park campus. Specifically, grants funds will be used to assist with the costs of playfield improvements: natural turf conversion to full-size synthetic turf field with lighting. This is a reimbursable grant, requiring no match which the project budget satisfies. The grant expiration date is 12/31/22.	\$200,000
10.19	Maple Wood PF KC YAS Grant (Seattle Parks and Recreation)	This item increases appropriation authority by \$200,000 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Fix It First Control Level (10200-BC-PR-40000). This Youth and Amateur Sports grant (YASG) from King County supports the supports the Major Maintenance Backlog Master Project (MC-PR-41001), and will be used for improvements to Maple Wood Playfield. Specifically, grant funds will be used to assist with the costs of playfield improvements which include new: drainage, irrigation, grass playing surface, dugouts, bleachers, and adjustments to allow for multiple sports. This is a reimbursable grant, requiring no match which the project budget satisfies. The grant expiration date is 12/31/22.	\$200,000

Item #	Title	Description	Amount/FTE
Section 11 – Appropriation Transfers – Capital Budgets			
11.1	Transfer Budget to NE 43rd Street Improvements from Northgate Bike/Pedestrian Improvements (Seattle Department of Transportation)	<p>This item transfers appropriation authority in the amount of \$200,000 from the Mobility Real Estate Excise Tax II Fund BCL (30020-BC-TR-19003) to Mobility Real Estate Excise Tax II Fund BCL (30020-BC-TR-19003).</p> <p>This item transfers budget from the Northgate Bike and Pedestrian Improvements MC-TR-C055 CIP to the NE 43rd Street Improvements MC-TR-C074 to cover costs needed to complete construction of the NE 43rd project. This transfer is needed in 2021 as the project is scheduled to reach substantial completion in August 2021 and physical completion in November 2021. There is no negative impact to the Northgate Bridge and Pedestrian Improvements CIP as this project is closed and the funding transferred through this item are project savings.</p>	\$0
11.2	Replace Bond Appropriation with Resources from Move Seattle Levy Fund (Seattle Department of Transportation)	<p>This item transfers appropriation authority in the amount of \$15,021,510 from fund 36800 (2021 Multipurpose Bond Fund) to fund 10398 (Move Seattle Levy Fund) in the Seattle Department of Transportation Mobility Capital Budget Control Level (BC-TR-19003) in the Northgate Bridge and 1st Ave MUP master project (MC-TR-C030). Additionally, this item transfers appropriation authority in the amount of \$6,978,490 from fund 36800 (2021 Multipurpose Bond Fund) to fund 10398 (Move Seattle Levy Fund) in the Seattle Department of Transportation Major Maintenance/Replacement Budget Control Level (BC-TR-19001) in the Arterial Asphalt/Concrete Ph 2 master project (MC-TR-C033). This is a net zero change and is needed due to a decision to cancel the issuance of a 2021 LTGO bond to support project spending in the Levy to Move Seattle portfolio.</p>	\$0

Item #	Title	Description	Amount/FTE
11.3	Transfer Move Seattle Levy Budget from Bridge Seismic, Bridge Rehab & AMM to AAC (Seattle Department of Transportation)	This item transfers appropriation authority in the amount of \$9,150,000 from Seattle Department of Transportation, in the Move Seattle Levy Major Maintenance/Replacement Budget Control Level (10398-BC-TR-19001) to Move Seattle Levy Major Maintenance/Replacement Budget Control Level (10398-BC-TR-19001). This transfer of \$9,150,000 to the Arterial Asphalt and Concrete (AAC) MC-TR-C033 CIP includes: \$2,750,000 from Bridge Seismic Phase III MC-TR-C008, \$4,500,000 from Bridge Rehab & Replacement Phase II MC-TR-C039, and \$1,900,000 from Arterial Major Maintenance MC-TR-C071. This request is necessary to satisfy AAC's current year project commitments. The loaning programs do not plan to use the \$9,150,000 in 2021 and this short-term loan will be paid back at the beginning of 2022. No negative impact is expected on the loaning programs.	\$0
11.4	Transfer between Arterial Asphalt/Concrete & Bridge/Structural Maintenance (Seattle Department of Transportation)	This item requests a net-zero transfer between Arterial Asphalt/Concrete (MC-TR-C033) and Bridge/Struct Mtc. (MO-TR-G005) to ensure that funds exist to in the operating project to fund non-levy eligible activities. Commercial Parking Tax resources, totaling \$363,521 are requested to be transferred out of Arterial Asphalt/Concrete and into Bridge/Struct Mtc. In return, Move Seattle Levy resources, totaling \$363,521 are requested to be transferred out of Bridge/Struct Mtc. into Arterial Asphalt/Concrete. Currently, the Bridge/Struct Mtc. operating project is 100% funded by Move Seattle Levy resources. There exists work in the Bridge/Struct Mtc. project that are ineligible to be funded by the Move Seattle Levy resources but that can be supported by Commercial Parking Tax revenues.	\$0

Item #	Title	Description	Amount/FTE
11.5	SPL-CIP New Master Project - Capital Equipment (Seattle Public Library)	This item creates a new CIP Project: (MC-PL-B3200 Major Capital Equipment) to accept a revenue neutral transfer from the Library operating budget. Larger depreciable equipment purchases, such as the Library's Automated Materials Handling System (AMHS), are more appropriately accounted for and tracked in the capital budget.	\$0
11.6	SPL IT Infrastructure Master Project Change (Seattle Public Library)	This item is a budget neutral transfer from Master Project code MC-PL-B3011 Major Maintenance (Budget Program PC-PL-B3000) to Library Master Project "IT Infrastructure" with Master Project code MC-PL-B3100 (Budget Program PC-PL-B3100). IT Infrastructure projects are better categorized under a distinct project rather than "major maintenance".	\$0
11.7	Solid Waste Fund - Appropriation Transfer Midway Landfill (Seattle Public Utilities)	This item transfers appropriation authority in the amount of \$3,500,000 from Seattle Public Utilities, from the Solid Waste Fund New Facilities Budget Control Level (45010-BC-SU-C230B) to the Solid Waste Fund Rehabilitation & Heavy Eqpt Budget Control Level (45010-BC-SU-C240B). Appropriation is being transferred from South Transfer Station Rebuild (MC-SU-C2302) to Midway Landfill (MC-SU-C2403). The Midway Landfill expenses are due to a negotiation settlement between Seattle Public Utilities and Sound Transit. Funding is available due to South Transfer Station phase 2 project rescope.	\$0
11.8	Drainage and Wastewater Fund - Appropriation transfer Customer Contact & Billing (Seattle Public Utilities)	This item transfers appropriation authority in the amount of \$1,276,893 from Seattle Public Utilities, from the Drainage and Wastewater Fund Technology Budget Control Level (44010-BC-SU-C510B) to the Drainage and Wastewater Fund Technology Budget Control Level (44010-BC-SU-C510B). Appropriation is being transferred from Asset Information Management (MC-SU-C5407) to Customer Contact & Billing (MC-SU-C5402). Funding was available to be transferred as the appropriation will be unspent in 2021.	\$0

Item #	Title	Description	Amount/FTE
11.9	Solid Waste Fund - Appropriation transfer Customer Contact & Billing (Seattle Public Utilities)	This item transfers appropriation authority in the amount of \$122,688 from Seattle Public Utilities, from the Solid Waste Fund Technology Budget Control Level (45010-BC-SU-C510B) to the Solid Waste Fund Technology Budget Control Level (45010-BC-SU-C510B). Appropriation is being transferred from Asset Information Management (MC-SU-C5407) to Customer Contact & Billing (MC-SU-C5402). The funding is available to be transferred due to unneeded appropriations.	\$0
11.10	Water Fund - Appropriation Transfer Water Infrastructure Hydrant Replacement Relocation (Seattle Public Utilities)	This item transfers appropriation authority in the amount of \$551,275 from Seattle Public Utilities, from the Water Fund Distribution Budget Control Level (43000-BC-SU-C110B) to the Water Fund Distribution Budget Control Level (43000-BC-SU-C110B). Appropriation is being transferred from Watermain Rehabilitation (MC-SU-C1129) to Water Infrastructure Water Hydrant Replacement Relocation (MC-SU-C1110). The Water Hydrant Replacement Relocation program is catching up with 2020 delays and a continuous demand with water hydrants.	\$0
11.11	Water Fund - Appropriation Transfer Water Infrastructure Water Main Extensions (Seattle Public Utilities)	This item transfers appropriation authority in the amount of \$621,333 in Seattle Public Utilities, from the Water Fund Distribution Budget Control Level (43000-BC-SU-C110B) to the Water Fund Distribution Budget Control Level (43000-BC-SU-C110B). Appropriation is being transferred from Watermain Rehabilitation (MC-SU-C1129) to Water Infrastructure Water Main Extensions (MC-SU-C1111). The Water Main Extensions program is catching up with 2020 delays and continuous demands with water main extensions work. Funding is available due to in-house resource availability that is limited for Watermain Rehabilitation program.	\$0

Item #	Title	Description	Amount/FTE
11.12	Water Fund - Appropriation Transfer Water Infrastructures New Taps (Seattle Public Utilities)	This item transfers appropriation authority in the amount of \$1,522,610 from Seattle Public Utilities, from the Water Fund Distribution Budget Control Level (43000-BC-SU-C110B) to the Water Fund Distribution Budget Control Level (43000-BC-SU-C110B). Appropriation is being transferred from Transmission Pipelines Rehab (MC-SU-C1207) to Water Infrastructure New Taps (MC-SU-C1113). The Water New Taps program is catching up with 2020 delay and continuous demands with new taps. Funding is available due to design plan changes and savings in the current year's budget for transmission pipeline rehabilitation program.	\$0
11.13	Water Fund - Appropriation Transfer Tolt Bridges (Seattle Public Utilities)	This item transfers appropriation authority in the amount of \$448,701 from Seattle Public Utilities, from the Water Fund Transmission Budget Control Level (43000-BC-SU-C120B) to the Water Fund Watershed Stewardship Budget Control Level (43000-BC-SU-C130B). Appropriation is being transferred from the Transmission Pipelines Rehabilitation (MC-SU-C1207) to Tolt Bridges (MC-SU-C1308). This project replaces the current infrastructure with two fish passable structures on Siwash Creek and Chuck Judd Creek in the South Fork Tolt Municipal Watershed. This work is required after the recent inspection with the Washington Department of Natural Resources (DNR) and Department of Fish and Wildlife (WDFW). Funding is available due to design plan changes and savings in the current year's budget for the transmission pipeline rehabilitation program.	\$0

Item #	Title	Description	Amount/FTE
11.14	Water Fund - Appropriation Transfer Other Major Tran Projects (Seattle Public Utilities)	This item transfers appropriation authority in the amount of \$854,022 from Seattle Public Utilities, from the Shared Cost Projects Budget Control Level (43000-BC-SU-C410B) to the Shared Cost Projects Budget Control Level (43000-BC-SU-C410B). Appropriation is being transferred from the Move Seattle Program - WF (MC-SU-C4119) to Other Major Transportation Projects - WF (MC-SU-C4123). The Other Major Transportation Project program is behind the original schedule from 2020. The design builder is working to catch up and re-sequence work in 2021. Funding is available due to Seattle Department of Transportation's sequence of work is pending. Hence, budget for Move Seattle program will not be expensed due to delays in construction.	\$0
11.15	Drainage and Wastewater Fund - Appropriation Transfer Rehabilitation (Seattle Public Utilities)	This item transfers appropriation authority in the amount of \$500,000 from Seattle Public Utilities, from the Drainage and Wastewater Fund Rehabilitation Budget Control Level (44010-BC-SU-C370B) to the Rehabilitation Budget Control Level (44010-BC-SU-C370B). Appropriation is being transferred from the Pipe Renewal Program (MC-SU-C3710) to Drainage Facilities Rehab (MC-SU-3711). The Drainage Rehab Program has slightly higher than expected spending due to it being a new program and estimates still being developed as the work is being determined.	\$0

Item #	Title	Description	Amount/FTE
11.16	Water, Drainage and Wastewater, and Solid Waste Fund Technology Transfer (Seattle Public Utilities)	This item transfers appropriation authority in the amount of \$683,728 from Seattle Public Utilities, from the Water Fund Technology Budget Control Level (43000-BC-SU-C510B) to the Water Fund Technology Budget Control Level (43000-BC-SU-C510B); \$830,019 in the Drainage and Wastewater Fund Technology Budget Control Level (44010-BC-SU-C510B) to the Drainage and Wastewater Fund Technology Budget Control Level (44010-BC-SU-C510B); and \$259,233 in the Solid Waste Fund Technology Budget Control Level (45010-BC-SU-C510B) to the Solid Waste Fund Technology Budget Control Level (45010-BC-SU-C510B). Appropriation is being transferred from Project Delivery & Performance (MC-SU-C5405) to the Customer Contact & Billing (MC-SU-C5402). The transfer is being requested to meet the additional spending within the Customer Contact & Billing Master Project.	\$0
11.17	Water Fund - Appropriation Transfer Regional Facility Other (Seattle Public Utilities)	This item transfers appropriation authority in the amount of \$750,000 from Seattle Public Utilities, from the Water Fund Shared Cost Projects Budget Control Level (43000-BC-SU-C410B) to the Water Fund Shared Costs Projects Budget Control Level (43000-BC-SU-C410B). This transfer to the Master Project Regional Facility - Other (MC-SU-C4107) is needed to offset a project's negative carryforward from 2020. The project overspent in 2020 due to the budget being in a placeholder elsewhere. The transfer of funds from the Master Project Bridging the Gap Program (MC-SU-C4119) is from a joint project with the Seattle Department of Transportation that will not accrue expenses for the remainder of the year due to a delay in construction.	\$0

Item #	Title	Description	Amount/FTE
11.18	Transfer Correction (Department of Finance and Administrative Services)	This item transfers appropriation authority in the amount of \$700,000 in the Department of Finance and Administrative Services from the REET 1 Capital Fund Fire Station 5 Budget Control Level (30010-MC-FA-FS5) to the REET I Capital Fund Fire Facilities South Lake Union Budget Control Level (30010-MC-FA-PSFSSLU). This transfer was done twice in error.	\$0
11.19	Customer Portal (Seattle City Light)	This item transfers \$2.6 million of budget to the Customer Focused CIP BSL from the Transmission & Distribution CIP BSL. The funds are needed to cover the increased costs in the customer portal project due to an extension in the project timeline. The customer service portal is dependent on the completion of the new CCB (Customer Care & Billing) project whose scheduled go-live was pushed out which subsequently caused a delay in the customer portal project. The additional funds will be used to support a change request with the vendor as well as extended labor time with SCL, SPU, and Seattle IT. Funds are available from Mobile Workforce Implementation because this project has been deferred until 2024.	\$0
11.20	Streetlight Arterial, Residential & Flood (Seattle City Light)	This item reallocates \$1.0 million of budget within the Customer Focused CIP BSL. The funds are needed to cover the costs of "Red Ticket" repairs in the Streetlight Arterial, Residential & Flood project. Red Ticket repairs are customer or City Light staff/crew reported streetlight system failures that need engineering & permitting to be repaired. Funds are available in the LED Streetlight program due delays on the Underdeck LED Lighting Upgrade project.	\$0

Item #	Title	Description	Amount/FTE
11.21	Denny Substation Tenant Improvements (Seattle City Light)	This item transfers \$560,000 of budget to the Power Supply CIP BSL from the Transmission & Distribution CIP BSL. Funds are needed to cover remaining work for design and construction management of the Denny East Elevated Walkway and the SE Denny Shell Space projects. Funds are available in the Transmission Tower Refurbishment project due to delays in the planning phase.	\$0
11.22	Reimagining City Light Workspace (Seattle City Light)	This item reallocates \$6.4 million of budget within the Power Supply CIP BSL and transfers \$750,000 of budget from the Transmission & Distribution CIP BSL to the Power Supply CIP BSL. Funds are needed to cover the costs of the Seattle Municipal Tower Reimagining project/restacking plan which was not funded in the 2021 budget. This project has additional funding proposed in 2022-2024 through a 2022 budget request. The funds will cover costs to address physical work environment upgrades to individual and collaborative workspaces. Funds are available from a number of facility projects that have either been canceled or deferred in order to support funding for this higher priority project.	\$0
11.23	Boundary Unit 54 Generator Rebuild (Seattle City Light)	This item reallocates \$1.3 million of budget within the Power Supply CIP BSL. Funds are needed to cover the higher than anticipated labor costs of the unit 54 generator rebuild. Funds are available from Unit 52 due to a delayed public works contract and other Boundary projects with savings or delays due to insufficient staff resources.	\$0
11.24	Boundary Unit 51 Generator Rebuild (Seattle City Light)	This item reallocates \$1.15 million of budget within the Power Supply CIP BSL. Funds are needed to cover the higher than anticipated labor costs of the unit 51 generator rebuild. Funds are available from Boundary minor emergent and facilities projects which are delayed to fund this higher priority project.	\$0

Item #	Title	Description	Amount/FTE
11.25	Diablo Switchyard Breaker 240-30 (Seattle City Light)	This item reallocates \$940,000 of budget within the Power Supply CIP BSL. Funds are needed to cover the costs of emergency work to replace a Diablo Switchyard Breaker. The funds are available from the Newhalem Powerhouse Unit 20 project due to delays with license negotiations, and the Boundary Control Room Alarm System and Ross Exciters 41-44 projects due to delays as staff resources are allocated to this higher priority project.	\$0
11.26	Ross Governors (Seattle City Light)	This item reallocates \$1.0 million of budget within the Power Supply CIP BSL. Funds are needed to cover change orders and higher than estimated labor for the Ross Governors. Funds are available from Skagit Facility Conservation, Ross Dam AC/DC, Skagit Boating Improvement and Boundary Station Service Transformer Replacement due to project delays or deferments.	\$0
11.27	Cedar Falls Powerhouse Penstock (Seattle City Light)	This item reallocates \$600,000 of budget within the Power Supply CIP BSL. Funds are needed to cover the costs of the penstock study which was originally charged to O&M but now needs to be capitalized for \$400,000 plus \$200,000 in additional labor costs that were not budgeted but are needed to complete the final construction work of the new platform of the penstock at the Cedar Falls Powerhouse. Funds are available in other Cedar Falls projects due to delays.	\$0
11.28	Meter Additions (Seattle City Light)	This item transfers \$100,000 from the Transmission & Distribution CIP BSL to the Customer Focused CIP BSL. Funds are needed to cover higher than expected meter purchases. Funds are available in the Special Work Equipment Technical Metering project which has been canceled.	\$0

Item #	Title	Description	Amount/FTE
11.29	Skagit Relicensing (Seattle City Light)	This item reallocates \$2.4 million of budget within the Power Supply CIP BSL. Funds are needed to cover the additional commitments in the Integrated Licensing Process (ILP) Relicensing Study Plan. Costs in the Revised Study Plan include Project Management coordination, technical consultation support, Resource Working Group communication, and outside counsel and strategy team costs. Funds are available in the Boundary Licensing Mitigation project due to delays in program implementation.	\$0
11.30	Network Additions - First Hill, Massachusetts, Union & University (Seattle City Light)	This item reallocates \$2.5 million of budget within the Customer Focused CIP BSL. Funds are needed to cover the costs of a rise in service applications and needed system work ahead of service connections due to zoning changes in the University District area. Funds are available from Overhead Outage Replacements due to project savings and North Downtown Network Services due to several large service transfer delays in the South Lake Union Network.	\$0
11.31	Large & Medium Services (Seattle City Light)	This item reallocates \$4.0 million of budget within the Customer Focused CIP BSL. The funds are needed to cover the costs of Large & Medium Service Overhead and Underground Services customer requests that have increased due to a rebound from COVID delays last year. The funds are available from North Downtown Network Services due to several large service transfer delays in the South Lake Union Network. Funds are also available from customer reimbursements on Medium Overhead and Underground Services. A subsequent CIP transaction adds \$2.0 million in revenue-backed appropriation authority to this same project.	\$0

Item #	Title	Description	Amount/FTE
11.32	Small Services (Seattle City Light)	This item reallocates \$3.0 million of budget within the Customer Focused CIP BSL. Funds are needed to cover the costs of Small Overhead and Underground Services customer requests that have increased due to a rebound from COVID delays last year. The funds are available from Local Transportation Driven Relocations due to Franchise Cities delaying major projects mainly due to lack of funding.	\$0
11.33	Tolt Emergency Communications Upgrade (Seattle City Light)	This item reallocates \$1.2 million of budget within the Transmission & Distribution CIP BSL. Funds are needed to cover the higher than expected costs for the Tolt emergency communications upgrade being shared with Seattle Public Utilities. Funds are available in Central Fiber Rings and Communication Improvements because these projects have been deferred as labor resources were moved to other higher priority projects.	\$0
11.34	Major Emergency (Seattle City Light)	This item reallocates \$1.0 million of budget within the Customer Focused CIP BSL and transfers \$3.0 million of budget from the Transmission & Distribution CIP BSL to the Customer Focused CIP BSL. Funds are needed to cover the costs of major storms during the first three months of the year which took project spending over the annual budget. Funds are available in Substation Capacity Additions, Substation Automation, Transmission Reliability, Broad St. Substation Networks, and Network Additions & Services - Broad St. Sub due to a combination of underspend in those projects and the deferment of some of the work.	\$0

Item #	Title	Description	Amount/FTE
11.35	Overhead Customer Capacity Additions - Cedar Falls (Seattle City Light)	This item reallocates \$3.0 million of budget within the Transmission & Distribution CIP BSL. Funds are needed to cover the costs of system rerouting at the Cedar Falls Substation for new Seattle Public Utilities buildings and for capacity upgrades to feed the new buildings. Seattle Public Utilities will reimburse some of these costs. Funds are available in Overhead and Underground 26kV projects due to delays as a result of insufficient labor resources available.	\$0
11.36	Underground Customer & System Capacity Additions (Seattle City Light)	This item reallocates \$2.0 million of budget within the Transmission & Distribution CIP BSL. The additional funds are needed due to higher than expected activity associated with a rebound after COVID delays. The funds will be used to cover the costs for customer-requested underground locations at Terminal 5 in West Seattle and at 701 Dexter N. A portion of these costs are reimbursed by the customer. The funds will also be used for underground system locations for 4500 NE 41st St Old Laurelhurst Sub and Feeder 2774 cable replacement. Funds are available in Massachusetts and First Hill Network projects due to delays as a result of insufficient labor resources available.	\$0
11.37	University Substation Network (Seattle City Light)	This item reallocates \$500,000 of budget within the Transmission & Distribution CIP BSL. Funds are needed to cover the system work to increase the capacity of network feeders in the University Substation Network. The system work is necessary to provide the extra power for three large customers that were moved up on the service schedule and were not budgeted this year. Funds are available in Denny Substation Network due to savings in the project.	\$0

Item #	Title	Description	Amount/FTE
11.38	Creston-Nelson to Integrate East Feeder Installation (Seattle City Light)	This item transfers \$300,000 of budget from the Customer Focused CIP BSL to the Transmission & Distribution CIP BSL. Funds are needed to cover the costs of feeder getaways, which are the section of underground concrete ducts or pipes for the cables and circuit connecting the distribution feeder outside the substation back to the transformer inside the substation, in the Creston-Nelson to Integrate East Feeder Installation project. Funds are available in Substation Plant Improvements due to delays as a result of insufficient labor resources available.	\$0
11.39	Accelerated Pole Replacements (Seattle City Light)	This item reallocates \$7.0 million of budget within the Transmission & Distribution CIP BSL. Funds are needed because the original per pole cost estimates to develop the budget were too low. The increase is primarily due to the rise in contractor costs. Funds are available in Substation projects due to delays as a result of insufficient labor resources available.	\$0
11.40	Transfer \$900k to PMP-NSP for Sand Point Way from PMP-SS (Seattle Department of Transportation)	This item transfers appropriation authority in the amount of \$900,000 within the Seattle Department of Transportation, within the Transportation Fund Mobility Capital Budget Control Level (13000-BC-TR-19003), from PMP-School Safety Program (MC-TR-C059) to PMP-New Sidewalks (MC-TR-C058). This transfer is needed to cover costs for the Sand Point Way project that is in the PMP-New Sidewalks Program. In addition this transfer is needed to correct a fund transfer legislated via ordinance 126210 as it would create negative budget in the PMP-New Sidewalks Program.	\$0

Item #	Title	Description	Amount/FTE
11.41	Water Fund - Appropriation Transfer Water Infrastructure New Taps (Seattle Public Utilities)	This item transfers appropriation authority in the amount of \$500,000 from Seattle Public Utilities, from the Water Fund Distribution Budget Control Level (43000-BC-SU-C110B) to the Water Fund Distribution Budget Control Level (43000-BC-SU-C110B). Appropriation is being transferred from Watermain Rehabilitation (MC-SU-C1129) to Water Infrastructure New Taps (MC-SU-C1113). The Water New Taps program is catching up with 2020 delay and continuous demands with new taps. Funding is available due to design plan changes and savings in the current year's budget for transmission pipeline rehabilitation program.	\$0
11.42	Drainage and Wastewater Fund - Appropriation Transfer Beneficial Uses Prog (Seattle Public Utilities)	This item transfers appropriation authority in the amount of \$1,000,000 from Seattle Public Utilities, from the Drainage and Wastewater Fund Protection of Beneficial Uses Program Budget Control Level (44010-BC-SU-C333B) to the Protection of Beneficial Uses Program Budget Control Level (44010-BC-SU-C333B). Appropriation is being transferred from the GSI for Protection of Beneficial Use (MC-SU-C3316) to Beneficial Uses Program (MC-SU-3317). The Beneficial Uses Program has slightly higher than expected spending.	\$0
11.43	Solid Waste Fund - Appropriation Transfer STS2 Misc Improvements (Seattle Public Utilities)	This item transfers appropriation authority in the amount of \$500,000 from Seattle Public Utilities, from the Solid Waste Fund New Facilities Budget Control Level (45010-BC-SU-C230B) to the Solid Waste Fund New Facilities Budget Control Level (45010-BC-SU-C230B). Appropriation is being transferred from South Recycling Facility (MC-SU-C2302) to Miscellaneous Station Imprvmnt (MC-SU-C2303). The Miscellaneous Station Imprvmnt program is continuing new station improvement projects. Funding is available due to design plan changes and savings in the current year's budget for the South Recycling Center.	\$0

Item #	Title	Description	Amount/FTE
Section 12 – Position Adds			
12.1	Equitable Community Initiative K-12 Program Advisor (Department of Education and Early Learning)	This item creates 1 full-time position for the Department of Education and Early Learning (DEEL) to support implementation of the Equitable Communities Initiative (ECI) in Budget Control Level (DEEL-BO-EE-IL200). This position will perform outreach and engagement with community to get feedback and input to inform the development of the Equity and Cultural Education Fund Request for Investment (RFI). The Program Advisor will also manage the RFI evaluation and selection process, including technical assistance to community-based organizations during the proposal development process; oversee the development and implementation of contracts as well as provide ongoing support once awardees are selected for funding. Finally, the advisor will work with funded partners to create and staff an informal learning network meant to connect awarded organizations and give space to learn from each other's work.	1.0
12.2	Sr. Grants & Contracts Specialist for ECI Programs (Human Service Department)	This item creates 1 full-time FTE in the Human Services Department. This position will develop, implement, and manage service contracts related to the Equitable Communities Initiative budget added to HSD for a program supporting formerly incarcerated BIPOC people.	1.0
12.3	Equitable Communities Initiative Taskforce Staffing (Office of Economic Development)	This item creates 4.0 full-time positions funded by investments made in the Office of Economic Development (OED) via the Equitable Communities Initiative Task Force. The positions will be responsible for supporting the staffing needs materializing from the \$9.7 million in ongoing investments made into new OED programming to support small business and to encourage Black, Indigenous, and People of Color (BIPOC) individuals to engage in the health career field. These pockets will sunset at the end of 2022.	4.0

Item #	Title	Description	Amount/FTE
12.4	Add Incentive Program Staff (Office of Housing)	This item creates 1 full-time Manager 1 position for the incentive and land-use related housing programs in the Office of Housing, specifically the MHA (Mandatory Housing Affordability) and MFTE (Multifamily Tax Exemption) programs. The position will be responsible for the overarching components of program management, including interpretation of code, reporting (development of templates, writing annual reports, responding to other ad hoc report requests and data quality control), resolution of customer disputes, and technical negotiations with SDCI on topics such as process flow. The position would also provide supervision to the three direct reports doing transactional work on the programs. Currently OH has one Manager 3 overseeing a wide range of work in OH, including incentive and land use related housing programs, weatherization programs, home repair programs, and city and regional planning as it relates to housing. The requested position would be fully paid for by MHA administrative funds and MFTE revenue. OH is requesting the position urgently, as the volume of transactions remains high and the nature of the work continues to grow in complexity.	1.0

Item #	Title	Description	Amount/FTE
12.5	Add Capital Investments Staff (Office of Housing)	This item creates 1 full-time Planning and Development Specialist II position in the Capital Investments unit in the Office of Housing. Existing staff in this unit are lenders who evaluate and underwrite affordable housing projects. The requested new position would separate the complex transactional and compliance work related to these projects, thereby allowing OH lenders to focus on maximizing City funds for affordable housing development. The new position would prepare drafts of loan documents, review title and surveys, monitor compliance with federal and local policies, and ensure adequate documentation in project files. In addition, the position would work with Law on project closings, coordinate with the OH finance unit on wire transfers and audit inquiries, and respond to data requests on OH's capital investments. Through 2023, the requested position would be paid for by the balance of administrative funds from the 2016 Housing Levy, supplemented by MHA administrative funds. Beyond 2023, the cost of this position will be factored into the administrative needs of the next Housing Levy. OH is requesting the position urgently, as the volume of transactions remains high and the nature of the work continues to grow in complexity.	1.0
12.6	SMC-21Q3-1 Programs and Services Position Abrogation Job Class Correction (Seattle Municipal Court)	This item is meant to correct the legislative record for various position changes made incorrectly in the 2021 Adopted Budget 00100-BO-MC-4000 SMC Programs and Services.	5.5
12.7	Add 1.0 FTE Field Coordinator for RV remediation and expanded Encampment Bag program (Seattle Public Utilities)	This item adds position authority for 1.0 FTE pocket request for a Field Coordinator in Seattle Public Utilities (SPU), in the General Fund, in the Utility Service and Operations BSL (00100-BO-SU-N200B). This request is necessary to staff a position who will connect individuals residing in RVs/vehicles to resources, facilitate trash removal around vehicles in the ROW, and manage storage of personal belongings.	1.0

Item #	Title	Description	Amount/FTE
12.8	Quality Assurance Additional Positions (Seattle Information Technology Department)	This item creates six full time positions in Seattle IT (50410-BO-IT-D0600). These positions are needed to support client requests for Quality Assurance (QA) resources on capital projects or other billable IT projects. Seattle IT does not have the current QA resources to meet project demand and this shortfall is delaying the completion of current projects and the start of new projects. This request is for position authority only, as funding to support these resources is already appropriated in the project budgets.	6.0
12.9	Critical IT Cyber Security Positions (Seattle Information Technology Department)	This item creates 3.0 full time sunset positions in Seattle IT. These resources will support critical security and vulnerability detection work for City devices and systems exacerbated by the growth of remote work. This request is for position authority only, as Seattle IT currently has the funding for this body of work from the Seattle Rescue Plan.	3.0
12.10	Utility Enterprise Content Management Positions (Seattle Information Technology Department)	This item creates two full time positions in Seattle IT (50410-BO-IT-D0600). These positions are needed to support new platform and system functionalities recently implemented on Seattle City Light's (SCL) Enterprise Content Management System. This request is for position authority only, as positions still need to be classified and filled, and we do not anticipate material spending in 2021. Seattle IT plans to submit a legislated amendment next year for the needed 2022 budget appropriation and will fund that appropriation via direct bill to SCL.	2.0

Item #	Title	Description	Amount/FTE
12.11	Lobbying Administration 1.0 FTE (Ethics and Elections Commission)	This item increases appropriation authority by \$106,188 and creates one full-time Strategic Advisor 1, Exempt position in the Seattle Ethics and Elections Commission to address new work due to recent amendments to the City's Lobbying Code, and to assist with an expanding body of work related to the administration of campaign finance and lobbying laws. An emergency pocket was approved in April 2021 and the position was hired in May. This request would fund the position from May through December of 2021. The 2022 Proposed Budget includes a proposal to make this position permanent.	1.0
12.12	Add two SCERS Positions (Employees' Retirement System)	On Oct 14, 2021, the SCERS Board of Administration approved the creation of two new FTE positions: 1 Senior Retirement Specialist and 1 Retirement Specialist in order to maintain service levels and meet SCERS Vision in the face of rising demand. These positions will be paid for using existing fund balance derived from employer and employee contributions, and investment revenue.	2.0
12.13	Community Policing Development Microgrant (Seattle Police Department)	This item increases appropriation authority by \$124,762 in the Chief of Police BSL from the Office of Community Oriented Policing Services (COPS Office). This funding supports implementation of Peace Dialogues with SPD Officers and Community Members. The funding will be used for personnel costs, supplies, training, and contracting with an evaluator for the program. The contract term runs from September 1, 2021 to August 31, 2022. There are no matching requirements or capital improvement projects associated with this item. This grant will support 0.5 FTE positions intended to sunset at the end of funding.	0.5
Section 13 – Position Reductions			
13.1	SMC-21Q3-1 Programs and Services Position Abrogation Job Class Correction (Seattle Municipal Court)	This item is meant to correct the legislative record for various position changes made incorrectly in the 2021 Adopted Budget 00100-BO-MC-4000 SMC Programs and Services.	(5.0)

Item #	Title	Description	Amount/FTE
13.2	Sunset Date Position Fix (Department of Education and Early Learning)	This item corrects a position add included in the Second Quarter Supplemental Budget. The intent of the change included in the Second Quarter Supplemental Budget was to remove a sunset date from an existing position, rather than add a new position. This item reverses the position add and removes the sunset date on the existing position, a full-time administration staff analyst position in the Department of Education and Early Learning (DEEL). The position is funded by the Families Education Preschool and Promise (FEPP) Levy.	(1.0)

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to the financing of the General Fund; amending Ordinance 126407 to increase the authorization of interfund loans up to a total amount of \$275,000,000 from multiple City Funds to the General Fund as bridge financing to be repaid from future tax proceeds and other anticipated revenues; authorizing additional lending funds; and ratifying and confirming certain prior acts.

WHEREAS, the 2021 Adopted Budget was balanced with \$214 million of revenues from the new payroll expense tax adopted by Ordinance 126309; and

WHEREAS, Ordinance 126309 provided that in the first year the payroll expense tax obligations are not due until January 31, 2022, after which the payroll expense tax will be collected on a quarterly basis; and

WHEREAS, the extension of the due date for 2021 payroll expense tax payments until 2022 has resulted in a cash flow delay to the General Fund, with the expectation that the General Fund will be in an extended negative cash flow position necessitating the authorization of an interfund loan; and

WHEREAS, Ordinance 126407 authorized a revolving interfund loan of up to \$205 million total principal and interest outstanding at one time from multiple City Funds to the General Fund as bridge financing to be repaid from future tax proceeds and other anticipated revenues; and

WHEREAS, since Ordinance 126407 took effect on September 11, 2021, the City Budget Office has confirmed that the completion date for the anticipated sale of surplus City property known as the Mercer Megablock, authorized by Ordinance 125916 and originally planned for late 2021, has been delayed until 2022, resulting in an additional cash deficit of approximately \$66.5 million in property sale proceeds committed to the General Fund in 2021; and

WHEREAS, Seattle Municipal Code subsection 5.06.030.C requires City Council approval by ordinance of any interfund loan for a duration of 90 days or more; and

WHEREAS, in the normal course of business the City may temporarily lend cash between funds to maintain required balances; and

WHEREAS, regarding use of the proceeds of this interfund loan for operating costs, the Director of Finance and the City Budget Director have determined that there is no viable alternative available for advancing a core City objective; and

WHEREAS, the Director of Finance and the City Budget Director have determined that this interfund loan request is consistent with the Debt Management Policies adopted by Resolution 31553; and

WHEREAS, with the delay in the Mercer Megablock property sale, the anticipated cash deficit in the General Fund could reach as much as \$272.5 million during the term of the interfund loan, and no single Fund in the City Treasury maintains sufficient cash reserves both to fully fund the proposed loan and still meet regular budgeted operating needs; and

WHEREAS, there is sufficient cash in several City Funds to support portions of the total loan to the General Fund and still meet regular budgeted operating needs; and

WHEREAS, funds loaned to the General Fund pursuant to this ordinance are anticipated to be repaid from future tax proceeds, the proceeds of the anticipated property sale, and other anticipated revenues; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Sections 1, 2, and 3 of Ordinance 126407 are amended as follows:

Section 1. The City Council finds that there is no viable alternative to meet a core City objective, and therefore the Director of Finance is authorized to make one or more revolving loans of up to ((
\$205,000,000)) \$275,000,000 total principal and interest outstanding to the General Fund from one or

more of the City Funds identified in Section 2 of this ordinance. Each loan is to be repaid by no later than December 31, 2022, with interest on the loan at the rate of return of the City's Consolidated Cash Pool. The entire principal and interest amount of the loan drawn is intended to be repaid with future tax proceeds and other anticipated revenues.

Section 2. To implement the loans authorized in Section 1, the following City Funds may be used as the source of cash loaned to the General Fund pursuant to Section 1 of this ordinance:

A. Health Care Fund (10112),

B. Park and Recreation Fund (10200),

~~((B))~~ C. Move Seattle Levy Fund (10398),

D. Coronavirus Local Fiscal Recovery Fund (14000),

~~((C))~~ E. Families, Education, Preschool, and Promise Fund (17871),

~~((D))~~ F. Seattle Park District Fund (19710),

~~((E))~~ G. Transportation Benefit District Fund (19900),

~~((F))~~ H. REET I Capital Projects Fund (30010),

~~((G))~~ I. REET II Capital Projects Fund (30020), and

~~((H))~~ J. Construction and Inspections Fund (48100).

Section 3. The Director of Finance may effectuate the loans authorized in this ordinance by transferring cash to the General Fund from one or more of the City Funds identified in Section 2 of this ordinance, or by carrying the General Fund in a negative cash position, in a total amount not to exceed ~~((\$205,000,000))~~ \$275,000,000 until no later than December 31, 2022. The Director of Finance is further authorized to establish, and modify if necessary, from time to time, a repayment plan and schedule.

* * *

Section 2. Any act consistent with the authority of this ordinance taken prior to its effective date is

ratified and confirmed.

Section 3. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by me in open session in authentication of its passage this _____ day of _____, 2021.

President _____ of the City Council

Approved / returned unsigned / vetoed this _____ day of _____, 2021.

SUMMARY and FISCAL NOTE*

Department:	Dept. Contact/Email:	CBO Contact/Email:
City Budget Office	Gregg Johanson/ gregg.johanson@seattle.gov	Caleb Wagenaar/ caleb.wagenaar@seattle.gov

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to the financing of the General Fund; amending Ordinance 126407 to increase the authorization of interfund loans up to a total amount of \$275,000,000 from multiple City Funds to the General Fund as bridge financing to be repaid from future tax proceeds and other anticipated revenues; authorizing additional lending funds; and ratifying and confirming certain prior acts.

Summary and background of the Legislation: This legislation amends Ordinance 126407, which authorized a revolving interfund loan of up to \$205 million principal and interest outstanding at one time to the General Fund (00100), effective September 11, 2021. This legislation increases the interfund loan authorization to \$275 million total principal and interest outstanding at one time. This ordinance also authorizes the use of two additional potential Lending Funds, in addition to the eight potential Lending Funds previously authorized through Ordinance 126407: the Park and Recreation Fund (10200), and the Coronavirus Local Fiscal Recovery Fund (14000).

The General Fund (00100) has entered an extended period of negative cash flow in 2021. Primarily, this is due to the payroll expense tax, which was newly implemented in 2021 and is expected to provide \$217 million in 2021 General Fund revenues. In 2021, the first year the tax is levied, the collection of the tax proceeds and corresponding cash will be due from taxpayers in January 2022. (Thereafter, the payroll expense tax will be collected quarterly.) In October 2021, the City Budget Office learned that completion of the sale of the surplus Mercer West property would be postponed until 2022, delaying the receipt of \$66.5 million revenues that were intended to support 2021 appropriations in the General Fund.

Due to the resulting cash constraints, the General Fund requires a bridge loan until the 2021 payroll expense tax proceeds are collected in first quarter 2022, the Mercer West property sale is completed, and General Fund cash flows return to more normal patterns. The City Budget Director and the Director of Finance have identified the potential cash deficit to be as high as \$272.5 million, depending on the timing of cash inflows and outflows. It is estimated that the General Fund will pay approximately \$2.5 million in interest charges to the Lending Funds during the life of the interfund loan.

No single Fund in the City Treasury maintains sufficient cash reserves both to fully fund the proposed loan and still meet regular budgeted operating needs. To ensure that the General Fund can borrow the cash that it requires without straining the resources of a single Lending Fund, ten Funds will be authorized as potential Lending Funds. This ordinance grants the Director of Finance, or his designee, the authority to transfer cash to the General Fund from

one or more of these designated Lending Funds. The Funds were selected as capable Lending Funds based upon analysis of cash balance histories, fund financial plans, and other considerations. Through the life of the requested interfund loan authority, the Department of Finance and Administrative Services will closely monitor the balance sheets and income statements of the Lending Funds to ensure that interfund loan obligations do not affect the Fund's operations or program planning.

The designated Lending Funds are:

- Health Care Fund (10112)
- Park and Recreation Fund (10200)
- Move Seattle Levy Fund (10398)
- Coronavirus Local Fiscal Recovery Fund (14000)
- Families, Education, Preschool, and Promise Fund (17871)
- Seattle Park District Fund (19710)
- Transportation Benefit District Fund (19900)
- REET I Capital Projects Fund (30010)
- REET II Capital Projects Fund (30020)
- Construction and Inspections Fund (48100)

These Funds will receive the same interest earnings on all cash loaned to the General Fund as they would have earned if the cash had not been loaned.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ☐ Yes ☒ No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ☐ Yes ☒ No

Does the legislation have other financial impacts to The City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?

This legislation addresses accounting and audit concerns, but does not affect programs or services funded by the General Fund.

Is there financial cost or other impacts of not implementing the legislation?

Yes. The City would potentially be in conflict with legal accounting and financial reporting requirements.

4. OTHER IMPLICATIONS

a. Does this legislation affect any departments besides the originating department?

Yes. Seattle Parks and Recreation, the Seattle Department of Transportation, the Department of Education and Early Learning, and the Seattle Department of Construction and Inspections manage City Funds that will be authorized to loan cash to the General

Fund under the conditions of the interfund loan authorized by this ordinance. The interfund loan will be carefully managed so that there is no impact to the regular or emergent budget needs of the Lending Funds.

b. Is a public hearing required for this legislation?

No.

c. Is publication of notice with The Daily Journal of Commerce and/or The Seattle Times required for this legislation?

No.

d. Does this legislation affect a piece of property?

No.

e. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?

None. This legislation addresses accounting and audit requirements but does not impact programs or services funded through the General Fund.

f. Climate Change Implications

1. Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?

No.

2. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.

No.

g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s).

Not applicable.

List attachments/exhibits below:

None.

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to the financing of the Transportation Fund; authorizing interfund loans up to a total amount of \$15,000,000 from multiple City funds as bridge financing to be repaid by the proceeds of a future surplus property sale.

WHEREAS, under Ordinance 125916, the City Council authorized the sale of properties in South Lake Union, collectively known as the “Mercer Megablock” properties, for \$138.5 million; and

WHEREAS, Ordinance 125916 anticipated approximately \$50 million of sale proceeds being appropriated to the Transportation Fund upon completion of the sale (later adjusted to \$54.7 million); and

WHEREAS, completion of the Mercer Megablock property sale was originally anticipated to be completed in 2021, and is currently expected to close on or before March 31, 2022; and

WHEREAS, several 2021 Seattle Department of Transportation programs and projects are reliant on proceeds from the Mercer Megablock sale; and

WHEREAS, the Transportation Fund currently has an interfund loan authorization pursuant to Ordinance 126227 of up to \$25 million principal and interest outstanding from the Information Technology Fund; and

WHEREAS, Seattle Municipal Code subsection 5.06.030.C requires City Council approval by ordinance of any interfund loan for a duration of 90 days or more; and

WHEREAS, in the normal course of business the City may temporarily lend cash between funds to maintain required balances; and

WHEREAS, the Director of Finance and the City Budget Director have determined that this interfund loan

request is consistent with the Debt Management Policies adopted by Resolution 31553; and

WHEREAS, there is sufficient cash in several City Funds to support additional interfund loans to the

Transportation Fund up to \$15 million and still meet regular budgeted operating needs; and

WHEREAS, funds loaned to the Transportation Fund pursuant to this ordinance are intended to be repaid from

proceeds from the property sale of the Mercer Megablock in 2022; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. The City Council finds that there is no viable alternative to meet a core City objective, and therefore the Director of Finance is authorized to make one or more revolving loans of up to \$15,000,000 total principal and interest outstanding from one or more of the City Funds identified in Section 2 of this ordinance to the Transportation Fund to provide bridge financing for essential transportation programs. Each loan is to be repaid no later than December 31, 2022, with interest on the loan at the rate of return of the City's Consolidated Cash Pool. The entire principal and interest amount of the loan drawn is intended to be repaid with anticipated proceeds from the sale of the Mercer Megablock property.

Section 2. To implement the loans authorized in Section 1 of this ordinance, the following City Funds may be used as the source of cash loaned to the Transportation Fund pursuant to Section 1:

A. Unrestricted Cumulative Reserve Fund (00164),

B. Municipal Arts Fund (12010), and

C. Coronavirus Local Fiscal Recovery Fund (14000).

Section 3. The Director of Finance may effectuate the loans authorized in this ordinance by transferring cash to the Transportation Fund from one or more of the City Funds identified in Section 2 of this ordinance, or by carrying the Transportation Fund in a negative cash position, in a total amount not to exceed \$15,000,000 until no later than December 31, 2022, or until repayment with proceeds from the sale of the Mercer Megablock, whichever is earlier. The Director of Finance is further authorized to establish, and modify if necessary, from time to time, a repayment plan and schedule.

Section 4. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by me in open session in authentication of its passage this _____ day of _____, 2021.

President _____ of the City Council

Approved / returned unsigned / vetoed this _____ day of _____, 2021.

Jenny A. Durkan, Mayor

Filed by me this _____ day of _____, 2021.

Monica Martinez Simmons, City Clerk

SUMMARY and FISCAL NOTE*

Department:	Dept. Contact/Phone:	CBO Contact/Phone:
SDOT	Bill LaBorde/206.484.8662	Aaron Blumenthal/206.233.2656

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to the financing of the Transportation Fund; authorizing interfund loans up to a total amount of \$15,000,000 from multiple City funds as bridge financing to be repaid by the proceeds of a future surplus property sale.

Summary and background of the Legislation: This legislation authorizes up to \$15 million in an interfund loan to allow SDOT to continue to provide essential programs such as projects in the Bicycle and Pedestrian Master Plans, intended to be funded with proceeds from the sale of the Mercer Megablock.

The loan assures SDOT's Transportation Fund remains balanced through the end of 2021 and allows SDOT to continue to deliver essential services and programs. The Mercer Megablock sale is expected in the first half of 2022 and Transportation Fund will therefore be able to pay back the loan upon that sale. The repayment of the loan will be complete no later than the end of 2022.

The designated Lending Funds are:

- Unrestricted Cumulative Reserve Fund (00164)
- Municipal Arts Fund (12010)
- Coronavirus Local Fiscal Recovery Fund (14000)

These Funds will receive the same interest earnings on all cash loaned to the General Fund as they would have earned if the cash had not been loaned.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ☐ Yes ☒ No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ☐ Yes ☒ No

Does the legislation have other financial impacts to The City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?

Loan interest costs will be incurred and paid back from future balances in the Transportation Fund.

Is there financial cost or other impacts of *not* implementing the legislation?

Yes. If this loan were not authorized, SDOT would need to further cut services and programs. As part of the 2021 Budget Process, SDOT made significant program reductions, including to voter-approved commitments such as the Move Seattle Portfolio. This loan allows SDOT to continue basic programs in the Move Seattle Levy and other programs.

4. OTHER IMPLICATIONS

a. Does this legislation affect any departments besides the originating department?

Yes. Office of Arts and Culture will be authorized to loan cash to the General Fund under the conditions of the interfund loan authorized by this ordinance. The interfund loan will be carefully managed so that there is no impact to the regular or emergent budget needs of the Lending Funds.

b. Is a public hearing required for this legislation?

No

c. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?

No

d. Does this legislation affect a piece of property?

No

e. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?

N/A

f. Climate Change Implications

1. Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?

N/A

2. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.

N/A

g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s)?

N/A

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to contracting indebtedness; authorizing and providing for the issuance and sale of limited tax general obligation bonds to pay all or part of the costs of certain transportation elements of the City's capital improvement program and for other City purposes approved by ordinance and to pay the costs of issuance of the bonds; providing parameters for the bond sale terms including conditions, covenants, and other sale terms; and ratifying and confirming certain prior acts.

WHEREAS, The City of Seattle, Washington (the "City"), has determined that it is in its best interest that the transportation-related capital projects described in this ordinance (the "Projects") be financed by the issuance of limited tax general obligation bonds of the City in a principal amount not to exceed \$103 million; and

WHEREAS, RCW 39.36.020 authorizes the City to incur indebtedness without the assent of the voters of the City so long as such indebtedness does not result in a total nonvoted indebtedness of the City in excess of 1.5 percent of the value of taxable property within the City as computed in accordance with RCW 39.36.030; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. **Definitions.** In this ordinance, the following capitalized terms shall have the meanings set forth in this section.

"Authorized Denomination" means \$5,000 or any integral multiple thereof within a maturity of a Series, or such other minimum authorized denominations as may be specified in the applicable Bond Documents.

"Beneficial Owner" means, with regard to a Bond, the owner of any beneficial interest in that Bond.

“Bond” means one of the limited tax general obligation bonds issued pursuant to this ordinance.

“Bond Counsel” means a lawyer or a firm of lawyers, selected by the City, of nationally recognized standing in matters pertaining to bonds issued by states and their political subdivisions.

“Bond Documents” means, with respect to any Series of the Bonds, (a) this ordinance (including any amendatory or supplemental ordinances); (b) the authenticated bond form; and (c) the written agreement(s) setting forth the Bond Sale Terms and additional terms, conditions, or covenants pursuant to which such Bond was issued and sold, as set forth in any one or more of the following (if any): (i) a sale resolution, (ii) a bond purchase contract (as defined in the applicable authorizing ordinance), (iii) a bond indenture, fiscal agent or paying agent agreement, or the State fiscal agency contract, and (iv) a direct purchase or continuing covenant agreement.

“Bond Purchase Contract” means a written offer to purchase a Series of the Bonds pursuant to certain Bond Sale Terms, which offer has been accepted by the City in accordance with this ordinance. In the case of a competitive sale, the Purchaser’s bid for a Series, together with the official notice of sale and Pricing Certificate confirming the Bond Sale Terms, shall comprise the Bond Purchase Contract.

“Bond Redemption Fund” means the City’s General Bond Interest and Redemption Fund, previously created by Ordinance 112112 and established and to be used for the payment of the principal of, premium, if any, and interest on the Bonds.

“Bond Register” means the books or records maintained by the Bond Registrar for the purpose of registering ownership of each Bond.

“Bond Registrar” means the Fiscal Agent (unless the Director of Finance appoints a different person to act as bond registrar with respect to a particular Series), or any successor bond registrar selected in accordance with the Registration Ordinance.

“Bond Sale Terms” means the terms and conditions for the sale of a Series of the Bonds approved by the Director of Finance consistent with the parameters set forth in Section 4 of this ordinance, including the

maximum principal amount, date or dates, denominations, interest rate or rates (or mechanism for determining the interest rate or rates), payment dates, final maturity, redemption rights, price, and other terms, conditions or covenants. In connection with a negotiated sale or private placement, the Bond Sale Terms shall be set forth in a Bond Purchase Contract; in connection with a competitive sale, the Bond Sale Terms shall be set forth in a Pricing Certificate.

“Book-Entry Form” means a fully registered form in which physical bond certificates are registered only in the name of the Securities Depository (or its nominee), as Registered Owner, with the physical bond certificates held by and immobilized in the custody of the Securities Depository (or its designee), where the system for recording and identifying the transfer of the ownership interests of the Beneficial Owners in those Bonds is neither maintained by nor the responsibility of the City or the Bond Registrar.

“City” means The City of Seattle, Washington, a municipal corporation duly organized and existing under the laws of the State.

“City Council” means the City Council of the City, as duly and regularly constituted from time to time.

“Code” means the Internal Revenue Code of 1986, or any successor thereto, as it has been and may be amended from time to time, and regulations thereunder.

“Continuing Disclosure Agreement” means, for each Series sold in an offering subject to federal securities regulations requiring a written undertaking to provide continuing disclosure, a continuing disclosure agreement entered into pursuant to Section 14 of this ordinance, in substantially the form attached to this ordinance as Exhibit B.

“DTC” means The Depository Trust Company, New York, New York.

“Director of Finance” or **“Director”** means the Director of the Finance Division of the Department of Finance and Administrative Services, or any other officer who succeeds to substantially all of the responsibilities of that office.

“Fiscal Agent” means the fiscal agent of the State, as the same may be designated by the State from

time to time, or such other fiscal agent as the City may later appoint.

“Government Obligations” means, unless otherwise limited in the Bond Documents for a particular Series of the Bonds, any government obligation as that term is defined in RCW 39.53.010, as now in effect or as may hereafter be amended.

“Issue Date” means, with respect to a Bond, the initial date on which that Bond is issued and delivered to the initial Purchaser in exchange for its purchase price.

“Letter of Representations” means the Blanket Issuer Letter of Representations between the City and DTC dated October 4, 2006, as amended at any time, or an agreement with a substitute or successor Securities Depository.

“MSRB” means the Municipal Securities Rulemaking Board.

“Omnibus Refunding Ordinance” means Ordinance 125457, as amended at any time, authorizing the issuance of general obligation refunding bonds, or any future ordinance pursuant to which the Bonds (or any Series of the Bonds) are designated as “refundable bonds.”

“Owner” means, without distinction, the Registered Owner and the Beneficial Owner of a Bond.

“Pricing Certificate” means a certificate executed by the Director of Finance as of the pricing date confirming the Bond Sale Terms for the sale of a Series of Bonds to the Purchaser in a competitive sale, in accordance with the parameters set forth in Section 4 of this ordinance.

“Projects” means the various elements of the City’s capital improvement program identified in Exhibit A to this ordinance.

“Purchaser” means the entity or entities selected by the Director of Finance in accordance with this ordinance to serve as underwriter, purchaser or successful bidder in a sale of any Series.

“Rating Agency” means any nationally recognized rating agency then maintaining a rating on a Series of the Bonds at the request of the City.

“Record Date” means, unless otherwise defined in the Bond Documents, in the case of each interest or

principal payment date, the Bond Registrar’s close of business on the 15th day of the month preceding such interest or principal payment date. With regard to redemption of a Bond prior to its maturity, the Record Date shall mean the Bond Registrar’s close of business on the day prior to the date on which the Bond Registrar sends the notice of redemption to the Registered Owner(s) of the affected Bonds.

“Registered Owner” means, with respect to a Bond, the person in whose name that Bond is registered on the Bond Register. For so long as a Series of the Bonds is in Book-Entry Form under a Letter of Representations, the Registered Owner of such Series shall mean the Securities Depository.

“Registration Ordinance” means Ordinance 111724, establishing a system of registration for the City’s bonds and other obligations pursuant to Seattle Municipal Code Chapter 5.10 as amended.

“Rule 15c2-12” means Rule 15c2-12 promulgated by the SEC under the Securities Exchange Act of 1934 as amended.

“SEC” means the United States Securities and Exchange Commission.

“Securities Depository” means DTC, any successor thereto, any substitute securities depository selected by the City, or the nominee of any of the foregoing. Any successor or substitute Securities Depository must be qualified under applicable laws and regulations to provide the services proposed to be provided by it.

“Series” means a series of the Bonds issued pursuant to this ordinance.

“State” means the State of Washington.

“Tax Credit Subsidy Bond” means any Taxable Bond that is designated by the City as a tax credit bond pursuant to the Code, and which is further designated as a “qualified bond” under Section 6431 or similar provision of the Code, and with respect to which the City is eligible to claim a Tax Credit Subsidy Payment.

“Tax Credit Subsidy Payment” means a payment by the federal government with respect to a Tax Credit Subsidy Bond.

“Tax-Exempt Bond” means any Bond the interest on which is intended on the Issue Date to be excludable from gross income for federal income tax purposes.

“Taxable Bond” means any Bond the interest on which is not intended on the Issue Date to be excludable from gross income for federal income tax purposes.

“Term Bond” means any Bond that is issued subject to mandatory redemption prior to its maturity in periodic mandatory redemption payments in accordance with Section 7(b) of this ordinance.

Section 2. **Authorization of Bonds.** The City is authorized to borrow money on the credit of the City and issue limited tax general obligation bonds evidencing indebtedness in the maximum principal amount stated in Section 4 of this ordinance to pay all or part of the costs of the Projects (which costs may include capitalized interest, if necessary); for other City purposes approved by ordinance; and to pay the costs of issuance of the Bonds. The Bonds may be issued in one or more Series and may be combined with other general obligation bonds (including refunding bonds) authorized separately. The Bonds shall be designated limited tax general obligation bonds, shall be numbered separately, and shall have any name, year and Series or other label as deemed necessary or appropriate by the Director of Finance.

Section 3. **Manner of Sale of the Bonds.** The Director of Finance may provide for the sale of each Series by competitive sale, negotiated sale, limited offering, or private placement. The Purchaser of each Series shall be chosen through a selection process acceptable to the Director of Finance. The Director of Finance is authorized to specify a date and time of sale and a date and time for the delivery of each Series; in the case of a competitive sale, to provide an official notice of sale including bid parameters and other bid requirements and to provide for the use of an electronic bidding mechanism; to provide for and determine matters relating to the forward or delayed delivery of the Bonds, if deemed desirable; and to specify other matters that the Director determines are necessary, appropriate, or desirable in order to carry out the sale of each Series. Each Series must be sold on Bond Sale Terms consistent with the parameters set forth in Section 4 of this ordinance.

Section 4. **Appointment of Designated Representative; Bond Sale Terms.**

(a) **Designated Representative.** The Director of Finance is appointed to serve as the City’s designated representative in connection with the issuance and sale of the Bonds in accordance with RCW 39.46.040(2) and

this ordinance.

(b) **Parameters for Bond Sale Terms.** The Director of Finance is authorized to approve on behalf of the City Bond Sale Terms for the sale of the Bonds in one or more Series and, in connection with each such sale, to execute a Bond Purchase Contract (or, in the case of a competitive sale, a Pricing Certificate) confirming the Bond Sale Terms and such related agreements as may be necessary or desirable, consistent with the following parameters:

(i) **Maximum Principal Amount.** The maximum aggregate principal amount of all Series of the Bonds authorized by this ordinance may not exceed \$103 million.

(ii) **Date or Dates.** Each Bond shall be dated its Issue Date, as determined by the Director of Finance, which Issue Date may not be later than December 31, 2024.

(iii) **Denominations.** The Bonds shall be issued in Authorized Denominations.

(iv) **Interest Rate(s).** Each Bond shall bear interest from its Issue Date or from the most recent date to which interest has been paid or duly provided, unless otherwise provided in the applicable Bond Documents. One or more rates of interest shall be established for each maturity of each Series of the Bonds, which rate or rates may be fixed or variable. The net interest cost for any fixed rate Series may not exceed a rate of 10 percent per annum.

(v) **Payment Dates.** Interest shall be payable on dates acceptable to the Director of Finance. Principal shall be payable on dates acceptable to the Director of Finance, which shall include payment at the maturity of each Bond, in mandatory redemption installments applicable to Term Bonds, and otherwise in accordance with any redemption or tender provisions set forth in the Bond Documents.

(vi) **Final Maturity.** Each Bond shall mature no later than 31 years after its Issue Date.

(vii) **Redemption Prior to Maturity.** The Bond Sale Terms may include redemption provisions, as determined by the Director of Finance, consistent with Section 7 of this ordinance and subject to the following:

(A) **Optional Redemption.** The Director of Finance may designate any Bond as being subject to optional redemption prior to its maturity. Any Tax-Exempt Bond that is subject to optional redemption prior to maturity must be callable on at least one or more dates occurring not more than 10-1/2 years after the Issue Date, consistent with subsection 7(a) of this ordinance.

(B) **Mandatory Redemption.** The Director of Finance may designate any Bond as a Term Bond, subject to mandatory redemption prior to its maturity in mandatory redemption installment payments of principal, consistent with subsection 7(b) of this ordinance.

(C) **Extraordinary Redemption.** The Director of Finance may designate any Bond as subject to extraordinary optional redemption or extraordinary mandatory redemption upon the occurrence of an extraordinary event, as such event or events may be set forth in the applicable Bond Documents, consistent with subsection 7(c) of this ordinance.

(viii) **Price.** The Director of Finance may approve in the Bond Sale Terms an aggregate purchase price for each Series of the Bonds that is, in the Director's judgment, the price that produces the most advantageous borrowing cost for the City for that Series consistent with the parameters set forth herein and in any applicable bid documents.

(ix) **Other Terms and Conditions.**

(A) **Debt Capacity and Limitations.** A Series of the Bonds may not be issued in an amount that would cause the indebtedness of the City to exceed the City's legal debt capacity on the Issue Date of such Series.

(B) **Reasonably Expected Life.** As of the Issue Date of each Series, the Director of Finance must find to the Director's satisfaction that the average expected life of the capital facilities or assets to be financed with the proceeds (or allocable share of proceeds) of that Series exceeds the weighted average maturity of such Series (or share thereof allocated to financing those capital facilities).

(C) **Additional Terms, Conditions, and Agreements.** The Bond Sale Terms for any

Series may provide for bond insurance or for any other credit enhancement as the Director of Finance may find necessary or desirable. The Bond Sale Terms may include such additional terms, conditions, and covenants as may be necessary or desirable, including but not limited to: restrictions on investment of Bond proceeds and pledged funds (including any escrow established for the defeasance of any of the Bonds); provisions for the conversion of interest rate modes; provisions for the reimbursement of a credit enhancement provider; and requirements to give notice to or obtain the consent of a credit enhancement provider. The Director of Finance is authorized to execute, on behalf of the City, such additional certificates and agreements as may be necessary or desirable to reflect such terms, conditions, and covenants.

The Bonds authorized by this ordinance may not be issued unless the Seattle Department of Transportation has provided a written report to the City Council: (1) setting forth an anticipated schedule for expending the proceeds of the Bonds over a period not longer than eighteen months following issuance of the Bonds; (2) specifically identifying the Projects that will be funded by the issuance of the Bonds; and (3) requesting the appropriations that are necessary to support the Projects.

(D) **Tax Status of the Bonds.** The Director of Finance may designate any Series of the Bonds as Tax-Exempt Bonds, Taxable Bonds, or Tax Credit Subsidy Bonds, consistent with Section 13 of this ordinance.

Section 5. **Bond Registrar; Registration and Transfer of Bonds.**

(a) **Registration and Bond Registrar.** The Bonds shall be issued only in registered form as to both principal and interest and shall be recorded on the Bond Register. The Fiscal Agent is appointed to act as Bond Registrar for each Series of the Bonds, unless otherwise determined by the Director of Finance.

(b) **Transfer and Exchange of Bonds.** The Bond Registrar shall keep, or cause to be kept, sufficient books for the registration and transfer of the Bonds, which shall be open to inspection by the City at all times. The Bond Register shall contain the name and mailing address of the Registered Owner of each Bond and the principal amount and number of each of the Bonds held by each Registered Owner.

The Bond Registrar is authorized, on behalf of the City, to authenticate and deliver Bonds transferred or exchanged in accordance with the provisions of the Bonds and this ordinance, to serve as the City's paying agent for the Bonds and to carry out all of the Bond Registrar's powers and duties under this ordinance and the Registration Ordinance.

The Bond Registrar shall be responsible for its representations contained in the Bond Registrar's certificate of authentication on the Bonds. The Bond Registrar may become an Owner of Bonds with the same rights it would have if it were not the Bond Registrar and, to the extent permitted by law, may act as depository for and permit any of its officers or directors to act as members of, or in any other capacity with respect to, any committee formed to protect the rights of Owners.

Bonds surrendered to the Bond Registrar may be exchanged for Bonds in any Authorized Denomination of an equal aggregate principal amount and of the same Series, interest rate, and maturity. Bonds may be transferred only if endorsed in the manner provided thereon and surrendered to the Bond Registrar. Any exchange or transfer shall be without cost to an Owner or transferee. The Bond Registrar shall not be obligated to exchange or transfer any Bond during the period between the Record Date and the corresponding interest payment or principal redemption date.

(c) Securities Depository; Book-Entry Form. Unless otherwise determined by the Director of Finance, the Bonds initially shall be issued in Book-Entry Form and registered in the name of the Securities Depository. The Bonds so registered shall be held fully immobilized in Book-Entry Form by the Securities Depository in accordance with the provisions of the Letter of Representations. Neither the City nor the Bond Registrar shall have any responsibility or obligation to participants of the Securities Depository (or the persons for whom they act as nominees) with respect to the Bonds regarding the accuracy of any records maintained by the Securities Depository (or its participants) of any amount in respect of principal of or interest on the Bonds, or any notice that is permitted or required to be given to Registered Owners hereunder (except such notice as is required to be given by the Bond Registrar to the Securities Depository). Registered ownership of a Bond

initially held in Book-Entry Form, or any portion thereof, may not be transferred except: (i) to any successor Securities Depository; (ii) to any substitute Securities Depository appointed by the City or such substitute Securities Depository's successor; or (iii) to any person if the Bond is no longer held in Book-Entry Form.

Upon the resignation of the Securities Depository from its functions as depository, or upon a determination by the Director of Finance to discontinue utilizing the then-current Securities Depository, the Director of Finance may appoint a substitute Securities Depository. If the Securities Depository resigns from its functions as depository and no substitute Securities Depository can be obtained, or if the Director of Finance determines not to utilize a Securities Depository, then the Bonds shall no longer be held in Book-Entry Form and ownership may be transferred only as provided herein.

Nothing herein shall prevent the Bond Sale Terms from providing that a Series of the Bonds shall be issued in certificated form without utilizing a Securities Depository, and that the Bonds of such Series shall be registered as of their Issue Date in the names of the Owners thereof, in which case ownership may be transferred only as provided herein.

(d) **Lost or Stolen Bonds.** In case any Bond shall be lost, stolen or destroyed, the Bond Registrar may authenticate and deliver a new bond or bonds of like amount, date, tenor, and effect to the Registered Owner(s) thereof upon the Registered Owner(s)' paying the expenses and charges of the City in connection therewith, and upon filing with the Bond Registrar evidence satisfactory to the Bond Registrar that such bond or bonds were actually lost, stolen or destroyed and of Registered Ownership thereof, and upon furnishing the City with indemnity satisfactory to both.

Section 6. **Payment of Bonds.**

(a) **Payment.** Principal of and interest on each Bond shall be payable in lawful money of the United States of America on the dates and in the amounts as provided in the Bond Documents applicable to that Series. No Bonds of any Series shall be subject to acceleration under any circumstances.

(b) **Bonds Held In Book-Entry Form.** Principal of and interest on each Bond held in Book-Entry Form

shall be payable in the manner set forth in the Letter of Representations.

(c) **Bonds Not Held In Book-Entry Form.** Interest on each Bond not held in Book-Entry Form shall be payable by electronic transfer on the interest payment date, or by check or draft of the Bond Registrar mailed on the interest payment date to the Registered Owner at the address appearing on the Bond Register on the Record Date. The City, however, shall not be required to make electronic transfers except pursuant to a request by a Registered Owner in writing received at least ten days prior to the Record Date and at the sole expense of the Registered Owner. Principal of each Bond not held in Book-Entry Form shall be payable upon presentation and surrender of the Bond by the Registered Owner to the Bond Registrar.

Section 7. **Redemption and Purchase of Bonds.**

(a) **Optional Redemption.** All or some of the Bonds of any Series may be subject to redemption prior to their stated maturity dates at the option of the City at the times and on the terms set forth in the applicable Bond Documents.

(b) **Mandatory Redemption.** All or some of the Bonds of any Series may be designated as Term Bonds, subject to mandatory redemption in principal installment payments, as set forth in the applicable Bond Documents. If not redeemed or purchased at the City's option prior to maturity, Term Bonds (if any) must be redeemed, at a price equal to one hundred percent of the principal amount to be redeemed plus accrued interest, on the dates and in the years and principal amounts set forth in the applicable Bond Documents.

If the City optionally redeems or purchases a Term Bond prior to its maturity, the principal amount of that Term Bond so redeemed or purchased (irrespective of its redemption or purchase price) shall be credited against the remaining mandatory redemption installment payments in the manner directed by the Director of Finance. In the absence of direction by the Director of Finance, credit shall be allocated to each mandatory redemption installment payment for that Bond on a pro rata basis.

(c) **Extraordinary Redemption.** All or some of the Bonds of any Series may be subject to extraordinary optional or extraordinary mandatory redemption prior to maturity, upon the occurrence of an

extraordinary event, at the prices, in the principal amounts, and on the dates, all as set forth in the applicable Bond Documents.

(d) **Selection of Bonds for Redemption; Partial Redemption.** If fewer than all of the outstanding Bonds of a Series are to be redeemed at the option of the City, the Director of Finance shall select the maturity or maturities to be redeemed. If less than all of the principal amount of a maturity of the selected Series is to be redeemed, if such Series is held in Book-Entry Form, the portion of such maturity to be redeemed shall be selected for redemption by the Securities Depository in accordance with the Letter of Representations. If the Series is not then held in Book-Entry Form, the portion of such maturity to be redeemed shall be selected by the Bond Registrar using such method of random selection as the Bond Registrar shall determine. All or a portion of the principal amount of any Bond that is to be redeemed may be redeemed in any applicable Authorized Denomination. If less than all of the outstanding principal amount of any Bond is redeemed, upon surrender of that Bond to the Bond Registrar there shall be issued to the Registered Owner, without charge, a new Bond (or Bonds, at the option of the Registered Owner) of the same Series, maturity, and interest rate in any Authorized Denomination in the aggregate principal amount to remain outstanding.

(e) **Purchase.** The City reserves the right and option to purchase any or all of the Bonds at any time at any price acceptable to the City plus accrued interest to the date of purchase.

Section 8. **Notice of Redemption; Rescission of Notice.** Unless otherwise set forth in the applicable Bond Documents, the City must cause notice of any intended redemption of Bonds to be given not less than 20 nor more than 60 days prior to the date fixed for redemption by first-class mail, postage prepaid, to the Registered Owner of any Bond to be redeemed at the address appearing on the Bond Register on the Record Date, and the requirements of this sentence shall be deemed to have been fulfilled when notice has been mailed as so provided, whether or not it is actually received by the Owner of any Bond. Interest on Bonds called for redemption shall cease to accrue on the date fixed for redemption unless the Bond or Bonds called are not redeemed when presented pursuant to the call.

In the case of an optional or extraordinary optional redemption, the notice may state that the City retains the right to rescind the redemption notice and the related redemption of Bonds by giving a notice of rescission to the affected Registered Owners at any time on or prior to the scheduled redemption date. Any notice of redemption that is rescinded by the Director of Finance shall be of no effect, and the Bonds for which the notice of redemption has been rescinded shall remain outstanding.

Section 9. **Failure to Pay Bonds**. If any Bond is not paid when properly presented at its maturity or redemption date, the City shall be obligated to pay interest on that Bond at the same rate provided on that Bond from and after its maturity or redemption date until that Bond, including principal, redemption premium (if any), and interest, is paid in full or until sufficient money for its payment in full is on deposit in the Bond Redemption Fund and that Bond has been called for payment by giving notice of that call to the Registered Owner of that Bond.

Section 10. **Form and Execution of Bonds**. The Bonds shall be typed, printed, or reproduced in a form consistent with the provisions of this ordinance and State law and shall be signed by the Mayor and Director of Finance, either or both of whose signatures may be manual or in facsimile. The seal of the City or a facsimile reproduction thereof shall be impressed or printed thereon.

Only Bonds bearing a certificate of authentication in substantially the following form (with the designation, year, and Series of the Bonds adjusted consistent with this ordinance), manually signed by the Bond Registrar, shall be valid or obligatory for any purpose or entitled to the benefits of this ordinance: “This Bond is one of the fully registered The City of Seattle, Washington, [Limited Tax General Obligation Bonds], [Year] [Series], described in [this ordinance].” The authorized signing of a certificate of authentication shall be conclusive evidence that the Bond so authenticated has been duly executed, authenticated, and delivered and is entitled to the benefits of this ordinance.

If any officer whose manual or facsimile signature appears on a Bond ceases to be an officer of the City authorized to sign bonds before the Bond bearing that officer’s manual or facsimile signature is authenticated or

delivered by the Bond Registrar or issued by the City, that Bond nevertheless may be authenticated, delivered, and issued and, when authenticated, issued, and delivered, shall be as binding on the City as though that person had continued to be an officer of the City authorized to sign bonds. Any Bond also may be signed on behalf of the City by any person who, on the actual date of signing of the Bond, is an officer of the City authorized to sign bonds, although that person did not hold the required office on the Issue Date of that Series of the Bonds.

Section 11. **Pledge of Taxes**. For so long as any of the Bonds are outstanding, the City irrevocably pledges to include in its budget and levy taxes annually within the constitutional and statutory tax limitations provided by law without a vote of the electors of the City on all of the taxable property within the City in an amount sufficient, together with other money legally available and to be used therefor, to pay when due the principal of and interest on the Bonds. The full faith, credit, and resources of the City are pledged irrevocably for the annual levy and collection of those taxes and the prompt payment of that principal and interest.

Section 12. **Refunding or Defeasance of Bonds**.

(a) **Bonds Designated as Refundable Bonds**. Each Series of the Bonds is designated as a Series of “Refundable Bonds” for purposes of the Omnibus Refunding Ordinance.

(b) **Refunding; Defeasance**. The City may issue refunding bonds pursuant to the laws of the State or use money available from any other lawful source (i) to pay when due the principal of (including premium, if any) and interest on any Bond, or any portion thereof, included in a refunding or defeasance plan (the “Defeased Bonds”); (ii) to redeem and retire, release, refund, or defease the Defeased Bonds; and (iii) to pay the costs of such refunding or defeasance. If money and/or Government Obligations maturing at a time or times and in an amount sufficient (together with known earned income from the investment thereof) to redeem and retire, release, refund, or defease the Defeased Bonds in accordance with their terms is set aside in a special trust fund or escrow account irrevocably pledged to such redemption, retirement, or defeasance (the “Trust Account”), then all right and interest of the Owners of the Defeased Bonds in the covenants of this ordinance and in the funds and accounts pledged to the payment of such Defeased Bonds, other than the right to receive

the funds so set aside and pledged, thereafter shall cease and become void. Such Owners thereafter shall have the right to receive payment of the principal of and interest or redemption price on the Defeased Bonds from the Trust Account. After establishing and fully funding such a Trust Account, the Defeased Bonds shall be deemed to be no longer outstanding, and the Director of Finance may then apply any money in any other fund or account established for the payment or redemption of the Defeased Bonds to any lawful purpose.

(c) **Notice of Defeasance or Refunding.** Unless otherwise specified in the applicable Bond Documents, notice of refunding or defeasance shall be given, and selection of Bonds for any partial refunding or defeasance shall be conducted, in the manner set forth in this ordinance for the redemption of Bonds.

Section 13. **Federal Tax Matters.** The Bond Documents may include such additional terms and covenants relating to federal tax matters as the Director of Finance deems necessary or appropriate, including the following:

(a) **Tax-Exempt Bonds.** For each Series of the Bonds issued as Tax-Exempt Bonds, the City covenants that it will take all actions consistent with the terms of such Series, as set forth in this ordinance and the applicable Bond Documents, that are reasonably within its power and necessary to prevent interest on that Series from being included in gross income for federal income tax purposes. The City further covenants that it will neither take any action nor make or permit any use of gross proceeds of such Series (or other funds of the City treated as gross proceeds of such Series) at any time during the term of such Series that will cause interest on such Series to be included in gross income for federal income tax purposes. The City also covenants that, to the extent the arbitrage rebate requirement of Section 148 of the Code is applicable to any Series issued as Tax-Exempt Bonds, it will take all actions necessary to comply (or to be treated as having complied) with that requirement in connection with that Series (including the calculation and payment of any penalties that the City may elect to pay as an alternative to calculating rebatable arbitrage and the payment of any other penalties if required under Section 148 of the Code) to prevent interest on such Series from being included in gross income for federal income tax purposes.

(b) **Taxable Bonds; Tax Credit Subsidy Bonds.** For each Series of the Bonds issued as Taxable Bonds or as Tax Credit Subsidy Bonds, the Director of Finance is authorized to make provision in the Bonds and other Bond Documents, to execute additional written agreements, and to make additional covenants on behalf of the City, all as he or she may deem necessary or appropriate in order to obtain, maintain, and administer such tax status. In the case of Tax Credit Subsidy Bonds, such additional covenants and agreements may include (without limiting the generality of the foregoing) those necessary in order for the City (i) to receive from the United States Treasury the applicable Tax Credit Subsidy Payments in respect of such Tax Credit Subsidy Bonds, and (ii) to ensure that such Series otherwise becomes and remains eligible for tax benefits under the Code.

Section 14. **Official Statement; Continuing Disclosure.**

(a) **Preliminary Official Statement.** The Director of Finance and other appropriate City officials are directed to cause the preparation of and review the form of a preliminary official statement in connection with each sale of one or more Series to the public. For the sole purpose of the Purchaser's compliance with paragraph (b)(1) of Rule 15c2-12, the Director of Finance is authorized to deem that preliminary official statement final as of its date, except for the omission of information permitted to be omitted by Rule 15c2-12. The City approves the distribution to potential purchasers of the Bonds of a preliminary official statement that has been deemed final in accordance with this subsection.

(b) **Final Official Statement.** The City approves the preparation of a final official statement for each sale of one or more Series of the Bonds to be sold to the public in the form of the preliminary official statement with such additions, modifications, and amendments as the Director of Finance deems necessary or desirable, and further authorizes the Director of Finance to execute and deliver such final official statement to the Purchaser. The City authorizes and approves the distribution by the Purchaser of that final official statement to purchasers and potential purchasers of the Bonds.

(c) **Undertaking to Provide Continuing Disclosure.** To meet the requirements of paragraph (b)(5) of

Rule 15c2-12, as applicable to a participating underwriter for a Series of the Bonds, the Director of Finance is authorized to execute a written Continuing Disclosure Agreement with respect to that Series, in substantially the form attached to this ordinance as Exhibit B.

Section 15. **Deposit and Use of Proceeds**. Unless otherwise provided in the Bond Sale Terms, the principal proceeds and net premium, if any, received from the sale and delivery of any Series of the Bonds shall be paid into or allocated to the 2022 Multipurpose LTGO Bond Fund, or to such funds, subfunds, accounts, or subaccounts of the City Treasury as the Director of Finance may designate for that Series, and used for the purposes described in Section 2 of this ordinance. The Director of Finance may use the principal proceeds and net premium, if any, of any Series to pay for costs of issuance of that Series, and the Director of Finance also may incur and account for costs of issuance that are not included as part of the bond proceeds and net premium, including but not limited to any underwriter's discount.

The Director of Finance may (i) establish and transfer proceeds of the Bonds among funds, subfunds, accounts, or subaccounts in the City Treasury, or (ii) make interfund loans pursuant to Seattle Municipal Code Section 5.06.030 to or from other City accounts or funds, all on terms that the Director of Finance may deem necessary, appropriate, or desirable to carry out the purposes of this ordinance and consistent with the Bond Sale Terms. Enactment of this ordinance authorizes the transfer of amounts from the 2022 Multipurpose LTGO Bond Fund (and such other funds, subfunds, accounts, or subaccounts created for the purpose described in this Section 15 of this ordinance) to other funds in order to carry out the purposes of this ordinance.

There has previously been created and established in the City Treasury the Bond Redemption Fund. Net premium and accrued interest received from the sale and delivery of a Series of the Bonds that is not necessary for the purposes described in Section 2 of this ordinance, if any, shall be paid or allocated into the Bond Redemption Fund prior to the first debt service payment date with respect to that Series.

Until needed to pay the Project expenses and the costs described in this ordinance, the City may invest the proceeds of any Series of the Bonds temporarily in any authorized investment, and the investment earnings

shall be deposited in such funds, subfunds, accounts and subaccounts as may be designated by the Director of Finance. Earnings subject to a federal tax or rebate requirement may be withdrawn from any such fund or account and used for those tax or rebate purposes.

The Director of Finance may pay principal of and interest on a Series of the Bonds with any proceeds of that Series (including interest earnings thereon) remaining after applying such proceeds to the purposes set forth in Section 2 of this ordinance, or after the City Council has determined that the expenditure of such Bond proceeds for those purposes is no longer necessary or appropriate.

Section 16. **General Authorization.** In addition to the specific authorizations in this ordinance, the Mayor and the Director of Finance and each of the other appropriate officers of the City is each authorized and directed to do everything as in such official or officer's judgment may be necessary, appropriate, or desirable in order to carry out the terms and provisions of, and complete the transactions contemplated by, this ordinance. In particular and without limiting the foregoing:

(a) The Director of Finance, exercising discretion and without requiring further action by the City Council, (i) may issue requests for proposals to provide underwriting services or financing facilities (including liquidity or credit support), and may execute engagement letters with underwriters and other financial institutions (including providers of liquidity or credit support) based on responses to such requests, (ii) may select and make decisions regarding the Bond Registrar, fiscal or paying agents, and any Securities Depository for each Series of the Bonds; and (iii) may take such actions on behalf of the City as are necessary or appropriate for the City to designate, qualify, or maintain the tax-exempt treatment with respect to any Series issued as Tax-Exempt Bonds, to receive from the United States Treasury the applicable Tax Credit Subsidy Payments in respect of any Series issued as Tax Credit Subsidy Bonds, and to otherwise receive any other federal tax benefits relating to any Series of the Bonds that are available to the City; and

(b) The Mayor and Director of Finance are independently authorized (i) to execute and deliver any and all contracts or other documents as are consistent with this ordinance and for which the City's approval is

necessary or to which the City is a party (including but not limited to agreements with escrow agents; refunding or defeasance trustees; liquidity or credit support providers; bond insurers; underwriters; lenders or other financial institutions; the Bond Registrar and any other fiscal or paying agents; counterparties to interest rate swap, cap, floor, or similar agreements; and custodians); and (ii) to negotiate, execute, and deliver such other contracts or documents incidental to the issuance and sale of a Series of the Bonds; the establishment of the initial interest rate or rates on a Bond; or the tender, purchase, remarketing, or redemption of a Bond, as may in such official's judgment be necessary or appropriate.

Section 17. **Severability**. The provisions of this ordinance are declared to be separate and severable. The invalidity of any clause, sentence, paragraph, subdivision, section, subsection, or portion of this ordinance, or the invalidity of its application to any person or circumstance, does not affect the validity of the remainder of this ordinance or the validity of its application to other persons or circumstances.

Section 18. **Ratification of Prior Acts**. Any action consistent with the authority of this ordinance taken after its passage and prior to its effective date is ratified and confirmed.

Section 19. **Headings**. Section headings in this ordinance are nonsubstantive.

Section 20. **Effective Date**. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by me in open session in authentication of its passage this _____ day of _____, 2021.

To Be Determined for Seattle Department of Transportation bridge projects	\$ 100,000,000
Issuance Costs and Pricing Adjustments	<u>3,000,000</u>
Total	\$ 103,000,000

EXHIBIT B

FORM OF CONTINUING DISCLOSURE AGREEMENT

The City of Seattle, Washington (the “City”) makes the following written undertaking (the “Undertaking”) for the benefit of the Owners of the City’s Limited Tax General Obligation Bonds, [Year][Series] (the “Bonds”), for the sole purpose of assisting the underwriter in meeting the requirements of paragraph (b)(5) of Rule 15c2-12 (the “Rule”), as applicable to a participating underwriter for the Bonds. Capitalized terms used but not defined below shall have the meanings given in Ordinance _____ (the “Bond Ordinance”).

(a) Undertaking to Provide Annual Financial Information and Notice of Listed Events.

The City undertakes to provide or cause to be provided, either directly or through a designated agent, to the Municipal Securities Rulemaking Board (the “MSRB”), in an electronic format as prescribed by the MSRB, accompanied by identifying information as prescribed by the MSRB:

(i) Annual financial information and operating data of the type included in the final official statement for the Bonds and described in subsection (b) of this section (“annual financial information”). The timely filing of unaudited financial statements shall satisfy the requirements and filing deadlines pertaining to the filing of annual financial statements under subsection (b), provided that audited financial statements are to be filed if and when they are otherwise prepared and available to the City.

(ii) Timely notice (not in excess of 10 business days after the occurrence of the event) of the occurrence of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of

1 proposed or final determinations of taxability, Notice of Proposed Issue (IRS Form 5701 – TEB)
2 or other material notices or determinations with respect to the tax status of the Bonds, or other
3 material events affecting the tax status of the Bonds; (7) modifications to rights of holders of the
4 Bonds, if material; (8) Bond calls (other than scheduled mandatory redemptions of Term Bonds),
5 if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property
6 securing repayment of the Bonds, if material; (11) rating changes; (12) bankruptcy, insolvency,
7 receivership or similar event of the City, as such “Bankruptcy Events” are defined in the Rule;
8 (13) the consummation of a merger, consolidation, or acquisition involving the City or the sale of
9 all or substantially all of the assets of the City other than in the ordinary course of business, the
10 entry into a definitive agreement to undertake such an action or the termination of a definitive
11 agreement relating to any such actions, other than pursuant to its terms, if material; (14)
12 appointment of a successor or additional trustee or the change of name of a trustee, if material;
13 (15) incurrence of a financial obligation of the City, if material, or agreement to covenants, events
14 of default, remedies, priority rights, or other similar terms of a financial obligation of the City, any
15 of which affect holders of the Bonds, if material; and (16) any default, event of acceleration,
16 termination event, modification of terms, or other similar event under the terms of a financial
17 obligation of the City, any of which reflect financial difficulties.

18 For purposes of this Undertaking, the term “financial obligation” shall mean a debt
19 obligation; derivative instrument entered into in connection with, or pledged as security or a source
20 of payment for, an existing or planned debt obligation; or a guarantee of either a debt obligation
21 or a derivative instrument entered into in connection with, or pledged as security or a source of
22 payment for, an existing or planned debt obligation. The term “financial obligation” does not

1 include municipal securities as to which a final official statement has been provided to the MSRB
2 consistent with the Rule.

3 (iii) Timely notice of a failure by the City to provide required annual financial
4 information on or before the date specified in subsection (b) of this section.

5 (b) Type of Annual Financial Information Undertaken to be Provided. The annual
6 financial information that the City undertakes to provide in subsection (a) of this section:

7 (i) Shall consist of (1) annual financial statements of the City prepared in
8 accordance with applicable generally accepted accounting principles applicable to governmental
9 units (except as otherwise noted therein), as such principles may be changed from time to time and
10 as permitted by applicable state law; (2) a statement of outstanding general obligation debt of the
11 City; (3) the assessed value of the property within the City subject to ad valorem taxation; and
12 (4) ad valorem tax levy rates and amounts and percentages of taxes collected;

13 (ii) Shall be provided not later than the last day of the ninth month after the end
14 of each fiscal year of the City (currently, a fiscal year ending December 31), as such fiscal year
15 may be changed as required or permitted by state law, commencing with the City's fiscal year
16 ending December 31, 20__; and

17 (iii) May be provided in a single document or multiple documents, and may be
18 incorporated by specific reference to documents available to the public on the Internet website of
19 the MSRB or filed with the Securities and Exchange Commission.

20 (c) Amendment of Undertaking. This Undertaking is subject to amendment after the
21 primary offering of the Bonds without the consent of any Owner or holder of any Bond, or of any
22 broker, dealer, municipal securities dealer, participating underwriter, rating agency or the MSRB,
23 under the circumstances and in the manner permitted by the Rule, including:

1 (i) The amendment may only be made in connection with a change in
2 circumstances that arises from a change in legal requirements, change in law, or change in the
3 identity, nature, or status of the City, or type of business conducted by the City;

4 (ii) The Undertaking, as amended, would have complied with the requirements
5 of the Rule at the time of the primary offering, after taking into account any amendments or
6 interpretations of the Rule, as well as any change in circumstances; and

7 (iii) The amendment does not materially impair the interests of holders, as
8 determined either by parties unaffiliated with the City (e.g., bond counsel or other counsel familiar
9 with federal securities laws), or by an approving vote of bondholders pursuant to the terms of the
10 Bond Ordinance at the time of the amendment.

11 The City will give notice to the MSRB of the substance (or provide a copy) of any
12 amendment to this Undertaking and a brief statement of the reasons for the amendment. If the
13 amendment changes the type of annual financial information to be provided, the annual financial
14 information containing the amended financial information will include a narrative explanation of
15 the effect of that change on the type of information to be provided.

16 (d) Beneficiaries. This Undertaking shall inure to the benefit of the City and any
17 Owner of Bonds, and shall not inure to the benefit of or create any rights in any other person.

18 (e) Termination of Undertaking. The City's obligations under this Undertaking shall
19 terminate upon the legal defeasance, prior redemption, or payment in full of all of the Bonds. In
20 addition, the City's obligations under this Undertaking shall terminate if those provisions of the
21 Rule that require the City to comply with this Undertaking become legally inapplicable in respect
22 of the Bonds for any reason, as confirmed by an opinion of nationally recognized bond counsel or

1 other counsel familiar with federal securities laws delivered to the City, and the City provides
2 timely notice of such termination to the MSRB.

3 (f) Remedy for Failure to Comply with Undertaking. As soon as practicable after the
4 City learns of any material failure to comply with this Undertaking, the City will proceed with due
5 diligence to cause such noncompliance to be corrected. No failure by the City or other obligated
6 person to comply with this Undertaking shall constitute a default in respect of the Bonds. The sole
7 remedy of any Owner of a Bond shall be to take such actions as that Owner deems necessary,
8 including seeking an order of specific performance from an appropriate court, to compel the City
9 or other obligated person to comply with this Undertaking.

10 (g) Designation of Official Responsible to Administer Undertaking. The Director of
11 Finance of the City (or such other officer of the City who may in the future perform the duties of
12 that office) or his or her designee is the person designated, in accordance with the Bond Ordinance,
13 to carry out this Undertaking of the City in respect of the Bonds set forth in this section and in
14 accordance with the Rule, including, without limitation, the following actions:

15 (i) Preparing and filing the annual financial information undertaken to be
16 provided;

17 (ii) Determining whether any event specified in subsection (a)(ii) has occurred,
18 assessing its materiality, where necessary, with respect to the Bonds, and preparing and
19 disseminating any required notice of its occurrence;

20 (iii) Determining whether any person other than the City is an “obligated
21 person” within the meaning of the Rule with respect to the Bonds, and obtaining from such person
22 an undertaking to provide any annual financial information and notice of listed events for that
23 person in accordance with the Rule;

- 1 (iv) Selecting, engaging and compensating designated agents and consultants,
2 including but not limited to financial advisors and legal counsel, to assist and advise the City in
3 carrying out this Undertaking; and
4 (v) Effecting any necessary amendment of the Undertaking.

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to contracting indebtedness; authorizing and providing for the issuance and sale of limited tax general obligation bonds to pay all or part of the costs of certain transportation elements of the City's capital improvement program and for other City purposes approved by ordinance and to pay the costs of issuance of the bonds; providing parameters for the bond sale terms including conditions, covenants, and other sale terms; and ratifying and confirming certain prior acts.

Summary and background of the Legislation: This legislation provides the legal authorization to issue up to \$103 million of Limited Tax General Obligation Bonds for the Seattle Transportation Department (SDOT) to make investments in bridge infrastructure. The Council anticipates that SDOT will provide a report by March 31, 2022 recommending which projects should receive what amount of bond proceeds. A future ordinance will be required to specify the list of SDOT bridge projects and the amounts of bond proceeds.

This bond sale is anticipated to occur in early 2022. The bond proceeds will support a share of the City's general government capital program for about 12 months.

The bond proceeds will also be used to pay issuance costs.

The City's Capital Improvement Program (CIP) identifies debt financing for certain projects and the City's budget appropriates \$3.1 million for the associated debt service.

2. OTHER IMPLICATIONS

a. Does this legislation affect any departments besides the originating department?

FAS and various operating departments with projects being financed by this bond issue.

b. Is a public hearing required for this legislation?

No.

c. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?

No.

d. Does this legislation affect a piece of property?

No.

- e. **Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?**

N/A

f. **Climate Change Implications**

1. **Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?**

No.

2. **Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.**

N/A

- g. **If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s)?**

N/A

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to taxation; increasing the commercial parking tax and amending subsection 5.35.030.B of the Seattle Municipal Code.

WHEREAS, in 1990, the Washington State Legislature passed legislation that was adopted as Section 208 of Chapter 42, Laws of Washington, codified at Revised Code of Washington (RCW) 82.80.030, which authorized cities to fix and impose a tax for the act of or privilege of parking a motor vehicle in a facility operated by a commercial parking business within its incorporated boundaries; and

WHEREAS, there are numerous commercial parking businesses operating within Seattle providing parking for which a fee is paid; and

WHEREAS, the proceeds of the commercial parking tax herein imposed shall be used strictly for transportation purposes in accordance with RCW 82.80.070; and

WHEREAS, in 2006 the City Council passed Ordinance 122192, imposing a commercial parking tax for the act or privilege of parking a motor vehicle in a commercial parking lot within Seattle that is operated by a commercial parking business; and

WHEREAS, the commercial parking tax imposed by Ordinance 122192, and last amended by Ordinance 123396, is equal to the parking fee multiplied by the 12.5 percent parking tax rate; and

WHEREAS, the Council desires to increase the commercial parking tax rate to support transportation projects and programs; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Subsection 5.35.030.B of the Seattle Municipal Code, which section was last amended by Ordinance 123396, is amended as follows:

5.35.030 Parking ((Tax Imposed.)) tax imposed

* * *

B. The amount of the parking tax shall be equal to the parking fee multiplied by the parking tax rate. Effective July 1, 2009, the parking tax rate is imposed at ten percent (0.10). Effective January 1, 2011, the parking tax rate is imposed at 12.5 percent. Effective July 1, 2022, the parking tax rate is imposed at 14.5 percent.

Section 2. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.

Passed by the City Council the _____ day of _____, 2021, and signed by me in open session in authentication of its passage this _____ day of _____, 2021.

President _____ of the City Council

Approved / returned unsigned / vetoed this _____ day of _____, 2021.

Jenny A. Durkan, Mayor

Filed by me this _____ day of _____, 2021.

Monica Martinez Simmons, City Clerk

(Seal)

SUMMARY and FISCAL NOTE*

Department:	Dept. Contact/Phone:	CBO Contact/Phone:
Legislative Department	Calvin Chow/x4-4652	n/a

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

Legislation Title:

AN ORDINANCE relating to taxation; increasing the commercial parking tax and amending subsection 5.35.030.B of the Seattle Municipal Code.

Summary and background of the Legislation:

This legislation would increase the commercial parking tax rate from 12.5 percent to 14.5 percent, effective July 1, 2022. The commercial parking tax was first established in 2006 at 10 percent (Ordinance 122192) and was later increased to 12.5 percent (Ordinance 123396).

Under state law, commercial parking tax revenues may only be spent for transportation purposes. Commercial parking tax revenues are accrued to the Transportation Fund.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ☐ Yes ☒ No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? ☐ Yes ☒ No

This legislation is proposed as part of a Council Budget Action to amend the 2022 Proposed Budget.

Appropriation change (\$):	General Fund \$		Other \$	
	2021	2022	2021	2022
	-	-	-	-
Estimated revenue change (\$):	Revenue to General Fund		Revenue to Other Funds	
	2021	2022	2021	2022
	-	-	-	\$3,200,000
Positions affected:	No. of Positions		Total FTE Change	
	2021	2022	2021	2022
	-	-	-	-

The proposed legislation would increase the commercial parking tax from 12.5 percent to 14.5 percent, effective July 1, 2022. Based on projections of 2022 commercial parking tax revenue, this rate increase would generate \$6.4 million annually, or \$3.2 million for 6 months. This projection does not include any estimate of price elasticity of parking demand.

Does the legislation have other financial impacts to the City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?

No other financial impacts identified.

Is there financial cost or other impacts of *not* implementing the legislation?

No financial cost or other impacts identified.

4. OTHER IMPLICATIONS

a. Does this legislation affect any departments besides the originating department?

The Department of Finance and Administrative Services (FAS) is responsible for administering the collection of commercial parking tax. The July 1, 2022, effective date is intended to provide sufficient time for FAS to implement the rate change. Revenue from the commercial parking tax accrues to the Transportation Fund, which provides resources for the Seattle Department of Transportation.

b. Is a public hearing required for this legislation?

No public hearing required.

c. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?

No public notice required.

d. Does this legislation affect a piece of property?

No property affected.

e. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities? What is the Language Access plan for any communications to the public?

No direct impacts to vulnerable or historically disadvantaged communities have been identified, though it is difficult to find data to evaluate potential impacts. Commercial parking tax is collected by commercial parking businesses from vehicle operators and paid to the City; the commercial parking businesses do not report any customer data. Outreach for the increased rate would be the responsibility of FAS.

f. Climate Change Implications

1. Emissions: Is this legislation likely to increase or decrease carbon emissions in a material way?

The tax increase is not anticipated to materially affect emissions.

2. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.

The tax increase is not anticipated to materially affect resiliency.

- g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s).**

The tax increase is not a new initiative or program expansion.

Reader's Guide to the 2022-2027 Proposed Capital Improvement Program

The City of Seattle's 2022-2027 Proposed Capital Improvement Program (CIP) includes an overview, departmental sections, appendices, and a glossary. The overview provides information on the CIP, allocations, funding sources for capital projects, significant initiatives, support for neighborhoods and neighborhood plan projects, and policies guiding the City's capital investments.

Departmental sections comprise most of the CIP document and contain detailed information on each of the capital projects. The following departments have sections in this book: Seattle Parks and Recreation, Seattle Center, Seattle Public Library, Seattle Department of Transportation, Seattle City Light, Seattle Public Utilities, Seattle Information Technology, and Finance and Administrative Services. Appendix A lists new or expanded capital facilities as required by the Growth Management Act. Appendix B lists all projects that will exceed \$5 million with their 2022 appropriation as required by Resolution 31203.

Reading CIP Project Pages

CIP project pages, located in the departmental sections of the CIP, provide the most detailed information about a project. The project pages contain the following information:

Project Type: Projects will have one of three project types: Discrete, Ongoing, or Debt Service. Discrete projects are those with a distinct start and end date and build an individual asset. Ongoing CIP projects are departmental CIP programs that build or maintain a group of similar assets. Debt Service projects show the dedicated funding stream to pay the debt service for a project or group of projects.

Project No.: Unique number identifying a project in the City's financial management system.

Start/End Date: Estimated Start and End year of a discrete project. Projects without a determined start or end date may show as "TBD" or "On Hold." Projects categorized as "Ongoing" in the Project Type field are programmatic and continue year after year, therefore they do not display a Start/End Date.

BCL (Budget Control Level)/Program Code, BCL/Program Name: A grouping of similar projects into department-specific programs. Also reflects the level at which expenditures are controlled to meet state budget law provisions.

Current Project Stage: The current stage of a discrete CIP project during budget planning (August of the budget development year).

Stage 1—Pre-project Development: All master planning, asset planning, and needs identification. Rough order of magnitude cost estimate¹ for CIP budget established at the end of Stage 1.

¹ The City's budget ordinance requires that a project be assigned a CIP ID number before spending may occur on a project. As a result, Stage 1 project cost estimates/budgets are "Rough Order of Magnitude" estimates based on previously constructed projects or high-level cost estimates which use generic assumptions. Departments refine cost estimates at the end of Stage 2.

Stage 2—Initiation, Project Definition & Planning: Define project and create Project Management Plan (or pre-design package) which sets the project baseline (scope, schedule and budget) from which a department measures variance.

Stage 3—Design: 30%-100% design work.

Stage 4—Procurement/Bid: Advertisement, bid review, bid award, and Notice to Proceed.

Stage 5—Construction: All construction activities. (Note: The term *Execution* is used for Seattle Information Technology).

Stage 6—Closeout: Final project closeout items, includes financial closeout.

Project Category: Projects are identified as New Facilities, Improvements to Existing Facilities, or Rehabilitation or Restoration of Existing Facilities. Technology projects, or those that do not fit into the categories above, are identified as New Investments.

Location: Street address, intersection, or general location of a project.

Neighborhood District: The City is divided into 13 neighborhood districts. This field indicates in which (if any) neighborhood district(s), a project is located. Some projects are located in more than one neighborhood district or outside the city and are noted as such.

Council District: The City is divided into seven Council districts. This field indicates in which (if any) council district(s), a project is located. Some projects are located in more than one council district or outside the city and are noted as such.

Total Project Cost: The expected total project cost estimate of a Discrete project. The Total Project Cost includes any “out year” spending (spending outside the current six-year CIP).

Urban Village: This field indicates whether a project is located in an Urban Village, a designated geographic area expected to accommodate future population and job growth, as defined by the Comprehensive Plan’s growth management strategy.

Project Description: Information about the purpose, scope, and history of the project.

Resources: The Resources are sources of money supporting a particular project such as grants, private donations, debt, Real Estate Excise Taxes, etc. The Resources Table lists the project’s revenue sources, life-to-date (LTD) expenditures through the prior year; the current year revised budget (including Adopted Budget, carry-forward balances, abandonments, and supplemental appropriations); proposed/adopted appropriations; and estimated appropriation requests for the remaining five years of the CIP period.

Fund Appropriations/Allocations: This table lists the appropriating funds and the annual appropriation total for that specific project for the current year and adopted budget year.

Financial Planning Strategy: The financial planning strategy section appears on CIP Project Pages for discrete projects that are large enough to be part of the Project Cost Estimate Review and Validation

Process, as described in the CIP Overview. The financial planning strategy discusses the overall funding plan for the life of the project.

Unsecured Funding: The “Unsecured Funding” table shows the portion of the project cost that does not have committed funding. The “Unsecured Funding Strategy” discusses the department’s plan to secure funding for that portion of the project.

O&M Costs (Savings): Description of estimated increases or decreases in operations and maintenance costs as a result of a capital project. “NA” denotes that operations and maintenance costs are not calculated.

Capital Improvement Program

Overview

Capital Improvement Program Purpose

The Capital Improvement Program (CIP) is a six-year financial planning tool that identifies future capital investments and potential strategies for funding those investments. The CIP also satisfies various requirements of cities planning under Washington State's Growth Management Act.

Introduction

The City of Seattle owns and operates a variety of physical assets, ranging from community parks, roadways, bridges, office buildings, libraries, open space, fire stations, maintenance yards, facilities at Seattle Center, and more. The City must properly maintain these assets in order to ensure they are safe, lasting, and provide a welcoming and usable space to serve their intended purposes. The City's utility infrastructure is also included in the CIP, including electric, solid waste, water and wastewater utility assets. The City's capital infrastructure supports City operations, direct public services and programs, and in some cases, provides direct public benefits themselves.

Every year during the annual budget process, the City adopts a six-year CIP, which outlines anticipated investments over that timeframe. The 2022-2027 Proposed CIP totals \$6.98 billion over six years, with approximately \$1.4 billion of that amount designated for the 2022 budget year.

The 2022-2027 Proposed CIP document is a compilation of all legislative CIP adjustments made during 2021. This includes all legislative action that occurred in the following periods:

- Adjustments made prior to the transmission of the 2022-2027 Proposed CIP from the Mayor to the City Council including:
 - 2021 Midyear Supplemental budget adjustments,
 - 2021 Year-end Supplemental budget adjustments (proposed),
 - Stand alone legislation and administrative adjustments made prior to the year-end Supplemental.

All allocation totals listed in this document are the sum total of the project adjustments made in the periods listed above.

Capital Planning Policies

The City has historically based capital planning efforts on a set of criteria that help set priorities among potential capital programs. [Resolution 31203](#), adopted in June 2010, set out the following policies to guide the City's capital spending:

- preserve and maintain existing capital assets;
- support the goals of the City's plans;
- support economic development;
- consider external funding possibilities;
- consider revenue-generating possibilities;
- seek regional funding for regional projects;
- pursue cost-saving commitments; and,
- pursue conservation and sustainability investments.

Additional specific considerations include:

- compliance with regulatory requirements;
- coordination between departments and with other jurisdictions; and
- public safety and health.

Project Cost Estimate Review and Validation Process

The 2022-2027 Proposed CIP continues to incorporate the process that was developed in 2019 through the work of the capital departments Directors group. This process reflects an improved approach to budgeting for large, discrete CIP projects in early stages of development and provides Council and the public with a better understanding of the risk and uncertainty associated with each of the projects.

The key elements of the process are:

- Discrete projects with an initial rough order of magnitude total project cost estimate over \$10 million will show a range of possible costs rather than an exact dollar estimate.
- Departments will appropriate and budget the estimated cost to reach 100% design, as shown on the CIP Project Page. They will also plan for, and communicate the remaining construction costs by using a midrange “Financial Planning Estimate” for six-year financial planning purposes.
- At the 30% design milestone, the project will be baselined and a total project cost and project schedule will be established. During the next budget cycle (or any subsequent Council action) the department will budget the full total project cost on the CIP Project Page.
- If the baseline total project cost estimate is under \$50 million the project will proceed through capital project delivery process according to historic practice.
- If the 30% baseline total project cost is over \$50 million, the department will initiate a third-party review of the baseline total project cost estimate. The department will bring the results of the third-party cost estimate review to the Project Delivery Executive Committee and/or the Directors’ Capital Committee to determine the next steps.

The Cost Estimate Review and Validation process will be modified according to the findings of the initial pilot projects being used to improve the concept.

Capital Improvement Program Funding

Like all large municipalities, Seattle relies on a variety of sources to pay for capital projects. These include locally generated revenues (taxes, fees, voter-approved levies, utility rates, and user fees), intergovernmental revenues (including state and federal grants), private funding (franchise utilities, philanthropy) and debt issuance. These traditional sources continue to provide the majority of funding for capital facility investments. The City’s level of capital investment is based on the mix and amount of financial resources available to the City.

Debt Financing

The City uses multiple forms of debt to finance large capital projects such as Limited Tax General Obligation Bonds (LTGO) also known as councilmanic bonds, Unlimited Tax General Obligation Bonds (UTGO) or voter-approved bonds, and revenue bonds. Unlike pay-as-you-go sources of funding, the issuance of debt requires revenues in future years to repay the principal and interest expenses. Councilmanic debt is a common financing tool used by the City, but those obligations must be repaid from the same set of limited resources including Real Estate Excise Tax (REET), commercial parking tax

(CPT) and General Fund revenues. See the “City Bond Issuance and Debt Service” in the Introduction section of the 2022 Proposed Budget for more information on debt financing.

In 2022, the City will issue approximately \$130 million in LTGO bonds to fund significant IT, Transportation, and city facility related projects. The 2022 LTGO bond issuance includes \$44.5 million to finance a substantial portion of the West Seattle Bridge repair work. The West Seattle Bridge bond debt service will be paid for with Real Estate Excise Tax.

Public Utility Funding

Both Seattle City Light and Seattle Public Utilities fund utility projects with revenues from utility rates. Each utility has adopted financial policies that determine what share of their capital investments are funded through cash, and what share from debt. These policies are designed to balance the portion of current investments that are paid by today’s ratepayers, versus future ratepayers who will also benefit from long-term capital investments.

Real Estate Excise Tax (REET)

Funding of the City’s general government capital program is highly dependent on revenue from Real Estate Excise Tax, which is an excise tax imposed on the sale of real property. REET is a relatively volatile revenue source that generally tracks closely to local economic activity.

REET revenue declined in 2021 due to the COVID-19 pandemic, but not quite as severely as expected. The final 2021 year end REET revenue that the City collected was higher than forecasted in the fall of 2021. The 2022-2027 Proposed CIP allocates the additional REET collected in 2021 and partially restores some of the project reductions that were made in anticipation of a significant fall off in revenue due to the pandemic. A continuing pressure on the REET budget is the cost of debt service for the West Seattle Bridge Immediate Repair CIP project.

Historically the City has maintained a \$10 million REET reserve for precisely these types of economic situations. The City used \$4 million of the REET cash reserve to blunt the impact of a reduction in revenue in 2021. The 2022 Proposed Budget includes the replenishment of the REET cash reserves over the next three years.

The 2022 Proposed Budget maintains the commitment made in the 2020 budget to use \$25 million of the City’s REET revenue for capital investments in new affordable housing. While additional funding for affordable housing is clearly a priority for the City, ongoing investments in our existing facilities is necessary to support the provision of other City services and to avoid costly projects that result from neglect and deferred maintenance.

Seattle’s Recent History – Major Voter-Approved Levies and Capital Projects

In addition to reliance upon general tax sources, Seattle undertook several major capital projects during the last two decades using voter-approved funds and councilmanic debt. Voter-approved capital projects include improvements to Seattle Center and construction of new or expanded community centers and parks, new or remodeled downtown and branch libraries, new or remodeled fire facilities, parks improvements, transportation infrastructure improvements and replacement of the Elliott Bay Seawall. The following is a list recent property tax levies that are still actively funding projects:

- *The Move Seattle Transportation Levy:* The Move Seattle Levy, a nine-year \$930 million levy was approved by voters in 2015. The adopted budget appropriates \$110 million in 2021. Levy

proceeds will be used to support safe routes, congestion relief, and maintenance and repairs of the City's bridges and arterial roadways. A major financing strategy in the Move Seattle Levy is the dependence on partnerships—leveraging external resources such as state and federal grants to accomplish transportation projects such as the Madison Bus Rapid Transit (BRT) – RapidRide G Line.

- *Seattle Park District:* The passage of the Park District is the culmination of the Parks Legacy Plan project, led by the Parks Legacy Plan Citizens' Advisory Committee. The goal of the Park District is to provide long term, stable funding to support recreation programming, parks projects and the critical needs for investment in major and ongoing maintenance. In 2016, the Parks District began collecting property tax revenue, accumulating the first year of full funding for Park District projects. The Park District will provide over \$21 million in 2022 for major maintenance and capital projects.
- *The 2019 Library Levy:* A seven-year, \$219 million levy to support, maintain and improve core Library services. Included as part of the levy were resources for the preservation and maintenance of library facilities. The City Librarian and the Library Board of Trustees prepare annual progress reports that show how levy proceeds have been used each year. The levy provides an average of \$3.1 million annually for major maintenance and asset preservation projects; including maintenance necessary for building components such as roofs, floors, finishes, HVAC and mechanical systems. The levy also includes funding for earthquake retrofits at three Carnegie branches.
- *The 2008 Parks and Green Spaces Levy:* A six-year, \$146 million levy to acquire, develop, or restore, existing or new, parks, recreation facilities, cultural facilities, green spaces, playfields, trails, community gardens, and shoreline areas. This levy expired at the end of 2014, and the Seattle Park District is now providing on-going funding to help address major maintenance needs, as well as park development, at the Department of Parks and Recreation (Parks). As of the beginning of 2021 the 2008 Parks and Green Spaces Levy Fund carried a balance of \$11 million. Parks will continue to spend down existing budget authority on project identified in the Levy throughout the biennium.

Funding Dynamics for Significant Future Capital Projects

Given general resource funding challenges, the City will continue to rely on mix of general government resources and voter-approved funding packages to complete major capital projects and to secure needed funding for basic asset preservation. The City has identified several major priority areas for which significant capital investments will be needed. The following sections describe these priority areas at a high level.

Public Safety Facilities

Planning for the future of Seattle's public safety facilities is critical to maintaining the high level of service expected of Seattle Fire Department (SFD) and Seattle Police Department (SPD). Both departments have a number of large capital facility needs, such as a new Fire Station Headquarters and neighborhood precinct projects that will accommodate anticipated police staffing growth. This CIP provides funding for a new Fire Station 31 in North Seattle, as well as the replacement of the existing dock at Fire Station 5 on the downtown waterfront. A new project is established to fund seismic assessments of five public safety facilities.

Transportation

The City's existing transportation network faces an extensive backlog of major maintenance. Current funding is insufficient to maintain the City's road, bridges, signs, etc. In addition, through a series of long-term planning efforts the City has completed "Master Plans" that identify large potential investments in a transit network, bicycle facilities, freight projects and pedestrian-oriented infrastructure. The \$930 million Move Seattle Levy will address critical transportation programs such as safe routes, relief of congested roadways and maintenance and repair programs.

Waterfront

The City has developed a comprehensive plan for the improvement of Seattle's central waterfront. The removal of the Alaskan Way Viaduct provides an opportunity to reconnect the City to the waterfront and develop new open space to support the growth and economic development of central Seattle. There are five main capital projects encompassed in the Waterfront program for a total of \$737 million (not including utility costs).

Projects

The largest project—the Alaskan Way Main Corridor project—will construct a new surface street and an adjoining pedestrian promenade, providing access to the waterfront from Pioneer Square to Belltown. The Overlook Walk and East-West Connections project constructs the Overlook Walk, a new accessible connection between the Pike Place Market and the waterfront, and improvements to east-west streets connecting the waterfront and the rest of downtown Seattle. The program also includes projects to reconstruct parks located on piers along the waterfront (Waterfront Park and Pier 62) expand the Seattle Aquarium and expand the Pike Place Market.

Funding

The 2022-2027 Proposed CIP contains a mix of resources to fund these projects and other elements of the overall Waterfront redevelopment. In addition to general government resources in the form of REET, commercial parking tax, and general fund-supported debt, the funding plan calls for significant contributions from a Local Improvement District (LID), philanthropy, and WSDOT. The LID provides that property owners who benefit from the project pay a share of its cost. LID formation was approved in 2019 and will provide \$160 million of funding for the waterfront improvements.

Protecting and Creating Opportunities for Workers

The City considers not only what capital projects to fund, but also how to deliver them and achieve broader goals for fairness, equity and opportunity in the community. The Department of Finance and Administrative Services (FAS) leads several policy initiatives to ensure social responsibility and equity in the spending of City capital dollars.

Fair and equitable treatment of workers: FAS monitors and enforces fair and equitable treatment of workers in City construction contracts. In 2013, FAS increased its monitoring and enforcement of wage and labor conditions on City-contracted construction projects, including Office of Housing-financed projects. Funding was provided in 2019 to allow FAS to continue this program, including compliance monitoring for wage and labor violations for relevant projects. It also includes funding to support the Acceptable Worksite program, which trains, teaches and enforce anti-harassment and anti-bullying interventions on City-funded construction projects.

Reduce barriers to construction jobs: The City’s spending on major capital investments can help drive employment within the local economy. Construction jobs and related positions offer living-wage jobs that can support individuals and families. The City’s Priority Hire program provides training and opportunities for City residents to work on City-funded capital projects. For major capital projects, City contractors are bound by the City’s Community Workforce Agreement, which is intended to increase employment for women, people of color and those living in economically distressed areas of the City through establishment of aspirational and mandatory labor hours for the respective groups. In 2017, the Priority Hire program was expanded to include application on public-private partnership projects with significant City investment such as the Climate Pledge Arena project and the Ocean Pavilion (Seattle Aquarium Expansion) project. Again in 2022, the Priority Hire program will be expanded with \$1 million of funding awarded through the Equitable Communities Initiative Taskforce and \$500,000 of the total investments in workforce development.

Women and Minority Owned Business (WMBE): The City continues to successfully address contracting equity for minority- and women- owned businesses. In 2011, FAS implemented a Citywide requirement on all public work bids and contracts above \$300,000 called the “Public Works WMBE Inclusion Plan” that continues to effectively encourage and enforce commitments by contractors to use WMBE firms. In 2014, FAS launched prompt pay initiatives which our WMBE firms report as very significant and meaningful for their business cash flow. The 2022 Proposed Budget further adds funding added in the 2019 Adopted Budget for FAS to procure technical assistance services for firms interested in doing business with the City, emphasizing assistance to WMBE firms. The objective is to provide WMBE firms with business and technical guidance that helps them compete more successfully for public projects, including better equipping them to participate on Priority Hire projects.

2022-2027 Proposed Capital Improvement Program Summary

The 2022-2027 Proposed CIP totals \$6.98 billion for six years and includes approximately 517 projects¹. Approximately \$4.7 billion of the six-year total, or 68%, are utility projects managed by Seattle City Light (SCL) and Seattle Public Utilities (SPU), and mostly funded by utility rates. The Seattle Department of Transportation’s CIP totals \$1.4 billion (20%) over the six-year period, while the remaining departments (Parks and Recreation, Finance and Administrative Services, Seattle Center, Seattle Public Library, and Seattle Information Technology Department) account for approximately \$822 million, or 12%, of the six-year CIP.

¹ The project total includes all projects with a CIP Project Page in the 2022-2027 Proposed CIP.

2022-2027 Proposed CIP by Department (000s)

Department	2021 Adopted	2022 Proposed	2023-2027 Proposed CIP	2022-2027 Proposed CIP Total
Finance and Admin Services	38,198	56,655	169,855	226,509
Information Technology	37,438	27,985	79,701	107,687
Parks and Recreation	52,970	95,831	296,684	392,514
Seattle Center	7,381	12,651	41,587	54,238

Real Estate Excise Tax	66,581	103,186	330,315	433,501
State Funding	52,939	17,369	43,813	61,182
Utility Funding	752,230	771,095	3,959,349	4,730,444
Voter-approved Funds (Seattle and King Co.)	112,815	144,137	288,089	432,226
To Be Determined	-	0	387,979	387,979
Grand Total	1,292,265	1,391,321	5,588,382	6,979,703

Note: 2021 Adopted totals are based on the 2021-2026 Adopted CIP.

2022 Proposed CIP by Revenue Source - \$1,391 million

Asset Preservation

A 2002 Asset Preservation Study found that, despite achieving targets recommended by the 1994 Citizens' Capital Investment Committee, the City still lagged behind industry-recommended levels of

investment in asset preservation. The four general government departments involved in the study (Finance and Administrative Services, Seattle Public Library, Seattle Parks and Recreation, and Seattle Center) are responsible for approximately 6.9 million square feet of building space, 2.6 million square feet of parking space, and 240 million square feet of grounds (primarily green space) and multiple work yards. These assets have a replacement value of approximately \$5 billion. Assuming an annual asset preservation funding target of 1.0% of the replacement value for buildings and 0.5% of the replacement value for other assets, the City should be investing about \$58 million per year in asset preservation. These percentage targets are consistent with those used by other jurisdictions that were polled as part of this study's review of best practices.

For 2022, the City will spend a total of \$51 million from the two Real Estate Excise Tax Funds and an additional \$66 million from various other resources on asset preservation for general government infrastructure in parks, libraries, civic buildings, and on the Seattle Center campus. The Department of Transportation will spend an additional \$20 million of REET resources and \$71 million of other transportation resources on infrastructure asset preservation during the 2022 budget period.

Neighborhood Projects

As the City adapts to the impacts of unprecedented growth, and plans for yet further development, a focus on the livability of neighborhoods is essential. The 2022-2027 Proposed CIP reflects this focus, and as highlighted below, supports neighborhood-scale capital investments in several different ways.

Neighborhood Matching Fund

The 2022 Proposed Budget maintains funding to Neighborhood Matching Fund (NMF) grant programs. A number of CIP projects, particularly in the Department of Parks and Recreation, include funding from NMF.

The City created the NMF in 1988 to provide funding to Seattle neighborhood groups and organizations for a broad array of neighborhood-initiated improvement, organizing, or planning projects. Many of these projects also support citywide initiatives such as Race and Social Justice, Youth Violence Prevention, Environment and Sustainability, and Neighborhood Planning. Awards range from a few thousand dollars (Small Sparks projects are up to \$5,000, and the Community Partnership Fund projects range from \$5,001 to \$50,000), and NMF funds can cover all phases of a capital project except property acquisition. The NMF program requires a 1:2 match for capital projects, which means all awards leverage other private and public contributions. Matches consist of volunteer labor, donated materials, professional services, or money. The Department of Neighborhoods administers the granting process.

Art and Design Funding for City Capital Projects - 1% for Art Program

The [1% for Art program](#), established by Seattle Municipal Code Chapter 20.32, requires the City deposit 1% of eligible CIP project budgets in the Municipal Arts Fund for the commission, purchase, and installation of artworks throughout Seattle. The Office of Arts and Culture (ARTS) manages the 1% for Art program and the Municipal Arts Fund.

Municipal Art Fund revenues from the 1% for Art program can fluctuate significantly from year-to-year depending on changes in City capital investments. In 2022, the Municipal Art Fund is estimated to receive approximately \$3.2 million from capital departments for the 1% for Art program, as described below. Actual receipts may vary because of project timing, prior year credits, actual CIP expenditures, and City Council changes to the CIP.

1% for Art Revenues (Estimated)	2022 Proposed
City Light	\$540,000
Seattle Public Utilities	\$1,800,000
Seattle Center	\$10,000
Parks & Recreation	\$20,519
Transportation	\$790,000
Total	\$3,160,519

Design Commission

Established in 1968, the [Seattle Design Commission](#) advises the Mayor, the City Council and appropriate City departments on design and environmental aspects of the City's CIP. Commission members are appointed by the Mayor for a renewable two-year term. Membership is comprised of two licensed architects, one professional fine artist, one appointee from the Get Engaged program, one lay member, and at least one and no more than two from each of the following categories, for a maximum total of five: professional urban planner, professional environmental or urban designer, landscape architect, and licensed professional engineer. The Design Commission is fully funded with funds from the Cumulative Reserve Fund.

Projects eligible for review include any on-or above-grade structure, including buildings and additions to buildings, bridges, park developments, street furniture, and all similar installations. The Commission reviews below-grade structures such as tunnels, arcades and underground passageways that are regularly visible to the public. Projects reviewed by the Commission must be financed in-whole or in-part with City funds, be on land belonging to the City, or be subject to approval by the City. Commission involvement in capital improvement projects begins as early in the planning process as possible, starting with participation in the consultant selection process and continuing through the many stages of project development. This includes project reviews at the scope briefing or pre-design stage, conceptual design, schematic design, design development, and sometimes construction documents stages.

Background of Capital Improvement Program Policy Drivers

As described above, City investments in capital projects are guided by a set of key policies reflecting the City's values and priorities. These policies shape how the City takes care of buildings and infrastructure, invests in capital projects in areas that have accepted growth as envisioned in the City's Comprehensive Plan, preserves the City's historic buildings, supports sustainable building practices, and ensures that all members of the community have access to the economic opportunities capital projects create. The following section details some of these key policies.

Sustainable Building Policy

In February 2000, the City Council adopted a Sustainable Building Policy for the City of Seattle ([Resolution 30121](#)) which articulated the City's commitment to environmental, economic and social stewardship and set the expectation that new municipal facilities meet established green building standards. Specifically, it called for all new construction and major remodel projects over 5,000 square feet to achieve a LEED Silver rating. When adopted, this policy was the first of its kind in the nation and

represented a groundbreaking approach to demonstrating City leadership and transforming the marketplace.

Since 2000, the green building community has experienced exceptional growth in expertise and capacity. Recognizing this change, in 2011 the City passed an updated Sustainable Building Policy ([Resolution 31326](#)). The update represents a comprehensive approach that reflects advances in the green building industry, aligns the policy with the City's increased attention to climate change, addresses a greater range of project types, and ensures that Seattle continues to provide leadership that advances sustainable development in both the public and private sectors. The updated policies include the following requirements.

- For new construction, additions and major renovation projects 5,000 square feet or greater
 - The minimum required green building rating is LEED Gold.
 - There are minimum requirements for energy and water efficiency, construction waste reductions, and bicycle amenities.
- For tenant improvement projects 5,000 square feet or greater, where the scope includes mechanical, electrical, and plumbing:
 - The minimum required green building rating is LEED Gold.
 - There are minimum requirements for water efficiency and construction waste reductions.
- Completion of a Capital Green checklist is required for projects smaller than 5,000 square feet or those otherwise not eligible for a LEED rating.
- City departments are encouraged to test new approaches and standards, such as the Living Building Challenge and the Sustainable Sites Initiative.
- Annual reporting of performance under the policy is required by March 31st of each year.

Additionally, the resolution directs City departments to evaluate and improve existing standards and processes that relate to tenant improvements, leasing, and site management.

City of Seattle Comprehensive Plan

The Comprehensive Plan is a 20-year vision and roadmap for Seattle's future. The plan guides City decisions on where to focus development for new jobs and households, how to improve our transportation system, and where to make capital investments such as utilities, sidewalks, and libraries. The Plan is the framework for most of Seattle's big-picture decisions on how to grow. The latest update of the City's Comprehensive Plan "[Seattle 2035](#)" was passed by the City in October 2016. The City began the process of updating its Comprehensive Plan in 2021 and the work is scheduled to be complete in 2023.

The Comprehensive Plan helped inform the development of the 2022-2027 Proposed CIP as departments have taken special note of capital projects in neighborhoods targeted for substantial growth in the future or that have received substantial growth in the last few years. This effort is intended to make sure areas receiving growth have the appropriate physical infrastructure to accommodate such growth, while balancing the major maintenance of existing facilities, such as power distribution systems, pipes, community centers, swimming pools, libraries, and streets that are located throughout the City, not just in targeted growth areas.

Federal and State Regulatory Requirements

The City's utilities have several facility projects in their Capital Improvement Programs to meet federal and state regulatory requirements. The City of Seattle must abide by the City's two National Pollutant Discharge Elimination System (NPDES) permits, one for storm water and one for combined sewer system. The City is required, for example, to invest hundreds of millions of dollars in the combined sewer/storm water system over the next several years to control the number of combined sewer overflows (CSOs) into receiving bodies of water, including Lake Washington and Puget Sound. This is per a CSO Consent Decree with the Environmental Protection Agency (EPA) and the Department of Ecology (DOE), which outlines how the City will become compliant with EPA and DOE regulatory requirements regarding sewage releases from the city conveyance system.

City Light operates its hydroelectric dams and powerhouses under licenses from the Federal Energy Regulatory Commission. Licenses include Settlement Agreements that require City Light to perform protection, mitigation and enhancement activities. City Light is currently completing mitigation under the current Skagit license (expires in 2025); is well under way with Boundary License implementation; and began the process for obtaining a new Skagit license in 2019.

City Light also complies with a wide range of permitting requirements and environmental regulations. Examples include the mitigation of soil contamination at former substations, and ongoing environmental mitigation in the Endangered Species Act project. Street-use permits and regulations are a major part of City Light projects that expand and repair the electric distribution system.

Endangered Species Compliance

The Cedar River Watershed Habitat Conservation Plan (HCP) is a 50-year, ecosystem-based plan that was prepared to address the declining populations of salmon, steelhead and other species of fish and wildlife in the Cedar River basin. The HCP was prepared under the Endangered Species Act and is designed both to provide certainty for the City of Seattle's drinking water supply and to protect and restore habitats of 83 species of fish and wildlife that may be affected by the City of Seattle's water supply and hydroelectric operations on the Cedar River. Seattle Public Utilities is continuing to implement its commitments under the HCP, which include downstream habitat protection and restoration, upland forest restoration, logging road decommissioning, and ongoing monitoring. City Light is also acquiring salmon habitat in the Green/Duwamish, Skagit, and Snohomish watersheds.

Americans with Disabilities Act

The United States Department of Justice (DOJ) conducted an audit of select City of Seattle facilities, practices and procedures, in order to assess City compliance with the Americans with Disabilities Act (ADA), and reported its findings to the City. While the City is largely in compliance, there are some elements within facilities that the DOJ has requested that the City update or alter to improve accessibility for individuals with disabilities. The City is working on an update to its ADA Transition Plan that will guide the development of a long-term strategy that manages the City's most critical public-facing ADA deficiencies first and maximizes accessibility to the greatest extent possible.

A project manager in FAS coordinates and oversee implementation of ADA improvements in certain City facilities, determines and reports compliance to DOJ, and reviews and modifies as needed the facilities design and construction process with regard to the ADA. The City is in the process of moving towards a new approach to ADA improvements in which these improvements are included in ongoing maintenance and other remodeling work.

In order to provide additional proactive monitoring of compliance with ADA standards for new capital projects, the City added staffing dedicated to monitoring ADA compliance of new projects. All capital departments have a specific ADA coordinator and large departments such as Department of Parks and Recreation, SDOT, FAS have dedicated ADA staffing.

Historic Preservation

Seattle's commitment to historic preservation began with citizen efforts in the 1960s to block the demolition of two of Seattle's oldest neighborhoods—Pike Place Market and Pioneer Square. Both neighborhoods were threatened with proposals that would have irreversibly changed the character of the districts. The Pike Place Market was faced with an Urban Renewal Plan that would have demolished it, while Pioneer Square was threatened with a major roadway project. In 1970, the City Council created the Pioneer Square Preservation District, Seattle's first historic district. Then, in 1971, voters approved an initiative to create the Pike Place Market Historical District. In 1973, the City Council adopted a Landmarks Preservation Ordinance to safeguard properties of historic and architectural significance throughout the City. Today, Seattle's Historic Preservation Program encompasses eight historic districts located across the City and more than 400 designated landmarks. The City currently owns or maintains many of those landmarks, including libraries, park buildings, and fire stations.

Parks and Recreation

Overview

Seattle Parks and Recreation (SPR) manages more than 6,400+ acres of park land, extensive natural areas, and over 485 parks. SPR provides athletic fields, tennis courts, play areas, specialty gardens, and more than 25 miles of boulevards and 120 miles of trails. The system comprises about 12% of the city's land area. SPR also manages many facilities, including 26 community centers, eight indoor swimming pools, two outdoor (summer) swimming pools, three environmental education centers, two small craft centers, four golf courses, an outdoor stadium, and much more.

Seattle's parks and recreation system provides numerous benefits to the people of Seattle—healthy people, a healthy environment, and strong communities. These benefits are grounded in SPR's values of access, opportunity, sustainability and equity and underlie the outcomes SPR aims to achieve. For Seattle to remain a vibrant city that is attractive to residents, visitors and businesses, it needs to maintain a great park system with healthy open spaces and meaningful recreational opportunities—which is why supporting Seattle's parks and recreation system is so vital.

Thematic Priorities

SPR's Capital Improvement Program (CIP) is focused on promoting healthy people, a healthy environment, and strong communities by preserving, enhancing, and expanding the physical assets where all of the people of Seattle can play, learn, contemplate, and build community. As described in the Project Selection Criteria section, SPR uses an Asset Management Plan which measures each identified capital project by criteria including safety, asset preservation, race and social justice, legal obligation, and improvements in efficiency to set priorities for capital projects. Each of these criteria is a direct reflection of SPR's core values of access, opportunity, sustainability, and equity.

Aligning Capital Investments with Growth and/or Community Planning

Seattle's Comprehensive Plan, "Seattle 2035," is a 20-year vision and roadmap for Seattle's future that guides City decisions on where to build new jobs and housing, how to improve the transportation system and where to make capital investments such as utilities, sidewalks, parks and open space and libraries. The Comprehensive Plan is the framework for most of Seattle's big-picture decisions on how to grow while preserving and improving our neighborhoods. The plan brings forward **race and social equity** as foundational core value which SPR also leverages in our capital planning efforts.

SPR updated the six-year **Parks and Open Space Plan** in 2017 to be consistent with Seattle 2035 among other planning efforts. The Plan is required by the Washington State Recreation and Conservation Office (RCO) to maintain the City's eligibility for state grants and funding programs supporting outdoor recreation development and open space acquisition. The next update of the plan will be due in 2023 with work starting in 2022 which will also align with SPR's Strategic Plan and CAPRA efforts. The planning efforts will continue to focus on developing an accessible and integrated open space and recreation system in Seattle in tandem with any amendments to the City's Comprehensive Plan.

Light Rail Station Planning, SPR's Planning and Development staff are involved in regional planning for new high capacity transit to North Seattle. Sound Transit's Lynwood Link Extension will extend service north to Lynnwood including light rail stations at NE 130th Street and NE 148th Street (recently renamed the Shoreline South/148th Station). Bus rapid transit service, connecting the Shoreline South/148th Station to Bothell, will include several stations in Seattle along NE 145th Street. SPR will be considering impacts like the growing population in the station area in the design of Lake City Community Center; potential parking restrictions needed at public spaces near light rail stations (Jackson Park Golf Course, Northacres Park, Helene Madison Pool) to increase parking

availability for visitors and ensure parking is not used by all-day commuters; Sound Transit's reforestation plans, among others.

SPR is also engaged in Citywide planning for ST3 as most alignments under discussion impact SPR land.

Seattle's Climate Action Plan provides a framework for meeting Seattle's climate protection goals, including the overarching goal of becoming carbon neutral by 2050. SPR's role involves maximizing the benefits of the bicycle and pedestrian master plans, meeting building energy plan goals, such as LEED compliance, and working towards urban forest restoration goals, such as those outlined in the Green Seattle Partnership.

SPR is also committed to developing and managing an environmentally sustainable park system. This means using energy and utilities with conservation in mind in all facilities, effectively managing the use of water for irrigation and other purposes, creating efficiently maintained landscapes, and operating clean and safe park facilities.

SPR Strategic Plan/Park District/Lines of Business

In March 2020, SPR completed a long-range Strategic Plan identifying goals to guide our work in 2020-2032. Since this plan was completed, the department's priority has been on pandemic response and recovery. To make this plan relevant to our day-to-day work going forward, SPR is identifying near-term priorities that focus on pandemic and economic recovery for BIPOC communities experiencing disproportionate impact. In 2022, SPR will generate a 3-5-year action plan with specific goals and targets to focus current capital and operating resources and services and identify funding gaps. This work will inform 2023 capital and operating Park District investments which may shift the department's capital and programmatic budgets to better serve current community needs through an equity lens.

CAPRA Accreditation

The Commission for Accreditation of Park and Recreation Agencies (CAPRA) is a parks and recreation agency accreditation process that helps departments throughout the nation understand and meet NRPA's industry standards for a high-quality department. CAPRA requires a deep evaluation of all policies, plans, processes, procedures, programs, and services in SPR's portfolio to center equity, healthy people, healthy environment, and strong communities.

A multi-year effort, the first tasks include an equity analysis of SPR lines of business, an inventory of existing policies, plans, processes, procedures, programs, and services, and the creation of an action plan for the official CAPRA process included in the strategic planning effort described above.

For the line of business equity analysis, the department is researching the historical harm parks and recreation systems (including SPR) have done to marginalized communities. During the Strategic Plan outreach, the department will share lessons learned with marginalized communities and ask them what SPR can change to avoid doing harm in the future. CAPRA-related work will continue beyond 2022 and will include a two-year formal accreditation process.

Project Selection Criteria

SPR uses an Asset Management Plan (AMP) to identify and rank necessary major maintenance projects.

The AMP is a set of projects to address facility needs. SPR identifies projects through ongoing condition assessments, consultant studies, work order analyses (to identify key problem areas), and intradepartmental information sharing of facility maintenance issues and needs. Every two years, SPR reviews and updates the

AMP. While SPR's planning staff prepares and coordinates the AMP planning process and documents development, the process involves a collaborative approach throughout the department to develop project scopes and budget estimates.

Typically, department staff score and rank all of the projects included in the asset management plan using the following six criteria:

Code Requirements: The project brings a facility or element up to federal, state, and Seattle code requirements (such as ADA, water quality, or fire suppression) or meets other legal requirements.

Life Safety: The project will eliminate a condition that poses an imminent threat of injury. Examples of safety hazards are lack of seismic elements, failing piling, outdated play equipment, emergency management elements, or a documented environmental health hazard.

Facility Integrity: The project will help keep the facility operational and extend its life cycle by repairing, replacing, and renovating systems and elements of the facility, including building envelope (roof, walls, windows), electrical, plumbing, storm and sewer line replacement, and synthetic turf replacement.

Improve Operating Efficiency: The project will result in reduction of operating and maintenance costs including energy and water savings and climate mitigation strategies.

Equity: The project will preserve or enhance an asset which serves low income and racially diverse communities.

Other: Projects that have a unique element (e.g. leverage other funds) and/or are known needs that do not fit the other priorities.

Projects are prioritized based on the criteria above and are budgeted based on their projected spend. Many of our projects last at least two years. Less money is required in the first year/or years of a discretionary project during the Planning and Design phases than for Construction in the later years, and the budget is planned accordingly. When project timelines shift; due to a variety of factors; funding is adjusted to align with the revised spending projections.

2022-2027 CIP Highlights

SPR's 2022-2027 CIP budget is \$95.8 million in 2022 and reflects a wide range of discrete projects and ongoing programs with a mix of funding sources. The 2022 Proposed CIP begins to restore funding to SPR's 6-year plan following significant reductions in 2020 and 2021 resulting from the COVID-19 pandemic.

Due to the magnitude of the reductions to SPR's CIP in both 2020 and 2021, not all projects that were cut will be restored and some projects are still delayed. SPR prioritized projects with a focus on BIPOC communities resulting in the realignment of some funds. See below for details.

2022: Key Changes by Fund

Real Estate Excise Tax (REET): In the 2021 Adopted CIP, SPR's REET funding was reduced by 46.5%, amounting to \$19.3 million, with the total 2021-2026 6-year reduction totaling \$51M. The reductions impacted major maintenance, athletic field conversions, acquisitions, community center rehabilitation and development, comfort station and play area renovations, ADA, and urban forestry. Additionally, such deep cuts led to the full

Seattle Parks and Recreation

or partial elimination of funding for many of SPR's ongoing programs (i.e., boilers, ballfield lighting, play area safety, electrical systems, landscape renovation, trails, irrigation systems, etc.)

In recognition of these unsustainable reductions, the proposed CIP invests nearly \$22.9 million of REET in 2022 as described below:

CIP Project / Sub Project	Census Tract RSEI Value	2022 REET
Fund Restoration		
Major Maintenance Backlog & Asset Management	Citywide	700,000
Parks & Open Space Plan	Citywide	120,000
Siemens HVAC Monitoring System Upgrade	Citywide	250,000
Rainier CC Play Area Renovation	Highest Need/Disadvantage	400,000
Emergency Management Projects	Highest Need/Disadvantage	459,000
Magnuson Park Junior League Play Area	Middle Need/Disadvantage	600,000
Mount Baker Comfort Station Renovation	Highest Need/Disadvantage	720,000
Boat Ramps Renovations (Don Armeni and Stan Sayres)	Disadvantage Citywide	1,600,000
Maple Wood Playfield Renovations	Highest Need/Disadvantage	1,000,000
Be'er Sheva Park Renovation	Highest Need/Disadvantage	250,000
Outdoor Sport Court Renovation Program	Citywide	50,000
Roof & Building Envelope Program	Multiple	600,000
Boiler and Mechanical System Replacement Program	Citywide	200,000
Mt Baker Bathhouse and Accessible Beach Renovation	Second Highest Need/Disadvantage	2,000,000
Garfield Playfield Renovation	Second Highest Need/Disadvantage	1,000,000
South Park Campus Improvements	Highest Need/Disadvantage	1,000,000
Community Center Rehabilitation & Development		
South Park Community Center	Highest Need/Disadvantage	1,000,000
Soundview Athletic Field Conversion	Second Lowest Need/Disadvantage	(2,314,000)
Boat Moorage Restoration	Second Lowest Need/Disadvantage	2,314,000
Carkeek Park Pedestrian Bridge Replacement	Second Highest Need/Disadvantage	2,214,000
Neighborhood Response Program	Citywide	50,000
ADA Program	Multiple	2,500,000
Other/Partnerships		
Major Projects Challenge Fund	Multiple	500,000
Green Lake Small Craft Center	Lowest Disadvantage	750,000
Major Maintenance Backlog & Asset Management		
Outdoors For All	Middle Need/Disadvantage	1,500,000
Municipal Energy Efficiency Projects	Citywide	847,000
Pier 58 Replacement	Second Highest Disadvantage	3,000,000
Technical Adjustments for Debt-Service Payments	N/A	-411,000
Total REET Restoration		22,899,000

Seattle Parks and Recreation

SPR prioritized their restored REET funding with a focus on equity¹. 60% of the restored funding in 2022 will be used for projects in census tracts identified as 'Highest or Second Highest Need/Disadvantaged' by OPCD's Race and Social Equity Index. Approximately 36% are citywide programs, and the remaining 4% will be used for projects in the Middle Need/Disadvantaged tracts.

Seattle Park District (MPD): In the 2021 Adopted CIP, \$11 million of Park District capital funds were used to offset losses in Parks' operating fund and the General Fund, resulting in capital project delays and a \$7.7 million ongoing reduction to Parks' budget for major maintenance (-\$4.4 million), major projects challenge fund (-\$1.8 million), and acquisitions (-\$1.5 million). The 2022 Proposed CIP restores MPD funding to these projects and then realigns \$5.4 million to cover inflation-based operating costs and fund new equity investments. See the table below and the 2022 Proposed Operating budget for more details on these changes:

Capital Project / Operating Initiative	2022 MPD Amount	Realignment
Major Maintenance Backlog & Asset Management	4,400,000	(4,100,000)
Central Costs/AWI		3,100,000
Utilities		1,000,000
Major Projects Challenge Fund	1,800,000	(300,000)
MPCF to Equity Fund Transition		300,000
Acquisitions	1,500,000	(1,000,000)
Workforce Equity Investments		1,000,000
Total	7,700,000	(5,400,000)

In addition to these changes, the 2022 Proposed CIP makes technical adjustments to the Park District capital budget to align with the 2022 MPD spending plan; these changes primarily impact the Lake City Community Center Improvements and the Parks Central Waterfront Piers Rehabilitation projects. See Key Changes by Project section for more details.

Cumulative Reserve Subfund (CRS-U) and Park Fund (10200): The 2022 Proposed CIP also includes \$5 million of CRS-U and \$6 million of Park Fund appropriations for various projects as described below.

2022: Key Changes by Project

Capital Project	2022 Changes	2022 Total Budget	Notes
ADA Compliance	+\$2.5M REET	\$4,000,000	To address citations at multiple locations.
Boat Moorage Restoration	+\$2.3M REET	\$2,314,000	Funds needed for construction at Leschi.
Community Center Rehabilitation & Development	+\$1M REET	\$2,678,013	Part of a package of investments in SPR's CIP for South Park Community Center and Campus.
Develop 14 New Parks at Land-Banked Sites	+\$3.5M Park Fund	\$3,500,000	Partial restoration of COVID-related cut using one-time Park Fund balance.

¹ These numbers exclude the \$1.5 million commitment to Outdoors For All which is not considered part of SPR's "restored REET funding".

Seattle Parks and Recreation

Lake City Community Center Improvements	-\$5M MPD +5M Park Fund Reserve	-	Shifts MPD funding to 2023 to align with MPD spend plan and adds a reserve in the Park Fund for future appropriation to align with project timeline.
Major Maintenance Backlog and Asset Management	+\$11.5M REET; +\$2M CRS-U; +\$160,000 MPD	\$28,632,086	REET funds multiple projects as described above including \$1M for Outdoors for All; CRS-U funding for site-restoration; MPD supplements base funding for projects.
Major Projects Challenge Fund	+\$1.25M REET; +\$1.5M MPD	\$2,760,253	Funds will be distributed to Green Lake Small Craft Center and South Park Community Center and Campus and potentially new Equity Fund.
Municipal Energy Efficiency Program	+\$847,000 REET	\$847,000	Funds multiple projects in coordination with OSE and FAS
Neighborhood Response Program	+\$50,000 REET	\$250,000	Restores COVID-related cut.
Park Land Acquisition and Leverage Fund	+\$1M Park Fund; +\$500,000 MPD	\$2,581,566	\$1.5 million MPD funding was restored following budget cuts in 2020 and 2021. \$1 million is proposed to be realigned to support SPR equity initiatives. One-time Park Fund balance is appropriated to offset that realignment and replenish SPR's fund for acquisitions.
Parks Central Waterfront Piers Rehabilitation	+\$1.5M Park Fund; +\$3M REET; +\$3M CRS-U; +\$936,000 MPD	\$15,213,192	Includes funding for Pier 58 and Pier 63 as well as updates to align with the waterfront and MPD spend plans. The \$1.5 million Park Fund add is backed by grant revenue.
Soundview Athletic Field Conversion	- \$2.3M REET	-	Shifts funding to 2023 and 2024 to align with project timing.
South Park Campus Improvements	+\$1M REET	\$1,000,000	Part of a package of investments in SPR's CIP for South Park Community Center and Campus.
Carkeek Park Bridge Replacement Project	+\$2.2M REET	\$2,214,000	Emergent need before current bridge has to close.

2022: Other Changes

The 2022-2027 Proposed Capital Improvement Program includes other technical and/or budget neutral adjustments including:

- Aligning debt service payments with the actual debt service schedule; and
- Balancing the Park District capital budget by initiative to align with the 2022 MPD spending plan.

2022-2027 Proposed Capital Improvement Program

CIP Revenue Sources

Funds for the development of the system and for ongoing asset management come from a variety of sources. The two largest funding sources for Park's capital work are typically the Park District and REET. The majority of the remaining funding comes from Community Development Block Grants, the Central Waterfront Improvement Fund, King County, and General Fund to pay debt service. Other funding includes the 2008 Parks and Green Spaces Levy, the Cumulative Reserve Subfund, and other special fund sources, grants, and private donations.

Seattle Park District

In August 2014, the voters of Seattle passed a ballot measure creating the Seattle Park District (a metropolitan park district). The Park District is a taxing authority and provides an ongoing revenue source to fund increased parks and recreation services and capital projects. The Park District has the same boundaries as the City of Seattle. The City Council members, acting *ex officio* and independently, comprise the governing board (the District Board). The first cycle of the Park District spanned from 2015-2020 (and then was extended through 2022). Planning for the second cycle is delayed due to the COVID-19 pandemic. In 2021, the Park District maintained its 2020 funding level but with a greater proportion of the budget going towards SPR's operating costs. Capital projects that continue to be delayed or deferred due to this change will be reevaluated for future funding as part of the next 6-year Park District planning process set to begin in 2022 for the 2023-2028 cycle.

Real Estate Excise Taxes (REET)

REET funding is used for asset preservation purposes. In addition to the key investments highlighted above, REET is used to address various ongoing capital programs, such as boiler replacement, electrical system upgrades, small irrigation upgrades, trail maintenance, athletic field and ballfield turf maintenance and improvements, small roofing replacement, paving restoration, landscape and forest restoration, and others. It also funds replacement of aging field lighting systems and certain aquarium infrastructure projects. Due to significant revenue losses in the REET fund resulting from the COVID-19 pandemic, SPR's REET allocation was reduced across the 2020-2026 CIP. Priorities for restoration of REET funding is described above. Project funding may be further reinstated in future years when REET revenues recover, or as part of the next 6-year planning process for the Park District.

2008 Parks and Green Spaces Levy

The 2008 Parks and Green Spaces Levy was a six-year \$145.5 million levy intended to acquire, develop, or restore, existing or new, parks, recreation facilities, cultural facilities, green spaces, playfields, trails, community gardens, and shoreline areas. This levy ended in 2014 but continues to collect revenues on delinquent property taxes. The capital budget does not include any new appropriations of levy funds, but SPR continues to spend down existing appropriations.

Summary of Upcoming Budget Issues and Challenges

Waterfront

Pier 63 is one of two historic piers that make up Pier 62/63 Park on the Waterfront. This is the park that used to host the Concerts on the Pier. It was originally slated to be replaced as part of the Waterfront program with Pier 62, however, due to a lack of funding was removed from the program several years ago. In addition, due to continued structural deterioration, Pier 63 was closed to the public during Pier 62 replacement and emergency shoring was added to the Pier to keep it from having a catastrophic failure.

This change request adds \$3 million of CRS-U funds and \$1.5 million reimbursable funding authority for a state grant provided in the 2023-2025 State Capital Budget to demolish Pier 63 without replacement. Replacing the Pier is expected to cost over \$30 million. Demolishing the pier without replacement is recommended as the

most cost-effective path for the Pier and maintaining public safety. In addition, demolishing the pier provides environmental benefits by reducing overwater coverage on Elliott Bay and removing creosote treated wooden piles. An additional benefit is that SPR and the Office of the Waterfront and Civic Projects are working with permitting agencies to develop a process for 'banking' mitigation credits for removal of overwater coverage that could be used for other City projects at waterfront projects throughout Seattle.

Replacement of Pier 58 is another goal of the Waterfront Seattle program. Replacement of this SPR facility is funded primarily through funds from the Waterfront Local Improvement District (LID) and Friends of Waterfront Seattle. In 2020, the Office of the Waterfront and Civic Projects worked with SPR and SDOT to conduct an emergency removal of the pier. This change request adds \$3 million of additional REET funds to partially address a 7.5% increase (\$5 million) in the estimated project cost.

Gas Works Park

Additional in-water remediation work at Gas Works Park is still being planned with the project costs split between SPR and SPU. While this issue does not impact the 2022 budget, this is a future liability which SPR will continue to monitor.

ADA Barrier Removal Schedule

Addressing identified access issues in alignment with the ADA Barrier Removal Schedule (BRS) coupled with SPR's ongoing ADA work far exceeds the historic annual funding. Based on a conceptual level planning estimate, to address the BRS, SPR would need \$3.8 million annually over the next 20 years; this only addresses the BRS issues, not the total ADA needs across the entire parks and recreation system. A long-term solution to this issue will be considered as part of the next Park District cycle.

Park District

Restoring the REET and Park District cuts across SPR's CIP will place a significant burden on the next cycle of the Park District, which already has a number of commitments and unfunded needs. The Seattle Park District 6-year planning cycle was put on hold for two years due to the COVID-19 pandemic, with funding maintained at 2021 levels in the 2022 Proposed Budget. Planning for the next cycle (2023-2028) is set to begin in 2022.

Seattle Asian Art Museum Renovation

Project No:	MC-PR-11002	BSL Code:	BC-PR-10000

Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This project provides for acquisition of properties to fill gaps in existing public ownership and preserve continuity in existing public ownership. The project scope targets acquisitions in the following designated green spaces: Arroyos Natural Area, East Duwamish Greenbelt, Northeast Queen Anne Greenbelt, Ravenna Woods, Thornton Creek Watershed, and West Duwamish Greenbelt. These acquisitions will enhance livability and increase opportunities for the public to enjoy nature. They also implement the Parks Strategic Action Plan by encouraging long-term stewardship of natural resources. Levy funds are expected to be supplemented by grants and funds from other sources for these acquisitions. This project is part of the 2008 Parks Levy.

This project provides for acquisition of property to create new urban parklands in Seattle's most densely-developed neighborhoods as identified in Seattle Parks and Recreation's 2006 Gap Analysis. New park land acquisition enhances livability and increases opportunities for the public to enjoy the outdoors. The acquisitions also implement the Parks Strategic Action Plan. Levy funds are expected to be supplemented by grants and funds from other sources and are not expected to be sufficient to complete acquisitions in all the targeted areas. This project is part of the 2008 Parks Levy.

Marra-Desimone Park Development

Project No:	MC-PR-16004	BSL Code:	BC-PR-10000
Project Type:	Discrete	BSL Name:	2008 Parks Levy
Project Category:	New Facility	Location:	9026 4th AVE S
Current Project Stage:	Stage 6 - Closeout	Council District:	Council District 1
Start/End Date:	2013 - 2022	Neighborhood District:	Greater Duwamish
Total Project Cost:	\$1,700	Urban Village:	Not in an Urban Village

This project provides for development of Marra-Desimone Park, which includes the Marra Farm, Seattle's largest site for urban gardening. It implements elements of the "Long-Range Development Plan for Marra-Desimone Park" (2008), and may include enhancement of the existing farm area, development of community and recreation space on the eastern side of the park, paths, and gateway features. This project is part of the 2008 Parks Levy.

Victor Steinbrueck Park Renovation

Project No:	MC-PR-16005	BSL Code:	BC-PR-10000
Project Type:	Discrete	BSL Name:	2008 Parks Levy
Project Category:	Improved Facility	Location:	2001 Western AVE
Current Project Stage:	Stage 3 - Design	Council District:	Council District 7
Start/End Date:	2013 - 2024	Neighborhood District:	Downtown
Total Project Cost:	\$1,850	Urban Village:	Downtown

This project renovates the existing Victor Steinbrueck Park to help revitalize this park located in the Pike Place Market. Renovations may include new seating, paths and circulation modifications, landscaping, lighting, signage, and related elements. This park is within the boundaries of the Pike Place Historical District. This project is part of the 2008 Parks Levy.

Comfort Station Renovations-2008 Levy Phase 2

Project No:	MC-PR-16007	BSL Code:	BC-PR-10000
Project Type:	Discrete	BSL Name:	2008 Parks Levy
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	Stage 5 - Construction	Council District:	Multiple
Start/End Date:	2014 - 2022	Neighborhood District:	Multiple
Total Project Cost:	\$2,347	Urban Village:	Multiple

This project, funded with 2008 Parks Levy funds redirected from the Seattle Asian Art Museum renovation project , renovates selected comfort station sites for improved ADA access, ventilation and finishes (walls and floors) and security. The renovations may include reconfigured stalls, new toilets and urinals, ADA compliance improvements, paint and finishes, and related work, depending on the needs of a particular site. More park users will have access to the facility, and the improvements will make it more inviting and comfortable. Specific sites in 2014 to be determined.

Emma Schmitz Sea Wall Replacement-2008 Levy

Project No:	MC-PR-16008	BSL Code:	BC-PR-10000
Project Type:	Discrete	BSL Name:	2008 Parks Levy
Project Category:	Rehabilitation or Restoration	Location:	4503 Beach DR SW
Current Project Stage:	Stage 5 - Construction	Council District:	Council District 1
Start/End Date:	2014 - 2022	Neighborhood District:	Southwest
Total Project Cost:	\$1,250	Urban Village:	Not in an Urban Village

This project, funded with 2008 Parks Levy funds redirected from the Seattle Asian Art Museum renovation project, is Seattle Parks' share of the replacement or repair of the seawall which is failing. The Army Corps of Engineers is funding a study to determine the best option for replacement or repair of the seawall. It is anticipated that the cost of the project will be less than \$2 million. Parks and the Army Corps will share the costs of the project (Parks 35% and Army Corps 65%).

Magnuson Park Building #406 Roof Replacement-2008 Levy

Project No:	MC-PR-16012	BSL Code:	BC-PR-10000
Project Type:	Discrete	BSL Name:	2008 Parks Levy
Project Category:	Rehabilitation or Restoration	Location:	7400 Sand Point WAY NE
Current Project Stage:	Stage 5 - Construction	Council District:	Council District 4
Start/End Date:	2014 - 2021	Neighborhood District:	Northeast
Total Project Cost:	\$2,152	Urban Village:	Not in an Urban Village

This project, funded with 2008 Parks Levy funds redirected from the Seattle Asian Art Museum renovation project, replaces the Built Up Roofing (BUR) system with a rubberized/EPDM roofing system with 20KW photovoltaic panels, and performs other related work. The system will supply power into the electrical system for the building, which will reduce the amount of utility power used. At certain times, the system may produce more power than is being used by the building, resulting in a credit for power used. This project eliminates a leaky roof and will make the facility more energy efficient.

Park Land Acquisition and Leverage Fund

Project No:	MC-PR-21001	BSL Code:	BC-PR-20000
Project Type:	Ongoing	BSL Name:	Building For The Future
Project Category:	New Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project provides funds for land acquisition, leveraging capital projects, pre-acquisition activities (including planning, title searches, appraisals, negotiations, and community involvement), associated with acquisitions of specified real property, and related work. The project also serves as a match to leverage other funding sources such as King County Conservation Futures. The City is growing and there is a need to add parkland to meet park and open space goals and improve the quality of life for Seattle residents. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Major Projects Challenge Fund

Project No:	MC-PR-21002	BSL Code:	BC-PR-20000
Project Type:	Ongoing	BSL Name:	Building For The Future
Project Category:	Improved Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project provides funding to leverage community-generated funding for renovation or development of large projects of Parks' facilities where other City funding is unavailable, often times due to the magnitude of the project. These projects will require matching funds, so the leveraging will stretch the City's funding, and more great community-generated projects can be accomplished. The community will benefit from new and/or improved facilities that can better accommodate current and projected park and recreation needs and demands. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Develop 14 New Parks at Land-Banked Sites

Project No:	MC-PR-21003	BSL Code:	BC-PR-20000
Project Type:	Ongoing	BSL Name:	Building For The Future
Project Category:	Improved Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project develops 14 new parks on land-banked sites that were acquired under prior levies. Depending on the size, location, and type of park, new elements could include trees and landscaping, paths, plazas, a play area, site furniture, lighting, and related improvements. Each newly developed park will improve the neighborhood and contribute to improved health for park users, and will have environmental benefits. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Activating and Connecting to Greenways

Project No:	MC-PR-21004	BSL Code:	BC-PR-20000
Project Type:	Ongoing	BSL Name:	Building For The Future
Project Category:	Improved Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project develops safe, inviting connections between parks and greenways which are residential streets that are dedicated connectors for pedestrians, cyclists, and other non-motorized travel, as identified in the Bicycle and Pedestrian Master Plan documents. Typical improvements include crosswalks, benches, greenway park entrance improvements, non-motorized paths and loops within parks, and related work. Parks will work with the Seattle Department of Transportation (SDOT) to activate and enhance connection points between parks. This project improves safety and access to and from the parks, encourages partnerships with neighborhood and community groups, business, and other stakeholders. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Smith Cove Park Development

Project No:	MC-PR-21005	BSL Code:	BC-PR-20000
Project Type:	Discrete	BSL Name:	Building For The Future
Project Category:	Improved Facility	Location:	W Galer ST
Current Project Stage:	Stage 3 - Design	Council District:	Council District 7
Start/End Date:		Neighborhood District:	Magnolia/Queen Anne
Total Project Cost:	\$4,166	Urban Village:	Not in an Urban Village

This project, funded by the MPD, develops the 4.9 acre waterfront portion of Smith Cove Park located just west of Pier 91 on Elliott Bay. The park will be developed following a planning and design process for the site. These amenities may include paths, landscaping, waterfront access points, a play area, and related improvements. Some improvements will also be made to the existing part of Smith Cove Park (west of this site), currently used for sports such as soccer. The improved park will provide waterfront access and ADA accessibility, provide enhanced opportunities for active recreation, increase environmental-sensitivity, and make the park inviting and usable for more people.

Aquarium Expansion

Project No:	MC-PR-21006	BSL Code:	BC-PR-20000
Project Type:	Discrete	BSL Name:	Building For The Future
Project Category:	Rehabilitation or Restoration	Location:	1483 Alaskan WAY
Current Project Stage:	Stage 3 - Design	Council District:	Council District 7
Start/End Date:	2015 - 2023	Neighborhood District:	Downtown
Total Project Cost:	\$34,290	Urban Village:	Downtown

The Seattle Aquarium is owned by Seattle Parks and Recreation and operated by the non-profit Seattle Aquarium Society (SEAS). SEAS is planning a major expansion to the Aquarium's existing footprint to add new programming and visitor capacity. This project will provide a new Ocean Pavilion that will integrate with improvements made by The Office of the Waterfront along the Central Waterfront. SEAS also intends to make improvements to piers 59 and 60 to improve exhibit space and operations efficiency. Design and construction of the project is led by SEAS and coordinated with City investments by the Parks Department and Office of the Waterfront. This project is part of the overall waterfront improvement program and appropriates City matching funds for SEAS' project. Funding depicted in the table below represents committed funding for design. The City has committed to provide up to \$34 million to SEAS for design and construction. (Interfund Loan repaid with REET and shown as double budgeted in appropriation table.)

Parks Central Waterfront Piers Rehabilitation

Project No:	MC-PR-21007	BSL Code:	BC-PR-20000
Project Type:	Discrete	BSL Name:	Building For The Future
Project Category:	Rehabilitation or Restoration	Location:	Alaskan Way
Current Project Stage:	Stage 5 - Construction	Council District:	Council District 7
Start/End Date:	2016 - 2024	Neighborhood District:	Downtown
Total Project Cost:	\$111,017	Urban Village:	Downtown

The Waterfront Park and Pier 62/63 are public park facilities that provide public access to Elliott Bay and host a range of public events, markets and performances. Both piers need a full seismic upgrade to meet current life safety codes, and Waterfront Park needs significant access improvements. Waterfront Park is envisioned as a flexible public recreation and open space. Pier 62/63 is anticipated to be more heavily programmed, with a flexible activity rink, events, and performances. The Department of Parks and Recreation (DPR) owns the piers, but the Office of the Waterfront will lead the rehabilitation. The Pier 62/63 Phase 1 Rebuild was substantially complete in July 2020. This project is part of the overall Central Waterfront program. (Interfund Loan will be repaid with Local Improvement District Bonds.)

South Park Campus Improvements

Project No:	MC-PR-21013	BSL Code:	BC-PR-20000
Project Type:	Discrete	BSL Name:	Building For The Future
Project Category:	Improved Facility	Location:	8319 8th AVE S
Current Project Stage:	Stage 3 - Design	Council District:	Council District 1
Start/End Date:	2019 - 2024	Neighborhood District:	Greater Duwamish
Total Project Cost:	\$7,870	Urban Village:	South Park

This project will implement the South Park Site Plan approved by Seattle Parks and Recreation in March 2018, by renovating and relocating numerous park elements. The site plan calls for the existing play area and wading pool to be demolished and replaced with a new play area and spray park in new locations within the site. The existing grass playfield will be renovated and upgraded with synthetic turf and lighting. The project may also include the replacement of the existing sport courts, installation of a loop trail and planted buffer, new fencing and related work. Partial funding for this project is anticipated from various public and private sources in the forms of grants and donations. Once the project is completed, these improvements will increase safety and site capacity, support more active uses and types of healthy outdoor play, and provide opportunities for programming throughout the year. The total estimated cost for this project is \$9.8 million. This project will be funded by public and private sources. With the addition of the Real Estate Excise Tax (REET) funding in 2019, the project is expected to be fully funded.

Aquarium - Pier 59 Piling Replacement and Aquarium Redevelopment Debt Service

Project No:	MC-PR-31002	BSL Code:	BC-PR-30000
Project Type:	Debt Service	BSL Name:	Debt and Special Funding
Project Category:	Rehabilitation or Restoration	Location:	1483 Alaskan Wy
Current Project Stage:	N/A	Council District:	Council District 7
Start/End Date:	2005 - 2025	Neighborhood District:	Downtown
Total Project Cost:	\$37,154	Urban Village:	Downtown

This project supports debt service payments on 20-year Limited Tax General Obligation (LTGO) bonds that were issued in 2005 to pay for the replacement of the entire pier piling system of Pier 59, interior infrastructure improvements, and development of portions of the Aquarium by the Seattle Aquarium Society. The pier and Aquarium work was part of an overall plan to repair and redevelop the Aquarium and the Central Waterfront area, and to construct a new Aquarium entrance, exhibits, and visitor services on a portion of the pier. This work enhanced and extended the useful life of Pier 59 and the Aquarium.

Start/End Date:	2010 - 2023	Neighborhood District:	Multiple
Total Project Cost:	\$17,924	Urban Village:	Multiple

This project provides improvements to the four City-owned golf courses (Interbay, Jackson, Jefferson, and West Seattle), including but not limited to, building replacements, driving ranges, cart path improvements, and course and landscaping renovation. Golf Capital Improvements will be phased over 6+ years, placing the revenue generating improvements upfront. The project will expand Golf program capacity and revenues by implementing portions of the Golf Master Plan.

Total Project Cost:	\$9,720	Urban Village:	Not in an Urban Village

This project funds debt service payments on 20-year bonds issued in 2002 to pay for the acquisition of the Westbridge Building, a facility that replaced the Department's primary maintenance facility at Roy Street. The replacement of the Roy Street facility assures a safe and efficient location for the Department's professional trades and a portion of the maintenance crews and management staff.

Gas Works Park - Remediation

Project No:	MC-PR-31007	BSL Code:	BC-PR-30000
Project Type:	Ongoing	BSL Name:	Debt and Special Funding
Project Category:	Rehabilitation or Restoration	Location:	2101 N Northlake Wy
Current Project Stage:	N/A	Council District:	Council District 4
Start/End Date:	N/A	Neighborhood District:	Lake Union
Total Project Cost:	N/A	Urban Village:	Not in an Urban Village

This project provides ongoing monitoring efforts to ensure the measures constructed for remediation of soils at Gas Works Park were effective. Monitoring activities include maintenance and operation of the air sparging, SVE systems, soil cap, and other institutional controls; groundwater testing; quarterly reports; and other related work. The project also provides for ongoing monitoring for as long as 20 years from installation, effectively until 2021. All measures of the Compliance Monitoring Project must be executed in accordance with the Consent Decree established in 1998, requiring the Seattle Department of Parks and Recreation, Puget Sound Energy, and the Department of Ecology to implement a Cleanup Action Plan.

Total Project Cost:	\$10,054	Urban Village:	Downtown

The Seattle Aquarium is owned by Seattle Parks and Recreation and operated by the non-profit Seattle Aquarium Society (SEAS). SEAS is planning a major expansion to the Aquarium's existing footprint to add new programming and visitor capacity. This project supports debt service payments on 20-year Limited Tax General Obligation (LTGO) bonds issued in 2021 to pay for the Aquarium Expansion project (MC-PR-21006). The Aquarium Expansion project is part of the overall plan to repair and redevelop the Aquarium and the Central Waterfront area. The final total debt service cost over the course of the bond will be determined upon bond issuance in 2021.

Major Maintenance Backlog and Asset Management

Project No:	MC-PR-41001	BSL Code:	BC-PR-40000
Project Type:	Ongoing	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project provides funding for major maintenance projects for assets in all of the city parks and recreation facilities, including athletic fields, play areas, swimming pools, trails, buildings, accessibility elements, outdoor infrastructure, and related work. This project also funds a new integrated asset management and work order system to better track and forecast long-term asset and maintenance needs. The project also increases Parks' ability to remove property encroachments. Typical major maintenance improvements may include, but are not limited to renovating buildings, Americans with Disabilities (ADA) access improvements, replacing play area structures, forest, landscape, trail maintenance and improvements, swimming pool repairs, athletic field refurbishment, and installation of energy efficient lighting, and related major maintenance work. These projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, reclaim Parks property, and improve the overall park experience for the public. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Community Center Rehabilitation & Development

Project No:	MC-PR-41002	BSL Code:	BC-PR-40000
Project Type:	Ongoing	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project provides funding for improvements at 26 community centers, the oldest of which is 103 years old. Typical improvements include renovation, upgrades, or replacement of major building systems, roof and building envelopes, seismic upgrades, painting, energy efficient lighting and other environmentally sustainable building components, Americans with Disabilities (ADA) access improvements, and related work. In some instances, facilities will be replaced or remodeled to improve programming space. The individual projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, improve the overall community center experience for the public, and meet today's and future recreation needs. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Saving our City Forests

Project No:	MC-PR-41003	BSL Code:	BC-PR-40000
Project Type:	Ongoing	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project restores and maintains Seattle's 2,500 acres of urban forests. Seattle's trees are aging and inundated with invasive plants, including English ivy, Himalayan blackberry, Scot's broom, and knotweed. This project expands Parks' capacity to restore forest land, and to provide the ongoing monitoring and maintenance work necessary to keep restored areas from being overrun by invasive plants. A healthy urban forest contributes significantly to the health of the environment by cleaning air and water, filtering and retaining storm water, and providing a respite from the built environment. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Aquarium Major Maintenance

Project No:	MC-PR-41004	BSL Code:	BC-PR-40000
Project Type:	Ongoing	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	1483 Alaskan WAY
Current Project Stage:	N/A	Council District:	Council District 7
Start/End Date:	N/A	Neighborhood District:	Downtown
Total Project Cost:	N/A	Urban Village:	Downtown

This ongoing project provides funds for major maintenance at the Aquarium and other related items. Typical projects include seawater pump replacement, tank repairs, energy efficient systems upgrades, exterior decking repairs, Americans with Disabilities (ADA) access improvements, roofing and seismic upgrades, and related work. The facility was constructed in 1980, and a partial addition was installed on Pier 59 portion of the building in 2006. Due to the harsh saltwater environment, Aquarium facilities have a shorter lifespan than similar facilities not located over saltwater. The individual projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, and improve the overall Aquarium experience for the public. This project is part of the Seattle Park District measure put before voters in 2014.

This ongoing project preserves the Zoo facilities to enable it to operate efficiently, and to offer a world-class experience to the patrons. Typical projects include exhibit renovation or replacement, water, electrical, irrigation, and sewer systems replacement, energy efficient improvements, pavement and grounds restoration, Americans with Disabilities (ADA) access improvements, and related work. The oldest buildings at the Zoo were constructed in the 1930s and others have been built in subsequent decades. The individual projects will address health and safety codes, extend the life of the asset, improve access for all, reduce energy costs, and improve the overall Zoo experience for the public. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Boiler and Mechanical System Replacement Program

Project No:	MC-PR-41007	BSL Code:	BC-PR-40000
Project Type:	Ongoing	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Not in an Urban Village

This ongoing project replaces boilers, mechanical systems, and any related work necessary in facilities throughout the Parks system. Costs for certain boiler and mechanical systems replacements may be eligible for reimbursement from Seattle City Light or Puget Sound Energy. This project extends the useful life of the boilers and assures that Department facilities are not closed due to boiler and mechanical systems failure.

Electrical System Replacement Program

Project No:	MC-PR-41008	BSL Code:	BC-PR-40000
Project Type:	Ongoing	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project renovates electrical systems throughout the park system to reduce fire hazards and performs other related work. Future funding depends on specific projects and available resources, including grants. This project extends the useful life of electrical systems in various Parks facilities and increases the safety of these systems.

Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Not in an Urban Village

This project provides funding to conduct core testing of wood light poles at various ballfields, replace deteriorated wooden poles with metal poles, install new electrical systems, and perform other related work. The new lighting systems will reduce light spillover and energy efficient. This is a long-term program to replace all deteriorated wood light poles over the next several years. Future funding for this program depends on available resources.

Utility Conservation Program

Project No:	MC-PR-41010	BSL Code:	BC-PR-40000
Project Type:	Ongoing	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project implements energy conservation projects in collaboration with Seattle City Light, Seattle Public Utilities, and Puget Sound Energy. Projects may include lighting, heating, and water use renovations at various facilities throughout the Parks system. These projects result in energy savings and better air and water quality, and support the Climate Protection Initiative by reducing greenhouse gas emissions. The cost of these projects is expected to be recovered within approximately five years through reduced utility costs and rebates from the three utilities. Rebates and other additional resources will be pursued to fund future conservation projects.

This ongoing project is a collaborative effort between the City of Seattle and Forterra to restore 2,500 acres of forested park lands in Seattle by 2025. Restoration for each acre occurs over a three-year period and includes clearing invasive plants, replanting the area with native plants, caring for the plants through establishment, and other related work. This project supports the Green Seattle initiative.

Irrigation Replacement and Outdoor Infrastructure Program

Project No:	MC-PR-41020	BSL Code:	BC-PR-40000
Project Type:	Ongoing	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project funds engineering and other studies of the Department's park irrigation and outdoor infrastructure systems (e.g., water mains, irrigation and drainage lines, sanitary and storm sewers, electrical utilities, roads, paths, trails, retaining walls, bridges, saltwater piers, and related infrastructure); associated cost estimating; related staff and consultant support for developing and prioritizing projects within the Department's Asset Management Plan; and implements replacement projects at various sites. Specific projects are determined by the study and operational considerations. This project provides conservation benefits by reducing water loss due to leaking systems, allocating water flow more efficiently through improved technology, and implementing other related work. It also extends the useful life of the infrastructure.

Urban Forestry - Forest Restoration Program

Project No:	MC-PR-41022	BSL Code:	BC-PR-40000
Project Type:	Ongoing	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Not in an Urban Village

This program develops forest and vegetation management plans, implements restoration projects at sites throughout the City's park system, removes hazardous trees, and performs other related work. Restoration projects, with much of the work being performed by citizen volunteers, may include removal of invasive plants, such as English ivy and Himalayan blackberry, followed by replanting with native plants. Future funding for this program depends on available resources. This project enhances Seattle's urban forest and supports the Green Seattle Partnership to increase overall City tree canopy and the Restore Our Waters Strategy to improve Seattle's aquatic environments.

Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project provides small-scale renovations and minor improvements to athletic fields throughout the City. Typical improvements include, but are not limited to, repairs to fencing and backstops, renovations to dugouts and playing surfaces, modifications and improvements to irrigation systems and replacement of goal posts and nets. Future funding for this project depends on specific projects and available resources, including grants. This project extends the useful life of the various elements of athletic fields.

Neighborhood Response Program

Project No:	MC-PR-41024	BSL Code:	BC-PR-40000
Project Type:	Ongoing	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing program provides funding for small projects identified by citizens, neighborhood groups, or other community organizations. Projects address requests which are typically under \$50,000, and may be used for major maintenance activities performed in conjunction with development-oriented Neighborhood Matching Fund (NMF) projects. This program enables the Department to respond quickly to community requests for repairs in neighborhood parks.

Pavement Restoration Program

Project No:	MC-PR-41025	BSL Code:	BC-PR-40000
Project Type:	Ongoing	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project funds various project activities, including, but not limited to, seal-coats to new pavement to extend its lifespan, pavement patching, sub-grade repairs, overlays to small areas, and repairs associated with pavement failures (e.g., heaving, sinking, cracking, and root invasion). Improvements reduce damage to asphalt, lengthen pavement lifespan, and reduce safety hazards such as uneven pavement.

Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project implements a comprehensive trail renovation strategy. Funding addresses trail failures throughout the park system to correct safety problems, prevent further erosion and deterioration, and perform other related work. The project leverages community support by providing technical assistance, training, and materials to district staff and volunteers who are engaged in other trail-related projects.

This ongoing program provides minor capital improvements to low-income area parks throughout the City. Conservation Corps Program staff perform this work, providing training opportunities for low-income, homeless, and other at-risk community members. Program elements include provision of ADA improvements to parks and park restrooms, accessible drinking fountain installation, basketball court construction, bench and picnic table installation, tree purchase and planting, and other small-scale capital projects. Funding is also targeted to projects that can be integrated with other community-identified amenities.

Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This project provides for investment in more energy efficient building systems and other facility efficiency improvements. By making these investments the City expects future savings in utility and labor costs, and significant progress toward carbon neutrality. This program is intended to fund facility retrofit projects identified by energy audits conducted in 2010 (funded by the City's Energy Efficiency and Conservation Block Grant) and similar projects identified by the department. Depending on project demand and available funding, additional resources may be added in the future.

This project provides for ADA improvements at a number of parks facilities. Work will be focused on selected community centers (e.g., Bitter Lake, Delridge, Garfield, Jefferson, Meadowbrook, Miller and others) and will consist of adjustments to signage, door closures, restroom fixtures, and other features. Signage will be added where needed as well. Similar work will be undertaken at Discovery Park Environmental Learning Center and other facilities to the degree that funding allows.

Comfort Station Renovations

Project No:	MC-PR-41036	BSL Code:	BC-PR-40000
Project Type:	Ongoing	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	Multiple
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This project renovates selected comfort stations for improved ADA access, ventilation and finishes (walls and floors), and security. The renovations also may include reconfigured stalls, new toilets, urinals, and sinks, ADA accessories, paint and finishes, and related work, depending on the needs of a particular site. In some cases, a comfort station may be replaced with a prefabricated unit. More park users will have access to these facilities, and the improvements will make them more inviting and comfortable.

Current Project Stage:	Stage 2 - Initiation, Project Definition, & Planning	Council District:	Council District 6
Start/End Date:	2017 - 2026	Neighborhood District:	Ballard
Total Project Cost:	\$1,221	Urban Village:	Not in an Urban Village

This project renovates the building including interior space renovations, ADA improvements, seismic upgrades, window glazing, and some major systems improvements. Combined, these major systems and programmatic renovations will allow the building to operate more efficiently, and to increase the opportunities for more facility rentals.

Lake City Community Center Improvements

Project No:	MC-PR-41040	BSL Code:	BC-PR-40000
Project Type:	Discrete	BSL Name:	Fix It First
Project Category:	Improved Facility	Location:	12531 28th Avenue NE
Current Project Stage:	Stage 2 - Initiation, Project Definition, & Planning	Council District:	Council District 5
Start/End Date:		Neighborhood District:	North
Total Project Cost:	\$16,500	Urban Village:	Lake City

This project will replace the current Lake City Community Center with a new facility and perform other related work. The new Lake City Community Center will be more accessible for all users, more inviting and comfortable, and include improved recreation spaces. The project will begin with a feasibility study that will identify the probable costs associated with a variety of options such as underground parking, gym size, possible childcare rooms and facilities, and number of floors and other recreation spaces. Funding for construction of this project will be considered in the next cycle of the Seattle Park District spending plan which has been delayed by one year and will now be developed for 2022-2027.

Victor Steinbrueck Parking Envelope

Project No:	MC-PR-41044	BSL Code:	BC-PR-40000
Project Type:	Discrete	BSL Name:	Fix It First
Project Category:	Rehabilitation or Restoration	Location:	2001 Western Ave
Current Project Stage:	Stage 3 - Design	Council District:	Council District 7
Start/End Date:	2017 - 2024	Neighborhood District:	Downtown
Total Project Cost:	\$5,000	Urban Village:	Downtown

This project will replace the existing membrane between the westerly portion of Victor Steinbrueck Park and the Unico parking garage below, and other related items. The membrane is a waterproofing layer that keeps stormwater and irrigation that falls on the park from entering the garage below and damaging the concrete structure. The membrane was installed in 1981 when the park was originally constructed on top of the parking garage. These membranes typically last no more than 30 years; the existing membrane has failed and no longer prevents water from entering the garage below. The membrane replacement requires the removal and subsequent replacement of all the park improvements above and the installation of a new drainage system. The new membrane will provide a waterproofed foundation for the associated park renovation project.

Magnuson Park Athletic Field 12 Conversion

Project No:	MC-PR-41064	BSL Code:	BC-PR-40000
Project Type:	Discrete	BSL Name:	Fix It First
Project Category:	Improved Facility	Location:	7400 Sand Point Way NE
Current Project Stage:	Stage 1 - Pre-Project Development	Council District:	Council District 4
Start/End Date:	2027 - 2028	Neighborhood District:	Northeast
Total Project Cost:	\$3,730	Urban Village:	Not in an Urban Village

This project converts approximately 100,000 square feet of an existing grass to synthetic turf, installs lighting, drainage improvements, and performs related work. Per the Magnuson Park Master Plan, the field is located south of the existing field 6 and west of the existing field 7 and will be reconfigured into field 12. This improvement allows for greater use and scheduling of the playfield for soccer, lacrosse, and other activities. Funding for this project was eliminated from the 6-year CIP in the 2021 Proposed Budget.

Rejuvenate Our P-Patches

Project No:	MC-PR-51001	BSL Code:	BC-PR-50000
Project Type:	Ongoing	BSL Name:	Maintaining Parks and Facilities
Project Category:	Improved Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project revitalizes the City's 82 P-Patch Community Gardens. Typical projects will improve the paths, improve the planting beds and common areas, improve Americans with Disabilities (ADA) access, update aging infrastructure, and related work. The first P-Patch was constructed in 1973, and more have been added in the past 40 years. The individual projects will address safety and code requirements, extend the life of the asset, improve accessibility, and contribute to better air quality. This project is part of the Metropolitan Parks District measure put before voters in 2014.

Improve Dog Off-Leash Areas

Project No:	MC-PR-51002	BSL Code:	BC-PR-50000
Project Type:	Ongoing	BSL Name:	Maintaining Parks and Facilities
Project Category:	Improved Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project improves the City's 14 existing off-leash areas, most of which have aging infrastructure. In 1996, seven sites were selected as pilot off-leash areas. In 1997, four of them (Blue Dog Pond, Genesee, Golden Gardens, and Westcrest) were selected as the first permanent sites. By 2011, there were a total of 11 off-leash areas, and three more have been added since then (Magnolia Manor, Kinnear, and Denny). Typical projects will improve Americans with Disabilities (ADA) access, address drainage and erosion issues, update aging infrastructure, and related work. This project is part of the Seattle Park District measure put before voters in 2014.

Start/End Date:	2013 - 2022	Neighborhood District:	Northeast
Total Project Cost:	\$12,239	Urban Village:	University District

This project, funded with monies from the University of Washington and the Washington State Department of Transportation, remediates and develops a replacement park site at 1101 NE Boat Street for lands lost at the Washington Park Arboretum and East Montlake Park for the development of the new State Route 520 Bridge and HOV project, I-5 to Medina. Improvements include demolition, site remediation, design, and development of a new waterfront park. The replacement park continues to serve city-wide park needs.

Seattle Center

Overview

Seattle Center's ("Center") Capital Improvement Plan (CIP) is at the heart of Center's purpose "to create exceptional events, experiences and environments that delight and inspire the human spirit to build stronger communities." The department's CIP repairs, renews, and redevelops the facilities and grounds of Seattle Center to provide a safe and welcoming place for millions of annual visitors.

Seattle Center is a 74-acre campus in the middle of the City. It is the largest visitor destination in Washington state, attracting an estimated 12 million visits each year to attend arts, sporting, educational, and cultural events and festivals, and to enjoy the grounds and open spaces. There are 24 buildings and three parking garages on the campus. Seattle Center is also a major urban park with lawns, gardens, fountains, a children's play area, and a variety of plazas and open spaces. The Seattle Center Monorail runs between the Seattle Center campus and downtown Seattle. The City owns the Monorail, which is operated by Seattle Monorail Services on behalf of the City. The Space Needle, the Pacific Science Center, the Museum of Pop Culture, the Chihuly Garden and Glass Exhibition, and Seattle Public Schools' Memorial Stadium and an adjacent parking lot are also part of the campus but are privately owned and operated.

The origins of a civic campus at Seattle Center go back to the 1920s, with Mayor Bertha Landes presiding over the groundbreaking for the Civic Auditorium, Civic Ice Arena, and Civic Field. In the 1930s the Washington State Armory was built. Memorial Stadium was constructed in the 1940s. In the late 1950s and early 1960s the site for the 1962 Seattle World's Fair was created, expanding the size of the campus to roughly what we know today. One result of this long history as a civic gathering place is aging infrastructure. Some facilities have been significantly renovated (e.g., Civic Auditorium into the Opera House for the World's Fair, and into McCaw Hall in 2003, the Civic Ice Arena/Mercer Arena site into the new Seattle Opera at the Center facility in 2018, and the Arena in 2020-21), while others remain in need of major renovation and redevelopment (e.g., Memorial Stadium).

In 2008, following a two-year community process, the City Council adopted the Seattle Center Century 21 Master Plan. The Master Plan provides a roadmap for the redevelopment of Seattle Center around a set of design and planning principles including increased open space; sustainable design and operations; opening the edges of the campus to the surrounding community; enlivening the campus throughout the day; being pedestrian friendly and accessible to all; and continuing to provide a diversity of programming and attractions for all parts of our community. The master plan is expected to be supported, as Seattle Center redevelopment has in the past, by a mix of public and private funding.

In 2015, Seattle Center began a multi-year facility condition assessment (FCA) program to identify current and future capital investment needs. Seattle Center's Proposed 2022-2027 CIP is in part driven by the FCA program, with funds allocated for renovation of campus infrastructure, including roofs, elevators, sewer lines, parking structures, and the International Fountain.

In 2019, the City entered into an agreement with private partner Seattle Arena Company (ArenaCo) to lease and redevelop the historic KeyArena and several supporting structures to create a world-class arena for professional sports and entertainment. The new Climate Pledge Arena was completed in fall 2021 and has transformed the largest single facility on campus, flanked by public plazas with new artwork, signage, lighting, and landscaping on all sides. Seattle Center has answered this remarkable private investment by upgrading several of its most prominent public attractions, including the International Fountain, the Armory, and the landmarked north courtyards.

Despite the many hurdles of 2020 and 2021, Seattle Center has successfully leaned into its Strategic Business Plan objective of leveraging the momentum of Climate Pledge Arena to lift the entire campus. In 2021, the City issued bonds providing Seattle Center \$8 million in funding to make upgrades in our campus-wide signage. The new signage package will not only improve wayfinding resources for our visitors, but also will allow for increased revenue generation through improved sponsorship capabilities.

Seattle Center's 2022-2027 CIP plan will focus heavily on continuing phases of major projects like campus-wide lighting and network upgrades, and major maintenance priorities highlighted in our FCA. In 2021, Seattle Center received accelerated funds for the Seattle Children's Theatre roof replacement and an additional allocation of \$750,000 in the 2021 2nd Quarter Supplemental to address emergent mechanical infrastructure needs. The list of deferred major maintenance priorities on the campus, however, will require significant investment in the coming decade as the 1962 World's Fair infrastructure – originally designed for a temporary event – celebrates its 60th anniversary.

The 2022 CIP budget includes \$11 million in REET funds. In 2022, Center will accelerate the schedule for certain projects, including window replacements for the Armory and renovation of the first floor Armory restrooms to better meet ADA guidelines and expand capacity of the women's restroom. Funding will also support Center in addressing of mechanical system leaks in buildings across the campus; making the next phase of programmatic improvements to the International Fountain; and investing in three high-priority projects: completing the DuPen Fountain renovation, upgrading pedestrian lighting, and replacing the Fisher Pavilion roof, a popular space for outdoor events and activities.

Thematic Priorities

Seattle Center's Adopted 2022-2027 CIP focuses on four primary themes:

- Multi-phase investments in Seattle Center
- FCA Phase 2 and Deferred Major Maintenance
- Long range planning (ST3, Memorial Stadium, KCTS, PNB)
- Additional investment opportunities for 2022 and 2023

Multi-phase investments in Seattle Center

By the end of 2021, Center will have delivered the largest scope of improvements on the campus in 20 years, including an exterior refresh of the Armory, a new skate plaza, a revitalized International Fountain, uplifted North Courtyards and major investments in the parking garages and the Monorail. Center also kicked off several projects that will take multiple phases to complete and will continue to prioritize these projects in the coming years until they are completed:

- Renovation of the beloved DuPen Fountain phased between 2021 and 2022;
- Delivering on the vision of the Seattle Center Campus Pedestrian Lighting Concept Plan, with the first phase on Thomas St. occurring in 2021 and 2022;
- Completing the final phase of the Armory Exterior Renovation project with new exterior lighting to highlight the historic architecture planned for 2023;
- Continuous improvement of the visitor parking experience, building on the arena-related Parking Access and Revenue Control (PARC) upgrades being installed in 2022;
- Updating the wireless network infrastructure across the campus to 5G standards, in partnership with Seattle IT and third-party private carriers; and

- Electrification of the Central Utility Plant and decentralization of campus systems which, once designed, will require additional dedicated funding to complete by the target 2024 deadline.

Facility Condition Assessment Phase 2 and Deferred Major Maintenance

As Center welcomes crowds back to the campus in the post-pandemic reopening, the changing expectations around events – outdoors and indoors, community and commercial – mean there is more reason than ever before to invest in bringing aging assets up to a modern standard. Seattle Center is working within compounding constraints of aging infrastructure and limited capital and major maintenance budgets. Unplanned emergency work costs more and distracts staff from performing scheduled preventative maintenance, which in turn, increases the likelihood of emergency repairs. Condition assessments and a capital asset management program are key components of an effective maintenance and repair program.

In 2021, Center will complete the second phase of the campus FCA, identifying and prioritizing major maintenance and replacement needs throughout the campus buildings and grounds. The analysis will systematically evaluate Seattle Center’s capital assets to project repair, renewal, or replacement needs that will preserve the ability to support our mission. It will result in an action plan for addressing urgent issues including electrical, plumbing, roofing, building envelope, landscaping, irrigation, and HVAC. In the coming years, Center anticipates significant investments in design and construction to complete this necessary work.

Long-range planning priorities

While it is hard to imagine more change on campus than what has been experienced between 2018 and 2021, the coming decade contains prospects that could be equally transformative. Center is investing effort now in long-term planning and strategy for the following emerging opportunities:

- Championing an inspiring vision for integrating a light rail station at Seattle Center that promotes transit mobility and complements the identity of the campus in the future;
- Continuing to advance Memorial Stadium design and redevelopment in partnership with Seattle Public Schools (SPS), Seattle Center Foundation, philanthropy, and other stakeholders;
- Exploring opportunities for the Cascade Public Media (KCTS) site in anticipation of its lease conclusion in 2024, including potential synergies with Memorial Stadium and the SPS parking lot;
- Continuing the conversation with Pacific Northwest Ballet about their space use planning on campus in the coming years;
- Evaluating options to relocate the skilled trades shops from the Colorcraft (5.5) Building to a new location, in anticipation of its lease conclusion on July 31, 2025.

Project Selection Criteria

For each budget cycle, a broad cross-section of Seattle Center staff members engages in the process of identifying the highest priority asset preservation and improvement needs on the campus. This includes staff members who maintain facilities, rent facilities to clients, provide technical support for events, manage parking and public assembly facilities, and manage capital projects. Projects are prioritized around a set of criteria, including public and staff safety, regulatory requirements, failing building systems, asset preservation, master plan implementation, reducing operating costs and/or increasing revenue potential, leveraging non-City funds, and race and social justice. Center’s Campus & Armory Operating Board and the McCaw Hall Operating Board have played central roles in identifying and prioritizing capital needs in the facilities they oversee. The Seattle Center Executive Team takes all of this

information and prioritizes projects across the entire Seattle Center campus within funding targets provided. Seattle Center's program of facility condition assessments, utilizing a number of specialty consultants, is a key source of information for identifying current and future capital needs at Seattle Center to inform capital investment priorities.

2022-2027 Proposed CIP Highlights

The Center's CIP prioritizes funding to address needs identified in the latest phase of facility condition assessments, including roofs, mechanical infrastructure, and the International Fountain. The CIP also includes funding for asset preservation investments in McCaw Hall and the Monorail, guided by the McCaw Hall Capital Renewal/Major Maintenance Plan and the Seattle Center Monorail Transit Asset Management (TAM) Plan and Capital and Major Maintenance Program (CMMP) Plan. Asset preservation investments in 2022 will include:

Armory – In early 2022, exterior renovation of this 1939 building will continue with the installation of new awnings and doors. Additional maintenance priorities include HVAC upgrades and window replacements and renovating the first floor Armory restrooms to better meet ADA guidelines and expand capacity of the women's restroom

General Site Improvements – In 2022, REET I funding is allocated for a next phase of programmatic improvements to the International Fountain, and for campus technology infrastructure improvements.

McCaw Hall – Annual REET I allocations for McCaw Hall asset preservation are matched 100 percent by the resident tenants of McCaw Hall, the Seattle Opera and Pacific Northwest Ballet, to carry out the McCaw Hall Capital Renewal/Major Maintenance Plan, under the direction of the McCaw Hall Operating Board.

Monorail Renovation – Federal Transit Administration grant funds and local matching funds are allocated to continue implementation of the Seattle Center Monorail Transit Asset Management Plan and Capital and Major Maintenance Program Plan for renovation of the Monorail trains, guideways, and stations.

Open Space Restoration and Repair – Renovation of public open spaces in 2022 include upgrading pedestrian lighting on Thomas Street, restoring the DuPen Fountain, and planning to replace the roof of the Fisher Pavilion, a popular outdoor event space.

Parking Repairs and Improvements – The City's Lease with ArenaCo for the Climate Pledge Arena commits to operation of the Mercer Garage until 2035. Installation of a new Parking Access and Revenue Control (PARC) system in both the Mercer and 5th Avenue North garages in conjunction with ArenaCo installing a compatible system in the First Avenue North garage will be a priority to complete in 2022. An ongoing program of major maintenance on the garages will continue with repairs to elevators and water intrusion issues in the 5th Ave N. Garage.

Roof Replacements – Phase 2 of roof replacements for Seattle Children's Theatre buildings will be completed in 2022. A temporary repair to the International Fountain Pavilion roof that was made in 2020 is expected to stabilize it until replacement in 2024.

Utility Infrastructure – Renovation of campus utility infrastructure in 2022 includes campus-wide mechanical and electrical system improvements prioritized in the FCA, and re-lining the sewer below 2nd Ave. N.

CIP Revenue Sources

Seattle Center’s Proposed 2022-2027 CIP is funded from a combination of revenue sources including Real Estate Excise Tax (REET, the primary funding source for 2022-2027), federal grants, and private funds. Over the years other key funding sources for Seattle Center included voter-approved property tax levies, Washington State and King County funds, and proceeds from property sales, in addition to private funds. Following the adoption of the 1990 Seattle Center Master Plan, two voter-approved levies raised \$62 million for implementing the master plan. This amount in turn leveraged \$500 million in non-City funds, including \$440 million from private sources. The Seattle Center campus is currently experiencing another wave of private investment including KEXP, the Opera at the Center, Space Needle renovation, and Climate Pledge Arena.

Summary of Upcoming Budget Issues and Challenges

The biggest challenges facing Seattle Center’s CIP are aging infrastructure and funding constraints. Seattle Center buildings date from the 1930s and some underground sewer lines within the campus are over 100 years old. While some facilities have been significantly renovated, others remain in need of major renovation. Seattle Center is carrying out a program of facility condition assessments to identify current and future needs for capital renovation and replacement. The 2022-2027 Proposed CIP addresses priority needs identified in these condition assessments. Significant additional funding will need to be identified to address future needed asset preservation investments in Seattle Center facilities.

In 2008, following a two-year community process, the City Council adopted the Seattle Center Century 21 Master Plan. The Master Plan provides a roadmap for the redevelopment of Seattle Center around a set of design and planning principles. Implementation of the plan is expected to be supported by a mix of public and private funding. A challenge in the coming years is how to fund the remaining vision of the Master Plan as well as maintain existing capital assets.

Future Projects/What is on the Horizon

The announcement of the Climate Pledge Arena name and philosophy of environmental leadership has brought fresh energy to Seattle Center’s commitment to environmental sustainability on its campus. Seattle Center’s most fundamentally sustainable premise is its successful stewardship of historic urban fabric; however, the age of the campus also poses challenges. Seattle Center has infrastructure dating to the 1930s. The 2022-27 CIP addresses some of the highest priorities identified in Seattle Center’s initial FCA, including the Seattle Children’s Theatre Phase 2 and International Fountain Pavilion roof replacements, renovation of selected sewer lines, and replacing of pedestrian lighting fixtures. Seattle Center will need to address other major maintenance needs on the campus – including the conversion of the Central Utility Plant to electric power – in future CIPs.

Seattle Center skilled trades staff are based in a leased facility located just off the campus. Following a significant rent increase in 2019, Seattle Center decided to phase its staff out of this space within five years as the cost has become unjustifiable in the long term. The department is now looking to relocate its skilled trades staff within the Seattle Center campus, perhaps as part of development of the Memorial Stadium site.

A light rail station will be located on or adjacent to the Seattle Center campus as part of Sound Transit 3. Seattle Center is participating in Sound Transit’s efforts to identify a preferred site for the Seattle Center station and is providing suggestions regarding where station ingress and egress could potentially occur on the Seattle Center campus. Seattle Center is collaborating with other City departments and engaging with neighbors and resident organizations in providing feedback to Sound Transit.

In 2021, after a necessary pause due to COVID-19, Center was able to advance the proposed redevelopment of Memorial Stadium in partnership with Seattle Public Schools and the Seattle Center Foundation. The 73-year-old Memorial Stadium is owned by Seattle Public Schools (SPS) on land deeded by the City and is outdated and deteriorated. Over several decades, the City and SPS have negotiated various proposals to replace Memorial Stadium and now are close to an agreement. Center and the Foundation have been working to build support for it with the SPS Board members. The City's and Foundation's vision for a new Memorial Stadium would be to transform the heart of Seattle Center with a state-of-the-art facility that would serve SPS' needs for athletics and graduations, and to also be a very desirable venue for arts, cultural, sports and community events. The City and SPS have negotiated a draft Letter of Intent (LOI) and among its provisions is that if SPS' proposed levy funding for Memorial Stadium is approved in February 2022, the City would have the option for a long-term lease and would operate and maintain the new facility. In 2022, SPS and the City would negotiate a Memorandum of Understanding that would implement detailed terms of this LOI and require approval by the SPS Board and City Council.

ADA Improvements

Project No:	MC-SC-S9302	BSL Code:	BC-SC-S03P01

Current Project Stage:	N/A	Council District:	Council District 7
Start/End Date:	N/A	Neighborhood District:	Magnolia/Queen Anne
Total Project Cost:	N/A	Urban Village:	Uptown

This ongoing project funds replacement and renovation of wayfinding, event, building and informational signage throughout the Seattle Center campus. Improvements may include, but are not limited to, repair, replacement and upgrades to exterior readerboards and other signage, and development of a digital media network of electronic signage throughout the campus.

Skatepark Relocation

Project No:	MC-SC-S1901	BSL Code:	BC-SC-S03P01
Project Type:	Discrete	BSL Name:	Building and Campus Improvements
Project Category:	Rehabilitation or Restoration	Location:	Seattle Center Campus
Current Project Stage:	Stage 3 - Design	Council District:	Council District 7
Start/End Date:	2018 - 2020	Neighborhood District:	Magnolia/Queen Anne
Total Project Cost:	\$2,200	Urban Village:	Uptown

This project provides for the replacement of the former Seattle Center Skatepark at a new location on a closed portion of Broad Street, just east of the main Seattle Center campus. The former skatepark was within the footprint of the Arena construction project. ArenaCo, the developer of the Arena, is contributing to the cost of the skatepark replacement.

Seattle Public Library

Overview

The Seattle Public Library's facilities include 26 branch libraries and the Central Library, as well as leased storage and shops space. In 2008, the Library completed the final building projects of an extensive, system-wide capital program known as "Libraries for All" (LFA). The LFA program increased the amount of physical space by 80% to a total of over 600,000 square feet, greatly increasing the demands on the Library's major maintenance program.

The subsequent 2012 Library Levy provided an essential seven-year funding stream to maintain the five new and 22 updated libraries that had been renovated, expanded or replaced during LFA. The 2012 levy concluded at the end of 2019, and with passage of the 2019 Library Levy, the Library embarked in 2020 on its current seven-year asset preservation program which includes seismic retrofits at three century-old Carnegie-era branches.

Library buildings can be divided into four major categories:

1. There are ten buildings designated as historic landmarks, including seven Carnegie-era libraries (built in the early 1900s) and three modern buildings.
2. Eleven branch libraries are either LFA new construction (eight buildings) or non-landmarked buildings developed between the 1950s and the 1970s (three buildings).
3. Five small library branches are essentially storefronts, four of which are part of larger buildings.
4. The Central Library is a 12-story 363,000 square foot building that serves as headquarters and hub of the library system. It houses the materials distribution system, Library administration, a 375-seat auditorium and public meeting rooms, large public areas for reading and access to 330 public computers, a data center housing system-wide servers, and the Central Library collection of books and materials.

The Library Major Maintenance program provides ongoing funding for work that preserves or improves building integrity, efficiency and functionality.

Thematic Priorities

The Library's Capital Improvement Program (CIP) projects generally fall into one or more categories: asset preservation, operational efficiency, environmental stability, public service improvements, and safety and security.

Asset Preservation

The overriding priority of the Library's capital program is to extend the useful life of its buildings. As the Library's buildings have all surpassed the ten-year mark since the conclusion of the final Libraries for All bond projects, the buildings require attention to flooring, casework, finishes and restroom fixtures. Major repairs and replacement to roofs, building envelopes, HVAC and other critical building systems, doors, windows, flooring and casework are also examples of asset preservation items funded through the Library's CIP budget. The 2019 Levy also included additional funding for three Carnegie-era branch seismic retrofits.

2022-2027 Proposed Capital Improvement Program

Nearly all of the Library's non-IT \$5 million 2022 Proposed CIP Levy budget can be predominantly classified as asset preservation work. There are also elements of enhanced safety, improved access, energy efficiency and environmental sustainability. Approximately \$2 million is budgeted for the Green Lake branch seismic retrofit project as promised in the 2019 voter-approved levy; additional planning/design costs may be incurred for either or both of the University and Columbia branch seismic projects as well. The balance of Levy CIP funding will pay for mechanical systems replacement at multiple branches (tentatively Greenwood, Northgate, Southwest and West Seattle); fire panel upgrades at several branches (to be determined by an upcoming assessment), and any additional urgent ADA accessibility issues system wide.

Some multi-year branch initiatives have been slowed due to the COVID-19 pandemic and will likely carry into 2022. The major projects may include necessary improvements at the Library's newly-acquired maintenance shop and storage site, exterior work/access improvements at the Douglass-Truth branch, roof and mechanical systems replacement at Capitol Hill branch, mechanical systems replacement at Broadview branch and roof repairs at Queen Anne and Lake City branches.

The iconic Central Library often requires a significant portion of CIP funds, usually distributed over multi-year projects. Historically, larger, complex and challenging projects have been planned and staged sequentially to minimize the impact on Library services to patrons. While there are no new scheduled 2022 projects at the Central Library, it's possible ongoing major sewer repair and repair to the damaged southwest corner of Central's Level 1 could extend into 2022, depending upon availability of contractors and materials.

While these projects are essential for preserving the Library's physical assets, many of them also contribute to the Library system's other essential themes: operational efficiency, environmental sustainability, and improved service to the public.

Library Operational Efficiency; Environmental Sustainability; Safety and Security of Public/Staff

The Library delivers direct services to Seattle residents, who expect highly functional and welcoming library buildings. Major maintenance work carried out under these priorities supports:

- upgrades to help the Library reduce operating costs while minimizing impact to the public;
- renovations to enhance the environmental sustainability of Library buildings; and
- repairs and improvements that augment the safety of library facilities (immediate safety concerns and building integrity are highest priority).

It should also be noted that major Levy-funded IT projects, which can be categorized under operational efficiency and service to the public, were moved to the Library's CIP in 2021. The 2022-2027 Proposed CIP budget includes \$3.2 million in 2022 for upgrading Library enterprise equipment and beginning the replacement of SPL's Integrated Library System for processing and tracking books and materials.

Public Service Improvements

There are no projects solely dedicated to public service improvements scheduled for 2022. Public service improvements mostly encompass work that enhances the library patron experience, such as Reimaging projects that have been completed over the past few years (Rainier Beach, Lake City,

Ballard, Beacon Hill, Highpoint, South Park and Northeast). These projects typically entail increased meeting room space; better connectivity for devices; lowered shelving and improved layout for enhanced sightlines/security/accessibility; and updated carpet, paint and restrooms. Public service improvements are being considered concurrent with the three projects to improve seismic stability (Green Lake, University and Columbia branches), scheduled over the life of the seven-year levy. Construction at the Green Lake branch is scheduled to begin in late 2022. Ultimately, funding will determine whether the scope of these three seismic retrofit projects includes public service improvements.

Project Selection Criteria

In selecting major maintenance work to accomplish each year, the Library evaluates the preservation of building integrity, impact on safety to the public and staff, importance of the work to core library building functions, operational efficiency gains (both economic and environmental), and opportunities to improve or preserve service to the public.

The Library conducts condition assessments and updates information based on inspection by the capital program manager and facilities maintenance staff. The Library obtains professional evaluations of roofs, mechanical, HVAC and lighting systems to flag deficiencies and identify areas where the capital program may be able to reduce operating costs. Library public services managers develop proposals to change the functional use of library space. These proposals are evaluated for feasibility, cost and urgency, and capital program staff works with Library services managers to scope alternatives. Public input also plays a role in project planning. The Library senior management team has ultimate responsibility for authorizing and prioritizing functional building modifications.

Many library facilities are open seven days per week during normal operations, which requires careful planning and staging of projects to keep libraries open as much as possible while capital improvement work is underway. Flexibility is critical to respond to building issues as they emerge.

CIP Highlights

The Library's 2022-2027 Proposed CIP provides a base level of support for asset management during the period when all buildings have surpassed the ten-year mark from their LFA construction or renovation. The 2019 Library Levy provides a total of \$8.2 million (including Seismic/URM and IT Capital allocations) in 2022. The total 2022 REET allocation to the Library is \$1,287,000. The Library will receive \$862,000 in base Real Estate Excise Tax (REET) funding, which is budgeted toward initial planning/design for the Columbia and University branch seismic projects. There is an additional \$425,000 from the Municipal Energy Efficiency Project, which includes \$300,000 for Green Lake electrical/HVAC upgrades concurrent with the seismic retrofit project, and \$125,000 toward Broadview HVAC repairs/electrification.

As mentioned above, the major effort for the Library's CIP in 2022 will be the continued design and then initial construction for the Green Lake branch seismic retrofit. The ultimate aim of this project is to complete seismic and ADA upgrades; with the recent approval of a \$1.8 million Washington State Department of Commerce grant, the project scope has been expanded to include air-conditioning, electrification, additional ADA access improvements, and a reconfigured elevator.

2022-2027 Proposed Capital Improvement Program

CIP Revenue Sources

Historically, Real Estate Excise Tax (REET) was the primary source of funding for the Library's CIP, with an additional smaller allocation from the General Fund. In 2012, the Library worked with the Mayor and City Council to develop a Library levy proposal that voters approved in August of that year. One of the core areas the levy funds is major maintenance. Upon passage of the 2012 Library Levy, the City shifted most major maintenance funding from REET/General Fund to the levy, which provided a significant increase in major maintenance funding for major maintenance projects. The 2019 Library Levy continues support to preserve the Library's capital assets including significant investments in seismic upgrades for three branches.

Levy funding is insufficient to fully cover costs associated with patron and programmatically-driven renovation projects, significant building infrastructure renovations and adjustments, or replacement of major building systems at the Central Library and larger branches. Since passage of the 2012 Library Levy, REET revenue has continued to provide additional funding for targeted efforts, such as the Library's Reimagining Spaces initiative (which sought to enhance Library physical spaces to better address changing patron and community needs) or large-scale major maintenance requirements not anticipated during the planning of the levy.

REET revenue plays a vital role in supporting projects that are beyond the scope of the Library's levy-funded major maintenance program. For example, while the levy remains the primary funding source for the seismic retrofit projects at Green Lake, Columbia and University branches, additional funding is necessary to pursue building upgrades that would be considerably less expensive if performed concurrent with the seismic work. Contingent upon funding, those upgrades could include the addition of air-conditioning; elevator additions/improvements to increase access for patrons with mobility challenges; mechanical system modernization and electrification for increased energy efficiency and reduced reliance on fossil fuels; and other interior enhancements.

As mentioned above, the Library, with significant assistance from Office of Sustainability and Environment, recently received approval for a \$1.8 million Washington State Department of Commerce grant for the Green Lake branch seismic retrofit. The project scope has been expanded to include air-conditioning, electrification (to eliminate reliance on fossil fuels), additional ADA access improvements, and a reconfigured elevator. The Library will continue to seek outside resources to augment the scope of both University and Columbia branch seismic project as well.

Summary of Upcoming Budget Issues and Challenges

COVID-19 Pandemic

One challenge that was certainly not foreseen prior to 2020 – and affecting most of 2020 and 2021 – was the adversity posed by the COVID-19 pandemic. While the pandemic hit Library operations hardest, Library capital projects also felt the impact as contractors and vendors experienced staff shortages due to illness and layoffs, and social distancing and other efforts to reduce viral transmission have slowed the progress of many projects at various stages (planning, design and construction). Funding reductions also prompted reexamination of project scope in some of the larger Library projects. As the impact of the pandemic persisted, adaptation of library spaces to maintain the safety of both public and staff were

required and implemented. It is unknown how long that impact of the pandemic will linger into the future.

The following issues and challenges will need to be addressed in the coming months and years:

Aging Buildings and Infrastructure

Library buildings are among the most intensively-used City facilities in Seattle. Prior to the pandemic, the Central Library hosted over 1.2 million visitors annually, with library branches serving over 3.6 million visitors. The Library's historic landmark buildings have unique features such as brick facades, slate roofs and other details. When undertaking maintenance and repair work, it is essential to use designs and materials consistent with their landmark status – all factors that increase major maintenance costs. The Central Library poses a different set of challenges; a building of its size, complexity and intensity of use requires significant annual major maintenance to preserve core functionality and continually improve building efficiency. All of these factors are considered in establishing the major maintenance component of the Library's ongoing major maintenance program.

Seismic Preparedness

A 2016 survey conducted by the Seattle Department of Construction and Inspection identified seven unreinforced masonry (URM) facilities in the Library's property portfolio requiring seismic retrofit to reduce the risk of injury and loss of life during an earthquake. The survey classified buildings into three categories of vulnerability (critical, high, and medium) with regard to life safety impacts. Three of the seven Library facilities - Green Lake, University and Columbia branches - fell within the high-vulnerability category (with the remainder in the medium-vulnerability category) and the Library Board of Trustees identified those branches as a critical issue to be addressed. The 2019 Library Levy funded seismic retrofits for those three Carnegie-era branches for the period between 2020 and 2026.

As the URM projects will necessitate closure of the branches for a year or more, other needed building improvements will also be scheduled concurrently. Contingent upon available funding, work may entail roof and envelope restoration; elevator and mechanical system upgrades; interior renovation (including electrical, carpeting, furniture and finishes); and efforts to ensure ADA compliance and equitable access.

Adjusting to a Changing Climate

The Library is also adapting to a changing climate, often working with the Office of Sustainability and Environment to identify potential areas for improved energy efficiency and, per mayoral directive, to lessen the Library's reliance on fossil fuels. Several branches – including most of the landmarked branches – are not air-conditioned, and rising summer temperatures can lead to closures which impact patrons and Library operations. The Library is exploring logistics and funding options to add air conditioning to high-use branches that currently lack air-conditioning, which would increase branch comfort year-round and also allow those branches to serve as cooling centers during extreme heat events.

Future Projects / What is on the Horizon

Maintenance and Operations Center

For several years, the Library sought a permanent location for its off-site maintenance shop, storage and Library delivery vehicle parking. In March 2021, the Library acquired a building and parking lot at 5910 Corson Ave S, which replaced its leased maintenance shop and storage space at 6345 6th Ave S. Work is

necessary at the Corson site to upgrade the electrical service for increased HVAC power requirements, along with future conversion from fossil fuels. The space also requires workshop ventilation improvements, better insulation and eventual roof replacement.

ADA Improvements - Library

This project provides for improved infrastructure at the 363,000 square foot Central Library. Central requires substantial infrastructure work to achieve operational efficiency and set the stage for its eventual programmatic re-imagining. Changes to Central also require additional lead time for planning and design, due both to its unique physical configuration/infrastructure and iconic architectural status. Typical improvements may include, but are not limited to, structural and mechanical repairs or improvements, safety and security upgrades, lighting and signage enhancements, and wall and floor surface repairs.

Seattle Department of Transportation

Overview

The Seattle Department of Transportation (SDOT) is responsible for building and maintaining a safe, reliable, efficient, and socially equitable transportation network. In addition, SDOT maintains and improves critical transportation infrastructure of regional, statewide, and national significance in cooperation with external partners. Achieving transportation excellence helps support businesses, improves access to services and opportunity, enhances quality of life, and builds a more sustainable community. This is accomplished by:

- preserving existing transportation infrastructure and using it to its fullest capabilities;
- moving people and goods efficiently and safely, using technology wherever possible to overcome transportation challenges;
- making transit, bicycling, and walking convenient and attractive and reducing reliance on the automobile;
- shaping future transportation improvements that reflect Seattle's role and connections to the region;
- building community trust through engagement and accountability;
- working to eliminate racial disparities and advance equity goals;
- incorporating environmental excellence and climate protection into every decision, project, and program;
- promoting the livability of our neighborhoods and communities;
- guiding investments that contribute to the economic vitality of neighborhood businesses and industries in Seattle and the surrounding region; and
- managing resources wisely with performance measures.

The replacement value of the City's transportation infrastructure is estimated to be approximately \$28.6 billion. Major system assets include:

- 1,548 lane-miles of arterial streets;
- 2,396 lane-miles of non-arterial streets;
- 124 bridges;
- 497 stairways;
- 581 retaining walls;
- 2.2 miles of seawalls;
- 1,118 signalized intersections;
- 47 miles of multi-purpose trails;
- 2,293 miles of improved sidewalks and median pathways;
- 142 miles of on-street bicycle facilities;
- 38,000 street trees;
- 1,512 pay stations;
- 31,823 curb ramps; and
- more than 194,000 signs.

Seattle continues to experience population growth and increasing density. The 2022 Proposed Budget and the 2022-2027 Proposed Capital Improvement Program (CIP) emphasize transportation safety, efficient mobility of goods, and reliable, socially equitable mobility for people of all ages and abilities.

Transit projects are at the forefront of sustainable transportation solutions. SDOT has numerous projects underway, including: a new pedestrian bridge to facilitate walking, rolling, and biking to the new Northgate Light Rail Station. The RapidRide along Roosevelt Way will enhance bus speed, reliability, transit stations, paving, add protected bike lanes, and improve accessibility. Madison Street Bus Rapid Transit line will connect people to hospitals, schools and universities, and businesses as well as to dozens of bus routes, the First Hill Streetcar, and ferry service at the Colman Dock Ferry Terminal. In addition, planning continues on the Sound Transit Light Rail alignment between West Seattle, Downtown, the Seattle Center, Interbay, and Ballard.

Freight movement improved with the new South Lander Street Grade Separation, and will continue with a rebuilt Alaskan Way, and citywide spot improvements. Additional bridge investments include: repairing the West Seattle Bridge; replacing mechanical or electrical components for three movable bridges (University Bridge, Ballard Bridge, and Spokane Swing Bridge); supporting rehabilitation work on the 4th Avenue South bridge; and studying improvements needed for 10 additional bridges. SDOT continues to invest in pedestrian and bicycle infrastructure to increase safety for pedestrians, people biking, and people driving, through new protected bike lanes, new sidewalks, and improved street crossings.

In November 2018, SDOT published the Move Seattle Levy Workplan, which documented deliverable commitments, delivery plans, schedule assumptions, risk considerations, and spending plans for all 30 Levy subprograms. Due to COVID-19, SDOT experienced local revenue declines throughout 2020. The decrease in local revenue required SDOT to pause projects mid-year, do an assessment at the end of 2020, and to write and publish a report in early 2021 detailing the impacts on individual programs in the Levy to Move Seattle portfolio. The report provided a list of priority projects to be restored should local revenue resources recover or new revenues become available. The 2022-2027 Proposed CIP incorporates both the Workplan and COVID-19 Assessment strategies, and applies updated schedule, risk, and spending assumptions for new developments that have occurred since November 2018.

The 2022-2027 Proposed CIP includes a major change in budgeting of SDOT's capital projects, aligning the capital budget with the department's spending plan for capital projects. This results in much tighter coordination between the budget and anticipated spending. The main benefit of the new approach is an anticipated reduction in the amount of annual underspend and corresponding carryforward of capital budget appropriations. Right sizing the capital budget to what the department expects to spend presents a better alignment between the funding stream and our anticipated project delivery.

This change involves two interconnected actions. SDOT has identified \$73.6 million current year (2021) resources on ongoing projects that will not be used prior to year-end. The budget authority to spend these resources will be abandoned before the end of 2021 and will become part of the available project funding for the proposed 2022-2027 CIP. While this change does not free up resources for emerging budget needs, it does provide greater transparency and accountability in the SDOT proposed CIP. Other City departments, including Seattle Public Utilities and Seattle City Light, have implemented similar capital budgeting practices.

Grants and partnerships are an exception to this approach. Those funding sources will still represent the full amount of our awards or agreements and will automatically carryforward as they do currently.

The 2022 Proposed Budget and the 2022-2027 Proposed CIP outline investments in critical transportation infrastructure needs and include planned spending of \$1.6 billion during the six-year planning period. Key work includes street paving and resurfacing; building new sidewalks and curb ramps; school safety improvements; implementation of the Bike, Pedestrian, Freight, and Transit Master

Plans; investments to facilitate freight mobility; traffic cameras and signals; bridge projects such as bridge replacement, maintenance, and seismic retrofitting; and support for the Waterfront Program. For details, please see the associated explanations below.

Street Paving and Resurfacing: The proposed CIP includes funding for the following projects:

- \$5.3 million in 2022 for Arterial Major Maintenance;
- \$10.0 million in 2022 for Arterial Asphalt & Concrete Program Phase II; and
- \$1.8 million in 2022 for Non-Arterial Street Resurfacing and Restoration.

In 2022, the Arterial Asphalt & Concrete Program Phase II (AAC) does not have any new projects scheduled to start construction. The AAC program will continue construction on 15th Ave S (from S Angeline St to S Spokane St, S Spokane St from S Columbian Way to 18th Ave S, and S Columbian Way from 15th Ave S to the I-5 West Seattle Bridge Ramps) and Delridge Multimodal Corridor. The program will reach completion on 5.8 lane miles of paving in 2022 but could be completed as early as late 2021 if we have warm dry weather this Fall.

Several AAC projects will be in close out in 2022 including 15th Ave. NE, N 40th St., N 50th St., Greenlake Loop, and N 80th St. Design work will start or will continue in 2022 on the following projects 11th/12th Ave. NE, 15th Ave. NW/Ballard Bridge Deck, and Denny Way.

In addition to major contract paving, SDOT crews have planned to undertake 4 to 6 lane-miles of paving on Arterial Major Maintenance (AMM) and another 2 to 3 lane-miles on Non-Arterial Street Resurfacing and Restoration (NASRR).

Pedestrian Master Plan Investments: The 2022-2027 Proposed CIP includes five projects that are solely dedicated to advancing the recommendations of the Pedestrian Master Plan (PMP).

- The Pedestrian Master Plan Crossing Improvements project funds pedestrian crossing improvements, primarily focused on crossings near transit stops and on walking routes to school. The proposed CIP includes \$5.8 million for this project in 2022.
- The Pedestrian Master Plan New Sidewalks project includes \$5.4 million in 2022 to design and construct new sidewalks. Of the total, \$3.1 million funding is provided by the School Safety Traffic and Pedestrian Improvement Fund (SSTPIF), which collects ticket revenue from fixed automated cameras located near school zones. This fund was created for school safety infrastructure improvements, school zone camera installation and operation, school zone warning beacon maintenance, school safety program administration, and bicycle and pedestrian safety education. These SSTPIF monies will be used to construct sidewalks within Seattle Public Schools walk zones. The remaining funding (Move Seattle Levy and Real Estate Excise Tax revenue) focuses on connections to frequent transit stops.
- The Pedestrian Master Plan School Safety project includes \$2.7 million in 2022 for pedestrian improvements in school zones. The project is mainly funded by the SSTPIF. These capital improvements may include school zone signing, crosswalk maintenance, curb bulb and curb ramp replacement and maintenance, sidewalk maintenance, and changes to traffic circulation around schools.

Seattle Department of Transportation

- The Pedestrian Master Plan–Stairway Rehabilitation program totals \$1.5 million from various local funding sources. Stairways provide pedestrian connections to streets throughout Seattle’s hilly neighborhoods. The program rebuilds and rehabilitates stairways to the latest standards, adding proper width, step height, grip rail, landings, and other features required by the Americans with Disabilities Act.
- The SDOT ADA Program includes almost \$13.8 million of local funding to deliver ADA compliant curb ramps and accessible pedestrian signals. This funding supports the City in meeting the annual ADA curb ramp requirement of 1,250 ramps per year. Of the 2022 funding, \$2.2 million is funded by SSTPIF and will support the installation of curb ramps near Seattle Public Schools.

The table below shows a summary of the Pedestrian Master Plan investments:

Pedestrian Master Plan Projects	2022
PMP - Crossing Improvements	\$5,802,448
PMP - New Sidewalks	\$5,435,025
PMP - School Safety	\$2,746,020
PMP - Stairway Rehabilitation	\$1,493,638
SDOT ADA Program	\$13,767,773
Total	\$29,244,904

Bicycle Master Plan Investments: The Bicycle Master Plan includes three projects specifically focused on advancing the Bike Master Plan recommendations and supporting the Bicycle Master Plan goals of safety, connectivity, ridership, equity, and livability.

- The Bike Master Plan Greenways project includes \$3.4 million in 2022 for Neighborhood Greenways to create safer, calmer residential streets by making people walking and biking the priority. Neighborhood Greenways can include speed humps, crosswalks, flashing beacons, signs and pavement markings, and speed limit signs.
- The Bike Master Plan Protected Bike Lanes project includes \$9.2 million in 2022 to provide a space used for bicycles separated from motor vehicles, parking lanes, and sidewalks. Improvements include installing bike lanes separated from general traffic with paint or barriers, bicycle route signing, bike/pedestrian signals, and restructuring trails.
- Bike Master Plan Urban Trails and Bikeways project supports the City’s Urban Trails and Bikeways. Activities include spot improvements, bike parking, and programs that promote safety and encourage riding. The proposed CIP includes \$1.0 million for this project in 2022.

The table below shows a summary of the Bicycle Master Plan investments:

Bike Master Plan Projects	2022
BMP - Greenways	\$3,412,000
BMP - Protected Bike Lanes	\$9,187,773

Seattle Department of Transportation

BMP - Urban Trails and Bikeways	\$1,000,999
Total	\$13,600,772

In addition to the projects solely dedicated to delivering the Pedestrian and Bicycle Master Plans, there are many SDOT capital projects that indirectly contribute improvements that advance the plans. The table below shows projects that support both the Bike and Pedestrian Master Plans; note that dollars shown are for 2022 estimated costs and not the entire capital projects.

Projects that Support the Bike & Pedestrian Master Plan	2022
23rd Avenue Corridor Improvements	\$3,289,552
Burke-Gilman Trail Extension	\$2,028,694
Delridge Way SW - RapidRide H Line	\$10,586,793
Georgetown to South Park Trail	\$4,289,131
Heavy Haul Network Program - East Marginal Way	\$2,250,000
Highland Park Intersection Improvements	\$2,478,868
Madison BRT - RapidRide G Line	\$15,522,888
NE 43rd Street Improvements	\$9,619
Neighborhood Large Projects	\$887,296
Neighborhood Parks Street Fund - Your Voice, Your Choice	\$1,001,357
North of Downtown Mobility Action Plan	\$1,026,489
Northgate Bridge and Cycle Track	\$6,064,032
Overlook Walk and East-West Connections Project	\$75,592,001
RapidRide Roosevelt	\$21,132,734
Route 40 Transit-Plus Multimodal Corridor	\$8,132,998
Route 44 Transit-Plus Multimodal Corridor	\$3,700,480
Route 7 Transit-Plus Multimodal Corridor Project	\$1,885,564
Sidewalk Safety Repair	\$5,015,939
SPU Drainage Partnership - Broadview Pedestrian Improvements	\$1,873,597
Thomas Street Redesign	\$3,849,649
Transit Corridor Improvements	\$3,270,731
Vision Zero	\$6,242,559
West Marginal Way Safe Street and Accessibility Improvements	\$1,650,000
Total	\$181,780,971

Transit Projects:

The 2022 Proposed CIP contains 15 transit projects, including seven Transit-Plus Multimodal Corridor projects as part of the Move Seattle Levy program. These projects include redesigning major streets with more frequent and reliable buses; and upgrading paving, signals, and other improvements to improve connectivity and safety for all travelers, whether walking, biking, driving, or taking transit.

Seattle Department of Transportation

The Transit-Plus Multimodal Corridor projects include (in order of scheduled delivery): Delridge Way SW – RapidRide H Line, Madison BRT – RapidRide G Line, Route 7 Transit-Plus Multimodal Corridor (Rainier), Route 44 Transit-Plus Multimodal Corridor (Market/45th), RapidRide Roosevelt, and Route 40 Transit-Plus Multimodal Corridor (Fremont/Northgate). These projects rely on a variety of Levy, local, and grant funding. The seventh project, Route 48 Transit-Plus Multimodal Corridor, was added in the 2021 CIP. In addition to the large capital Transit-Plus Multimodal Corridor projects, the CIP contains budget for transit spot improvements throughout Seattle. These spot improvements focus on operational efficiencies (which help reduce travel time and therefore operational costs), safety, and access enhancements (which improve the rider experience while enhancing safe conditions for riders of all abilities). Investments include installing queue jumps, bus-only lanes, in-lane stops/bus bulbs, and bus stop and station access amenities. SDOT also provides support for Sound Transit projects through public engagement, design review, permitting and construction support for transit stations. As well as constructing pedestrian and bicycle enhancements and implementing Restricted Parking Zones adjacent to new stations.

The 2022 CIP budget also proposes to restart the Center City Connector (C3) project to capture unique timing and opportunities. The C3 project was put on hold in 2018 while an independent review and engineering analysis was performed. The project was subsequently restarted in 2019 with the understanding that additional scope elements to accommodate a larger and heavier vehicle specification would be needed. In March 2020 the C3 project was put on hold again as part of the Citywide effort to respond to financial shortfalls resulting from COVID-19 and SDOT did not advance work on the project.

With improved revenue recovery, the 2022 Proposed Budget provides \$2.4 million of Transportation Network Company (TNC) tax revenues for updating the C3 project development plan and conducting the analysis necessary to support collaboration between the City and Sound Transit for the planning of the West Seattle to Ballard Link Extension (WSLBE) Project.

The table below shows a summary of transit related investments:

Transit Projects	2022
23rd Avenue Corridor Improvements	\$3,289,552
Center City Streetcar Connector	\$2,400,000
Delridge Way SW - RapidRide H Line	\$10,586,793
Lynnwood Link Extension	\$69,928
Madison BRT - RapidRide G Line	\$15,522,888
RapidRide C & D Line Improvements	\$6,000,000
RapidRide Roosevelt	\$21,132,734
Route 40 Transit-Plus Multimodal Corridor	\$8,132,998
Route 44 Transit-Plus Multimodal Corridor	\$3,700,480
Route 48 Transit-Plus Multimodal Corridor	\$645,000
Route 7 Transit-Plus Multimodal Corridor Project	\$1,885,564
Seattle Transportation Benefit District - Transit Improvements	\$1,000,000
Sound Transit - East Link	\$70,054
Sound Transit 3	\$2,151,083
Transit Corridor Improvements	\$3,270,731

Total	\$79,857,803
-------	--------------

Freight Projects:

The Heavy Haul Network Program—East Marginal Way project is currently segmented into at least two phases to maximize grant utilization and deliver safety improvements as quickly as possible. The first phase (through 2023) will create separation between freight and bicycle traffic and make signal improvements aimed at increasing safety for people using both modes. Both 100% design for Phase 2 and the Central Segment are occurring concurrently with design of Phase 1 due to a \$4 million Federal Highway Administration grant. Phase 2 reconstructs the North Segment of the street to heavy haul pavement standards supporting freight traffic, while the future Central Segment makes a non-motorized connection south to S Alaska St. The project is not fully funded and SDOT continues to pursue additional funding options, including federal grants, contributions from the Port of Seattle, and potential reallocation of project savings from completed Move Seattle Levy projects. Scope adjustments are also under consideration.

The 2022-2027 Proposed CIP also includes \$5.1 million of Move Seattle Levy funds (\$1.6 million in 2022) for the Freight Spot Improvement project. These smaller-scale vital freight spot improvements include pavement repairs in industrial areas, turning radius adjustments, and other sign and operational improvements to facilitate movement of freight throughout the city. Funding allocation varies year to year based on planned projects.

The table below shows a summary of the Freight Master Plan investments, including all funds supporting these projects:

Freight Master Plan Projects	2022
Freight Spot Improvement Program	\$1,634,438
Heavy Haul Network Program - East Marginal Way	\$2,250,000
Total	\$3,884,438

Bridge & Structures Projects:

The City owns 124 bridges and maintaining all of them in appropriate condition is a major challenge. The Bridge Rehabilitation program in the 2022-2027 Proposed CIP explores the feasible rehabilitation and replacement options for the long-term future of 10 bridges, including: the Ballard, Magnolia, and Thornton Creek bridges, rehabilitation of the 39th/Pine Pedestrian Bridge and 90% Design for the 33rd Ave/RR Pedestrian Bridge. There is also funding set aside for the improvement of pedestrian and bicycle safety on or near City-owned bridges. The Move Seattle Levy also provides funding for the next phase in the Bridge Seismic program. Eleven bridges are being evaluated as part of the current bridge seismic retrofit program; these bridges are located throughout the city. The Proposed CIP also includes an average of \$4.3 million annually for the Bridge Painting program, which is a critical asset preservation project for the City's 20 structural steel bridges.

Another investment in the 2022-2027 Proposed CIP relates to bridge load rating, which is a procedure to evaluate the adequacy of various structural components to carry predetermined live loads (vehicular weights). The standards were revised by the Federal Highway Administration in November 2013 and

require SDOT to re-evaluate the load ratings for 69 bridges by 2022 for two new vehicle types. The new vehicle types are: 1) two configurations of emergency vehicles (Type EV2 and Type EV3), which are used primarily by fire departments and are equipped for firefighting; and 2) Special Haul Vehicles (SHV), which are trucks that have multi-axle configuration. The proposed CIP includes \$1,088,000 funding in 2022 to complete this mandate.

Lastly, the proposed CIP provides funding to continue the stream mitigation work for the Northgate Bridge and Multi-Use Path project. The Northgate Bridge project is a cornerstone of the Move Seattle Levy; it provides a new accessible, all ages and abilities pedestrian and bike bridge over Interstate 5 (I-5) in Northgate. The spans over I-5 are in place and the bridge is set to open in Fall 2021. The Northgate Bridge project also requires stream mitigation work (to be completed by 2024). The Willow Creek Stream Mitigation project will serve as off-site fish passage restoration and the mitigation project site at NE 100th would provide better access to suitable quality habitat.

In addition to bridges, SDOT also maintains more than 600 retaining walls throughout Seattle. The 2022-2027 Proposed CIP includes \$2 million funding to reach 100% design on a new Northlake Retaining Wall. This critical structure is a 452-foot-long lake front timber structure that was constructed in 1951 and is located along the north shoreline of Lake Union adjacent to North Northlake Way. The wall currently shows signs of advanced deterioration, overstress, and some sections of structural failure. The current calculated capacity/demand ratio is 0.1 where 1.0 represents stability. This presents a significant risk to public safety given the right-of-way supported by the wall, the private structures directly offshore and adjacent to the wall, and the close proximity (immediately adjacent and up to 50 feet onshore) of overhead power lines and subsurface gas, sewer, drainage, and water utility infrastructure. This project is part of a pilot project where funding will be appropriated by stage, with a milestone-based review from City Council.

Seattle Waterfront Capital Projects: There are four major capital projects in the SDOT budget related to the downtown waterfront. These projects were created in response to the 2001 Nisqually Earthquake that damaged the WSDOT SR 99 Viaduct on the Seattle Waterfront and made the structure vulnerable to failure in a future seismic event. Subsequent analysis of the viaduct showed the Elliott Bay Seawall timbers were deteriorating and could similarly fail during a seismic event. A decision to replace the viaduct with a tunnel for SR 99 was subsequently made by WSDOT, and Seattle voters approved funding to replace the Elliott Bay Seawall. Since both projects would dramatically affect the waterfront, in 2012, the City Council adopted the Waterfront Concept Design, Framework Plan and Strategic plan to guide restoration of a surface street along the waterfront and a number of public improvements aimed at both improving transportation and creating new public spaces for residents and visitors to enjoy.

The Elliott Bay Seawall Project (MC-TR-C014) was completed in 2017. The Alaskan Way Viaduct Replacement Project (MC-TR-C066) includes SDOT's costs related to design review, permitting issuance and administration, and construction support and acceptance of WSDOT funded projects. The WSDOT-funded improvements include the SR-99 Bored Tunnel (which opened to traffic in February 2019), demolition of the Viaduct structure, improvements to reconnect the street grid at the north and south tunnel portals, and the Battery Street Tunnel Decommissioning. Work remains to finish the decommissioning of the Battery Street Tunnel and reconnect the street grid.

The Alaskan Way Main Corridor (MC-TR-C072) and the Overlook Walk and East-West Connection projects (MC-TR-C073) are led by the Office of the Waterfront and Civic Projects. The Alaskan Way Main Corridor project began work in 2019, following Viaduct demolition by WSDOT, and includes the design

and construction of the Alaskan Way/Elliott Way surface street, the adjoining pedestrian promenade along the waterfront and several east-west connections that are primarily funded by WSDOT. Substantial completion is slated for early 2024.

The Overlook Walk and East-West Connections projects include the Overlook Walk that provides pedestrian connections between the waterfront and the Aquarium and Pike Place Market. Construction of the East-West Connection projects began in 2021 with the start of the Union Street Pedestrian Bridge project. The Overlook Walk will begin construction in 2022, with substantial completion in 2024.

CIP Revenue Sources

Multiple funding sources support the Transportation CIP, including:

- Move Seattle Levy;
- Gas Tax;
- Multimodal funds;
- Real Estate Excise Tax;
- Commercial Parking Tax;
- Vehicle License Fees;
- Long-term financing (general obligation bonds);
- Public Works Trust Fund Loans;
- Street vacation revenues;
- School Zone Safety and red light camera revenues ;
- Street use fees;
- Property sale proceeds;
- Federal and state grants; and
- Funds from various funding partners, such as Sound Transit, the Port of Seattle and the Washington State Department of Transportation.

In 2022 the SDOT proposed CIP budget is \$422.3 million from the following sources:

Local Revenues

Local funding sources for the Transportation CIP include Move Seattle Levy proceeds, Gas Tax, Multimodal funds, Cumulative Reserve Real Estate Excise Tax (REET) I & II, Commercial Parking Tax, Vehicle License Fees, and School Safety Traffic and Pedestrian Improvement funds. These revenues are for programs that improve or maintain the City's transportation system or to provide local matching funds to SDOT's funding partners on large capital projects.

Thematic Priorities

SDOT's vision for Seattle is a thriving, equitable community powered by dependable transportation. The organization's mission is to deliver a transportation system that provides safe and affordable access to places and opportunities. To accomplish this, SDOT prioritizes services and capital projects based on the core principles in the City's 10-Year Strategic Vision for Transportation - Move Seattle. The goal of the strategic vision is to organize actions around SDOT's core values:

1. **Equity** – We believe transportation must meet the needs of communities of color and those of all incomes, abilities, and ages. Our goal is to partner with our communities to build a racially equitable and socially just transportation system.
2. **Safety** – We believe everyone should be able to move safely throughout the City. Our goal is to create safe transportation environments and eliminate serious and fatal crashes in Seattle.
3. **Mobility** – We believe transportation choices are critical to access opportunity. Our goal is to build, operate, and maintain an accessible transportation system that reliably connects people, places, and goods.

Seattle Department of Transportation

4. **Sustainability** – We believe environmental health should be improved for future generations through sustainable transportation. Our goal is to address the climate crisis through a sustainable, resilient transportation system.
5. **Livability** – We believe transportation is essential to support daily life. Our goal is to manage our streets and sidewalks to enrich public life and improve community health.
6. **Excellence** – We believe in exceeding the expectations of the communities we serve. Our goal is to build an SDOT team committed to excellence and equipped with skills to meet the challenges of today and tomorrow.

Transportation projects are initiated through a number of methods including planning processes (modal, subarea, neighborhood planning), preservation, operations and safety needs assessment, regulatory requirements, elected official direction and, in some instances, from neighborhood input such as the Neighborhood Street Fund (Your Voice, Your Choice) program.

Community members have significant input in the development of all SDOT plans through public engagement processes. Seattle's Pedestrian, Bicycle, Transit and Freight Advisory Boards are also consulted regularly to provide input on project/program needs. Since 2016, the Move Seattle Levy Oversight Committee has reviewed SDOT's program and project priorities and financial plans, and made recommendations to the Department, the Mayor, and City Council on the allocation of resources. Representatives from SDOT regularly meet with the Oversight Committee, to provide updates and solicit input on the allocation of resources. Prior to 2016, the Bridging the Gap Oversight Committee performed the same advisory function. Starting in 2022, a Transportation Equity Framework being codeveloped with a Transportation Equity Workgroup will influence decisions and investments as well.

Many factors can affect SDOT's project and funding decisions, including regulatory requirements, state, and federal law (such as the Americans with Disabilities Act), and construction seasons. Opportunities to leverage the City's limited funding with grants or coordinating projects with other agencies can also affect SDOT's decisions on project prioritization and schedule.

In every case, SDOT strives to implement the City's policy goals laid out in Seattle's Comprehensive Plan and individual policy initiatives such as Complete Streets, the Race and Social Justice Initiative, Vision Zero, and the Climate Action Plan. SDOT's 10 Year Strategic Transportation Plan, modal plans, and subarea plans provide an overall framework for implementing these goals.

23rd Avenue Corridor Improvements

Project No:	MC-TR-C037	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	23rd AVE S/E John ST/Rainier AVE S
Current Project Stage:	Stage 3 - Design	Council District:	Council District 3
Start/End Date:	2013 - 2022	Neighborhood District:	Central
Total Project Cost:	\$62,396	Urban Village:	23rd & Union-Jackson

This multi-phase project will reconstruct sidewalks, enhance the pedestrian environment, reconstruct pavement, upgrade signalized intersections, upgrade controller cabinets to meet transit signal priority (TSP) needs, and accommodate Intelligent Transportation Systems (ITS) upgrades. Activities include the following: install ITS to provide travel time information; install fiber communication as needed along the corridor to relay information back to the Traffic Management Center; and install poles for support of future trolley wires in two gap segments of the trolley network. The project will also include design and construction of a 3-lane cross section (with 4 lanes at isolated intersections) between John Street and Rainier Ave South, as well as a greenway facility on a parallel street to facilitate north-south bicycle travel. Phases 1 and 2 are complete. Phase 3 of the project which completes the improvements between John St. and State Route 520 remains on indefinite hold due to funding constraints. An interim Vision Zero project will construct new traffic signals, parking modifications, new curb ramps, traffic calming, speed reduction, pedestrian safety, and transit stop improvements in the Phase 3 project area.

Resources	LTD Actuals	2021 Revised	2022	2023	2024	2025	2026	2027	Total

O&M Impacts: SDOT has individual project budgets for the maintenance of painted markings, signage, signals, bridges and roadway structures, urban forestry, and sidewalks and pavement; these budgets are constrained by the availability of transportation specific and general funds. The SDOT Asset Management website (<https://www.seattle.gov/transportation/about-sdot/asset-management>) provides unconstrained operational cost forecasting by asset type, typical lifecycle and average maintenance cost ranges.

¹Funds are appropriated through the Adopted Budget at the Budget Summary Level. All Amounts shown above are in thousands of dollars

35th Avenue SW Paving

Project No:	MC-TR-C099	BSL Code:	BC-TR-19001
Project Type:	Discrete	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	35th Ave. SW from SW Morgan St to SW Roxbury
Current Project Stage:	Stage 1 - Pre-Project Development	Council District:	Council District 1
Start/End Date:	2023 - 2025	Neighborhood District:	Delridge
Total Project Cost:	\$35,000	Urban Village:	West Seattle Junction

This project will resurface and reconstruct 35th Ave. SW from SW Morgan St. to SW Roxbury St.

Unsecured Funding:	LTD Actuals	2021 Revised	2022	2023	2024	2025	2026	2027	Total
To Be Determined	-	-	-	35,000	-	-	-	-	35,000
Total:	-	-	-	35,000	-	-	-	-	35,000

Unsecured Funding Strategy: Funding for this project was not included as part of the Levy to Move Seattle paving commitments; the project is also not likely to rank highly for grant funding. Funding for this project may depend upon identification of new/incremental revenue sources.

O&M Impacts: This is a capital maintenance project that reduces the need for O&M by bringing assets to a new or like new condition.

3rd Avenue Corridor Improvements

Project No:	MC-TR-C034	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	3rd AVE
Current Project Stage:	N/A	Council District:	Council District 7
Start/End Date:	N/A	Neighborhood District:	Downtown
Total Project Cost:	N/A	Urban Village:	Downtown

This project makes multimodal improvements for the Third Avenue transit corridor in downtown Seattle, specifically focused on bus stop, streetscape, and transit streetpriority improvements, e.g. installation of Third Avenue and Denny Way transit only signal, on Third Avenue between S. Jackson Street and Denny Way.

Accela Permitting System

Project No:	MC-TR-C001	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Multiple
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Not in a Neighborhood District
Total Project Cost:	N/A	Urban Village:	Not in an Urban Village

This project will migrate SDOT permitting operations from the Hansen 7 system to the new Citywide Accela permitting platform. The vision for Accela is to create a fully integrated permitting system that provides an online, all in one place experience for Seattle customers and staff. Once the initial migration is complete, this project will provide ongoing funding for routine system improvements as well as periodic major upgrades needed to stay current with changing technology.

Resources	LTD Actuals	2021 Revised	2022	2023	2024	2025	2026	2027	Total
Street Use Fees	-	(4,251)	-	-	-	-	-	-	(4,251)
Street Vacations - SVF	-	400	-	-	-	-	-	-	400
User Fees	15,186	7,291	3,560	1,691	1,000	1,000	-	-	29,728
Total:	15,186	3,440	3,560	1,691	1,000	1,000	-	-	25,877
Fund Appropriations / Allocations¹	LTD Actuals	2021 Revised	2022	2023	2024	2025	2026	2027	Total
Transportation Fund	15,186	3,440	3,560	1,691	1,000	1,000	-	-	25,877
Total:	15,186	3,440	3,560	1,691	1,000	1,000	-	-	25,877

O&M Impacts: Maintenance for the permitting system is paid for via a central cost allocation from Seattle IT and then recovered against SDOT projects through overhead allocations. The \$1M annual budget after 2021 represents a sinking fund for eventual system replacement.

Accessible Mt. Baker Implementation

Project No:	MC-TR-C002	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Various
Current Project Stage:	Stage 2 - Initiation, Project Definition, & Planning	Council District:	Council District 3
Start/End Date:	2017 - 2023	Neighborhood District:	East District
Total Project Cost:	\$2,900	Urban Village:	Madison-Miller

The project will transform the Mt. Baker station area into a safer and comfortable place for people to walk, bike, and make transit connections; and for the Mt. Baker Town Center to take root and flourish. In addition to prioritizing walking and biking, the project will maintain transit and freight reliability and create more predictable conditions for people driving.

Alaskan Way Main Corridor

Project No:	MC-TR-C072	BSL Code:	BC-TR-16000
Project Type:	Discrete	BSL Name:	Central Waterfront
Project Category:	New Facility	Location:	Various
Current Project Stage:	Stage 5 - Construction	Council District:	Multiple
Start/End Date:	2013 - 2024	Neighborhood District:	Multiple
Total Project Cost:	\$372,208	Urban Village:	Multiple

This project designs and constructs the rebuilt Alaskan Way/Elliott Way surface streets and the adjoining pedestrian promenade along the Seattle waterfront following the demolition of the Alaskan Way Viaduct. The State of Washington has built a deep bore tunnel to replace the Alaskan Way Viaduct (Viaduct) and has relocated State Route (SR) 99 into the tunnel. The City of Seattle is responsible for the Alaskan Way/Elliott Way surface street and the promenade. The project also includes replacement of and improvements to four key connections impacted by the Viaduct removal, namely Seneca Street, Columbia Street, and the Marion Street and Lenora pedestrian bridges. This project is part of the overall waterfront improvement program. Construction of these improvements began in 2019.

Previous versions of the CIP showed the use of interfund loan resources as part of this project's budget. Following repayment of the interfund loans used, this resource no longer shows as part of the CIP.

Total:	-	-	-	9,000	-	-	-	-	9,000

Unsecured Funding Strategy: The demolition of the Alaskan Way Viaduct was delayed from its original timeline. This delayed the Alaskan Way Main Corridor project and increased costs for the Waterfront program. WSDOT and the City worked together last year to make a request of the Legislature for an additional \$9m from the liquidated damages settlement from the Tunnel contractor to cover part of these costs. While the request was not included biennial budget, the City and State are working together to include the funding in the Governor's budget proposal and request the funds in the upcoming legislative session. This \$9 million is being shown in the Proposed 2022-2027 CIP as To Be Determined funding.

O&M Impacts: This project replaces aging infrastructure along the Central Waterfront providing an O&M benefit. It also builds new infrastructure for several City departments. The maintenance of the new public open space and pedestrian promenade will be funded primarily with Metropolitan Park District funds set-aside for this purpose. Transportation infrastructure capital elements are planned to be maintained through the proposed Waterfront Transportation Infrastructure Maintenance project, MC-TR-109.

¹Funds are appropriated through the Adopted Budget at the Budget Summary Level. All Amounts shown above are in thousands of dollars

Alaskan Way Viaduct Replacement

Project No:	MC-TR-C066	BSL Code:	BC-TR-19002
Project Type:	Discrete	BSL Name:	Major Projects
Project Category:	New Facility	Location:	ALASKAN WY VI SB
Current Project Stage:	Stage 6 - Closeout	Council District:	Multiple
Start/End Date:	2001 - 2019	Neighborhood District:	Multiple
Total Project Cost:	\$99,864	Urban Village:	Multiple

This project funds the City's involvement in the replacement of the Alaskan Way Viaduct with the bored tunnel hybrid alternative. Replacement of this structure will enhance overall safety, as this structure is seismically vulnerable. In prior years, this project included design of the Central Seawall and Waterfront Improvements. For transparency purposes, the Seawall and Waterfront work was reflected in three new capital projects, Elliott Bay Seawall Project (MC-TR-C014), Alaskan Way Main Corridor Program (MC-TR-C066), and the Overlook Walk and East-West Connections Program (MC-TR-C073).

Arterial Asphalt & Concrete Program Phase II

Project No:	MC-TR-C033	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

The Arterial Asphalt and Concrete Program maintains Seattle's 1,581 lane miles of arterial streets through resurfacing and reconstruction projects. The Department uses a pavement management system to track the condition of arterial street pavement, to develop maintenance needs and establish priorities, and to select the streets to be rehabilitated each year. This project improves the quality and condition of the City's arterials.

Arterial Asphalt and Concrete Program

Project No:	MC-TR-C070	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Various
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

The Arterial Asphalt and Concrete Program maintains Seattle's 1,581 lane miles of arterial streets through resurfacing and reconstruction projects. The Department uses a pavement management system to track the condition of arterial street pavement, to develop maintenance needs and establish priorities, and to select the streets to be rehabilitated each year. This project improves the quality and condition of the City's arterials. This project was superseded by Arterial Asphalt and Concrete Program Phase II.

Arterial Major Maintenance

Project No:	MC-TR-C071	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project repairs and/or replaces deteriorated pavement on arterial streets. Arterial Major Maintenance paving work typically spans one to three city blocks. It allows the City to respond quickly and cost effectively to pavement issues that are too large to be addressed with a pothole repair but too small to be efficiently contracted. Project prioritization is based on pavement condition; cost; transit, bicycle, pedestrian and freight use; traffic volume; coordination opportunities; complaints and claims; and geographic balance across the city. The work extends the service life of existing pavement structures.

Ballard to Downtown High Capacity Transit and Ship Canal Crossing Project

Project No:	MC-TR-C080	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Downtown Ballard
Current Project Stage:	Stage 6 - Closeout	Council District:	Multiple
Start/End Date:	2013 - 2017	Neighborhood District:	Multiple
Total Project Cost:	\$800	Urban Village:	Multiple

This project will develop recommendations for implementation of high capacity transit alternatives between Ballard and Downtown Seattle. The project will build on the Ballard-Fremont-South Lake Union-Downtown corridor identified in the Transit Master Plan. The work will be done in conjunction with Sound Transit. The project will also develop conceptual designs and cost estimates for a new ship canal crossing for transit, pedestrians, and bicycles.

Bike Master Plan - Greenways

Project No:	MC-TR-C063	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing program creates routes on residential streets that are optimized for safer and more comfortable walking and biking for people of all ages and abilities. Typical improvements include curb ramps, speed humps, crosswalks, median islands, shared lane markings, stop signs, traffic signals, pavement and sidewalk repair, and wayfinding signs. The goals of the program are to design streets with lower vehicle speeds and volumes; to increase the number of people walking and biking on residential streets; and to improve walking and biking access to schools, trails, parks, transit and neighborhood businesses.

Bike Master Plan - Protected Bike Lanes

Project No:	MC-TR-C062	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing program implements the Seattle Bicycle Master Plan. Typical improvements may include installing protected bike lanes, bike lanes and sharrows, bicycle route signing, completing key links in the urban trails network, adding bicycle/pedestrian signals to complete the network, and reconstructing key sections of the trails. The goals of the program are to increase bicycle safety and access while reducing bicycle crashes. This program includes funding for street improvement and trail construction and is consistent with the focus in the City's Transportation Strategic Plan (TSP) on encouraging walking and biking. The Accelerated Move Seattle Levy - Lid Lift Revenues represent spending that is in excess of available levy funds; consequently, Move Seattle appropriations are reduced in future years so that the total Move Seattle funding and expenditures are balanced over the nine years of the levy. LTD actuals may include the BMP spot improvements, Urban Trails, and Neighborhood Greenways, which were previously combined with this project's budget.

Total Project Cost:	N/A	Urban Village:	Multiple

This program rates bridges for safe load-carry capacity as part of a federally mandated program. The work on this project, performed by both City staff and consultants, ensures public safety. Due to new load rating standards issued by the FHA on November 13, 2013 for Specialized Hauling Vehicles (SHV), additional funding was added to the program as part of the 2015-2020 Proposed CIP. The requested funding needed to meet these new standards was provided in 2019; however, shortly after signing the FAST ACT in 2015, FHWA submitted a 2016 memo that required bridge load ratings to consider Emergency Vehicles if they are at least one road-mile access to and from the National Network of highways. The program is currently assessing whether additional funding beyond 2021 will be needed to meet this mandate.

This ongoing asset preservation program provides for the periodic painting of the City's steel structures that are maintained by the Roadway Structures Division. The painting cycle is initially determined by applying Federal Highway Administration standards for coating life and is supplemented by annual physical inspections to assess the rate of deterioration.

Bridge Rehabilitation and Replacement Phase II

Project No:	MC-TR-C039	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This asset preservation program funds major bridge rehabilitation or bridge replacement. The current program, funded by the Levy to Move Seattle, is focused on planning studies. The objective of these bridge planning studies is to identify if the bridge should be rehabilitated or replaced and provided planning level costs to allow for the City and the Program Owner to develop a funding plan for the future rehabilitation or replacement of these bridges.

Bridge Seismic - Phase III

Project No:	MC-TR-C008	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Not in an Urban Village

The program prioritizes and implements seismic retrofits to bridges based seismic vulnerability. Concept level analysis and evaluation is performed to develop a retrofit strategy and cost estimate. As funding allows, retrofit design and construction phases are implemented. If full funding is not available, seismic retrofits are scaled to the appropriate funding level that would still provide improvements in the seismic resiliency to the bridge structure. As part of the evaluation process a cost-benefit assessment is made to determine if replacing the structure is a more appropriate course of action then seismically retrofitting the structure. 16 bridges are part of the current phase of the program which is funded by the Levy to Move Seattle.

This project will advance the concept designs for Seattle's RapidRide and Transit-Plus Multimodal Corridor Expansion program. In order to deliver the corridor improvements, this work includes assessment and development of corridor design, detailed line and network ridership forecasting, capital cost estimates, traffic and environmental analysis, modal integration, and funding plans.

Burke-Gilman Trail Extension

Project No:	MC-TR-C044	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	New Facility	Location:	Various
Current Project Stage:	Stage 5 - Construction	Council District:	Council District 6
Start/End Date:	1995 - 2022	Neighborhood District:	Ballard
Total Project Cost:	\$37,172	Urban Village:	Ballard

This project extends the Burke-Gilman Trail from its current terminus at Eighth Avenue NW to Golden Gardens Park. The segment from Eighth Avenue NW to 11th Avenue NW was constructed in 2001. The Ballard Locks to NW 60th Street segment was constructed in 2005. The NW 60th Street to Golden Gardens segment was constructed in 2008. The "Missing Link" segment from 11th Avenue NW to the Ballard Locks was planned for construction in 2011 and 2012 but has been delayed due to ongoing litigation. Project completion is anticipated in 2024.

O&M Impacts: SDOT has individual project budgets for the maintenance of painted markings, signage, signals, bridges and roadway structures, urban forestry, and sidewalks and pavement; these budgets are constrained by the availability of transportation specific and general funds. The SDOT Asset Management website (<https://www.seattle.gov/transportation/about-sdot/asset-management>) provides unconstrained operational cost forecasting by asset type, typical lifecycle and average maintenance cost ranges.

¹Funds are appropriated through the Adopted Budget at the Budget Summary Level. All Amounts shown above are in thousands of dollars

Center City Gateway and South Michigan Street Intelligent Transportation Systems (ITS)

Project No:	MC-TR-C012	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	S Spokane ST/Western Ave/E Marginal Way/Stewart
Current Project Stage:	Stage 3 - Design	Council District:	Multiple
Start/End Date:	2015 - 2022	Neighborhood District:	Greater Duwamish
Total Project Cost:	\$15,210	Urban Village:	Not in an Urban Village

The project will install traffic cameras, upgraded signals, vehicle detection devices and fiber communication in the Center City Gateway ITS and South Michigan Street ITS projects. The project will also construct an ITS corridor along Denny Way between Western Ave and Stewart including traffic signal modifications and closed-circuit television cameras, a dynamic message sign and ADA compliant ramps. A robust and reliable Intelligent Transportation System ensures that all modes of transportation can move through the City in a safe and sustainable manner.

Center City Streetcar Connector

Project No:	MC-TR-C040	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	New Facility	Location:	Various
Current Project Stage:	Stage 3 - Design	Council District:	Council District 7
Start/End Date:	2012 - 2026	Neighborhood District:	Multiple
Total Project Cost:	\$237,369	Urban Village:	Multiple

The Center City Connector is a 1.27-mile segment of the Seattle Streetcar that will link the South Lake Union and First Hill Streetcar lines, creating a system that will connect over a dozen Seattle neighborhoods in Seattle's Center City. The project includes procurement of up to ten additional streetcars and design and construction of track and guideway; station shelters and platforms; overhead contact system; traction power substation; storage facility expansion; roadway and drainage; ADA curb ramps; curb space management; and urban streetscape.

An interfund loan of \$9,000,000 was passed in August 2019, allowing the project to progress to 30% design. In June 2020, the project was paused as part of the Citywide effort to mitigate revenue losses due to Covid-19

The project was put on indefinite pause in July 2020 in response to Citywide budget shortfalls caused by Covid-19

Unsecured Funding Strategy: SDOT will continue to work with the Mayor's office and City Council to determine the future of the project.

¹Funds are appropriated through the Adopted Budget at the Budget Summary Level. All Amounts shown above are in thousands of dollars
207

O&M Impacts: The Center City Connector would combine the two existing lines into a single Streetcar network. SDOT is currently working in collaboration with King County Metro on an operation plan for a single line. We expect to have an estimate of annual operating costs when the Center City Connector project reaches 30% design.

Debt Service - REET II

This project improves pavement conditions, enhances safety, and improves traffic operation for all modes. The project will add transit lanes and improve transit speed and reliability. It includes protected bike lanes, sidewalk improvements, and amenities for walkers and transit riders along the corridor. It will streamline traffic operations and improve Multimodal connections between transit, freight, pedestrians and general-purpose vehicles.

Elliott Bay Seawall Project

Project No:	MC-TR-C014	BSL Code:	BC-TR-19002
Project Type:	Discrete	BSL Name:	Major Projects
Project Category:	Rehabilitation or Restoration	Location:	Alaskan WAY
Current Project Stage:	Stage 6 - Closeout	Council District:	Council District 7
Start/End Date:	2013 - 2017	Neighborhood District:	Downtown
Total Project Cost:	\$369,408	Urban Village:	Multiple

This project, created in 2013, is a critical public safety project to replace the existing seawall from S. Washington Street to Virginia Street with a structure that meets current safety and design standards. The project will also improve the nearshore ecosystem of Elliott Bay and provide opportunities for recreation and shoreline access. Costs incurred prior to 2013 are included in the Alaskan Way Viaduct Replacement project (MC-TR-C066).

Fauntleroy Way SW Boulevard

Project No:	MC-TR-C046	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Fauntleroy WAY SW/35th AVE SW/SW Alaska ST
Current Project Stage:	Stage 3 - Design	Council District:	Council District 1
Start/End Date:	2012 - 2022	Neighborhood District:	Southwest
Total Project Cost:	\$3,009	Urban Village:	West Seattle Junction

This project transforms Fauntleroy Way SW into a boulevard. The project elements include: a planted median, signature lighting fixtures, a protected bicycle facility, a pedestrian zone with sidewalks and planting areas including street trees, pedestrian lighting, potential stormwater infrastructure and art, as well as safety improvements for crossing movements for all modes. These safety improvements include bicycle and pedestrian crossings, signals, reconfigured intersections and bulbs, and pavement improvements. This project is on-hold pending Sound Transit decision on the West Seattle Extension alignment and does not have an expected Completion Date as a result.

Unsecured Funding Strategy: Funding for this program beyond 2024 is dependent upon a future voter approved levy.

O&M Impacts: This is a capital maintenance project that reduces the need for O&M by improving asset condition.

¹Funds are appropriated through the Adopted Budget at the Budget Summary Level. All Amounts shown above are in thousands of dollars

Georgetown to South Park Trail

Project No:	MC-TR-C096	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	New Facility	Location:	Various
Current Project Stage:	Stage 2 - Initiation, Project Definition, & Planning	Council District:	Multiple
Start/End Date:	2018 - 2021	Neighborhood District:	Greater Duwamish
Total Project Cost:	\$7,056	Urban Village:	South Park

This project will create a walkable, bikeable path uniting the Georgetown and South Park neighborhoods. The path will enhance walkability between Georgetown and South Park's historic Main Streets. Funding covers preliminary engineering, design, and outreach.

Graham Street Station

Project No:	MC-TR-C082	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	MLK between Graham and Morgan
Current Project Stage:	Stage 2 - Initiation, Project Definition, & Planning	Council District:	Council District 2
Start/End Date:	2016 - 2024	Neighborhood District:	Southeast
Total Project Cost:	\$10,000	Urban Village:	Columbia City

This project funds the City's portion of an infill light rail station on the Sound Transit Central Link line near Martin Luther King Jr. Way South at South Graham Street, between the existing Columbia City and Othello Stations. The station would be in the northern portion of the MLK at Holly St Residential Urban Village. Funding from the Move Seattle Levy package is used to leverage a future partnership with Sound Transit.

O&M Impacts: This project provides SDOT support to Sound Transit, who will own the light rail asset. SDOT has individual project budgets for the maintenance of painted markings, signage, signals, bridges and roadway structures, urban forestry, and sidewalks and pavement; these budgets are constrained by the availability of transportation specific and general funds. The SDOT Asset Management website (<https://www.seattle.gov/transportation/about-sdot/asset-management>) provides unconstrained operational cost forecasting by asset type, typical lifecycle and average maintenance cost ranges.

Hazard Mitigation Program - Areaways

Project No:	MC-TR-C035	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Various
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Downtown
Total Project Cost:	N/A	Urban Village:	Pioneer Square

This ongoing asset preservation program funds ongoing inspection and repair/reconstruction of areaways to reduce risks to City facilities and the general public. Areaways are usable space, generally in the street right-of-way, constructed under sidewalks between the building foundation and street wall. Typical improvements may include, but are not limited to, repairs to the existing areaway and/or filling the areaway in order to eliminate the asset. Currently the program is conducting a comprehensive evaluation of areaways, specifically within the Pioneer Square District, where load restrictions are currently put in place along the curb lane in order to manage the public risk associated with collapse of the areaway retaining walls.

Hazard Mitigation Program - Landslide Mitigation Projects

Project No:	MC-TR-C015	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Various
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Not in an Urban Village

This project enables SDOT to address and repair landslide concerns that affect the right-of-way. The Landslide Mitigation Program provides SDOT with staff and resources to identify and prioritize landslide concerns, to undertake reconnaissance engineering and geotechnical studies of problem areas, and to make repairs at the highest priority locations, usually where landslide concerns have caused the roadway to be partially or completely closed.

Heavy Haul Network Program - East Marginal Way

Project No:	MC-TR-C090	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	E Marginal WAY
Current Project Stage:	Stage 3 - Design	Council District:	Multiple
Start/End Date:	2016 - 2027	Neighborhood District:	Greater Duwamish
Total Project Cost:	\$60,237	Urban Village:	Not in an Urban Village

This program supports freight mobility by funding roadway improvements on the Heavy Haul Network (Ordinance 124890) to meet the needs of freight transported on our streets between Port facilities, rail yards, and industrial businesses. The initial project under this Program is the E Marginal Way Corridor Improvement project, which will be a multi-phase project. Phase I constructs a separated bicycle/pedestrian facility between S Atlantic St and Spokane St. Phase II includes roadway reconstruction, signal and ITS enhancements and safety measures to reduce conflicts between freight and non-motorized users. The Port of Seattle, through Memorandum of Understanding, is to provide partnership funding.

Note: The project title changed from "Heavy Haul Network Program" to "Heavy Haul Network Program - East Marginal Way"

Highland Park Intersection Improvements

Project No:	MC-TR-C100	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Highland Park Way SW and SW Holden ST
Current Project Stage:	Stage 2 - Initiation, Project Definition, & Planning	Council District:	Council District 1
Start/End Date:	2019 - 2022	Neighborhood District:	Southwest
Total Project Cost:	\$4,100	Urban Village:	Not in an Urban Village

This project would mitigate collision and congestion issues at the intersection of Highland Park Way SW and SW Holden St. There are currently two alternatives being considered for this work. One alternative would be installing a new traffic signals, sidewalks, curb ramps and marked crosswalks. SDOT estimates the cost of this alternative at \$3M. The other alternative would install a roundabout at this intersection. After advancing design of the roundabout, we now know that significant grading is needed to accommodate the roundabout and avoid new safety issues. This has pushed the cost estimate to \$7.3M. The name of this project has been changed from Highland Park Roundabout to Highland Park Intersection Improvements. The name change occurred as part of the second quarter 2019 Supplemental Amendment-Attachment A.

Start/End Date:	2016 - 2019	Neighborhood District:	Downtown
Total Project Cost:	\$5,478	Urban Village:	Pioneer Square

This project will make tenant improvements to King Street Station to make uninhabited spaces ready for occupation. Tenant improvements will include installation of HVAC and electrical connections, bathrooms, office space, finishes, and restoration of historic areas. The tenant improvements will incorporate features consistent with the City's Sustainable Building Policy and the full restoration and rehabilitation of the building, which was completed by SDOT in 2013.

Madison BRT - RapidRide G Line

Project No:	MC-TR-C051	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	New Facility	Location:	Madison ST/Alaskan Way/Martin Luther King Junior W
Current Project Stage:	Stage 3 - Design	Council District:	Council District 3
Start/End Date:	2013 - 2024	Neighborhood District:	Multiple
Total Project Cost:	\$134,724	Urban Village:	Multiple

This project will include concept design and environmental review of high-capacity transit and multimodal improvements in the Madison corridor between Alaskan Way and Martin Luther King Jr. Way, connecting the Central Area with the First Hill, Downtown, and Waterfront neighborhoods. The project is identified as a priority in the Transit Master Plan. The purpose is to improve transit capacity, travel time, reliability, connectivity, comfort, visibility, and legibility in the Madison corridor.

Note: The project title is changing from "Madison Street Bus Rapid Transit" to "Madison BRT - RapidRide G Line"

Magnolia Bridge Replacement Project

Project No:	MC-TR-C083	BSL Code:	BC-TR-19002
Project Type:	Discrete	BSL Name:	Major Projects
Project Category:	New Facility	Location:	15th Ave NW and Magnolia Way W.
Current Project Stage:	Stage 1 - Pre-Project Development	Council District:	Council District 7
Start/End Date:		Neighborhood District:	Magnolia/Queen Anne
Total Project Cost:	\$10,030	Urban Village:	Ballard-Interbay Northend

The environmental analysis for replacing this bridge evaluated several possible alternatives including rehabilitation of the existing structure. In 2007, an environmental assessment was published and described the preferred alternative, a new bridge south of and adjacent to the existing bridge. The Type, Size, and Location (TS&L) Report was completed in 2007, selecting a concrete box girder supported on flared columns as the appropriate structure type for this new bridge. The Levy to Move Seattle provided limited funds to conduct a plan study that would evaluate a more cost effective alternative than a "1-to-1" replacement. Even with the reduced cost for pursuing an alternative option than a full replacement, total project cost and a funding strategy to move the project forward is unclear. The project is currently on hold.

Mercer Corridor Project West Phase

Project No:	MC-TR-C017	BSL Code:	BC-TR-19002
Project Type:	Discrete	BSL Name:	Major Projects
Project Category:	New Facility	Location:	Mercer ST/Elliott AVE W/Dexter AVE N
Current Project Stage:	Stage 6 - Closeout	Council District:	Council District 7
Start/End Date:	2010 - 2020	Neighborhood District:	Multiple
Total Project Cost:	\$88,610	Urban Village:	Multiple

This project converts Mercer Street to a two-way street between Dexter Ave and Elliott Ave West. The Mercer underpass at Aurora Ave will be widened to allow for six travel lanes and a bicycle/pedestrian shared use path between Dexter Ave and 5th Ave North. Roy Street, between Fifth Ave N and Queen Anne Ave, will also be converted to a two-way street with on-road bicycle lanes.

NE 43rd Street Improvements

Project No:	MC-TR-C074	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	NE 43rd ST
Current Project Stage:	Stage 4 - Procurement/Bid	Council District:	Council District 4
Start/End Date:	2017 - 2020	Neighborhood District:	Northeast
Total Project Cost:	\$5,084	Urban Village:	University District

This project will implement streetscape and pedestrian improvements on NE 43rd Street between Brooklyn Ave NE and 15th Ave NE to improve access to the Link Light Rail station, which is scheduled to open in 2021. The project will transform the operation of NE 43rd St between Brooklyn Ave NE and University Way NE to one-way westbound transit-only travel and between University Way NE and 15th Ave NE to one-way westbound, all vehicle travel. The roadway will be optimized for pedestrians with a curb-less roadway section, widened sidewalks, pedestrian illumination, bio retention, and rain gardens. A protected bike lane will be provided for eastbound bike traffic and westbound bicycle traffic will share the travel lane with westbound traffic. The project is scheduled to begin construction in the summer of 2020.

This program enhances the safety, quality and condition of the pedestrian and neighborhood environments. Typical improvements may include, but are not limited to, sidewalk construction, repairs and replacement, installation of curb bulbs or other traffic calming devices, and improvements to crosswalks. The projects are funded by the Move Seattle transportation levy and it is a triennial program. The projects funded are identified by the community and the Move Seattle Oversight Committee.

Neighborhood Parks Street Fund - Your Voice, Your Choice

Project No:	MC-TR-C022	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing program identifies projects estimated less than \$100,000 that are prioritized through participatory budgeting in each of the 7 council districts. Typical improvements may include, but are not limited to, sidewalk construction, repairs and replacement, installation of curb bulbs or other traffic calming devices, and improvements to crosswalks. The program enhances the safety, quality, and condition of the pedestrian and neighborhood environments. This project was formerly known as "NPSF Neighborhood Parks Street Fund" and "NSF/CRS Neighborhood Program."

New Traffic Signals

Project No:	MC-TR-C020	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	New Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project installs new traffic signals or significant capital improvements to existing signals to improve traffic flow, reduce the frequency and severity of traffic collisions, and support pedestrian, bicycle or transit activity. Location choices are based upon pedestrian, bicycle, and vehicle volumes; school, senior citizen, and handicapped accessible crossing requirements; transit speed and reliability; and collisions frequency criteria.

Unsecured Funding Strategy: SDOT will evaluate deliverables, prioritize and scale projects to the extent feasible, and continue to pursue grant and partnership opportunities to resolve potential funding deficits. Funding for this program beyond 2024 is dependent upon a future voter approved levy.

O&M Impacts: SDOT has individual project budgets for the maintenance of painted markings, signage, signals, bridges and roadway structures, urban forestry, and sidewalks and pavement; these budgets are constrained by the availability of transportation specific and general funds. The SDOT Asset Management website (<https://www.seattle.gov/transportation/about-sdot/asset-management>) provides unconstrained operational cost forecasting by asset type, typical lifecycle and average maintenance cost ranges.

¹Funds are appropriated through the Adopted Budget at the Budget Summary Level. All Amounts shown above are in thousands of dollars

Total Project Cost:	N/A	Urban Village:	Multiple

This project will design and implement upgrades to the Traffic Management Center (TMC); implement expansion of real-time information such as traffic cameras, sensors, and travel time to support major construction projects; deploy Dynamic Messaging Signs (DMS) at key decision points to provide real-time information such as incidents, travel times, bridge opening notices, and planned construction and event information; and install dynamic signal timing (self-adjusting traffic signal timing based on traffic volume on key corridors around the major construction projects).

Non-Arterial Street Resurfacing and Restoration

Project No:	MC-TR-C041	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Citywide
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project repairs and/or replaces deteriorated asphalt pavement and/or concrete panels on non-arterial streets. Project locations are chosen annually based upon the degree of deterioration as confirmed by Department staff field observations, citizen service requests, claims, and potential City liability. High priority is given to non-arterial streets used by transit, in areas with heavy pedestrian and bicycle traffic, and which serve business and industry.

North of Downtown Mobility Action Plan

Project No:	MC-TR-C101	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	Rehabilitation or Restoration	Location:	Seattle Center
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Lake Union
Total Project Cost:	N/A	Urban Village:	Uptown

This project will construct transportation related improvements in the North Downtown area in support of the Seattle Center Arena Redevelopment project. The City is also partnering with the Port of Seattle to improve movement of cargo and other modes on city streets, including 15th Ave W/Elliott Ave W/Mercer St corridor areas around Seattle Center.

¹Funds are appropriated through the Adopted Budget at the Budget Summary Level. All Amounts shown above are in thousands of dollars

Northlake Retaining Wall			
Project No:	MC-TR-C102	BSL Code:	BC-TR-19001
Project Type:	Discrete	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Northlake Way @ Stone Way
Current Project Stage:	Stage 2 - Initiation, Project Definition, & Planning	Council District:	Council District 4
Start/End Date:	2019 - 2023	Neighborhood District:	Not in a Neighborhood District
Total Project Cost Range:	27,500 - 35,000	Urban Village:	Fremont

This project will repair the Northlake Retaining Wall, which is a 452-foot-long lake front timber structure that was constructed in 1951 and is located at the north end of Lake Union adjacent to North Northlake Avenue. The wall currently shows signs of advanced deterioration, overstress, and some sections of structural failure. The current calculated capacity/demand ratio is 0.1 where 1.0 represents stability. This presents a significant risk to public safety given the right-of-way supported by the wall, the private structures directly outshore and adjacent to the wall, and the close proximity (immediately adjacent and up to 50 feet inshore) of overhead power lines and subsurface gas, sewer, drainage, and water utility infrastructure.

Total:	-	-	-	13,648	9,750	-	-	-	23,398

Financial Planning Strategy: The estimated cost to reach the 100% design level is \$4,000,000, \$2,000,000 of which will be funded by LTGO bonds. The remaining \$2,000,000 needed to reach 100% of design will be funded with Street Vacations proceeds.

At 30% design, SDOT will reevaluate the total project cost and the financial planning strategy for the remaining costs of the project, which will include local funding, debt financing, and grant funding.

O&M Impacts: There will be ongoing operations and maintenance (O&M) costs for SDOT to maintain the retaining wall after full replacement. The estimate is \$50,000/year over the 75-year design life of the structure which includes labor (maintenance, engineering, and inspection) and non-labor (materials). This would be added to the Bridge/Structures Maintenance O&M budget. An O&M BIP will be submitted along with subsequent BIPs for the final design phases in the future.

Overlook Walk and East-West Connections Project

Project No:	MC-TR-C073	BSL Code:	BC-TR-16000
Project Type:	Discrete	BSL Name:	Central Waterfront
Project Category:	New Investment	Location:	Multiple
Current Project Stage:	Stage 5 - Construction	Council District:	Multiple
Start/End Date:	2013 - 2024	Neighborhood District:	Downtown
Total Project Cost:	\$199,339	Urban Village:	Downtown

Removing the Alaskan Way Viaduct provides the opportunity for the City to improve key connections between the downtown core and the waterfront. The specific east/west streets targeted for improving connections include: Bell Street, King Street, Main Street, Pike Street, Pine Street, Railroad Way, Union Street, Washington Street, and Yesler Way. In addition to these east/west street connections, the waterfront improvement program also includes Overlook Walk, which will provide a pedestrian oriented connection between the waterfront, the Aquarium and Pike Place Market with ADA access, views, and public open spaces. This project is part of the overall waterfront improvement program. This project includes funding from the Waterfront Local Improvement District (LID #7651) formed by City Council via Ordinance 125760 in January 2019. (Interfund Loan shown in 2023 will be repaid with philanthropic funds in 2024 and 2025.)

O&M Impacts: This project includes a mix of upgrading existing streets and building new infrastructure. O&M for new public open spaces, such as the Overlook Walk will be funded by the Metropolitan Park District. Transportation infrastructure capital elements are planned to be maintained through the proposed Waterfront Transportation Infrastructure Maintenance project, MC-TR-109.

¹Funds are appropriated through the Adopted Budget at the Budget Summary Level. All Amounts shown above are in thousands of dollars

Pay Stations

Project No:	MC-TR-C024	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	New Investment	Location:	Various
Current Project Stage:	Stage 6 - Closeout	Council District:	Multiple
Start/End Date:	2004 - 2019	Neighborhood District:	Multiple
Total Project Cost:	\$30,550	Urban Village:	Multiple

This project funds the installation of parking pay stations to manage on-street parking and improve access for visitors and customers in commercial and retail areas. From 2015 through 2019, SDOT replaced its aging pay stations through a new vendor with a combination of brand-new pay stations and retrofit pay stations (keeping the older stainless-steel housing where possible but installing new technology and software.) SDOT has adopted an "Asset Lite" strategy, replacing 15%-20% fewer pay stations, while keeping at least one pay station on every block. Through the end of 2019, SDOT installed 1,030 new pay stations and 580 retrofit pay stations. The project includes the transition from pay and display payment to pay-by-plate payment, which was accomplished at the end of 2019. As other neighborhood parking plans are completed through SDOT's Community Access and Parking Program, and paid parking is otherwise expanded to new areas, supplemental budget may be requested for this project to purchase and install parking pay stations in these new areas.

Pedestrian Master Plan - Crossing Improvements

Project No:	MC-TR-C061	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing program implements the Pedestrian Master Plan. Typical improvements may include the installation of new marked crosswalks, curb bulbs, pedestrian signals, curb ramps, and pedestrian lighting. The goals of the program are to reduce the number and severity of crashes involving pedestrians; make Seattle a more walkable city for all through equity in public engagement, service delivery, accessibility, and capital investments; develop a pedestrian environment that sustains healthy communities and supports a vibrant economy; and raise awareness of the important role of walking in promoting health and preventing disease.

Total:	-	-	-	-	372	3,310	3,393	3,477	10,552

Unsecured Funding Strategy: SDOT will evaluate deliverables, prioritize and scale projects to the extent feasible, and continue to pursue grant and partnership opportunities to resolve potential funding deficits. Funding for this program beyond 2024 is dependent upon a future voter approved levy.

O&M Impacts: SDOT has individual project budgets for the maintenance of painted markings, signage, signals, bridges and roadway structures, urban forestry, and sidewalks and pavement; these budgets are constrained by the availability of transportation specific and general funds. The SDOT Asset Management website (<https://www.seattle.gov/transportation/about-sdot/asset-management>) provides unconstrained operational cost forecasting by asset type, typical lifecycle and average maintenance cost ranges.

Pedestrian Master Plan - New Sidewalks

Project No:	MC-TR-C058	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	New Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This project enhances the pedestrian environment in Seattle's neighborhoods by dedicating funding to construct new sidewalks. The New Sidewalk Program draws funding from the School Safety Traffic and Pedestrian Improvement (SSTPI) Fund to improve sidewalks and the pedestrian environment near schools. Additional funding is drawn from other sources to pay for new sidewalk construction near frequent transit routes.

Pedestrian Master Plan - School Safety

Project No:	MC-TR-C059	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This project improves pedestrian and bicycle safety around schools. The work typically includes school zone signing and 20mph flashing beacons; new crosswalks; curb bulbs; crossing beacons and pedestrian signals; new sidewalks and maintenance; traffic calming; changes to traffic circulation around schools; installation of school zone cameras; and school walking route maps. The base level of transportation funding provides improvements at approximately three to four schools per year. The project also funds safe biking and walking education and traffic safety outreach campaigns. Operation of school zone cameras is directly funded from the Seattle Police Department budget.

Pedestrian Master Plan - Stairway Rehabilitation

Project No:	MC-TR-C031	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	Rehabilitation or Restoration	Location:	Various
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing program implements the Pedestrian Master Plan. The primary goals of the Pedestrian Master Plan is to reduce the number of crashes involving pedestrians; make Seattle a more walkable city for all through equity in public engagement, service delivery, accessibility, and capital investments; develop a pedestrian environment that sustains healthy communities and supports a vibrant economy; and raise awareness of the important role of walking in promoting health and preventing disease. The sub-program, Stairway Rehabilitation, funds projects to rebuild and/or rehabilitate stairways to the current standards, that includes but not limited to adding proper width, step height, grip rail, landings, and other features required by the Americans with Disabilities Act. The historical LTD amount for the Stairway Rehabilitation is in project TC367150.

RapidRide C & D Line Improvements

Project No:	MC-TR-C106	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	New Investment	Location:	Various
Current Project Stage:	Stage 1 - Pre-Project Development	Council District:	Multiple
Start/End Date:	2021 - 2022	Neighborhood District:	Multiple
Total Project Cost:	\$12,000	Urban Village:	Multiple

This project will deliver additional transit spot improvements aimed at improving travel time and reliability along RapidRide C&D lines, in preparation for Light Rail extensions into the West Seattle and Ballard neighborhoods. These projects make changes to SDOT-owned infrastructure, including streets and signals, and will result in adjustments to signal and street operations.

Retaining Wall Repair and Restoration

Project No:	MC-TR-C032	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing asset preservation program provides funding for City crews to repair or reconstruct retaining walls owned and maintained by SDOT. The repairs/reconstruction are crucial to preserving the adjoining sidewalks and roadways within the public right-of-way. The repair and/or replacement of more expensive retaining walls, such as the seawall, within the program is currently underfunded.

O&M Impacts: This is a capital maintenance project that reduces the need for O&M by improving asset condition.

Route 40 Transit-Plus Multimodal Corridor

Project No:	MC-TR-C079	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Various
Current Project Stage:	Stage 2 - Initiation, Project Definition, & Planning	Council District:	Multiple
Start/End Date:	2016 - 2024	Neighborhood District:	Multiple
Total Project Cost:	\$21,132	Urban Village:	Multiple

This project will design and construct transit speed and reliability improvements and upgraded bus stop passenger facilities. Improvements to the route, which connects Downtown, South Lake Union, Fremont, Ballard, and Northgate, will support conversion to RapidRide service by partner agency King County Metro.

Unsecured Funding Strategy: SDOT plans to compete for FTA and WSDOT grants, as well as work with regional partners to secure funding.

O&M Impacts: SDOT has individual project budgets for the maintenance of painted markings, signage, signals, bridges and roadway structures, urban forestry, and sidewalks and pavement; these budgets are constrained by the availability of transportation specific and general funds. The SDOT Asset Management website (<https://www.seattle.gov/transportation/about-sdot/asset-management>) provides unconstrained operational cost forecasting by asset type, typical lifecycle and average maintenance cost ranges.

¹Funds are appropriated through the Adopted Budget at the Budget Summary Level. All Amounts shown above are in thousands of dollars

Route 44 Transit-Plus Multimodal Corridor

Start/End Date:	2019 - 2023	Neighborhood District:	Multiple
Total Project Cost:	\$14,604	Urban Village:	Multiple

This project will implement speed and reliability improvements along the Route 44 corridor. This project seeks to improve and make reliable the connection between the University of Washington, Wallingford, and Ballard. The project may add bus lanes, pedestrian improvements, channelization changes, signal modifications, transit signal priority, and new adaptive signals.

Current Project Stage:	Stage 6 - Closeout	Council District:	Multiple
Start/End Date:	2018 - 2019	Neighborhood District:	Multiple
Total Project Cost:	\$42	Urban Village:	Multiple

This project will begin design of transit-related elements from Rainier Avenue South to NE 50th Street. The project includes two elements: 1) electrification of two gaps in the electric trolley network in order to convert King County Metro's Route 48 South to electric trolley bus operation and 2) transit operational, facility and access improvements along the two segments of Route 48 South. Elements could include bus stop improvements, thicker pavement at bus stops, upgrades to passenger amenities, and access improvements for pedestrians and cyclists connecting to bus stops.

Seawall Maintenance

Project No:	MC-TR-C098	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Alaskan WAY
Current Project Stage:	N/A	Council District:	Council District 7
Start/End Date:	N/A	Neighborhood District:	Downtown
Total Project Cost:	N/A	Urban Village:	Multiple

This project will provide critical ongoing structural maintenance of the Elliott Bay Seawall, which is nearing completion. Replacement of existing assets, such as the Seawall, generally require minor maintenance, especially in the early years after the project is complete. However, the Seawall project is an exception as the asset has new features to maintain and the City, as part of its permit obligations, has committed to monitoring the performance of the habitat features over the next ten years and taking adaptive measures if performance goals are not met.

Shoreline Street End Program

Project No:	MC-TR-C011	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	Rehabilitation or Restoration	Location:	Various
Current Project Stage:	N/A	Council District:	Council District 7
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This project will maintain and improve Seattle’s designated shoreline street ends. There are currently 142 shoreline street ends throughout Seattle. Shoreline street ends are community assets, which provide the opportunity for residents and visitors to experience and enjoy Seattle’s shorelines. This project improves public access, protects unique views, and enhances habitat to create long-lasting assets.

O&M Impacts: SDOT has individual project budgets for the maintenance of painted markings, signage, signals, bridges and roadway structures, urban forestry, and sidewalks and pavement; these budgets are constrained by the availability of transportation specific and general funds. The SDOT Asset Management website (<https://www.seattle.gov/transportation/about-sdot/asset-management>) provides unconstrained operational cost forecasting by asset type, typical lifecycle and average maintenance cost ranges.

Sidewalk Safety Repair

Project No:	MC-TR-C025	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project rehabilitates sidewalks damaged by street trees or where there are serious safety concerns as evidenced by claims, service requests, and potential City liability. The project includes opportunities for public/private partnerships with citizens, property owners, and businesses. Asset management principles are used to guide repair needs and establish priorities for maintaining the sidewalk (or walkway), curbs, curb ramps, and in some cases, a filler strip between the sidewalk and curb.

Signal Major Maintenance

Project No:	MC-TR-C026	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This project addresses major work related to the basic infrastructure at traffic signals such as poles, span wires, mast arms, wiring, equipment interconnectivity, video equipment and cabinets to improve and upgrade the traffic signal system. The project also is used for replacement of signal cabinets. The expected life of a signal is 30 years; currently there are more than 1,100 signals within the City.

Sound Transit - East Link

Project No:	MC-TR-C004	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	New Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This project provides design review, permitting, and construction support services for the Sound Transit East Link Extension project. It will provide a connection from the Eastside to downtown Seattle, Sea-Tac Airport and the University of Washington. Ten stations will serve Seattle, Mercer Island, Bellevue, Bel-Red and Overlake in Redmond.

SPU Drainage Partnership - Broadview Pedestrian Improvements

Project No:	MC-TR-C036	BSL Code:	BC-TR-19003
Project Type:	Discrete	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Various
Current Project Stage:	Stage 3 - Design	Council District:	Council District 5
Start/End Date:	2016 - 2022	Neighborhood District:	Northwest
Total Project Cost:	\$7,160	Urban Village:	Bitter Lake Village

This project funding will be used to install pedestrian improvements as part of SPU's larger Broadview Sewer and Drainage Improvement project. The Broadview sewer system was built in the 1950's and cannot handle the combination of additional flow from the homes and business that have developed since then and the additional storm water that is entering the system from downspouts directly connected to the sewer system as well as additional storm water entering through deteriorated pipes. This area is also lacking conventional sidewalks and would benefit from pedestrian improvements. The overall project goal is to reduce the potential for sewer backups and surface flooding for the Broadview neighborhood while improving the pedestrian environments.

SPU Drainage Partnership - South Park

Project No:	MC-TR-C054	BSL Code:	BC-TR-19001
Project Type:	Discrete	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	TBD
Current Project Stage:	Stage 2 - Initiation, Project Definition, & Planning	Council District:	Council District 1
Start/End Date:	2016 - 2022	Neighborhood District:	Greater Duwamish
Total Project Cost:	\$9,999	Urban Village:	South Park

This funding will be used to partner with SPU's South Park Drainage Improvement projects. SPU is planning to install a pump station to control flooding in the South Park area. However, that alone will not control flooding. Many streets in the area are in poor condition and don't have a street drainage collection system. This funding will allow SPU and SDOT to partner to install the needed collection systems and repair the deteriorated roads.

O&M Impacts: SDOT has individual project budgets for the maintenance of painted markings, signage, signals, bridges and roadway structures, urban forestry, and sidewalks and pavement; these budgets are constrained by the availability of transportation specific and general funds. The SDOT Asset Management website (<https://www.seattle.gov/transportation/about-sdot/asset-management>) provides unconstrained operational cost forecasting by asset type, typical lifecycle and average maintenance cost ranges. For SDOT, the annual O&M cost to support new City-owned and maintained infrastructure built by the next major phase of the SR-520 program is estimated at \$56,000. The SR-520 program will also replace existing City infrastructure, such as new street and sidewalk pavement, which will reduce SDOT annual O&M costs in the near term.

¹Funds are appropriated through the Adopted Budget at the Budget Summary Level. All Amounts shown above are in thousands of dollars

Street Lighting Program

Project No:	MC-TR-C076	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This project provides funding for the right of way (ROW) lighting components of transportation projects, where the cost of those components will ultimately be borne by the City's General Subfund. The project enables the Seattle Department of Transportation, the Department of Finance, and Seattle City Light to plan for these costs. Funding is provided from the Light Fund, which recovers these costs through streetlight rates charged by Seattle City Light to the City's General Subfund. SDOT develops project specific estimates of the cost of lighting components in the year prior to construction. No projects are budgeted for 2019 and 2020. For 2021 through 2025, the funds displayed below have not yet been allocated to specific projects but will be allocated once detailed project cost estimates are developed.

O&M Impacts: Not applicable - does not create new assets.

¹Funds are appropriated through the Adopted Budget at the Budget Summary Level. All Amounts shown above are in thousands of dollars

Structures Major Maintenance

Project No:	MC-TR-C112	BSL Code:	BC-TR-19001
Project Type:	Ongoing	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This program provides for major maintenance and rehabilitation of the City's bridges and structural assets that are maintained by the Roadway Structures Division. Examples of improvements that could be funded by this project include: electrical and mechanical upgrades of moveable bridge operating and control systems, repair of cracks and maintenance of concrete and steel structures, and site protection of bridge facilities.

O&M Impacts: SDOT has individual project budgets for the maintenance of painted markings, signage, signals, bridges and roadway structures, urban forestry, and sidewalks and pavement; these budgets are constrained by the availability of transportation specific and general funds. The SDOT Asset Management website (<https://www.seattle.gov/transportation/about-sdot/asset-management>) provides unconstrained operational cost forecasting by asset type, typical life cycle and average maintenance cost ranges.

Transit Corridor Improvements

Project No:	MC-TR-C029	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This program implements multimodal projects which improve transit speed, reliability, access, safety, and convenience. The program focuses on corridors and projects identified in the Transit Master Plan. Funding from Move Seattle Levy and other local funding sources are used to leverage partnership opportunities.

Vision Zero

Project No:	MC-TR-C064	BSL Code:	BC-TR-19003
Project Type:	Ongoing	BSL Name:	Mobility-Capital
Project Category:	Improved Facility	Location:	Citywide
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

Vision Zero is an approach to traffic safety, with the goal of ending traffic deaths and serious injuries. At the core of Vision Zero is the belief that death and injury on city streets is preventable. Collisions are often the result of poor behaviors and unforgiving roadway designs. This project approaches the problem from the angle of creating street designs that emphasize safety, predictability, and the potential for human error, and will complete 12-15 corridor safety projects over 9 years to improve safety for all travelers on our highest-crash streets. Corridors identified as part of the Move Seattle Levy include: 65th St., Rainier Ave S, 35th Ave SW, SW Roxbury St, Greenwood/Phinney, 1st Ave/1st Ave S, 12th Ave/12th Ave E, Aurora Ave N, Lake City Way, Sand Point Way, E Marginal Way, Airport Way, 35th Ave NE, 15th Ave NE, MLK Jr. Way S, and 5th Ave NE.

Waterfront Transportation Infrastructure Maintenance

Project No:	MC-TR-C109	BSL Code:	BC-TR-16000
Project Type:	Ongoing	BSL Name:	Central Waterfront
Project Category:	Rehabilitation or Restoration	Location:	Central Waterfront
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Downtown
Total Project Cost:	N/A	Urban Village:	Downtown

The Waterfront Seattle program is reconstructing existing transportation infrastructure, Alaskan Way and Elliott Way as well as other streets and bridges. It is also building new transportation infrastructure, the Union Street Pedestrian Bridge, Overlook Walk and Pine Street connector. Each of these program elements includes transportation assets such as; pavement, sidewalks, ADA ramps, signs, signals, markings and landscapes that will need on-going maintenance to remain safe and in a state of good repair.

This program is a capital infrastructure maintenance program to keep the new or rebuilt assets in a state of good repair, consistent with the long-term maintenance commitments made by the City in the Protest Waiver Agreement for the Waterfront LID, approved by City Council in January 2019. In the long-term it is also intended that this program set aside funds for future asset replacement or rehabilitation as necessary.

West Seattle Bridge Immediate Response

Project No:	MC-TR-C110	BSL Code:	BC-TR-19001
Project Type:	Discrete	BSL Name:	Major Maintenance/Replacement
Project Category:	Rehabilitation or Restoration	Location:	West Seattle Bridge Spanning the Duwamish
Current Project Stage:	Stage 2 - Initiation, Project Definition, & Planning	Council District:	Multiple
Start/End Date:	2020 - 2022	Neighborhood District:	Greater Duwamish
Total Project Cost Range:	159,170 - 224,711	Urban Village:	Not in an Urban Village

This CIP funds the first few years of work for the West Seattle Bridge Program, including broad community engagement efforts and early work on the Reconnect West Seattle multimodal strategy. The capital delivery components include emergency repairs and bridge stabilization work that may include shoring and/or controlled removal, bridge replacement options analysis and design, and Spokane Swing (Low) Bridge repairs and enhancements. In parallel, this CIP funds a broad multimodal strategy (Reconnect West Seattle) to accommodate cross-Duwamish travel that formerly used the high-rise bridge in partnership with King County Metro, Sound Transit, WSDOT, Washington State Ferries, BNSF, the Port of Seattle, other state and federal agencies, private mobility providers, large employers, and the general public. In 2020/2021, SDOT will implement improvements developed from this process. The 2020 Appropriations are supported by an Interfund Loan to be repaid by the 2021 LTGO Bond Issuance.

Resources	LTD Actuals	2021 Revised	2022	2023	2024	2025	2026	2027	Total

Total:	29,429	82,785	44,634	-	-	-	-	-	156,848

Financial Planning Strategy: SDOT and CBO continue to evaluate the funding strategy for the repair and replacement of the West Seattle Bridge. The initial funding will be LTGO bonds, with the debt service paid for by Real Estate Excise Tax. SDOT will work to identify potential partnership funding.

O&M Impacts: O&M Costs are still being evaluated.

¹Funds are appropriated through the Adopted Budget at the Budget Summary Level. All Amounts shown above are in thousands of dollars

Seattle City Light

Overview

Seattle City Light (City Light) is a municipally owned electric utility that operates as a department of the City of Seattle. The utility serves a population of approximately 955,000 people living in a 131 square-mile area, which includes the City of Seattle and several adjoining jurisdictions. To serve these customers, City Light owns, maintains, and operates a multi-billion-dollar physical plant. The physical plant includes:

- A power generation system consisting of seven hydroelectric plants on the Pend Oreille, Skagit, Cedar, and Tolt rivers with a combined capacity of approximately 2,000 megawatts.
- 667 miles of high-voltage transmission lines.
- A distribution system with 16 major substations and more than 2,500 miles of overhead and underground cable.
- A state-of-the-art System Operations Center coordinating the City's electric system.
- Billing and metering technology tracking over 481,000 accounts.

City Light's Capital Improvement Program (CIP) is the vehicle for repairing, upgrading, and expanding this infrastructure. With planned spending of \$2.6 billion over the 2022-2027 timeframe, the CIP funds a variety of safety improvements, mitigation activities, and licensing requirements. Funding for the CIP comes primarily from retail electricity sales, sales of surplus power on the wholesale market, and the sale of revenue bonds. Federal and state grant funding is also an expected source in this timeframe.

Thematic Priorities

The foundational goal of the CIP is to support City Light's mission of providing customers with affordable, reliable, and environmentally responsible energy services. The CIP reflects ongoing operational priorities as well as new business strategies identified in the utility's 2022-2026 Strategic Plan, adopted in July 2021 via Resolution 32007. The five strategic plan business strategies are:

1. Improve the Customer Experience

Objective: Consistently meet customers' needs by providing employees with the opportunities and training required to deliver targeted and responsive solutions.

2. Create our Energy Future

Objectives: Build and maintain a smart, resilient, flexible, dynamic, and reliable grid infrastructure. Prepare for the increased integration of distributed energy resources and more customer options. Work to reverse historic inequities and avoid collateral harm to underserved populations by intentionally prioritizing their needs as we create our energy future.

3. Develop Workforce and Organizational Agility

Objective: Foster an organization that is nimble, adaptive, and responsive and cultivate a workforce with the skills and knowledge to advance social justice.

4. Ensure Financial Stewardship and Affordability

Objective: Support long-term affordability in Seattle by offering rates that are transparent, understandable, reasonable, equitable, and consistent for all customers, including vulnerable populations. This commitment includes developing a sustainable and predictable approach to setting rates over time.

2022-2027 Proposed Capital Improvement Program

5. We Power

Objectives: Continue to advance our mission to provide our customers with affordable, reliable, and environmentally responsible energy services. Prioritize diversity, equity, and inclusion in all that we do. Actively manage and mitigate the constraints, risks, and uncertainty of operating in a COVID-adjusted environment.

Notable CIP areas that advance our strategic plan business strategies and support our core mission and values are:

Investments to Create our Energy Future

The CIP includes significant new funding for projects to support advancement toward Seattle’s objective of transitioning away from fossil fuels and achieving a zero-carbon city. Grid modernization investments will update and modernize the distribution system to improve resiliency, add flexibility, and maintain reliability. Projects supporting electrification include pursuing electrification of a local steam franchise utility, large-scale maritime electrification projects, as well as continuing to expand electric vehicle charging infrastructure. Green energy resource growth will entail projects to develop distributed generation (solar, wind, etc.), energy storage, demand-side management, and other distributed energy resource (DER) technology. Finally grant matching funds to support pursuit of federal and state stimulus dollars to accelerate various new energy technologies will comprise a new project called ‘Utility Next.’

Technology and Cyber Security

Improvements are planned for various foundational technology systems that underpin our system operations and customer interactions. Investments include an expanded customer self-service portal, upgraded advanced meter infrastructure, and improved and connected customer metering and billing systems to provide a better service experience for customers. Upgrades to the Geospatial Information System (GIS) and the Outage Management System (OMS) support progress to grid transformation. A major upgrade of the Work and Asset Management System (WAMS) is also planned. In tandem with our technology investments, hardening our assets against cyber threats requires advanced developments in cyber security programs, technology governance, and operations.

Hydroelectric Project Relicensing

The federal license for the Skagit River Hydroelectric Project, a series of three dams that produces approximately 20% of City Light’s owned generation capacity, expires in 2025. Renewing the license with the Federal Energy Regulatory Commission (FERC) also means reviewing the safety, cost, environmental, and cultural impacts of the continued operation of the project. Between 2020 and 2023, City Light will collaborate with local partners to develop an application for a new license that will last for the next 30-50 years. The license will include requirements around protecting the environment and the culture of the watershed. In addition, the South Fork Tolt Hydroelectric Project is also up for FERC license renewal in 2027. For the Boundary Hydroelectric Project, various protection, mitigation, and enhancement activities are needed to fulfill requirements mandated by its 2014 FERC license and settlement agreement.

Transmission & Distribution Infrastructure Maintenance

Reliable energy delivery requires systematic maintenance of transmission and distribution assets. Pole replacements are a major capital effort; we have accelerated the pace of replacements due to a critical need to replace poles that have deteriorated. Other major program investments include expansion of the network distribution system in the north downtown area to realize systemwide benefits from the

new Denny Substation, as well as replacement of failing underground cables.

Preserving Hydroelectric Generation Assets

Preservation of Seattle's legacy hydroelectric generation facilities is accomplished through prudent and systematic investments and maintenance. Planned enhancements include a wide range of dam safety investments; an improved outage management system; long-term planning for small legacy hydroelectric projects such as Cedar Falls; improvements of ancillary systems and facilities including powerhouse systems; plant automation; and cyber security investments.

Workforce, Facilities and Fleets

Part of supporting an agile workforce entails providing a work environment that is conducive to productivity, collaboration, and innovation. A major restacking project will fund renovation of office space in the Seattle Municipal Tower to improve ergonomics, modify workspaces to accommodate modern technology, and reduce the utility's footprint in downtown core. Similarly, strategic fleet investments will replace aging vehicles with electric-powered alternatives that are greener and more efficient.

Race and Social Justice

Recent events have made clear the need for all organizations to examine their role in the structures that uphold systemic racism and City Light is no exception. The utility is actively engaged in the Citywide effort to rebuild Seattle as a city that is racially just, equitable, and inclusive. In developing and executing the CIP, City Light will work to prioritize positive outcomes and reverse historic inequities for underserved communities, including Black, Indigenous, and people of color as well as immigrants, refugees, persons experiencing low incomes, English language learners, youth, and seniors. This includes prioritizing the electrification of public transit with resulting air quality and other health benefits accruing to historically underserved communities, and a focus on job creation and economic activity with an emphasis on historically excluded populations.

Project Selection Criteria

City Light's planning process is designed to ensure project funding best meets customers' current and future needs, and to position the utility to meet current and future strategic and operational challenges. Project ideas to accomplish baseline service delivery come from throughout City Light. Staff members in the operational divisions are responsible for creating official proposals. Members of each of the utility's organizational lines of business (e.g., power supply, transmission and distribution, fleets and facilities, technology, and customer service) prioritize capital spending within their divisions and then submit recommended projects through a centralized capital budgeting system.

Discrete projects are prioritized using a scoring tool with six criteria: Safety, System Reliability, Improved Level of Service, Environmental Stewardship, Financial Cost-Benefit, and Community Interest. Programs with ongoing funding are prioritized using three criteria: Criticality, Need (Urgency), and Safety. The process gives priority to mandatory requirements and existing projects before considering future projects and new initiatives. City Light's staff-level Capital Planning Team and executive-level Capital Asset Review and Evaluation Committee (CARE) review the scored and prioritized list of projects to develop City Light's six-year CIP.

For any capital project with a total cost exceeding \$1.0 million, utility staff develop a business case to document the project expectations and rationale and provide a cost-benefit analysis of alternatives. Availability of funding and labor resources limits the CIP, and to balance overall needs

2022-2027 Proposed Capital Improvement Program

within these constraints, City Light may rescope, reschedule, or defer projects in the six-year CIP.

2022-2027 Proposed CIP Highlights

The 2022-2027 Proposed CIP outlines \$2.6 billion in capital spending over six years for power supply, transmission, distribution, external projects, and central utility needs.

2022-2027 Proposed CIP Summary of Allocations by Program (in 1,000s)

Program/SubProgram	2022	2023	2024	2025	2026	2027
Central Utility Projects	36,438	33,070	33,827	26,590	27,937	27,896

A selection of projects from each program follows.

Central Utility Projects

Projects in this program provide for centralized billing and customer service systems, financial and information technology systems, and vehicle fleets and facilities that are not part of the power generating plant (e.g., equipment shops, service centers, and maintenance yards) and includes City Light's work on transportation electrification.

For 2022, there is \$36.4 million in funding for 22 Central Utility Projects including \$8,220,000 in additional new funding for Office Furniture and Equipment (MC-CL-XF9103). Highlights include:

- Office Furniture and Equipment Replacement (MC-CL-XF9103): \$8,520,500
This ongoing project funds renovations of office space and capital replacement of office equipment, including modular office workstations, conference room ensemble furniture, flexible group workspaces, and major office machines. Improvements will enhance worker safety, with improved light, airflow, and ergonomics, as well as enhance productivity and team collaboration. This project also supports the City's Space Reduction Pilot, which aims to reduce the utility's footprint in the downtown core by 25% to achieve cost efficiencies.

2022-2027 Proposed Capital Improvement Program

- Equipment Fleet Replacement (MC-CL-XF9101): \$7,714,581
This ongoing project funds the purchase of light-duty and heavy-duty mobile equipment fleet vehicles. This includes replacement of specialized fleet vehicles for electric utility use, as well as enhancements and additions of green alternatives such as electric powered vehicles.
- Service Center Facility Improvements (MC-CL-XF9107): \$5,685,690
This ongoing project improves office, shop, storage, and exterior areas in the North and South Service Centers. The projects may include improvements to building envelopes, interior renovations and upgrades, such as office redesign and restroom upgrades, and exterior improvements such as parking lot modifications to increase efficiency, productivity, safety and optimize use of space.
- Transportation Electrification (MC-CL-XF9239): \$3,180,004
This ongoing project develops electrification infrastructure to support light-duty, medium-duty, and heavy-duty electric vehicles as well as ferry and port systems. Improvements will be developed based on feedback from customer engagement. Efforts are expected to support areas including electrified public transit, fleet electrification, and electric vehicle charging.
- Customer Information System (MC-CL-ZC9937): \$3,108,611
This project funds upgrades to the Customer Information System known as the Utility Self Service Portal that serves customers of both Seattle Public Utilities and City Light. This project empowers the customer to utilize real-time, self-serve options that improves engagement between the utilities and customers, enhances web presence, and enables both customer-facing and internal process efficiencies.
- Safety Modifications (MC-CL-XF9006): \$1,700,577
This ongoing project funds facility modifications and equipment to address imminent and critical safety needs. The project includes physical upgrades and revisions to systems, equipment, properties, and facilities, as needed to comply with safety regulations and best practices for a safe, efficient, and secure work environment.
- Georgetown Steam Plant Access Road (MC-CL-XF9233): \$1,478,001
This project will design and construct a road and associated infrastructure for public access to the Georgetown Steam Plant. This work will be partially funded by King County, who initiated street development in 2000 that cut off access to the steam plant.

Distribution

Projects in this program include improvements to City Light's distribution substations, relays, feeders, network distribution systems, overhead and underground radial distribution systems, service connections, customer meters, operational technology, and other facilities and assets related to the distribution system.

For 2022, there is \$235.0 million included for 57 projects in Distribution, including \$15,793,000 in increased funding for the Accelerated Pole Replacement Program under MC-CL-YR8351 and \$8,000,000 for Pole Attachments under MC-CL-YR8452. In addition, there are four new Master Projects added to the CIP: CenTrio Electrification Program (MC-CL-ZS8510) for \$2,000,000, Grid Modernization (MC-CL-YD9510) for \$1,719,000, Utility Next (MC-CL-YD9520) for \$1,000,000, and Maritime Transportation Electrification Program (MC-CL-ZS8520) for \$300,000. Highlights include:

- Overhead Equipment Replacements (MC-CL-YR8351): \$48,718,369

2022-2027 Proposed Capital Improvement Program

This ongoing project replaces overhead distribution equipment nearing the end of its usable life, is overloaded, or no longer has an available supply of spare parts. These items include, but are not limited to, poles, cross-arms, transformers, and open-wire secondaries.

- Medium Overhead and Underground Services (MC-CL-ZS8366): \$19,507,725

This ongoing project funds engineering and installation of radial electric power service connections with medium-sized power requirements of 50 KVA to 2.5 MVA and 26 kV. The cost of this work is generally reimbursed by the requesting customer.

- Underground Equipment Replacements (MC-CL-YR8353): \$17,045,237

This ongoing project replaces and improves underground electrical system equipment that is failing or approaching the end of its useful life. This project enhances distribution system reliability, avoiding unplanned outages or interruption of service due to equipment failure.

- Pole Attachments (MC-CL-YR8452): \$16,056,725

This ongoing project funds preparing poles for the attachment of communication infrastructure owned by other entities. The construction costs associated with this work are typically fully reimbursable and attachments generate ongoing revenues through pole attachment rental fees.

- Software Replacement Strategy (MC-CL-YD9969): \$11,082,225

This project funds the upgrade or replacement of components of the Utility Technology Portfolio. Timely upgrades and replacements ensure that technology and enterprise level software resources are kept up to date and fully functional.

- Network Additions and Services – Broad Street Substation (MC-CL-ZS8363): \$10,901,335

This ongoing project funds electrical service connections, capacity additions, and related improvements in response to customer service requests within the Broad Street network area. The project also funds replacement or installation of network transformers, network protectors and specialty transformers, or in-building vault retrofits or other short duration system improvement needs that may be identified during construction.

- Denny Substation – Network (MC-CL-YN8404): \$10,646,669

This ongoing project funds network system work in the Denny Substation network area. Work may include design and construction, engineering design at the substation network interface, and underground conversion of streetlights, traffic signals, and telecom and fiber optic systems.

- Substation Equipment Improvements (MC-CL-YS7752): \$6,117,098

This ongoing project adds, replaces, and upgrades substation equipment, particularly substation electrical and control equipment. The project also funds installation of remote control and monitoring of substation equipment from the System Control Center, which facilitates faster response time to correct system instability or outages. This work maintains and improves system reliability, permits compliance with high voltage and environmental regulations, and ensures safe work sites.

- Network Additions and Services – Denny (MC-CL-ZS8405): \$6,057,448

This ongoing project provides electrical service connections and related improvements in response to customer service needs within the North Downtown network area. The project provides civil and electrical design assistance to customers to connect existing and proposed buildings to the North Downtown network system. This project also performs capacity addition work associated with

service connections, and replaces or installs network transformers, network protectors, and bus tie-switches.

- Small Overhead and Underground Services (MC-CL-ZS8367): \$6,020,267

This ongoing project funds engineering and installation of radial electric power service connections with small size power requirements of less than 50 KVA and 26 kV. The cost of this work is generally reimbursed by the requesting customer.

- Grid Modernization (MC-CL-YD9510): \$1,719,000

This project funds installation of technology and equipment to modernize the distribution grid, including distribution system sensors, automated and remote switches, and demand response systems. This project implements the Grid Modernization Plan and Roadmap, which describes the work needed to build a next-generation electric grid that can flexibly and cost-effectively absorb demand growth from electrification of buildings and transportation.

- Utility Next (MC-CL-YD9520): \$1,000,000.

This project funds grant matching for the Utility Next portfolio, which aims to leverage stimulus and grant funding to augment and accelerate progress in grid modernization, renewable energy, electrification, and workforce development.

External Projects

Projects in this program respond to requests from local jurisdictions to relocate distribution services from overhead to underground systems per the terms of franchise agreements; maintain and upgrade the streetlight system; relocate utility infrastructure in response to major transportation projects; and provide capital improvements in response to other customer-requested service needs.

For 2022, the CIP includes \$41.6 million in funding for 10 external projects. Highlights include:

- SR 520 Bridge Relocations (MC-CL-ZT8435): \$7,477,982

This project funds relocation and installation of power service infrastructure, such as feeder extensions, to support WSDOT's replacement of the State Route 520 Bridge from Montlake to I-5. This project is projected to be fully reimbursable by WSDOT.

- Transportation Streetlights (MC-CL-ZL8377): \$6,783,952

This ongoing project funds relocation of streetlights that are displaced by City of Seattle transportation projects.

- Alaskan Way Viaduct and Seawall Replacement - Utility Relocations (MC-CL-ZT8307): \$6,408,043

This project funds relocation of electric distribution infrastructure associated with the replacement of the Alaskan Way Viaduct and improvements to the Seawall and Central Waterfront.

- Seattle Waterfront Streetlights (MC-CL-ZL8481): \$6,384,633

This project funds new streetlights in the Seattle Waterfront area. The redevelopment of the Seattle Waterfront follows the Alaskan Way Viaduct replacement and is led by the Office of the Waterfront.

- Streetlight Arterial, Residential and Flood (MC-CL-ZL8378): \$4,334,416

This ongoing project funds streetlights and floodlights requested by various taxing jurisdictions and other customers. Lights may be provided in public right of way and on private property, for either public or private benefit.

2022-2027 Proposed Capital Improvement Program

- Local Transportation Driven Relocations (MC-CL-ZT8369): \$4,079,846

This ongoing project funds relocation of electrical lines to accommodate or take advantage of transportation-related projects, street vacations, or other projects initiated by outside agencies such as SDOT, WSDOT, or suburban municipalities. Work includes modifications to the distribution system, including replacement or modifications of line segments, poles, and underground facilities. Some costs may be reimbursable by the requesting outside agencies.

Power Supply

Projects in this program include improvements to dams, generators, powerhouses, as well as compliance work to meet federal licensing and environmental mitigation requirements for hydroelectric dams. Rebuilds or replacements of major power production equipment is sequenced to reduce the impact to power generation and to minimize fluctuations in the annual amount of capital spending.

For 2022, the CIP includes \$137.8 million in funding for 58 projects in Power Supply. Four new CIP projects are conversions from Deferred O&M projects and together add \$42.7 million to this program. Highlights include:

- Skagit – Relicensing (MC-CL-XS6986): \$41,521,787

This ongoing project provides support of the relicensing activities for the Skagit River Hydroelectric Project including support of staff, environmental studies, documentation, and consultation. Relicensing work began in 2019. The current FERC license for the Skagit Project expires in 2025, and the license application is due for submission to FERC in May 2023.

- Boundary – Licensing Mitigation (MC-CL-XB6987): \$16,926,739

This ongoing project implements protection, mitigation, and enhancement measures (PMEs) required by the terms and conditions of the license issued by FERC in 2013. The license allows for the continued operation of the Boundary Hydroelectric Project, City Light's largest generating station producing approximately 25% to 40% of its power supply.

- Boundary Powerhouse Generator Step-up Transformer Replacement (MC-CL-XB6493): \$7,182,959

This project replaces six existing step-up transformers at Boundary Dam and funds the purchase of a seventh transformer to keep as a spare in inventory due to long lead times for these specialized parts. This project helps avoid prolonged loss of generation due to forced outage.

- Boundary Powerhouse – Unit 54 Generator Rebuild (MC-CL-XB6353): \$6,452,372

This project funds rewinding and refurbishing of the Boundary Powerhouse Unit 54 generator and upgrades the fire-suppression system. Work may also include mechanical upgrades or installations of seal rings, wicket gates, and diagnostic equipment. This programmatic maintenance helps extend the useful life of the generator.

- Boundary Powerhouse – Unit 52 Generator Rebuild (MC-CL-XB6535): \$5,480,422

This project funds rewinding and refurbishing of the Boundary Powerhouse Unit 52 generator and upgrades its fire-suppression system. Work may also include mechanical upgrades or installations of seal rings, wicket gates, and diagnostic equipment. This programmatic maintenance helps extend the useful life of the generator.

- Skagit Facility – Minor Improvements Program (MC-CL-XS6405): \$2,468,365

2022-2027 Proposed Capital Improvement Program

This ongoing project provides funding for emergent capital improvement needs for various facilities at the Skagit Project. This project also funds small scheduled capital projects with cost estimates of less than \$25,000.

- Cedar Falls Bank 6 Replacement (MC-CL-XC6573): \$1,886,575

This project replaces the 60-year-old Bank 6 power step-up transformer at Cedar Falls. Bank 6 provides the connection between Cedar Falls Generating Units 5 and 6 and the transmission system. The transformer is approaching the end of its useful life and the goal of this project is to replace it during a planned outage before it fails.

Transmission

Projects in this program fund refurbishment and expansion of utility-owned high-voltage transmission infrastructure that transports electricity from generation facilities to City Light's service territory, as well as within the service territory.

For 2022, the CIP budget includes \$6.7 million for six projects. Highlights include:

- Transmission Reliability (MC-CL-YT7104): \$3,064,313

This ongoing project funds replacement and improvement of transmission structures and conductors. This work may include engineering, construction, and related work, as well as minor improvements to overhead or underground transmission system assets to improve reliability.

- Denny Substation Transmission Lines (MC-CL-YT7125): \$1,001,274

This project funds work associated with the design and construction of new transmission lines to support the new Denny Substation. This expansion would divide the existing Pine to Broad Street transmission line into two transmission lines to improve system reliability and resiliency.

- Transmission Tower Refurbishment (MC-CL-YT7130): \$1,800,000

This ongoing project funds programmatic painting and refurbishment of approximately 1,700 steel transmission tower structures. Metal transmission towers have a long life if properly maintained, while replacements are disruptive and can cost more than \$2 million per tower.

CIP Revenue Sources

Approximately 60% of the CIP is funded through the sale of revenue bonds, based on financial policies set forth in Resolution 31187. The remaining 40% is funded by revenues from retail electric rates, wholesale sales, direct customer billings for service connections and other customer requested work, and assorted fees. Federal and state grant funding are also anticipated funding sources in this six-year timeframe; these funds will be added to the CIP as the grants are approved.

Summary of Upcoming Budget Issues and Challenges

Budget Issues

The COVID-19 pandemic and the associated economic slowdown have contributed to a loss of demand for electricity from commercial customers, reducing revenues available for capital work. In addition, City Light's strategic plan commitment to hold rate increases to levels resembling inflation limits CIP spending to the amounts previously identified in the adopted six-year plan. This means that change requests with new funding needs must be offset with reductions elsewhere in the CIP.

2022-2027 Proposed Capital Improvement Program

Challenges

There are several challenges that will transform our business over the next decade:

- *New technologies are transforming how people use electricity.* Commercialization of energy technologies poses a potential risk to City Light. New options and products for controlling consumption, generating, and storing electricity will impact how customers interact with their local utility. Utilities must continue to evolve and to develop their products and services to best serve shifting customer needs and expectations. Additionally, the utility's viability is expected to remain an important component to ensure that the transforming landscape results in an equitable energy future that does not leave disadvantaged communities behind.
- *Declining retail energy consumption and electrification.* Advances in energy efficiency have reduced consumer energy demand, particularly for those with access to modern energy efficient technology and dwellings. Due in part to energy efficient building codes and new technologies, today's multifamily units consume approximately half as much energy as older single-family homes. At the same time, electrification of buildings and transportation promises to increase demand for electricity, reinforcing the critical need for grid investments that will be required to effectively serve this new demand. This changing landscape calls for managing impacts to rates while also understanding and compensating for inequities in access to green, cost-saving technologies.
- *Impact of retirements and legacy practices.* As more employees become eligible for retirement and workflows are not documented or digitized, City Light risks the loss of institutional memory, costly service interruptions, and a potential impact to service delivery.
- *Climate change continues, and clean energy is more valuable than ever.* Weather pattern changes affect reservoir levels and seasonal energy consumption, leading to increasing volatility of energy supply and demand.

Future Projects/What is on the Horizon

- Demand for transportation and building electrification is growing and will support the Mayor's Drive Clean Seattle and City Council Green New Deal priorities. Prospects for large scale commercial electrification include steam utility CenTrio (formerly EnWave) and maritime applications, including ferries, the port, and various types of commercial ships.
- The transition to the new 5G network is driving a large number of requests for attachment space on poles. The impact of 5G deployment will touch nearly every pole in City Light's distribution system and will provide a growing stream of rental revenue.

Advanced Metering Infrastructure

Project No:	MC-CL-ZS8426	BSL Code:	BC-CL-Z
Project Type:	Discrete	BSL Name:	Customer Focused - CIP
Project Category:	New Facility	Location:	Citywide
Current Project Stage:	Stage 6 - Closeout	Council District:	Multiple
Start/End Date:	2015 - 2025	Neighborhood District:	Not in a Neighborhood District
Total Project Cost:	\$101,947	Urban Village:	Not in an Urban Village

The first phase of this project replaced approximately 400,000 meters with Smart Meters. The second phase of this project funds the replacement of approximately 25,000 remaining meters with Smart Meters allowing two-way communication between Seattle City Light and its customers, residential or commercial. Smart Meters continuously record and transmit consumption data to the utility. They also automate meter reading, increase customer service, heighten billing capacity, reduce energy consumption, improve outage restoration efficiency, and support rate structure flexibility. Implementation of the project positions the utility to comply with North American Electric Reliability Corporation (NERC) and Federal Energy Regulatory Commission (FERC) programs and requirements.

BO Lead and Asbestos

Project No:	MC-CL-XF9231	BSL Code:	BC-CL-X
Project Type:	Discrete	BSL Name:	Power Supply - CIP
Project Category:	Rehabilitation or Restoration	Location:	Bothell Receiving Substation
Current Project Stage:	Stage 6 - Closeout	Council District:	Citywide
Start/End Date:	2013 - 2022	Neighborhood District:	Outside City of Seattle
Total Project Cost:	\$1,201	Urban Village:	Outside City of Seattle

This project provides funding for the removal of contaminants, sewer remediation, and decommissioning of the water tower at the Bothell Substation. Removal of lead and asbestos in the Craneway Area is necessary in order to make the area space useable. The existing septic system does not meet code and needs to be removed or abandoned in place. The sanitary system then needs to be connected with services out to the street. The water tower needs to be deconstructed and removed as it is no longer used or needed and represents a risk to the substation if it deteriorates to the point of collapsing.

Boundary - Access Road Stability Improvements

Project No:	MC-CL-XB6615	BSL Code:	BC-CL-X
Project Type:	Discrete	BSL Name:	Power Supply - CIP
Project Category:	Rehabilitation or Restoration	Location:	Boundary Rd, Metaline, WA 99153
Current Project Stage:	Stage 2 - Initiation, Project Definition, & Planning	Council District:	Outside City of Seattle
Start/End Date:	2017 - 2028	Neighborhood District:	Outside City of Seattle
Total Project Cost:	\$7,630	Urban Village:	Outside City of Seattle

This project constructs a substantial slope stabilization in the area of the West Access Road cut to limit maintenance inputs, ensure continued access to the powerhouse, and improve safety (present debris flows occasionally contain larger sized rocks). The relocated portions of the West Access Road's slopes have continued to ravel since relocation occurred in the early 00's. There is a risk that the slope could fail in a more conclusive fashion and block access to the powerhouse. Additionally, the upslope interceptor ditch (a concrete channel) suffered undermining erosion causing the concrete to subside and not perform well at channelizing and conveying sheet flow away from the slope face.

Boundary - Level 6 Deck Stabilization

Project No:	MC-CL-XB6604	BSL Code:	BC-CL-X
Project Type:	Discrete	BSL Name:	Power Supply - CIP
Project Category:	Rehabilitation or Restoration	Location:	Boundary Rd, Metaline, WA 99153
Current Project Stage:	Stage 5 - Construction	Council District:	Outside City of Seattle
Start/End Date:	2017 - 2024	Neighborhood District:	Not in a Neighborhood District
Total Project Cost:	\$3,131	Urban Village:	Not in an Urban Village

This project installs a new system of rock bolts and other forms of rock anchors to improve the structural stability of the Level 6 Deck on Boundary Dam. This portion of the dam is attached to and supported by the adjacent rock. Inspections revealed a weakness in the current attachments and use of the deck by heavy equipment is restricted until these improvements are made. This project also includes stabilization of rock blocks in the powerhouse machine hall.

Boundary - Licensing Mitigation

Project No:	MC-CL-XB6987	BSL Code:	BC-CL-X
Project Type:	Ongoing	BSL Name:	Power Supply - CIP
Project Category:	New Investment	Location:	10382 Boundary Rd, Metaline, WA 99153
Current Project Stage:	N/A	Council District:	Outside City of Seattle
Start/End Date:	N/A	Neighborhood District:	Not in a Neighborhood District
Total Project Cost:	N/A	Urban Village:	Not in an Urban Village

This ongoing project implements Protection, Mitigation and Enhancement measures (PME) required by the terms and conditions of a settlement agreement and new license to be issued by the Federal Energy Regulatory Commission (FERC). The license allows for the continued operation of the Boundary Hydroelectric Project, Seattle City Light's largest generating station producing approximately 25 to 40% of the City's power supply.

Start/End Date:	2017 - 2021	Neighborhood District:	Outside City of Seattle
Total Project Cost:	\$2,035	Urban Village:	Outside City of Seattle

This project provides installation of a new electrical exciter on the Boundary Powerhouse Unit 56 Generator. The unit's schedule for a rewind started in 2014, increasing the capacity of the unit. The project also provides an upgraded exciter needed to reliably realize the additional capacity over the new life of the unit.

Start/End Date:	2017 - 2022	Neighborhood District:	Not in a Neighborhood District
Total Project Cost:	\$1,098	Urban Village:	Not in an Urban Village

This project replaces and upgrades DC panels at Boundary. The panel capacity has been maxed out from the addition of many control circuits, resulting in multiple circuits being connected to the same breaker. The work will include a load study, design of new main and sub panels, and construction. These panels provide back-up service to critical equipment via batteries in the event of a power failure in the powerhouse.

Boundary Station Service Transformer Replacement

Project No:	MC-CL-XB6627	BSL Code:	BC-CL-X
Project Type:	Discrete	BSL Name:	Power Supply - CIP
Project Category:	Rehabilitation or Restoration	Location:	Boundary Rd, Metaline, WA 99153
Current Project Stage:	Stage 1 - Pre-Project Development	Council District:	Outside City of Seattle
Start/End Date:	2019 - 2025	Neighborhood District:	Not in a Neighborhood District
Total Project Cost:	\$6,238	Urban Village:	Not in an Urban Village

This project replaces two aging station service transformers at Boundary. It is assumed that they will be specified and procured together but installed in two sequential years. Station service transformers provide power to the powerhouse, dam and service area. It is likely that the rating of the transformers will need to be increased to accommodate load increases associated with the addition of new circuits in the powerhouse for automation, controls and machine monitoring.

Boundary Sump Pump Drive Replacement

Project No:	MC-CL-XB6633	BSL Code:	BC-CL-X
Project Type:	Discrete	BSL Name:	Power Supply - CIP
Project Category:	Rehabilitation or Restoration	Location:	Boundary Rd, Metaline, WA 99153
Current Project Stage:	Stage 2 - Initiation, Project Definition, & Planning	Council District:	Outside City of Seattle
Start/End Date:	2019 - 2025	Neighborhood District:	Not in a Neighborhood District
Total Project Cost:	\$1,322	Urban Village:	Not in an Urban Village

This project replaces and modernizes drive systems for sump pump at Boundary powerhouse. Portions of Boundary powerhouse are below the level of the tailrace and there is a reliance on a series of sump pumps to keep the powerhouse dry. Projects to replace the sump pumps are completed, and now the drive systems for each pump need to be replaced and modernized. One drive system will be replaced per year with the final one in service in 2024.

Broad Street Substation - Network

Project No:	MC-CL-YN8203	BSL Code:	BC-CL-Y
Project Type:	Ongoing	BSL Name:	Transmission and Distribution - CIP
Project Category:	New Facility	Location:	319 6th AVE N
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Multiple
Total Project Cost:	N/A	Urban Village:	Multiple

This ongoing project funds a programmatic approach for comprehensive management of underground network assets serving customers in the Belltown and Denny Regrade areas. The project enhances network reliability and provides sufficient service capacity for the growing electrical power needs of the Denny Triangle and potentially a portion of South Lake Union area.

Building Envelope Upgrades

Project No:	MC-CL-XF9072	BSL Code:	BC-CL-X
Project Type:	Ongoing	BSL Name:	Power Supply - CIP
Project Category:	Rehabilitation or Restoration	Location:	500 Newhalem Creek Rd, Marblemount, WA 98267
Current Project Stage:	N/A	Council District:	Outside City of Seattle
Start/End Date:	N/A	Neighborhood District:	Not in a Neighborhood District
Total Project Cost:	N/A	Urban Village:	Not in an Urban Village

This ongoing project replaces or restores exterior moisture and thermal barrier components of buildings such as roofing and insulation systems, exterior siding and cladding systems, windows and exterior doors. This project allows for the proactive replacement of building exteriors in order to avert costly structural damage and prevent the growth of toxic mold inside wall cavities and ceiling spaces that can easily render a building uninhabitable. The project also enhances operational efficiency by mitigating emergency repairs which disrupt utility operations.

Cedar Falls Powerhouse - Unit 5/6 Generator Protective Relay

Project No:	MC-CL-XC6450	BSL Code:	BC-CL-X
Project Type:	Discrete	BSL Name:	Power Supply - CIP
Project Category:	Rehabilitation or Restoration	Location:	19901 Cedar Falls Rd SE, North Bend, WA 98045
Current Project Stage:	Stage 3 - Design	Council District:	Outside City of Seattle
Start/End Date:	2007 - 2023	Neighborhood District:	Not in a Neighborhood District
Total Project Cost:	\$2,939	Urban Village:	Not in an Urban Village

This project upgrades the present generator protection for Units 5 and 6, which lacks some basic protection elements to protect it from abnormal frequency and voltages. Upgrading and reconfiguring the protective relays is critical to preparing the new Cedar Falls substation for operation. This project replaces existing protective relays, upgrades the generator protection packages, and replaces the electrical and mechanical lockout relays. The project permits City Light to comply with the North American Electric Reliability Council (NERC) and the Western Electricity Coordinating Council (WECC) regional requirements for maintaining the generator in-service during system disturbances.

Cedar Falls Substation & Bank 6 Replacement

Project No:	MC-CL-XC6573	BSL Code:	BC-CL-X
Project Type:	Discrete	BSL Name:	Power Supply - CIP
Project Category:	Rehabilitation or Restoration	Location:	Cedar Falls
Current Project Stage:	Stage 3 - Design	Council District:	Outside City of Seattle
Start/End Date:	2018 - 2023	Neighborhood District:	Outside City of Seattle
Total Project Cost:	\$13,341	Urban Village:	Outside City of Seattle

This project replaces the 60-year-old Bank 6 power step up transformer at Cedar Falls. Bank 6 provides the connection between Cedar Falls Generating Units 5 and 6 and the transmission system. The transformer is approaching the end of its useful life and the goal of this project is to replace it during a planned outage before it fails.

Center City Connector Streetcar City Light

Project No:	MC-CL-ZT8470	BSL Code:	BC-CL-Z
Project Type:	Discrete	BSL Name:	Customer Focused - CIP
Project Category:	Rehabilitation or Restoration	Location:	City Wide
Current Project Stage:	Stage 3 - Design	Council District:	Multiple
Start/End Date:	2015 - 2021	Neighborhood District:	Multiple
Total Project Cost:	\$1,001	Urban Village:	Multiple

This project provides power relocations & service for the proposed SDOT Center City Connector Streetcar project. City Light has buried primary distribution power cables, some of which are encased in old clay tile ducts, which do not meet current standards, and are unlikely to be able to withstand the forces generated by the streetcar's operation. Any streetcar alignment to be built across such old facilities would likely need a reinforced roadbed for SCL facilities to withstand the additional weight.

Denny Substation Tenant Improvements

Project No:	MC-CL-XF9235	BSL Code:	BC-CL-X
Project Type:	Ongoing	BSL Name:	Power Supply - CIP
Project Category:	Rehabilitation or Restoration	Location:	Valley Street
Current Project Stage:	N/A	Council District:	Multiple
Start/End Date:	N/A	Neighborhood District:	Lake Union
Total Project Cost:	N/A	Urban Village:	South Lake Union

This ongoing project provides program, design, and construction of interior improvements within two building shell spaces within the Denny Substation. The two spaces are a southwest shell space which may house a community center or similar public amenity and a southeast shell space which may house a learning resource center or similar public amenity.

Start/End Date:	2011 - 2021	Neighborhood District:	Not in a Neighborhood District
Total Project Cost:	\$6,664	Urban Village:	Not in an Urban Village

This project provides updated line protection schemes on the Diablo Facility D1, D2, & D3, R1 and R2 Lines, utilizing electro-mechanical relays. The project also replaces existing relays, which are approaching the reasonable service life and lack essential fault location capability. The project replacements include microprocessor based digital relays, fault location and event reporting, lockout and test switching capabilities, and communication assisted transfer trip utilizing the mirrored bits function of the digital relays.

Distribution Automation

Project No:	MC-CL-YR8425	BSL Code:	BC-CL-Y
Project Type:	Ongoing	BSL Name:	Transmission and Distribution - CIP
Project Category:	Rehabilitation or Restoration	Location:	Citywide
Current Project Stage:	N/A	Council District:	Citywide
Start/End Date:	N/A	Neighborhood District:	Not in a Neighborhood District
Total Project Cost:	N/A	Urban Village:	Not in an Urban Village

This ongoing project automates radial distribution feeders, which includes installation of equipment to provide remote control of operations of switches on power lines and gather real time data on conditions in distribution power lines. The installation of strategically placed switches provides the ability to automatically perform outage restoration, shift blocks of load to maximize efficiencies of feeders, and reconfigure the feeder grid. Typical operation involves remotely detecting that a feeder fault has occurred, locating the damaged portion of the feeder between two remote controlled line switches, isolating the damaged portion of the feeder by opening appropriate remote controlled line switches, and re-energizing undamaged portions of the feeder via the primary feeder source and one or more backup sources using automatically controlled tie switches.

Total Project Cost:	\$6,829	Urban Village:	Multiple

This project provides installation of the Distribution Management System (DMS) beginning in 2019. This comprehensive software application enables Power Dispatchers to operate automated distribution devices more effectively by interfacing with the Utility's Energy Management System (EMS), Outage Management System (OMS), Customer Information System, and the Geospatial Information System. The DMS will improve planning, coordination, and operations by enabling dispatchers to improve their switching operations for planned shutdowns. It will also make it easier to prepare planned outages and reduce the area needed for an outage.

This project plans, builds, deploys, and provides ongoing management of an enterprise document management system that effectively and efficiently captures, secures, shares, and distributes digital and paper based documents and reports. The project streamlines collaboration, automates routine tasks, and lowers costs related to creation, management, and storage of business documents. The project provides the governance and audit capabilities needed to minimize the risks and costs associated with regulatory and legal compliance.

This ongoing project funds the implementation of City Light's public electric vehicle charging pilot project. This project will deploy 26 public EV fast chargers within the service area, at both City-owned property and private sites. City Light owns and installs the charging infrastructure. This program allows customers access to carbon-neutral electricity that customers are demanding, better utilize current utility assets, and contribute to the Clean, Renewable-Powered City initiative and the aggressive goals of the Drive Clean Seattle Initiative.

This ongoing project funds work that protects and restores fisheries habitat in the Skagit and Tolt river basins. It implements the Endangered Species Act (ESA) Program for recovery of listed fish species that are potentially affected by City Light projects. The project includes land purchase, restoration, assessment, and management. The project reduces the likelihood of third party lawsuits under ESA and the reopening of claims by Federal agencies, e.g. the U.S. Fish and Wildlife Service, seeking additional measures to protect and restore the listed species.

Environmental Safeguarding and Remediation of Facilities

Project No:	MC-CL-XF9152	BSL Code:	BC-CL-X
Project Type:	Ongoing	BSL Name:	Power Supply - CIP
Project Category:	Rehabilitation or Restoration	Location:	Outside City of Seattle
Current Project Stage:	N/A	Council District:	Outside City of Seattle
Start/End Date:	N/A	Neighborhood District:	Not in a Neighborhood District
Total Project Cost:	N/A	Urban Village:	Not in an Urban Village

This ongoing project provides improvements to prevent air and water pollution at City Light facilities. Projects may include ventilation for painting operations, storage equipment for toxic material, containment provisions to provide protection in the event of a spill or leak, and handling equipment to enable safe movement of hazardous items.

Facilities Infrastructure Improvements

Project No:	MC-CL-XF9156	BSL Code:	BC-CL-X
Project Type:	Ongoing	BSL Name:	Power Supply - CIP
Project Category:	Rehabilitation or Restoration	Location:	System wide
Current Project Stage:	N/A	Council District:	Citywide
Start/End Date:	N/A	Neighborhood District:	Not in a Neighborhood District
Total Project Cost:	N/A	Urban Village:	Not in an Urban Village

This ongoing project upgrades and replaces the structural, electrical or mechanical systems, or other base building systems critical to building operations, and site development items. Work under this project may include plumbing replacements, HVAC related systems, power distribution systems, tanks, elevators, fire suppression systems, drainage systems, exterior and interior lighting, landscaping, irrigation, paving, stairs, and sidewalks. This project is intended for emergent work not yet identified and is not intended as a duplicate for other infrastructure improvements included in specific projects.

First Hill - Network

Project No:	MC-CL-YN8301	BSL Code:	BC-CL-Y
Project Type:	Ongoing	BSL Name:	Transmission and Distribution - CIP
Project Category:	Rehabilitation or Restoration	Location:	1100 Madison St
Current Project Stage:	N/A	Council District:	Council District 3
Start/End Date:	N/A	Neighborhood District:	East District
Total Project Cost:	N/A	Urban Village:	First Hill/Capitol Hill

This ongoing project funds a programmatic approach for comprehensive management of underground network assets serving customers in the First Hill area. This project funds annual work required, such as balancing feeder cables to their maximum service build out limit, performing engineering analysis to determine system feeder assignments, required for new service connections, and replacement of cables that fail while in service.

Georgetown Steamplant Access Road

Project No:	MC-CL-XF9233	BSL Code:	BC-CL-X
Project Type:	Discrete	BSL Name:	Power Supply - CIP
Project Category:	Rehabilitation or Restoration	Location:	Off Wa 99 At King County Airport
Current Project Stage:	Stage 5 - Construction	Council District:	Council District 2
Start/End Date:	2015 - 2022	Neighborhood District:	Greater Duwamish
Total Project Cost:	\$3,235	Urban Village:	Greater Duwamish

This project will design and construct a road and associated infrastructure for public access to the Georgetown Steam Plant. This work will be partially funded by King County, who initiated street development in 2000 that cut off access to the steam plant.
