CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to environmental review; amending Section 25.05.800 of the Seattle Municipal Code to update categorical exemptions for “infill” development consistent with changes to the State Environmental Policy Act.

WHEREAS, in 2003, regulations governing the State Environmental Policy Act (SEPA) categorical exemptions for infill development was enacted by the state of Washington to encourage growth consistent with the Growth Management Act (chapter 36.70A RCW); and

WHEREAS, RCW 43.21C.229 authorizes cities planning under RCW 36.70A.040 to establish categorical exemptions from the State Environmental Policy Act (RCW 43.21C) that differ from the exemptions in RCW 43.21.C.110(1)(a); and

WHEREAS, under RCW 43.21C.229, the infill development categorical exemptions are allowed to be applied by local governments within an urban growth area, when the environmental impacts of such exemptions have been considered, when the City's comprehensive plan has received environmental review in the form of an environmental impact statement, and where current density and intensity for growth areas are lower than called for in the City's comprehensive plan; and

WHEREAS, in 2016, pursuant to the provisions of RCW 43.21C.229, The City of Seattle adopted infill development exemptions for urban centers that were higher than the categorical exemptions that the Washington State Department of Ecology (Ecology) had promulgated pursuant to RCW 43.21C.110; and

WHEREAS, in 2022, Ecology adopted new and higher infill development exemptions by rule pursuant to RCW 43.21C.110 for urban areas, and The City of Seattle wishes to recognize those limits in its SEPA regulations; and

WHEREAS, development in Downtown Seattle has exceeded the growth estimates adopted for the Urban Center, and the current exemptions in Seattle's regulations are unreasonably low; and

WHEREAS, the City has the opportunity to update its regulations for Downtown Seattle to make sure that development in the Downtown Urban Center does not need to undertake lengthy and costly environmental review in cases where other regulations will appropriately mitigate impacts of that development; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. The City Council finds and declares:

A. Infill development categorical exemptions are authorized by the State, and have been effective as a

factor to encourage new development to locate within urban areas consistent with the City's Comprehensive Plan.

B. Environmental analysis, protection, and mitigation for impacts to elements of the environment are adequately addressed through existing codes and regulations as demonstrated in Attachment 1 to this ordinance.

C. Seattle Municipal Code subsection 25.05.800.B.7 requires that buildings that may have historical significance be reviewed by the City's Department of Neighborhoods whether or not proposed development exceeds SEPA thresholds set forth elsewhere in Section 25.05.800.

Section 2. Section 25.05.800 of the Seattle Municipal Code, last amended by Ordinance 126509, is amended as follows:

25.05.800 Categorical exemptions

The proposed actions contained in this Section 25.05.800 are categorically exempt from threshold determination and environmental impact statement requirements, subject to the rules and limitations on categorical exemptions contained in Section 25.05.305.

A. Minor new construction; flexible thresholds

1. The exemptions in this subsection 25.05.800.A apply to all licenses required to undertake the construction in question. To be exempt under this Section 25.05.800, the project shall be equal to or smaller than the exempt level. For a specific proposal, the exempt level in subsection 25.05.800.A.2 shall control. The exemptions in this subsection 25.05.800.A apply except when the project:

- a. Is undertaken wholly or partly on lands covered by water;
- b. Requires a license governing discharges to water that is not exempt under RCW 43.21C.0383;
- c. Requires a license governing emissions to air that is not exempt under RCW

43.21C.0381 or WAC 197-11-800(7) or 197-11-800(8); or

adverse environmental impact in the judgment of an agency with jurisdiction (see subsection 25.05.305.A.2.b);

i. To implement the requirements of Table A for 25.05.800 and Table B for 25.05.800, the Director shall establish implementation guidance by rule for how growth is measured against exemption limits and how changes to thresholds will occur if exemption limits are reached. The exemption limits shall consist of the growth estimates established in the Comprehensive Plan for a given area, minus a "cushion" of ten percent to assure that development does not exceed growth estimates without SEPA review; and

j. The Director shall monitor residential and employment growth and periodically publish a determination of growth for each urban center and urban village. Residential growth shall include, but need not be limited to, net new units that have been built and net new units in projects that have received a building permit but have not received a certificate of occupancy.
