WHEREAS, Seattle City Light installed more than 40 ground water level monitoring wells in Pend Oreille County as part of the construction and licensing of the Boundary Dam in the 1950s and 1960s to study

the dam reservoir's impact on ground water levels and the potential, if any, to flood local mines; and WHEREAS, information from these monitoring wells was collected for nearly 50 years and indicated no deleterious ground water level effects, and the monitoring wells are no longer needed; and WHEREAS, any groundwater monitoring well which is unusable, abandoned, whose use has been permanently discontinued, or is in disrepair must be properly decommissioned as required by Washington Administrative Code 173-160-381; and WHEREAS, James and Valerie Van Dyke requested that the monitoring well on their property (Groundwater Observation Well No CS-36) not be decommissioned and agreed to take responsibility for any liabilities and regulatory responsibilities related to this well; NOW THEREFORE,
